**Department of Administration
Office of Facilities and Property Management**

Notice of Requested Architectural Services

Notice is hereby given of the commencement of the selection process for architectural programming services for a new Food and Agriculture Systems Teaching, Extension and Research (FASTER) Facility. The new facility will address the need for growth in multidisciplinary research, teaching and outreach related to food systems, and will help to meet the College of Agriculture and Kansas State University goals in their 2025 strategic plans. K-State believes the completion of this program statement will take a full team approach led by a highly experienced A&E firm that expertly understands these specific research fields and can provide a portfolio with top-50 public research project exposure. A draft of the program is desired by February 2016. Deliverables will include the program, feasibility analysis and concept imagery for fundraising.

For more information contact Ryan Swanson at 785-532-1373 or rswanson@ksu.edu. A limited scope of work is available at <http://admin.ks.gov/offices/ofpm/dcc/arch-eng-programs>.

To be considered, one (1) PDF file of the following should be provided: State of Kansas Professional Qualifications DCC Forms 051-054, inclusive, and information regarding similar projects. These forms may be found at <http://admin.ks.gov/offices/ofpm/dcc/f-and-d>. State of Kansas Professional Qualifications DCC Form 050 for each firm and consultant should be provided at the end of each proposal. Please include your firm name, agency abbreviation and an abbreviated project name in the title of the PDF document. Proposals should be less than 5MB and follow the current State Building Advisory Commission guidelines found in Part B—Chapter 2 of the Building Design and Construction Manual at <http://www.admin.ks.gov/offices/ofpm/dcc/bdcm>. Proposals should be sent on a CD, DVD or flash drive along with a transmittal to Randy Riveland, Office of Facilities and Property Management, Suite 700, 800 S.W. Jackson, Topeka, 66612-1216. Proposals sent via email will no longer be accepted and paper copies of the proposals are no longer required. It is the proposer's responsibility to ensure proposals are received by the closing date and time. Delays in mail delivery or any other means of transmittal, including couriers or agents of the issuing entity, shall not excuse late proposal submissions. Proposals received after the date and time noted below will not be forwarded to the State Building Advisory Commission for review. If you have questions call 785-296-0749. The PDF proposal submissions shall be delivered to the attention of Randy Riveland by 2 p.m. on or before September 25, 2015.

Notice of Requested Architectural Services

Notice is hereby given of the commencement of the selection process for architectural services for the construction of a new State Emergency Management Operations and Training Center on or adjacent to the grounds of the 190th Refueling Wing at Forbes Field in Topeka.

The facility will be approximately 21,000 square feet, and will be the primary state center for all state emergency response operations and training. It shall have streamlined access to the airfield and the Kansas National Guard's Joint Force Headquarters. It will house the Kansas Department of Emergency Management, and shall include a new State Emergency Operations Center and related supporting spaces. The project shall also include all necessary parking, emergency power generation and emergency communication systems. The new facility shall enable the agency to consume less than half of its current energy usage for these missions. The project will require programming of the building and spaces as well as traditional design, bid and construction services. The project construction budget is \$5,251,875.

For more information contact Richard Dechant at 785-274-1131 or richard.dechant.nfg@mail.mil. An architectural program is available as a limited scope of work at <http://admin.ks.gov/offices/ofpm/dcc/arch-eng-programs>.

To be considered, one (1) PDF file of the following should be provided: State of Kansas Professional Qualifications DCC Forms 051-054, inclusive, and information regarding similar projects. These forms may be found at <http://admin.ks.gov/offices/ofpm/dcc/f-and-d>. State of Kansas Professional Qualifications DCC Form 050 for each firm and consultant should be provided at the end of each proposal. Please include your firm name, agency abbreviation and an abbreviated project name in the title of the PDF document. Proposals should be less than 5MB and follow the current State Building Advisory Commission guidelines found in Part B—Chapter 2 of the Building Design and Construction Manual at <http://www.admin.ks.gov/offices/ofpm/dcc/bdcm>. **Notice of Intent to Establish a New Line-Make for
an Existing New Motor Vehicle Dealer**

Notice has been received from BME Inc., Briggs Dodge of its intent to establish the El Dorado National Kansas, Inc. mini-bus franchises to the BME Inc., Briggs Dodge location at 3001 S. Kansas Ave., Topeka, Kansas.

Pursuant to K.S.A. 8-2430(a)(5), any existing new motor vehicle dealer may protest the proposed addition of the new franchises of El Dorado National Kansas, Inc. mini-buses if that existing new motor vehicle dealer has a franchise agreement for the same line-make vehicle as that which is to be sold or offered for sale at BME Inc., Briggs Dodge at 3001 S. Kansas Ave., Topeka, Kansas, and provided that the existing new motor vehicle dealer is physically located such that its relevant market area, as defined in K.S.A. 8-2430(e), includes the location where the new El Dorado National Kansas, Inc. mini-bus dealership will be located.

Pursuant to K.S.A. 8-2430(a), any petition or complaint by any dealer with standing to protest must be filed with the director of the Division of Vehicles within 30 days of this notice. Such petitions or complaints must be directed to the Kansas Department of Revenue, Division of Vehicles, 11th Floor, Docking State Office Building, 915 S.W. Harrison, Topeka, 66612.

