Wichita State University

Notice of Intent to Lease Real Property

Public notice is hereby given that Wichita State University (WSU) intends to directly lease, and indirectly sublease through its affiliate corporation Wichita State Innovation Alliance, Inc., subject to all required state approvals, an approximate area of ground not to exceed 150,000 square feet with the potential for expansion for parking, for the private development of one or two partnership buildings. This private development shall be located west of Oliver, between 17th and 18th streets, on the Wichita State University main campus. The university is interested in leasing such ground to any individual, organization, or entity whose presence on campus would advance the university’s applied learning vision or its mission as an educational, cultural, and economic driver for Kansas and the greater public good. The university intends to lease such ground for any period of time up to sixty-five years, but extended terms and renewal options would be considered. Interested tenants must be willing to be a good fit with the university’s educational mission and identify anticipated benefits to the university, its students, and the WSU community (i.e. applied learning, joint research, faculty start-up, WSU curriculum or program support, etc.), and must agree to the essential ground lease terms and restrictive covenants. Interested tenants will be evaluated on: proposal terms, demonstrated benefit to WSU, design concepts, financial stability, and proposed use. Rental rate shall be assessed per leased or leasable square foot of the building but is negotiable based on term of lease and benefit to the university. The university will consider serious offers and inquiries with detailed proposal terms from any financially qualified individual, group, organization, or company and such offers will be considered until a selection is made or this notice is withdrawn. If interested, please contact Vice President for Research and Technology Transfer, Dr. John Tomblin, *(continued)*

john.tomblin@wichita.edu or University Property Manager Crystal Stegeman, crystal.stegeman@wichita.edu. This publication is being published pursuant to K.S.A. 75-430a(d), to the extent applicable.

Notice of Intent to Lease Land and/or Building Space

Public notice is hereby given that Wichita State University (WSU) intends to lease available land and building space. The university will consider leasing such property and/or space to those whose presence on campus would advance the university's applied learning vision or its mission as an educational, cultural, and economic driver for Kansas and the greater public good, or otherwise provide supporting services and amenities to the campus community (such as restaurants, retail establishments, financial institutions, etc.). Because tenant use must be a good fit with the university's educational mission and available space, please be prepared to provide the following information: (1) name; (2) square footage of space needs and desired lease term and location; (3) equipment, design, or other special needs; (4) description of anticipated use; and (5) the anticipated benefits to the university, its students, and the WSU community (e.g. applied learning, joint research, faculty start-up, etc.). The university will consider serious offers and inquiries from any financially qualified individual, group, organization, or company. Notice to Consulting Firms

The Kansas Department of Transportation (KDOT) is seeking to obtain consulting firms prequalified in multiple categories to design road and bridge projects, as necessary, statewide on an on-call basis by entering into up to 40 contracts with qualified consulting firms, who may perform services when KDOT does not have adequate personnel. The scope of the services may include a brief study, traffic engineering, survey, public involvement, road design, hydrology/hydraulics, bridge design, and designer construction services.

Requirements

A PDF (1 Mb maximum size) Letter of Interest (LOI) (maximum size 4 pages) must be emailed to David Lutgen, Contracts Engineer for KDOT at david.lutgen@ks.gov on or before 12:00 p.m. April 23, 2019 with the subject line of the email and LOI reading "On-Call General Consulting LOI – Firm Name." LOIs should describe particular qualifications for the design services sought by KDOT including any special expertise, certifications, training, skill, experience, or knowledge of the firm and its employees. If a firm is not currently prequalified by KDOT but is interested in obtaining prequalification, please view the requirements and categories at <http://www.ksdot.org/divengdes/prequal/>. All firms doing business with KDOT must be registered and in good standing under the laws of the State of Kansas and comply with applicable state and federal laws, rules and regulations.

