Governor’s Grants Program

Notice of Available Grant Funding from the Federal Sexual Assault Services Grant Program

Grant funds are available from the Federal Sexual Assault Services Grant Program (SASP) for calendar year 2019. The purpose of SASP is to provide intervention, advocacy, accompaniment (e.g., accompanying victims to court, medical facilities, police departments), support services, and related assistance for adult, youth, and child victims of sexual assault; family and household members of sexual assault victims; and those collaterally affected by the sexual assault victimization. This grant program recognizes the need to place increased focus on sexual assault, rape, sex trafficking, and other severe forms of trafficking in persons who have also experienced sexual assault in order to address the lack of available direct intervention and related assistance services and the unique aspects of sexual assault trauma. Women and men of all ages, as well as children, can be victims of sexual assault.

There is approximately \$362,570 available for grant awards. Available grant funds may be awarded to rape crisis centers and other nonprofit, nongovernmental orga-

(continued)

nizations or tribal programs for programs and activities that provide rape and sexual assault services for the defined grant project purposes. Priority will be given to applicants that are rape/sexual assault crisis centers providing direct intervention and related assistance to victims/survivors; to dual programs that provide sexual assault and domestic violence services to enhance the provision of direct intervention and related assistance services tailored for victims of sexual assault; and for projects that increase support for underserved populations.

The application is available on the Governor's Grant Portal at <https://www.kansas.gov/grants/index.do> or download a copy of the application at [http://www.grants.ks.gov/opportunities/federal-sexual-assault-services-grant-program-\(sasp\)](http://www.grants.ks.gov/opportunities/federal-sexual-assault-services-grant-program-(sasp)). (i) Any applicant who has completed two or more courses generally comparable in content, meaning topics covered, may receive credit only for the longest of the comparable courses completed. The national uniform standards of professional appraisal practice (USPAP) course taken in different years shall not be considered repetitive. (Authorized by and implementing K.S.A. 58-4109; effective Jan. 21, 1991; amended, T-117-6-10-91, June 10, 1991; amended Aug. 5, 1991; amended May 24, 1993; amended Jan. 1, 1994; amended Jan. 9, 1998; amended March 26, 1999; amended May 23, 2003; amended Jan. 1, 2008; amended July 10, 2009; amended April 16, 2010; amended Jan. 1, 2015; amended June 17, 2016; amended Nov. 30, 2018.)

117-4-2. Residential classification; appraisal experience requirement. (a)(1) Each applicant for the residential classification shall have 1,500 hours of appraisal experience obtained over a period of at least 12 months.

(2) At least six hours of real property appraisal experience shall be on an improved property.

(3) Acceptable appraisal experience shall include at least 1,125 experience hours of real property appraisal experience.

(4) Acceptable appraisal experience may include an aggregate maximum of 375 experience hours in the following appraisal categories:

- (A) Mass appraisal;
- (B) real estate consulting;
- (C) review appraisal;
- (D) highest and best use analysis; and
- (E) feasibility analysis study.

(5) Experience hours may be granted for appraisals performed without a traditional client. However, appraisal experience gained from work without a traditional client shall not exceed 50 percent of the total appraisal experience requirement. Practicum courses that are approved by the appraiser qualifications board's course-approval program or by a state appraiser regulatory agency may also be used to meet the requirement for non-traditional client experience. Each practicum course shall include the generally applicable methods of appraisal practice for the residential classification. The course content shall include the following:

(A) Requiring the student to produce credible appraisals that utilize an actual subject property;

(B) performing market research containing sales analysis; and

(C) applying and reporting the applicable appraisal approaches in conformity with the uniform standards of professional appraisal practice.

Each assignment shall require problem-solving skills for a variety of property types for the residential classi-

fication. Experience credit shall be granted for the actual classroom hours of instruction and hours of documented research and analysis as awarded from the practicum course approval process.

(6) For the purposes of this regulation, "traditional client" shall mean a client who hires an appraiser for a business purpose.

(b) All appraisal experience shall be in compliance with the uniform standards of professional appraisal practice (USPAP), as required by K.S.A. 58-4121 and amendments thereto. Each applicant's experience shall be appraisal work conforming to standards 1, 2, 3, 5, and 6, in which the applicant demonstrates proficiency in the appraisal principles, methodology, procedures, and report conclusions.

(c) The real property appraisal experience requirement specified in paragraph (a)(3) shall be met by time involved in the appraisal process. The appraisal process shall consist of the following:

- (1) Analyzing factors that affect value;
- (2) defining the problem;
- (3) gathering and analyzing data;
- (4) applying the appropriate analysis and methodology; and

(5) arriving at an opinion and correctly reporting the opinion in compliance with USPAP.

(d)(1) In order for the board to determine whether or not the experience requirements have been met, each applicant shall submit appraisal experience log sheets, in a format prescribed by the board, listing the appraisal reports completed by the applicant within the five-year period preceding the date of application. Each appraisal report shall be signed by the applicant or the preparer of the report who supervised the applicant. If the applicant does not sign the appraisal report, the preparer shall indicate whether or not the applicant provided significant professional assistance in the appraisal process.

(2) Each applicant shall maintain a record of the actual number of hours involved in completing an appraisal. Unless the board approves a greater number of experience hours for a particular appraisal based upon the unusually difficult or complex nature of the appraisal, the maximum number of experience hours for each appraisal shall be in accordance with the board's document titled "experience hours table," which is adopted by reference in K.A.R. 117-2-2.

(3) Each applicant shall maintain a separate log of appraisals for supervised experience and for unsupervised experience.

When logging supervised experience, the applicant shall maintain a separate log of appraisals completed with each supervising appraiser. Each page of each supervised experience log shall include the certification number and the signature of that applicant's supervising appraiser, which shall serve as verification of the accuracy of the information.

(e) Upon request of the board, each applicant shall submit at least three appraisal reports selected by the board from the applicant's log sheet and one appraisal report selected by the applicant from the log sheet. The selected appraisal reports shall be reviewed by the board or the

board’s designee, in accordance with standard rule 3 for competency within the scope of practice of the appraisal work authorized for the residential classification, by using the criteria specified in K.S.A. 58-4109(d) and amendments thereto and, in particular, standard rules 1 and 2 of the edition of USPAP in effect when the appraisal was performed. Approval of an applicant’s experience hours shall be subject to board approval of the requisite number of experience hours and board approval of the selected appraisal reports. (Authorized by and implementing K.S.A. 58-4109; effective, T-117-6-10-91, June 10, 1991; effective Aug. 5, 1991; amended July 25, 1994; amended June 5, 1995; amended March 7, 1997; amended Jan. 9, 1998; amended March 26, 1999; amended Oct. 8, 2004; amended Sept. 1, 2006; amended Jan. 1, 2008; amended April 16, 2010; amended Aug. 24, 2012; amended Aug. 22, 2014; amended Jan. 1, 2015; amended June 17, 2016; amended May 26, 2017; amended Nov. 30, 2018.)