**Department of Health
and Environment****Request for Comments**

The Kansas Department of Health and Environment is soliciting comments regarding a proposed air quality operating permit. Tyson Fresh Meats, Inc. – Holcomb Plant has applied for a Class I operating permit renewal in accordance with the provisions of K.A.R. 28-19-510 et al. The purpose of a Class I permit is to identify the sources and types of regulated air pollutants emitted from the facility; the emission limitations, standards and requirements applicable to each source; and the monitoring, record keeping and reporting requirements applicable to each source as of the effective date of permit issuance.

Tyson Fresh Meats, Inc., 800 Stevens Port Drive, Dakota Dunes, SD 57049, owns and operates a meat packing facility located at 3105 N. IBP Road, Holcomb, KS 67815.

A copy of the proposed permit, permit application, all supporting documentation and all information relied upon during the permit application review process is available for public review during normal business hours, 8 a.m. to 5 p.m., at the KDHE, Bureau of Air, 1000 S.W. Jackson, Suite 310, Topeka, and at the KDHE Southwest District Office, 302 W. McArtor Road, Dodge City. To obtain or review the proposed permit and supporting documentation contact Allyson Prue, 785-296-1994, at the KDHE central office, or Ethel Evans, 620-255-3731, at the KDHE Southwest District Office. The standard departmental cost will be assessed for any copies requested.

Written comments or questions regarding the proposed permit may be directed to Allyson Prue, KDHE, Bureau of Air, 1000 S.W. Jackson, Suite 310, Topeka, 66612-1366. In order to be considered in formulating a final permit decision, written comments must be received not later than noon October 12, 2015.

A person may request a public hearing be held on the proposed permit. The request for a public hearing shall be in writing and set forth the basis for the request. The written request must be submitted to Allyson Prue, KDHE, Bureau of Air, not later than noon October 12, 2015, in order for the secretary of health and environment to consider the request.

The U.S. Environmental Protection Agency has a 45-day review period, which will start concurrently with the public comment period, within which to object to the proposed permit. If the EPA has not objected in writing to the issuance of the permit within the 45-day review period, any person may petition the administrator of the EPA to review the permit. The 60-day public petition period will directly follow the EPA's 45-day review period. Interested parties may contact KDHE to determine if the EPA's 45-day review period has been waived.

Any such petition shall be based only on objections to the permit that were raised with reasonable specificity during the public comment period provided for in this notice, unless the petitioner demonstrates that it was impracticable to raise such objections within such period, or unless the grounds for such objection arose after such period. Contact Ward Burns, U.S. EPA, Region 7, Air Per-

mitting and Compliance Branch, 11201 Renner Blvd., Lenexa, KS 66219, 913-551-7960, to determine when the 45-day EPA review period ends and the 60-day petition period commences.

Department of Health and Environment

Request for Comments

On April 17, 2015, the Environmental Protection Agency promulgated Resource Conservation and Recovery Act (RCRA) Subtitle D regulations regarding the management of coal combustion residuals (CCR) generated by electrical utilities. This new rule, effective October 19, 2015, establishes minimum standards for the management and disposal of CCR by the generators of these industrial wastes. The requirements of the rule will be phased in over a multi-year period. EPA's CCR regulations are applicable to the CCR management practices at the Kansas City Board of Public Utilities (BPU) Nearman Creek Industrial Solid Waste Landfill, which has been and will continue to be regulated under Kansas state laws, regulations and permits.

The Nearman Creek facility is approximately 620.23 acres and located in portions of Sections 13 & 24, Township 10 South, Range 24 East in Wyandotte County. The facility currently has a Kansas Department of Health and Environment solid waste landfill permit that includes two units. These two units have historically received CCR materials (fly ash, bottom ash, economizer ash and other solid wastes permitted for disposal under their approved facility operating plan). This permit action will clarify the status and classification for these units. The Fly Ash

(continued)

Landfill, which has been inactive since April 10, 2015, covers approximately 6.6 acres. This unit is in the process of closing under KDHE's regulations. The Bottom Ash Landfill, which covers approximately 21.5 acres, is being operated as a surface impoundment (SI). This unit, which will continue to operate as an active SI under the new CCR rules, will be reclassified through a permit update to reflect its operational status. No new surface impoundments or landfills will be added to the facility's operational practices by this action. This proposed modified permit will result in a higher level of regulatory oversight by KDHE for all CCR units subject to EPA's 2015 CCR rules.

KDHE will consider information received during the public comment period. The modified draft permit (Industrial Landfill Permit 413) and a site diagram, which delineates the CCR units associated with this permit action, will be available for public review at www.kdheks.gov/waste from September 10-October 12, 2015. Anyone wishing to comment on the proposed modification should submit written statements by 5 p.m. October 12, 2015, to Dean Williams, KDHE, 1000 S.W. Jackson, Topeka, 66612-1366, via facsimile to 785-296-1592, or via email to dwilliams@kdheks.gov. Comments that are post-marked by October 12, 2015, and received at KDHE's Topeka offices by the close of business October 14, 2015, will also be considered.

After consideration of all formal comments as described above, KDHE will finalize the proposed permit modification with any changes that are deemed appropriate to the permit special conditions. Notice of the decision will be given to the permittee, to anyone who submitted formal comments and to those who requested notice of the final permit decision.

