Notice of Commencement of Negotiations for Construction Manager At-Risk Services

Notice is hereby given for the seeking of interest and qualifications for Construction Management At-Risk (CMAR) services for the Kansas Department of Health and Environment (KDHE) New Health and Environmental Lab, Topeka, Kansas. KDHE is seeking to construct a new laboratory facility to replace the existing laboratory facility, currently located in a retrofitted hospital building located at Forbes Field, Topeka, Kansas. The new laboratory facility will be situated at what is now named Lot No. 4 in downtown Topeka, Kansas, located at 12th Street and Topeka Boulevard. The new laboratory facility will consist of a number of high technology Biology, Chemistry, and Diagnostic Laboratories, including a BSL-3 Lab. The laboratories will be supplemented with receiving and ship-

ping facilities and supported with administrative and staff offices, along with staff amenity spaces. The total project budget is limited at \$65 million, and the estimated construction budget is 100,000+ GSF at \$53 million. The estimated construction duration is 33 months.

The Construction Manager At-Risk will provide services for both the pre-construction phase and the construction phase including program evaluation and consultation; cost estimating, scheduling, constructibility reviews and value engineering studies; procurement of equipment; prequalify subcontractors and take bids; review bids with the design team and owner for the determination of bids to accept; prepare cost estimate(s) for the un-bid portion(s); provide a Guaranteed Maximum Price (GMP) for the cost of the work and construction schedule; manage construction and track all construction costs for the design team and owner's review.

To be considered for nomination to interview, the proposed CMAR team proposals must show (1) up-to-date, relevant, and demonstrated successful similar project experience in managing and constructing highly technical testing, and diagnostic laboratory facilities; (2) experience in CMAR delivery system; (3) references from design professionals and owners from previous projects; (4) description of the construction manager project management approach; (5) financial statements; and (6) bonding capacity.

Questions about the proposed scope of services should be submitted to Ray Smith at 785-640-8311, email at [ray.smith@ks.gov](mailto:ray.smith@ks.gov) or Diana Hutchison at 785-207-9648, email at [diana.hutchison@ks.gov](mailto:diana.hutchison@ks.gov). A concept architectural/engineering program is available at <https://admin.ks.gov/offices/ofpm/dcc/arch-eng-programs>.

To be considered, one (1) PDF file of the following should be provided: State of Kansas Professional Qualifications DCC Forms 051, 052, 053 and 054, and information regarding similar projects. Forms may be found at <https://admin.ks.gov/offices/ofpm/dcc/f-and-d>. State of Kansas Professional Qualifications DCC Form 050 for each firm and consultant should be provided at the end

(continued)

of each proposal. Please include your firm name, agency abbreviation, and an abbreviated project name in the title of the PDF document. Proposals should be less than 5Mb and follow the current State Building Advisory Commission guidelines for Phase I of the Construction Management at Risk process, which can be found in Part B – Chapter 7 of the Building Design and Construction Manual at <https://admin.ks.gov/offices/ofpm/dcc/bdcm>. Paper copies and flash drives containing copies of the proposals are not required.

Proposals should be sent to [professional.qualifications@ks.gov](mailto:professional.qualifications@ks.gov). Proposals received after the date and time noted below will not be forwarded to the State Building Advisory Commission for review. If you have questions, call 785-296-0749. The PDF proposal submissions shall be delivered to the attention of Randy Riveland by 2:00 p.m. on or before February 25, 2022.

The State of Kansas, as a matter of public policy, encourages anyone doing business with the State of Kansas to take steps to discourage human trafficking. If prospective bidders/vendors/contractors have any policies or participate in any initiatives that discourage human trafficking, the prospective bidder/vendor/contractor is encouraged to submit same as part of their bid response.

**Notice Concerning Kansas/Federal Water  
Pollution Control Permits and Applications**

In accordance with Kansas Administrative Regulations 28-16-57a through 63, 28-18-1 through 17, 28-18a-1 through 31 and 33, 28-16-150 through 154, 28-46-7, and the authority vested with the state by the administrator of the U.S. Environmental Protection Agency, various draft water pollution control documents (permits, notices to revoke and reissue, notices to terminate) have been prepared and/or permit applications have been received for discharges to waters of the United States and the state of Kansas for the class of discharges described below.

The proposed actions concerning the draft documents are based on staff review, applying the appropriate standards, regulations, and effluent limitations of the state of Kansas and the Environmental Protection Agency. The final action will result in a Federal National Pollutant Discharge Elimination System Authorization and/or a Kansas Water Pollution Control permit being issued, subject to certain conditions, revocation, and reissuance of the designated permit or termination of the designated permit.

**Notice of Permit Transfer of Municipal Solid Waste Landfill**

The Kansas Department of Health and Environment (KDHE) received an application from the City of Sharon Springs, Kansas to transfer their municipal solid waste landfill to Wallace County. The landfill site is located at 1210 K-27 Hwy., Sharon Springs, KS 67764, approximate-  
*(continued)*

ly two miles south of Sharon Springs, Wallace County. The applicant proposes a transfer of the facility permitted area of 45.85 acres and disposal area of 25.95 acres from the City of Sharon Springs to the Wallace County government. Wallace County will assume responsibility and will be the sole owner of the municipal solid waste landfill. The landfill will continue to operate in conformance with state solid waste regulations and accept only municipal solid waste as defined by Kansas statutes.

The Wallace County Commissioners have certified that the application described herein is consistent with their solid waste management plan, local land use restrictions or zoning, and compatible with surrounding land use. KDHE has reviewed the application and found it to be in conformance with the state solid waste statutes and regulations.

