#### Notice of Hearing on Proposed Administrative Regulations

A public hearing will be conducted at 10 a.m. Wednesday, April 20, 2016, in the first floor meeting room 124 of the Kansas Department of Agriculture, 1320 Research Park Drive, Manhattan, Kansas, to consider the amendment of an existing regulation and the adoption of a proposed regulation.

This 60-day notice of the public hearing shall constitute a public comment period for the purpose of receiving written public comments on the proposed amendment to and adoption of rules and regulations. All interested parties may submit written comments prior to the hearing to the Secretary of Agriculture, 1320 Research Park Drive, Manhattan, Kansas, 66502, or by email at [ronda.hutton@kda.ks.gov](mailto:ronda.hutton@kda.ks.gov). All interested parties will be given a reasonable opportunity to present their views orally on the amendment to and adoption of the proposed regulations during the hearing. In order to give all parties an opportunity to present their views, it may be necessary to request that each participant limit any oral presentation to five minutes. These regulations are proposed for adoption on a permanent basis. A summary of the proposed regulations and their economic impact follows:

**K.A.R. 9-7-4(c).** All of the existing trichomoniasis rules found in K.A.R. 9-7-4(c) are being amended and moved to K.A.R. 9-7-4a, in order to provide more in-depth and clear rules regarding testing requirements, quarantine placement and removal, and neighbor notification.

**K.A.R. 9-7-4a.** This proposed regulation will contain rules regarding Trichomoniasis in cattle.

**Economic Impact Statement:** The proposed regulation will be adopted by the Kansas Animal Health Commissioner to replace the existing regulation addressing *Tritrichomonas foetus*. Within the proposed regulation are definitions and requirements outlining testing requirements for *Tritrichomonas foetus*, and what can be done to mitigate the spread of *Tritrichomonas foetus*. In addition, it outlines the information that must be provided by owners or managers of a positive *Tritrichomonas foetus* herd, so that the owners or managers of neighboring herds can be notified that their herd may be impacted by a positive *Tritrichomonas foetus* infection.

The proposed regulation is in response to Kansas producers' and stakeholders' requests for neighboring notification and increased oversight of a positive herd. The regulation is intended to create the definitions needed for a positive herd, to outline the quarantine requirements of an infected herd, and to provide the necessary steps to reestablish the herd to non-quarantine status. The regulation will implement the necessary restrictions of a positive herd, provide an industry friendly set of requirements for notifying neighboring herds, and establish the parameters for removing quarantines. It is designed to be an easily understandable, customer-friendly set of re-

quirements, not only for cattle producers, but also for the Kansas Department of Agriculture disease control staff.

K.A.R. 9-7-4 has not been changed, other than to repeal 9-7-4(c) Trichomoniasis.

Neither the amendment, nor the regulation, is mandated by federal law.

Neither the amendment, nor the proposed regulation, should have a fiscal impact upon the Kansas Department of Agriculture. Neither the amendment, nor the regulation, will generate additional revenue. There is no anticipated financial impact upon other government agencies from the amendment or new regulation.

Depending on individual producers management practices and marketing mechanisms, the quarantine provisions and requirements in the new regulation could have an adverse economic impact. The exact amount will depend on the level of infection within the herd and the time of year that the infection is identified. Quarantine rules will require male herd mates to be tested twice at an average cost per test of \$50.

Any individual with a disability may request accommodations in order to participate in the public hearing and may request the amendment and the proposed regulation and impact statement in an accessible format. Requests for accommodations should be made at least five working days in advance of the hearing by contacting Ronda Hutton at 785-564-6715 or by fax at 785-564-6777. Handicapped parking is located on the west side of the building located at 1320 Research Park Drive, Manhattan, and the west entrance to the building is accessible to individuals with disabilities.

Copies of the regulations and the economic impact statement may be obtained by contacting the Department of Agriculture, Ronda M. Hutton, 1320 Research Park Drive, Manhattan, KS 66502 or 785-564-6715 or by accessing the department's website at [agriculture.ks.gov](http://agriculture.ks.gov). Comments may also be made through our website under the proposed regulation.