Department of Health and Environment

Request for Comments

On April 17, 2015, the Environmental Protection Agency promulgated Resource Conservation and Recovery Act (RCRA) Subtitle D regulations regarding the management of coal combustion residuals (CCR) generated by electrical utilities. This new rule, effective October 19, 2015, establishes minimum standards for the management and disposal of CCR by the generators of these industrial wastes. The requirements of the rule will be phased in over a multi-year period. EPA's CCR regulations are applicable to the CCR management practices at the Kansas City Power & Light Company's (KCP&L) La Cygne Industrial Solid Waste Landfill, which has been and will continue to be regulated under Kansas state laws, regulations and permits.

The KCP&L La Cygne facility is approximately 7,500 acres and located in portions of Sections 27, 33 and 34, Township 19 South, Range 25 East in Linn County. The

facility currently has a Kansas Department of Health and Environment solid waste landfill permit that includes a permitted disposal area of approximately 775 acres. Within the designated landfill disposal area are three CCR units: The Upper Air Quality Control (AQC) Pond, the Lower AQC Pond, and the Dry Ash Landfill.

The Upper AQC Pond and the Lower AQC Pond will remain operational as active CCR surface impoundments under the new CCR rules since they contain and receive CCR materials (AQC sludge, bottom ash, fly ash, economizer ash, gypsum and other solid wastes permitted for disposal under their approved facility operating plan). The Dry Ash Landfill will remain operational as an existing CCR landfill under the new CCR Rule since the landfill has received and will continue to receive CCR materials listed above. Bottom ash generated within the plant has been and will continue to be sluiced to a Bottom Ash Pond, which has been and is currently regulated by KDHE under an NPDES permit. The Bottom Ash Pond will be regulated as an active CCR surface impoundment under the new CCR rules. Therefore, the Bottom Ash Pond will be incorporated into Permit 337 by this proposed permit action. No new surface impoundments or landfills will be added to the facility's operational practices by this action. This proposed modified permit will result in a higher level of regulatory oversight by KDHE for all CCR units subject to EPA's 2015 CCR rules.

KDHE will consider information received during the public comment period. The modified draft permit (Industrial Landfill Permit 337) and a site diagram, which delineates the CCR units associated with this permit action, will be available for public review at www.kdheks.gov/waste from September 10-October 12, 2015. Anyone wishing to comment on the proposed modification should submit written statements by 5 p.m. October 12, 2015, to Dean Williams, KDHE, 1000 S.W. Jackson, Topeka, 66612-1366, via facsimile to 785-296-1592 or via email to dwilliams@kdheks.gov. Comments that are post-marked by October 12, 2015, and received at KDHE's Topeka offices by the close of business October 14, 2015, will also be considered.

After consideration of all formal comments as described above, KDHE will finalize the proposed permit modification with any changes that are deemed appropriate to the permit special conditions. Notice of the decision will be given to the permittee, to anyone who submitted formal comments and to those who requested notice of the final permit decision.

**Department of Health
and Environment****Request for Comments**

On April 17, 2015, the Environmental Protection Agency promulgated Resource Conservation and Recovery Act (RCRA) Subtitle D regulations regarding the management of coal combustion residuals (CCR) generated by electrical utilities. This new rule, effective October 19, 2015, establishes minimum standards for the management and disposal of CCR by the generators of these industrial wastes. The requirements of the rule will be phased in over a multi-year period. EPA's CCR regulations are applicable to the CCR management practices at the Westar Jeffrey Energy Center, which has been and will continue to be regulated under Kansas state laws, regulations and permits.

The Kansas Department of Health and Environment has issued a solid waste permit to Westar Jeffrey Energy Center authorizing the on-site disposal of CCRs. The Westar facility is located on approximately 2,000 acres located in Sections 12 and 1, Township 9 South, Range 11 East, and Sections 6 and 7, Township 9 South, Range 12 East in Pottawatomie County. Solid Waste Permit 359 covers several active and closed landfills and surface impoundments in which CCR materials are and have been historically disposed. Existing areas that have been used as staging areas containing CCR piles will be incorporated into Permit 359 by this proposed permit action. These areas will be closed with CCR left in place or by removal of all CCR. No new surface impoundments or landfills will be added to the facility's operational practices by this action. This proposed modified permit will result in a higher level of regulatory oversight by KDHE for all CCR units subject to EPA's 2015 CCR rules.

KDHE will consider information received during the public comment period prior to finalizing this permit action. The modified draft permit (Industrial Landfill Permit 359) and a site diagram, which delineates the CCR units associated with this proposed permit action, will be available for public review at www.kdheks.gov/waste from September 10-October 12, 2015. Anyone wishing to comment on the proposed modification should submit written comments by 5 p.m. October 12, 2015, to Sam Sunderraj, KDHE, 1000 S.W. Jackson, Suite 320, Topeka, 66612-1366, via facsimile to 785-296-1592 or via email to ssunderraj@kdheks.gov. Comments that are postmarked by October 12, 2015, and received at KDHE's Topeka offices by the close of business October 14, 2015, will be considered.

After consideration of all formal comments, KDHE will finalize the permit modification and provide notice of the decision to the permittee, to anyone who submitted formal comments and to anyone who requested notice of the final permit decision.