Qualifications-Based Selection Process

Based on the qualifications submitted in the LOI and other information available to KDOT, on or about April

30, 2019, KDOT will shortlist firms and notify all firms submitting LOIs of the names of the shortlisted firms by return email. KDOT will select up to 40 of the most highly qualified firms expressing interest, based on the letter of interest, size and professional qualifications, experience of staff, work load of firm, prequalification, work history, and performance record. Thereafter, KDOT will issue a Request for Proposal (RFP) to the shortlisted firms soliciting a technical proposal. At KDOT's option, it may interview shortlisted firms by telephone conference call or ask them to attend meetings or participate in other discussions with KDOT. After review of the RFP and other information available to KDOT, up to 40 of the highest ranking firms will be asked to enter into negotiations with KDOT for an on-call agreement for services under which KDOT may request design services via tasks or work orders over a period of four years, subject to a maximum cumulative aggregate amount payable under the on-call agreement.

The firm's accounting systems must have the following capabilities before the firm may be awarded a contract:

- Valid, reliable, and current costs must be available within the system to support actual costs and pricing data.
- Capability to provide a means of measuring the reasonableness of incurred costs.
- Capability to identify and accumulate allowable costs by contract or project records that will reconcile with the general ledger.
- Ability to provide supporting documentation of actual expenditures for each billing, based on costs.

Please do not write or call KDOT staff for information regarding the services in this notice. For more information contact David Lutgen at 785-291-3889 or david.lutgen@ks.gov.

Notice to Consulting Firms

The Kansas Department of Transportation (KDOT) is seeking the services of a consultant firm to provide Engineering Design Services in the areas of Traffic Control Analysis and Design.

KDOT intends to award one Indefinite Delivery/Indefinite Quantity (IDIQ) contract. Services may not be required on a constant, continuous basis but rather on an as-needed basis during the term of the contract. Individual work orders will be negotiated and issued based on the fee structure provided. KDOT is not obligated for services until a work order is issued.

Requirements

Interested consulting firms must: (a) be pre-qualified by KDOT in category 231-Traffic Control Analysis and Design and (b) submit a Letter of Interest on or before close of business April 22, 2019, to David Lutgen, Contracts Engineer for KDOT, by email to David.Lutgen@ks.gov with subject line reading "Traffic Engineering

IDIQ – [Firm Name]." Letters of interest in the form of a PDF document (maximum size 12 pages) should express interest in the project and describe particular qualifications for the professional services sought by KDOT, including any special expertise, skill, and experience or knowledge of the firm. If a firm is not currently prequalified by KDOT but is interested in obtaining prequalification, then please view the requirements and categories at <http://www.ksdot.org/divengdes/prequal/default.asp>. All firms doing business with KDOT must be registered and in good standing under the laws of the State of Kansas and comply with applicable state and federal laws, rules and regulations.

Qualification-Based Selection Process

Based on the qualifications submitted in the Letter of Interest and other information available to KDOT, on or about May 1, 2019, KDOT will shortlist three firms and notify all firms submitting Letters of Interest of the names of the shortlisted firms by return email. Thereafter, KDOT will issue a Request for Proposal (RFP) to the shortlisted firms soliciting a technical proposal. Shortlisted firms will also be interviewed in person, tentatively scheduled for May 9, 2019. The highest ranked firm will be asked to enter into negotiations with KDOT to provide Traffic Engineering Design services. In the event KDOT cannot reach agreement with the highest ranked firm, it will terminate negotiations with such firm and commence negotiations with the next highest ranked firm, and so on, until either agreement is reached for satisfactory scope of services for a fair and reasonable price, or KDOT decides to pursue other alternatives.

Please do not call or write KDOT staff for information regarding the services in this notice. Email all inquiries/questions to david.lutgen@ks.gov.

Notice Concerning Kansas/Federal Water Pollution Control Permits and Applications

In accordance with Kansas Administrative Regulations 28-16-57 through 63, 28-18-1 through 17, 28-18a-1 through 33, 28-16-150 through 154, 28-46-7, and the authority vested with the state by the administrator of the U.S. Environmental Protection Agency, various draft water pollution control documents (permits, notices to revoke and reissue, notices to terminate) have been prepared and/or permit applications have been received for discharges to waters of the United States and the state of Kansas for the class of discharges described below.

