Department for Children and Families

Request for Proposals

The Kansas Department for Children and Families (DCF), Economic and Employment Services (EES) announces the release of a Request for Proposal (RFP) to

establish a coordinated statewide professional development system to prepare and train a skilled early childhood workforce. Sealed bids will be accepted no later than 2:00 p.m. (CST) April 18, 2022.

A complete copy of the RFP with details of important dates and timelines may be found at <http://www.dcf.ks.gov/Agency/Operations/Pages/OGC/Grant-RFP.aspx>. Additional files may be located at this website throughout the process so please monitor on a regular basis for changes.

Laura Howard
Secretary

Doc. No. 049911

(Published in the Kansas Register March 10, 2022.)

Cimarron Valley Railroad

Request for Proposals

Interested parties are invited to submit a proposal to complete the below scope for the proposed Cimarron Valley Railroad (CVR) track rehabilitation project near Satana, Kansas.

Scope of Work

CVR track rehabilitation project from Satana, Kansas to Ulysses, Kansas. Provide all necessary labor, equipment and logistical services to provide labor cost to complete
(continued)

all rehab and track construction work, ties, ballast, etc. The scope is further described as follows:

- Extract and install approximately 1629, new 7x9x8.6' (industrial grade) or equivalent crossties.
- Demolition of old 90# rail (6,072 track feet); install 112# (6,072 feet) rail and needed OTM – plates, spikes, anchors, bolt/washer/nut assemblies, and comp bars.
- Install 2,723 tons of ballast. To include, tamping and regulating.
 - In accordance with AREMA standards, ballast shoulders must be dressed at the end of each workday to prevent thermal deviation in track due to disturbed roadbed.
- Build and install four new #112, #10 complete turn-outs, including Sampson switch-points and stop-rests: all OTM – anchors, bolts, and four complete switch tie packs.
- Bridge repairs to approximately 16 bridges, caps, stringers, piles, deck ties, headwalls, and culverts.
- Any pre-existing rail, ties, or OTM that is removed when installing switch components, must be removed and disposed of according to all local, state and federal regulations.
- Additional details concerning the scope of work needing to be done with each portion of the project will be addressed at the pre-bid meeting.

Minimum Requirements

MSA and Roadway Worker Protection

Contractors must complete, and have on file, a current Master Services Agreement with CVR Railroad. Prior to submitting a proposal.

1. Contractors shall comply with all parts of 49 CFR Part 214 and 219 regarding FRA Roadway Worker Safety at all times. Men and equipment shall remain clear of the track unless they have gained Roadway Worker Protection from a qualified person.
2. Contractor, contractor employees, agents and/or subcontractors must be enrolled and comply with the FRA 219 approved drug testing program.
3. Any subcontracted work will need to be approved by the CVR Railroad prior to any work starting.

Work Windows

Impact to current railroad operations must be kept to a minimum. When work must take place that causes an active track to be taken out of service for the purposes of performing work that pertains to the project, the contractor must pre-arrange a defined work window with the railroad. Contractor can anticipate a minimum work window of 8 hours with no more than one schedule of interruption in that time frame, between the hours of 07:00 and 17:00. For work windows extending more than eight hours, a minimum of 72 hours of notification is required to the railroad to arrange this window.

Work windows may be arranged 7 days a week, if desired. Current railroad operations consist of at least one train per day through the work area. This train operates in the evening hours; however, this schedule is subject to change at any time. This topic will be further discussed and clarified during the pre-proposal meeting.

Standards

All standards referenced by the project plans and specifications, as well as all applicable AREMA standards must be upheld during all phases of the project work, unless certain standards are excluded from the project with written approval by CVR. All rails shall be replaced at standard gauge of 56-1/2".

Submittals

The following documents shall be submitted by the contractor as part of the project, at the times listed:

1. Schedule of Work – Submitted with proposal
2. Certificate of Insurance – Submitted prior to construction
3. Safety Plan – Submitted prior to construction
4. Proof of Roadway Worker Training – Submitted prior to construction
5. Rail Testing (if AREMA #1 Relay Rail is used) – Submitted prior to construction
6. All contractors must recognize this is a state contract
7. Rail Weld UT Test Requirements (all rail comp welds) – Submitted with billing

Other Responsibilities

1. Permits – Contractor is responsible for all federal, state, and local permits required for the work.
2. Utilities – Contractor is responsible to locate and protect site utilities.
3. Site Clean-up – Contractor is responsible for proper site restoration and proper disposal of materials removed in accordance with all local, state and federal laws.

Insurance

Contractor shall purchase required coverage and submit for verification a Certificate of Insurance.

Materials

All materials shall meet the requirements found in the project plans and/or specifications as well as applicable AREMA requirements. Material storage is granted on railroad right of way to the contractor. However, no materials shall be stored closer than 15' from the centerline of any active track, at any time. Material and equipment laydown areas and reclaimed materials stockpiling locations shall be discussed and further clarified at the pre-proposal meeting. All removed materials remain property of the K&O Railroad, to be stockpiled as directed by a railroad representative.

Non-Project Areas

CVR has secured access to the project through the railroad right of way. Other access may be obtained by the contractor if he so chooses. All areas (public, private, and railroad right of way) that are used for access to the project, including parts of the railroad right of way which have no proposed work, shall be maintained and/or remediated, incidental to the project, by the contractor to the satisfaction of the property owner if any damage to these areas occurs.

Pre-Proposal Meeting

CVR shall hold a pre-proposal meeting at the project site at 1:00 a.m. (CST) March 30, 2022. The meeting shall be held at the CVR office in Satana, Kansas. Contractors

are required to be present at this meeting to submit a proposal or their proposal can be rejected.

Project Completion

All work pertaining to this project shall be completed by August 15, 2022. Failure to complete work by August 15, 2022, may result in the contractor’s removal from the property or charges of \$2500/day until completed to satisfaction.

Submission of a Proposal

All proposals must be submitted no later than April 22, 2021. All submitted proposals shall be reviewed by CVR. Please ensure your proposal includes all required information. All incomplete proposals shall be rejected. Contractors who wish to submit a proposal must attend the pre-proposal meeting. The structure of your proposal must be able to be clearly understood, all proposals shall provide the following line items and provide costs as required below:

1. Provide a total sum of all line items on the proposal
2. Mobilization and demobilization – Lump sum
3. Install 6,072 track feet of #115 RE rail
4. Extract and install approximately 1,629 new, 7x9x8.6’ (IG) or equivalent crossties
5. Distribute approximately 2,723 tons ballast
6. Install four new #115, #10 turnouts with associated components
7. Tamp and regulate
8. Bridge repairs work on approximately 16 bridges scope of work will be available at pre-bid meeting

Work Reporting

Daily work reports must be filled out and submitted to Rod Bell, CVR Roadmaster, at rbell@jag-transport.com, phone 307-679-4460 and Neal Jacobs, Division Engineer, at njacobs@jag-transport.com, phone 316-215-4087. Weekly Reports should include updates to project schedules, any delays, or any change in the scope of work. A detailed summary report must be submitted at the completion of the project. Daily reporting shall consist of daily progress reports simultaneously emailed to Rod Bell and Neal Jacobs.

For further information or questions regarding the request for proposals, or submitting a proposal, needs to be simultaneously emailed to the following to Rod Bell and Neal Jacob, or contacted by phone.

Neil Jacobs

Notice of Requested Architectural Services

Notice is hereby given of the commencement of the selection process for architectural services for an Industrial Building at the Lansing Correctional Facility. The Department of Corrections is planning to construct a 24,000 or 30,000 square foot pre-engineered metal building to house private industrial shops at Lansing Correctional Facility. The building will have 24’ high eave heights and be 100’ x 240’/300’. The plan should have minimum interior columns and two overhead doors, four exit doors. The building will need to be fully sprinkled and have fire alarm system connected to the campus wide system. The building will need to meet all state codes for energy standards, lighting, heating (no A/C at this time), and building codes. The estimated project construction budget is \$3,000,000.

An architectural/engineering program is available at <https://admin.ks.gov/offices/facilities-property-management/design-construction--compliance/architectural--engineering-programs>. For more information, contact Mike Gaito at mike.gaito@ks.gov, phone 785-746-7482.

To be considered, one (1) PDF file of the following should be provided: State of Kansas Professional Qualifications DCC Forms 051-054, inclusive, and information regarding similar projects. These forms may be found at <https://admin.ks.gov/offices/facilities-property-management/design-construction--compliance/forms-and-documents>. State of Kansas Professional Qualifications DCC

(continued)

Form 050 for each firm and consultant should be provided at the end of each proposal. Please include your firm name, agency abbreviation, and an abbreviated project name in the title of the PDF document. Proposals should be less than 5 Mb and follow the current State Building Advisory Commission guidelines which can be found in Part B – Chapter 2 of the Building Design and Construction Manual at <https://admin.ks.gov/offices/facilities-property-management/design-construction--compliance/building-design-and-construction-manual-bdcm>. Paper copies and flash drives containing copies of the proposals are not required.

Proposals should be sent to professional.qualifications@ks.gov. Proposals received after the date and time noted below will not be forwarded to the State Building Advisory Commission for review. If you have questions, call 785-296-0749. The PDF proposal submissions shall be delivered to the attention of Randy Riveland by 2:00 p.m. on or before March 25, 2022.

The State of Kansas, as a matter of public policy, encourages anyone doing business with the State of Kansas to take steps to discourage human trafficking. If prospective bidders/vendors/contractors have any policies or participate in any initiatives that discourage human trafficking, then the prospective bidder/vendor/contractor is encouraged to submit same as part of their bid response.

Notice of Requested Architectural Services

Notice is hereby given of the commencement of the selection process for project management services for Kansas State University (KSU). The university is currently short of staff to manage design and construction projects. They are seeking firms to act as the owner’s representative for projects of all sizes being executed by on-call firms and firms hired for capital projects. The firm(s) hired will be required to review and comment on design, construction documents, change orders, and code footprints as well as serving as the owner’s representative at meetings throughout the duration of the design and construction of any given project. Coordinating the project with the KSU facilities staff and their procedures is expected. The ability to quickly respond to critical elements uncovered during construction is important and, as such, preference will be given to firms within 30 miles of Manhattan, Kansas. Multiple firms may be selected. The contracts will be for three years. For more information, contact Rosanna Carvalho at rcarvalho@ksu.edu or phone 785-532-1732.

To be considered, one (1) PDF file of the following should be provided: State of Kansas Professional Qualifications DCC Forms 051 through 054, inclusive, and information regarding similar projects. These forms may be found at <https://admin.ks.gov/offices/facilities-property-management/design-construction--compliance/forms-and-documents>. State of Kansas Professional

Qualifications DCC Form 050 for each firm and consultant should be provided at the end of each proposal. Please include your firm name, agency abbreviation, and an abbreviated project name in the title of the PDF document. Proposals should be less than 5 Mb and follow the current State Building Advisory Commission guidelines which can be found in Part B – Chapter 2 of the Building Design and Construction Manual a <https://admin.ks.gov/offices/facilities-property-management/design-construction--compliance/building-design-and-construction-manual-bdcm>. Paper copies and flash drives containing copies of the proposals are not required.

Proposals should be sent to professional.qualifications@ks.gov. Proposals received after the date and time noted below will not be forwarded to the State Building Advisory Commission for review. If you have questions, call 785-296-0749. The PDF proposal submissions shall be delivered to the attention of Randy Riveland by 2:00 p.m. on or before March 25, 2022.

Doc. No. 049784

State of Kansas

Kansas Turnpike Authority

Notice of Public Auction

The Kansas Turnpike Authority (KTA) will offer for sale at public auction land that it owns in Topeka, Kansas, which is no longer necessary to meet its lawful objectives.

The property is located on SE 21st Street south of Cyprus and west of Croco, consisting of 2.44 acres, more or less.

Inspection of Property will take place from 10:00 a.m. to 10:30 a.m. Wednesday, March 16, 2022.

Sale will be conducted at 11:30 a.m. Thursday, April 7, 2022, at the Kansas Turnpike Authority Topeka Maintenance Building, 3939 S. Topeka Blvd., Topeka, Kansas. Opening and minimum acceptable bid will be \$35,000. Seller reserves the right to reject any and all bids. A complete legal description for the property can be obtained by contacting Kristi Ericksen at 785-274-3655.

Access

There is an existing asphalt road extending onto the property, currently a part of 21st Street. Access control will remain in place along the north and east property lines.

Utilities

Public sewer is not available onsite. A city waterline runs along the west edge of the property and will be subject to easement.

(continued)

Zoning

The property has no zoning designation since it has been a part of highway right of way. Properties in the area are zoned light industrial.

Terms of Sale

Cashier's check for \$3,500 representing ten percent (10%) of the minimum acceptable bid, is due at the time of the sale. The required construction improvements must be completed and approved by KTA, and the balance of the purchase price paid by cashier's check on or before 5:00 p.m. Wednesday, August 10, 2022. Successful bidder will receive a Contract to Purchase on the day of the sale and a Quit Claim Deed after balance is paid and after additional construction requirements are met. If the work is not complete and accepted by KTA, or the balance of the purchase price is not paid, on or before 5:00 p.m. Wednesday, August 10, 2022, the ten percent (10%) down payment will be forfeited to the seller.

Any description of the property is for information purposes only, and no representations, warranties, or guarantees are made concerning locations, dimensions, tract size, nature or quality, or suitability for use of the tract for any improvements. Not responsible for accidents. Should a dispute arise after the auction, the seller's records will be conclusive in all respects.

Sold Subject to the Following

Tract will be sold subject to the easement for the water-line located on the west property line.

Required construction improvements

In accordance with city and fire requirements, purchaser will be required to construct, based on approval by KTA inspection, a new driveway for access to the adjacent property along with fence and gate modifications and a hammerhead style turnaround, prior to issuance of Quit Claim Deed from KTA. Minimum requirements for construction of the hammerhead and entrance can be obtained by request to Kristi Ericksen at 785-274-3655.

The prospective buyer is encouraged to research the chain of title of this tract.

KTA makes no representations concerning the condition, value, or suitability of use for this property or the improvements, attachments, or fixtures thereof, if any. The property and said improvements, etc. will be sold in the present "as is" condition, without warranties or guarantees of any kind. It is not KTA's intent to impose any restrictions not already in existence on the property. KTA has no specific knowledge about such restrictions, but does not warrant the property to be free of restrictions either.

KTA ensures the acceptance of any bid pursuant to this notice will be without discrimination on the grounds of sex, race, color, religion, physical handicap, or national origin.

For additional information contact Kristi Ericksen at 785-274-3655.

Public Notice

The Kansas Department of Health and Environment (KDHE) has reviewed an application from Nature’s Best Compost, Inc., to establish and operate a manure and source-separated waste composting facility. Cow manure will be brought in from Wilroads Feed Yard. Paunch waste from National Beef Packing Company will be brought to the site as well. These materials will be windrowed together to make a compost product.