Request for Comments

On April 17, 2015, the Environmental Protection Agency promulgated Resource Conservation and Recovery Act (RCRA) Subtitle D regulations regarding the management of coal combustion residuals (CCR) generated by electrical utilities. This new rule, effective October 19, 2015, establishes minimum standards for the management and disposal of CCR by the generators of these industrial wastes. The requirements of the rule will be phased in over a multi-year period. EPA's CCR regulations are applicable to the CCR management practices at the Westar Lawrence Energy Center, which has been and will continue to be regulated under Kansas state laws, regulations and permits.

The Kansas Department of Health and Environment has issued three solid waste permits to Westar Lawrence Energy Center authorizing the on-site disposal of CCRs. The Westar facility is located on approximately 352 acres located in Sections 13 & 14, Township 12 South, Range 19 East in Douglas County. Two of three facility solid waste permits are for CCR landfills in post-closure care status. Solid Waste Permit 847 is an active landfill in which dry CCR materials (bottom ash, fly ash and flue gas desulfurization solids) are disposed. Surface impoundments that have received varying amounts of CCRs over many years of operation will be incorporated into Permit 847 by this proposed permit action. No new surface impoundments or landfills will be added to the facility's operational practices by this action. This proposed modified permit will result in a higher level of regulatory oversight by KDHE for all CCR units subject to EPA's 2015 CCR rules.

KDHE will consider information received during the public comment period prior to finalizing this permit action. Notice Concerning Kansas/Federal Water Pollution Control Permits and Applications

In accordance with Kansas Administrative Regulations 28-16-57 through 63, 28-18-1 through 17, 28-18a-1 through 33, 28-16-150 through 154, 28-46-7, and the authority vested with the state by the administrator of the U.S. Environmental Protection Agency, various draft water pollution control documents (permits, notices to revoke and reissue, notices to terminate) have been prepared and/or permit applications have been received for discharges to waters of the United States and the state of Kansas for the class of discharges described below.

The proposed actions concerning the draft documents are based on staff review, applying the appropriate standards, regulations and effluent limitations of the state of Kansas and the Environmental Protection Agency. The final action will result in a Federal National Pollutant Discharge Elimination System Authorization and/or a Kansas Water Pollution Control permit being issued, subject to certain conditions, revocation and reissuance of the designated permit or termination of the designated permit.

Public Notice No. KS-AG-15-315 Application(s) for New or Expansion of Existing Swine Facilities

Table with 2 columns: Name and Address of Applicant, Owner of Property Where Facility Will Be Located, Legal Description, Receiving Water. Includes details for Thomas W. Cott and Kansas-Republican River Basin.

This is an application for a permit renewal and modification at an existing swine facility for 1,749 head (699.5 animal units) of swine weighing more than 55 pounds and 600 head (60 animal units) of swine weighing 55 pounds or less. The permit contains modifications consisting of removing the five hoop structures and constructing a finishing building and composting facility. A modified permit will not be issued without additional public notice.

Public Notice No. KS-AG-15-316/323 Pending Permits for Confined Feeding Facilities

Table with 3 columns: Name and Address of Applicant, Legal Description, Receiving Water. Includes details for Thomas W. Cott and Kansas-Republican River Basin.

This is a renewal permit with modifications for an existing facility for 1,749 head (699.5 animal units) of swine weighing more than 55 pounds and 600 head (60 animal units) of swine weighing 55 pounds or less. The permit contains modifications consisting of removing

the five hoop structures and constructing a finishing building and composting facility.

Name and Address of Applicant	Legal Description	Receiving Water
Seaboard Foods LLC Seaboard Foods – Ladder Creek West Site 2801 Hurliman Road Guymon, OK 73942	All of Section 16 & S/2 of Section 17 & N/2 of Section 20, T16S, R41W, Greeley County	Smoky Hill River Basin

Kansas Permit No. A-SHGL-H002 Federal Permit No. KS0100862

This is a new permit for a proposed swine facility. The maximum number of animal units at the facility will be 105,600. The facility will be utilized for a maximum of 264,000 head of swine weighing up to 70 pounds, at which point the population will be reduced to 132,000 head of swine weighing up to 280 pounds. Alternatively, the facility will be utilized for a maximum of 132,000 head of swine weighing greater than 55 pounds. The proposed facility will consist of 120 enclosed swine buildings and nine earthen anaerobic treatment lagoons, separated into nine sites. This facility has an approved Nutrient Management Plan on file with KDHE.

Name and Address of Applicant	Legal Description	Receiving Water
John Wilkey Clark County Feed Yard, Inc. 461 CR 1 Minneola, KS 67865	All of Section 16 & N/2 of Section 21, T31S, R25W, Clark County	Cimarron River Basin

Kansas Permit No. A-CICA-C002 Federal Permit No. KS0115401

This is a permit modification and reissuance for an existing livestock facility with the maximum capacity of 13,450 head (13,450 animal units) of cattle weighing greater than 700 pounds. The facility consists of approximately 117 acres of open lot pens, manure stockpile area and associated feedlot areas. Surface runoff is collected by two sediment basins and three waste storage ponds. The facility is proposing to close the existing waste storage ponds and one existing sediment basin and construct three diversion channels, four sediment basins and five earthen retention control structures. This facility has an approved Nutrient Management Plan on file with KDHE.

