**Notice of Hearing on Proposed
Administrative Regulation**

The Kansas Department of Health and Environment, Division of Health, Bureau of Family Health, will conduct a public hearing at 2 p.m. Wednesday, April 8, in Room 530 of the Curtis State Office Building, 1000 S.W. Jackson, Topeka, to consider adoption of new regulation K.A.R. 28-4-94, background check requests for residential centers, group boarding homes, and child placement agencies. A summary of the proposed regulation and the estimated economic impact follows:

Summary of Regulation:

K.A.R. 28-4-94. Background check requests for residential centers, group boarding homes, and child placement agencies. The proposed regulation describes requirements for submitting requests for background

checks to the department to meet the requirements in K.S.A. 2014 Supp. 65-508 and K.S.A. 2014 Supp. 65-516. The significant change is the timing of requests. Residential centers and group boarding homes currently report the identifying information on individuals over 10, at the time of license application and reapplication and then within one week of a new individual residing, working, or regularly volunteering at the facility. Child placement agency regulations do not describe a process. The proposed regulation will require that facilities and child placement agencies submit a request before any individual at least 10 years old begins residing, working, or regularly volunteering at the facility or agency. Individuals admitted for care are excluded. Documentation of requests must be kept on file.

Economic Impact:

Cost to the agency: There is no additional cost to the agency. Requests for background checks will be processed in the same way as they are currently processed.

Cost to licensees: There is no cost to the licensees.

Costs to other governmental agencies or units: There is no additional cost to other governmental agencies or units.

The time period between publication of this notice and the scheduled hearing serves as the required public comment period of at least 60 days for the purpose of receiving written public comments on the proposed regulation. At any time during the public comment period any interested parties may submit written comments to Dorothy Tenney, KDHE, Child Care Licensing Program, 1000 S.W. Jackson, Suite 200, Topeka, 66612-1274, by fax at 785-296-0803, or by email to dttenney@kdheks.gov. Written comments will be accepted until 5 p.m. on the day of the hearing. During the hearing all interested parties will be given a reasonable opportunity to present their views orally on the proposed regulation as well as an opportunity to submit their written comments. In order to give each individual an opportunity to present their views, it may be necessary for the hearing officer to request that each presenter limit any oral presentation to an appropriate time frame.

Complete copies of the proposed regulation and the corresponding economic impact statement may be obtained on the Child Care Licensing website at www.kdheks.gov/kidsnet/ or by contacting Dorothy Tenney at the address above, 785-296-1270 or fax 785-296-0803.

Any individual with a disability may request accommodation in order to participate in the public hearing and may request the proposed regulation and economic impact statement in an accessible format. Requests for accommodation should be made at least five working days in advance of the hearing by contacting Dorothy Tenney.

111-401-195. Name of the game; rules and regulations. (a) The Kansas lottery shall conduct a lottery facility game at the Hollywood Casino at Kansas Speedway in Kansas City, Kansas, entitled "Running it Twice" beginning on or after August 1, 2014.

(b) Running it Twice is an optional game that may be played during any poker game specifically designated by Hollywood Casino at Kansas Speedway with the following conditions:

(1) the final card(s) to the player(s) or the community cards for that hand, as applicable to the poker game being played, have not yet been dealt;

(2) one or more of the players has made an all-in bet (has bet all of his or her remaining chips) and the other player(s) has matched the all-in bet; and,

(3) all players agree to play the Running it Twice optional game and timely communicate that agreement to the dealer.

(c) If all conditions for Running it Twice are met, dealing of the remaining cards shall proceed as follows:

(1) The dealer shall deal the remaining cards for that hand pursuant to the normal rules for that game; and,

(2) The dealer shall then slide those remaining cards for that hand upward on the table playing surface leaving them face up, and then in the space vacated by those cards shall deal a second set of remaining cards for that hand in the same way the remaining cards for that hand are dealt pursuant to the normal rules for that game, thereby creating a second set of final cards for the hand.

(d) If one player has the best hand regardless of which of the two sets of cards are used to complete his or her hand, that player is awarded the entire pot. If one player has the best hand using one set of cards and another player has the best hand using the other set of cards, the pot is split into two equal halves and one half is awarded to each player.

(e) The players shall also have the option to split the pot into three equal portions. In that event all rules for Running it Twice set forth hereinabove apply except that instead of dealing two separate hands and creating two evenly divided pots, three separate hands shall be dealt and the pot shall be evenly divided into three parts.