Nature’s Best Compost, Inc. is a privately-owned company and is locating this composting operation 1.5 miles southwest of Fort Dodge in Ford County, Kansas at 11449 Lariat Way, Dodge City, KS 67801. They are locating within the permitted Concentrated Animal Feeding Operation of Wilroads Feed Yard, but a permit from the Bureau of Waste Management is required because they are bringing in paunch waste from off-site. The compost will be sold as farmland soil nutrients.

KDHE has reviewed the application from Nature’s Best Compost, Inc. and has found the application to be in conformance with state solid waste statutes and regulations. KDHE is providing public notice of this draft permit for the proposed composting facility described herein. A copy of the administrative record, which includes the draft permit page and all information regarding this

(continued)

permit action, is available for public review until April 8, 2022, during normal business hours, Monday through Friday, at the following location:

Ford County Clerk's Office
100 Gunsmoke
Dodge City, KS 67801
Contact: Debbie Cox
620-227-4550
dcox@fordcounty.net

Additionally, the application form with primary permit information is available for public viewing on the KDHE Bureau of Waste Management website at <https://www.kdhe.ks.gov/676/Solid-Waste-Public-Notices>.

Anyone wishing to comment on the draft permit information should submit written statements postmarked no later than April 8, 2022, to Emery Wiens, at the following address:

Kansas Department of Health and Environment
Bureau of Waste Management
Solid Waste Permits Section
1000 SW Jackson, Suite 320
Topeka, KS 66612
785-296-2751
Emery.Wiens@ks.gov

After consideration of all comments received, the director of the Division of Environment of KDHE will make a final decision on whether to issue the permit. Notice of the decision will be given to anyone who submitted written comments during the comment period and to those who requested notice of the final permit decision.

Janet Stanek
Acting Secretary

Doc. No. 049907

State of Kansas

Department of Health and Environment

Notice Concerning Kansas/Federal Water Pollution Control Permits and Applications

In accordance with Kansas Administrative Regulations 28-16-57a through 63, 28-18-1 through 17, 28-18a-1 through 31 and 33, 28-16-150 through 154, 28-46-7, and the authority vested with the state by the administrator of the U.S. Environmental Protection Agency, various draft water pollution control documents (permits, notices to revoke and reissue, notices to terminate) have been prepared and/or permit applications have been received for discharges to waters of the United States and the state of Kansas for the class of discharges described below.

The proposed actions concerning the draft documents are based on staff review, applying the appropriate standards, regulations, and effluent limitations of the state of Kansas and the Environmental Protection Agency. The final action will result in a Federal National Pollutant Discharge Elimination System Authorization and/or a Kansas Water Pollution Control permit being issued, subject to certain conditions, revocation, and reissuance of the designated permit or termination of the designated permit.

Public Notice No. KS-AG-22-066/072

Pending Permits for Confined Feeding Facilities

Name and Address of Applicant	Legal Description	Receiving Water
Molzahn Cattle Company, LLC 877 E. Plains Rd. Agra, KS 67621	SE/4 of Section 18 T03S, R16W Phillips County	Solomon River Basin

Kansas Permit No. A-SOPL-B016

The proposed action is to issue a new state permit for a facility for 999 head (999 animal units) of beef cattle weighing more than 700 pounds. The facility will consist of approximately 8 total acres of open lot pens, earthen drainage and diversion channels, two sediment basins, connecting drainage pipes with picket dams, and a new wastewater retention structure. This facility has an approved Waste Management Plan on file with KDHE.

Name and Address of Applicant	Legal Description	Receiving Water
Linchpin Farms, LLC Linchpin Cattle PO Box 124 Kiowa, KS 67070	SW/4 of Section 04 T35S, R11W Barber County	Lower Arkansas River Basin

Kansas Permit No. A-ARBA-B001

The proposed action is to modify and reissue the existing state permit for a facility for a proposed maximum capacity of 999 head (999 animal units) of cattle weighing greater than 700 pounds. This represents an increase in the permitted animal units from the previous permit. This permit is also being modified to include the construction of additional pens and a new wastewater retention structure to support the increase in animal units. This facility has an approved Waste Management Plan on file with KDHE.

Name and Address of Applicant	Legal Description	Receiving Water
Fullmer Cattle Company Que Fullmer PO Box 986 Syracuse, KS 67878	SE/4 of Section 25 & E/2 of Section 36 T24S, R41W Hamilton County	Upper Arkansas River Basin

Kansas Permit No. A-UAHM-C005
Federal Permit No. KS0090981

The proposed action is to modify and reissue the existing NPDES permit for a facility for a proposed maximum capacity of 80,000 head (40,000 animal units) of cattle weighing less than 700 pounds. This represents an increase in the permitted animal units from the previous permit. This permit is also being modified to add approximately 6.6 acres of pens in Control Area 3 and a trailer wash that drains to RS-3. This facility has an approved Nutrient Management Plan on file with KDHE.

Name and Address of Applicant	Legal Description	Receiving Water
L-4 Feeders, LLC Lance Hanzlicek 612 Lark Rd. Hope, KS 67451	SW/4 of Section 05 T16S, R03E Dickinson County	Smoky Hill River Basin

Kansas Permit No. A-SHDK-C002
Federal Permit No. KS0086631

The proposed action is to reissue an existing NPDES permit for an existing facility for 3,500 head (3,500 animal units) of cattle weighing more than 700 pounds. There will be no change in the operation or permitted number of animal units from the previous permit. This facility has an approved Nutrient Management Plan on file with KDHE.

Name and Address of Applicant	Legal Description	Receiving Water
Tyler Remington 6698 CR Z Quinter, KS 67752	SE/4 of Section 26 T11S, R27W Gove County	Smoky Hill River Basin

Kansas Permit No. A-SHGO-B030

The proposed action is to reissue an existing state permit for an existing facility for 800 head (400 animal units) of cattle 700 pounds or less. There will be no change in the operation or permitted number of animal units from the previous permit. This facility has an approved Waste Management Plan on file with KDHE.

Name and Address of Applicant	Legal Description	Receiving Water
Davignon Farms Roger Davignon 2247-B L Rd. Hill City, KS 67642	NE/4 of Section 07 T09S, R23W Graham County	Solomon River Basin

Kansas Permit No. A-SOGH-B004

The proposed action is to reissue an existing state permit for an existing facility for 990 head (990 animal units) of cattle more than 700 pounds. There will be no change in the operation or permitted number of animal units from the previous permit. This facility has an approved Waste Management Plan on file with KDHE.

Name and Address of Applicant	Legal Description	Receiving Water
Feedyards, Inc. - Ulysses Feedyard 1765 E. Road 21 Ulysses, KS 67880	All of Section 14 & NW/4 of Section 12 T30S, R37W Grant County	Upper Cimarron River Basin

Kansas Permit No. A-CIGT-C003
Federal Permit No. KS0053481

The proposed action is to modify and reissue an existing NPDES permit for a facility with a maximum capacity of 90,000 head (90,000 animal units) of cattle weighing more than 700 pounds. This permit is being modified to add a description of newly constructed evaporation cells. There is no change in the permitted number of animal units from the previous permit. This facility has an approved Nutrient Management Plan on file with KDHE.

Public Notice No. KS-Q-22-015

The requirements of the draft permit public noticed below are pursuant to the Kansas Surface Water Quality Standards, K.A.R. 28-16-28(b-g), and Federal Surface Water Criteria.

Name and Address of Applicant	Receiving Stream	Type of Discharge
Frankfort, City of 109 N. Kansas Frankfort, KS 66427	Black Vermillion River via Little Timber Creek via Unnamed Tributary	Process Wastewater

Kansas Permit No. I-BB07-PO02
Federal Permit No. KS0099104

Legal Description: NE¼, S16, T4S, R9E, Marshall County, Kansas

Facility Name: Frankfort GAC Groundwater Remediation Facility

Facility Location: Near the intersection of N. Walnut and E. 8th St., Frankfort, KS

The proposed action is to reissue an existing State/NPDES permit for an existing facility. This facility is an existing groundwater remediation facility, using a two-stage granulated activated carbon (GAC) system to remove carbon tetrachloride from groundwater. Public Water Supply (PWS) well #4 is operated continuously through the GAC system to provide potable water to the city of Frankfort and prevent further migration of contaminated groundwater towards Little Timber Creek. The proposed permit contains limits for carbon tetrachloride.

Public Notice No. KS-EG-22-005

In accordance with K.A.R. 28-46-7 and the authority vested with the state by the administrator of the U.S. Environmental Protection Agency, draft permits have been

prepared for the use of the well(s) described below within the State of Kansas.

Name and Address of Applicant

Cargill, Inc.
PO Box 1403
Hutchinson, KS 67504-1403
Permit No. KS-03-155-248

Legal Description: N-6: SE¼, SE¼, NE¼, S20, T23, R5W, Reno County, Kansas

Well Number	Location
N-6	Latitude: 38.037035" Longitude: -97.886115"

The proposed action is to modify a Class III Injection Well permit for the well listed above. This well is authorized to mine salt at this facility by solution mining methods. Mining shall be confined to the Hutchinson Salt member of the Wellington formation and the salt solution mining operations (cavern development) shall not extend into the upper 50 feet of the salt deposit. Well N-6 is the horizontal borehole used to connect the production wells in the gallery. Injection into well N-6 occurs only to aid in connecting the production wells with the horizontal borehole. Once the production wells are successfully connected with the horizontal borehole, injection into N-6 shall cease and well N-6 shall be used for withdrawal only. Well-head pressure is not to exceed 170 psig. All construction, monitoring, and operation of these wells shall meet the requirements that apply to Class III Injection wells under the Kansas UIC Regulations, K.A.R. 28-46-1 through 28-46-45 and other requirements of KDHE.

Notice of Intent to Terminate

Pursuant to the requirements of K.A.R. 28-16-60 and K.A.R. 28-16-62, the Kansas Department of Health and Environment (KDHE) hereby provides notice of intent to terminate the following KDHE-issued permits.

Proposed Action: The Kansas Department of Health and Environment (KDHE) issued Authorizations for stormwater discharges under of the Construction Stormwater General Permit for the above-named projects. K.S.A. 65-166a requires the Secretary of KDHE to assess appropriate annual fees for Authorizations/Permits issued by the Department and provides that failure to pay the annual fee shall be cause for revocation/termination of the Authorization/Permit. The authorized entities named above have failed to comply with the requirement to pay the annual fee. Further, according to K.A.R. 28-16-62(f)-(g), the director has discretion to initiate termination of a permit. Therefore, pursuant to K.S.A. 65-166a, K.A.R. 28-16-60 and K.A.R. 28-16-62, KDHE is hereby providing notice of intent to terminate the Authorizations associated with the projects named herein. The entity may re-instate the Authorization by paying the appropriate annual fees. If you have any questions regarding the termination of your permit, please contact the Stormwater Coordinator.

Persons wishing to comment on or object to the draft documents and/or permit applications must submit their comments in writing to the Kansas Department of Health and Environment (KDHE) if they wish to have the comments or objections considered in the decision-making process. All written comments regarding the draft documents, application or registration notices received on or before April 9, 2022 will be considered in the formulation of the final determination regarding this public notice. Please refer to the appropriate Kansas document number (KS-AG-22-066/072, KS-Q-22-015, KS-EG-22-005) and name of the applicant/permittee when preparing comments.

All comments received will be responded to at the time the Secretary of Health and Environment issues a determination regarding final agency action on each draft document/application. If response to any draft document/application indicates significant public interest, a public hearing may be held in conformance with K.A.R. 28-16-61 (28-46-21 for UIC). A request for public hearing must be submitted in writing and shall state the nature of the issues proposed to be raised during the hearing.

Comments or objections for agricultural related draft documents, permit applications, registrations or actions should be submitted to the attention of Paige Drury, Livestock Waste Management Section at the KDHE, Bureau of Environmental Field Services (BEFS), 1000 SW Jackson, Suite 430, Topeka, KS 66612. Comments or objections for all other proposed permits or actions should be sent to Michael Beezhold at the KDHE, Bureau of Water, 1000 SW Jackson St., Suite 420, Topeka, KS 66612.

All draft documents/applications and the supporting information including any comments received are on file and may be inspected at the offices of the KDHE. For agricultural related draft documents or applications an appointment can be scheduled, or copies requested by contacting Mirina Landry at 1000 SW Jackson St., Suite 430, Topeka, KS 66612, telephone 785-296-0076 or email at kdhe.feedlots@ks.gov. For all other proposed permits or actions an appointment can be scheduled, or copies

requested by contacting Christopher Zwiener, Bureau of Water, 1000 SW Jackson St., Suite 420, Topeka, KS 66612, telephone 785-296-3056 or email at Christopher.Zwiener@ks.gov. These documents are available upon request at the copying cost assessed by KDHE. Application information and components of plans and specifications for all new and expanding swine facilities are available at <http://www.kdhe.ks.gov/livestock>. Division of Environment offices are open from 8:00 a.m. to 5:00 p.m., Monday through Friday, excluding holidays.

Janet Stanek
Acting Secretary

Doc. No. 049914

State of Kansas

Department of Transportation

Notice to Consulting Firms

The Kansas Department of Transportation (KDOT) is seeking a qualified consulting firm or team of firms to perform professional services for the project(s) described in Table 1 below. Interested consultants must email a proposal to KDOT.DesignContracts@ks.gov by 12:00 p.m. (CST) March 18, 2022, to be considered for selection.

Consultant Prequalification

Interested consulting firms must be prequalified by KDOT or otherwise demonstrate qualification in Category 241 Construction Inspection and Testing.

If a firm is not currently prequalified by KDOT, a proposal may still be submitted. Firms not prequalified must also provide documentation that demonstrates the firm is qualified for each specified category listed in this notice for the project. Firms must use the KDOT prequalification form to provide this documentation. KDOT 1050 Prequalification Category Definitions (Blue Book) can be found at <http://www.ksdot.org/descons.asp>. Consultants may create a team to meet the prequalification requirements. All firms doing business with KDOT must be registered and in good standing under the laws of the State of Kansas at the time of contracting and must comply with applicable state and federal laws, rules, and regulations.

Table 1: Background and Scope of Project

Project Number	Background and Scope of Project
KA-6134-01	Project manager and inspectors as necessary to inspect: Pavement patching, subgrade/base, HMA roadway, concrete, bridge, traffic control, CMS or AASHTOWare data entry, all project records, all project paperwork, and final paperwork, etc.

Table 2: Project Summary

Project Number	Route and Scope	Project Location
KA-6134-01	K146-067 Machine prep. (1"), patch deck, PCC overlay (1.5"), drain extension with concrete surface repair. Add 13 feet approach slab, 50 feet mill with asphalt overlay transition.	Bridge #054 (Rock Creek) on K-146 in Neosho County located 6.22 miles east of US-59

Anticipated Consultant Scope

KDOT anticipates the following to be included in the consultant’s scope: Construction Inspection/Testing.

This effort will be managed out of the KDOT office in Pittsburg, Kansas.