KDHE is providing public notice of their intent to issue a permit to Wallace County to allow the transfer of this facility as described herein. However, a final decision to issue the permit has not been made, and KDHE will consider information gathered during the public comment period before making a final decision. A copy of the permit application, engineering drawings and draft permit with respect to this permit action will be available for public review at <https://www.kdhe.ks.gov/676/Solid-Waste-Public-Notices> from February 10, 2022 through March 14, 2022, during normal business hours at the following locations:

A copy of the permit application is also available at KDHE's Northwest District Office at 2301 E. 13th St., Hays, KS 67601-2651 where Dan Wells can be contacted at 785-261-6101. Additionally, the permit application form with primary application information is available for public viewing at <https://www.kdhe.ks.gov/676/Solid-Waste-Public-Notices>. Anyone wishing to comment on the proposed facility should submit a written statement by 5:00 p.m. March 14, 2022, to Kristofer Ho of KDHE at the address listed above, via facsimile to 785-296-2323, or via email to [Kristofer.Ho@ks.gov](mailto:Kristofer.Ho@ks.gov). Comments that are postmarked by and received within one week thereafter will also be considered.

After consideration of all formal comments as described above, KDHE will make a final decision on whether to transfer the permit. Notice of the decision will be given to the applicant, anyone who submitted formal comments, and those who requested notice of the final permit decision.

### Department of Transportation

#### Notice to Consulting Firms

The Kansas Department of Transportation (KDOT) is seeking a qualified consulting firm or team of firms to perform professional services for the project(s) described in Table 1 below. Interested consultants must email a proposal to [KDOT.DesignContracts@ks.gov](mailto:KDOT.DesignContracts@ks.gov) by 12:00 p.m. (CST) February 25, 2022, to be considered for selection.

#### Consultant Prequalification

Interested consulting firms must be prequalified by KDOT or otherwise demonstrate qualification in category(s): Interested consulting firms must be prequalified by KDOT or otherwise demonstrate qualification in the following Categories: 212 Highway Design-Minor Facility; 222 Standard Span Bridge Design; 231 Traffic Control Analysis and Design; 301 Land Surveying; 302 Engineering Surveying; and 401 Landscape Seeding and Erosion Control.

If a firm is not currently prequalified by KDOT, a proposal may still be submitted. Firms not prequalified must also provide documentation that demonstrates the firm is qualified for each specified category listed in this notice for the project. Firms must use the KDOT prequalification form to provide this documentation. KDOT 1050 Prequalification Category Definitions (Blue Book) can be found at <http://www.ksdot.org/descons.asp>. Consultants may create a team to meet the prequalification requirements. All firms doing business with KDOT must be registered and

in good standing under the laws of the State of Kansas at the time of contracting and must comply with applicable state and federal laws, rules, and regulations.

Table 1: Background and Scope of Project

Project Number	Background and Scope of Project
KA-6507-01	This project is the replacement of the Big Johns Creek bridge (BR#030) which is located 1.93 miles east of east Junction City.

Table 2: Project Summary

Project Number	Route and Scope	Roadway Scope
KA-6507-01	056-064 Bridge Replacement	Roadway scope will be limited.
Project Number	Structure BR#, Structure Scope, Structure Size and Type	
KA-6507-01	BR#030; Replacement; Existing length: 112.4 feet, roadway width: 44 feet; Existing structure is an RCSH.	

**Anticipated Consultant Scope**

KDOT anticipates the following to be included in the consultant’s scope: Survey services, preliminary design services through field check, and environmental documentation preparation (permitting). No discovery phase services will be required. Final design services may be added at a later date and at KDOT Secretary’s discretion.

Current expectations for consultant scope are detailed below. The scope included herein may not be all-inclusive. A scoping meeting will take place after consultant selection is made.

**Project Management**

- Develop and communicate Project Management Plan and Quality Assurance Plan.
- Perform quality control checks according to Quality Assurance Plan.
- Provide electronic plan files compliant with KDOT Graphic Standards Manual, including CAD conformance checks and ControlCAD indexed DGN files with ProjectWise attributes.
- Provide construction cost estimates at major project milestones.

**Survey and Right of Way**

- Provide a full survey including structures in the existing right of way. The deliverables shall incorporate the full project including the roadway and bridge surveys and will be provided in the Kansas Regional Coordinate System.
- Establish and determine impacts to right of way and utilities.

**Road Design**

- Develop plans to field check.
- Perform roadway geometric design, drainage design, and roadside safety analysis.
- Visit the project site location.

**Bridge Design**

- The consultant will propose and evaluate different framing layouts for review and acceptance by the KDOT Bridge Office. Focus shall be to minimize disruption to the site and facilitate efficient construction to minimize closure of US-56.

- The proposed structure will need to match the existing structure’s geometry (vertical, horizontal, and cross-slope).
- Develop preliminary plans to field check.

**Traffic Engineering**

- Development of Traffic Management Plan, including coordination with the local government and KDOT District 2.
- Develop permanent signing and pavement marking plans.
- Develop Traffic Control Plans.

**Activities to be performed by KDOT include:**

- Environmental services, including lead paint testing and permit application.
  - Note: Technical data to support these activities will be required from the consultant immediately after field check.
- Utility coordination, if required.
- Geotechnical services including soil investigations, bridge foundation geology, pavement field investigation and design, and surfacing recommendations

**Anticipated Schedule and Key Dates**

1. Proposals are due by or before 12:00 p.m. (CST) February 25, 2022
2. The program fiscal year for this project is FY 2026 (July 2025–June 2026).
3. Other important dates:
  - a. Survey Complete: July 28, 2022
  - b. Plans to Materials and Research: December 30, 2022
  - c. Field Check: October 2, 2023
  - d. Plans Complete on or before May 19, 2025

**Instructions for Proposal**

1. No cost or pricing information shall be submitted with the proposal. Proposals including cost or pricing information will be considered non-responsive and withdrawn from further consideration.
2. The consultant’s proposal must not exceed four pages total (including any cover letter, index, etc.)
3. A PDF (2MB maximum size) of the proposal must be emailed to [KDOT.DesignContracts@ks.gov](mailto:KDOT.DesignContracts@ks.gov) by the proposal due date and time.
4. The subject line of the email and the PDF file name must read:
  - a. “KA-6507-01–Replace BR030 on US-56 in Morris Co\_FIRM NAME”
5. The proposal must be accompanied by Special Attachments No. 8 (“Tax Clearance Certificate”) and No. 10 (“Policy Regarding Sexual Harassment”). If you need a Tax Clearance Certificate, you can request one at <https://www.ksrevenue.gov/taxclearance.html>. Allow 2-3 business days for processing.
6. The outline in Table 3 below describes the expected proposal organization and content sections.
7. Table 4 lists the evaluation criteria and associated weights which will be used to make a selection.

