Notice of Hearing on Proposed Administrative Regulations

A public hearing will be conducted at 10:00 a.m. Tuesday, October 9, 2018, at Jayhawk Tower, 700 SW Jackson, Suite 804, Topeka, KS 66603, to consider the adoption of K.A.R. 117-2-1, 117-2-2, 117-3-2, 117-4-1, 117-4-2, and 117-5-1.

This 60-day notice of public hearing shall constitute a public comment period for receiving written public comments on the proposed regulations. All interested parties may submit written comments prior to the hearing to the Kansas Real Estate Appraisal Board, Jayhawk Tower, 700 SW Jackson, Suite 804, Topeka, KS 66603 or cheryl.magathan@ks.gov. All interested parties will be given a reasonable opportunity to present their views orally on the adoption of the proposed regulation during the hearing. To give all parties an opportunity to present their views, it may be necessary to request each participant to limit any oral presentation to five minutes.

Any individual with a disability may request accommodation to participate in the public hearing and may request the proposed regulation and economic impact statement in an accessible format. Requests for accommodation should be made at least five working days in advance of the hearing by contacting Sally Pritchett at 785-296-6736 or cheryl.magathan@ks.gov.

The proposed regulation amendments are for adoption on a permanent basis. A summary of the proposed amendments to the regulation and the economic impact follows:

117-2-1. Licensed classification; education requirements. This regulation is being amended to remove the college level education from this classification.

There will be no economic impact to this agency, other governmental agencies or units, or existing appraisers. There could, however, be a savings to applicants for this classification in the removal of the college level education, resulting in a one-time possible savings of \$17,224.80.

117-2-2. Licensed classification; appraisal experience requirement. This regulation is being amended to modify both the hours of appraisal experience required for this classification, as well as the minimum time frame in which those hours may be accrued. We have also reduced the maximum number of alternate appraisal experience hours allowed. There is an update to the "experience hours table" adopted by reference in (d)(2).

There will be no economic impact to this agency, other governmental agencies or units, or existing appraisers. There could, however, be a savings to applicants for this classification in the reduction of the number of experience hours required, as well as the minimum time in which they must work under the supervision of a certified appraiser. This possible savings is estimated at \$1,425.

117-3-2. General classification; appraisal experience requirement. This regulation is being amended to reduce the minimum time in which an applicant must accrue their experience hours.

There will be no economic impact to this agency, or other governmental agencies or units. There could, however, be a savings to applicants or appraiser upgrades to this classification in reducing the minimum time in which they must work under the supervision of a certified appraiser. Due to variables involved with commercial, agricultural, and industrial appraisals, no figure can be estimated.

117-4-1. Residential classification; education requirements. This regulation is being amended to provide applicants with options for meeting the college level education, as well as allowing an alternative to the college level education for state licensees to upgrade.

There will be no economic impact to this agency, or other governmental agencies or units. There could, however, be a substantial savings to state licensees upgrading to this classification allowing their experience in lieu of the college level education. The possible savings is estimated at \$34,496.60. The possible savings for new applicants or state licensed appraisers who do not meet the criteria set out in 117-4-1(e) is estimated at \$17,224.80.

117-4-2. Residential classification; appraisal experience requirement. This regulation is being amended to reduce both the number of experience hours as well as the minimum time frame in which those hours must be accrued. There is also a reduction in the number of alternate experience hours which may be used.

There will be no economic impact to this agency, or other governmental agencies or units. There could, however, be a substantial savings to state licensees to upgrade to this classification, as well as new applicants in the reduction of the number of experience hours which must be met, and the minimum time frame in which those hours must be accrued. This possible savings is estimated at \$1,425.

117-5-1. Provisional classification; education requirements. This regulation is being amended to reflect the changes to 117-2-1, 3-1, and 4-1 in the qualifying education and/or college level education that must be met.

There will be no economic impact to this agency, other governmental agencies or units, or appraisers. There could, however, be a substantial savings to new applicants in the changes to the college level education required in 117-2-1 and 3-1, as well as the reduction of experience hours in 117-2-2 and 3-2 and the reduction of the minimum time frame in which those hours must be accrued in 117-2-2, 3-2, and 4-2. The possible savings would be the same as those shown in 117-2-2, 3-2, and 4-2.