Anticipated Schedule and Key Dates

1. Proposals are due by or before 12:00 p.m. (CST) March 18, 2022
2. Anticipated Start Date: May 16, 2022
3. Estimated Working Days: 85 days

Instructions for Proposal

1. No cost or pricing information shall be submitted with the proposal. Proposals including cost or pricing information will be considered non-responsive and withdrawn from further consideration.
2. The consultant’s proposal must not exceed 4 pages total (including any cover letter, index, etc.)
3. A PDF (2MB maximum size) of the proposal must be emailed to KDOT.DesignContracts@ks.gov by the proposal due date and time.
4. The subject line of the email and the PDF file name must read:
 - a. “KA-6134-01–ConstInsp BrRepair in Neosho Co_FIRM NAME”
5. The proposal must be accompanied by Special Attachments No. 8 (“Tax Clearance Certificate”) and No. 10 (“Policy Regarding Sexual Harassment”). If you need a Tax Clearance Certificate, you can request one at <https://www.ksrevenue.gov/taxclearance.html>. Allow 2-3 business days for processing.
6. The outline in Table 3 below describes the expected proposal organization and content sections.
7. Table 4 lists the evaluation criteria and associated weights which will be used to make a selection.

Table 3: Proposal Content

Section	Description of Intent
Cover Letter	(no more than 1 page)
Project Approach	Describe how your firm will meet the fluctuating inspection needs of the project.
Approach to Quality Control	Describe methods or procedures your firm will use to provide all services with professional quality and technical accuracy.
Qualifications and Experience	For key personnel to be assigned to the project provide names, qualifications, education, training, and expertise. Identify their area(s) of responsibility and percent of their time dedicated to the project. List work for which you do not have in-house capability and name the firm you propose to subcontract with.
Past Performance	Describe team’s past performance with respect to ability to meet project schedules; quality of work; and ability to control costs on similar transportation projects, especially those performed for KDOT. Include three references and contact information.
Familiarity with KDOT and Project Area	Describe team’s familiarity with KDOT’s inspection processes and standards. Describe familiarity with the project area and any identified special site conditions.

Table 4: Evaluation Factors

Evaluation Factor	Weight
The quality and completeness of the response	10%
Availability to respond to the work	20%
Qualifications and experience of project manager and other key project team members proposed for services	20%
Past performance history for similar projects/services for KDOT	20%
Understanding of the project area	10%
Understanding of KDOT contract administration and closeout procedures	20%

Contract Terms and Conditions

A standard KDOT agreement for engineering and technical services will be used for professional services projects. The following special attachments will need to be provided by the selected consultant and all subconsultants with the signed work order following negotiations and will become attachments to the contract.

- Special Attachment No. 8 (“Tax Clearance Certificate”)
- Special Attachment No. 10 (“Policy Regarding Sexual Harassment”)

Questions

All questions regarding this request for proposals shall be emailed to KDOT.DesignContracts@ks.gov.

Questions can be submitted until March 10, 2022; answers will be provided to all prequalified consultants on March 14, 2022.

Anticipated Consultant Scope

KDOT anticipates the following to be included in the consultant’s scope: Construction Inspection/Testing.

- Note 1: Projects KA-6112-01 and KA-6269-01 will be managed out of the KDOT office in Atwood, Kansas. Projects KA-6205-01, KA-6206-01, and KA-6276-01 will be managed out of the KDOT office in Phillipsburg, Kansas.
- Note 2: KDOT has or plans to let Projects KA-6205-01, KA-6206-01, KA-6269-01, and KA-6276-01 to the same contractor; KA-6112-01 has been or will be let to a different contractor. It is expected that the chip seal contractor will be the same on all projects and that those efforts will be worked consecutively.

Anticipated Schedule and Key Dates

1. Proposals are due by or before 12:00 p.m. (CST) March 18, 2022
2. Anticipated Start Date for KA-6112-01 Surface Recycle: May 1, 2022
3. Anticipated Start Date for Chip Seals: June 1, 2022
4. Estimated Working Days:
 - a. KA-6112-01: 25 days
 - b. KA-6205-01: 10 days
 - c. KA-6206-01: 20 days

- d. KA-6269-01: 25 days
- e. KA-6276-01: 10 days

Instructions for Proposal

1. No cost or pricing information shall be submitted with the proposal. Proposals including cost or pricing information will be considered non-responsive and withdrawn from further consideration.
2. The consultant’s proposal must not exceed 4 pages total (including any cover letter, index, etc.)
3. A PDF (2MB maximum size) of the proposal must be emailed to KDOT.DesignContracts@ks.gov by the proposal due date and time.
4. The subject line of the email and the PDF file name must read:
 - a. “RFP for KA-6112,6205,06,69,76–ConstInsp for ChipSeal in Multiple Cos_FIRM NAME”
5. The proposal must be accompanied by Special Attachments No. 8 (“Tax Clearance Certificate”) and No. 10 (“Policy Regarding Sexual Harassment”). If you need a Tax Clearance Certificate, you can request one at <https://www.ksrevenue.gov/taxclearance.html>. Allow 2-3 business days for processing.
6. The outline in Table 3 below describes the expected proposal organization and content sections.
7. Table 4 lists the evaluation criteria and associated weights which will be used to make a selection.

Table 3: Proposal Content

Section	Description of Intent
Cover Letter	(no more than 1 page)
Project Approach	Describe how your firm will meet the fluctuating inspection needs of the project.
Approach to Quality Control	Describe methods or procedures your firm will use to provide all services with professional quality and technical accuracy.
Qualifications and Experience	For key personnel to be assigned to the project provide names, qualifications, education, training, and expertise. Identify their area(s) of responsibility and percent of their time dedicated to the project. List work for which you do not have in-house capability and name the firm you propose to subcontract with.
Past Performance	Describe team’s past performance with respect to ability to meet project schedules; quality of work; and ability to control costs on similar transportation projects, especially those performed for KDOT. Include three references and contact information.
Familiarity with KDOT and Project Area	Describe team’s familiarity with KDOT’s inspection processes and standards. Describe familiarity with the project area and any identified special site conditions.

Table 4: Evaluation Factors

Evaluation Factor	Weight
The quality and completeness of the response	10%
Availability to respond to the work	20%
Qualifications and experience of project manager and other key project team members proposed for services	20%
Past performance history for similar projects/services for KDOT	20%
Understanding of the project area	10%

Understanding of KDOT contract administration and closeout procedures	20%
---	-----

Contract Terms and Conditions

A standard KDOT agreement for engineering and technical services will be used for professional services projects. The following special attachments will need to be provided by the selected consultant and all subconsultants with the signed work order following negotiations and will become attachments to the contract.

- Special Attachment No. 8 (“Tax Clearance Certificate”)
- Special Attachment No. 10 (“Policy Regarding Sexual Harassment”)

Questions

All questions regarding this request for proposals shall be emailed to KDOT.DesignContracts@ks.gov.

Questions can be submitted until March 10, 2022; answers will be provided to all prequalified consultants on March 14, 2022.

Marcia Turner, P.E., Contracts Manager
Division of Engineering and Design

Doc. No. 049885

State of Kansas

Department of Transportation

Notice to Consulting Firms

The Kansas Department of Transportation (KDOT) is seeking a qualified consulting firm or team of firms to perform professional services for the project(s) described in Table 1 below. Interested consultants must email a proposal to KDOT.DesignContracts@ks.gov by 12:00 p.m. (CST) March 25, 2022, to be considered for selection.

Consultant Prequalification

Interested consulting firms must be prequalified by KDOT or otherwise demonstrate qualification in the following categories: 222 Standard Span Bridge Design; 311 Geotechnical Engineering Services; 312 Materials Laboratory Testing Services.

If a firm is not currently prequalified by KDOT, a proposal may still be submitted. Firms not prequalified must also provide documentation that demonstrates the firm is qualified for each specified category listed in this notice for the project. Firms must use the KDOT prequalification form to provide this documentation. KDOT 1050 Prequalification Category Definitions (Blue Book) can be found at <http://www.ksdot.org/descons.asp>. Consultants may create a team to meet the prequalification requirements. All firms doing business with KDOT must be registered and in good standing under the laws of the State of Kansas at the time of contracting and must comply with applicable state and federal laws, rules, and regulations.

Table 1: Background and Scope of Project

Project Number	Background and Scope of Project
KA-6545-01	The overhead sign structures listed below need to be replaced.

Table 2: Project Summary

Project Number	Serial #	Latitude	Longitude	Route	County	State Ref #
KA-6545-01	08750012	37.67206	-97.433	US-54	87	210.65
	08750014	37.6719	-97.43	US-54	87	210.65
	08750015	37.67379	-97.29	US-54	87	210.7
	08750016	37.67292	-97.428	US-54	87	210.75
	08750017	37.67203	-97.428	US-54	87	210.7
	08750018	37.67116	-97.428	US-54	87	210.7
	08750019	37.67293	-97.426	US-54	87	210.85
	08750020	37.67194	-97.426	US-54	87	210.85
	08750021	37.67314	-97.425	US-54	87	210.95
	08750022	37.67275	-97.422	US-54	87	211.1
	08750026	37.67249	-97.415	US-54	87	211.5
	08750155	37.66812	-97.428	US-54	87	210.65
	08750156	37.67568	-97.428	US-54	87	210.65

Anticipated Consultant Scope

KDOT anticipates the following to be included in the consultant’s scope:

- In addition to the overhead sign structure design, the following will need to be considered: geotechnical investigation for the structures, permanent signing, traffic control, and letting and construction phase services. Consultant shall also provide cost estimates bi-annually as we arrive at major project milestones.

Anticipated Schedule and Key Dates

1. Proposals are due by or before 12:00 p.m. (CST) March 25, 2022
2. The program fiscal year for this project is FY 2023 (July 2022–June 2023). KDOT anticipates letting will occur in January 2023.

Instructions for Proposal

1. No cost or pricing information shall be submitted with the proposal. Proposals including cost or pricing information will be considered non-responsive and withdrawn from further consideration.
2. The consultant’s proposal must not exceed 4 pages total (including any cover letter, index, etc.)
3. A PDF (2MB maximum size) of the proposal must be emailed to KDOT.DesignContracts@ks.gov by the proposal due date and time.
4. The subject line of the email and the PDF file name must read:
 - a. “KA-6545-01–US54.Ridge Rd OH Signs_FIRM NAME”
5. The proposal must be accompanied by Special Attachments No. 8 (“Tax Clearance Certificate”) and No. 10 (“Policy Regarding Sexual Harassment”). If you need a Tax Clearance Certificate, you can request one at <https://www.ksrevenue.gov/taxclearance.html>. Allow 2-3 business days for processing.
6. The outline in Table 3 below describes the expected proposal organization and content sections.
7. Table 4 lists the evaluation criteria and associated weights which will be used to make a selection.

Table 3: Proposal Content

Section	Description of Intent
Cover Letter	1 Page

(continued)

Section	Description of Intent
Project Approach	Demonstrate a unique approach to accomplish the design efficiently and to a high standard. Include cost-effective and optimized solutions to address the anticipated improvements in the design. Include unique qualifications or experience related to the project approach.
Approach to Schedule	Describe the approach to accomplish the scope of services within the schedule requirements. Include anticipated key milestone dates and availability of staff.
Approach to Quality Control	Describe methods or procedures your firm will use to provide all drawings, reports and other services with professional quality and technical accuracy.
Qualifications and Experience	For key personnel to be assigned to the project provide names, office location, qualifications, education, training, and expertise. Identify their area(s) of responsibility and percent of their time dedicated to the project. List work for which you do not have in-house capability and name the firm you propose to subcontract with.
Past Performance	Describe team’s past performance with respect to ability to meet project schedules; quality of work; and ability to control costs on similar transportation projects, especially those performed for KDOT. Include three references and contact information.
Familiarity with KDOT and Project Area	Describe team’s familiarity with KDOT’s design process and standards. Describe familiarity with the project area and any identified special site conditions.

Table 4: Evaluation Factors

Evaluation Factor	Weight
Availability to respond to the work	10%
Commitment to meet advertised schedule	10%
Approach to quality control	40%
Understanding of the project area	10%
Understanding of KDOT CAD standards and expectations for deliverables	30%

Contract Terms and Conditions

A standard KDOT agreement for engineering and technical services will be used for professional services projects. The following special attachments will need to be provided by the selected consultant and all subconsultants with the signed work order following negotiations and will become attachments to the contract.

- Special Attachment No. 8 (“Tax Clearance Certificate”)
- Special Attachment No. 10 (“Policy Regarding Sexual Harassment”)

Questions

All questions regarding this request for proposals shall be emailed to KDOT.DesignContracts@ks.gov.

Questions can be submitted until March 17, 2022; answers will be provided to all prequalified consultants on March 21, 2022.

Marcia Turner, P.E., Contracts Manager

Doc. No. 049920

State of Kansas

Department of Transportation

Notice to Consulting Firms

The Kansas Department of Transportation (KDOT) is seeking a qualified consulting firm or team of firms to perform professional services for the project(s) described in Table 1 below. Interested consultants must email a letter of interest to KDOT.DesignContracts@ks.gov by 12:00 p.m. (CST) March 25, 2022, to be considered for selection.

Consultant Prequalification

Interested consulting firms must be prequalified by KDOT or otherwise demonstrate qualification in Category 241 Construction Inspection and Testing.

If a firm is not currently prequalified by KDOT, a proposal may still be submitted. Firms not prequalified must also provide documentation that demonstrates the firm is qualified for each specified category listed in this notice for the project. Firms must use the KDOT prequalification form to provide this documentation. KDOT 1050 Prequalification category definitions (Blue Book) can be found at <http://www.ksdot.org/descons.asp>. Consultants may create a team to meet the prequalification requirements. All firms doing business with KDOT must be registered and in good standing under the laws of the State of Kansas at the time of contracting and must comply with applicable state and federal laws, rules, and regulations.

Table 1: Background and Scope of Project

Project Number	Background and Scope of Project
KA-6290-01	Project manager and inspectors as necessary to inspect: HMA plant, HMA roadway, traffic control, CMS or AASHTOWare data entry, all project records, all project paperwork, and final paperwork, etc.
KA-6227-01	Project manager and inspectors as necessary to inspect: HMA plant, HMA roadway, traffic control, CMS or AASHTOWare data entry, all project records, all project paperwork, and final paperwork, etc.

Table 2: Project Summary

Project Number	Route and Scope	Location
KA-6290-01	Multiple Routes–005 US-281: 2-inch hot in-place recycling, 1.5-inch overlay, rumble strips, edge wedge on shoulders.	Barton County: US-281: West junction US-281/K-4 to east junction US-281/K-4.
	K-4: 1-inch cold mill, 2-inch overlay and edge wedge	K-4 (part 1): Rush/Barton County line to west junction US-281/K-4. K-4 (part 2): East junction US-281/K-4 to the Barton/Rice County line
KA-6227-01	Multiple Routes–073 ¾-inch cold mill, 2-inch overlay and edge wedge on shoulders	Pawnee County: K-156: Hodgeman/Pawnee County line to the west city limits of Larned. K-264: State hospital to junction K-156/K-264. US-183: Junction K-156/US-183 to the Pawnee/Rush County line.