**Anticipated Consultant Scope**

KDOT anticipates the following to be included in the consultant’s scope: Survey services; discovery phase services; right of way services; preliminary design services through field check; environmental documentation preparation (permitting); final design services; and 3D electronic deliverables preparation.

Current expectations for consultant scope are detailed below. The scope included herein may not be all-inclusive. A scoping meeting will take place after consultant selection is made.

**Project Management**

- Develop and communicate Project Management Plan and Quality Assurance Plan.
- Perform quality control checks according to Quality Assurance Plan.
- Provide electronic plan files compliant with KDOT Graphic Standards Manual, including CAD conformance checks and ControlCAD indexed DGN files with ProjectWise attributes.
- Provide bi-annual construction cost estimates and at major project milestones.

**Road Design**

- Develop preliminary plans to field check.
- Develop final plans for construction.
- Perform roadway geometric design, drainage design, interchange analysis, and roadside safety analysis.
- Visit the project site location.

**Survey and Right of Way**

- Provide a full engineering and land survey including structures in the existing right of way. The deliverables shall incorporate the full project including the roadway and bridge surveys and will be provided in the Kansas Regional Coordinate System.
- Establish and determine impacts to right of way and utilities.
- Based upon consultant’s field survey data and historical KDOT project information, consultant shall establish and compile into a right of way strip map the positions and locations of the existing highway right of way and property lines for the ownership adjacent thereto. Consultant shall perform these activities using coordinate geometry and Bentley Open Site Designer.
- Visit the project site location.

**Bridge Design**

- Develop preliminary plans to pre-field check (contour map, construction layout, and typical section) for replacement of Bridge 067-0008 carrying US-59 over the Little Canville Creek, including hydraulic analysis and completed Hydraulic Assessment Checklist.
  - Due to the non-redundant nature of the existing bridge, the proposed bridge cannot be built using phased construction.
- Develop preliminary plans to field check.
- Develop pre-office check plans (Bridge Structural Details and Load Rating Model).
- Develop office check plans.
- Develop final plans for construction.

**Traffic Engineering**

- Develop Traffic Control Plans: This project will require a shoofly detour to carry traffic around construction.
- Coordination with the local government and KDOT Office.
- Develop permanent signing and pavement marking plans.

**Activities to be performed by KDOT include:**

- Environmental services, including lead paint testing and permit application

- Note: Technical data to support these activities will be required from the consultant immediately after field check.
- Permits will include NPDES – Storm Water Runoff Permit in which KDOT will require from consultant:
  - Total project site area in acres
  - Total disturbed area in acres (from Seeding Plans)
  - Impervious area in square feet (existing and proposed)
  - Above information needs to be provided by consultant (90) days prior to letting
- Utility coordination, if required.
- Geotechnical services including soil investigations, bridge foundation geology, pavement field investigation and design, and surfacing recommendations.

**Anticipated Schedule and Key Dates**

1. Proposals are due by or before 12:00 p.m. (CST) February 25, 2022
2. The program fiscal year for this project is FY 2026 (July 2025–June 2026).

**Notice to Consulting Firms**

The Kansas Department of Transportation (KDOT) is seeking qualified consulting firms for construction inspection services as described below. Firms entering into any federally funded transportation project are required to have indirect cost rates prepared in accordance with the Federal Acquisition Regulation (FAR) Part 31, which is covered in the AASHTO Uniform Audit & Accounting Guide. A PDF (1Mb maximum size) of the interest response must be emailed to Kimberly Marotta, Programming Team Lead, Bureau of Local Projects, at [kimberly.marotta@ks.gov](mailto:kimberly.marotta@ks.gov). Interest and experience responses are limited to four pages. The subject line of the reply email and the PDF file name must read “Local Projects On-Call Inspection-[insert Firm Name here].” The letter of interest stating qualifications, a ranking of which districts the firm prefers to work in, and an Excel spreadsheet listing “Inspector Name, Certification No., Office Location (City), and Expirations by Inspection Categories” (similar to what is contained in KDOT’s prequalification form No. 1050) must be received by 12:00 p.m. April 1, 2022, for the consulting firm to be considered. View categories at <http://www.ksdot.org/divengdes/prequal/default.asp>. Please note that per BLP Memo 19-07, KDOT will no longer accept any documents related to the procurement and utilization of construction inspection services that contains the terms CONSTRUCTION OBSERVATION or CONSTRUCTION OBSERVER.

Project: On-Call LPA Inspection Services-Statewide  
KDOT is seeking qualified firms to provide construc-

tion inspection services for a pool that the LPAs can utilize to select construction inspection staff on LPA construction projects statewide. The scope of services is to provide construction inspection services on as-needed basis district-wide. Firms selected will be required to provide the following services.

1. Grading inspection
2. Structures inspection
3. Asphalt inspection (plant and/or road)
4. Concrete pavement inspection (plant and/or road)
5. Materials testing
6. Contract documentation
7. Traffic control inspection
8. Seeding/Erosion control
9. Construction staking
10. Other similar services

The goal of the Consultant Shortlist Committee will be to select up to 20 consultants for District 1, 15 for District 2, 10 for District 3, 15 for District 4, 18 for District 5, and 10 for District 6.

