orally regarding the adoption and revocation of the proposed regulations during the public hearing. In order to provide all parties an opportunity to present their views, it may be necessary to request that each participant limit any oral presentation to five minutes.

Any individual with a disability may request accommodation in order to participate in the public hearing and may request the regulations and economic impact statements in an accessible format. Requests for accommodation to participate in the public hearing should be made at least 10 business days in advance of the hearing by contacting Alexandra Blasi, Executive Secretary, 800 S.W. Jackson, Suite 1414, Topeka, KS 66612-1244 or by phone at 785-296-4056. Handicapped parking is located at the north entrance to the building, across the street from the north entrance to the building, and across the street from the west entrance to the building. Curbs at all entrances are accessible to individuals with disabilities.

Summaries of the proposed regulations and their economic impact follow. (Note: Statements indicating that a regulation is "not anticipated to have any economic impact" are intended to indicate that no economic impact on the Kansas State Board of Pharmacy, other state agencies, state employees, or the general public has been identified.) Copies of the regulations and economic impact statement may be viewed at <http://pharmacy.ks.gov/statutes-regs/proposed-reg-changes>.

**K.A.R. 68-1-1b. Continuing Education for Pharmacists.** This regulation is being amended to provide additional requirements for pharmacists to obtain the 30 hours of continuing education for each two-year renewal period and to provide proof of such to the Board. The amendments also create requirements for education providers and pharmacists to have continuing education approved by the Board and provide certificates of completion to pharmacists.

**K.A.R. 68-1-1f. Foreign graduates.** This regulation outlines the requirements, including passing the TOEFL, for graduates of foreign pharmacy programs who are seeking licensure in Kansas. The amendments update the passing scores to comply with National Board of Pharmacy standards, as well as requiring the TOEFL be internet-based.

**K.A.R. 68-1-1g. Internet-based TOEFL.** This regulation previously provided the requirements for foreign graduates to pass the internet-based TOEFL, and is being proposed for revocation because all requirements are being updated in proposed K.A.R. 68-1-1f.

**K.A.R. 68-5-18. Pharmacy Technicians; Continuing Education.** This proposed new regulation sets forth the continuing education requirements for pharmacy technicians, including obtaining 20 hours of continuing education for each two-year renewal period and providing proof of such to the Board. The proposed language also creates requirements for education providers and pharmacy technicians to have continuing education approved by the Board and provide certificates of completion to pharmacy technicians.

**K.A.R. 68-7-10. Pharmacy-based drug distribution systems in long-term care facilities; emergency medica-**

**tion kits.** This regulation is being amended to allow and regulate automated drug delivery systems in long-term care facilities.

**K.A.R. 68-9-2. Automated drug delivery systems in pharmacies.** This regulation is being amended to allow and regulate automated drug delivery systems in pharmacies.

**K.A.R. 68-9-3. Automated drug delivery system to supply drugs for administration in certain facilities.** This proposed new regulation sets forth the requirements for automated drug delivery systems in medical care facilities, institutional drug rooms, and long-term care or nursing facilities. The regulation includes duties, responsibilities and standards for the pharmacist-in-charge, regulates who may access the system, and establishes criteria for the drugs which may be stored in an automated system and the process for tracking, monitoring, and managing such system.

**K.A.R. 68-11-3. Fees for registration as a pharmacy technician or pharmacy intern.** This proposed new regulation sets the fee for a pharmacy technician registration or renewal at \$20 and sets the fee for a pharmacy intern registration at \$20.

**Summary of Economic Impact:** It is the mission of the Board to ensure that all persons practicing pharmacy are properly licensed and registered, ensure compliance with Kansas statutes regarding proper compounding and dispensing of prescription drugs, maintenance of professional practice standards, and proper manufacture, distribution, and sale of prescription and nonprescription drugs, including controlled substances and poisons. In order to attain these goals, the Board is proposing these regulatory changes to comply with professional, health-care, and safety norms.

The Board anticipates minimal economic impact to the Board, its licensees and registrants, or Kansas pharmacies. In all instances the Board does not anticipate any financial impact upon other governmental agencies, and the Board is unaware of any less costly or less intrusive methods to achieve the stated purposes and thus none were considered. For a more detailed summary of the economic impact each specific regulation may have, see the Economic Impact Statement, provided at the website above.

(B) The female is sold or transferred directly to a feed-yard for feeding purposes and then to slaughter.

(C) The female is sold through an approved livestock market to be sold for slaughter or for feeding purposes and then to slaughter.

(D) Each bull from the female's herd has been declared a certified negative *Trichostrongylus axei* foetus bull or has been identified with an official positive trichomoniasis infection identification tag and sent directly to slaughter or to public livestock market to be sold for slaughter, and the female meets one of the following conditions:

(i) Has a calf at side and has had no exposure since parturition to bulls other than bulls that are certified negative *Trichostrongylus axei* foetus bulls;

(ii) has documented 120 days of sexual isolation, except that breeding by artificial insemination with semen

from a certified negative *Trichostrongylus axei* foetus bull shall be allowed during the isolation period; or

(iii) is determined by a licensed veterinarian to be at least 120 days pregnant.

(E) Regardless of the status of bulls from the positive *Trichostrongylus axei* foetus herd, the owner or manager of the female obtains a release from trichomoniasis quarantine from the commissioner by providing adequate information and assurances, to the satisfaction of the commissioner, that despite being part of the positive *Trichostrongylus axei* foetus herd, the female has had no exposure to trichomoniasis.

(6) Unless otherwise allowed by the commissioner, all quarantined bovine females moved from the original premises of trichomoniasis quarantine during the trichomoniasis quarantine period shall be identified with an official positive trichomoniasis infection identification tag.

(h) Stray bulls. Any stray bull found on public or private land, from a known or unknown herd of origin, may be confined and placed under a hold order until the bull has one or more official *Trichostrongylus axei* foetus PCR tests. Each test and the cost of holding the bull shall be the responsibility of the bull's owner. The conditions of the hold or trichomoniasis quarantine order and the number of tests shall be determined by the commissioner.

(i) Neighbor notification. The owner or manager, or both, of a positive *Trichostrongylus axei* foetus herd shall, within 14 days after lab confirmation of the diagnosis, submit to the commissioner a list of the names and contact information of all known adjacent landowners or land managers. For purposes of this subsection, "adjacent landowners or land managers" shall include all owners and managers of land capable of maintaining livestock susceptible to trichomoniasis whose land is located within the perimeter of the epidemiological study established by the commissioner.

If an owner or manager does not comply with this subsection, the commissioner may assess all administrative costs associated with the notification process against the owner or manager, or both. (Authorized by K.S.A. 2015 Supp. 47-607d and 47-610; implementing K.S.A. 2015 Supp. 47-607 and 47-610; effective May 27, 2016.)