Anticipated Consultant Scope

KDOT anticipates the following to be included in the consultant’s scope: Construction Inspection/Testing.

- Note: These Projects will be managed out of the KDOT office in Great Bend, Kansas. These Projects have all been let and awarded to a single contractor.

Anticipated Schedule and Key Dates

- Proposals are due by or before 12:00 p.m. (CST) March 25, 2022
- Anticipated Start Dates and Estimated Working Days:
 - KA-6290-01:
 - Surface Recycle Starting June 20, 2022
 - Asphalt Paving Starting July 1, 2022
 - Estimated Working Days: 45 days
 - KA-6227-01:
 - Starting August 8, 2022
 - Estimated Working Days: 60 days

Instructions for Proposal

- No cost or pricing information shall be submitted with the proposal. Proposals including cost or pricing information will be considered non-responsive and withdrawn from further consideration.
- The consultant’s proposal must not exceed 4 pages total (including any cover letter, index, etc.)
- A PDF (2MB maximum size) of the proposal must be emailed to KDOT.DesignContracts@ks.gov by the proposal due date and time.
- The subject line of the email and the PDF file name must read:
 - “KA-6290, 6227–ConstInsp Resurf in Barton-Pawnee_FIRM NAME”
- The proposal must be accompanied by Special Attachments No. 8 (“Tax Clearance Certificate”) and No. 10 (“Policy Regarding Sexual Harassment”). If you need a Tax Clearance Certificate, you can request one at <https://www.ksrevenue.gov/taxclearance.html>. Allow 2-3 business days for processing.
- The outline in Table 3 below describes the expected proposal organization and content sections.

Table 2: Project Summary

Project Number	Route and Scope	Project Location
KA-6398-01	U050-056 3-inch overlay and rumble strips on centerline and shoulders	US-50 in Lyon County beginning at the Chase/Lyon County line to junction Road E 5/US-50

Anticipated Consultant Scope

KDOT anticipates the following to be included in the consultant’s scope: Construction Inspection/Testing.

This effort will be managed out of the KDOT office in Emporia, Kansas.

Anticipated Schedule and Key Dates

- Proposals are due by or before 12:00 p.m. (CST) March 18, 2022
- Anticipated Start Date: July 15, 2022
- Estimated Working Days: 50 days

Instructions for Proposal

- No cost or pricing information shall be submitted with the proposal. Proposals including cost or pricing information will be considered non-responsive and withdrawn from further consideration.
- The consultant’s proposal must not exceed 4 pages total (including any cover letter, index, etc.)
- A PDF (2MB maximum size) of the proposal must be emailed to KDOT.DesignContracts@ks.gov by the proposal due date and time.

- The subject line of the email and the PDF file name must read:
 - “KA-6398–ConstInsp Pvmnt Resurf in Lyon Co_ FIRM NAME”
- The proposal must be accompanied by Special Attachments No. 8 (“Tax Clearance Certificate”) and No. 10 (“Policy Regarding Sexual Harassment”). If you need a Tax Clearance Certificate, you can request one at <https://www.ksrevenue.gov/taxclearance.html>. Allow 2-3 business days for processing.
- The outline in Table 3 below describes the expected proposal organization and content sections.
- Table 4 lists the evaluation criteria and associated weights which will be used to make a selection.

Table 3: Proposal Content

Section	Description of Intent
Cover Letter	(no more than 1 page)
Project Approach	Describe how your firm will meet the fluctuating inspection needs of the project.
Approach to Quality Control	Describe methods or procedures your firm will use to provide all services with professional quality and technical accuracy.
Qualifications and Experience	For key personnel to be assigned to the project provide names, qualifications, education, training, and expertise. Identify their area(s) of responsibility and percent of their time dedicated to the project. List work for which you do not have in-house capability and name the firm you propose to subcontract with.
Past Performance	Describe team’s past performance with respect to ability to meet project schedules; quality of work; and ability to control costs on similar transportation projects, especially those performed for KDOT. Include three references and contact information.
Familiarity with KDOT and Project Area	Describe team’s familiarity with KDOT’s inspection processes and standards. Describe familiarity with the project area and any identified special site conditions.

Table 4: Evaluation Factors

Evaluation Factor	Weight
The quality and completeness of the response	10%
Availability to respond to the work	20%
Qualifications and experience of project manager and other key project team members proposed for services	20%
Past performance history for similar projects/services for KDOT	20%
Understanding of the project area	10%
Understanding of KDOT contract administration and closeout procedures	20%

Contract Terms and Conditions

A standard KDOT agreement for engineering and technical services will be used for professional services projects. The following special attachments will need to be provided by the selected consultant and all subconsultants with the signed work order following negotiations and will become attachments to the contract.

- Special Attachment No. 8 (“Tax Clearance Certificate”)
- Special Attachment No. 10 (“Policy Regarding Sexual Harassment”)

Questions

All questions regarding this request for proposals shall be emailed to KDOT.DesignContracts@ks.gov.

Questions can be submitted until March 10, 2022; answers will be provided to all prequalified consultants on March 14, 2022.

Marcia Turner, P.E., Contracts Manager
Division of Engineering and Design

Doc. No. 049897

State of Kansas

Department of Transportation

Notice to Consulting Firms

The Kansas Department of Transportation (KDOT) is seeking a qualified consulting firm or team of firms to perform professional services for the project(s) described in Table 1 below. Interested consultants must email a proposal to KDOT.DesignContracts@ks.gov by 12:00 p.m. (CST) March 18, 2022, to be considered for selection.

Consultant Prequalification

Interested consulting firms must be prequalified by KDOT or otherwise demonstrate qualification in Category 241 Construction Inspection and Testing.

If a firm is not currently prequalified by KDOT, a proposal may still be submitted. Firms not prequalified must also provide documentation that demonstrates the firm is qualified for each specified category listed in this notice for the project. Firms must use the KDOT prequalification form to provide this documentation. KDOT 1050 Prequalification Category Definitions (Blue Book) can be found at <http://www.ksdot.org/descons.asp>. Consultants may create a team to meet the pre-qualification requirements. All firms doing business with KDOT must be registered and in good standing under the laws of the State of Kansas at the time of contracting and must comply with applicable state and federal laws, rules, and regulations.

Table 1: Background and Scope of Project

Project Number	Background and Scope of Project
KA-6413-01	Project manager and inspectors as necessary to inspect: HMA plant, HMA roadway, traffic control, CMS or AASHTOWare data entry, all project records, all project paperwork, and final paperwork, etc.
KA-6414-01	
KA-6415-01	
KA-6416-01

Table 2: Project Summary

Project Number	Route and Scope	Project Location
KA-6413-01	K009-058 2-inch cold mill and 1.5-inch overlay	K-9 in Marshall County beginning at junction K-87/K-9 to the Marshall/Nemaha County line
KA-6414-01	K009-066 2-inch cold mill, 1.5-inch overlay and sidewalks in Centralia	K-9 in Nemaha County beginning at the Marshall/Nemaha County line to the south city limits of Corning
KA-6415-01	K063-066 2-inch cold mill and 1.5-inch overlay	K-63 in Nemaha County beginning at the Pottawatomie/Nemaha County line to south junction K-9/K-63
KA-6416-01	K009-058 0.5-inch cold mill, 1.5-inch overlay and edge wedge on shoulders	K-9 in Marshall County beginning at the north city limits of Frankfort to north junction K-9/K-99

KA-6417-01	K099-058 0.5-inch cold mill, 1.5-inch overlay and edge wedge on shoulders	K-99 in Marshall County beginning at north junction K-9/K-99 to junction K-99/US-36
------------	--	---

Anticipated Consultant Scope

KDOT anticipates the following to be included in the consultant’s scope: Construction Inspection/Testing.

- Note 1: Projects KA-6413, 6414, and 6415-01 are state tied and will be managed out of the KDOT office in Horton, Kansas. Projects KA-6416-01 and KA-6417-01 are state tied and will be managed out of the KDOT office in Wamego, Kansas.
- Note 2: KDOT has or plans to let these projects to the same contractor.

Anticipated Schedule and Key Dates

1. Proposals are due by or before 12:00 p.m. (CST) March 18, 2022
2. Anticipated Start Dates & Estimated Working Days:
 - a. KA-6413-01, KA-6414-01, and KA-6415-01:
 - i. Start: August 1, 2022
 - ii. Estimated Working Days: 35 days
 - b. KA-6416-01 and KA-6417-01:
 - i. Start: May 2, 2022
 - ii. Estimated Working Days: 30 days

Instructions for Proposal

1. No cost or pricing information shall be submitted with the proposal. Proposals including cost or pricing information will be considered non-responsive and withdrawn from further consideration.
2. The consultant’s proposal must not exceed 4 pages total (including any cover letter, index, etc.)
3. A PDF (2MB maximum size) of the proposal must be emailed to KDOT.DesignContracts@ks.gov by the proposal due date and time.
4. The subject line of the email and the PDF file name must read:
 - a. “RFP for KA-6413,14,15,16,17-ConstInsp for PvmntResurf in Multiple Cos_FIRM NAME”
5. The proposal must be accompanied by Special Attachments No. 8 (“Tax Clearance Certificate”) and No. 10 (“Policy Regarding Sexual Harassment”). If you need a Tax Clearance Certificate, you can request one at <https://www.ksrevenue.gov/taxclearance.html>. Allow 2-3 business days for processing.
6. The outline in Table 3 below describes the expected proposal organization and content sections.
7. Table 4 lists the evaluation criteria and associated weights which will be used to make a selection.

Section	Description of Intent
Cover Letter	(no more than 1 page)
Project Approach	Describe how your firm will meet the fluctuating inspection needs of the project.
Approach to Quality Control	Describe methods or procedures your firm will use to provide all services with professional quality and technical accuracy.
Qualifications and Experience	For key personnel to be assigned to the project provide names, qualifications, education, training, and expertise. Identify their area(s) of responsibility and percent of their time dedicated to the project. List work for which you do not have in-house capability and name the firm you propose to subcontract with.
Past Performance	Describe team’s past performance with respect to ability to meet project schedules; quality of work; and ability to control costs on similar transportation projects, especially those performed for KDOT. Include three references and contact information.
Familiarity with KDOT and Project Area	Describe team’s familiarity with KDOT’s inspection processes and standards. Describe familiarity with the project area and any identified special site conditions.

Table 4: Evaluation Factors

Evaluation Factor	Weight
The quality and completeness of the response	10%
Availability to respond to the work	20%
Qualifications and experience of project manager and other key project team members proposed for services	20%
Past performance history for similar projects/services for KDOT	20%
Understanding of the project area	10%
Understanding of KDOT contract administration and closeout procedures	20%

Contract Terms and Conditions

A standard KDOT agreement for engineering and technical services will be used for professional services projects. The following special attachments will need to be provided by the selected consultant and all subconsultants with the signed work order following negotiations and will become attachments to the contract.

- Special Attachment No. 8 (“Tax Clearance Certificate”)
- Special Attachment No. 10 (“Policy Regarding Sexual Harassment”)

Questions

All questions regarding this request for proposals shall be emailed to KDOT.DesignContracts@ks.gov.

Questions can be submitted until March 10, 2022; answers will be provided to all prequalified consultants on March 14, 2022.

Marcia Turner, P.E., Contracts Manager
Division of Engineering and Design

Doc. No. 049892

State of Kansas

Department of Transportation

Notice to Consulting Firms

The Kansas Department of Transportation (KDOT) is seeking a qualified consulting firm or team of firms to perform professional services for the project(s) described in Table 1 below. Interested consultants must email a proposal to KDOT.DesignContracts@ks.gov by 12:00 p.m. (CST) March 18, 2022, to be considered for selection.

Consultant Prequalification

Interested consulting firms must be prequalified by KDOT or otherwise demonstrate qualification in Category 241 Construction Inspection and Testing.

If a firm is not currently prequalified by KDOT, a proposal may still be submitted. Firms not prequalified must also provide documentation that demonstrates the firm is qualified for each specified category listed in this notice for the project. Firms must use the KDOT prequalification form to provide this documentation. KDOT 1050 Prequalification Category Definitions (Blue Book) can be found at <http://www.ksdot.org/descons.asp>. Consultants may create a team to meet the prequalification requirements. All firms doing business with KDOT must be registered and in good standing under the laws of the State of Kansas at the time of contracting and must comply with applicable state and federal laws, rules, and regulations.

Table 1: Background and Scope of Project

Project Number	Background and Scope of Project
KA-6096-01	Project manager and inspectors as necessary to inspect: Signing, traffic control, CMS or AASH-TOWare data entry, all project records, all project paperwork, and final paperwork, etc.

Table 2: Project Summary

Project Number	Route and Scope	Project Location
KA-6096-01	Multiple routes/ counties Sign improvements	US-24, K-113, US-77, K-82, K-18, K-114 and K-177 in Riley, Geary, Clay, Marshall, Pottawatomie, and Wabaunsee Counties

Anticipated Consultant Scope

KDOT anticipates the following to be included in the consultant’s scope: Construction Inspection/Testing.

This effort will be managed out of the KDOT office in Wamego, Kansas.

Anticipated Schedule and Key Dates

- Proposals are due by or before 12:00 p.m. (CST) March 18, 2022
- Anticipated Start Date: May 1, 2022
- Estimated Calendar Completion Date: April 7, 2023

Instructions for Proposal

- No cost or pricing information shall be submitted with the proposal. Proposals including cost or pricing information will be considered non-responsive and withdrawn from further consideration.
- The consultant’s proposal must not exceed 4 pages total (including any cover letter, index, etc.)
- A PDF (2MB maximum size) of the proposal must be emailed to KDOT.DesignContracts@ks.gov by the proposal due date and time.

- The subject line of the email and the PDF file name must read:
 - “KA-6096–ConstInsp Sign Impvmts in Multiple Counties_FIRM NAME”
- The proposal must be accompanied by Special Attachments No. 8 (“Tax Clearance Certificate”) and No. 10 (“Policy Regarding Sexual Harassment”). If you need a Tax Clearance Certificate, you can request one at <https://www.ksrevenue.gov/taxclearance.html>. Allow 2-3 business days for processing.
- The outline in Table 3 below describes the expected proposal organization and content sections.
- Table 4 lists the evaluation criteria and associated weights which will be used to make a selection.

Attachment: Additional Details

Embedded Consultant for KDOT’s District 1 Area 2 Construction Office in Olathe, Kansas

The KDOT District 1 Area 2 construction office located in Olathe, Kansas, is requesting an embedded consultant to provide full time, in house, technical and construction contract administration expertise.

