Notice to Contractors

Electronic copies of the letting proposals and plans are available on the KDOT website at <https://kdotapp.ksdot.org/Proposal/Proposal.aspx>. The website will allow the contractor to request approval from KDOT to bid as a prime contractor and be included on the "Bid Holders List," or to be included on the "Non-Bid Holders List" as a subcontractor/supplier. KDOT's approval is required to bid as a prime contractor. To bid as a prime contractor, KDOT needs to be notified of the intent to bid no later than the close of business on the Monday preceding the scheduled letting date. Failure to obtain prior approval to bid as a prime contractor on any projects listed below will be reason to reject your bid. The Secretary reserves the right to reject bids that do not comply with all requirements for preparing a bidding proposal as specified in the 2015 edition of the Kansas Department of Transportation *Standard Specifications for State Road and Bridge Construction*.

KDOT will only accept electronic internet proposals using the Bid Express website at <http://www.bidx.com> until 1:00 p.m. local time March 22, 2017. KDOT will open and read these proposals at the Eisenhower State Office Building, 700 SW Harrison, Topeka, Kansas, at 1:30 p.m. local time March 22, 2017. An audio broadcast of the bid letting is available at <http://www.ksdot.org/burconsmain/audio.asp>.

Each bidder shall certify that such person, firm, association, or corporation has not, either directly or indirectly, entered into any agreement, participated in any collusion, or otherwise taken any action in restraint of free competitive bidding in connection with the submitted bid. This certification shall be in the form of a required contract provision provided by the state to each prospective bidder. Failure to complete the required contract provision and certify the completeness of the preceding statement when electronically signing the proposal will make the bid non-responsive and not eligible for award consideration.

City of Coffeyville, Kansas

Public Notice

The City of Coffeyville announces its fiscal years 2017 through 2021 goal of 6.39 percent for Disadvantaged Business Enterprise (DBE) airport construction contracts. The proposed goals and rationale is available for inspection between 8:00 a.m. and 5:00 p.m. Monday through Friday at 11 E. 2nd St., Coffeyville, for 30 days from the date of this publication.

Comments on the DBE goal will be accepted for 30 days from the date of this publication and can be sent to Thomas Osborn, Superintendent of Engineering, PO Box 1629, Coffeyville, KS 67337, 620-252-6131, tosborn@coffeyville.com, and Ofelia Medina, FAA Western-Pacific Regional Office, PO Box 92007, AWP-9, Los Angeles, CA 90009-2007, 310-725-3945, ofelia.medina@faa.gov.

The city of Coffeyville will use contract goals to meet any portion of the overall goal the recipient does not project being able to meet using RN means. Contract goals are established so that, over the period to which the overall goal applies, they will cumulatively result in meeting any portion of the recipient's overall goal not projected to be met through the use of RN means.

The city of Coffeyville will establish contract goals only on those DOT-assisted contracts that have subcontracting possibilities. It need not establish a contract goal on every such contract and the size of the contract goals will be adapted to the circumstances of each such contract (e.g., type and location of work and availability of DBE's to perform the particular type of work). We will express our contract goals as a percentage of the total amount of a DOT-assisted contract.

A summary of the proposed regulations and economic impact follows.

K.A.R. 91-42-1

Article 42 of this chapter addresses the use of seclusion and restraint of students in the school setting. This regulation defines key terms, many of which were amended by the Freedom from Unsafe Seclusion and Restraint Act.

K.A.R. 91-42-2

This regulation has been amended to more clearly define the standards for the use of emergency safety interventions (ESI). Those standards include:

1. ESI shall be used only when a student presents a reasonable and immediate danger of physical harm to the student or others.
2. ESI shall cease to exist as soon as the immediate danger of physical harm ceases to exist.
3. The use of ESI is prohibited for purposes of discipline, punishment, or convenience.
4. Several types of restraint are prohibited, such as face-down restraint, face-up restraint, any restraint that obstructs the airway of a student or impacts a student's primary mode of communication, chemical restraint, and mechanical restraint except in certain circumstances.

This regulation also prohibits the use of seclusion if the student is known to have a medical condition that could put the student in mental or physical danger

K.A.R. 91-42-4

Schools will be required to notify parents or, if the parent cannot be reached, the emergency contact person any time an emergency safety intervention is used with their child. This notification will occur the day the intervention is used. Notifications will include information on the standards for when interventions can be used, a flyer on the parent's rights, and guidance on how to file a complaint with the local school board.

