Request for Comments

The Kansas Department of Health and Environment (KDHE) is providing notice of its intent to implement the proposed final remedy for Solid Waste Management Unit (SWMU) 5, the Sludge Drying Beds, at Exline, Inc. (EPA ID KSD007127327). Exline, located at 3256 E. Country Club Road, Salina, Kansas, operated as a chrome plating shop which led to chromium contamination in the groundwater and soils. SWMU 5 was used for the de-watering of sludge that was generated as part of Exline operations until 2004. The proposed remedy includes soil excavation that was completed as an interim remedial action in 2012.

The sludge drying beds were identified as SWMU 5 during the 1989 RCRA Facility Assessment. During closure activities, hexavalent chromium concentrations in *(continued)*

the southeast corner of the SWMU exceeded the cleanup standard. Exline completed the interim remedial action of soil excavation in 2012.

In accordance with Permit Condition V.L. of the 2015 Hazardous Waste Management Facility Permit issued by KDHE, the public shall be given an opportunity to review the fact sheet prepared by KDHE to describe the proposed remedy, and administrative record prior to KDHE taking a final action. Interested parties will be given 45 days to for the evaluation of these documents used to select the proposed remedy and to provide their input into the decision-making process. All data submitted by Exline and documents that support the proposed remedy are part of the administrative record. The administrative record and the fact sheet are available for public review. Copies of the administrative record can be reviewed from August 23 through October 6, 2021, Monday through Friday, during normal business hours at the following locations:

The administrative record can also be accessed on the KDHE website at http://www.kdheks.gov/waste/p_pubnot_hw.html.

During the public comment period any interested person may request a public hearing in writing which states the nature of the issues proposed to be raised in a public hearing. In the event that a hearing is scheduled, advance notice of the date will be given to the public. The Secretary of KDHE will make the decision regarding the implementation of the proposed remedy after the close of the public comment period. The Secretary will consider all comments received during the comment period and the public hearing, if held.

KDHE will prepare a responsiveness summary to address any comments received during the comment period, explain rationales for any revisions of corrective measures based on comments, and, if applicable, describe any modifications to the corrective measures.

**State of Kansas
 Department of Health and Environment**

**Notice Concerning Kansas/Federal Water
 Pollution Control Permits and Applications**

In accordance with Kansas Administrative Regulations 28-16-57a through 63, 28-18-1 through 17, 28-18a-1 through 31 and 33, 28-16-150 through 154, 28-46-7, and

the authority vested with the state by the administrator of the U.S. Environmental Protection Agency, various draft water pollution control documents (permits, notices to revoke and reissue, notices to terminate) have been prepared and/or permit applications have been received for discharges to waters of the United States and the state of Kansas for the class of discharges described below.

The proposed actions concerning the draft documents are based on staff review, applying the appropriate standards, regulations, and effluent limitations of the state of Kansas and the Environmental Protection Agency. The final action will result in a Federal National Pollutant Discharge Elimination System Authorization and/or a Kansas Water Pollution Control permit being issued, subject to certain conditions, revocation, and reissuance of the designated permit or termination of the designated permit.

Kansas Permit No. M-KS73-0001
Federal Permit No. KS0022543

Legal Description: NE¼, SE¼, SW¼, S19, T8S, R18E, Jefferson County, Kansas

The proposed action is to reissue an existing State/NPDES permit for an existing facility. This facility is a four-cell wastewater stabilization lagoon system. This NPDES discharging lagoon wastewater treatment facility has been reviewed for eligibility for the MDV for ammonia and has been determined to be eligible. Eligibility was determined through analysis of the facility's highest attainable criteria (HAC) for ammonia and an Economic Eligibility Determination (EED) that assessed the impact of the cost of a new mechanical facility to the community's rate payers. The ammonia effluent limit was determined on 1/20/2021 by calculating the 99th percentile ammonia value from the facility's discharge monitoring reports resulting in an ammonia limit of 6.0 mg/L for this facility. The EED was completed on 2/4/2021. The proposed permit contains limits for biochemical oxygen demand, total suspended solids, pH, and ammonia, as well as monitoring for E. coli, total phosphorus, total Kjeldahl nitrogen, nitrate + nitrite, and total nitrogen.

Persons wishing to comment on or object to the draft documents and/or permit applications must submit their comments in writing to the Kansas Department of Health and Environment (KDHE) if they wish to have the comments or objections considered in the decision-making process. All written comments regarding the draft documents, application or registration notices received on or before September 18, 2021, will be considered in the formulation of the final determination regarding this public notice. Please refer to the appropriate Kansas document number (KS-AG-21-262/267, KS-Q-21-069/078) and name of the applicant/permittee when preparing comments.