On-Call contracts will be awarded using the qualifications-based selection procedure, with the following distinct characteristics:

- a. Single solicitation for multiple on-call contracts: The Bureau of Local Projects will identify certain classifications of services for which on-call contracts should be available and the number of consultant firms which ideally should be selected for such classifications in the event the services are needed in the future. (See KDOT form No. 1050 for classifications listed in the Consultant Prequalification Questionnaire.) The number of on-call contracts to be placed for one of more classifications of services will be identified in the advertised solicitation. Such number will be based on potential need, range of scope and complexity, and the mix of resources which may be required.
- b. In accordance with 23 CFR 172.9(a)(3), on-call contracts will specify: (i) the maximum length of the contract period, including allowable contract extensions not to exceed five years (typically four-year contract period with one-year extension) which will begin January 1, 2023; and (ii) the maximum total contract dollar amount that may be awarded under such contract terms will not exceed \$2,000,000 per firm for each district in which the firm was selected.

KDOT will use the following criteria as the basis for selection of the consulting engineering firms:

- a. Size and professional qualifications (20%)
- b. Experience of staff (25%)
- c. Workload of firm (20%)
- d. Firm’s performance record (25%)
- e. Location and number of CIT inspectors on staff relative to each KDOT district (10%)

The firms accounting systems must have the following capabilities before the firm may be awarded a contract.

- Valid, reliable, and current costs must be available within the system to support cost and pricing data.

- Capability to provide a means of measuring the reasonableness of incurred costs.
- Capability to identify and accumulate allowable costs by contract or project records which will reconcile with the general ledger.
- Ability to provide supporting documentation of actual expenditures for each billing, based on costs.

**Qualifications-Based Procedure for implementing Task Orders/Work Orders**

- Each consultant firm signatory to a current on-call contract for the relevant classification(s) of technical services required will be notified by KDOT email, listing all projects in the region where consultant firm is qualified to render services. Consultant will respond to KDOT who will then forward all interested consultant firms to respective project LPAs.
- The notification will: (i) contain a description of the task(s) to be performed, the project, the schedule and any other particular requirements; (ii) solicit written confirmation from each consultant firm as to the particular skill, specialized experience, technical competence and qualification of the firm, and employees available for assignment to perform the task(s) in a timely manner; and (iii) specify the date or deadline such confirmation must be submitted to and received by KDOT to be considered for the task(s).
- After the deadline, a Selection Committee will be convened and it may conduct interviews, by telephone or otherwise, to obtain supplemental information from consultant firms. The Selection Committee will review the information submitted, the past performance of similar services by the firms under consideration, as well as other relevant information and select the most highly qualified firm for the task order/work order. KDOT will notify all participating consultant firms of the selection.
- KDOT will prepare an independent estimate to be used for comparison purposes and as a basis to ascertain and negotiate a fair and reasonable cost for the services.
- Such first-ranked firm shall then submit a cost proposal for the task order/work order. A Negotiating Committee will be convened to evaluate the cost proposal and negotiate any changes. If negotiations cannot be reached, the next-ranked firm will be contacted to submit a proposal following the process through the ranked firms until negotiations are successfully concluded.
- When negotiations are successfully concluded, a written task order/work order reflecting the agreement of the parties shall be prepared for signature by duly authorized representatives of the parties.

Selection and notification process is estimated to be completed by July 1, 2022.

**V&S Railway, LLC**

**Request for Proposals**

V&S Railway, LLC (VSR) is requesting proposals from railroad track contractors for the labor, equipment, fuel, and incidental materials required to rehabilitate the Medicine Lodge Rail Yard, KDOT Project No. 4 RA-5716-21.

The replacement rail, cross ties, spikes, tie plugs and casualty rail, and OTM will be furnished by VSR. The VSR rail yard with eight tracks is predominately 90 lb/yd jointed rail with one yard track being 85 lb/yd jointed rail. The project will encompass renewal of cross ties in all yard tracks, replacement of defective switch ties, defective tie plates, the relay of approximately 300 track feet of 90 lb/yard of the main line at the east end of the yard with 112 lb/yd rail, the complete replacement of two No. 10–112 lb/yd switches (connecting rail and switch ties), the relay of two 90 lb/yd yard tracks and additional miscellaneous track work.

Copies of the Request for Proposals (RFP) may be obtained by contacting Ed Landreth, a contractor to the VSR and the designated VSR project manager for this project by phone at 505-239-9915 or via email at [EWLandreth@aol.com](mailto:EWLandreth@aol.com). Proposals are due March 14, 2022.

V&S Railway, LLC reserves the right to reject any and all bids and to waive technicalities.

**Kansas & Oklahoma Railroad**

**Request for Proposals**

Interested parties are invited to submit a proposal for the rehabilitation of nine crossings along the Bailey Street Corridor in Wichita, Kansas for the proposed Kansas & Oklahoma (K&O) Railroad project.

**Scope of Work**

Crossing Rehabilitation

Provide all necessary labor, equipment, and logistical services to supply/install all materials called for to complete this project.

- Santa Fe Street – DOT # 009353T
- Francis Street South – DOT # 009354A
- South Emporia Street – DOT # 009356N
- South Topeka Street – DOT # 009357V
- South Broadway Street – DOT # 009358C
- Harry Street – DOT # 011566P
- Market Street – DOT # 009359J
- Main Street – DOT # 009360D
- Harry/K42 Street – DOT # 445172N.

Contractor to supply all material

- Remove and install all ties (7x9x10’).
- Remove all existing rail and install new 136# rail (39’ sticks) – except DOT # 445172N (115# rail).

