Kansas Development Finance Authority

Notice of Hearing

A public hearing will be conducted at 9:00 a.m. Thursday, December 21, 2017, in the offices of the Kansas Development Finance Authority (KDFA), 534 S. Kansas Ave., Suite 800, Topeka, Kansas, on the proposal for the KDFA to issue its Agricultural Development Revenue Bonds for the projects numbered below in the respective maximum principal amounts. The bonds will be issued to assist the borrowers named below (who will be the owners and operators of the projects) to finance the cost in the amount of the bonds, which are then typically purchased by a lender bank who then, through the KDFA, loans the bond proceeds to the borrower for the purposes of acquiring the project. The projects shall be located as shown:

Project No. 000992 Maximum Principal Amount: \$305,000.00. Owner/Operator: Tyler T. and Andrea L. Deters; Description: Acquisition of 144 acres of agricultural land and related improvements and equipment to be used by the owner/operator for farming purposes (the "Project"). The Project is being financed by the Lender for Tyler T. and Andrea L. Deters (the "Beginning Farmer") and is located at Section 12, Noble Town-

ship, Marshall County, Kansas, approximately 1/2 mile east of Vermillion, Kansas on Stone Road.

Project No. 000993 Maximum Principal Amount: \$524,200.00. Owner/Operator: Kyle and Leigha Behrens; Description: Acquisition of 224 acres of agricultural land and related improvements and equipment to be used by the owner/operator for farming purposes (the "Project"). The Project is being financed by the Lender for Kyle and Leigha Behrens (the "Beginning Farmer") and is located at Section 18, Franklin Township, Marshall County, Kansas, approximately 2 miles north of Marysville, Kansas on 13th Road and 1 mile east on Indian Road.

The bonds, when issued, will be a limited obligation of the KDFA and will not constitute a general obligation or indebtedness of the state of Kansas or any political subdivision thereof, including the KDFA, nor will they be an indebtedness for which the faith and credit and taxing powers of the state of Kansas are pledged. The bonds will be payable solely from amounts received from the respective borrower, the obligation of which will be sufficient to pay the principal of, interest and redemption premium, if any, on the bonds when they become due.

All individuals who appear at the hearing will be given an opportunity to express their views concerning the proposal to issue the bonds to finance the projects, and all written comments previously filed with the KDFA at its offices at 534 S. Kansas Ave., Suite 800, Topeka, KS 66603, will be considered. Additional information regarding the projects may be obtained by contacting the KDFA.

Contract Goals

The City of Great Bend will use contract goals to meet any portion of the overall goal that the recipient does not project being able to meet using RN means. Contract goals are established so that, over the period to which the overall goal applies, they will cumulatively result in meeting any portion of the recipient's overall goal that is not projected to be met through the use of RN means.

The City of Great Bend will establish contract goals only on those DOT-assisted contracts that have subcontracting possibilities. It need not establish a contract goal on every such contract, and the size of the contract goals will be adapted to the circumstances of each such contract (e.g., type and location of work and availability of DBE's to perform the particular type of work).

The contract goals will be expressed as a percentage of the total amount of a DOT-assisted contract.

Governmental Ethics Commission

Opinion No. 2017-08

Written November 29, 2017, to Ms. Julene L. Miller, General Counsel, Kansas Board of Regents, 1000 SW Jackson, Suite 520, Topeka, KS 66612-1368

Synopsis: Under the facts presented, Kansas Board of Regents employees may solicit gifts of sponsorships from persons that do not have a special interest in the Board's actions, with the provision that accepting the sponsorships meet K.S.A. 46-237a exceptions.

Cited herein: K.S.A. 46-228, 46-236, 46-237, 46-237a, and 46-254.

Dear Ms. Miller:

We understand, in your capacity as general counsel for the Kansas Board of Regents, you request our opinion concerning application of the state governmental ethics

(continued)

law, K.S.A. 46-215 *et seq.* Our opinion in response to your request is limited to its applicability. This opinion does not address whether some other statutory system, common law theory, or agency rule or regulation applies to your inquiry.