(f) If this optional game is being played in any poker game where the house rakes the pot, the pot will be raked

twice in the event two pots are created and three times in the event three pots are created. (Authorized by K.S.A. 2014 Supp. 74-8710 and 74-8748; implementing K.S.A. 2014 Supp. 74-8710; effective, T-111-8-7-14, July 16, 2014; amended, T-111-1-15-15, Dec. 10, 2014.)

All free double down wagers shall be made without making an additional wager.

(f) "Free split wager" shall mean an additional optional wager made when a player's initial two (2) cards are of the same face value. (i) "Push 22 bonus wager" shall mean an optional wager that may be made by the player in an area designated for the push 22 bonus wager prior to the first card of the hand being removed from the shoe. The player must

(j) "Shoe" or "dealing shoe" shall mean the receptacle into which cards are placed to be held for dealing to the players and dealer.

(k) "Soft total" shall mean the total point count of a hand containing an ace when the ace is counted as having 11 points in value. (Authorized by K.S.A. 2014 Supp. 74-8710 and 74-8748; implementing K.S.A. 2014 Supp. 74-8710; effective, T-111-1-15-15, Dec. 10, 2014.)

111-401-198. Object of game, method of play, and characteristics of game. (a) The object of the primary game for the "Free Bet Blackjack" game is to have the total point value of the player's hand exceed the total point value of the dealer's hand without going over a total point value of 21.

(b) The game of "Free Bet Blackjack" also offers the following optional wagers: insurance; double down; free double down; split; free split; and push 22 bonus.

(c) The game of "Free Bet Blackjack" is played with six (6) decks or eight (8) decks of standard playing cards and is dealt from a dealing shoe or shuffling device.

(C) The decks have been dropped or otherwise mishandled; and,

(D) When instructed to do so by a table games supervisor or higher ranking casino official.

(2) The cards may be shuffled manually or a shuffling machine may be used to shuffle the cards.

(b) The following procedures for card cutting shall be implemented:

(1) Upon completion of the shuffle, the dealer will offer the decks to a player to cut. In the event all players at the

(continued)

table fail or refuse to perform the cut, the dealer or table games supervisor will cut the cards;

(2) The cut will be performed by inserting the cut card the equivalent of approximately a minimum of one deck from either end of the stack of cards; and,

(3) Once the deck has been cut, the dealer will insert the cut card approximately one and one-half decks from the back of the six-deck or eight-deck shoe unless otherwise instructed by the table games supervisor or higher ranking casino official.

(c) The following procedures for dealing and taking cards shall be implemented:

(1) All original wagers must be in place before the first card is dealt from the shoe;

(2) Cards are distributed to the players, one at a time and face up, from left to right. The dealer distributes one card to the dealer face up before continuing. The dealer deals a second card to each player, one at a time face up, from left to right and deals a second card to the dealer face down and places it directly under the dealer's first card;

(3) Beginning with the first player position to the left of the dealer, each player will indicate whether they wish to stand (receive no more cards for that hand) or hit (receive one or more additional cards for that hand, which shall be dealt face up). Cards will continue being distributed to each player, one at a time face up, until the player indicates his or her desire to stand or the player's hand exceeds a total of 21 points ("busts"), whichever comes first;

(4) After all of the players have stood or broken, the dealer's second card will be turned face up and the dealer will announce the total point value of the dealer's two cards. If any player's hand is still in action, the dealer will hit if the dealer holds cards with a total point value of 16 or less or a soft 17. The dealer will stand on a hard 17 or higher total point value. A "soft 17" hand contains an ace that is being counted as 11 points. A "hard 17" hand does not contain an ace that is being counted as 11 points; and,

(5) If a player has a losing hand, the dealer will remove the player's chips and pick up the cards for placement into the discard rack.

(d) The following procedures for burning cards shall be implemented:

(1) A dealer will burn a card after completion of the shuffle; and,

(2) A dealer will burn a card upon the dealer entering a game.

(e) Collection and payment of bets shall be accomplished as follows:

(1) Winning push 22 wagers will be paid and losing push 22 wagers will be collected after the completion of the game; and

(2) All winning wagers will be paid and losing wagers will be collected beginning with the first player to the dealer's right and working toward the left. (Authorized by K.S.A. 2014 Supp. 74-8710 and 74-8748; implementing K.S.A. 2014 Supp. 74-8710; effective, T-111-1-15-15, Dec. 10, 2014.)