Public Notice No. KS-Q-15-122/124

The requirements of the draft permits public noticed below are pursuant to the Kansas Surface Water Quality Standards, K.A.R. 28-16-28 (b-g), and Federal Surface Water Criteria:

Name and Address of Applicant	Receiving Stream	Type of Discharge
Bob Bergkamp Construction 3709 S. West St. Wichita, KS 67217	Sutton Creek	Pit Dewatering & Stormwater Runoff

Kansas Permit No. I-WA09-PO14 Federal Permit No. KS0096512

Legal Description: N½, S20, T26S, R5E, Butler County, KS
The proposed action consists of reissuing an existing permit for discharge of wastewater during quarry operations. This is a limestone quarrying and crushing operation with no washing. Outfalls 001 and 002 consist of pit dewatering and stormwater runoff. Discharge from Outfall 002 is treated by a settling pond before discharge. The pro-

(continued)

posed permit contains generic water-quality language to protect waters of the state.

Name and Address of Applicant	Receiving Stream	Type of Discharge
Matador Cattle Company 4111 E. 37th St. North Wichita, KS 67220	Smoky Hill River	Groundwater Remediation Project
Kansas Permit No. I-SH33-PO12		Federal Permit No. KS0099996
Legal Description: SE¼, SW¼, NW¼, S12, T14S, R2W, Saline County, KS		

The proposed action is to reissue an existing permit for discharge from a groundwater remediation project. Groundwater contaminated with volatile organic compounds is pumped from three extraction wells. The treated groundwater from one extraction well discharges to Outfall 001A1. The treated groundwater from the other two extraction wells, which previously flowed into couple of Class V injection wells and discharged via Outfall 002A1 during injection well and extraction well maintenance, will now be continuously discharged at Outfall 002A1. The Class V injection wells did not operate as expected and are not used anymore. The extraction wells will be treated periodically with acid and neutralization solutions to prevent scaling at a dosage that will be in keeping with the effluent pH limits set by the permit. The proposed permit contains limits for 1,2 dichloroethane, carbon tetrachloride, chloroform and pH, as well as monitoring for sulfates and flow.

Name and Address of Applicant	Receiving Stream	Type of Discharge
General Electric Engine Services, Inc. P.O. Box 797 Arkansas City, KS 67005 and Greif Brothers Corporation 425 Winter Road Delaware, OH 43015 and Strother Field Commission P.O. Box 747 Winfield, KS 67156	Posey Creek	Groundwater
Kansas Permit No. I-WA18-PO04		Federal Permit No. KS0000931
Legal description: E½, S19, T33S, R4E, Cowley County, KS		
Facility Name: Strother Field Groundwater Remediation Project		

The proposed action is to reissue an existing permit for discharge from a groundwater remediation project. This facility is presently comprised of two groundwater pumping and treatment systems. Groundwater from wells SFW-2 and SFW-8 is treated in air stripping towers prior to discharge to Posey Creek. The proposed permit contains limits for 1,1-dichloroethylene, trichloroethylene, tetrachloroethylene and pH, as well as monitoring for volatile organic chemicals and flow.

Persons wishing to comment on the draft documents and/or permit applications must submit their comments in writing to the Kansas Department of Health and Environment if they wish to have the comments considered in the decision-making process. Comments should be submitted to the attention of the Livestock Waste Management Section for agricultural-related draft documents or applications, or to the Technical Services Section for all other permits, at the Kansas Department of Health and Environment, Division of Environment, Bureau of Water, 1000 S.W. Jackson, Suite 420, Topeka, 66612-1367.

All comments regarding the draft documents or application notices received on or before October 10, 2015, will be considered in the formulation of the final determinations regarding this public notice. Please refer to the appropriate Kansas document number (KS-AG-15-315/323, KS-AG-R-15-027/029, KS-Q-15-122/124) and name of the applicant/permittee when preparing comments.

After review of any comments received during the public notice period, the secretary of health and environment will issue a determination regarding final agency action on each draft document/application. If response to any draft document/application indicates significant public interest, a public hearing may be held in conformance with K.A.R. 28-16-61 (28-46-21 for UIC).

All draft documents/applications and the supporting information including any comments received are on file and may be inspected at the offices of the Kansas Department of Health and Environment, Bureau of Water. These documents are available upon request at the copying cost assessed by KDHE. Application information and components of plans and specifications for all new and expanding swine facilities are available on the Internet at <http://www.kdheks.gov/feedlots>. Division of Environment offices are open from 8 a.m. to 5 p.m. Monday through Friday, excluding holidays.

Susan Mosier, M.D.
Secretary of Health and Environment

Doc. No. 043874

State of Kansas
Department of Health and Environment
Notice of Hearing

The Kansas Department of Health and Environment has prepared a proposed Kansas Water Pollution Control Permit, A-SHGL-H002, for Seaboard Foods – Ladder Creek West, located near Tribune, Kansas. The proposed permit is for a proposed swine facility. The maximum number of animal units at the facility will be 105,600. The facility will be utilized for a maximum of 264,000 head of swine weighing up to 70 pounds, at which point the population will be reduced to 132,000 head of swine weighing up to 280 pounds. Alternatively, the facility will be utilized for a maximum of 132,000 head of swine weighing greater than 55 pounds. The proposed facility will consist of 120 enclosed swine buildings and nine earthen anaerobic treatment lagoons, separated into nine sites. The specific location is all of Section 16, the South Half of Section 17, and the North Half of Section 20, Township 16 South, Range 41 West, Greeley County, Kansas. Notice is in this issue of the Kansas Register informing the public of the availability of the proposed water pollution control permit for Seaboard Foods – Ladder Creek West.