Construction Project Supervision and Contract Administration

Under the direction of the Field Engineering Administrator (FEA) or Construction Engineer (CE), assist with construction project supervision, inspection staffing, and contract administration. The consultant may serve as project supervisor of complex construction projects and/or multiple smaller projects. Duties include, but are not limited to:

- Provide recommendations to the FEA and CE regarding project actions, staffing and any other project related matters.
- Responsible for the review or compilation of project documentation for all phases of work performed to substantiate the contract payments. This documentation includes daily diaries, weekly recaps, test reports, final papers, and data entered into Construction Management System (CMS) and AASHTOWare.
- Make determination on the charges of working days.
- Represent the Kansas Department of Transportation in all project-related meetings and conferences.
- Provide guidance to the construction staff in the review of construction plans such as verifying steel quantities, grade computations, and earthwork quantities.
- Maintain contact with the contractor’s project manager on the project.
- Represent the Kansas Department of Transportation on construction project related decisions.

Mentoring Resource

The consultant will serve as a mentor and provide effective leadership to less experienced technicians and engineering associates. The consultant will identify and recommend areas of additional training needed within the construction office. This information will be used to assist the FEA or CE to organize effective training programs for the construction office.

Provides other project related construction assistance to the FEA and CE as directed.

Construction Plan Development

Reviews or prepares documents for field-designed projects such as 1R projects, bridge set-aside projects, culvert

set-aside projects, and 3R major modifications. This includes field measuring, quantity computations, drafting of plan sheets, and field surveys. This also includes participation in field checks and plan reviews as necessary.

Qualifications

- A minimum of 10 years of experience managing large or complex KDOT construction projects.
- Current CIT certifications in basic inspection, asphalt paving inspection, concrete paving inspection, structures inspection, ACI concrete field testing technician, aggregate field technician.
- Expert proficiency with KDOT’s construction management software (CMS) and AASHTOWare.

This is expected to be a full-time (40 hours per week excluding holidays) assignment based at the District 1 Area 2 Office in Olathe, Kansas. The hours may be split between two employees of the consultant but both must meet the qualifications. The contract period will be one calendar year with an optional one-year extension.

Marcia Turner, P.E., Contracts Manager

State of Kansas

Department of Transportation

Notice to Consulting Firms

The Kansas Department of Transportation (KDOT) is seeking a qualified consulting firm or team of firms to supply personnel to perform professional services as described below. Interested consultants must email a proposal to KDOT.DesignContracts@ks.gov by 12:00 p.m. (CST) March 18, 2022, to be considered for selection.

Consultant Prequalification

Interested consulting firms must be prequalified by KDOT or otherwise demonstrate qualification in Category 241 Construction Inspection and Testing.

If a firm is not currently prequalified by KDOT, a proposal may still be submitted. Firms not prequalified must also provide documentation that demonstrates the firm is qualified for each specified category listed in this notice for the project. Firms must use the KDOT prequalification form to provide this documentation. KDOT 1050 Prequalification Category Definitions (Blue Book) can be found at <http://www.ksdot.org/descons.asp>. Consultants may create a team to meet the prequalification requirements. All firms doing business with KDOT must be registered and in good standing under the laws of the State of Kansas at the time of contracting and must comply with applicable state and federal laws, rules, and regulations.

Anticipated Consultant Scope

KDOT anticipates the following to be included in the consultant’s scope: Construction Inspection/Testing in the form of full time, in-house, technical, and construction contract administration assistance to KDOT’s District 1, Area 4 Topeka, Kansas Construction Office. Scope will include assistance with construction project supervision, inspection staffing, and contract administration. Consultant staff may serve as project supervisor of com-

(continued)

plex construction projects and/or multiple smaller projects. See Attachment for additional details.

Consultant staff will be utilized a minimum of 40 hours per week excluding holidays. Hours may be split between two employees of the firm. Contract period will be one year with an optional one-year extension.

Anticipated Schedule and Key Dates

1. Proposals are due by or before 12:00 p.m. (CST) March 18, 2022
2. Anticipated Start Date: May 2022

Instructions for Proposal

1. No cost or pricing information shall be submitted with the proposal. Proposals including cost or pricing information will be considered non-responsive and withdrawn from further consideration.
2. The consultant’s proposal must not exceed 4 pages total (including any cover letter, index, etc.)
3. A PDF (2MB maximum size) of the proposal must be emailed to KDOT.DesignContracts@ks.gov by the proposal due date and time.
4. The subject line of the email and the PDF file name must read:
 - a. “EmbedConstInsp.Admin in D1A4 Topeka, 2022_FIRM NAME”

Doc. No. 049890

State of Kansas

Kansas Development Finance Authority

Notice of Hearing

Public notice is hereby given that a public hearing will be held by the Kansas Development Finance Authority (the “Authority”) at 9:00 a.m. March 29, 2022, in the conference room in the offices of the Authority, 534 S. Kansas Ave., Suite 800, Topeka, Kansas, concerning a plan of finance involving the issuance by the City of Wichita, Kansas (the “City”) of one or more series of qualified 501(c) (3) revenue bonds in a maximum stated principal amount of \$200,000,000 (the “Bonds”) for the purpose of making the proceeds of the Bonds available to Presbyterian Man-

ors, Inc., a Kansas not for profit corporation (the “Corporation”), to finance, refinance, and reimburse costs of senior living and health care facilities and equipment for the Corporation and its affiliates, as further described in this notice. The Bonds are proposed to be issued by the City pursuant to the provisions and under the authority of K.S.A. 121740 *et seq.*, as amended, and K.S.A. 10-116a (collectively, the “Act”).

The Corporation expects to use a portion of the net proceeds of the Bonds in the approximate amount of \$80,000,000 to refinance all or a portion of the following outstanding series of bonds previously issued by the City: (1) Health Care Facilities Revenue Bonds (Presbyterian Manors, Inc.), Series IV-A, 2013 (the “Series IV-A, 2013 Bonds”) and (2) Health Care Facilities Revenue Bonds (Presbyterian Manors, Inc.), Series IV-A, 2014 (the “Series IV-A, 2014 Bonds”).

The proceeds of the Series IV-A, 2013 Bonds and Series IV-A, 2014 Bonds were used to acquire, construct, improve, renovate, repair, furnish, equip, reimburse, or refinance the costs of the Corporation’s senior living and health care facilities located at the following addresses in the State of Kansas: (1) 4700 W. 13th St., Wichita, KS 67212 (the “Wichita Facility”); (2) 1171 N. Fourth, Arkansas City, KS 67005 (the “Arkansas City Facility”); (3) 924 Eighth St., Clay Center, KS 67432 (the “Clay Center Facility”); (4) 200 Campus Dr., Dodge City, KS 67801 (the “Dodge City Facility”); (5) 2300 Industrial Rd., Emporia, KS 66801 (the “Emporia Facility”); (6) 2401 S. Horton, Fort Scott, KS 66701 (the “Fort Scott Facility”); (7) 1429 Kasold Dr., Lawrence, KS 66049 (the “Lawrence Facility”); (8) 1200 E. Seventh, Newton, KS 67114 (the “Newton Facility”); (9) 17500 W. 199th St., Olathe, KS 66061 (the “Olathe Facility”); (10) 3501 Dirr Ave., Parsons, KS 67357 (the “Parsons Facility”); (11) 2601 E. Crawford St., Salina, KS 67401 (the “Salina Facility”); and (12) 4712 SW Sixth, Topeka, KS 66606 (the “Topeka Facility”).

In addition, the Corporation expects to use a portion of the net proceeds of the Bonds in an approximate amount of \$140,000,000 to acquire, construct, improve, renovate, repair, equip, furnish, reimburse, or refinance the costs of the Corporation’s senior living and health care facilities in the following estimated amounts at the following addresses: (1) \$75,000,000 at the Wichita Facility; (2) \$4,000,000 at the Arkansas City Facility; (3) \$2,000,000 at the Clay Center Facility; (4) \$2,000,000 at the Dodge City Facility; (5) \$3,000,000 at the Emporia Facility; (6) \$2,000,000 at the Fort Scott Facility; (7) \$5,000,000 at the Lawrence Facility; (8) \$4,000,000 at the Newton Facility; (9) \$5,000,000 at the Olathe Facility; (10) \$2,000,000 at the Parsons Facility; (11) \$20,000,000 at the Salina Facility; and (12) \$5,000,000 at the Topeka Facility (collectively, the “Projects”). At the Corporation’s discretion, the Bond proceeds may be allocated finance all, a part, or none, of the Projects at each location.

The balance of the proceeds of the Bonds will be applied to debt service reserve funds and related costs of issuance.

The Bonds and the interest thereon will not be a debt or general obligation of the City, the State of Kansas, or any municipal corporation thereof, and neither the Bonds nor

(continued)

the interest thereon are payable in any manner from tax revenues of any kind or character.

This public hearing does not impose any liability on the Authority or the State of Kansas but is an accommodation by the Authority to satisfy the requirements of Section 147(f) of the Internal Revenue Code of 1986, as amended.

All individuals who appear at the hearing will be given an opportunity to express their views for or against the proposed financing of the projects described above, and all written comments previously filed with the Authority at its offices at 534 S. Kansas Ave., Suite 800, Topeka, Kansas, will be considered. Additional information regarding the projects described above may be obtained by contacting the Kansas Development Finance Authority.

Dated March 10, 2022.

City of Wamego, Kansas

Notice of Intent to Seek Private Placement General Obligation Bonds, Series 2022

Notice is hereby given that the City of Wamego, Kansas (the "Issuer") proposes to seek a private placement of the above-referenced bonds (the "Bonds"). The maximum aggregate principal amount of the Bonds shall not exceed \$800,000. The proposed sale of the Bonds is in all respects subject to approval of a bond purchase agreement between the Issuer and the purchaser of the Bonds and the passage of an ordinance and adoption of a resolution by the governing body authorizing the issuance of the Bonds and the execution of various documents necessary to deliver the Bonds.

Dated March 1, 2022.

Shanda Jahnke
Clerk

Doc. No. 049915

(Published in the Kansas Register March 10, 2022.)

City of Atchison, Kansas

Summary Notice of Bond Sale \$1,260,000*

General Obligation Bonds, Series 2022-A

(General Obligation Bonds Payable from Unlimited Ad Valorem Taxes)

Bids

Subject to the Notice of Bond Sale dated February 7, 2022 (the "Notice"), facsimile and electronic bids will be received on behalf of the Finance Manager of the City of Atchison, Kansas (the "Issuer") in the case of facsimile bids, at the address set forth below, and in the case of electronic bids, through PARITY® until 11:00 a.m. (CST) March 21, 2022, for the purchase of the above-referenced bonds (the "Bonds"). No bid of less than 100% of the prin-

cipal amount of the Bonds and accrued interest thereon to the date of delivery will be considered.

Bond Details

The Bonds will consist of fully registered bonds in the denomination of \$5,000 or any integral multiple thereof. The Bonds will be dated April 13, 2022, and will become due on September 1 in the years as follows:

Year	Principal Amount*	Year	Principal Amount*
2023	\$ 60,000	2031	\$ 85,000
2024	75,000	2032	85,000
2025	75,000	2033	90,000
2026	80,000	2034	90,000
2027	80,000	2035	95,000
2028	80,000	2036	95,000
2029	85,000	2037	100,000
2030	85,000		

The Bonds will bear interest from the date thereof at rates to be determined when the Bonds are sold as hereinafter provided, which interest will be payable semiannually on March 1 and September 1 in each year, beginning on March 1, 2023.

Book-Entry-Only System

The Bonds shall be registered under a book-entry-only system administered through DTC.

Paying Agent and Bond Registrar

Treasurer of the State of Kansas, Topeka, Kansas.

Good Faith Deposit

Each bid shall be accompanied (in the manner set forth in the Notice) by a good faith deposit in the form of a cashier's or certified check drawn on a bank located in the United States of America or a wire transfer in Federal Reserve funds immediately available for use by the Issuer in the amount of \$25,200.

Delivery

The Issuer will pay for preparation of the Bonds and will deliver the same properly prepared, executed, and registered without cost to the successful bidder on or about April 13, 2022, to DTC for the account of the successful bidder.

Assessed Valuation and Indebtedness

The Equalized Assessed Tangible Valuation for Computation of Bonded Debt Limitations for the year 2021 is \$88,109,185. The total general obligation indebtedness of the Issuer as of the Dated Date, including the Bonds being sold, is \$22,130,000. Temporary notes in the principal amount of \$1,200,000 will be retired out of proceeds of the Bonds, which will reduce the outstanding general obligation indebtedness of the Issuer to \$20,930,000.

Approval of Bonds

The Bonds will be sold subject to the legal opinion of Gilmore & Bell, P.C., Wichita, Kansas, Bond Counsel to the Issuer, whose approving legal opinion as to the validity of the Bonds will be furnished and paid for by the Issuer, printed on the Bonds, and delivered to the successful bidder as and when the Bonds are delivered.

Additional Information

Additional information regarding the Bonds may be obtained from the undersigned or from the Municipal Advisor at the addresses set forth below:

State of Kansas**Legislative Administrative Services****Legislative Bills and Resolutions Introduced**

The following numbers and titles of bills and resolutions were introduced February 24 – March 2 during the 2022 session of the Kansas Legislature. Full text of bills, bill tracking, and other information may be accessed at <http://www.kslegislature.org/li/>.

House Bills

HB 2722, AN ACT concerning conventions under article V of the constitution of the United States; prescribing the appointment and qualifications of delegates; duties and responsibilities thereof; requiring legislative approval prior to final vote by delegates, by Committee on Federal and State Affairs.

HB 2723, AN ACT concerning animals; relating to transporting animals into the state; authorizing the animal health commissioner to assess a civil penalty for violations relating thereto; amending K.S.A. 47-607c and repealing the existing section, by Committee on Appropriations.

HB 2724, AN ACT concerning property taxation; relating to tax levy rate; excluding the required 20 mills for school districts from the notice and public hearing requirements to exceed the revenue neutral rate for property tax purposes; amending K.S.A. 2021 Supp. 79-2988 and repealing the existing section, by Committee on Taxation.

Senate Bills

SB 540, AN ACT concerning taxation; relating to income taxation; expanding the selective assistance for effective senior relief (SAFESR) credit for certain residential property taxes paid; amending K.S.A. 79-32,263 and repealing the existing section, by Committee on Assessment and Taxation.

SB 541, AN ACT concerning public health; requiring compensation for the use, restriction on use, damage, loss or destruction of

property as a result of certain governmental actions; providing that orders and similar actions by public officials relating to face mask mandates, gathering limitations, business restrictions and religious gathering limitations shall not exceed 30 days in duration at a time before being renewed or allowed to expire; requiring court petitions challenging such orders and actions to be ruled on without unreasonable delay; prohibiting school officials from issuing or requiring use of a COVID-19 vaccination passport or discriminating against a student based upon COVID-19 vaccination status; requiring schools to recognize exemptions from vaccination requirements and face mask mandates; modifying judicial review provisions related to certain executive orders issued during a state of disaster emergency and certain actions taken by a local unit of government during a state of local disaster emergency; prescribing powers, duties and functions of the board of education of each school district, the governing body of each community college and the governing body of each technical college related to contagious or infectious disease and modifying judicial review provisions related thereto; removing the sunset provision in the COVID-19 contact tracing privacy act; prohibiting schools and child care facilities from denying access to facilities unless there are reasonable grounds to believe that the person is actually infected with a disease suspected of being infectious or contagious; authorizing reimbursement of property taxes levied upon businesses shut down or restricted as a result of certain governmental actions related to contagious or infectious disease; amending K.S.A. 65-119, 65-122 and 72-6262 and K.S.A. 2021 Supp. 48-925, 48-925c, 48-925d, 48-932, 48-961, 65-101, 65-201 and 79-1614 and repealing the existing sections, by Committee on Federal and State Affairs.