### Department of Health and Environment

#### Notice of Hearings

The Kansas Department of Health and Environment (KDHE) will conduct two public hearings on the 2016 Kansas 303(d) List of Impaired Waters. Section 303(d) of the Clean Water Act requires states to biennially prepare a

(continued)

list of waters failing to meet State Water Quality Standards. Such waters are required to have Total Maximum Daily Loads (TMDLs) prepared by the state to restore their water quality. A Total Maximum Daily Load is the maximum amount of the impairing pollutant that can enter the water without causing a violation of its water quality standards.

Since 1999, Kansas has developed TMDLs for impaired surface waters in each of the state's 12 river basins. KDHE develops and revises TMDLs for selected impairments identified in the current Section 303(d) list by prioritizing watersheds or waters for restoration and protection. In accordance with the Kansas TMDL development cycle, TMDLs will be developed for the Kansas Lower Republican and Lower Arkansas River Basins during this listing cycle. The draft 2016 Kansas 303(d) list will emphasize waters in these basins, including an initial designation of TMDLs to be developed over the next two years. The list and its methodology are available for review on the Internet at: <http://www.kdheks.gov/tmdl/methodology.htm>.

The public hearings are scheduled as follows:

**Tuesday, March 15, 2016 — 11 a.m. to noon**

Curtis State Office Building, Azure Room (4th floor)  
1000 S.W. Jackson St., Topeka

**Wednesday, March 16, 2016 — 11 a.m. to noon**

KDHE South Central District Office,  
Chisholm Trail Room  
300 West Douglas, Suite 700, Wichita

The public hearings will open with a brief summary of the list and its methodology as it pertains to the waters of the applicable river basins. Public testimony will then be taken after the presentation. Please provide a written copy of any testimony at the hearings. Written testimony will be accepted by KDHE any time prior to the close of business on Wednesday, March 23, 2016. KDHE will prepare a response to all public comments and revise the draft list as necessary and will submit the list, the methodology, the public comments and the KDHE response to Region VII of the U.S. Environmental Protection Agency on March 30, 2016.

If accommodations at the hearing locations are needed by persons with disabilities, notify KDHE at least five business days before the respective hearing in writing or by calling 785-296-6170. Other inquiries regarding this notice should be directed to Mr. Thomas Stiles at 785-296-6170 or [tstiles@kdheks.gov](mailto:tstiles@kdheks.gov).

(e) "Deck of playing cards" or "cards" means a standard deck of playing cards consisting of four different suits in each of the following 13 cards in rank order from highest to lowest: ace, king, queen, jack, 10, 9, 8, 7, 6, 5, 4, 3, and 2. No jokers shall be included in a deck of cards. The suits of all playing cards in this game (hearts, diamonds, clubs, and spades) are irrelevant.

(f) "Player's hand" means the name of the hand given to the hand dealt on the gaming table layout designated for the patron.

(g) "Shadow wager" means an additional wager that may be made on a betting circle or position by one, two, or three non-seated patrons. A maximum of three shad-

ow wagers will be allowed per betting circle with each non-seated patron limited to one shadow wager per betting circle or position. The place for all shadow wagers shall be clearly marked on either side of the betting circle and can be made for a player, banker, dragon bonus, or tie wager. (Authorized by K.S.A. 2015 Supp. 74-8710 and 74-8748; implementing K.S.A. 2015 Supp. 74-8710; effective, T-111-1-7-13, Nov. 14, 2012; amended, T-111-2-4-16, Dec. 9, 2015.)

**111-401-186. How to play.** (a) Midi-Baccarat is played with eight decks of 52 standard playing cards. The patrons may place a wager on the banker's hand, the player's hand, the dragon bonus wager, or on a tie between the player's hand and the banker's hand. Based on the decision of the table games supervisor or higher ranking casino official, the cards dealt to the player's hand or the banker's hand may be touched by a patron and physically held by a patron for inspection prior to being returned to the dealer to continue play ("hand held"), or the cards dealt to the player's hand or the banker's hand must remain on the table layout and not physically held or otherwise touched by any patron ("dealer only").

