Request for Technical Proposals

Background and Purpose of Project

The Kansas Department of Transportation is seeking a Consultant to provide Construction Inspection Services for Project 169-1 KA-3254-02. The Project is located on US-169, 5 miles north of the Allen/Neosho County Line, north to 2.7 miles south of US-169/US-54 junction in Allen County.

Schedule/Deadlines

Technical Proposals are due on or before noon (CDT) March 1, 2018 to be delivered via email to David.Nagy@ks.gov. Evaluation and ranking of submissions will occur on or about March 15th, 2018 after which time all firms that submitted will be notified of the ranking. Negotiations with the most highly ranked firm to commence on or about March 22nd, 2018. An agreement should be in place April 2, 2018. The contractor should start on the project sometime between April 2nd and June 4th.

Scope of Services to be Performed

The Inspectors must be capable of inspecting grading, subgrades and sub-bases, concrete, bridges, RCB construction, traffic control, drainage pipe installation, PCC Paving/PCC Plant operations, HMA Paving/HMA Plant operations, seeding, erosion control, final paperwork, etc. Anticipated staffing needs: The number of required inspectors will fluctuate throughout the project depending on the construction office and the project needs. Submit the names and information of 2 main inspectors and along with four more inspectors that can be supplemented as needed. Inspection will be necessary, except during winter shutdown periods. Construction is anticipated to be completed by October 2019. KDOT will supply equipment for QC/QA concrete plant and asphalt plant, and a field office.

Instructions for Letter of Interest

No costs shall be contained in the Technical Proposals. The Technical Proposals must not exceed four (4) pages total (including any cover letter, index, etc.) and 2MB to address the pertinent topics. Technical Proposals submitted will consist of the Technical Proposal, a completed and signed Special Attachment No. 7 ("Certificate of Final Indirect Costs"), and a completed and signed Special Attachment No. 8 ("Tax Clearance Certificate"). Completed Special Attachments do not count against the 4 page Technical Proposal submission. All these forms are attached to the original email announcement.

Technical Proposals shall indicate the Consultant's ability to meet the Project Inspection needs described above. Technical Proposals shall describe any processes or procedures, including best practices, that will be used to perform tasks and to produce the desired results described above under "Scope of Services to be Performed." Also, include items such as:

Evaluation Factors

Technical Proposals will be evaluated based on the factors listed below, evenly weighted, to rank the most qualified firm in order of preference as first, second, third, etc. Evaluation factors: 1) How the consultant plans to meet

the fluctuating inspection need of the project; 2) Employee names (2 full time and 4 intermittent inspectors), certifications and qualifications proposed for services; 3) Proximity of Inspectors to project; 4) past performance history on similar projects (list project #'s) for KDOT; 5) Types of direct expenses anticipated (lodging, mileage, etc.); 6) Anticipated time to close out project paperwork. The highest ranked firm will be asked to enter into negotiations with KDOT for an agreement. In the event KDOT cannot reach agreement with the ranked firm, it will terminate negotiations with such firm and commence negotiations with the next highest ranked firm, and so on, until either agreement is reached for a satisfactory scope of services for a fair and reasonable price, or KDOT decides to pursue other alternatives.

Exhibits to this Technical Proposal Request

Special Attachment No. 7 ("Certificate of Final Indirect Costs")

Special Attachment No. 8 ("Tax Clearance Certificate")

Contract Terms and Conditions

A project inspection agreement will be written based on the present "On-Call" Inspection Agreements. Current Rate Factors will be used for compensation, and Special attachments for the Kansas "Tax Clearance Certificate", the "Certification of Final Indirect Costs" will become attachments to the contract.

Questions about this request for Technical Proposals shall be sent to KDOT by proposers via email to David.Nagy@ks.gov.

Notice to Contractors

Electronic copies of the letting proposals and plans are available on the KDOT website at <https://kdotapp.ksdot.org/Proposal/Proposal.aspx>. The website will allow the contractor to request approval from KDOT to bid as a prime contractor and be included on the "Bid Holders List," or to be included on the "NonBid Holders List" as a subcontractor/supplier. KDOT's approval is required to bid as a prime contractor. To bid as a prime contractor, KDOT needs to be notified of the intent to bid no later than the close of business on the Monday preceding the scheduled letting date. Failure to obtain prior approval to bid as a prime contractor on any projects listed below will be reason to reject your bid. The secretary reserves the right to reject bids that do not comply with all requirements for preparing a bidding proposal as specified in the 2015 edition of the Kansas Department of Transportation *Standard Specifications for State Road and Bridge Construction*.

