Kansas Ave., Suite 202, Topeka, on the proposal for the KDFA to issue its Agricultural Development Revenue Bond for the project numbered below in the respective maximum principal amount. The bond will be issued to assist the borrower named below (who will be the owner and operator of the project) to finance the cost in the amount of the bond, which is then typically purchased by a lender bank who then, through the KDFA, loans the bond proceeds to the borrower for the purposes of acquiring the project. The project shall be located as shown:

The bond will be payable solely from amounts received from the respective borrower, the obligation of which will be sufficient to pay the principal of, interest and redemption premium, if any, on the bond when it becomes due.

All individuals who appear at the hearing will be given an opportunity to express their views concerning the proposal to issue the bond to finance the project, and all written comments previously filed with the KDFA at its offices at 555 S. Doc. No. 042017

State of Kansas

Kansas Insurance Department

Notice of Hearing on Proposed
Administrative Regulations

A public hearing will be conducted at 1:30 p.m. Monday, December 23, in the third floor conference room, Kansas Insurance Department, 420 S.W. 9th, Topeka, to consider the adoption of proposed rules and regulations.

The 60-day notice of the public hearing shall constitute a public comment period for the purpose of receiving written public comments on the proposed rules and regulations. All interested parties may submit written comments prior to the hearing to Kris Kellim, Kansas Insurance Department, 420 S.W. 9th, Topeka, 66612-1678, via facsimile at 785-291-3190 or via email at kkellim@ksinsurance.org. All interested parties will be given a reasonable opportunity to present their views orally on the adoption of the proposed regulations during the hearing.

A summary of the proposed regulations and their economic impact follows:

K.A.R. 40-1-28. Insurance holding companies; reporting forms and instructions. The amendment to this regulation is being proposed to amend the current regulation relating to reporting forms and instructions for insurance holding company systems filed by insurance companies. This proposed amendment to K.A.R. 40-1-28 adopts by reference the October 15, 2013 "Policy and Procedure Providing Insurance Holding Company System Forms and Instructions," which is the current National Association of Insurance Commissioners (NAIC) model regulation with Kansas-specific revisions.

The proposed amended regulation is not mandated by federal law.

There would be minimal impact on companies required to update their procedures, although these updates would be required by other states as well. The proposed amended regulation will not have any economic impact on other insurance companies, government agencies, regulated entities, large or small businesses, the general public or consumers.

K.A.R. 40-1-37. Audited financial reports; filing requirements. The amendment to this regulation is being proposed to amend the current regulation relating to annual audited financial reports filed by insurance companies. K.S.A. 40-225 directs the commissioner to make amendments or additions to the reporting requirements prescribed by the National Association of Insurance Commissioners (NAIC). This proposed amendment to K.A.R. 40-1-37 adopts by reference the July 19, 2013 "Policy and Procedure Requiring Annual Audited Financial Reports," which is the current NAIC model regulation with Kansas-specific revisions. Companies currently voluntarily comply with the NAIC model regulation.

The proposed amended regulation is not mandated by federal law.

Because these national standards already exist, most companies will not change current practice or experience any fiscal impact. There would be minimal impact on companies required to update their procedures, although these updates would be required by other states as well. The proposed amended regulation will not have any economic impact on other insurance companies, govern-

ment agencies, regulated entities, large or small businesses or the general public.

K.A.R. 40-1-48. Risk-based capital instructions for health organizations. This regulation adopts by reference the most recent version of the National Association of Insurance Commissioners (NAIC) health risk-based capital reports, including overview and instructions, for companies. Risk-based capital is a method of measuring the minimum amount of capital appropriate for an insurance entity to support its overall business operation in consideration of its size and risk profile. Risk-based capital standards for health organizations were enacted in Kansas in the year 2000 and have been amended. This regulation sets out the requirements and format of the risk-based capital report that all domestic health organizations are required to file each year.

The economic impact on companies, if any, is positive because the reports that are required to be filed in Kansas are uniform formats as established by the NAIC. NAIC rules, regulations and instructions are promulgated after input from the insurance industry and regulators nationwide. Companies will generally be familiar with the format and requirements of these reports.