(continued)

- Remove and install all needed OTM – plates, spikes, anchors, and pandrol assemblies.
- Remove and install granite ballast/sub-ballast (95% compaction), HMAC, concrete panels, welds, and other per project specifications.
- Contractor to field weld all joints.
- Road closure is required prior to work beginning. Closure of two crossings at a time is allowed. Contractor to notify the railroad and city a minimum 72 hours in advance to provide both entities time to adequately prepare for crossing work.
- All OTM/materials removed from this portion of this project shall be disposed of in accordance with all local, state, and, federal regulations.
- In accordance with AREMA standards, ballast shoulders are to be dressed at the end of each work-day to prevent thermal deviation in track due to disturbed roadbed.
- Contractor is to protect in place all bonding, until CDL may assist. Contact Jason Mills 72 hours prior to disrupting bonds.
- Additional details concerning the scope of work associated with the project will be addressed in the pre-proposal meeting.

### Minimum Requirements

#### MSA and Roadway Worker Protection

- Contractors must complete, and have on file, a current Master Services Agreement with the K&O Railroad prior to any work commencing.
- Prior to beginning any work, contractors shall comply with all parts of 49 CFR Part 214 and 219 regarding FRA Roadway Worker Safety at all times. Men and equipment shall remain clear of the track unless they have gained Roadway Worker Protection from a qualified person.
- Contractor, contractor employees, agents and/or subcontractors must be enrolled and comply with the FRA 219 approved drug testing program.
- Any subcontracted work will need to be approved by the K&O Railroad prior to any work starting.
- As of January 1, 2021, all contractors will be required to complete WATCO Contractor Orientation at <https://watcocontractor.com>. Any contractor who was previously enrolled in e-SHORTLINE with Watco in the past, will be required to complete the WATCO Contractor Orientation.

#### Work Windows

Impact to current railroad operations must be kept to a minimum. When work must take place that causes an active track to be taken out of service for the purposes of performing work that pertains to the project, the contractor must pre-arrange a defined work window with the railroad. Contractor can anticipate a work window of no more than a two-day rail closure/crossing. No more than four-day road closure is allowed as this will greatly affect the local area. Allow time for city to apply HMAC for the approaches and time to harden before road is re-opened to the public. This topic will be further discussed during the pre-proposal meeting.

#### Standards

All standards referenced by the project plans and spec-

ifications, as well as all applicable AREMA standards must be upheld during all phases of the project work, unless certain standards are excluded from the project with written approval by the K&O Railroad.

#### Submittals

The following documents shall be submitted by the contractor as part of the project—at the times listed:

- Schedule of Work – Submitted with proposal
- Certificate of Insurance – Submitted prior to construction
- Safety Plan – Submitted prior to construction
- Proof of Roadway Worker Training – Submitted prior to construction

#### Other Responsibilities

- Permits – Contractor is responsible for all federal, state, and local permits required for the work.
- Utilities – Contractor is responsible to locate and protect site utilities.
- Site Clean-up – Contractor is responsible for proper site restoration and proper disposal of materials removed in accordance with all local, state, and federal laws.

#### Insurance

Contractor shall purchase required coverage and submit for verification a Certificate of Insurance.

#### Materials

All materials shall meet the requirements found in the project plans and/or specifications as well as applicable AREMA requirements. Material storage is granted on railroad right of way to the contractor. However, no materials shall be stored closer than 15' from the centerline of any active track, at any time. Material and equipment laydown areas and reclaimed materials stockpiling locations shall be discussed and further clarified at the pre-proposal meeting. Contractor is to haul all materials off property and properly dispose of. Contractor may use the K&O Orient yard and/or Santa Fe/Gilbert area for material lay-downs if need be.

#### Non-Project Areas

The K&O Railroad has secured access to the project through the railroad right of way. Other access may be obtained by the contractor if he/she so chooses. All areas (public, private, and railroad right of way) that are used for access to the project, including parts of the railroad right of way which have no proposed work, shall be maintained and/or remediated, incidental to the project, by the contractor to the satisfaction of the property owner if any damage to these areas occurs.

#### Pre-Proposal Meeting

The K&O Railroad shall hold a pre-proposal meeting at 10:00 a.m. (CST) Friday, February 25th, 2022, at the Harry Street/K-42 crossing (DOT # 445172N) in Wichita, Kansas. We will view all crossings to the rehabilitation. Please contact Cameron Ginther at 785-513-6049, email [cameron.ginther@watco.com](mailto:cameron.ginther@watco.com) or Herb Lamkin at 316-215-4080, email [hlamkin@watco.com](mailto:hlamkin@watco.com) for additional details.

#### Project Completion

It is expected the contractor must start work no later than 30 days after being awarded the bid (this is all subject to material lead times/supply) and complete the

project within 75 days of being awarded the bid – July 4, 2022. Prior to the completion of the project, there will be a third-party final inspection. If there are any issues with the quality of work, the contractor will be responsible for fixing any issues found.

### Submission of a Proposal

All proposals must be submitted to Cameron Ginther at [cameron.ginther@watco.com](mailto:cameron.ginther@watco.com) no later than 2:00 p.m. (CST) Wednesday, March 9th, 2022. All submitted proposals shall be reviewed by the K&O Railroad. Please ensure your proposal includes all required information. All late or incomplete proposals shall be rejected. The structure of your proposal must be able to be clearly understood, all proposals shall provide the following line items and provide costs as required below:

Provide a bid for:

- Material
  - All project materials specified, any applicable taxes.
- Labor
  - Mobilization In/Out; Equipment; Installation of materials; Disposal of materials; Road Closure; any applicable taxes.

### Work Reporting

Daily work reports must be filled out and submitted to, Cameron Ginther – Project Manager and Herb Lamkin – K&O Railroad Roadmaster. Weekly reports should include updates to project schedules, material delays, or completion of work. A detailed summary report must be submitted upon the completion of the project.