SB 542, AN ACT concerning property taxation; relating to tax levy rates; establishing a revenue neutral rate complaint process; authorizing the county clerk to limit the amount of ad valorem taxes to be levied in certain circumstances; establishing a deadline for budgets to be filed with the director of accounts and reports; requiring roll call vote and publication of information; amending K.S.A. 79-2930 and K.S.A. 2021 Supp. 79-2988 and repealing the existing sections, by Committee on Assessment and Taxation. **SB 543**, AN ACT concerning income taxation; relating to Kansas adjusted gross income; providing a subtraction modification to allow the carryforward of certain net operating losses for individuals; amending K.S.A. 2021 Supp. 79-32,117 and repealing the existing section, by Committee on Assessment and Taxation.

Senate Resolutions

SR 1730, A RESOLUTION designating February 2, 2022, as Envision Day to recognize Envision's life-changing research, support and programming for the blind and visually impaired community, by Senators Ware and Faust-Goudeau.

Senate Concurrent Resolutions

SCR 1620, A PROPOSITION to amend article 11 of the constitution of the state of Kansas by adding a new section thereto; requiring a supermajority for passage of certain bills for new or increased state taxes.

SCR 1621, A PROPOSITION to amend sections 5 and 15 of article 3 of the constitution of the state of Kansas; relating to the selection of supreme court justices; providing for senate confirmation; abolishing the supreme court nominating commission.

Doc. No. 049922

State of Kansas**Secretary of State****Certification of New State Laws**

I, Scott Schwab, Secretary of State of the State of Kansas, do hereby certify that the following bill is a correct copy of the original enrolled bill now on file in my office.

Scott Schwab
Secretary of State

(Published in the Kansas Register March 10, 2022.)

Senate Bill No. 337

AN ACT concerning financial institutions; relating to the technology-enabled fiduciary financial institutions act; pertaining to the pilot program; converting the conditional charter to a full fiduciary financial institution charter; amending K.S.A. 2021 Supp. 9-2325 and repealing the existing section.

Be it enacted by the Legislature of the State of Kansas:

Section 1. K.S.A. 2021 Supp. 9-2325 is hereby amended to read as follows: 9-2325. (a) On July 1, 2021, the commissioner shall:

(1) Grant a conditional fiduciary financial institution charter to the Beneficent company upon the Beneficent company:

- (A) Filing an application with the commissioner;
- (B) satisfying the requirements of K.S.A. 2021 Supp. 9-2302(c)(1) through (5), and amendments thereto;
- (C) satisfying the requirements of K.S.A. 2021 Supp. 9-2302(f), and amendments thereto; and
- (D) satisfying the capital requirements imposed under K.S.A. 2021 Supp. 9-2305, and amendments thereto; and

(2) designate a community within Harvey county, as selected by Beneficent fiduciary financial institution, as the first economic growth zone.

(b) On July 1, 2021, the commissioner shall establish a fidfin fiduciary financial institution pilot program that:

- (1) Includes the Beneficent company as a participant in such pilot program;
- (2) assesses the Beneficent company an initial fee of \$1,000,000 in lieu of the initial fee provided in K.S.A. 2021 Supp. 9-2303, and amendments thereto; and
- (3) imposes a requirement for the Beneficent company to distribute, cause to be distributed or otherwise facilitate a distribution of cash, beneficial interests or other assets having an aggregate value of \$9,000,000 in accordance with the requirements of K.S.A. 2021 Supp. 9-2302(i), and amendments thereto, and such amount shall be construed as the applicable distribution amount for purposes of K.S.A. 2021 Supp. 9-2302, and amendments thereto.

(c) Except as provided by subsection (d), upon issuance of the conditional fiduciary financial institution charter, the Beneficent company shall be subject to all requirements imposed on fiduciary financial institutions under this act but may not commence fidfin transactions, custodial services or trust business in this state until the earlier of:

- (1) December 31, 2021; or
- (2) the date the commissioner adopts rules and regulations pursuant to K.S.A. 2021 Supp. 9-2322, and amendments thereto.

(d) (1) On December 31, 2021, the conditional charter granted under this section to the Beneficent company shall be converted to a full fiduciary financial institution charter.

(2) The commissioner may extend the period that the Beneficent company may not commence fidfin transactions, custodial services or trust business in this state for a period not to exceed six months from the date specified in subsection (c) if the commissioner submits a report to the senate financial institutions and insurance committee and to the house of representatives financial institutions and rural development committee identifying the specific reasons for which such extension is necessary. Such report shall be submitted on or before January 10, 2022. Notwithstanding the provisions of this subsection, the Beneficent company may satisfy the applicable distribution requirement of K.S.A. 2021 Supp. 9-2302(i), and amendments thereto, and the required distribution amount in K.S.A. 2021 Supp. 9-2311(f), and amendments thereto, by placing assets in escrow with one or more qualified charities, except that such funds shall be released when the Beneficent company is permitted to commence fidfin transactions, custodial services or trust business.

(e) On or before January 10, 2022, the office of the state bank commissioner shall provide a report to the house of representatives financial institutions and rural development committee and the senate financial institutions and insurance committee updating such committees on the progress of such pilot program. Such report shall include recommendations from the office of the state bank commissioner for any legislation necessary to implement the provisions of this act.

Sec. 2. K.S.A. 2021 Supp. 9-2325 is hereby repealed.

Sec. 3. This act shall take effect and be in force from and after its publication in the Kansas register.

Doc. No. 049925

State of Kansas

Board of Accountancy

Notice of Hearing on Proposed Administrative Regulation

A public hearing will be conducted at 9:30 a.m. Friday, June 17, 2022, in Room 556A of the Landon State Office Building, 900 SW Jackson, Topeka, Kansas, to consider the adoption of proposed changes in an existing rule and regulation of the Board of Accountancy.

This 60-day notice of the public hearing shall constitute a public comment period for the purpose of receiving written public comments on the proposed rule and regulation. All interested parties may submit written comments prior to the hearing to the Executive Director of the Board of Accountancy, Landon State Office Building, 900 SW Jackson, Suite 556, Topeka, KS 66612 or by emailing the Board office at ksboa@ks.gov. All interested parties will be given a reasonable opportunity to present their views orally on the adoption of the proposed regulation during the hearing. In order to give all parties an opportunity to present their views, it may be necessary to request that each participant limit any oral presentation to five minutes.

Any individual with a disability may request accommodation in order to participate in the public hearing and may request the proposed regulation and economic impact statement in an accessible format. Requests for accommodation to participate in the hearing should be made at least five working days in advance of the hearing by contacting Susan Somers at 785-296-2162 or by email at ksboa@ks.gov. Handicapped parking is located on the south end of Landon State Office Building, and the north entrance to the building is accessible to individuals with disabilities.

This regulation is proposed for adoption on a permanent basis. A summary of the proposed regulation and its economic impact follows:

K.A.R. 74-2-7. Concentration in Accounting. Amending changes to specific course requirements to sit for the CPA exam; in particular, modernizing the title of a course; defining the equivalent of a “pass” score if actual grade scores are not reflected on an official transcript; and adding a course requirement for initial examination candidates for the Uniform CPA Examination which will be tested commencing January 2024.

Copies of the regulation and the economic impact statement may be obtained from the Board of Accountancy, Landon State Office Building, 900 SW Jackson, Suite 556, Topeka, KS 66612, phone 785-296-2162, or at <https://ksboa.kansas.gov>.

The Board does not anticipate any economic impact upon itself, to governmental agencies, private businesses, or to individuals in the adoption of these revisions to its regulation.

Susan L. Somers
Executive Director

Department of Health and Environment

Permanent Administrative Regulations

Article 16.—WATER POLLUTION CONTROL

28-16-28b. Definitions. As used in K.A.R. 28-16-28b through 28-16-28h, each of the following terms shall have the meaning specified in this regulation:

(a) "Alluvial aquifer" means the sediment that is associated with and deposited by a stream and that contains water capable of being produced from a well.

(b) "Alternate low flow" means a low flow value, which is an alternate to the 7Q10 flow, that is based seasonally, hydrologically, or biologically, or a low flow determined through a water assurance district. Wherever used in this regulation in the context of mixing zones, the term shall refer to a minimum amount of streamflow occurring immediately upstream of a wastewater discharge and available, in whole or in part, for dilution and assimilation of wastewater discharges.

(c) "Antidegradation" means the regulatory actions and measures taken to prevent or minimize the lowering of water quality in surface waters of the state, including those streams, lakes, and wetlands in which existing water quality exceeds the level required for maintenance and protection of the existing uses.

(d) "Artificial sources" means sources of pollution that result from human activities and that can be abated by construction of control structures, modification of operating practices, complete restraint of activities, or any combination of these methods.

(e) "Background concentration" means the concentration of any elemental parameter listed in tables 1a, 1b, 1c, and 1d of the "Kansas surface water quality standards: tables of numeric criteria," which is adopted by reference in K.A.R. 28-16-28e, or any elemental substance meeting the definition of pollutant in this regulation, that occurs in a surface water immediately upstream of a point source or nonpoint source under consideration and is from natural sources. The list of background concentration determinations for classified waterbodies of the state is contained in table 1h of the "Kansas surface water quality standards: tables of numeric criteria."

(f) "Base flow" means that portion of a stream's flow contributed by sources of water other than precipitation runoff. Wherever used in this regulation in the context of stream classification, the term shall refer to a fair-weather flow sustained primarily by springs or groundwater seepage, wastewater discharges, irrigation return flows, releases from reservoirs, or any combination of these factors.

(g) "Bioaccumulation" means the accumulation of toxic substances in plant or animal tissue through either bioconcentration or biomagnification.

(h) "Bioassessment methods and procedures" means the use of biological methods of assessing surface water quality, including field investigations of aquatic organisms and laboratory or field aquatic toxicity tests.

(i) "Bioconcentration" means the concentration and incorporation of toxic substances into body tissues from ambient sources.

(j) "Biomagnification" means the transport of toxic substances through the food chain through successive cycles of eating and being eaten and through the subsequent accumulation and concentration of these substances in higher-order consumers and predators.

(k) "Biota" means the animal and plant life and other organisms of a given geographical region.

(l) "Carcinogenic" means having the property of inducing the production of cancerous cells in organisms.

(m) "Classified surface water" means any surface water or surface water segment that supports or, in the absence of artificial sources of pollution, would support one or more of the designated uses of surface water defined in K.A.R. 28-16-28d or K.S.A. 82a-2001, and amendments thereto, and that meets the criteria for classification in K.A.R. 28-16-28d.

(n) "Compliance schedule" means any provision in a discharge permit, license, or enforceable order issued by the department pursuant to the federal clean water act or K.S.A. 65-165 et seq., and amendments thereto, that, for the purposes of meeting water quality-based effluent limitations, technology-based limits, and effluent limitations determined by the secretary or specified in Kansas statutes and regulations, provides a specified period of time for the construction or renovation of a wastewater treatment facility and the completion of any related scientific or engineering studies, reports, plans, design specifications, or other submittals required by the department.

(o) "Condition of acute toxicity" means any concentration of a toxic substance that exceeds the applicable acute criterion for aquatic life support specified in K.A.R. 28-16-28e or, for substances not listed in K.A.R. 28-16-28e or for mixtures of toxic substances, any concentration that exceeds 0.3 acute toxic units (TU_a), where one TU_a is equal to 100 divided by the median lethal concentration (LC₅₀). The concentration at which acute toxicity exists shall be determined through laboratory toxicity tests conducted in accordance with the EPA's "methods for measuring the acute toxicity of effluents and receiving waters to freshwater and marine organisms."

(p) "Condition of chronic toxicity" means any concentration of a toxic substance that exceeds the applicable chronic criterion for aquatic life support specified in K.A.R. 28-16-28e or, for substances not listed in K.A.R. 28-16-28e or for mixtures of toxic substances, any concentration that exceeds 1.0 chronic toxic unit (TU_c), where one TU_c is equal to 100 divided by inhibition concentration 25 (IC₂₅). The concentration at which chronic toxicity exists shall be determined through laboratory toxicity tests conducted in accordance with the EPA's "short-term methods for estimating the chronic toxicity of effluents and receiving waters to freshwater organisms."

(q) "Criterion" means any numerical element or narrative provision that represents an enforceable water quality condition specified in K.A.R. 28-16-28b through 28-16-28h.

(r) "Critical low flow" means the minimum amount of streamflow immediately upstream of a point source discharge that will be used to calculate the quantity of pollutants that the point source discharge may be permitted

(continued)

to discharge without exceeding water quality criteria specified in K.A.R. 28-16-28b through 28-16-28h. The critical low flow may be the 7Q10 flow or the alternate low flow as defined in this regulation.

(s) "Department" means Kansas department of health and environment.

(t) "Designated use" means any of the uses specifically attributed to surface waters of the state in K.A.R. 28-16-28d or K.S.A. 82a-2001, and amendments thereto.

(u) "Digression" means an actual ambient concentration of a pollutant that does not meet the numeric criteria value for that pollutant.

(v) "Discharge" means the release of effluent, either directly or indirectly, into surface waters of the state.

(w) "Discharge design flow" means either of the following:

(1) The anticipated wastewater flow for the next permit cycle determined by the department for an industrial wastewater treatment facility, as defined in K.A.R. 28-16-56c; or

(2) the wastewater treatment capacity of a facility approved by the secretary for other wastewater treatment facilities or systems.

(x) "Discharger" means a person or facility that is responsible for the release of effluent into surface waters of the state.

(y) "Duration of digression" means the period of time over which pollutant concentrations can be averaged, including the time span during which aquatic life can be exposed to elevated levels of pollutants without harm.

(z) "Ecological integrity" means the natural or unimpaired structure and functioning of an aquatic or terrestrial ecosystem.

(aa) "Effluent" means the sewage or other wastewater discharged from an artificial source.

(bb) "EPA" means United States environmental protection agency.

(cc) "*Escherichia coli*" means a subset of the coliform group that is part of the normal intestinal flora in humans and animals and is a direct indicator of fecal contamination in water.

(dd) "Exceptional state waters" means any of the surface waters or surface water segments that are of remarkable quality or of significant recreational or ecological value, are listed in the surface water register as defined in this regulation, and are afforded the level of water quality protection under the antidegradation provisions of K.A.R. 28-16-28c and the mixing zone provisions of K.A.R. 28-16-28c.

