Request for Comments

In accordance with Federal Highway Administration (FHWA) and Federal Transit Administration (FTA) requirements, the Kansas Department of Transportation requests comments on the draft federal fiscal year 2013-2016 Statewide Transportation Improvement Program (STIP) for Kansas.

The STIP is a project-specific publication that lists all KDOT-administered projects regardless of funding source, including projects for counties and cities as well as projects on the state highway system, for a four-year period (October 1, 2012 to September 30, 2016). To supplement the project information is a narrative section that briefly describes KDOT's program financing anticipated for the STIP including fiscal constraint, KDOT's public involvement and project selection processes, and an overview of KDOT's public transportation program.

Additionally, within the STIP narrative are brief descriptions of the programs administered by agencies other than KDOT. These programs are the Federal Lands Highway Program administered by the Bureau of Indian Affairs; the Recreational Trails Program administered by the Kansas Department of Wildlife, Parks and Tourism; and the Transportation Improvement Programs (TIPs) administered by each of the metropolitan planning organizations for the five urbanized areas of Kansas (TIP information is included in the STIP by reference only). The five state MPOs are the Mid-America Regional Council for the Kansas City area, the Lawrence-Douglas County Metropolitan Planning Office, the Wichita Area Metropolitan Planning Organization that serves Sedgewick County and the cities of Andover and Mulvane, the Metropolitan Topeka Planning Organization, and the St. Joseph Area Transportation Study Organization that serves Doniphan County in the cities of Wathena and Ellwood.

The STIP is available for review online on the KDOT website at www.ksdot.org/publications.asp. To receive a print copy of the draft STIP or to comment on the contents of the STIP, contact the Kansas Department of Transportation, Bureau of Program and Project Management, 2nd Floor Tower, Eisenhower State Office Building, 700 S.W. Harrison, Topeka, 66603-3754, 785-296-2252 or fax 785-368-6664.

A draft STIP publication is available for review at the following locations:

Metropolitan Planning Organization (MPO) Offices:

- Mid-America Regional Council (MARC), 600 Broadway, Suite 200, Kansas City, MO 64105
- WAMPO, 455 N. Main, City Hall, 10th Floor, Wichita, 67202

This service includes the analysis and design for traffic signals and associated geometrics, highway lighting, pavement markings, signing, access management and work zone traffic control. It also includes field and office investigations to determine the traffic control that would alleviate traffic problems at a specific location, performing capacity analysis of a roadway and/or intersection, and development comprehensive design concept of geometric and traffic control measures.

The Consultant Shortlist Committee will select six to 10 of the most highly qualified firms expressing interest and schedule an individual interview. The consulting firms can more thoroughly discuss their experience related to the project at the interview and will be expected to discuss their approach to this project in detail and the personnel to be assigned to this project. Firms not selected to be short-listed will be notified.

The Consultant Selection Committee, appointed by the Secretary of Transportation, will conduct the discussions with the firms invited to the individual interview conferences. The committee will select several firms to perform the professional services required for completing the advertised project. After the selection, the firms not selected will be notified of the outcome.

It is KDOT's policy to use the following criteria as the basis for selection of the consulting engineering firms:

1. Size and professional qualifications.
2. Experience of staff.
3. Location of firm with respect to project(s).
4. Work load of firm.
5. Firm's performance record.

The firm's accounting systems must have the following capabilities before the firm may be awarded a contract:

- Valid, reliable and current costs must be available within the system to support cost and pricing data.
- Capability to provide a means of measuring the reasonableness of incurred costs.
- Capability to identify and accumulate allowable costs by contract or project records that will reconcile with the general ledger.

- Ability to provide supporting documentation of actual expenditures for each billing, based on costs.

Notice Concerning Kansas/Federal Water Pollution Control Permits and Applications

In accordance with Kansas Administrative Regulations 28-16-57 through 63, 28-18-1 through 17, 28-18a-1 through 33, 28-16-150 through 154, 28-46-7, and the authority vested with the state by the administrator of the U.S. Environmental Protection Agency, various draft water pollution control documents (permits, notices to revoke and reissue, notices to terminate) have been prepared and/or permit applications have been received for discharges to waters of the United States and the state of Kansas for the class of discharges described below.

The proposed actions concerning the draft documents are based on staff review, applying the appropriate standards, regulations and effluent limitations of the state of

Kansas and the Environmental Protection Agency. The final action will result in a Federal National Pollutant Discharge Elimination System Authorization and/or a Kansas Water Pollution Control permit being issued, subject to certain conditions, revocation and reissuance of the designated permit or termination of the designated permit.