Copies of these regulations and the economic impact statement may be obtained by going to the Board's website at <http://www.kansas.gov/kreab> and clicking on Regulations and Statutes. Department of Health and Environment

Notice of Hearing on Proposed Administrative Regulation

The Kansas Department of Health and Environment (KDHE), Division of Public Health, Bureau of Family Health, will conduct a public hearing at 10:00 a.m. Tuesday, October 16, 2018, in Room 530, Curtis State Office Building, 1000 SW Jackson, Topeka, Kansas, to consider the adoption of proposed new maternal and child health regulation K.A.R. 28-4-95, regarding a fee for fingerprint-based background checks for required individuals working, residing, or regularly volunteering in child care facilities.

A summary of the proposed regulation and estimated economic impact follows:

Summary of Regulation:

K.A.R. 28-4-95. Fee for fingerprint-based background checks. This regulation creates a fee fund for fingerprint-based background checks for required individuals in child care facilities and complies with KSA 65-516, as amended by 2018 HB 2639, and the background check requirements of the federal Child Care and Development Block Grant Act of 2014.

Economic Impact:

Cost to the agency: The provisions of 2018 HB 2639 establish a child care criminal background and fingerprinting fund administered by KDHE. Fees submitted by applicants and licensees and KDHE's payments for the background checks will be processed through that fund. The KDHE Child Care Licensing and Registration Information System (CLARIS) will interface with the Kansas Department of Aging and Disability Services (KDADS) KanCheck system to enable KDHE to receive the results of the required background checks. Costs to KDHE include establishing the fee fund and the policies and procedures. Costs will be absorbed in the ongoing KDHE budget.

Cost to licensees: The proposed regulation requires applicants and licensees to submit a non-refundable fee to KDHE for each individual who is required to complete a fingerprint-based background check. The fingerprint check will be completed for each individual initially and once every five years thereafter. Currently, the cost for each individual will be \$48 based on the fees charged by the Kansas Bureau of Investigation (KBI), the Federal Bureau of Investigation (FBI), and the KDADS KanCheck system maintenance fee. In the final rules of the federal block grant, 45 CFR 98.43(f) states that "Fees that a State, Territory, or Tribe may charge for the costs of processing applications and administering a criminal background check as required by this section shall not exceed the actual costs for the processing and administration."

Costs to other governmental agencies or units: The KBI and FBI will have ongoing costs for processing fingerprint-based background checks. KDADS will have ongoing costs for maintenance of KanCheck, an integrated system for requesting and receiving results of fingerprint-based background checks. As with all licensees, local units of government, including cities, counties, and

(continued)

unified school districts that operate a licensed child care facility, will be required to submit a nonrefundable fee for each individual required to complete a fingerprint-based background check.

The time period between the publication of this notice and the scheduled hearing constitutes a 60-day public comment period for the purpose of receiving written public comments on the proposed regulation. All interested parties may submit written comments prior to 5:00 p.m. on the day of the hearing to Mary Murphy, Kansas Department of Health and Environment, Bureau of Family Health, Administration and Policy, 1000 SW Jackson, Suite 200, Topeka, KS 66612-1274, by email to Mary.Murphy@ks.gov, or by fax to 785-559-4244. During the hearing, all interested parties will be given a reasonable opportunity to present their views orally on the proposed regulation as well as an opportunity to submit their written comments. In order to give each individual an opportunity to present their views, it may be necessary for the hearing officer to request that each presenter limit an oral presentation to an appropriate time frame.

Complete copies of the proposed regulation and the corresponding economic impact statement may be obtained from the KDHE Child Care Licensing website, at <http://www.kdheks.gov/bccdr/index.html> or by contacting Mary Murphy at Mary.Murphy@ks.gov, 785-296-1270, or fax 785-559-4244. Questions pertaining to the proposed regulation should be directed to Mary Murphy at the contact information above.

Any individual with a disability may request accommodation in order to participate in the public hearing and may request the proposed regulation and the economic impact statement in an accessible format. Requests for accommodation to participate in the hearing should be made at least five working days in advance of the hearing by contacting Mary Murphy.