(ee) "Excursion from numeric criteria value" means the digression of a pollutant exceeding its numeric criteria value beyond the designated duration of digression.

(ff) "Existing use" means any of the designated uses described in K.A.R. 28-16-28d or K.S.A. 82a-2001, and amendments thereto, known to have occurred in, or to have been made of, a surface water or surface water segment on or after November 28, 1975.

(gg) "Federal clean water act" means the federal water pollution prevention and control act, 33 U.S.C. Section 1251 et seq., as in effect on January 14, 2019.

(hh) "Frequency of digression" means the number of times that an excursion from numeric criteria value can

occur over time without impairing the designated uses of the water.

(ii) "General purpose waters" means any classified surface water that is not classified as an outstanding national resource water or an exceptional state water.

(jj) "Groundwater" means water located under the surface of the land that is or can be the source of supply for wells, springs, or seeps or that is held in aquifers or the soil profile.

(kk) "Highest attainable condition" and "HAC" mean the achievable goal of a variance, as specified in K.A.R. 28-16-28f(d), that reflects the modified designated use and criterion, designated use, or criterion that is applicable throughout the term of a variance.

(ll) "Inhibition concentration 25" and "IC₂₅" mean a point estimate of the toxicant concentration that would cause a 25 percent reduction in a nonlethal biological measurement of the test organisms, including reproduction and growth.

(mm) "Interim criterion" means a temporary criterion.

(nn) "Interim designated use" means a temporary designated use.

(oo) "Kansas antidegradation policy," dated August 6, 2001 and hereby adopted by reference, means the department's written policy used to prevent or minimize the lowering of water quality in surface waters of the state.

(pp) "Kansas implementation procedures: surface water quality standards," including "section 4 appendix A," dated February 18, 2021 and hereby adopted by reference, means the department's written procedures used for carrying out specific provisions of surface water quality standards, available upon request from the department's division of environment.

(qq) "Maximum contaminant level" means any of the enforceable standards for finished drinking water quality specified in 40 C.F.R. 141.11, 141.13, and 141.61 through 141.66, as in effect on July 1, 2012.

(rr) "Median lethal concentration" means the concentration of a toxic substance or a mixture of toxic substances calculated to be lethal to 50 percent of the population of test organisms in an acute toxicity test.

(ss) "Microfibers per liter" and "µfibers/L" mean the number of microscopic particles with a length-to-width ratio of 3:1 or greater present in a volume of one liter.

(tt) "Microgram per liter" and "µg/L" mean the concentration of a substance at which one one-millionth of a gram (10⁻⁶ g) of the substance is present in a volume of one liter.

(uu) "Milligram per liter" and "mg/L" mean the concentration of a substance at which one one-thousandth of a gram (10⁻³ g) of the substance is present in a volume of one liter.

(vv) "Mixing zone" means the designated portion of a stream or lake where a discharge is incompletely mixed with the receiving surface water and where, in accordance with K.A.R. 28-16-28e, concentrations of certain pollutants may legally exceed chronic water quality criteria associated with the established designated uses that are applied in most other portions of the receiving surface water.

(ww) "Mutagenic" means having the property of directly or indirectly causing a mutation.

(xx) "Multiple-discharger variance" and "MDV" mean a term-limited variance for more than one discharger that is issued for a specified criterion or pollutant to achieve the highest attainable condition.

(yy) "Nonpoint source" means any activity that is not required to have a national pollutant discharge elimination system permit and that results in the release of pollutants to waters of the state. This release can result from precipitation runoff, aerial drift and deposition from the air, or the release of subsurface brine or other contaminated groundwaters to surface waters of the state.

(zz) "Numeric criteria value" means any of the values listed in tables 1a, 1b, 1c, 1d, 1g, 1h, 1i, 1j, and 1k of the "Kansas surface water quality standards: tables of numeric criteria."

(aaa) "Outstanding national resource water" means any of the surface waters or surface water segments of extraordinary recreational or ecological significance identified in the surface water register, as defined in this regulation, and afforded the highest level of water quality protection under the antidegradation provisions and the mixing zone provisions of K.A.R. 28-16-28c.

(bbb) "pH" means the common logarithm of the reciprocal of the hydrogen ion concentration measured in moles per liter, expressed on a scale that ranges from zero to 14, with values less than seven being more acidic and values greater than seven being more alkaline.

(ccc) "Picrocurie per liter" and "pCi/L" mean a volumetric unit of radioactivity equal to 2.22 nuclear transformations per minute per liter.

(ddd) "Point source" means any discernible, confined, and discrete conveyance from which pollutants are or could be discharged.

(eee) "Pollutant" means any physical, biological, or chemical conditions, substances, or combination of substances released into surface waters of the state that results in surface water pollution, as defined in this regulation.

(fff) "Pollutant minimization plan" and "PMP" mean a structured set of activities to improve processes and pollutant controls that prevent and reduce pollutant levels, including any cost-effective process for reducing pollutant levels, pollution prevention, treatment, best management practices, and other control mechanisms.

(ggg) "Potable water" means water that is suitable for drinking and cooking purposes in terms of both human health and aesthetic considerations.

(hhh) "Precipitation runoff" means the rainwater or the meltwater derived from snow, hail, sleet, or other forms of atmospheric precipitation that flows by gravity over the surface of the land and into streams, lakes, or wetlands.

(iii) "Presedimentation sludge" means a slurry or suspension of residual solid materials derived from an initial step in the production of potable water. This term shall include residual solids originating from the raw water supply used for industrial or other nonpotable water purposes, before the addition of any artificial materials not typically used in the production of potable water. The solid materials shall include sand, silt, and other easily settleable particles originating from the raw water supply.

(jjj) "Private surface water" means any freshwater reservoir or pond that is both located on and completely bordered by land under common private ownership.

(kkk) "Public swimming area" means either of the following:

(1) Any classified surface water that is posted for swimming by a federal, state, or local government that has jurisdiction over the land adjacent to that particular body of water; or

(2) any privately owned or leased body of water that is open and accessible to the public and is intended for swimming.

(lll) "Reconfiguration activities" means actions that beneficially reshape, remodel, or otherwise restructure the physical setting and characteristics of a surface water of the state.

(mmm) "Seven-day, ten-year low flow" and "7Q10 flow" mean the seven-day average low flow having a recurrence frequency of once in 10 years, as statistically determined from historical flow data. Where used in this regulation in the context of mixing zones, these terms shall refer to the minimum amount of streamflow occurring immediately upstream of a wastewater discharge and available, in whole or in part, for dilution or assimilation of wastewater discharges.

(nnn) "Site-specific criterion" means any criterion applicable to a given classified surface water segment and developed for the protection of the designated uses of that segment alone.

(ooo) "Streamflow" means the volume of water moving past a stream cross-sectional plane per unit of time.

(ppp) "Surface water pollution" and "pollution" mean any of the following:

(1) Contamination or other alteration of the physical, chemical, or biological properties of the surface waters of the state, including changes in temperature, taste, odor, turbidity, or color of the waters;

(2) discharges of gaseous, liquid, solid, radioactive, microbiological, or other substances into surface waters in a manner that could create a nuisance or render these waters harmful, detrimental, or injurious to any of the following:

(A) Public health, safety, or welfare;

(B) domestic, industrial, agricultural, recreational, or other designated uses; or

(C) livestock, domestic animals, or native or naturalized plant or animal life; or

(3) any discharge that will or is likely to exceed state effluent limitations predicated upon technology-based effluent standards or water quality-based standards.

(qqq) "Surface water register" means a list of the state's major classified surface waters, including a listing of waters recognized as outstanding national resource waters or exceptional state waters, and the surface water use designations for each classified surface water, periodically updated and published by the department. The surface water register, published as the "Kansas surface water register," is adopted by reference in K.A.R. 28-16-28g.

(rrr) "Surface water segment" means a delineated portion of a stream, lake, or wetland.

(sss) "Surface waters" means the following:

(continued)

(1) Streams, including rivers, creeks, brooks, sloughs, draws, arroyos, canals, springs, seeps, and cavern streams, and any alluvial aquifers associated with these surface waters;

(2) lakes, including oxbow lakes and other natural lakes and man-made reservoirs, lakes, and ponds; and

(3) wetlands, including swamps, marshes, bogs, and similar areas that are inundated or saturated by surface water or groundwater at a frequency and a duration that are sufficient to support, and under normal circumstances that do support, a prevalence of vegetation typically adapted for life in saturated soil conditions.

(ttt) "Surface waters of the state" means all surface waters occurring within the borders of the state of Kansas or forming a part of the border between Kansas and one of the adjoining states.

(uuu) "Teratogenic" means having the property of causing abnormalities that originate from impairment of an event that is typical in embryonic or fetal development.

(vvv) "Thirty-day, ten-year low flow" and "30Q10 flow" mean the 30-day average low flow having a recurrence frequency of once in 10 years, as statistically determined from historical flow data. Where used in this regulation in the context of mixing zones, these terms shall refer to the minimum amount of streamflow occurring immediately upstream of a wastewater discharge and available, in whole or in part, for dilution or assimilation of wastewater discharges.

(www) "Toxic substance" means any substance that produces deleterious physiological effects in humans, animals, or plants.

(xxx) "Turbidity" means the cloudiness of water as measured by optical methods of nephelometry and expressed in standard nephelometric units.

(yyy) "Use attainability analysis" means a study conducted or accepted by the department that is designed to determine whether or not a surface water or surface water segment supports, or is capable of supporting in the absence of artificial sources of pollution, one or more of the designated uses defined in K.S.A. 82a-2001, and amendments thereto.

(zzz) "Variance" means a time-limited designated use and criterion that reflects the highest attainable condition as an alternative to one or more of the criteria specified in K.A.R. 28-16-28e, as implemented by the department in accordance with K.A.R. 28-16-28f.

(aaaa) "Water-effect ratio" and "WER" mean the numerical toxicity, including median lethal concentration and inhibition concentration 25, of a chemical pollutant diluted in water from a given stream, lake, or wetland divided by the numerical toxicity of the same pollutant diluted in laboratory water.

(bbbb) "Water quality certification" means the department's written finding that a proposed action that impacts water quality will comply with the terms and conditions of the Kansas surface water quality standards.

(cccc) "Whole-effluent toxicity limitation" means any restriction imposed by the department on the overall acute or chronic toxicity of an effluent discharged to a surface water.

(dddd) "Zone of initial dilution" means the region of a surface water in the immediate vicinity of a discharge

where acute and chronic criteria may be exceeded. (Authorized by K.S.A. 65-171d and 65-171m; implementing K.S.A. 65-165, 65-171d, and 65-171m; effective May 1, 1986; amended Aug. 29, 1994; amended July 30, 1999; amended Nov. 3, 2000; amended Aug. 31, 2001; amended Jan. 3, 2003; amended Oct. 24, 2003; amended Jan. 28, 2005; amended March 20, 2015; amended Feb. 23, 2018; amended March 25, 2022.)

28-16-28e. Surface water quality criteria. (a) Criteria development guidance. The development of surface water quality criteria for substances not listed in these standards shall be guided by water quality criteria published by the EPA. If the department finds that the criteria listed in this regulation are underprotective or overprotective for a given surface water segment, appropriate site-specific criteria may be developed and applied by the department, in accordance with K.A.R. 28-16-28f, using bioassessment methods or other related scientific procedures, including those procedures consistent with the EPA's "water quality standards handbook," second edition, as published in August 1994, or other department-approved methods.

(b) General criteria for surface waters. The following criteria shall apply to all surface waters, regardless of classification:

(1) Surface waters shall be free, at all times, from the harmful effects of substances that originate from artificial sources of pollution and that produce any public health hazard, nuisance condition, or impairment of a designated use.

(2) Hazardous materials derived from artificial sources, including toxic substances, radioactive isotopes, and infectious microorganisms derived from point sources or nonpoint sources, shall not occur in surface waters at concentrations or in combinations that jeopardize the public health or the survival or well-being of livestock, domestic animals, terrestrial wildlife, or aquatic or semiaquatic life.

(3) Surface waters shall be free of all discarded solid materials, including trash, garbage, rubbish, offal, grass clippings, discarded building or construction materials, car bodies, tires, wire, and other unwanted or discarded materials. The placement of stone and concrete rubble for bank stabilization shall be acceptable to the department if all other required permits are obtained before placement.

(4) Surface waters shall be free of floating debris, scum, foam, froth, and other floating materials directly or indirectly attributable to artificial sources of pollution.

(5) Oil and grease from artificial sources shall not cause any visible film or sheen to form upon the surface of the water or upon submerged substrate or adjoining shorelines, nor shall these materials cause a sludge or emulsion to be deposited beneath the surface of the water or upon the adjoining shorelines.

(6) Surface waters shall be free of deposits of sludge or fine solids attributable to artificial sources of pollution.

(7) Taste-producing and odor-producing substances from artificial sources shall not occur in surface waters at concentrations that interfere with the production of potable water by conventional water treatment processes, that impart an unpalatable flavor to edible aquatic or semiaquatic life or terrestrial wildlife, or that result in noticeable odors in the vicinity of surface waters.

(8) The natural appearance of surface waters shall not be altered by the addition of color-producing or turbidity-producing substances from artificial sources.

(9) In stream segments where background concentrations of naturally occurring substances, including chlorides and sulfates, exceed the water quality criteria listed in table 1a of the "Kansas surface water quality standards: tables of numeric criteria," as adopted by reference in subsection (e), the existing water quality shall be maintained, and the newly established numeric criteria shall be the background concentration. Background concentrations shall be established using the methods outlined in the "Kansas implementation procedures: surface water quality standards," as adopted by reference in K.A.R. 28-16-28b, and available upon request from the department.

(c) Application of criteria for designated uses of surface waters.

(1) The numeric criteria in tables 1a, 1b, 1c, and 1d of the "Kansas surface water quality standards: tables of numeric criteria" shall not apply if the critical low flow is less than 0.03 cubic meter per second (1.0 cubic foot per second) for waters designated as expected aquatic life use waters and restricted aquatic life use waters, unless studies conducted or approved by the department show that water present during periods of no flow, or flow below critical low flow, provides important refuges for aquatic life and permits biological recolonization of intermittently flowing segments.

(2) The numeric criteria in tables 1a, 1b, 1c, and 1d of the "Kansas surface water quality standards: tables of numeric criteria" shall not apply if the critical low flow is less than 0.003 cubic meter per second (0.1 cubic foot per second) for waters designated as special aquatic life use waters, unless studies conducted or approved by the department show that water present during periods of no flow, or flow below critical low flow, provides important refuges for aquatic life and permits biological recolonization of intermittently flowing segments.

(d) Criteria for designated uses of surface waters. The following criteria shall apply to all classified surface waters for the indicated designated uses:

(1) Agricultural water supply use. The water quality criteria for irrigation and livestock watering specified in table 1a of the "Kansas surface water quality standards: tables of numeric criteria" shall not be exceeded outside of mixing zones due to artificial sources of pollution.