K.A.R. 91-42-7

The State Board of Education is required to collect data on the use of emergency safety interventions and compile reports based on information provided by school districts. These reports are annually due by January 20th. The State Board will report the total number of times an intervention was used, the total number of interventions involving students with an individualized education program, the total number of interventions involving students with a Section 504 plan, the total number of interventions involving students with behavior intervention plans, the total number of students that were physically restrained, the total number of students that were placed in seclusion, and the average amounts of time that interventions lasted.

The Kansas State Board of Education does not anticipate any significant financial or economic impact to this agency, other state agencies, or to the public as a result of these regulations.

(2) The value of the player's cards total more than the dealer's cards without exceeding 21.

(3) The value of the player's initial two cards totals 21 and the value of the dealer's three or more cards totals 21.

(c) Except as otherwise provided, a wager will be pushed (declared a tie) when the value of the player's cards is equal to the value of the dealer's cards.

(d) A player's wager shall be lost when:

(1) The value of the dealer's cards totals 21 or less and the value of the player's cards totals 22 or more.

(2) The value of the dealer's cards total more than the value of the player's cards without exceeding 21.

(3) The dealer has a total value of 21 in his/her initial two cards and the player has a total of 21 in more than two cards.

(e) Except as otherwise provided, no wager shall be made, increased or withdrawn from the table after the first card of the respective round has been dealt.

(f) All wagers on blackjack will be made by placing gaming chips on the betting areas of the blackjack table layout. Money or chips outside or between betting areas do not constitute a valid bet. Verbal and cash wagers will not be accepted.

(g) All winning wagers will be paid at odds of one to one, with the exception of blackjack, which will be paid at odds of three to two and insurance which shall be paid at odds of two to one.

(h) Once the first card of any hand has been removed from the dealer's shoe or dealt by the dealer, no player may handle, remove or alter any wagers that have been

made until the dealer renders and implements a decision with respect to that wager.

(i) Once a wager has been placed on the insurance line, or a wager to double down or a wager to split pairs has been made and confirmed by the dealer, then no player shall handle, remove or alter such wagers until the dealer renders and implements a decision with respect to that wager.

(j) At all tables where the wager and entry restrictions are in effect, a sign will be posted notifying the players of the restrictions. The sign(s) shall indicate the following:

(1) Mid-shoe entry is in the discretion of the table games supervisor or higher ranking casino official.

(2) Minimum and maximum table limits. Any wager made by a player that is less than the stated table minimum that is not rejected by either the dealer or table games supervisor or higher ranking casino official prior to the commencement of play shall be treated as a valid wager in the amount actually wagered by the player. Any wager made by a player that is above the stated table maximum that is not rejected by either the dealer or table games supervisor or higher ranking casino official shall play up to the posted maximum and the balance shall be returned to the player and not considered as part of the valid wager. (Authorized by K.S.A. 2016 Supp. 74-8710 and 74-8748; implementing K.S.A. 2016 Supp. 74-8710; effective, T-111-2-2-17, Nov. 9, 2016.)

111-601-6. Rules of the game. (a) The cards shall be shuffled under the following circumstances:

(1) A new set of decks are put into play.

(2) When the cut card appears during the course of the play (the shuffle will take place prior to the next round of play).

(3) Whenever the cards have been dropped or otherwise mishandled by the dealer.

(4) Whenever instructed to do so by the table game supervisor or higher ranking casino official.

(5) At no time will the dealer shuffle at the request of a player unless authorized to do so by a table games supervisor or higher ranking casino official.

(b) The dealer is to maintain physical and visual contact with the cards at all times while the cards are out of the shoe; however, the cards shall be placed back in the dealer's shoe for commencement of play.

(c) A card shall be burned for the following reasons:

(1) After a shuffle of the cards.

(2) A card has been exposed or dealt by mistake unless the card was exposed or dealt by mistake to the player in the last occupied player position immediately before the dealer.

(3) When a dealer is relieved, the new dealer shall burn a card.

(4) If a table is dead (no players), upon the arrival of new players, the dealer shall burn a card.

(d) All cards shall be dealt from a dealing shoe secured to and located on the extreme left-hand side of the table.

(e) All players' cards should be delivered face up, starting on the dealer's left and continuing clockwise around the table.

(f) After each player has received one card, the dealer shall take one card face down. A second card should be dealt to each player face up and the dealer's second card will be dealt face down. The dealer's second card should

be placed underneath the dealer's first card, the first card is now turned face up and should cover the second card in such a way that no part of that card is visible.