The proposed actions concerning the draft documents are based on staff review, applying the appropriate standards, regulations, and effluent limitations of the state of Kansas and the Environmental Protection Agency. The final action will result in a Federal National Pollutant Discharge Elimination System Authorization and/or a Kansas Water Pollution Control permit being issued, subject to certain conditions, revocation, and reissuance of the designated permit or termination of the designated permit.

Facility Description: The proposed action is to reissue three existing Class III Injection Well permits for the wells listed above. Injection of fresh water and unsaturated brine is to be made into the Hutchinson Salt member of the Wellington formation. Mining shall not extend into the upper 40 feet of the salt deposit. The maximum operational injection pressure is not to exceed 250 pounds per square inch at the wellhead. The salt deposits beneath Compass' salt mining operations described herein are first encountered about 685 feet below ground surface and extend to a depth of about 900 feet. All construction, monitoring, and operation of these wells shall meet the requirements that apply to Class III Injection wells under the Kansas UIC Regulations, K.A.R. 28-46-1 through 28-46-45 and other requirements of KDHE.

Persons wishing to comment on the draft documents and/or permit applications must submit their comments in writing to the Kansas Department of Health and Environment if they wish to have the comments considered in the decision-making process. Comments should be submitted to the attention of the Livestock Waste Management Section for agricultural related draft documents or applications, or to the Technical Services Section for all other permits, at the Kansas Department of Health and Environment, Division of Environment, Bureau of Water, 1000 SW Jackson St., Suite 420, Topeka, KS 66612-1367.

All comments regarding the draft documents or application notices received on or before May 4, 2019, will be considered in the formulation of the final determinations regarding this public notice. Please refer to the appropriate Kansas document number (KS-AG-19-082/101, KS-Q-19-079/082, KS-PT-19-003, KS-EG-19-007/009) and name of the applicant/permittee when preparing comments.

After review of any comments received during the public notice period, the Secretary of Health and Environment will issue a determination regarding final agency action on each draft document/application. If response to any draft document/application indicates significant public interest, a public hearing may be held in conformance with K.A.R. 28-16-61 (28-46-21 for UIC).

All draft documents/applications and the supporting information including any comments received are

on file and may be inspected at the offices of the Kansas Department of Health and Environment, Bureau of Water, 1000 SW Jackson St., Suite 420, Topeka, Kansas. These documents are available upon request at the copying cost assessed by KDHE. Application information and components of plans and specifications for all new and expanding swine facilities are available at <http://www.kdheks.gov/feedlots>. Department of Health and Environment

Notice Concerning Proposed Kansas Air Quality Class I Operating Permit Renewal

Notice is hereby given that the Kansas Department of Health and Environment (KDHE) is soliciting comments regarding a proposed air quality operating permit. Panhandle Eastern Pipe Line Company has applied for a Class I operating permit renewal in accordance with the provisions of K.A.R. 28-19-510 et al. The purpose of a Class I permit is to identify the sources and types of regulated air pollutants emitted from the facility; the emission limitations, standards, and requirements applicable to each source; and the monitoring, record keeping, and reporting requirements applicable to each source as of the effective date of permit issuance.

Panhandle Eastern Pipe Line Company, 7500 College Blvd., Suite 300, Overland Park, KS 66210, owns and operates Liberal Compressor Station located at Sections 23, 24, 25 Township 33S, Range 32W, Seward County, Kansas.