KDOT will only accept electronic internet proposals using the Bid Express website at <http://www.bidx.com> until 1:00 p.m. (CDT) March 21, 2018. KDOT will open and read these proposals at the Eisenhower State Office Building, 700 SW Harrison, Topeka, Kansas, at 1:30 p.m.

(continued)

(CDT) March 21, 2018. An audio broadcast of the bid letting is available at <http://www.ksdot.org/burconsmain/audio.asp>.

Each bidder shall certify that such person, firm, association, or corporation has not, either directly or indirectly, entered into any agreement, participated in any collusion, or otherwise taken any action in restraint of free competitive bidding in connection with the submitted bid. This certification shall be in the form of a required contract provision provided by the state to each prospective bidder. Failure to complete the required contract provision and certify the completeness of the preceding statement when electronically signing the proposal will make the bid non-responsive and not eligible for award consideration.

Notice of Intent to Lease Land and/or Building Space

Public notice is hereby given that Wichita State University (WSU) intends to lease available land and building space. The university will consider leasing such property and/or space to those whose presence on campus would advance the university's applied learning vision or its mission as an educational, cultural, and economic driver for Kansas and the greater public good. Because tenant use must be a good fit with the university's educational mission and available space, please be prepared to provide the following information: (1) name; (2) square footage of space needs; (3) equipment, design, or other special needs; (4) description of anticipated use; and (5) the anticipated benefits to the university, its students, and the WSU community (e.g. applied learning, joint research, faculty start-up, etc.). The university will consider serious offers and inquiries from any financially qualified individual, group, organization, or company. If interested, please contact Vice President for Research and Technology Transfer Dr. John Tomblin, john.tomblin@wichita.edu, or Property Manager Crystal Deselms, crystal.deselms@wichita.edu. Notice of Meeting

The Kansas Water Office (KWO) will hold a public meeting and hearing for comments on the Stream and Riparian Restoration above Tuttle Creek Lake Nonpoint Source Project Management Plan. The goal of the project is to reduce sedimentation through the stabilization of multiple streambank sites along the Little Blue and Big Blue Rivers.

The public meeting will begin at 10:00 a.m. Friday, March 23, 2018 at the Glacial Hills RC&D Office, 334 2nd St., Wetmore, Kansas. The public hearing will be at 11:00 a.m. at the same location following the public meeting. Citizens who desire to appear at the public hearing should notify the KWO at least seven days prior to the date of the hearing.

Written comments must be submitted before 4:00 p.m. March 26, 2018 and should be mailed to Kansas Water Office, Attn: Cara Hendricks, 900 SW Jackson St., Topeka, KS 66612 or email at cara.hendricks@kwo.ks.gov. More information on the project can be provided upon request.

If accommodations are needed for persons with disabilities, please notify the KWO at least five working days prior to the meeting.

Notice Concerning Proposed Kansas Air Quality Class I Operating Permit Renewal

Notice is hereby given that the Kansas Department of Health and Environment (KDHE) is soliciting comments regarding a proposed air quality operating permit. Evonik-Jayhawk Fine Chemicals Corp. has applied for a Class I operating permit renewal in accordance with the provisions of K.A.R. 28-19-510 et al. The purpose of a Class I permit is to identify the sources and types of regulated air pollutants emitted from the facility; the emission limitations, standards, and requirements applicable to each source; and the monitoring, record keeping, and reporting requirements applicable to each source as of the effective date of permit issuance.

Evonik-Jayhawk Fine Chemicals Corp., 8545 SE Jayhawk Drive, Galena, KS 66739, owns and operates a chemical manufacturing facility located at 8545 SE Jayhawk Drive, Galena, KS 66739.

A copy of the proposed permit, permit application, all supporting documentation, and all information relied upon during the permit application review process are available for public review during normal business hours of 8:00 a.m. to 5:00 p.m. at the KDHE, Bureau of Air (BOA), 1000 SW Jackson, Suite 310, Topeka, KS 66612-1366 and at the Southeast District Office (SEDO), 308 W. 14th St., Chanute, KS 66720. To obtain or review the proposed permit and supporting documentation,

contact Keaton Abeln, 785-296-8142, at the central office of the KDHE or Doug Cole, 620-860-7235, at the SEDO. The standard departmental cost will be assessed for any copies requested. The proposed permit, accompanied with supporting information, is available, free of charge, at the KDHE BOA Public Notice website, <http://www.kdheks.gov/bar/publicnotice.html>.

Please direct written comments or questions regarding the proposed permit to Keaton Abeln, KDHE, BOA, 1000 SW Jackson, Suite 310, Topeka, KS 66612-1366. In order to be considered in formulating a final permit decision, written comments must be received no later than noon Monday, March 26, 2018.