The economic impact will be positive, if any, because the reports that are required to be filed in Kansas are uniform formats as established by the NAIC. There will be little or no economic impact on the Kansas Insurance Department, consumers, small businesses or other governmental agencies.

K.A.R. 40-3-59. Workers compensation policies. This regulation is being proposed to provide definitions that are consistent with related terms defined under L. 2012, ch. 142, sec. 2, and to provide standards for insurance companies that elect to issue workers compensation insurance coverage on a master policy basis, which is otherwise prohibited under K.S.A. 40-955.

The proposed regulation is not mandated by federal law.

The proposed regulation would have minimal impact on companies that elect to issue workers compensation insurance coverage on a master policy basis. The proposed regulation would not have any economic impact on other insurance companies, government agencies, regulated entities, large or small businesses, the general public or consumers.

K.A.R. 40-16-1. Professional employer organizations; definitions.

K.A.R. 40-16-2. Professional employer organizations; fees.

The Professional Employer Organization Registration Act, L. 2012, ch. 142, sec. 10, authorizes the commissioner to adopt necessary rules and regulations. K.A.R. 40-16-1 is being proposed to provide a definition for the term "act." K.A.R. 40-16-2 is being proposed to set forth application fees as required under L. 2012, ch. 142, sec. 5.

The proposed new regulations are not mandated by federal law.

K.A.R. 40-16-1 would have no economic impact. There would be minimal economic impact on professional employer organizations and groups required to pay application fees pursuant to K.A.R. 40-16-2. The proposed new regulations would not have any economic impact on other insurance companies, government agencies, regu-

(continued)

lated entities, large or small businesses or the general public.

Any individual with a disability may request accommodation in order to participate in the public hearing and may request the proposed regulations and the economic impact statements in an accessible format. Requests for accommodation should be made at least five working days in advance of the hearing by contacting Kris Kellim at 785-296-2188 or kkellim@ksinsurance.org. Any individual desiring a copy of this regulation and/or the policy and procedure that is being adopted by reference, if applicable, may obtain a copy from the department's website at www.ksinsurance.org, under the Legal Issues link, or by contacting Kris Kellim. The charge for copies is 50 cents per page.

State of Kansas**Department of Transportation****Notice to Contractors**

Electronic copies of the letting proposals and plans are available on the KDOT website at <http://www.ksdot.org/burconsmain/contracts/proposal.asp>. The website will allow the contractor to request approval from KDOT to bid as a prime contractor and be included on the "Bid Holders List," or to be included on the "Non-Bid Holders List" as a subcontractor/supplier. KDOT's approval is required to bid as a prime contractor. To bid as a prime contractor, KDOT needs to be notified of the intent to bid not later than the close of business on the Monday preceding the scheduled letting date. Failure to obtain prior approval to bid as a prime contractor on any projects listed below will be reason to reject the bid. The secretary of the Department of Transportation reserves the right to reject bids that do not comply with all requirements for preparing a bidding proposal as specified in the 2007 edition of the Kansas Department of Transportation Standard Specifications for State Road and Bridge Construction.

KDOT will only accept electronic Internet proposals online using the Bid Express website at <http://www.bidx.com> until 1 p.m. local time November 13, 2013. KDOT will open and read these proposals at the Eisenhower State Office Building, 700 S.W. Harrison, Topeka, at 1:30 p.m. local time November 13, 2013. An audio broadcast of the bid letting is available at <http://www.ksdot.org/burconsmain/audio.asp>.

Each bidder shall certify that such person, firm, association or corporation has not, either directly or indirectly, entered into any agreement, participated in any collusion, or otherwise taken any action in restraint of free competitive bidding in connection with the submitted bid. This certification shall be in the form of a required contract provision provided by the state to each prospective bidder. Failure to complete the required contract provision and certify the completeness of the preceding statement when electronically signing the proposal will make the bid nonresponsive and not eligible for award consideration.