**Notice of Hearing on Proposed  
Administrative Regulation**

The Kansas Department of Agriculture (KDA) will conduct a public hearing at 10:00 a.m. April 14, 2022, to consider the adoption of a proposed regulation. Due to the public health concerns posed by the COVID-19 pandemic, the hearing proceedings will be conducted virtually via video conferencing system only. Anyone desiring to participate in the public hearing via video conference must pre-register at <https://kansasag.zoom>.

[us/meeting/register/tZUkdeyqrijMoHNIO210zZVoUDbPrqA\\_vvgvm](https://www.ks.gov/meeting/register/tZUkdeyqrijMoHNIO210zZVoUDbPrqA_vvgvm).

This 60-day notice of the public hearing shall constitute a public comment period for the purpose of receiving written public comments regarding the proposed regulation. All interested parties may submit written comments prior to the hearing by mail or email to: Kansas Department of Agriculture, Attn: Ronda Hutton, 1320 Research Park Dr., Manhattan, KS 66502, or [ronda.hutton@ks.gov](mailto:ronda.hutton@ks.gov). All interested parties will also be given a reasonable opportunity to orally present their views regarding the adoption of the proposed regulation during the hearing. In order to give all parties an opportunity to present their views, it may be necessary to request that each participant limit any oral presentation to five minutes. This regulation is proposed for adoption on a permanent basis. A summary of the proposed regulation and its economic impact follows:

K.A.R. 4-7-804 – The Kansas Department of Agriculture (KDA) is proposing revisions to update the fees for dairy laboratory analyses performed by the Kansas Department of Agriculture Laboratory (KDAL). The revisions are proposed because the current fee schedule contained in K.A.R. 4-7-804 was enacted in 2002 and no longer covers the costs associated with each laboratory analysis. Additionally, the proposed regulation offers new laboratory analyses that KDAL did not have the capacity to complete when the current regulation was adopted. Moreover, the proposed regulation will not impact other dairy laboratory analyses performed by KDAL, which KDA will continue to provide at no cost to dairy licensees.

Under the proposed fee revisions, KDA will charge \$15.00, \$30.00, \$50.00, \$80.00, and \$130.00 for the various types of dairy laboratory analyses specified in the regulation, which increases the rates from the existing prices of \$5.00 and \$10.00, depending on the analysis.

#### Economic Impact Statement:

The proposed regulation is not mandated by the federal government and only one contiguous state, Oklahoma, offers the type of dairy laboratory analyses specified in this regulation. However, the Oklahoma Department of Agriculture Laboratory's current fee schedule does not allow the laboratory to impose fees to offset the expenses it incurs in performing the analyses. The department of agriculture laboratories in Colorado, Nebraska, and Missouri do not provide dairy laboratory analyses like those specified in this regulation.

Because KDA has historically performed very few analyses of the type specified in the proposed regulation, KDA does not anticipate the proposed regulation will enhance or restrict business activity or growth in Kansas. The Kansas Dairy Association, Kansas Farm Bureau, the Kansas Livestock Association, and all of KDA's dairy manufacturing plant licensees were consulted throughout the development of this regulation and did not express concern that the proposed regulation would restrict their business activities or growth.

The direct economic effect of the proposed regulation may vary based on the number of dairy laboratory analyses requested by dairy licensees each year. However,

based on data collected during 2020 and 2021, KDA estimates that the proposed regulation will result in approximately \$240 in total additional costs being incurred by members of the dairy industry, who may in turn pass those increased costs on to their customers. As a result, the proposed regulation will have a minimal effect on the state economy as a whole.

The benefits of the proposed regulation outweigh the costs, as it will allow KDAL to cover necessary expenses in performing analyses to ensure the Kansas dairy industry produces safe and high-quality products. Additionally, the proposed fees will allow KDAL to cover necessary costs associated with the dairy laboratory analyses specified in the regulation, but they are not so high that KDAL will profit from dairy laboratory analyses. For example, KDAL performed a total of seven dairy laboratory analyses of the type specified in the regulation during 2020 and 2021 combined and collected a total of \$35 for those analyses. KDAL's actual cost incurred for performing those analyses was \$290.37. This resulted in a net loss to KDAL of \$255.37. If the same analyses were performed pursuant to the proposed new fee schedule, KDAL would collect \$275, and KDAL's actual cost would be \$274.35.

KDA does not anticipate that the proposed regulation will significantly increase or decrease the revenues of Kansas cities, counties or school districts, or impose functions or responsibilities on cities, counties or school districts that will increase their expenditures or fiscal liability. Letters were sent to the League of Kansas Municipalities, the Kansas Association of School Boards, and the Kansas Association of Counties inquiring as to whether those entities believed the proposed regulation would impose increased costs or responsibilities on their members. No responses were received from those entities.

KDA consulted with and solicited information from all of KDA's dairy manufacturing plant licensees, the Kansas Dairy Association, Kansas Farm Bureau, and the Kansas Livestock Association.

The proposed regulation presents no environmental impact.

Any individual with a disability may request accommodations to participate in the public hearing and may request the proposed regulation and economic impact statement in an accessible format. Requests for accommodations should be made at least five working days in advance of the hearing by contacting Ronda Hutton, via telephone at 785-564-6715 or via fax at 785-564-6777.