(b) "Hand held" cards shall be dealt as follows:

(1) The two cards dealt face down to the player's hand will be passed to the seated patron who has placed the highest player wager on that hand, without exposing the cards to any other patron. In the event two or more patrons have made the highest player wager on that hand, the cards shall be passed to the first patron seated clockwise from the dealer with the highest player wager for that hand, and when the next hand is dealt, if more than one patron has again made the highest player wager, the cards shall be passed to the next patron in a clockwise rotation from the dealer. A patron may decline to touch the cards, in which case the dealer will pass the cards to the next patron seated clockwise from the dealer who has made the same or the next highest player wager and who is willing to touch the cards. A patron who receives the cards may look at and otherwise handle the cards and then return them to the dealer. In the event no patron is willing to touch the cards, the dealer shall retain the cards. The dealer shall then place the cards face up on the table layout and announce the point count of the two cards;

(2) The two cards dealt face down to the banker's hand will be passed to the seated patron who has placed the highest banker wager on that hand, without exposing the cards to any other patron. In the event two or more patrons have made the highest banker wager on that hand, the cards shall be passed to the first patron seated clockwise from the dealer with the highest banker wager for that hand, and when the next hand is dealt, if more than one patron has again made the highest banker wager, the cards shall be passed to the next patron in a clockwise rotation from the dealer. A patron may decline to touch the cards, in which case the dealer will pass the cards to the next patron seated clockwise from the dealer who has made the same or the next highest banker wager and who is willing to touch the cards. A patron who receives the cards may look at and otherwise handle the cards and then return them to the dealer. In the event no patron is willing to touch the cards, the dealer shall retain the cards.

(continued)

The dealer shall then place the cards face up on the table layout and announce the point count of the two cards;

(3) A third card may be drawn by either side subject to the rules herein, with the player's hand acting first. If the player's hand receives a third card, the dealer shall pass the one additional card to the same seated patron who received the first two player's hand cards, without exposing the card to any other patron. The patron who received the card may look at it and then rerun it face down to the dealer. The dealer shall then place the card face up on the table layout and announce the new point count of the three player's hand cards. If the banker's hand receives a third card, the dealer shall pass the one additional card to the same seated patron who received the first two banker's hand cards, without exposing the card to any other patron. The patron who received the card may look at it and then return it face down to the dealer. The dealer shall then place the card face up on the table layout and announce the new point count of the three banker's hand cards. Neither the player hand nor the bank hand will ever have more than three cards;

(4) If on any hand no patron has placed a wager on the player's hand, then the dealer shall not pass any cards to any patron but instead shall skip to that step in the dealing procedure as stated hereinabove wherein the dealer places the card or cards face up on the table layout and announces the point count or new point count of the player's hand;

(5) If on any hand no patron has placed a wager on the banker's hand then the dealer shall not pass any cards to any patron but instead shall skip to that step in the dealing procedure as stated hereinabove wherein the dealer places the card or cards face up on the table layout and announces the point count or new point count of the banker's hand;

(6) When a patron has placed a wager on the banker's hand and no other patron has placed a wager on the player's hand, upon request by the patron and approval from the table games supervisor or higher ranking casino official, the player's hand will not be turned face up until the banker's hand is turned face up;

(7) When a patron has placed a wager on the banker's hand and no other patron has placed a wager on the player's hand, upon request by the patron and approval from the table games supervisor or higher ranking casino official, only one of the cards from the player's hand will be turned face up before the banker's hand is turned face up;

(8) When a patron has placed a bet on the player's hand and no other patron has placed a bet on the banker's hand, upon request by the patron and approval from the table games supervisor, or higher ranking casino official, the player's hand will not be turned face up until the banker's hand is turned face up;

