Notice of Hearing

Pursuant to K.S.A. 82a-1041, the Northwest Kansas Groundwater Management District No. 4 (GMD #4) has recommended the approval of a Local Enhanced Management Area (LEMA) Management Plan in a designated area in Cheyenne, Decatur, Rawlins, Gove, Graham, Logan, Sheridan, Sherman, Thomas, and Wallace counties and comprising the entire area within the boundaries of GMD #4 (GMD #4 LEMA). The LEMA Management Plan was submitted to the chief engineer for review and found to be acceptable for consideration.

An initial public hearing was held on August 23, 2017 in Colby, Kansas where it was determined the proposed LEMA Management Plan met one or more of the circumstances specified in K.S.A. 82a-1036(a) through (d), that it is in the public interest to require corrective control provisions, and that the geographic boundaries are reasonable. The initial order is available online at <http://agriculture.ks.gov/lema>.

Since the initial hearing officer found the three issues set forth in K.S.A. 82a-1041 are satisfied, the chief engineer shall hold a second public hearing to determine if the corrective controls proposed in the LEMA Management Plan shall be accepted, rejected, or if modifications should be proposed. This second public hearing shall take place on November 14, 2017 and will begin at 9:00 a.m. at the City Limits Convention Center, 2227 S. Range, Colby, KS 67701 (Exit 53 on I-70). The hearing may continue as long as necessary for a full disclosure of relevant facts.

The chief engineer shall serve as hearing officer to determine if the area should be designated and if GMD #4's proposed LEMA plan for the area should be adopted. Anyone may submit written or oral statements to be included in the record of this hearing. Oral statements will be accepted only at the public hearing. Written statements may be submitted at the public hearing or be sent to the GMD #4 LEMA; c/o Ronda Hutton; 1320 Research Park Drive, Manhattan, KS 66502, faxed to 785-564-6777, or emailed to ronda.hutton@ks.gov. (C) A bonus spin wager will lose if at least one of the first two cards dealt to a player's hand is not an ace.

(6) Winning bonus spin wagers will be paid out as follows:

(A) When at least one of the player's original two cards is an ace but the player's original hand is not a blackjack, the hand will be paid at a rate of 1 to 1.

(B) When the player's original two cards are a blackjack, the player will be allowed to press the bonus spin button to activate the spin of the bonus wheel. 111-401-216. Play. (a) After the cards have been shuffled, the dealer shall offer the stack of cards to a player to be cut. The player may cut the cards by placing a

(continued)

cutting card provided by the dealer. The cut card must be placed in the stack so there are no fewer than 52 cards on either side of the cut card for a six deck game or no fewer than 26 cards on either side of the cut card for a double deck game.

(b) At the commencement of each round of play, the dealer shall, starting on the dealer's left and continuing around the table, deal the cards in the following order:

(1) One card face upwards to each box on the blackjack layout in which a wager is contained;

(2) One card face upwards to the dealer; and,

(3) A second card face upwards to each position in which a wager is contained.

(4) A second card face down to the dealer and placed underneath the dealer's up card (card dealt face up).

(c) After two cards have been dealt to each player and the dealer, the dealer shall, take or pay all bonus spin wagers as provided in K.A.R. 111-401-215.

(d) After all bonus spin wagers have been taken or paid, the dealer shall, beginning from the dealer's left, have each player indicate whether they wish to double down, split, stand or draw.

(e) As each player indicates the player's decision(s), the dealer shall deal whatever additional cards, if any, are necessary to effectuate such.

(f) After the decision(s) of each player have been implemented and all additional cards have been dealt, the dealer shall expose the dealer's hole card. Any additional cards authorized to be dealt to the hand of the dealer shall be dealt face up.

(g) If the dealer has a blackjack, no additional cards shall be dealt and each player's wager shall be settled.

(h) Payment of blackjack shall be made as follows:

(1) If the first face up card dealt to the dealer is a 2, 3, 4, 5, 6, 7, 8, or 9 and a player has a blackjack, the dealer shall pay the blackjack at odds of 3 to 2 and shall remove that player's cards. If the first face up card dealt to the dealer is a king, queen, jack or 10, the dealer shall check the dealer's hole card for an ace. If the dealer's hole card does not give the dealer a blackjack, the player having a blackjack shall be paid at odds of 3 to 2. If the dealer's hole card gives the dealer a blackjack, the wager of the player having a blackjack shall be void and constitute a "push" or a "tie."