In conformance with K.A.R. 28-16-61, a public hearing on the proposed permit has been scheduled at 5:30 p.m. (mountain time) Tuesday, October 13, at the Greeley County 4-H Pavilion Building (fairgrounds) located at 1001 Ingalls Ave., Tribune.

Copies of the permit application, the proposed KDHE permit and other pertinent documents may be viewed at the following address or requested by contacting the Kansas Department of Health and Environment, Bureau of Water, Livestock Waste Management Section, 1000 S.W. Jackson, Suite 420, Topeka, 66612-1367, 785-296-6432 or fax 785-296-5509. Appropriate copying charges will be assessed for each request.

Notice of Hearing

A public hearing will be conducted at 9 a.m. Thursday, September 24, in the offices of the Kansas Development Finance Authority, 534 S. Kansas Ave., Suite 800, Topeka, on the proposal for the K DFA to issue its Agricultural Development Revenue Bonds for the projects numbered below in the respective maximum principal amounts. The bonds will be issued to assist the borrowers named below (who will be the owners and operators of the projects) to finance the cost in the amount of the bonds, which are then typically purchased by a lender bank who then, through the K DFA, loans the bond proceeds to the borrower for the purposes of acquiring the project. The projects shall be located as shown:

Project No. 000936 – Maximum Principal Amount: \$94,670.05. Owner/Operator: Duane and Jenine Becker. Description: Acquisition of 37 acres of agricultural land and related improvements and equipment to be used by the owner/operator for farming purposes. The project is being financed by the lender for Duane and Jenine Becker and is located at the Southeast Quarter of the Northeast Quarter of Section 36, Township 19, Range 2, McPherson County, Kansas, approximately 3 miles east of Galva on Highway 56 and 1.25 miles south on 24th Ave.

Project No. 000938 – Maximum Principal Amount: \$138,840. Owner/Operator: Aaron M. Vogts. Description: Acquisition of 68.3 acres of agricultural land and related improvements and equipment to be used by the owner/operator for farming purposes. The project is being financed by the lender for Aaron M. Vogts and is located at: (tract #1) Section 14, Garden Township, and (tract #2) Section 25, Alta Township, Harvey County, Kansas, from Moundridge approximately (tract #1) 4 miles south on Halstead Road, and (tract #2) 1 mile west on Arrowhead Road, 6 miles south on 18th/River Park Ave., and 2 miles west on N.W. 60th.

The bonds, when issued, will be a limited obligation of the K DFA and will not constitute a general obligation or indebtedness of the state of Kansas or any political subdivision thereof, including the K DFA, nor will they be an indebtedness for which the faith and credit and taxing powers of the state of Kansas are pledged. The bonds will be payable solely from amounts received from the respective borrower, the obligation of which will be sufficient to pay the principal of, interest and redemption premium, if any, on the bonds when they become due.

All individuals who appear at the hearing will be given an opportunity to express their views concerning the proposal to issue the bonds to finance the projects, and all written comments previously filed with the K DFA at its offices at 534 S. Kansas Ave., Suite 800, Topeka, 66603, will be considered. Additional information regarding the projects may be obtained by contacting the K DFA.

Summary Notice of Bond Sale
City of Overland Park, Kansas
\$17,075,000*
Internal Improvement Bonds
Series 2015A
(General obligations payable from
unlimited ad valorem taxes)

Bids

Subject to the complete Notice of Bond Sale, bids for the Series 2015A Bonds, as hereinafter defined, will be received by the undersigned, chief financial officer for the city of Overland Park, Kansas, at Overland Park City Hall, 8500 Santa Fe Drive, Overland Park, KS 66212, until 10:30 a.m. (CDT) Monday, September 21, 2015, for the purchase of all of the city's \$17,075,000* principal amount of Internal Improvement Bonds, Series 2015A, as herein-after described. Bids for the purchase of all of the Series 2015A Bonds may be submitted to the city by facsimile to 913-895-5009, and by electronic bids as provided herein. Electronic bids for the purchase of all of the Series 2015A Bonds will only be accepted through PARITY electronic bid submission system. Each bidder shall be solely responsible for making the necessary arrangements to access PARITY for the purpose of submitting its electronic bid in a timely manner and in compliance with the requirements of the Notice of Sale. If any provisions in this Summary Notice of Bond Sale conflict with information provided by PARITY, this Summary Notice of Bond Sale will control. Further information about PARITY, including any fee charged and registration requirements, may be obtained from iDeal, LLC, 1359 Broadway, 2nd Floor, New York, New York 10018, Customer Support, 212-849-5021. The city assumes no responsibility or liability for bids submitted through PARITY. The city is using the services of PARITY solely as a communication mechanism to conduct the electronic bidding for the Series 2015A Bonds. PARITY is not an agent of the city.

All bids will be publicly opened on the date and at the time set forth above and acted upon by the City Council at a meeting to be held at 7:30 p.m., or soon thereafter as practicable, on said sale date. No oral, telephone or auction bids will be considered. Arrangements may be made with the financial advisor, Public Financial Management, 800 Nicollet Mall, Suite 2710, Minneapolis, MN 55402, 612-338-3535, Attention: Heather Casperson, to deliver a bid for the Series 2015A Bonds to the city.