111-401-200. Wagers and payout odds. (a) Minimum and maximum wagers will be posted on a sign at each table.

(b) Maximum table payouts, if any, will be posted at each table and will not be less than the maximum wager times the maximum odds.

(c) If a player has been permitted to wager less than the table minimum, the dealer will take or pay the amount actually wagered. If a player has been permitted to wager more than the table maximum, the excess will be returned to the player and the dealer will pay the correct odds on the posted maximum amount. The player will be informed of the table minimum or maximum for subsequent wagers.

(d) A player may play two hands at double the table minimum per hand not to exceed the table maximum. A player may play three hands at five times the table minimum, per hand, not to exceed the table maximum. Exceptions to this rule are permitted if approved by the pit manager, casino shift manager, or higher ranking casino official.

(e) The following describes a list of permissible wagers, payout odds, and what constitutes a win, loss, or tie:

(1) Original wagers:

(A) An original wager must be made by the player prior to the first card of the hand being dealt;

(B) An optional additional original wager may be made as a tip for the dealer;

(C) An original wager will win if the total point value of the player's cards exceeds the total point value of the dealer's cards without exceeding a total point value of 21. In the event the player's first two cards have a total point value 21, the player will have a blackjack;

(D) An original wager will lose if the total point value of the player's cards exceeds 21 or is lower than the total point value of the dealer's cards;

(E) An original wager will tie ("push") if the point value of the dealer's hand totals 22 or if the total point value of the player's cards is equivalent to the total point value of the dealer's cards. A hand containing a blackjack beats a hand with a total point value of 21 that uses three or more cards; and,

An insurance wager must be made prior to the dealer looking at the hole card (the second card dealt to the dealer, which card is dealt face down);

(B) An optional additional insurance wager may be made as a tip for the dealer;

(C) An insurance wager will win at the rate of 2 to 1 if the dealer has a blackjack;

and,

(D) An insurance wager will lose if the dealer does not have a blackjack.

(3) Double Down wager:

(A) A double down wager is an optional additional wager made by the player up to the amount of the

player's original wager on the condition only one additional card will be dealt to the player. This wager can be made on any hand consisting of two cards including after splitting, except that the wager may not be made after splitting aces;

(B) An optional additional double down wager may be made as a tip for the dealer only if the player has made an original wager for the dealer;

(C) A double down wager will win if the total point value of the player's cards exceeds the total point value of the dealer's cards without exceeding a total point value of 21;

(D) A double down wager will lose if the total point value of the player's cards exceeds 21 or is less than the total point value of the dealer's cards;

(E) A double down wager will tie ("push") if the player's hand and the dealer's hand are of equal total point value or if the dealer's cards total 22; and,

(F) A winning double down wager will be paid at the rate of 1 to 1.

(4) Free Double Down wager:

(A) A free double down wager is an optional additional free wager made by the player up to the amount of the player's original wager on the condition only one additional card will be dealt to the player. This free wager can only be made on any hand consisting of two cards having a total point value of 9, 10, or 11 including after splitting, except that the wager may not be made after splitting aces;

(B) An optional additional free double down wager may be made as a tip for the dealer only if the player has made an original wager for the dealer;

(C) A free double down wager will win if the total point value of the player's cards exceeds the total point value of the dealer's cards without exceeding a total point value of 21;

(D) A free double down wager will lose if the total point value of the player's cards exceeds 21 or is less than the total point value of the dealer's cards;

(E) A free double down wager will tie ("push") if the player's hand and the dealer's hand are of equal total point value or if the dealer's cards total 22; and,

(F) A winning free double down wager will be paid the same amount as the original blackjack wager.

(5) Split wager:

(A) A split wager is an optional additional wager made when a player's initial two cards are of the same face value provided the player makes a wager equal to the original wager. A player may split up to three times for a total of four hands. A player may double down after splitting with the exception of after splitting aces. After splitting aces a player will only receive one additional card for each split hand;

(B) A split wager will win if the total point value of the player's cards exceeds the total point value of the dealer's cards without exceeding a total point value of 21;

(C) A split wager will lose if the total point value of the player's cards exceeds 21 or is less than the total point value of the dealer's cards;
