Notice to Consulting Firms

The Kansas Department of Transportation (KDOT) is seeking to secure ready availability of surveying services on an as-needed basis by entering into up to 8 contracts with qualified consulting engineering firms who may perform services, from time to time and on short notice, when KDOT does not have the personnel to perform the services. The services may require construction surveying, land surveying, and calculations based on those surveys as well as administration and recordkeeping associated with such services.

Requirements: Interested firms must: (a) be pre-qualified by KDOT in category 301 Land Surveying and 302 Engineering Surveying; (b) have employees who are licensed in Kansas as Professional Surveyors and experienced in surveying; and (c) submit a Letter of Interest on or before **August 3, 2017** to David Nagy, P.E., Assistant to the Director of Design/Contracts Engineer for KDOT by email to David.Nagy@ks.gov with the subject line reading “LOI As-Needed Surveying [Firm Name]”. Letters of Interest in the form of a .pdf document (maximum size 4 pages) should express interest in performing services on an As-Needed basis and describe particular qualifications for the surveying services sought by KDOT, including any special expertise, certifications, training, skill, experience, or knowledge of the firm and its employees as well as the number of licensed professional surveyors employed by the firm. KDOT shall not consider the skills or expertise of sub-consultant personnel because consultant firms will be required to perform all services with their own employees. If a firm is not currently pre-qualified by KDOT but is interested in obtaining pre-qualification, then please view the requirements and categories at the website address of <http://www.ksdot.org/divengdes/prequal/default.asp>. For licensure and other requirements applicable to the practice of technical professions within the state of Kansas, please consult the website of the Kansas Board of Technical Professions at <http://www.ksbtp.ks.gov/>. All firms doing business with KDOT must be registered and in good standing under the laws of the state of Kansas and comply with applicable state and federal laws, rules and regulations.

Qualifications-Based Selection Process. Based on the qualifications submitted in the Letter of Interest and other information available to KDOT, on or about **August 31,**

2017, KDOT will shortlist firms and notify all firms submitting Letters of Interest of the names of the shortlisted firms by return email. Thereafter, KDOT will issue a Request for Proposal (RFP) to the shortlisted firms soliciting a technical proposal. At KDOT's option, shortlisted firms may be interviewed by telephone conference call or asked to attend meetings or participate in other discussions with KDOT. Technical proposals will be evaluated on the basis of the factors listed below, evenly weighted, to rank the most qualified firms in order of preference. Evaluation factors: 1) the quality of the response to the RFP; 2) qualifications and experience of consultant employees proposed for services; 3) past performance history; and 4) ability and availability to perform services on short notice in one or more regional areas of the state of Kansas. Up to 8 of the highest ranked firms will be asked to enter into negotiations with KDOT for an As-Needed Agreement for services under which KDOT may request surveying services via Task or Work Orders over a period of 4 years, subject to a maximum cumulative aggregate amount payable under the As-Needed Agreement. In the event KDOT cannot reach agreement with any of the highest ranked firms, it will terminate negotiations with such firms and commence negotiations with the next highest ranked firm, and so on, until either agreement is reached for a satisfactory scope of services for a fair and reasonable price, or KDOT decides to pursue other alternatives. KDOT intends to conclude or terminate negotiations on or before **October 31, 2017**.

Please do not call or write KDOT staff for information regarding the services in this Request for Qualification. Email all inquiries/questions to David Nagy at David.Nagy@ks.gov.