(g) Cards shall not touch a player's bet and shall be placed in a manner which allows the center spot of each card to be visible.

(h) Players shall not handle any of the cards.

(i) After two cards have been dealt to each player, the dealer shall start with the player to the left and continue to the right until all players have acted upon the hand.

(j) Players shall indicate hit or stand by using visible hand signals.

(k) All hit cards are dealt face-up, utilizing the left hand for positions one (1) and two (2), and the right hand for positions three (3) through seven (7).

(l) After all players' hands have stood or broken, the dealer shall turn his hole card face-up and announce the point total.

(m) If there are players' hands still in action, the dealer must take a hit if the value of the dealer's cards totals 16 or less or a soft 17, but stand on a hard 17 or more.

(n) The dealer shall announce "over", "too many" or "busted" when the dealer's hand exceeds 21.

(o) The dealer shall then take or pay according to the hands dealt.

(p) A dealer accidentally hitting his hand while having a hard seventeen or more shall contact the table games supervisor or higher ranking casino official who shall handle the situation accordingly.

(q) A player may elect to double down with any initial two (2) cards, and bet up to the amount of his original bet on the condition that only one (1) additional card shall be dealt to the player.

(r) The additional chips for the double-down bet should be placed next to the original wager before the double down card is dealt.

(s) The double down card will be exposed and placed across the two (2) cards involved, in such a manner as to keep the number exposed on the player's second card.

(t) When paying double down bets, the dealer shall not combine the chips used to pay the bet with the player's chips used to make the bet into a single stack, but instead shall stack the chips used to pay the bet next to the player's chips. The dealer is not permitted to move the player's bet with chips in the dealer's hand.

(u) Whenever the initial two cards to a player are of the same face value, the player may elect to split the cards into two separate hands, provided that the player makes a bet equal to the original bet. The following rules apply to splitting cards:

(1) After splitting, the first hand will receive a card. This hand will be completed by either hitting again or staying before the next hand is dealt to.

(2) The second hand will receive a card. This hand will be completed by either hitting again or staying before moving on to the next hand.

(3) A player may split up to three times excluding aces which may only be split once. When aces are split, the player will only receive one card per ace.

(v) The dealer will ask if any player wishes to place an insurance bet when the dealer's "up" card is an ace.

(continued)

(w) Insurance is a separate bet. The player is betting that the dealer has blackjack. If the dealer does not have blackjack, then the player loses the player's insurance bet.

(x) The player can take insurance for any amount up to one-half of the original bet.

(y) The insurance bet shall be placed on the insurance line on the table layout.

(z) The dealer will then verbally close the time for accepting insurance bets.

(aa) If the dealer's hand is a blackjack and the player has taken insurance, the dealer will take the losing bet and pay off the winning insurance bet with the losing bet in an amount not to exceed the player's original bet. Insurance will be paid at a rate of 2 to 1.

(bb) If the player's hand is a blackjack and the dealer's "up" card is an ace, the player can announce even money and be paid the amount of the player's bet.

(cc) Players may insure a token bet and the bet is handled by the same procedure as any other insurance bet.

(dd) A player may place more than one-half of their original bet on the insurance line but only one-half of their original bet is in action. Any overage will be returned to the player after it is determined that the dealer does or does not have blackjack.

(ee) All blackjacks will be paid at odds of 3 to 2. The dealer shall pay the player having a blackjack during the normal course of the dealer's take and pay procedures.

(ff) If the dealer and a player have blackjack, the player's bet will be a push (tie).

(gg) If the dealer looks at the dealer's hole card and fails to recognize the fact the dealer has a blackjack, the dealer's hand will be played as a total of 21 only, and not as a blackjack. A player that doubles down or splits will receive back any additional wagers made after their initial wager.

(hh) Any player's hand that exceeds a total of 21 has broke or "busted" and their hand loses.

(ii) If the dealer has an up card with the value of ten, the dealer will use the peeking device built into the gaming table to check to see if the dealer has a blackjack.

(jj) If the dealer has a blackjack all losing bets will be collected and all blackjacks will push.

(kk) If the dealer does not have blackjack the hand will continue as normal.

(ll) A card found turned upwards in the shoe shall not be used in that game and shall be placed in the discard rack (burned).

(mm) A card drawn in error without its face being exposed shall be used as though it were the next card from the shoe.

