City of Olathe, Kansas and City of Overland Park, Kansas

Notice of Public Information Meeting

The Cities of Olathe and Overland Park will be conducting the second public meeting regarding the roadway improvement plan for 143rd Street, Pflumm to Quivira. This meeting has been scheduled to cover right-of-way, easements and utility relocations required to construct the improvements planned for this project. Additionally, the improvements along 143rd Street will have a minor impact to the Amesbury Lake Park property and trail. As a result, the city is pursuing a Section 4(f) de minimis finding for these minimal impacts. An exhibit showing the impacts to Amesbury Lake Park will be displayed at the public meeting.

The public meeting will be held from 5 to 7 p.m. Thursday, January 28, 2016, at the Advent Lutheran Church Fellowship Hall located on the northeast corner of 151st Street and Quivira Road, Olathe.

The cities of Olathe and Overland Park want to ensure residents are aware of this public meeting. The cities consider the Olathe and Overland Park community's thoughts and ideas about this project extremely valuable and encourage the community's attendance.

For more information contact Jeffrey LeMire, P.E., civil engineer III, city of Olathe, at 913-971-9004.

Notice to Private Activity Bond Applicants

Applications for allocation of 2016 Private Activity Bond (PAB) authority are now being accepted for qualified uses, as defined by the Internal Revenue Code of 1986, and amendments thereto.

The State of Kansas is projected to receive \$302,875,000 of federal authority for the issuance of PABs in calendar year 2016. Historically, the primary uses of this federal authority have included “qualified small issue bonds” used for construction and equipping of manufacturing facilities and beginning farmer programs; “exempt facility bonds” used by for-profit entities providing a public benefit, i.e., certain waste treatment facilities, qualified residential rental facilities, etc.; and “qualified mortgage bonds” issued to benefit first-time homebuyers. Allocations awarded by the Secretary of Commerce are subject to the provisions of K.S.A. 74-5060 et seq. and the limitations of the state volume cap.

Fees associated with PAB application and issuance are as follows:

(1) Application fee—A nonrefundable fee must accompany the application before the request can be processed. The application fee is determined as follows:

- \$250 for allocation requests up to \$5,000,000
- \$500 for allocation requests from \$5,000,001 to \$10,000,000
- \$1,000 for allocation requests from \$10,000,001 and above

(2) Issuance Fee—An issuance fee for allocation amounts utilized, other than “Qualified Mortgage bonds” issued, shall be due and payable to the Kansas Department of Commerce at bond closing. Issuance fees shall be determined as follows:

Allocation Used	Fee
To \$2,000,000	5 basis points (.05%)
\$2,000,001 and above	10 basis points (.10%)

“Qualified Mortgage Bond” programs will be assessed a fee, upon issuance of each mortgage loan assisted through the program, equal to .5% of the PAB allocation used.

Issuance fees shall be remitted within 30 days of bond closing. Checks for both the application and issuance fees for nonhousing issues should be made payable to the Kansas Department of Commerce Bond Fee Fund. Checks for the issuance fees for housing activities should be made out to the State Housing Trust Fund.

For more information or to obtain application materials, contact Darla Price or Steve Kelly, Kansas Department of Commerce, 1000 S.W. Jackson, Suite 100, Topeka, KS, 66612-1354, 785-296-5298 or TTY 785-296-3487.

National Joint Powers Alliance

**Invitation for Bid
Indefinite Quantity Construction Contract**

The National Joint Powers Alliance (NJPA) issues this Invitation For Bid (IFB) on behalf of, and to provide Indefinite Quantity Construction Contracting (IQCC) services to, all current and potential NJPA Members including all government agencies, education agencies to include colleges and universities, and nonprofit agencies in the state of Kansas. It is the intention of NJPA to award multiple contracts for general and mechanical construction services in the area. Each contract has an estimated annual value of \$2,000,000, and the maximum term of the contract is four years.

IQCC is a construction contracting procurement system that provides facility owners' access to competitively bid "on-call" general contractors to provide immediate construction services over an extended period of time.

Intending bidders are required to attend a pre-bid seminar for the purpose of discussing the IQCC procurement system, the contract documents and bid forms. Attendance at one of the following seminars is a mandatory condition of bidding:

February 1 — 10:30 a.m.

Wichita Central Library Board Room
223 S. Main St.
Wichita, Kansas

February 2 — 9 a.m.

Metropolitan Community College
Facilities Services Office Training Room
1601 Prospect Ave.
Kansas City, Missouri

Intending bidders can pre-register for the pre-bid

seminar by visiting our website at www.njpacoop.org/eziqc-pre-bid-registration/. An electronic (CD) copy of the IFB documents, which include the instructions for submitting a bid and the bid documents, may be obtained by letter of request to Joseph Morgan, NJPA, 202 12th St. N.E., Staples, MN 56479, or by visiting our website at www.njpacoop.org/eziqc-bid-document-request, selecting the desired bid documents from the drop-down list and completing the requested information. All requests must include mailing address, email address, contact name and phone number. Bids are due by 4:30 p.m. (CST) March 1, 2016, and will be opened at 9 a.m. March 2, 2016. IFB Documents will be available until February 26, 2016.