(2) Aquatic life support use.

(A) Nutrients. The introduction of plant nutrients into streams, lakes, or wetlands from artificial sources shall be controlled to prevent the accelerated succession or replacement of aquatic biota or the production of undesirable quantities or kinds of aquatic life.

(B) Suspended solids. Suspended solids added to surface waters by artificial sources shall not interfere with the behavior, reproduction, physical habitat, or other factors related to the survival and propagation of aquatic or semiaquatic life or terrestrial wildlife. In the application of this provision, suspended solids associated with discharges of presedimentation sludge from water treatment facilities shall be deemed noninjurious to aquatic and semiaquatic life and terrestrial wildlife if these dis-

charges do not violate the requirements of paragraphs (b)(6) and (8) and paragraph (d)(2)(D).

(C) Temperature.

(i) Heat from artificial sources shall not be added to a surface water in excess of the amount that will raise the temperature of the water beyond the mixing zone more than 3°C above natural conditions. Additionally, a discharge to a receiving water shall not lower the temperature of the water beyond the mixing zone more than 3°C below natural conditions. The normal daily and seasonal temperature variations occurring within a surface water before the addition of heated or cooled water from artificial sources shall be maintained.

(ii) Temperature criteria applicable to industrial cooling water recycling reservoirs that meet the requirements for classification specified in K.A.R. 28-16-28d shall be established by the secretary on a case-by-case basis to protect the public health, safety, or the environment.

(D) Toxic substances.

(i) Conditions of acute toxicity shall not occur in classified surface waters outside of zones of initial dilution, nor shall conditions of chronic toxicity occur in classified surface waters outside of mixing zones.

(ii) Acute criteria for the aquatic life support use specified in tables 1a, 1b, and 1c of the "Kansas surface water quality standards: tables of numeric criteria" shall apply beyond the zone of initial dilution. Chronic criteria for the aquatic life support use specified in tables 1a, 1b, and 1d of the "Kansas surface water quality standards: tables of numeric criteria" shall apply beyond the mixing zone.

(iii) If a discharge contains a toxic substance that lacks any published criteria for the aquatic life support use, or if a discharge contains a mixture of toxic substances capable of additive or synergistic interactions, bioassessment methods and procedures shall be specified by the department to establish whole-effluent toxicity limitations that are consistent with paragraph (d)(2)(D)(i).

(3) Domestic water supply use.

(A) Except as provided in paragraph (d)(3)(B), the criteria listed in table 1a of the "Kansas surface water quality standards: tables of numeric criteria" for domestic water supply use shall not be exceeded at any point of domestic water supply diversion.

(B) In stream segments where background concentrations of naturally occurring substances, including chlorides and sulfates, exceed the domestic water supply criteria listed in table 1a of the "Kansas surface water quality standards: tables of numeric criteria," due to intrusion of mineralized groundwater, the existing water quality shall be maintained, and the newly established numeric criteria for domestic water supply shall be the background concentration. Background concentrations shall be established using the methods outlined in the "Kansas implementation procedures: surface water quality standards," which is adopted in K.A.R. 28-16-28b.

(C) Any substance derived from an artificial source that, alone or in combination with other synthetic or naturally occurring substances, causes toxic, carcinogenic, teratogenic, or mutagenic effects in humans shall be limited to nonharmful concentrations in surface waters. Unless site-specific water quality conditions warrant the

(continued)

promulgation of more protective criteria under the provisions of subsection (a) of this regulation and K.A.R. 28-16-28f, maximum contaminant levels for toxic, carcinogenic, teratogenic, or mutagenic substances specified in 40 C.F.R. 141.11, 141.13, and 141.61 through 141.66, as in effect on July 1, 2012, shall be deemed nonharmful.

(D) The introduction of plant nutrients into surface waters designated for domestic water supply use shall be controlled to prevent interference with the production of drinking water.

(4) Food procurement use.

(A) Criteria listed in table 1a of the "Kansas surface water quality standards: tables of numeric criteria" for food procurement use shall not be exceeded outside of a mixing zone due to any artificial source of pollution.

(B) Substances that can bioaccumulate in the tissues of edible aquatic or semiaquatic life or wildlife through bioconcentration or biomagnification shall be limited in surface waters to concentrations that result in no harm to human consumers of these tissues. For bioaccumulative carcinogens, surface water concentrations corresponding to a cancer risk level of less than 0.000001 (10^{-6}) in human consumers of aquatic or semiaquatic life or wildlife shall be deemed nonharmful by the department and adopted as food procurement criteria. Average rates of tissue consumption and lifetime exposure shall be assumed by the department in the estimation of the cancer risk level.

(5) Groundwater recharge use. In surface waters designated for the groundwater recharge use, water quality shall be such that, at a minimum, degradation of groundwater quality does not occur. Degradation shall include any statistically significant increase in the concentration of any chemical or radiological contaminant or infectious microorganism in groundwater resulting from surface water infiltration or injection.

(6) Industrial water supply use. Surface water quality criteria for industrial water supplies shall be determined by the secretary on a case-by-case basis to protect the public health, safety, or the environment.

(7) Recreational use.

(A) General. The introduction of plant nutrients into surface waters designated for primary or secondary contact recreational use shall be controlled to prevent the development of objectionable concentrations of algae or algal by-products or nuisance growths of submersed, floating, or emergent aquatic vegetation.

(B) Primary contact recreation for classified surface waters other than classified stream segments. A single sample maximum or a geometric mean of at least five samples collected during separate 24-hour periods within a 30-day period shall not exceed the criteria in table 1j of the "Kansas surface water quality standards: tables of numeric criteria" beyond the mixing zone.

(C) Secondary contact recreational use for classified surface waters other than classified stream segments. A single sample maximum or a geometric mean of at least five samples collected during separate 24-hour periods within a 30-day period shall not exceed the criteria in table 1j of the "Kansas surface water quality standards: tables of numeric criteria" beyond the mixing zone.

(D) Primary contact recreation for classified stream

segments. At least five samples shall be collected during separate 24-hour periods within a 30-day period. A geometric mean analysis of these samples shall not exceed the criteria in table 1i of the "Kansas surface water quality standards: tables of numeric criteria" beyond the mixing zone.

(E) Secondary contact recreation for classified stream segments. The following criteria shall be in effect from January 1 through December 31 of each year:

(i) At least five samples shall be collected during separate 24-hour periods within a 30-day period.

(ii) A geometric mean analysis of the samples specified in paragraph (d)(7)(E)(i) shall not exceed the criteria in table 1i of the "Kansas surface water quality standards: tables of numeric criteria" beyond the mixing zone.

(F) Wastewater disinfection. Wastewater effluent shall be disinfected if the department determines that the discharge of nondisinfected wastewater constitutes an actual or potential threat to public health. Situations that constitute an actual or potential threat to public health shall include instances in which there is a reasonable potential for the discharge to exceed the applicable criteria supporting the assigned recreational use designation or if a water body is known or likely to be used for either of the following:

(i) Primary or secondary contact recreation; or

(ii) any domestic water supply.

(8) Multiple uses. If a classified stream segment or classified surface water other than a classified stream segment is designated for more than one designated use according to K.A.R. 28-16-28d, the water quality of the classified stream segment or classified surface water other than a classified stream segment shall meet the most stringent of the applicable water quality criteria.

(e) Tables. The numeric criteria for the designated uses of classified surface waters shall be the numeric criteria specified in the department's "Kansas surface water quality standards: tables of numeric criteria," dated March 2, 2021, which is hereby adopted by reference. (Authorized by K.S.A. 65-171d, 65-171m, and 82a-2010; implementing K.S.A. 65-171d, 65-171m, 82a-2002, 82a-2003, 82a-2004, and 82a-2010; effective May 1, 1986; amended, T-87-8, May 1, 1986; amended May 1, 1987; amended Aug. 29, 1994; amended July 30, 1999; amended Nov. 3, 2000; amended Aug. 31, 2001; amended Jan. 3, 2003; amended Oct. 24, 2003; amended Jan. 28, 2005; amended March 20, 2015; amended Feb. 23, 2018; amended March 25, 2022.)

28-16-28f. Administration of surface water quality standards. (a) Application of modified surface water quality standards. A modification to the surface water quality standards or the surface water register, or both, shall have no effect on the requirements of any existing enforceable discharge permit issued under K.S.A. 65-165, and amendments thereto, unless the discharge fails to meet the requirements of the permit or the secretary determines that continuation of the discharge will result in a potential or actual public health hazard or in irreversible water use impairments.

(b) Water quality certification. No action identified in this subsection shall be taken unless the department has issued a water quality certification for the following:

(1) Any action requiring a federal license or permit pursuant to the federal clean water act;

(2) any action subject to the permitting provisions of K.S.A. 65-165, and amendments thereto;

(3) any water development project subject to the water projects environmental coordination act, K.S.A. 82a-325 et seq., and amendments thereto; and

(4) any action undertaken by any Kansas state agency that has a potential water quality impact.

(c) Compliance schedules.

(1) Except as provided in paragraph (c)(2), compliance schedules contained in any discharge permit or license issued by the department pursuant to the federal clean water act or K.S.A. 65-165, and amendments thereto, shall not extend more than five years beyond the date of permit issuance.

(2) Compliance schedules extending past the date of permit expiration may be granted if it is demonstrated that the strict application of paragraph (c)(1) is not feasible due to construction scheduling constraints or other technical limitations.

(d) Variances.

(1) A variance establishing an interim designated use and interim criterion may be permitted and adopted into this article of the department's regulations at the next systematic review or subsequent triennial review and after a public hearing consistent with 40 C.F.R. 131.20(b), as in effect on July 1, 2016, if upon written request by any person, as defined in K.S.A. 65-170a and amendments thereto, the secretary finds that the attainment of the designated use and criterion is not feasible because one of the following conditions is met:

(A) One of the factors listed in 40 C.F.R. 131.10(g), as adopted by reference in K.A.R. 28-16-28d, exists.

(B) Actions necessary to facilitate lake, wetland, or stream restoration through dam removal or other significant reconfiguration activities preclude attainment of the designated use and criterion while the actions are being implemented.

(2) Each variance shall be issued and evaluated using methods outlined in the "Kansas implementation procedures: surface water quality standards," as adopted in K.A.R. 28-16-28b.

(3) Adoption and implementation of each variance shall be in accordance with 40 C.F.R. 131.14, as in effect on July 1, 2016 and hereby adopted by reference, except that 131.14(a)(2), 131.14(a)(4), 131.14(b)(1)(ii), and 131.14(b)(2)(i)(A) shall be excluded.

(4) Each variance shall have a designated term limit and reflect the highest attainable condition during the specified term. A variance may be applied to individual or multiple dischargers or surface water bodies.

(5) Each variance shall have requirements and a time limitation demonstrating the intent that progress be made toward the attainment of the underlying designated use and criterion.

(A) Each requirement shall be designed to achieve the highest attainable condition of the surface water segment applicable throughout the term of the variance. A specified requirement shall not result in lowering the currently attained ambient water quality, unless a variance is necessary for physical reconfiguration activities intend-

ed for surface water segment restoration. The highest attainable condition of each affected surface water segment as a quantifiable expression shall be specified as one of the following:

(i) The highest attainable interim criterion;

(ii) the interim effluent condition that reflects the greatest pollutant reduction achievable; or

(iii) the interim criterion or effluent condition that reflects the greatest pollutant reduction achievable with the pollutant control technologies installed at the time the variance is adopted.

(B) If the quantifiable expression identified in paragraph (d)(5)(A)(iii) is selected, a pollutant minimization plan shall be adopted and implemented by the discharger if no additional feasible pollutant control technology is identified.

(6) Each Kansas surface water quality standard not specifically addressed in a variance shall remain applicable.

(7) Each person requesting a variance shall provide evidence that a designated use and criterion, or a designated use or criterion, addressed by the variance cannot be achieved solely by the implementation of technology-based effluent limits.

(8) Each variance request shall include supporting documentation that demonstrates all of the following:

(A) Attaining the designated use and criterion is not feasible throughout the term of the variance because of one of the factors cited in paragraphs (d)(1)(A) and (B).

(B) The term of the variance is only as long as necessary to achieve the highest attainable condition.

(C) The highest attainable condition of the affected surface water segment is as defined in paragraph (d)(5)(A).

(9) A discharger that impacts water quality shall not be granted a variance from requirements of K.A.R. 28-16-28c or 28-16-28e.

(10) Specific eligibility requirements may be included in a multiple-discharger variance as an alternative to identifying the specific dischargers at the time of adoption of the variance. Each discharger shall meet the eligibility requirements in the applicable section of the "Kansas surface water quality standards variance register," as adopted by reference in K.A.R. 28-16-28h, to participate in a multiple-discharger variance.

(e) Site-specific criteria. Site-specific criteria shall be established using the methods outlined in the "Kansas implementation procedures: surface water quality standards," as adopted by reference in K.A.R. 28-16-28b.

(f) Enforcement. Each person deemed by the department to be responsible for a violation of the Kansas surface water quality standards caused by an artificial source shall be required by the department to initiate corrective actions that restore the designated uses of the affected surface water or surface water segment impaired by the violation and provide for the return of the original surface water quality conditions. (Authorized by K.S.A. 65-171d and 65-171m; implementing K.S.A. 65-164, 65-171d, and 65-171m; effective May 1, 1986; amended Aug. 29, 1994; amended July 30, 1999; amended Jan. 28, 2005; amended March 20, 2015; amended Feb. 23, 2018; amended March 25, 2022.)

(continued)

28-16-28g. Surface water register. The classification and use designations of surface waters of the state shall be those identified in the department’s “Kansas surface water register,” dated February 18, 2021, which is hereby adopted by reference. (Authorized by K.S.A. 82a-2005 and 82a-2010; implementing K.S.A. 82a-2001, 82a-2002, 82a-2003, 82a-2004, and 82a-2005; effective Jan. 28, 2005; amended May 20, 2005; amended Sept. 15, 2006; amended May 25, 2007; amended June 6, 2008; amended Feb. 26, 2010; amended Aug. 5, 2011; amended July 7, 2014; amended March 25, 2022.)

28-16-28h. Surface water variance register. The variances approved by the secretary shall be those identified in the department’s “Kansas surface water quality standards variance register,” dated December 30, 2020, which is hereby adopted by reference. (Authorized by K.S.A. 65-171d; implementing K.S.A. 65-171d and 65-171m; effective Feb. 23, 2018; amended March 25, 2022.)

Janet Stanek
Acting Secretary

Doc. No. 049919

INDEX TO ADMINISTRATIVE REGULATIONS

This index lists in numerical order the new, amended, and revoked administrative regulations and the volume and page number of the *Kansas Register* issue in which more information can be found. Temporary regulations are designated with a (T) in the Action column. This cumulative index supplements the 2009 Volumes of the *Kansas Administrative Regulations* and the 2021 Supplement of the *Kansas Administrative Regulations*. Regulations can also be found at http://www.sos.ks.gov/pubs/pubs_kar.aspx.