(nn) After the initial two cards have been dealt to each player and a card is drawn in error and exposed to the players, such card shall be burned or placed in the discard rack and will not be offered to any player or to the dealer unless the card was dealt by mistake to the player in the last occupied player position immediately before the dealer. In that case, if the card is needed by the dealer to complete the dealer's hand, then the card shall be retained by the dealer. If the card is not needed by the dealer to complete the dealer's hand, then the card shall be burned.

(oo) If the dealer has a point total of a hard seventeen or more and accidentally draws a card for the dealer, such card shall be burned.

(pp) If the dealer misses dealing his first or second card to the dealer, the dealer shall continue dealing the first two cards to each player, and then deal the appropriate number of cards to the dealer.

(qq) If there are insufficient cards remaining to complete a round of play, all of the cards in the discard rack shall be shuffled and cut, the first card shall be drawn face down and burned, and the dealer shall complete the round of play.

(rr) If no cards or only one card is dealt to a player's hand, the hand is dead and the player shall be included in the next deal.

(ss) If any card is dealt and an error occurs, at no time as a result of the error will any card dealt to a player be taken from that player and dealt to another player.

(tt) If a dispute occurs because of a mistake during a hand by the dealer or a player, the table games supervisor or higher ranking casino official shall be authorized to declare that all or part of the hand is dead (void) and can return any disputed money.

(uu) If offered at the blackjack table, a player making a blackjack wager may also make an optional three card poker wager in the area on the table designated for that optional wager so long as the wager is made prior to the first card of the hand being removed from the shoe.

(vv) If a player makes an optional three card poker wager, the player may also make a three card token bet so long as the token bet is made prior to the first card of the hand being removed from the shoe.

(ww) Resolution of all optional three card poker wagers shall be made after all players and the dealer have received their second card and before the blackjack game continues.

(xx) An optional three card poker wager will win if the dealer's card dealt face up and the player's two cards combined equal one of the following three card poker hands:

(1) A "flush," which means three cards of the same suit (hearts, spades, diamonds or clubs);

(2) A "straight," which means three cards of consecutive rank, with the ranking of cards from lowest to highest being 2, 3, 4, 5, 6, 7, 8, 9, 10, jack, queen, king, and ace, except that an ace can also be used with a 2 and 3 to make a straight;

(3) A "three of a kind," which means three cards of the same rank; and,

(4) A "straight flush," which means a "straight" as defined hereinabove, when all three cards are in the same suit.

(yy) All winning three card poker wagers shall be paid at the rate of nine to one.

(zz) All three card poker wagers shall be taken or paid from the dealer's right to left before the blackjack portion of the game continues. (Authorized by K.S.A. 2016 Supp. 74-8710 and 74-8748; implementing K.S.A. 2016 Supp. 74-8710; effective, T-111-2-2-17, Nov. 9, 2016.)

111-601-7. Collecting and paying. (a) All insurance bets shall be taken or paid from right to left.

(b) After the dealer has busted or stood on a hard 17 or more, the player's hand must be paid, taken or pushed based on the outcome of both the player and dealer hand totals.

(c) Card pickup and payout shall be done from right to left.

(d) All bets to be paid shall be paid from the chip tray and never with another bet.

(e) The dealer's hand shall be picked up first so as to be on the top of the discarded stack. (Authorized by K.S.A. 2016 Supp. 74-8710 and 74-8748; implementing K.S.A. 2016 Supp. 74-8710; effective, T-111-2-2-17, Nov. 9, 2016.)

111-601-8. Drawing of additional cards by players and dealers. (a) A player may elect to draw additional cards if the point count total is less than 21, except when:

(1) A player has blackjack or a hard or soft total of 21.

(2) A player doubles down, in which case the player shall draw only one additional card.

(3) A player split aces, in which case the player shall have only one card dealt to each ace.

(b) A dealer shall draw additional cards until reaching a hard total of 17 or more, at which point no additional cards shall be drawn. If all players' hands have been broken, and the point total of the dealer's hand has no effect on the outcome of the round of play, the dealer shall draw no additional cards, regardless of the point count. (Authorized by K.S.A. 2016 Supp. 74-8710 and 74-8748; implementing K.S.A. 2016 Supp. 74-8710; effective, T-111-2-2-17, Nov. 9, 2016.)

111-601-19. Play. (a) For the start of play, the dealer shall remove 5 cards from the automatic shuffler and spread those cards in the community area, then starting with the player farthest to his or her left and continuing around the table in a clockwise manner, deal the cards as follows:

(1) Two cards at a time face down to each player who has placed wagers.