(9) When a patron has placed a bet on the player's hand and no other patron has placed a bet on the banker's hand, upon request by the patron and approval from the table games supervisor or higher ranking casino official, only one of the cards from the banker's hand will be turned face up before the player's hand is turned face up;

(10) At no time shall more than one patron have physical possession of a hand of cards nor shall any action be taken until that hand of cards is returned to the dealer. The table games supervisor will make the final decision

regarding who may handle the cards. The table games supervisor will make the final decision regarding the order of revealing the cards;

(11) The winning hand is the one with the point count closest to nine, after all cards are dealt. Each "10" card, the sum of cards totaling 10, and the jack, queen, and king card all count as zero points. Aces count only as one point, and numbered cards 2, 3, 4, 5, 6, 7, 8, and 9 count as their respective face value. If the point count total is a two digit number, only the last digit is utilized when determining the hand with a point count closest to a total of nine;

(12) If either the player's hand or the banker's hand has a point count of 8 or 9 on the first two cards, no further cards are drawn, the hand totaling 8 or 9 is declared a "natural," and unless there is a tie the hand totaling 8 or 9 is announced the winner;

(13) If the player's hand has a point count total of 5 or less, a third card will be drawn unless the banker's hand wins with a natural;

(14) If the player's hand does not draw a third card, then the banker's hand stands on a hand having a point count total of 6 or more and draws a third card on a hand having a point count of 5 or less;

(15) If the player's hand does draw a third card, then the banker's hand draws according to the third card rules of Midi-Baccarat;

(16) The highest point count closest to 9 wins the hand, and if both hands are equally close to a point count of 9 the hand shall be declared a push (tie); and,

(17) The banker's hand and the player's hand are names given to the opposing wager boxes.

(c) "Dealer only" cards shall be dealt as follows:

(1) Two cards are dealt to each hand and placed on the table layout. Patrons are not allowed to touch the cards. The player hand will act on its hand first. The winning hand is the one with the point count closest to nine, after all cards are dealt. A third card may be drawn by either side subject to the rules herein. Neither the player hand nor the banker hand will ever have more than three cards;

(2) Each "10" card, the sum of cards totaling 10, and the jack, queen and king card all count as zero points. Aces count only as one point, and numbered cards 2, 3, 4, 5, 6, 7, 8, and 9 count as their respective face value. If the point count is a two digit number, only the last digit is utilized when determining the hand with a point count closest to a total of nine;

(3) If either the player's hand or the banker's hand has a point count of 8 or 9 on the first two cards, no further cards are drawn, the hand totaling 8 or 9 is declared a "natural," and unless there is a tie, the hand totaling 8 or 9 is announced the winner;

(4) If the player's hand has a point count of 5 or less, a third card will be drawn unless the banker wins with a natural;

(5) If a player's hand does not draw a third card, then the banker's hand stands on a hand having a point count of 6 or more and takes a third card on a hand having a point count of 5 or less;

(6) If the player's hand does draw a third card, then the banker's hand draws according to the third card rules of Midi-Baccarat; and

(7) The highest point count closest to 9 wins the hand,

and if both hands are equal the hand shall be declared a push (tie).

(d) The following rules apply to both "hand held" and "dealer only" games:

(1) The banker's and player's hands are even money wagers that pay odds of 1 to 1;

(2) There is an optional tie wager that pays odds of 8 to 1. The tie wager is a separate wager that must be made before the cards are dealt;

(3) A commission (vigorish) shall be collected on each winning banker hand, which commission shall be equal to five percent of the amount wagered on that winning banker hand;

(4) At the request of a patron, and after approval from a table games supervisor or higher ranking casino official, a patron may request a "courtesy hand" be dealt. Subject to said approval, there is no limit on the number of courtesy hands that may be dealt. (Authorized by K.S.A. 2015 Supp. 74-8710 and 74-8748; implementing K.S.A. 2015 Supp. 74-8710; effective, T-111-1-7-13, Nov. 14, 2012; amended, T-111-2-4-16, Dec. 9, 2015.)