A person may request a public hearing be held on the proposed permit. The request for a public hearing shall be in writing and set forth the basis for the request. The written request must be submitted to Keaton Abeln, KDHE BOA, 1000 SW Jackson, Suite 310, Topeka, KS 66612-1366, no later than noon Monday, March 26, 2018 in order for the secretary of Health and Environment to consider the request.

The U.S. Environmental Protection Agency has a 45-day review period, which will start concurrently with the public comment period, within which to object to the proposed permit. If the EPA has not objected in writing to the issuance of the permit within the 45-day review period, any person may petition the administrator of the EPA to review the permit. The 60-day public petition period will directly follow the EPA's 45-day review period. Interested parties may contact KDHE to determine if the EPA's 45-day review period has been waived.

Any such petition shall be based only on objections to the permit that were raised with reasonable specificity during the public comment period provided for in this notice, unless the petitioner demonstrates that it was impracticable to raise such objections within such period, or unless the grounds for such objection arose after such period. Contact Ward Burns, U.S. EPA, Region 7, Air Permitting and Compliance Branch, 11201 Renner Blvd., Lenexa, KS 66219, 913-551-7960, to determine when the 45-day EPA review period ends and the 60-day petition period commences.

Doc. No. 046097

State of Kansas

Department of Health and Environment

Notice of Hearing

The Kansas Department of Health and Environment (KDHE) announces a public hearing on the 2018 Kansas 303(d) List of Impaired Waters. Section 303(d) of the Clean Water Act requires states to biennially prepare a list of waters failing to meet State Water Quality Standards. Such waters are required to have Total Maximum Daily Loads (TMDLs) prepared by the state to restore their water quality. A Total Maximum Daily Load is the maximum amount of the impairing pollutant that can enter the water without causing a violation of its water quality standards.

Since 1999, Kansas has developed TMDLs for impaired surface waters in each of the state's 12 river basins. KDHE develops and revises TMDLs for selected impairments identified in the current Section 303(d) list by prioritizing watersheds or waters for restoration and protection. In accordance with the Kansas TMDL development cycle, TMDLs will be developed for the Smoky Hill – Saline River Basin and the Kansas – Lower Republican River Basin during this listing cycle. The draft 2018 Kansas 303(d) list will emphasize waters in these basins, including an initial designation of TMDLs to be developed over the next two years. The list and its methodology are available for review at: <http://www.kdheks.gov/tmdl/methodology.htm>.

The public hearing will open with a brief summary of the list and its methodology as it pertains to the waters of the applicable river basins. Public testimony will then be taken after the presentation. Please provide a written copy of any testimony at the hearings. Written testimony will be accepted by KDHE any time prior to the close of business on Friday, March 23, 2018. KDHE will prepare a response to all public comments and revise the draft list as necessary. KDHE will submit the list, the methodology, the public comments, and the KDHE response to Region 7 of the U.S. Environmental Protection Agency on March 30, 2018.

Two public hearings will take place on the following dates and locations:

Tuesday, March 13, 2018 11:00 am – Noon	Thursday, March 15, 2018 11:00 am–Noon
Curtis State Office Building Azure Room (4th Floor) 1000 SW Jackson St. Topeka, Kansas	KDHE North Central District Office 2501 Market Place, Suite D Salina, Kansas

If accommodations at the hearing locations are needed by persons with disabilities, notify KDHE at least five business days before the respective hearing in writing or by calling 785-296-8791. Other inquiries regarding this notice should be directed to Mr. R. Trevor Flynn at 785-296-8791 or Trevor.Flynn@ks.gov.

Kansas Development Finance Authority

Notice of Hearing

A public hearing will be conducted at 9:00 a.m. Friday, March 9, 2018, in the offices of the Kansas Development Finance Authority (K DFA), 534 S. Kansas Ave., Suite 800, Topeka, KS 66603, regarding the issuance of its Multifamily Mortgage Revenue Note (Nettleton Manor Apartments), Series 2018C, in one or more series, pursuant to a plan of finance, in an amount not to exceed \$8 million (the Note). The proceeds of the Note will be used to finance the costs of acquisition and rehabilitation of an existing multifamily senior/disabled rental housing project, consisting of 76 units, to be operated as Nettleton Manor Apartments and located at 111 E. Kump Ave., Bonner Springs, KS 66012 (the Project). The Project is being financed for Steele Nettleton, LLC (the Borrower). Debt service on the Note will be the sole obligation of the Borrower and will include a pledge of Project revenues.