(2) Two cards face down to the area designated for the dealer's hand.

(b) After the dealing procedures specified above have been completed, each player shall examine his or her cards and replace the cards face down on the layout. The dealer shall then, starting with the player farthest to his or her left and proceeding in a clockwise manner around the table, ask each player if the player wishes to place a play wager. The player may either check or place a play wager in an amount equal to three or four times the amount of the player's ante wager.

(c) If a player places a play wager, the wager shall be placed in the designated play betting area.

(d) If a player checks, the player shall remain in the game and defer his or her decision to place a play wager to the next betting opportunity.

(e) Once all players have either placed a play wager or checked, the dealer shall turn the flop face up.

(f) After the flop has been turned over, the dealer shall, starting with the player farthest to his or her left and proceeding in a clockwise manner around the table, ask each player who has not placed a play wager if he or she wishes to place a play wager. The player may either check or place a play wager in an amount equal to two times the amount of the player's ante wager.

(g) If a player places a play wager, the wager shall be placed in the designated play betting area.

(h) If a player checks, the player shall remain in the game and defer his or her decision to place a play wager to the next betting opportunity.

(i) Once all players have either placed a play wager or checked, the dealer shall then turn the next two cards in the community area face up.

(j) After the final two community cards have been turned face up, the dealer shall, starting with the player farthest to his or her left and proceeding in a clockwise manner around the table, ask each player who has not yet placed a play wager whether he or she wishes to fold his or her hand or place a play wager equal in amount to his or her ante wager.

(k) If a player places a play wager, the wager shall be placed in the designated play betting area.

(l) If a player folds, the ante and blind wagers of the player shall be collected by the dealer and placed in the table inventory container.

er shall place the cards of the player face down underneath the player's trips wager pending its resolution at the conclusion of the round of play.

(n) If the player has not placed a trips wager, the dealer shall immediately spread the cards of the folded hand face down and place them back in the shuffle machine's discard area.

(o) After each player has either folded or placed a play wager, the dealer shall then turn his or her two cards face up, position his or her cards near the three community cards that can be used to form the best possible five-card hand and announce the dealer's hand to the players.

(p) If the dealer's best possible five-card hand is lower than a pair, the dealer shall, starting with the player farthest to the dealer's right who has placed a play wager and proceeding in a counterclockwise manner around the table, return each player's ante wager and resolve all other wagers in accordance with subsection (q) below.

(q) If the dealer's best possible five-card hand is a pair or above, the dealer shall, starting with the player farthest to the dealer's right who has placed a play wager and proceeding in a counterclockwise manner around the table, turn the two cards of each player who has placed a play wager face up and announce the best possible five-card poker hand that can be formed using the player's two cards and the five community cards. The wagers of each player shall be resolved one player at a time regardless of outcome. After all wagers placed by a player are settled, the player's cards shall then be immediately collected by the dealer and placed back in the shuffle machine's discard area.

(r) If the player's five-card hand is ranked lower than the dealer's five-card hand, the player shall lose and the dealer shall immediately collect any ante, blind and play wagers made by the player.

(s) If the player's five-card hand is ranked higher than the dealer's five-card hand, the player shall win and the dealer shall pay any ante, blind and play wagers made by the player in accordance with the payout odds set forth below in the section "payment odds," provided that the blind wager shall not be paid unless the player's winning hand has a rank of straight or higher.

(t) If the player's five-card hand and the dealer's five-card hand are of equal rank, the player's hand shall be a push. In such case, the dealer shall not collect or pay the player's ante, blind, or play wagers.

(u) After settling a player's ante, blind, and play wagers, the dealer shall settle any trips wager made by the player by determining whether the player's five-card hand qualifies for a payout in accordance with K.A.R. 111-601-20. A winning trips wager shall be paid without regard to the outcome of any other wager made by the player. (Authorized by K.S.A. 2016 Supp. 74-8710 and 74-8748; implementing K.S.A. 2016 Supp. 74-8710; effective, T-111-2-2-17, Nov. 9, 2016.)

111-601-20. Payout odds. (a) Each winning ante and play wager shall be paid at odds of 1 to 1.

(b) If a player's five-card hand ranks higher than the dealer's five-card hand, the player shall be paid on the player's blind wager in accordance with the following odds:

Player's Five-Card Hand	Payout Odds
Royal flush	500 to 1*
Straight flush	50 to 1*
Four-of-a-kind	10 to 1*
Full house	3 to 1*
Flush	3 to 2*
Straight	1 to 1*
Less than a straight	Push

*This does not include the return of the player's original bet.