Factual Statement

The Board of Regents office traditionally holds semi-regular conferences that are attended by various constituency groups, such as adult education leaders and teachers or data collection personnel from the public postsecondary institutions in the state. These conferences often include training sessions for leaders and employees of such programs or institutions. Related conference costs can include, but are not limited to meals provided to attendees (none of which exceed \$25 per meal), snacks at conference breaks, materials (such as written information for classes, paper, pencils, etc.), conference room rental, training provided by paid experts, and guest speaker fees. Registration fees charged by the Board office to the attendees ordinarily pay for the conference costs.

The Board office is attempting to find ways to continue providing quality training and information to conference attendees and decrease registration fees, which for fiscal reasons, may not allow some local educational programs or institutions to continue to send their staff.

The Board office is interested in exploring such cost sharing. Three private entities have expressed a willingness and ability to help bear some conference costs by co-sponsoring such events. The board office is also interested in determining what, if anything, private entities may do independently in conjunction with a Board sponsored conference or training workshop.

Entity one is a non-profit 501(c)(6) entity based in Topeka that engages in activities designed to promote and increase "growth, prosperity, innovation, and economic diversity and vibrancy that positively impact current and future citizens of Topeka and Shawnee County." The Board does not donate to it but does, upon request, provide it with data and/or expertise to assist them in their efforts to recruit, retain, or expand businesses in their market.

Entity two is a corporation, with its U.S. home office based in Florida, specializing in providing training materials and courses used to train students whose first language is not English. In Kansas, it contracts directly with Adult Education providers offering their products and services and currently serves most of the providers in the western half of the state. The Board does not directly contract with it nor require the Board's Adult Education providers to contract with it.

Entity three is a corporation headquartered in Minnesota. It provides GED testing services to Kansas citizens pursuant to K.S.A. 72-4530. It has a contract with the Board that allows it to offer the online GED test to those taking it in Kansas. However, individuals taking the test pay the related fee, not the Board.

Questions

Do the listed entities have a "special interest" in the Board?

What, if any, guidance is the Commission able to provide to determine whether a special interest in the Board is held by any third party?

Does an ethics violation exist if a third party with a special interest in the Board is mentioned in conference agenda materials as separately providing networking opportunities at the same time and place of the conference?

Are any ethics laws implicated? If so, is it dependent upon whether the private entity has a "special interest" in the Board?

Analysis and Opinion

K.S.A. 46-228 provides:

"Special interest" means an interest of any person herein defined (1) concerning action or non-action by the legislature on any legislative matter affecting such person as distinct from affect upon the people of the state as a whole, or (2) in the action or non-action of any state agency or state officer or employee upon any matter affecting such person as distinct from affect upon the people of the state as a whole.

K.S.A. 46-236, in pertinent part, provides:

No state officer or employee, candidate for state office or state officer elect shall solicit any economic opportunity, gift, loan, gratuity, special discount, favor, hospitality, or service from any person known to have a special interest, under circumstances where such officer, employee, candidate or state officer elect knows or should know that a major purpose of the donor in granting the same could be to influence the performance of the official duties or prospective official duties of such officer, employee, candidate or state officer elect.

K.S.A. 46-237(c), provides:

No person licensed, inspected or regulated by a state agency shall offer, pay, give or make any economic opportunity, gift, loan, gratuity, special discount, favor, hospitality, or service having an aggregate value of \$40 or more in any calendar year to such agency or any state officer or employee, candidate for state office or state officer elect of that agency.

All three entities are persons as provided in K.S.A. 46-223. Under the facts provided, we opine that entities one and two do not have a special interest in the Board, but entity three does.

Presumably the Board, as many state agencies, provides data and expertise to other agencies and the public. Thus, the Board providing data or expertise to entity one without requirement does not differentiate entity one's interest in the actions of the Board from those of "the people of the state as a whole."