Copies of the regulation and its economic impact statement may be obtained by contacting KDA via mail at the Kansas Department of Agriculture, Attn: Ronda Hutton, 1320 Research Park Dr., Manhattan, KS 66502, via telephone at 785-564-6715, or at <https://www.agriculture.ks.gov>. Administrative Regulation**

The Kansas Department of Agriculture (KDA) will conduct a public hearing at 10:00 a.m. April 13, 2022, to consider the adoption of a proposed regulation. This 60-day notice of the public hearing shall constitute a public comment period for the purpose of receiving written public comments regarding the proposed regulation. All interested parties may submit written comments prior to the hearing by mail or email to: Kansas Department of Agriculture, Attn: Ronda Hutton, 1320 Research Park Dr., Manhattan, KS 66502 or [ronda.hutton@ks.gov](mailto:ronda.hutton@ks.gov). All interested parties will also be given a reasonable opportunity to orally present their views regarding the adoption of the proposed regulation during the hearing. In order to give all parties an opportunity to present their views, it may be necessary to request that each participant limit any oral presentation to five minutes. This regulation is proposed for adoption on a permanent basis. A summary of the proposed regulation and its economic impact follows:

K.A.R. 9-2-36 – The Kansas Department of Agriculture (KDA) is proposing a new regulation pertaining to the cost of official calfhood vaccination tags, which provide a voluntary method for cattle producers to indicate that a heifer has been vaccinated for brucellosis by an accredited veterinarian. Accredited veterinarians purchase official calfhood vaccination tags from KDA and sell them to producers who wish to utilize them. The proposed regulation implements amendments to K.S.A. 47-1831 that were enacted during the 2021 legislative session and allow the Animal Health Commissioner to recoup the actual cost of each official calfhood vaccination tag and to charge an additional processing fee of \$0.20 for each official calfhood vaccination tag. The processing fee allows the Animal Health Commissioner to recover expenses associated with the shipping and handling of official calfhood vaccination tags.

**Economic Impact Statement:**

The proposed regulation is not mandated by the federal government. KDA is not aware of any similar regulation pertaining to official calfhood vaccination tags in place in contiguous states. State-administered official calfhood vaccination tag programs are new in general, as the United States Department of Agriculture (“USDA”) has historically provided tags to accredited veterinarians free of charge but will now cease to do so.

KDA does not anticipate that the proposed regulation will significantly enhance or restrict business activity or growth in Kansas because the proposed regulation only

authorizes KDA to recoup the actual cost of each official calfhood vaccination tag purchased by an accredited veterinarian and to collect a \$0.20 shipping and handling fee to recoup overhead expenses currently being carried by KDA. Additionally, the Kansas Livestock Association, the Kansas Animal Health Board, the Kansas Cattlemen’s Association, the Kansas Veterinary Medicine Association, Kansas Farm Bureau, and Kansas State University Research and Extension were consulted throughout the development of this regulation and did not express concern that the proposed regulation would restrict their members’ business activities or growth.

The average annual implementation and compliance costs of this regulation will be approximately \$7,754.25. This cost will be imposed on accredited veterinarians who purchase official calfhood vaccination tags and will likely be passed on to cattle producers who elect to utilize the tags. However, the overall direct impact on Kansas businesses as a result of this proposed regulation will be minimal because the use of official calfhood vaccination tags is voluntary and the cost per tag is relatively small. In the past four years, KDA has distributed 19,265 official calfhood vaccination tags. Based on this number of tags, the \$0.20 per tag processing fee proposed in the regulation would result in average annual processing costs of \$963.25. Based on the same number of tags and the average actual cost of an official calfhood vaccination tag, which is \$1.41, the proposed regulation would result in an average annual actual cost of \$6,791 for official calfhood vaccination tags. Accordingly, the proposed regulation will have a minimal effect on the state economy as a whole.

The benefits of the proposed regulation outweigh the costs. The regulation will allow KDA to cover its costs in processing and shipping official calfhood vaccination tags, ensuring KDA is able to offer the tags to Kansas producers. KDA’s ability to offer official calfhood vaccination tags is beneficial because the tags provide a cost-effective means for Kansas producers to provide assurance that their cattle have been vaccinated against an infectious disease that has the potential to damage the beef industry. Therefore, the tags promote security and confidence in the industry at a reasonable price to producers.

Further, KDA has entered into contractual agreements with ear tag suppliers that will allow KDA to offer official calfhood vaccination tags to accredited veterinarians at an economical price. Additionally, the \$0.20 per tag processing fee imposed by the regulation will not allow KDA to profit from its processing and shipping of tags – it is only enough to allow KDA to cover the costs it incurs in performing those activities. Moreover, accredited veterinarians are not required to utilize the official calfhood vaccination tags offered by KDA – they may provide producers with metal tags to confirm brucellosis vaccination, which will continue to be provided by USDA free of charge.

KDA does not anticipate that the proposed regulation will significantly increase or decrease the revenues of Kansas cities, counties, or school districts, or impose functions or responsibilities on cities, counties or school districts that will increase their expenditures or fiscal liability. Letters were sent to the League of Kansas Municipalities, the Kansas Association of School Boards, and the

Kansas Association of Counties inquiring as to whether those entities believed the proposed regulation would impose increased costs or responsibilities on their members. No responses were received from those entities.

Additionally, both during the development of the amendments to K.S.A. 47-1831 that authorize this regulation and during development of the regulation itself, KDA engaged with state and local government representatives and numerous industry stakeholders, soliciting input from the Kansas Livestock Association, the Kansas Animal Health Board, the Kansas Cattlemen’s Association, the Kansas Veterinary Medicine Association, Kansas Farm Bureau, and Kansas State University Research and Extension.

The proposed regulation presents no environmental impact.

(c) For this game, a play/prize symbol shall appear in 69 play spots within the play area or areas.

(d) The ticket numbers in each book of tickets in this game shall start with 000 and end with 019.

(e) The price of instant tickets sold by a retailer for this game shall be \$30.00 each.

