Notice of Intent to Lease Real Property

Public notice is hereby given that Wichita State University (WSU) intends to directly lease, and indirectly sublease through its affiliate corporation Wichita State Innovation Alliance, Inc., subject to all required state approvals, an approximate ground area consisting of 150,000 square feet or less with the potential for expansion for parking, for the private development of one or more partnership buildings. This private development shall be located west of Oliver, between 17th and 18th streets, on the Wichita State University main campus. The university is interested in leasing such ground to any individual, organization, or entity whose presence on campus would advance the university's applied learning vision or its mission as an educational, cultural, and economic driver for Kansas and the greater public good, and specifically an emphasis on supporting and growing advanced laboratories for research, testing, and innovation in data infrastructure/storage, video surveillance storage, IOT, security, analytics, visualization/modeling, and machine learning/AI. The university intends to lease such ground for any period of time up to sixty-five years, but extended terms and renew-

al options would be considered. Interested tenants must be willing to be a good fit with the university's educational mission and identify anticipated benefits to the university, its students, and the WSU community (i.e. applied learning, joint research, faculty start-up, WSU curriculum or program support, etc.), and must agree to the essential ground lease terms and restrictive covenants. Interested tenants will be evaluated on: proposal terms, demonstrated benefit to WSU, design concepts, financial stability, and proposed use. Rental rate shall be assessed per leased or leasable square foot of the building but is negotiable based on term of lease and benefit to the university. The university will consider serious offers and inquiries with detailed proposal terms from any financially qualified individual, group, organization, or company and such offers will be considered until a selection is made or this notice is withdrawn. The university intends to lease this property for any period of time up to 65 years, but extended terms and renewal options would be considered. A copy of the proposed permit, permit application, all supporting documentation, and all information relied upon during the permit application review process, and a copy of the Modification of Permit Conditions are available for public review, during normal business hours at the KDHE, Bureau of Air (BOA), 1000 SW Jackson, Suite 310, Topeka, KS 66612-1366 and at the DAQ, 619 Ann Ave., Kansas City, KS 66101. To obtain or review the proposed permit and supporting documentation, contact Julie Halbert, 785-296-1693, at the central office of the KDHE or Jaclyn Brown, 913-573-6700, at the DAQ. The standard departmental cost will be assessed for any copies requested. (continued)

Please direct written comments or questions regarding the proposed documents to Jaclyn Brown, DAQ, 619 Ann Ave., Kansas City, KS 66101. In order to be considered in formulating a final permit decision, written comments must be received no later than 12:00 p.m. Monday, January 13, 2020.

A person may request a public hearing be held on the proposed documents. The request for a public hearing shall be in writing and set forth the basis for the request. The written request must be submitted to Jaclyn Brown, DAQ, 619 Ann Ave., Kansas City, KS 66101, no later than 12:00 p.m. Monday, January 13, 2020 in order for the Secretary of Health and Environment to consider the request.

The U.S. Environmental Protection Agency has a 45-day review period, which will start concurrently with the public comment period, within which to object to the proposed permit. If the EPA has not objected in writing to the issuance of the permit within the 45-day review period, any person may petition the administrator of the EPA to review the permit. The 60-day public petition period will directly follow the EPA's 45-day review period. Interested parties may contact KDHE to determine if the EPA's 45-day review period has been waived.

Any such petition shall be based only on objections to the permit that were raised with reasonable specificity during the public comment period provided for in this notice, unless the petitioner demonstrates that it was impracticable to raise such objections within such period, or unless the grounds for such objection arose after such period. Contact Ward Burns, U.S. EPA, Region 7, Air Permitting and Compliance Branch, 11201 Renner Blvd., Lenexa, KS 66219, 913-551-7960, to determine when the 45-day EPA review period ends and the 60-day petition period commences.

Kansas Development Finance Authority

Notice of Hearing

A public hearing will be conducted at 9:00 a.m. Friday, January 3, 2020, in the offices of the Kansas Development Finance Authority (K DFA), 534 S. Kansas Ave., Suite 800, Topeka, on the proposal for the K DFA to issue its Ag-

ricultural Development Revenue Bond for the project numbered below in the respective maximum principal amount. The bond will be issued to assist the borrower named below (who will be the owner and operator of the project) to finance the cost in the amount of the bond, which is then typically purchased by a lender bank who then, through the K DFA, loans the bond proceeds to the borrower for the purposes of acquiring the project. The project shall be located as shown:

Project No. 001050 Maximum Principal Amount: \$45,000. Owner/Operator: Kenton L. Talley; Description: Acquisition of 40 acres of agricultural land and related improvements and equipment to be used by the owner/operator for farming purposes (the “Project”). The bond, when issued, will be a limited obligation of the K DFA and will not constitute a general obligation or indebtedness of the state of Kansas or any political subdivision thereof, including the K DFA, nor will it be an indebtedness for which the faith and credit and taxing powers of the state of Kansas are pledged. The bond will be payable solely from amounts received from the respective borrower, the obligation of which will be sufficient to pay the principal of, interest and redemption premium, if any, on the bond when it becomes due.

All individuals who appear at the hearing will be given an opportunity to express their views concerning the proposal to issue the bond to finance the project, and all written comments previously filed with the K DFA at its offices at 534 S.