Public Notice No. KS-NQ-12-015

The requirements of the draft permits public noticed below are pursuant to the Kansas Surface Water Quality Standards, K.A.R. 28-16-28(b-g):

Name and Address of Applicant	Legal Location	Type of Discharge
ONEOK Field Services 100 W. 5th St. Tulsa, OK 74103	S17, T18S, R33W, Scott County, KS	Nonoverflowing

Kansas Permit No. I-UA37-NP03 Federal Tracking No. KSJ000668

Facility Description: This action consists of issuing a new Kansas Water Pollution Control Permit for an existing facility. This facility is a natural gas and natural gas liquids processing facility. Cooling tower blowdown is land applied periodically onto crop ground in accordance with a KDHE-approved land application plan. Backup to land application is provided by off-site disposal in Class II disposal well(s). Domestic waste is directed to a septic tank and lateral field. Discharge of wastewater from this treatment facility to surface waters of the state of Kansas is prohibited by this permit. Included in this permit are requirements for permittee to submit annual reports for irrigation, land application and storage tank monitoring records.

Notice of Intent to Terminate

Pursuant to the requirements of K.A.R. 28-16-60 and K.A.R. 28-16-62, the Kansas Department of Health and Environment hereby provides notice of intent to terminate the following KDHE-issued permits:

Project/Facility	Project City	Document No.
SCK Financial	New Century	S-MC51-0016
FT 08 Unit Ops TEMF	Fort Riley	S-LR15-0054
Hidden Meadows Estates	Paola	S-MC33-0031

Sem Crude Transmission Substation	Pratt	S-AR73-0019

Westminster Place Addition	Hutchinson	S-AR49-0059
Cedar View Village	Wichita	S-AR94-0557

Proposed Action: The Kansas Department of Health and Environment issued authorizations for stormwater discharges under the Construction Stormwater General Permit for the above-named projects. K.A.R. 65-166a requires the secretary of KDHE to assess appropriate annual fees for authorizations/permits issued by the department and provides that failure to pay the annual fee shall be cause for revocation/termination of the authorization/permit. The authorized entities named above have failed to comply with the requirement to pay the annual fee. Therefore, pursuant to K.S.A. 65-166a, K.A.R. 28-16-60 and K.A.R. 28-16-62, KDHE is hereby providing notice of intent to terminate the authorizations associated with the projects named herein. The entity may reinstate the authorization by paying the appropriate annual fees.

Persons wishing to comment on the draft documents and/or permit applications must submit their comments in writing to the Kansas Department of Health and Environment if they wish to have the comments considered in the decision-making process. Comments should be submitted to the attention of the Livestock Waste Management Section for agricultural-related draft documents or applications, or to the Technical Services Section for all other permits, at the Kansas Department of Health and Environment, Division of Environment, Bureau of Water, 1000 S.W. Jackson, Suite 420, Topeka, 66612-1367.

All comments regarding the draft documents or application notices received on or before September 15 will be considered in the formulation of the final determinations regarding this public notice. Please refer to the appropriate Kansas document number (KS-AG-12-234/241, KS-Q-12-082/102, KS-NQ-12-015) and name of the applicant/permittee when preparing comments.

After review of any comments received during the public notice period, the Secretary of Health and Environment will issue a determination regarding final agency action on each draft document/application. If response to any draft document/application indicates significant public interest, a public hearing may be held in conformance with K.A.R. 28-16-61 (28-46-21 for UIC).

All draft documents/applications and the supporting information including any comments received are on file and may be inspected at the offices of the Kansas Department of Health and Environment, Bureau of Water. These documents are available upon request at the copying cost assessed by KDHE. Application information and components of plans and specifications for all new and expanding swine facilities are available on the Internet at <http://www.kdheks.gov/feedlots>. Division of Environment offices are open from 8 a.m. to 5 p.m. Monday through Friday, excluding holidays.

Request for Comments

The Kansas Department of Health and Environment is proposing to issue a five-year permit to the Emporia Energy Center pursuant to Title IV (Acid Deposition Control) of the Federal Clean Air Act and implementing regulations found in 40 CFR Parts 72 through 78. The effective date of the permit is from January 1, 2013 through December 31, 2017.