**Notice Concerning Kansas/Federal Water
Pollution Control Permits and Applications**

In accordance with Kansas Administrative Regulations 28-16-57 through 63, 28-18-1 through 17, 28-18a-1 through 33, 28-16-150 through 154, 28-46-7, and the authority vested with the state by the administrator of the U.S. Environmental Protection Agency, various draft water pollution control documents (permits, notices to revoke and reissue, notices to terminate) have been prepared and/or permit applications have been received for discharges to waters of the United States and the state of Kansas for the class of discharges described below.

The proposed actions concerning the draft documents are based on staff review, applying the appropriate standards, regulations and effluent limitations of the state of Kansas and the Environmental Protection Agency. The final action will result in a Federal National Pollutant Discharge Elimination System Authorization and/or a Kansas Water Pollution Control permit being issued, subject to certain conditions, revocation and reissuance of the designated permit or termination of the designated permit.

Notice of Hearing on Proposed Administrative Regulations

The Kansas Department of Health and Environment, Division of Environment, Bureau of Environmental Remediation, will conduct a public hearing at 9 a.m. Wednesday, April 6, 2016, in the Flint Hills Conference Room, third floor, Curtis State Office Building, 1000 S.W. Jackson, Topeka, to consider the adoption of proposed new risk management program regulations K.A.R. 28-74-1, 28-74-2, 28-74-3, 28-74-4. A summary of the proposed regulations and the estimated economic impact follows.

Summary of Regulations:

K.A.R. 28-74-1. Definitions. The proposed regulation defines and clarifies additional terms that were not defined in K.S.A. 2015 Supp. 65-34,176. The terms defined by this regulation include: "acceptance," "department," and "environmental contamination."

K.A.R. 28-74-2. Application. The proposed regulation describes the application requirements to participate in the Risk Management Program. Each person electing to enroll a site in the program shall submit an application on a form provided by KDHE. Additionally, the application must be accompanied by the following: a site location map, a parcel and owner identification map, documented proof that the applicant provided written notification to all property owners and occupants to which the risk management plan applies, and a draft risk management plan.

K.A.R. 28-74-3. Risk Management Plan. The proposed regulation describes the requirements for an appropriate risk management plan. A risk management plan shall demonstrate that the extent of environmental contamination has been determined, remedial actions have been completed as necessary, contaminant concentration trends are stable or declining and are not dependent on the continued operation and maintenance of an active remedial system, and all current complete exposure pathways have been addressed. The proposed regulation further requires that a risk management plan include a

description of planned monitoring, inspection, or maintenance activities and the frequency for which these activities will be performed, a process for completing routine verification of and on-going notice to property owners and occupants to which the risk management plan applies, and a process for evaluating the effectiveness of the risk management plan.

K.A.R. 28-74-4. Risk Management Plan Agreement. The proposed regulation describes the requirements of a risk management plan agreement. The risk management plan agreement will clearly define the requirements and responsibilities that apply to the participant as well as KDHE and will establish the funding obligation required by K.S.A. 2015 Supp. 65-34,176. The risk management plan agreement becomes effective upon the secretary's signature and may be transferred to another person upon approval by the secretary.

Economic Impact:

Cost to agency: There are no costs to KDHE to implement these new proposed regulations. KDHE will utilize existing positions and major office equipment to implement and administer the Risk Management Program.

Costs to governmental agencies, private citizens, businesses, and the public: There will be no additional cost burdens placed on governmental agencies, private citizens, businesses, or the public due to the enactment of these regulations. The Risk Management Program Act (K.S.A. 2015 Supp.65-34,176) and these regulations are entirely voluntary, meaning that persons intentionally elect to participate in the Risk Management Program. Government agencies, private citizens and businesses who are subject to these regulations have voluntarily elected to participate in the program and would have a pre-existing responsibility for the long-term care and management of contaminated properties. The one-time payment required for entering into the Risk Management Program will be significantly less than the cost associated with performing more comprehensive long-term management of sites following remedy implementation.

The time period between the publication of this notice and the scheduled hearing constitutes a 60-day public comment period for the purpose of receiving written public comments on the proposed regulations. All interested parties may submit written comments prior to 5 p.m. on the day of the hearing to Maggie Weiser, Kansas Department of Health and Environment, Bureau of Environmental Remediation, 1000 S.W. Jackson, Suite 410, Topeka, 66612, by email to mweiser@kdheks.gov, or by fax to 785-296-7030. During the hearing, all interested parties will be given a reasonable opportunity to present their views orally on the proposed regulations as well as an opportunity to submit their written comments. In order to give each individual an opportunity to present their views, it may be necessary for the hearing officer to request that each presenter limit an oral presentation to an appropriate time frame.