No bid of less than 99.3 percent of the principal amount of the Series 2015A Bonds, plus accrued interest thereon, if any, to the date of delivery will be considered.

Bond Details

The Series 2015A Bonds will be in book-entry form only. The Series 2015A Bonds will be issued in the denomination of \$5,000 or any integral multiple thereof, will be dated October 14, 2015 (the dated date), will be issued in the principal amount of \$17,075,000, and will become due serially on September 1 in each of the years as follows:

Maturity Schedule*

Maturity September 1	Principal Amount
2016	\$1,425,000
2017	1,430,000
2018	1,430,000
2019	1,430,000
2020	1,430,000
2021	1,430,000
2022	1,430,000
2023	1,430,000
2024	1,430,000
2025	1,430,000
2026	280,000
2027	280,000
2028	280,000
2029	280,000
2030	280,000
2031	280,000
2032	275,000
2033	275,000
2034	275,000
2035	275,000

Bids for the Series 2015A Bonds may contain a maturity schedule providing for a combination of serial bonds and term bonds. All Series 2015A term bonds shall be subject to mandatory sinking fund redemption and must conform to the maturity schedule set forth above at a price of par plus accrued interest to the date of redemption.

The Series 2015A Bonds will bear interest from the dated date at the rates to be determined when the Series 2015A Bonds are sold as provided in the Notice of Sale, payable semiannually on September 1 and March 1 in each year, commencing March 1, 2016.

Delivery and Payment

The Series 2015A Bonds will be delivered to the successful bidder properly prepared, executed and registered without cost within approximately 30 days after the date of their sale in New York, New York.

Good Faith Deposit

Each bid shall either be accompanied by a cashier's check or certified check drawn on a bank located in the United States or a financial surety bond in a form that complies with the requirements set forth in the Notice of Sale in the amount of \$341,500 (2 percent of the principal amount of the Series 2015A Bonds) or shall specify the agreement of the bidder to submit such good faith deposit amount by electronic fund transfer through the Federal Reserve system to an account specified by the city by 1 p.m. on the sale date.

Costs

The city will pay the cost of printing the Series 2015A Bonds and the expense of all legal services, including the opinion of Kutak Rock LLP, bond counsel, approving the legality of the Series 2015A Bonds and the exclusion of the interest thereon (with specified minor exceptions) from federal and Kansas gross income taxes.

Assessed Valuation and Indebtedness

For the computation of the debt limitation relating to the Series 2015A Bonds, the assessed valuation of the tax-

able tangible property within the city for the year 2014 is \$3,130,952,415. The total general obligation bonded indebtedness of the city as of the date of the Series 2015A Bonds is \$158,645,000, which includes the Series 2015A Bonds and the city's Internal Improvement Refunding Bonds, Series 2015B, in the principal amount of \$2,330,000* and the city's Internal Improvement Refunding Bonds, Series 2015C, in the principal amount of \$18,495,000* being offered for sale simultaneously with the sale of the Series 2015A Bonds.

Additional Information

A complete Notice of Bond Sale for the Series 2015A Bonds, Official Statement and bid form approved by the city will be mailed to all interested parties. Bidders may be required to be qualified in a manner established by the city before submitting a bid. Additional information regarding the Series 2015A Bonds may be obtained from the financial advisor, Public Financial Management, at 612-338-3535, or David Scott, the city's chief financial officer, at 913-895-6154.

Doc. No. 043881

State of Kansas

Office of Administrative Hearings

Notice of Hearing on Proposed Administrative Regulations

A public hearing will be conducted at 9 a.m. Wednesday, November 18, in the first floor courtroom of 1020 S. Kansas Ave., Topeka, to consider the adoption of proposed rules and regulations of the Office of Administrative Hearings on a permanent basis.

This 69-day notice of the public hearing shall constitute a public comment period for the purpose of receiving written public comments on the proposed rules and regulations. All interested parties may submit written comments prior to the hearing to the Office of Administrative Hearings, 1020 S. Kansas Ave., Topeka, 66612, or by email to oah@oah.ks.gov. All interested parties will be given a reasonable opportunity to present their views orally regarding the adoption of the proposed regulations during the public hearing. In order to provide all parties an opportunity to present their views, it may be necessary to request that each participant limit any oral presentation to five minutes.

Any individual with a disability may request accommodation in order to participate in the public hearing and may request the proposed regulations and economic impact statements in an accessible format. Requests for accommodation should be made at least five working days in advance of the hearing by contacting Bob Corkins at 785-296-2433. The northwest entrance to the hearing site building is accessible, and handicapped parking is located immediately adjacent to the same building.

Summaries of the proposed regulations and their economic impact follow. Copies of the proposed regulations and the economic impact statement for the proposed regulations can be viewed at the following website: www.oah.ks.gov.

K.A.R. 1-39-1 through 1-39-4 are proposed for repeal. These current regulations pertain to OAH operations when OAH was formerly a division of the Department of Administration. They contain many outdated provisions, but their necessary provisions will be continued forward with enactment of the new regulations herein that are specific to OAH's independent authority today. Revocation of these policies will have no economic effect.

K.A.R. 133-1-1. Definitions. This is a new regulation that defines four terms, including "presiding officer," that are commonly used in the context of administrative hearings. Since these definitions simply clarify current policy, they have no economic impact.