(c) Players shall be paid on each winning trips wager at odds set forth in the alternative pay table set forth below that is implemented by the lottery gaming facility manager as approved by the executive director of the Kansas lottery:

Hand	Paytable A	Paytable B	Paytable C	Paytable D
Royal flush	50 to 1	50 to 1	50 to 1	50 to 1

(3) If the dealer has a qualifying hand (a "qualifying hand" means a queen high card or better hand) and the player's hand outranks the dealer's hand the player is paid odds of 1 to 1 on the ante wager and the play wager.

(5) If the dealer's hand does not qualify (is ranked less than queen high), the player is paid odds of 1 to 1 on the ante wager and the play wager is a push.

(6) If the dealer's qualifying hand outranks the player's hand, the player loses and the ante and play wagers are collected accordingly.

(7) If the dealer has a hand higher than the player's hand, it has no effect on the ante bonus if the player has placed a play wager and has a qualifying hand for the ante bonus. Ante bonuses pay odds as follows:

Straight	1 to 1
Three of a kind	4 to 1

The "pair plus wager" is an optional wager on the outcome of the player's hand against a posted scale of payouts without competition against any other hand.

(9) Each player and dealer receives their cards. The player may elect to fold or play. If the player elects to fold, the pair plus wager is forfeited. If the player elects to compete with the dealer, the player shall place a wager in the designated play betting area.

Beginning with the player to the extreme left of the dealer and rotating to the right, the dealer shall fan out each player's cards face down in front of the player's bet.

(e) Once each player and the dealer have received their cards, the shuffle machine shall count the remaining cards to verify that the deck contained 52 cards.

(f) Once the machine has completed the count, the dealer removes the remaining cards from the shuffler and places them in the discard rack.

(g) The dealer then announces that the players may look at their hands.

(i) If a player folds, the dealer collects the ante wager, placing it into the tray and collects their cards. The cards are counted and placed in the discard rack.

(j) The dealer shall verify that all remaining players, if any, have made the proper play wager.

(k) The dealer then turns over the dealer's cards and creates the best three card poker hand.

(l) If the dealer does not have a qualifying hand the dealer announces the dealer has no qualifying hand and pays all outstanding player wagers.

(m) If the dealer does have a qualifying hand, the dealer compares his hand to each player's hand individually and the highest three card poker hand wins. All winning wagers are paid. All losing wagers are collected. As the cards are removed they are counted and placed in the discard rack. The dealer compares, pays, and collects wagers right to left.

(c) Any automated card shuffling device or automated dealing shoe shall be removed from a gaming table before any other method of shuffling or dealing may be utilized at that table.

(d) If an automated card shuffling device is being used and the device jams, stops shuffling during a shuffle, or fails to complete a shuffle cycle, the cards shall be reshuffled.

(e) If an automated dealing shoe is being used and the device jams, stops dealing cards, or fails to deal all cards during a round of play, the round of play shall be void, all players' wagers shall be returned to them and the cards shall be removed from the device and reshuffled with any cards already dealt.

(f) If cards become soiled in the course of play and the dealer finds that a card is unsuitable for use, a table games floor supervisor or higher ranking employee will bring a substitute card from the card reserve in the pit stand and the unsuitable card is placed in a sealed envelope or container. The table games floor supervisor or higher ranking casino employee will maintain the envelope in a secure place within the pit until collection by security. The substitute card will be placed into the card discard rack by the table games floor supervisor or higher ranking employee.

(g) If a card sensor starts flashing during a round because the shuffler signaled an incorrect card count, the table games supervisor or higher ranking casino official will verify that the correct number of cards is in play. If all players and the dealer have the correct number of cards, the remaining cards in the deck will be counted. If the card count is correct (52 cards), the table games supervisor may direct the dealer to resume play. If the card count is incorrect (any number of cards other than 52), unless otherwise directed by the poker supervisor or higher ranking casino official the hand shall be void, all players' wagers returned to them, and the deck of cards shall be replaced with a new deck of cards.

(h) It will be a misdeal if the dealer presses the start button to unload the remaining cards in the shuffle machine prior to delivering the dealer's hand. (Authorized by K.S.A. 2016 Supp. 74-8710 and 74-8748; implementing K.S.A. 2016 Supp. 74-8710; effective, T-111-2-2-17, Nov. 9, 2016.)