Seven combustion turbines are affected by this permit action, identified as EEC1, EEC2, EEC3, EEC4, EEC5, EEC6 and EEC7, located at 1685 Road 200th, Emporia, Lyon County, KS 66801, and operated by Westar Energy, Inc., 818 S. Kansas Ave., Topeka, KS 66601, and would receive 0, 0, 0, 0, 0, 0 and 0 allowances, respectively, for each year from 2013 through 2017. Emporia Energy Center proposes to comply with the Acid Rain Program emission requirements by holding enough allowances to cover all sulfur dioxide emissions. Issuance of this permit would not affect the responsibility of Emporia Energy Center to meet all other existing local, state and federal sulfur dioxide emission requirements.

The designated representative for Emporia Energy Center is John T. Bridson.

A copy of the proposed permit, permit application, all supporting documentation and all information relied upon during the permit application review process is available for public review during normal business hours at the KDHE, Bureau of Air, 1000 S.W. Jackson, Suite 310, Topeka, and at the KDHE Southeast District Office, 1500 W. 7th St., Chanute. To obtain or review the proposed permit and supporting documentation, contact Larry D. Lowry, P.E., 785-296-6281, at the KDHE central office, and to review the proposed permit only, contact Doug Cole, 620-431-2390, at the KDHE Southeast District Office. The standard departmental cost will be assessed for any copies requested.

Direct written comments or questions regarding the proposed permit to Larry D. Lowry, P.E., KDHE, Bureau of Air, 1000 S.W. Jackson, Suite 310, Topeka, 66612-1366, 785-296-6281. Written comments must be received before the close of business September 17 in order to be considered in formulating a final permit decision.

A person may request a public hearing be held on the proposed permit. The request for a public hearing shall be in writing and set forth the basis for the request. The written request must be submitted to Sharon Burrell, Bureau of Air, not later than the close of business September 17 in order for the Secretary of Health and Environment to consider the request.

State of Kansas

Wildlife, Parks and Tourism Commission

Notice of Hearing on Proposed
Administrative Regulations

A public hearing will be conducted by the Wildlife, Parks and Tourism Commission at 7 p.m. Thursday, October 18, at Flint Oak, 2639 Quail Road, Fall River, to consider the approval and adoption of proposed regulations of the Kansas Department of Wildlife, Parks and Tourism.

A regulatory hearing on business of the Wildlife, Parks and Tourism Commission will begin at 7 p.m. October 18 at the location listed above. There will be public comment periods at the beginning of the evening meeting for any issues not on the agenda, and additional comment periods will be available during the meeting on agenda items. Old and new business also may be discussed at this time. If necessary to complete business matters, the commission will reconvene at 9 a.m. October 19 at the same location.

Any individual with a disability may request accommodation in order to participate in the public meeting and may request the meeting materials in an accessible format. Requests for accommodation should be made at least five working days in advance of the meeting by contacting Sheila Kemmis, commission secretary, at 620-672-5911. Persons with a hearing impairment may call the Kansas Commission for the Deaf and Hard of Hearing at 800-432-0698 to request special accommodations.

This 60-day notice period prior to the hearing constitutes a public comment period for the purpose of receiving written public comments on the proposed administrative regulations. All interested parties may submit written comments prior to the hearing to the chairman of the commission, Kansas Department of Wildlife, Parks and Tourism, 1020 S. Kansas Ave., Suite 200, Topeka, 66612, or to sheila.kemmis@ksoutdoors.com if electronically. All interested parties will be given a reasonable opportunity at the hearing to express their views orally in regard to the adoption of the proposed regulations. During the hearing, all written and oral comments submitted by interested parties will be considered by the commission as a basis for approving, amending and approving, or rejecting the proposed regulations.

The regulations that will be heard during the regulatory hearing portion of the meeting are as follows:

K.A.R. 115-1-1. This permanent regulation establishes definitions. The proposed amendment would add a definition for artificial lure to clarify the regulations for Alabama rigs.

Economic Impact Summary: The proposed amendment is not anticipated to have any appreciable negative economic impact on the department, other agencies, small businesses or the public.

K.A.R. 115-18-18. This permanent regulation establishes the hand fishing permit and requirements. The proposed amendment would rescind the reporting requirements following the end of the hand fishing season.

Economic Impact Summary: The proposed amendment is not anticipated to have any appreciable negative economic impact on the department, other agencies, small businesses or the public.

K.A.R. 115-25-14. This exempt regulation establishes the creel limit, size limit, possession limit and open season for fishing. The proposed version of the regulation adds new trout waters and updates the reference document.

Economic Impact Summary: The proposed version of the regulation is not anticipated to have any appreciable negative economic impact on the department, other agencies, small businesses or the public.