The Note shall not be deemed to constitute a debt or liability of the State of Kansas or of any political subdivision thereof other than K DFA or a pledge of the full faith and credit of the State of Kansas or of any such political subdivision other than K DFA, and neither the State

of Kansas, nor any political subdivision thereof, will be liable on the Note nor will the Note be payable out of any funds other than those pledged and assigned under a loan agreement between KDFA and the Borrower. The issuance of the Note shall not, directly, indirectly, or contingently obligate the State of Kansas or any political subdivision thereof to levy any form of taxation therefor or to make any appropriation for the payment thereof.

This public hearing does not impose any liability on KDFA or the State of Kansas but is an accommodation by KDFA to satisfy the requirements of Section 147(f) of the Internal Revenue Code of 1986, as amended.

All individuals who appear at the hearing will be given an opportunity to express their views for or against the proposed financing of the project described above, and all written comments previously filed with KDFA at its offices at 534 S. Kansas Ave., Suite 800, Topeka, KS 66603, will be considered. Additional information regarding the Project described above may be obtained by contacting KDFA.

State of Kansas

**Department of Agriculture
Division of Conservation****Notice of Hearing on Proposed
Administrative Regulations**

A public hearing will be conducted at 10:00 a.m. Thursday, April 26, 2018, in the 1st floor meeting room 124 of the Kansas Department of Agriculture, 1320 Research Park Dr., Manhattan, Kansas, to consider the adoption of proposed regulations.

This 60-day notice of the public hearing shall constitute a public comment period for the purpose of receiving written public comments on the proposed rules and regulations. All interested parties may submit written comments prior to the hearing to the Secretary of Agriculture, 1320 Research Park Dr., Manhattan, KS, 66502, or by email at ronda.hutton@ks.gov. All interested parties will be given a reasonable opportunity to present their views orally on the adoption of the proposed regulations during the hearing. In order to give all parties an opportunity to present their views, it may be necessary to request that each participant limit any oral presentation to five minutes. These regulations are proposed for adoption on a permanent basis. A summary of the proposed regulations and their economic impact follows:

K.A.R. 11-13-1 through 11-13-6. The Kansas Sediment and Nutrient Reduction Initiative consists of new requirements for the Kansas Water Quality Initiative created under K.S.A. 2-1915. The Kansas Sediment and Nutrient Reduction Initiative shall follow all criteria and requirements from the amended establishment of the Kansas Conservation Reserve Enhancement Program (CREP) set out in K.S.A. 2-1933. The new requirements for the Initiative will be implemented by the Kansas Department of Agriculture, Division of Conservation to enhance participation under the Farm Service Agency (FSA) continuous Conservation Reserve Program (CRP). A one-time state incentive payment will be made to participants to supplement federal payments for grassed waterways, shallow water areas for wildlife, filter strips, riparian buffers, wetland restorations, farmable wetland/farmable wetland buffers, bottomland timber establishment and habitat buffers for upland birds.

The targeted areas for the initiative are in the Big Creek, Delaware, Little Arkansas, Lower Big Blue, Lower Kansas, Lower Little Blue, Lower Republican, Lower Smoky Hill, Neosho Headwaters, Upper Cottonwood and Lower Cottonwood watersheds. The boundaries include HUC12 watersheds that are above the five high priority reservoirs, are identified as target areas for nutrient and sediment reduction in Watershed Restoration and Protection Strategy (WRAPS) plans, and address additional public water supply concerns (Little Arkansas, Big Creek). These boundaries will contain two tiers of priority enrollment. Tier 1 areas include those HUC12 watersheds identified in WRAPS plans as highest priority target areas for nutrient and sediment reduction. Tier 2 areas will encompass the remaining area within the boundaries.

K.A.R. 11-13-1. Definitions. This regulation establishes the operating definitions for words and terms which are used in the program implementation.

K.A.R. 11-13-2. Initiative requirements for new applications; funds for existing contracts. This regulation states that new applications for the initiative will be required to meet the requirements set out in this set of regulations. The new requirements will be known as the Kansas Sediment and Nutrient Reduction Initiative which consist of new requirements for the Kansas Water Quality Initiative. Current contracts under the initiative will continue to be paid through funds authorized by K.S.A. 2-1915.

K.A.R. 11-13-3. Selection of applicants for initiative. This regulation outlines the criteria for which eligible applicants are approved for funding. It outlines two tiers of eligible payments based on location and that acres that are enrolled in existing CRP are not eligible for payments.

K.A.R. 11-13-4. Haying and grazing. This regulation sets forth the opportunities for haying and grazing of eligible acres based upon the existing CRP rules.