K.A.R. 133-1-2. Assignment of administrative law judges. This new regulation specifies the manner in which the director of OAH assigns administrative law judges to preside over administrative hearings. It also identifies supporting information that any given agency must submit to OAH when a person has appealed a decision made by that agency. Since this regulation is not a change to current policy, it will have no economic impact.

K.A.R. 133-1-3. Conduct of proceedings. This new regulation specifies that administrative law judges assigned by OAH must adhere to the Kansas Administrative Procedure Act, K.S.A. 77-501 et seq., unless other controlling law is specified for case procedures that are not explicitly governed by that act. This regulation also specifies that administrative law judges may specify the format in which parties submit their case filings and that such judges, in turn, must issue their orders in a particular format. Since this regulation is not a change to current policy, it will have no economic impact.

K.A.R. 133-1-4. Electronic filing. This new regulation permits parties to administrative hearings to submit by means of electronic transmission the evidence and other filings relevant to their cases. A signed consent to the terms of use for the OAH e-filing system, plus a completed online registration on the system itself for each new case, will be prerequisites to filing anything electronically with OAH. The director of OAH will publish standard terms of use for any party to consider signing in order to e-file. Existing methods of filing by mail or fax will still be acceptable. OAH proposes no fee for use of its e-filing system, OAH is an agency entirely funded by fees, and OAH will implement and maintain the system using its current resources, so no additional cost to any party in any proceeding is anticipated by this regulation. Rather, parties using the e-filing system will avoid costs of copying and mailing evidence and other filings to OAH and to opposing parties.

Bob Corkins
Director

Doc. No. 043866

State of Kansas

Department of Health and Environment
Division of Health Care Finance

Notice of Hearing on Proposed Administrative Regulations

A public hearing will be conducted at 9 a.m. Tuesday, November 10, in Room 900-N of the Landon State Office Building, 900 S.W. Jackson, Topeka, to consider the repeal, amendment and adoption of rules and regulations concerning the per diem rate for reimbursement for nursing facilities in the Kansas Medicaid program. The Kansas Medicaid program is generally administered by the Kansas Department of Health and Environment and nursing facilities in the Kansas Medicaid program are administered by the Kansas Department for Aging and Disability Services.

This 60-day notice of the public hearing shall constitute a public comment period for the proposed regulations as stated in K.S.A. 2014 Supp. 77-421(a)(3). All interested parties may submit written comments before the hearing to Kim Tjelmeland, KDHE, Division of Health Care Finance, Room 900-N, Landon State Office Building, 900 S.W. Jackson, Topeka, 66612-1220, or by email at ktjelmeland@kdheks.gov. The Division of Health Care Finance will give all interested parties a reasonable opportunity to present their views at the hearing, but it may be necessary to request each participant to limit any oral presentation to five minutes.

A copy of the regulations and the economic impact statement may be obtained by contacting Kim Tjelmeland at 785-291-3810 or from the DHCF website at www.kdheks.gov.

Any individual with a disability may request accommodation in order to participate in the public hearing and may request the proposed regulations and economic impact statement in an accessible format. Requests for accommodation should be made at least five working days before the hearing by contacting Kim Tjelmeland at 785-291-3810 or by calling the Kansas Relay Center at 800-766-3777.

A summary of the regulations and the economic impacts follows:

Proposed Revocation: K.A.R. 30-10-19.

Proposed Amended Regulation: K.A.R. 129-10-18. This regulation has been amended to clarify and modify the rules for determining Medicaid reimbursement per diem rates for new and existing facilities. The proposed amendment deletes reference to quarterly changes to reimbursement rates. The amendment also enacts semianual rate changes effective July 1 and January 1 and updates the process for the state's ventilator program to reflect current requirements for reimbursement. This amendment also allows the agency flexibility to address process change in the rate setting program concurrent with managed care.

Proposed New Regulation: K.A.R. 129-10-19. This regulation replaces K.A.R. 30-10-19. The new regulation covers the determination of the effective dates for per diem reimbursement rates. This new regulation works in conjunction with K.A.R. 129-10-18.

Federal Mandate: The regulations are not mandated by federal law.

Economic Impact: The agency is unable to estimate the fiscal impact of these changes. The agency believes that the revocation, amendment and addition of the regulations noted above will result in no process changes in the rate setting process for either providers or the state. It is anticipated that the changes will allow for streamlining the processes and making the rate setting process more efficient and accurate and less burdensome. Any potential savings, though, are hard to estimate.

Bearer of Costs: There will no additional costs to the Medicaid recipients or to other governmental agencies. There may be some additional process costs to providers as they respond to new administrative procedure.

Affected Parties: Kansas Medicaid program, recipients, and nursing facility providers.

Other Methods: No less costly method was identified. Since the rate setting regulations are designed to work together, the concentration of those regulations into one article instead of two was favored.

Michael Randol, Director
Division of Health Care Finance

Doc. No. 043865

INDEX TO ADMINISTRATIVE REGULATIONS

This index lists in numerical order the new, amended and revoked administrative regulations and the volume and page number of the *Kansas Register* issue in which more information can be found. Temporary regulations are designated with a (T) in the Action column. This cumulative index supplements the 2009 Volumes of the *Kansas Administrative Regulations* and the 2014 Supplement of the *Kansas Administrative Regulations*.