K.A.R. 115-7-3. This permanent regulation establishes taking and use of baitfish or minnows. The proposed amendments would allow taking and use of live baitfish within a drainage except from a designated aquatic nuisance species water, allow the taking and use of bluegill and green sunfish to be used as baitfish anywhere in the state except if taken from a designated aquatic nuisance species water, and restrict importation of out of state baitfish unless they meet the same criteria as Kansas commercial baitfish sales.

Economic Impact Summary: The proposed amendments are not anticipated to have any appreciable negative economic impact on the department, other agencies, small businesses or the public.

K.A.R. 115-7-10. This permanent regulation establishes special provisions for fishing. The proposed amendments would allow transport of live fish from designated waters containing aquatic nuisance species during permitted fishing tournaments for weigh-ins, update the reference document designated aquatic nuisance waters and require persons fishing with baitfish purchased from a commercial bait dealer to possess the purchase receipt while fishing.

Economic Impact Summary: The proposed amendments are not anticipated to have any appreciable negative economic impact on the department, other agencies, small businesses or the public.

K.A.R. 115-2-2. This permanent regulation establishes motor vehicle permit fees. The proposed amendments would set a different fee structure for motor vehicle permits and reduce fees for those who purchase the permit when registering their vehicle based on legislative enactment.

Economic Impact Summary: If the owners of 10 percent of the light trucks and cars registered opted to purchase a park motor vehicle permit, the proposed amendments would generate an additional \$1,800,000 on annual fiscal year basis. Otherwise, the proposed revocation is not anticipated to have any appreciable negative economic impact on the department, other agencies, small businesses or the public.

K.A.R. 115-4-15. This new permanent regulation establishes a restitution scoring system for white-tailed deer, mule deer, elk and antelope for wildlife violations based on legislative enactment.

Economic Impact Summary: The proposed regulation is not anticipated to have any appreciable negative economic impact on the department, other agencies, small businesses or the public.

K.A.R. 115-8-1. This permanent regulation establishes provisions related to hunting, furharvesting and discharge of firearms on department lands and waters. The

(continued)

proposed amendment would update the reference document in relation to possession of alcohol on department lands and waters based on legislative enactment.

Economic Impact Summary: The proposed amendment is not anticipated to have any appreciable negative economic impact on the department, other agencies, small businesses or the public.

K.A.R. 115-8-19. This permanent regulation contains provisions, restrictions and penalties for personal conduct on department lands and waters. The proposed amendments would update the regulation in relation to possession of alcohol on department lands and waters based on legislative enactment.

Economic Impact Summary: The proposed amendments are not anticipated to have any appreciable negative economic impact on the department, other agencies, small businesses or the public.

K.A.R. 115-25-6. This exempt regulation establishes the spring season, bag limit and game tags for wild turkeys. The proposed version of the regulation would change management units from 4 units to 6 units to coincide with changes previously made in the fall turkey season, would increase the bag limit in Unit 1 and would allow the use of Unit 4 permits in adjoining units.

Economic Impact Summary: The proposed regulation is not anticipated to have any appreciable negative economic impact on the department, other agencies, small businesses or the public.

K.A.R. 115-2-1. This permanent regulation establishes fish and wildlife-related license and permit fees. The proposed amendments would establish license options for individuals 65-74 based on legislative enactment this past

session. Options would include hunting or fishing licenses at \$9 respectively, a combination hunting and fishing license at \$18 or a lifetime senior pass for hunting and fishing at \$40.

Economic Impact Summary: The proposed amendments would increase department revenue to the wildlife fee fund but, depending on the options chosen, any amount would be purely speculative at this time. Otherwise, the proposed amendments are not anticipated to have any appreciable negative economic impact on the department, other agencies, small businesses or the public.

K.A.R. 115-18-22. This new permanent regulation establishes requirements, restrictions and permit duration for the senior pass valid for hunting and fishing. The proposed regulation would allow residents 65 and older to purchase the pass, not invalidate the pass if the holder moves out of state, allow the purchase of deer and turkey permits at resident prices if the holder move out of state, and have the license expire on the death of the holder.

Economic Impact Summary: The proposed regulation is not anticipated to have any appreciable negative economic impact on the department, other agencies, small businesses or the public.

Copies of the complete text of the regulations and their respective economic impact statements may be obtained by writing the chairman of the commission at the address above, electronically on the department's website at www.kdwp.state.ks.us, or by calling 785-296-2281.