Copies of the proposed regulations and the corresponding regulatory impact statement may be obtained from the KDHE Bureau of Environmental Remediation at <http://www.kdheks.gov/remedial/euc/index.html> or

(continued)

by contacting Maggie Weiser at mweiser@kdheks.gov, 785-291-3807 or fax 785-296-7030.

Questions pertaining to the proposed regulations should be directed to Maggie Weiser at the contact information above.

Request for Comments

Notice is hereby given that the Kansas Department of Health and Environment is soliciting comments regarding a proposed air quality operating permit. Colorado Interstate Gas Company, LLC has applied for a Class I operating permit renewal in accordance with the provisions of K.A.R. 28-19-510 et al. The purpose of a Class I permit is to identify the sources and types of regulated air pollutants emitted from the facility; the emission limitations, standards and requirements applicable to each source; and the monitoring, record keeping and reporting requirements applicable to each source as of the effective date of permit issuance.

Colorado Interstate Gas Company, LLC, 370 Van Gordon St., Lakewood, CO 80228, owns and operates Lakin Compressor Station located at Section 29, T24S, R36W, Kearny County, Kansas.

A copy of the proposed permit, permit application, all supporting documentation and all information relied upon during the permit application review process is available for public review during normal business hours, 8 a.m. to 5 p.m., at the KDHE, Bureau of Air, 1000 S.W. Jackson, Suite 310, Topeka, and at the KDHE Southwest District Office, 302 West McArtor Road, Dodge City. To obtain or review the proposed permit and supporting documentation, contact Cathy Richardson, 785-296-1947, at the KDHE central office or Ethel Evans, 620-356-1075 at the KDHE Southwest District Office. The standard departmental cost will be assessed for any copies requested.

Written comments or questions regarding the proposed permit may be directed to Cathy Richardson, KDHE, Bureau of Air, 1000 S.W. Jackson, Suite 310, Topeka, 66612-1366. In order to be considered in formulating a final permit decision, written comments must be received no later than noon February 15, 2016.

A person may request a public hearing be held on the proposed permit. The request for a public hearing shall be in writing and set forth the basis for the request. The written request must be submitted to Cathy Richardson, KDHE Bureau of Air, no later than noon February 15,

2016, in order for the secretary of health and environment to consider the request.

The U.S. Environmental Protection Agency has a 45-day review period, which will start concurrently with the public comment period, within which to object to the proposed permit. If the EPA has not objected in writing to the issuance of the permit within the 45-day review period, any person may petition the administrator of the EPA to review the permit. The 60-day public petition period will directly follow the EPA's 45-day review period. Interested parties may contact KDHE to determine if the EPA's 45-day review period has been waived.

Any such petition shall be based only on objections to the permit that were raised with reasonable specificity during the public comment period provided for in this notice, unless the petitioner demonstrates that it was impracticable to raise such objections within such period, or unless the grounds for such objection arose after such period. Contact Ward Burns, U.S. EPA, Region 7, Air Permitting and Compliance Branch, 11201 Renner Blvd., Lenexa, KS 66219, 913-551-7960, to determine when the 45-day EPA review period ends and the 60-day petition period commences.

Department for Children and Families

Notice of Meeting

The Kansas Department for Children and Families (DCF) is preparing the Child Care and Development Fund (CCDF) State Plan for 2016-2018 to support the federal child care subsidy program per authorization of the Child Care and Development Block Grant (CCDBG) Act. CCDF provides financial assistance to help pay child care expenses for low-income families who are working or participating in education and training. It also works to improve the quality of care for all children. The reauthorization of the CCDBG Act in November 2014 strengthened the focus on promoting: children’s healthy development, health and safety of children in care, continuity of access to subsidy for low-income families, an increase in consumer education regarding child care choices, and improvement of the overall quality of early care and education. The plan describes how the CCDF program will be administered by DCF in accordance with the CCDBG Act.

DCF will host a public meeting from 1 to 2:30 p.m. Thursday, February 11, at the DCF Administration Building, 555 S. Kansas Ave., Topeka, to solicit stakeholder input on the CCDF Plan. Individuals unable to travel to Topeka can participate via Live Meeting and/or teleconference. For information regarding the Live Meeting option and to review or download a copy of the draft plan, visit www.dcf.ks.gov. The plan will also be posted on this website by Jan. 14.

Comments regarding the CCDF State Plan may be submitted by mail to DCF, 555 S. Kansas Ave., Topeka,

KS 66603, Attention: Judy Golden, or via email to ccdf-stateplan@dcf.ks.gov (please identify in the subject line: CCDF State Plan). Comments will be accepted through Monday, Feb. 15.

Anyone requiring special accommodations, including a sign language interpreter, should notify Judy Golden at judy.golden@dcf.ks.gov or by calling 785-368-6447 not later than Feb. 9.
