Notice of Intent to Lease Land and/or Building Space

Public notice is hereby given that Wichita State University (WSU) intends to lease available land and building space. The university will consider leasing such property and/or space to those whose presence on campus would advance the university's applied learning vision or its mission as an educational, cultural, and economic driver for Kansas and the greater public good. Because tenant use must be a good fit with the university's educational mission and available space, please be prepared to provide the following information: (1) name; (2) square footage of space needs; (3) equipment, design, or other special needs; (4) description of anticipated use; and (5) the anticipated benefits to the university, its students, and the WSU community (e.g. applied learning, joint research, faculty start-up, etc.). The university will consider serious offers and inquiries from any financially qualified individual, group, organization, or company. If interested, please contact Vice President for Research and Technology Transfer Dr. John Tomblin, john.tomblin@wichita.edu, or Property Manager Crystal Deselms, crystal.deselms@wichita.edu. **Notice of Proposed EPA and KDHE Approval
of Revisions to Johnson County Wastewater
Industrial Pretreatment Program**

Johnson County Wastewater has proposed changes to its industrial pretreatment program, which regulates and controls wastewater contributions from industrial and other non-domestic wastewater sources. The proposed changes would adopt technically-based local limits, previously approved by the U.S. Environmental Protection Agency (EPA) and the Kansas Department of Health and Environment (KDHE), specifically for each of the Johnson County Wastewater treatment plants. In particular, the proposed changes include modification of the maximum allowable industrial loadings for the pollutant parameters ammonia-nitrogen and mercury. Changes to ammonia-nitrogen loadings correct a mistake in an earlier loadings calculation while the mercury loading addresses a change in water quality standards. The County has requested EPA approval of the proposed changes. The proposed changes have been prepared in a manner that Johnson County believes will remain fully protective of the environment. You may obtain a copy of the proposed program changes by contacting Johnson County Wastewater as noted below.

Johnson County and EPA will accept comments and views on the proposed industrial pretreatment program changes for a period of 30 days following the date of this publication. All written comments and views will be considered by EPA and KDHE in determining whether it will issue final approval of the proposed changes. If no substantive comments are received, EPA and KDHE will approve the Pretreatment program changes as proposed.

You may also request within the 30-day period that EPA hold a public hearing on the proposed revisions. Any request for public hearing should be directed to EPA and should indicate the interest of the person filing such request and the reasons why a hearing is warranted.

Comments and any public hearing requests should be provided by mail, email, or other written form to the following:

Persons wishing to comment on the draft documents and/or permit applications must submit their comments in writing to the Kansas Department of Health and Environment if they wish to have the comments considered in the decision-making process. Comments should be submitted to the attention of the Livestock Waste Management Section for agricultural related draft documents or applications, or to the Technical Services Section for all other permits, at the Kansas Department of Health and Environment, Division of Environment, Bureau of Water, 1000 SW Jackson St., Suite 420, Topeka, KS 66612-1367.

All comments regarding the draft documents or application notices received on or before May 5, 2018, will be considered in the formulation of the final determinations regarding this public notice. Please refer to the appropriate Kansas document number (KS-AG-18-073/081, KS-Q-18-053/055, KS-PT-18-001/003) and name of the applicant/permittee when preparing comments.

After review of any comments received during the public notice period, the secretary of Health and Environment will issue a determination regarding final agency action on each draft document/application. If response to any draft document/application indicates significant public interest, a public hearing may be held in conformance with K.A.R. 28-16-61 (28-46-21 for UIC).

All draft documents/applications and the supporting information including any comments received are on file and may be inspected at the offices of the Kansas Department of Health and Environment, Bureau of Water, 1000 SW Jackson St., Suite 420, Topeka, Kansas. These documents are available upon request at the copying cost assessed by KDHE. Application information and components of plans and specifications for all new and expanding swine facilities are available on the Internet at <http://www.kdheks.gov/feedlots>. Division of Environment offices are open from 8:00 a.m. to 5:00 p.m., Monday through Friday, excluding holidays.

Notice Concerning Proposed Kansas Air Quality Class I Operating Permit Renewal

Notice is hereby given that the Kansas Department of Health and Environment (KDHE) is soliciting comments regarding a proposed air quality operating permit. Kansas City Power & Light Company – LaCygne Generating Station has applied for a Class I operating permit renewal in accordance with the provisions of K.A.R. 28-19-510 et al. The purpose of a Class I permit is to identify the sour-

ces and types of regulated air pollutants emitted from the facility; the emission limitations, standards, and requirements applicable to each source; and the monitoring, record keeping, and reporting requirements applicable to each source as of the effective date of permit issuance.

Kansas City Power & Light Company – LaCygne Generating Station, PO Box 418679, Kansas City, MO 64141-9679, owns and operates a power plant located at 25166 E. 2200 Road, LaCygne, Linn County, Kansas 66040.

A copy of the proposed permit, permit application, all supporting documentation, and all information relied upon during the permit application review process are available for public review during normal business hours of 8:00 a.m. to 5:00 p.m. at the KDHE, Bureau of Air (BOA), 1000 SW Jackson, Suite 310, Topeka, KS 66612-1366 and at the Southeast District Office (SEDO), 308 W. 14th St., Chanute, KS 66720. To obtain or review the proposed permit and supporting documentation, contact Dean Williams, 785-296-5231, at the central office of the KDHE or Doug Cole, 620-860-7235 at the SEDO. The standard departmental cost will be assessed for any copies requested. The proposed permit, accompanied with supporting information, is available, free of charge, at the KDHE BOA Public Notice website, <http://www.kdheks.gov/bar/publicnotice.html>.

Please direct written comments or questions regarding the proposed permit to Dean Williams, KDHE, BOA, 1000 SW Jackson, Suite 310, Topeka, KS 66612-1366. In order to be considered in formulating a final permit decision, written comments must be received no later than noon Monday, May 7, 2018.

A person may request a public hearing be held on the proposed permit. The request for a public hearing shall be in writing and set forth the basis for the request. The written request must be submitted to Dean Williams, KDHE BOA, 1000 SW Jackson, Suite 310, Topeka, KS 66612-1366, no later than noon Monday, May 7, 2018 in order for the secretary of Health and Environment to consider the request.

The U.S. Environmental Protection Agency has a 45-day review period, which will start concurrently with the public comment period, within which to object to the proposed permit. If the EPA has not objected in writing to the issuance of the permit within the 45-day review period, any person may petition the administrator of the EPA to review the permit. The 60-day public petition period will directly follow the EPA's 45-day review period. Interested parties may contact KDHE to determine if the EPA's 45-day review period has been waived.

Any such petition shall be based only on objections to the permit that were raised with reasonable specificity during the public comment period provided for in this notice, unless the petitioner demonstrates that it was impracticable to raise such objections within such period, or unless the grounds for such objection arose after such period. Contact Ward Burns, U.S. EPA, Region 7, Air Permitting and Compliance Branch, 11201 Renner Blvd., Lenexa, KS 66219, 913-551-7960, to determine when the 45-day EPA review period ends and the 60-day petition period commences.