(2) Whenever the first card dealt to the dealer is an ace, each player shall have the right to make an insurance bet which, except as otherwise provided herein, shall win if the dealer's hole card is a king, queen, jack or 10 and shall lose if the dealer's hole card is an ace, 2, 3, 4, 5, 6, 7, 8, or 9. An insurance bet may be made by placing on the insurance line of the layout an amount not more than half the amount staked on the player's initial wager. After all insurance wagers have been placed, the dealer will check the dealer's hole card for blackjack. If the dealer has a blackjack, the dealer will collect all of the losing original wagers and pay all insurance wagers at odds of 2 to 1. The wager of a player having the blackjack shall be void and constitute a "push" or a "tie." If the dealer does not have a blackjack, the dealer will immediately collect all of the losing insurance wagers. When a player has a blackjack, the player may take even money for the player's wager instead of making an insurance wager. In

such circumstances, the dealer shall pay the wager at 1 to 1 odds before checking the dealer's hole card and shall remove that player's cards.

(3) A player may elect to double down, which means to make an additional wager not in excess of the amount of the player's original wager on the first two cards dealt to the player on the condition that one and only one additional card shall be dealt to the hand on which the player has elected to double down. If a dealer obtains a blackjack after a player doubles down, the dealer shall only collect the amount of the original wager of such player and shall not collect the additional amount wagered in doubling down. Upon a player's election to double down, the dealer shall deal the player's hand one additional card. In the alternative, if the additional card is dealt face down, such card shall be turned face upward prior to paying or taking the wager. A double down wager shall win if the total of the player's cards exceeds the total of the dealer's cards without exceeding a total of twenty-one (21). A double down wager shall push or tie if the player's hand and the dealer's hand are equal. A double down wager shall lose if the total of the player's cards exceeds twenty-one (21) or is less than the total of the dealer's cards. A double down wager shall be paid at the rate of 1:1 on both the original wager and the double down portion of the wager.

(i) If the initial two cards dealt to a player are identical in value, the player may elect to split the hand into two separate hands provided that the player makes a wager equal to the player's original wager. When a player splits pairs, the dealer shall deal a card to and complete the player's decisions with respect to the first incomplete hand on the dealer's left before proceeding to deal any cards to any other hand. After a second card is dealt to a split pair, the player shall indicate his decision to stand or draw with respect thereto except that:

(A) A player may split pairs a maximum of three times to make a total of four hands; and

(B) A player splitting aces shall only have one card dealt to each ace and may not elect to receive additional cards.

(j) A player may elect to draw one or more additional cards whenever the player's point count total is less than 21 except that:

(1) A player electing to double down shall draw only one additional card;

(2) A player splitting aces shall only have one card dealt to each ace and may not elect to receive additional cards.

(k) A dealer shall draw additional cards to the dealer's hand until the dealer has:

(1) A hard total of 17, 18, 19, 20, or 21, whichever comes first; or

(2) A soft total of 18, 19, 20, or 21, whichever comes first. A dealer shall draw no additional cards to the dealer's hand, regardless of the point count, if decisions have been made on all players' hands and the point count of the dealer's hand will have no effect on the outcome of the round of play. A split bet shall win if the total of the player's cards exceeds the total of the dealer's cards without exceeding a total of twenty-one (21). A split bet shall lose if the total of the player's cards exceeds twenty-one (21) or is less than the total of the dealer's cards. A split

bet shall tie or push if the player's hand and the dealer's hand are equal. A split bet shall be paid at the rate of 1:1 on both the original wager and the split wager.

(l) A card drawn in error without its face being exposed shall be used as though it were the next card from the shoe.

(m) If the dealer has a hard total of 17 and accidentally

draws a card for the dealer, such card shall be burned (taken out of play). (Authorized by K.S.A. 2016 Supp. 74-8710 and 74-8748; implementing K.S.A. 2016 Supp. 74-8710; effective, T-111-9-21-17, Aug. 9, 2017.)