K.A.R. 11-13-5. Practices eligible for incentive payments. This regulation outlines which practices are eligible to receive incentive payments through the initiative. It also states that incentive payments are in addition to any CRP payments.

K.A.R. 11-13-6. Incentive payments; refunds. This regulation identifies the basis on which approved applications for the initiative will be evaluated and prioritized for a one time sign up incentive payment. Two tiers of payments are identified in this regulation based on location and eligible acres enrolled. This regulation outlines the process in which an incentive payment refund would be made if the federal CRP contract is terminated or a participant fails to meet initiative requirements.

Economic Impact Statement:

The Kansas Sediment and Nutrient Reduction Initiative is being developed to be the delivery mechanism for landowner sign-up incentive payments for continuous CRP practices previously authorized by K.S.A. 2-1915 and K.S.A. 2-1933. The new requirements will provide more eligible conservation practices with better state incentives to encourage landowners to enroll in more concentrated, targeted geographic areas as well as providing more water quality improvement benefits.

The Division of Conservation's ability to offer the sign-up incentive payments to landowners in the targeted areas would not be contingent on the approval of a nutrient and sediment reduction CREP by FSA. Participation in the Kansas Sediment and Nutrient Reduction Initiative is contingent on the ability of FSA to approve new applications in the CRP program. The CRP program has a total nationwide acre cap. Once the cap is hit, applications cannot be approved.

The proposed regulations are not mandated by federal law.

Contingent on funding by the Kansas Legislature pursuant to K.S.A. 2-1915 and K.S.A. 2-1933, a maximum enrollment of 10,000 acres, would be estimated at a total financial obligation of approximately \$3.75 million, with

(continued)

\$2.0 million provided by the State of Kansas in sign-up incentive payments and \$1.750 million to fund seven Water Quality Coordinator positions for five years. The program will be initiated in FY2018 or FY2019 with \$281,312 of existing start-up money from the Kansas State Water Plan Fund, and requests for additional funds will only be made as the program enrollment develops accordingly. The Water Quality Coordinator positions would be housed in Kansas Natural Resources Conservation Service Management Units and would be employed by local Conservation Districts.

A Division of Conservation's Riparian and Wetland Program Manager will administer the program in addition to several other programs. The personnel costs to the agency for this position would be approximately \$80,000 per year. An estimated additional \$2,000 per year will be expended for supplies, work station, postage, computer equipment, meetings and travel expenses. The agency may incur additional administrative costs to conduct field investigations and monitor program success.

The Department of Administration, Division of Accounts and Reports will incur routine, minimal costs associated with the processing of warrants to support the contract payment procedures for the one time incentive payments allocated to landowners. These minor variations in the work regimen of the agency should not require any additional funding.

The Kansas Sediment and Nutrient Reduction Initiative will improve the quality of the project area waterways that serve as drinking water sources for area residents. This program will also support implementation of the Kansas Nutrient Reduction Framework developed by the Kansas Department of Health and Environment, thus demonstrating Kansas' commitment to addressing nutrient-related water quality issues. Practices implemented will reduce sedimentation and thereby slow the rate of storage loss in downstream reservoirs. The program will enhance the effectiveness of other programs and activities in the watersheds that focus on reducing nutrients and sedimentation. In addition, the project will improve wildlife habitat. The buffers, filter strips and other practices installed under the Kansas Sediment and Nutrient Reduction Initiative will enable farmers to protect water quality while maintaining the productivity of their farms.

Goals:

The primary goals of the Kansas Sediment and Nutrient Reduction Initiative include:

- Secure, restore and protect water supply storage and water quality through the installation of practices that reduce sedimentation and nutrient runoff.
- Reduce sediment loading by up to or more than 58,000 tons and phosphorous loading by up to or more than 92,000 pounds.
- Improve wildlife habitat.

Any individual with a disability may request accommodations in order to participate in the public hearing and may request the proposed regulations and impact statement in an accessible format. Requests for accommodations should be made at least five working days in advance of the hearing by contacting Ronda Hutton at

785-564-6715 or fax at 785-564-6777. Handicapped parking is located on the west side of the building at 1320 Research Park Drive, Manhattan, Kansas. The entrance to the building is also on the west side and is accessible to individuals with disabilities.

Copies of the regulations and their economic impact statement may be obtained by contacting the Department of Agriculture, Ronda M. Hutton, 1320 Research Park Drive, Manhattan, KS 66502 or 785-564-6715 or by accessing the department's website at www.agriculture.ks.gov. Comments may also be made through our website under the proposed regulation.