(f) "Mega Multiplier!" is a key number match game with multiplier features and three bonus symbol match areas. The bonus areas shall be a \$50 bonus area, a \$100 bonus area and a \$200 bonus area. The player will scratch the play area to reveal six "WINNING NUMBERS" and 30 "YOUR NUMBERS" with a prize amount below each of the "YOUR NUMBERS." If a player matches any of the "YOUR NUMBERS" to any of the "WINNING NUMBERS," the player wins the prize shown below that number. If a player reveals a "2X" symbol, the player wins two times the prize amount shown. If a player reveals a "5X" symbol, the player wins five times the prize amount shown. If a player reveals a "10X" symbol, the player wins 10 times the prize amount shown. If a player reveals a "20X" symbol, the player wins 20 times the prize

amount shown. The player will scratch the \$50 bonus play area; if the player reveals a symbol of a diamond, the player wins \$50. The player will scratch the \$100 bonus play area; if the player reveals a symbol of a crown, the player wins \$100. The player will scratch the \$200 bonus play area; if the player reveals a symbol of a ring, the player wins \$200.

(g) Each ticket in this game may win up to 33 times.

(h) Approximately 300,000 tickets shall be ordered initially for this instant game. Additional ticket orders shall have the same prize structure, the same number of prizes per prize pool of 240,000 tickets, and the same odds as were contained in the initial ticket order.

(i) The expected number and value of instant prizes in this game shall be as follows:

(c) For this game, a play/prize symbol shall appear in 61 play spots within the play area or areas.

(d) The ticket numbers in each book of tickets in this game shall start with 000 and end with 014.

(e) The price of instant tickets sold by a retailer for this game shall be \$20.00 each.

(f) "\$100,000 Jumbo Cash" is a key number match game with an instant win and six bonus symbol match areas. The bonus areas shall be a \$20 bonus area, a \$40 bonus area, a \$50 bonus area, a \$100 bonus area, a \$200 bonus area and a Jumbo Win bonus area. The player will scratch the play area to reveal five "WINNING NUMBERS" and 25 "YOUR NUMBERS" with a  
*(continued)*

prize amount below each of the “YOUR NUMBERS.” If a player matches any of the “YOUR NUMBERS” to any of the “WINNING NUMBERS,” the player wins the prize shown below that number. If a player reveals a symbol of a dollar bill, the player automatically wins \$100. The player will scratch the \$20 bonus play area, the \$40 bonus play area, the \$50 bonus play area, the \$100 bonus play area and the \$200 bonus play area; if the player reveals a symbol of a star, the player wins the amount of the bonus. The player will scratch the Jumbo

Win bonus play area; if the player reveals a symbol of \$500, the player wins \$500.

(g) Each ticket in this game may win up to 31 times.

(h) Approximately 300,000 tickets shall be ordered initially for this instant game. Additional ticket orders shall have the same prize structure, the same number of prizes per prize pool of 300,000 tickets, and the same odds as were contained in the initial ticket order.

(i) The expected number and value of instant prizes in this game shall be as follows:

	\$20 Bonus	\$40 Bonus	\$50 Bonus	\$100 Bonus	\$200 Bonus	Jumbo Win	Prize	Winners Per 300,000	Prize Cost

(j) The odds of winning a prize in this game are approximately one in 2.93. (Authorized by K.S.A. 74-8710; implementing K.S.A. 74-8710 and 74-8720; effective, T-111-1-28-22, Jan. 12, 2022.)

**Article 19.—SPECIFIC PLAYER LOYALTY CLUB RULES**

**111-19-2a. Reactivation Campaign Quarterly drawings.** (a) The Kansas Lottery may conduct a player loyalty

club drawing entitled “Reactivation Campaign Quarterly drawing.” PlayOn members who have not submitted a ticket, earned points, or redeemed points with the PlayOn program in the last 3 months, and have not participated in a previous reactivation campaign during the calendar year, will be eligible to enter the drawing for a \$500 cash prize. Members eligible to enter will be notified via email of the campaign, prize and deadline for the campaign. Members must have opted in to receive marketing emails from the program in order to be notified of their eligibility.

(b) The Kansas lottery will begin accepting entries for each drawing beginning at 12:01 a.m. on the 15<sup>th</sup> calendar day of the final month of that quarter, through 11:59 p.m. on the last calendar day of that quarter. For the purposes of this regulation, those months for each quarter shall be:

Quarter	Month
First	March
Second	June
Third	September
Fourth	December

Drawings will be conducted within five days following the close of the entry period for each drawing.

(c) Only registered PlayOn members who meet the eligibility requirements in paragraph (a) may enter the quarterly player loyalty club drawings. PlayOn members must enter themselves into the drawings according to the terms and conditions of PlayOn and this regulation. Entries shall not be accepted which are submitted by any method other than through PlayOn.

(d) An eligible member will receive an entry into the promotional drawing by entering any ticket into PlayOn during the entry period. Only the first ticket submission during this period will warrant an entry. Members may only win one prize per calendar year.

(e) The procedures set forth in K.A.R. 111-18-5 for selecting winners and alternate winners shall be followed.

(f) The notification of winners in each drawing will be via email to the winners and will not be published on kslottery.com or within PlayOn. An email will be sent to the winner’s email address listed in their PlayOn profile with an electronic claim form attached, followed by the same documentation sent by U.S. mail. Winners must return the completed claim form, electronically, by U.S. mail, or hand-delivered to the Kansas Lottery claims center. The winner shall claim the prize within 10 days from the date the email notification is sent or the person will no longer be eligible for the prize and the prize will be given to the following alternate. The Kansas lottery is not responsible for electronic malfunction or player error.

(g) The Kansas lottery retains the right to substitute an alternate prize of approximate equal value.

(h) By entering the drawing(s), entrant agrees to PlayOn terms and conditions.

(i) Rules applicable to this online event drawing are contained in K.A.R. 111-19-2a and K.A.R. 111-18-1 *et seq.* (Authorized by K.S.A. 74-8710 and 74-8748; implementing K.S.A. 74-8710; effective, T-111-1-28-22, Jan. 12, 2022.)