**111-401-187. Wagers.** (a) Any patron that makes a wager that is less than the table minimum and not discovered prior to the dealing of cards will be allowed to play that hand, but the patron will be informed by the table games supervisor of the table minimums, and the patron must wager at least the minimum on all subsequent hands.

(b) Verbal wagers accompanied by cash are not accepted and no cash may be used to make a wager.

(c) All wagers at Midi-Baccarat shall be made by placing gaming chips on the banker, player, dragon bonus, or tie areas designated on the gaming table layout.

(d) Shadow wagers will be allowed on the banker wager, player wager, dragon bonus wager, or tie wager, as follows:

(1) A maximum of three shadow wagers will be allowed per betting position, not to exceed the table maximum;

(2) Shadow wagers will be stacked separately from the original seated patron's wagers;

(3) Commissions will be collected separately on each wager on the banker's hand;

(4) The original patron ("owner") of that position does not have the right to deny other patrons the right to place shadow wagers on that position. The table games supervisor, or higher ranking casino official, has sole discretion to deny a shadow wager;

(5) A seated patron and a non-seated patron can only wager on one player position at a time; and

(6) If the original seated patron ("owner") of a position sits out a hand or leaves the table, the first shadow patron becomes the "owner" of that position. (Authorized by K.S.A. 2015 Supp. 74-8710 and 74-8748; implementing K.S.A. 2015 Supp. 74-8710; effective, T-111-1-7-13, Nov. 14, 2012; amended, T-111-2-4-16, Dec. 9, 2015.)

**111-401-188. Third card rule.** Based upon the first two cards dealt, the player's hand and banker's hand shall follow the following rules regarding the third card dealt to each (the "third card rule"):

If the player's hand draws no cards, the banker's hand must draw on hands having a total point count value of 0, 1, 2, 3, 4, and 5 and stand on hands having a total point count value of 6 or 7. (Authorized by K.S.A. 2015 Supp. 74-8710 and 74-8748; implementing K.S.A. 2015 Supp. 74-8710; effective, T-111-1-7-13, Nov. 14, 2012; amended, T-111-2-4-16, Dec. 9, 2015.)

**111-401-190. Irregularities.** During the course of a game, if a card is accidentally exposed, the following procedures must be observed:

(a) A card drawn and exposed before or after a completed hand is dealt will not be used in play of the game. At the direction of the table games supervisor or higher ranking casino official, the card drawn in error will be held aside. The current hand will continue to completion. The table games supervisor will announce to the patrons that the next hand will be a non-wagering hand and all bets will be removed from the betting areas. The non-wagering hand will proceed with the first player's hand card (the exposed card from previous hand) being placed in the correct position for the player's hand. Dealing will continue and be completed under the standard rules of Midi-Baccarat.

(b) A third card dealt to the player's hand when no third card is authorized shall become the third card of the banker's hand if the banker's hand is required to draw. If the banker's hand is required to stay, the disclosed card will be utilized as the first card of a non-wagering hand as described in subsection (a) above.

(c) Any card drawn from the shoe in error (a card not required to be used in the current hand in play), if not exposed, shall be used as the first card of the next hand in play. If the card has been exposed, the non-wagering hand procedure as described in subsection (a) above shall be implemented.

(d) When a new dealer begins dealing in a game already in progress, the dealer will not burn (discard) a card. If a

(continued)

card is burned, that card will be used as the first card of a non-wagering hand as described in subsection (a) above.

(e) If there are insufficient cards remaining in the shoe to complete the round of play, that round shall be void. (Authorized by K.S.A. 2015 Supp. 74-8710 and 74-8748; implementing K.S.A. 2015 Supp. 74-8710; effective, T-111-1-7-13, Nov. 14, 2012; amended, T-111-2-4-16, Dec. 9, 2015.)