Entity two, while transacting business with persons that appear to have special interests in the actions of the Board, does not, per se, accrue such an interest due to that business. The facts do not indicate any other interaction between the Board and entity two that would serve as a basis for the existence of a special interest.

Entity three contracts with the Board to be able to provide services to third parties within the state. Such a contract does constitute a Board action, hence entity three has a special interest which invokes the K.S.A. 46-236 so-

licitation prohibition. Further, it appears that the Board licenses or regulates entity three. K.S.A. 46-237(c) would make it a violation for entity three to “offer, pay, give or make any economic opportunity, gift, loan, gratuity, special discount, favor, hospitality, or service having an aggregate value of \$40 or more in any calendar year to” the Board or its employees.

K.S.A. 46-254, in pertinent part provides, “[t]he commission...upon the request of any individual to which this act applies shall render an opinion in writing on questions concerning the interpretation of this act. Any person who acts in accordance with the provisions of such an opinion, shall be presumed to have complied with the provisions of this act.” The commission’s ability to interpret generally requires a factual scenario to which the act may be applied. This is evinced by the presumption of compliance afforded to a person who acts in accordance with the provisions of our opinions. Without facts, your second question would require us to add to, or limit, the statutory definition of “special interest,” which, we decline to do.

In response to your remaining question, efforts of persons in conjunction with those of the Board office would not violate the act so long as persons with a special interest are not solicited by an employee of the Board (K.S.A. 46-236); a gift or economic opportunity, which does not meet any statutory exceptions set forth in K.S.A. 46-237a, is not accepted in the official capacity of Board employees; and the gift or economic opportunity is not offered by a person licensed, inspected, or regulated by the Board (K.S.A. 46-237(c)). Under the facts provided, no other violations based upon the proposed collaboration are apparent. In an analogous effort to solicit conference sponsorships, we opined (Opinion No. 2009-06) that a collaborative effort between the Kansas Corporation Commission State Energy Office and the Kansas Department of Commerce to solicit funds from persons known to have special interests in the KCC would not violate these same provisions of the Kansas Ethics Law. In our Opinion 2011-08, the interrelated provisions of K.S.A. 46-236, 46-237, and 46-237a are discussed at length, which may be of limited assistance for the Board office in navigating their various requirements.

Sincerely,

G. Daniel Harden, Chairman
By Direction of the Commission

Notice of Public Hearing on Proposed Administrative Regulations

The Kansas Department of Health and Environment (KDHE), Kansas Health and Environmental Laboratory, Quality, Preparedness and Certification Section, Breath Alcohol Laboratory Program, will conduct a public hearing at 10:00 a.m. Thursday, February 22, 2018, in the Flint Hills Conference Room, third floor, Curtis State Office Building, 1000 SW Jackson, Topeka, Kansas, to consider the adoption of proposed amended regulation K.A.R. 28-32-11 regarding evidential breath alcohol test device (EBAT device) certification. This regulation is being proposed as a

(continued)

temporary regulation and as a permanent regulation.

A summary of the proposed regulation and the estimated economic impact follows:

Summary of Regulation:

K.A.R. 28-32-11. EBAT device certification. KDHE proposes to amend this regulation to eliminate ambiguity created by the existing requirement that EBAT devices be included on a 2006 National Highway Traffic Safety Administration (NHTSA) list. NHTSA publishes its list infrequently, which creates difficulties ensuring that up-to-date equipment is available to law enforcement agencies and officers. The amended regulation will remove that discrepancy.

Economic Impact:

Cost to individuals: There is no increase in costs to private citizens or other private entities.

Cost to the agency: There is no additional cost to the agency. Any costs will be absorbed in the current budget.

Cost to other governmental agencies or units: There is no known additional cost to other

governmental agencies or units to implement this proposed amended regulation.

The time period between the publication of this notice and the scheduled hearing constitutes a 60-day public comment period for the purpose of receiving written public comments on the proposed regulation.