A copy of the proposed permit, permit application, all supporting documentation, and all information relied upon during the permit application review process are available for public review during normal business hours of 8:00 a.m. to 5:00 p.m. at the KDHE, Bureau of Air (BOA), 1000 SW Jackson, Suite 310, Topeka, KS 66612-1366 and at the Southwest District Office, 302 W. McArtor Rd., Dodge City, KS 67801-6098. To obtain or review the proposed permit and supporting documentation, contact Cathy Richardson, 785-296-1947, at the central office of the KDHE or Ethel Evans, 620-356-1075, at the Southwest District Office. The standard departmental cost will be assessed for any copies requested. The proposed permit, accompanied with supporting information, is available, free of charge, at the KDHE BOA Public Notice website, <http://www.kdheks.gov/bar/publicnotice.html>.

Please direct written comments or questions regarding the proposed permit to Cathy Richardson, KDHE, BOA, 1000 SW Jackson, Suite 310, Topeka, KS 66612-1366. In order to be considered in formulating a final permit decision, written comments must be received no later than 12:00 p.m. May 6, 2019.

A person may request a public hearing be held on the proposed permit. The request for a public hearing shall be in writing and set forth the basis for the request. The writ-

(continued)

ten request must be submitted to Cathy Richardson, KDHE BOA, 1000 SW Jackson, Suite 310, Topeka, KS 66612-1366, no later than 12:00 p.m. May 6, 2019 in order for the Secretary of Health and Environment to consider the request.

The U.S. Environmental Protection Agency has a 45-day review period, which will start concurrently with the public comment period, within which to object to the proposed permit. If the EPA has not objected in writing to the issuance of the permit within the 45-day review period, any person may petition the administrator of the EPA to review the permit. The 60-day public petition period will directly follow the EPA's 45-day review period. Interested parties may contact KDHE to determine if the EPA's 45-day review period has been waived.

Any such petition shall be based only on objections to the permit that were raised with reasonable specificity during the public comment period provided for in this notice, unless the petitioner demonstrates that it was impracticable to raise such objections within such period, or unless the grounds for such objection arose after such period. Contact Ward Burns, U.S. EPA, Region 7, Air Permitting and Compliance Branch, 11201 Renner Blvd., Lenexa, KS 66219, 913-551-7960, to determine when the 45-day EPA review period ends and the 60-day petition period commences.

(Published in the Kansas Register April 4, 2019.)

Natural Resources Conservation Service

Notice of Finding of No Significant Impact

Summary

Pursuant to section 102(2)(c) of the National Environmental Policy Act of 1969; the Council on Environmental Quality Regulations (40 Code of Federal Regulations [CFR] Part 1500); and the Natural Resources Conservation Service Regulations (7 CFR Part 650); the U.S. Department of Agriculture, Natural Resources Conservation Service (NRCS), gives notice that an environmental impact statement is not being prepared for Rock Creek Watershed, Butler County, Kansas.

For further information contact Karen A. Woodrich, State Conservationist, Natural Resources Conservation Service, 760 S. Broadway Blvd., Salina, KS 67401, telephone 785-823-4500.

Supplementary Information

The environmental assessment of this federally assisted action indicates that the project will not cause significant local, regional, or national impact on the environment. As a result of these findings, Karen A. Woodrich, State Conservationist, has determined that the preparation and review of an environmental impact statement is not needed for this project.

The project's purpose is to meet current state and NRCS hazard class dam criteria so the structures will continue to provide flood damage reduction benefits. The planned works of improvement include the rehabilitation of Rock Creek Watershed Floodwater Retarding Dam 2, located in Butler County, Kansas.

The Notice of Finding of No Significant Impact (FONSI) has been forwarded to the Environmental Protection Agency and to various federal, state, and local agencies and interested parties. A limited number of copies of the FONSI and environmental assessment are available for single-copy requests at the above address. The FONSI and environmental assessment may be reviewed online at the Kansas NRCS website at www.ks.nrcs.usda.gov/programs/ws_rehab or by contacting Kevin D. Gustafson, State Conservation Engineer, at 785-823-4534.

No administrative action on implementation of the proposal will be taken until 15 days after the date of this publication.