**111-401-191. Card shuffle.** (a) A card shuffler machine and cut card shall be utilized for the game of Midi-Baccarat, except as set forth in (c) below. All cards shall be shuffled and the cut card inserted before commencement of dealing the cards.

(b) When opening a game and/or replacing cards in a game, the new cards must be manually shuffled before insertion into a shuffle machine for the first load only.

(c) In the event that the shuffle machine is inoperable or otherwise unavailable, the cards will be shuffled manually.

(d) After the cards are placed into the shoe, the dealer will draw the first card out of the shoe (the "burn card"), turn it face up on the table, and continue to draw from the shoe, the number of cards equal to the point value of the burn card. All cards drawn are discarded (burned).

(e) In "hand held" games, each card shall be used only once, after which use it is removed from all further play and placed in an area designated for such purpose. (Authorized by K.S.A. 2015 Supp. 74-8710 and 74-8748; implementing K.S.A. 2015 Supp. 74-8710; effective, T-111-1-7-13, Nov. 14, 2012; amended, T-111-2-4-16, Dec. 9, 2015.)

**111-401-192. Picking hands up.** The dealer will pick up the player's hand first, starting with the third card of the player hand's (if present), then pick up the banker's hand last. This will allow the order of the cards drawn to be recreated in the order dealt, if necessary. (Authorized by K.S.A. 2015 Supp. 74-8710 and 74-8748; implementing K.S.A. 2015 Supp. 74-8710; effective, T-111-1-7-13, Nov. 14, 2012; amended, T-111-2-4-16, Dec. 9, 2015.)

**111-401-193. Dealer tip policies.** (a) A patron may place a wager for the dealer on the player's hand, banker's hand, tie, or dragon bonus.

(b) Winning tips may not be parlayed (wagered on a subsequent hand).

(c) When a player's hand wager loses, the tip wager also loses.

(d) When paying a winning tip wager, the patron's wager will always be paid first.

(e) All pushes (ties) will play again, unless the patron decides otherwise.

(f) Commissions will not be charged on winning dealer tip wagers.

(g) Dealer tips shall be placed near the patron's wager. (Authorized by K.S.A. 2015 Supp. 74-8710 and 74-8748; implementing K.S.A. 2015 Supp. 74-8710; effective, T-111-1-7-13, Dec. 12, 2012; amended, T-111-2-4-16, Dec. 9, 2015.)

**111-401-194. Dragon bonus wager.** (a) The dragon bonus wager is an optional side wager with a separate pay table. The pay table shall be posted on the Midi-Baccarat table.

(b) Dragon bonus wagers must be placed within the designated wagering area on the gaming table layout.

(c) Payouts on the dragon bonus for natural hands

shall be as follows:

(1) Natural winners pay 1 to 1; and,

(2) Natural pushes (ties) neither win nor lose.

(d) Payouts on the dragon bonus for winning hands that are not natural hands shall be as follows:

(1) A hand winning by a total point count of 9 pays odds of 30 to 1;

(2) A hand winning by a total point count of 8 pays odds of 10 to 1;

(3) A hand winning by a total point count of 7 pays odds of 6 to 1;

(4) A hand winning by a total point count of 6 pays odds of 4 to 1;

(5) A hand winning by a total point count of 5 pays odds of 2 to 1; and,

(6) A hand winning by a total point count of 4 pays odds of 1 to 1.

(e) Procedures for the dragon bonus wager shall be as follows:

(1) The optional dragon bonus wager shall be made before the dealer reveals any of the cards; and,

(2) The dealer will collect all losing dragon bonus wagers and losing standard wagers then will proceed to pay in order from right to left, paying the standard wagers first, and then the optional dragon bonus wager of each patron before moving to the next patron position.

(f) A commission shall not be charged on winning dragon bonus wagers. (Authorized by K.S.A. 2015 Supp. 74-8710 and 74-8748; implementing K.S.A. 2015 Supp. 74-8710; effective, T-111-1-7-13, Dec. 12, 2012; amended, T-111-2-4-16, Dec. 9, 2015.)