All comments received will be responded to at the time the Secretary of Health and Environment issues a

determination regarding final agency action on each draft document/application. If response to any draft document/application indicates significant public interest, a public hearing may be held in conformance with K.A.R. 28-16-61 (28-46-21 for UIC). A request for public hearing must be submitted in writing and shall state the nature of the issues proposed to be raised during the hearing.

Comments or objections for agricultural related draft documents, permit applications, registrations or actions should be submitted to the attention of Matthew Steele Ph.D., P.E., Section Chief, Livestock Waste Management Section at the KDHE, Bureau of Environmental Field Services (BEFS), 1000 SW Jackson, Suite 430, Topeka, KS 66612. Comments or objections for all other proposed permits or actions should be sent to Michael Beezhold at the KDHE, Bureau of Water, 1000 SW Jackson St., Suite 420, Topeka, KS 66612.

All draft documents/applications and the supporting information including any comments received are on file and may be inspected at the offices of the KDHE. For agricultural related draft documents or applications an appointment can be scheduled, or copies requested by contacting Rachel Hammond, BEFS, Livestock Waste Management Section at 1000 SW Jackson St., Suite 430, Topeka, KS 66612, telephone 785-296-0076 or email at kdhe.feedlots@ks.gov. For all other proposed permits or actions an appointment can be scheduled, or copies requested by contacting Christopher Zwiener, Bureau of Water, 1000 SW Jackson St., Suite 420, Topeka, KS 66612, telephone 785-296-3056 or email at Christopher.Zwiener@ks.gov. These documents are available upon request at the copying cost assessed by KDHE. Application information and components of plans and specifications for all new and expanding swine facilities are available at <http://www.kdheks.gov/feedlots>. Division of Environment offices are open from 8:00 a.m. to 5:00 p.m., Monday through Friday, excluding holidays.

Department of Transportation

Notice to Contractors

Electronic copies of the letting proposals and plans are available on the Kansas Department of Transportation (KDOT) website at <https://kdotapp.ksdot.org/Proposal/Proposal.aspx>. The website will allow the contractor to request approval from KDOT to bid as a prime contractor and be included on the "Bid Holders List," or to be included on the "Non-Bid Holders List" as a subcontractor/supplier. KDOT's approval is required to bid as a prime contractor. To bid as a prime contractor, KDOT needs to be notified of the intent to bid no later than the close of business on the Monday preceding the scheduled letting date. Failure to obtain prior approval to bid as a prime contractor on any projects listed below will be reason to reject your bid. The Secretary reserves the right to reject bids that do not comply with all requirements for preparing a bidding proposal as specified in the 2015 edition of the Kansas Department of Transportation *Standard Specifications for State Road and Bridge Construction*.

KDOT will only accept electronic internet proposals using the Bid Express website at <http://www.bidx.com> until 1:00 p.m. (CST) September 22, 2021. The KDOT bid letting will be conducted remotely by audio broadcast ONLY at 3:00 p.m. (CST) Wednesday, September 22, 2021. To join the conference call, dial 866-620-7326 and enter conference code 5895748207. KDOT has tested the process, but in the event of an unforeseen issue, KDOT will provide updates.

Each bidder shall certify that such person, firm, association, or corporation has not, either directly or indirectly, entered into any agreement, participated in any collusion, or otherwise taken any action in restraint of free competitive bidding in connection with the submitted bid. This certification shall be in the form of a required contract provision provided by the state to each prospective bidder. Failure to complete the required contract

(continued)

provision and certify the completeness of the preceding statement when electronically signing the proposal will make the bid nonresponsive and not eligible for award consideration.

Department of Transportation

Notice to Consulting Firms

Background and Purpose of Project

The Kansas Department of Transportation (KDOT) is seeking a consultant to provide construction inspection services for project 54-88 KA-2385-01. Project 54-88 KA-2385-01 is the reconstruction of US-54 in Seward County as a four-lane expressway. The project location is from Tucker Road northeast to County Road O.

Schedule/Deadlines

Request for Proposals (RFPs) are due on or before 12:00 p.m. (CST) September 3, 2021, to be delivered via email to kdot.designcontracts@ks.gov. Evaluation and ranking of submissions will occur on or about September 22, 2021, after which time all firms that submitted will be notified of the ranking. Negotiations with the most highly ranked

firm to commence on or about October 13, 2021. An agreement should be in place on or about November 3, 2021. The project is scheduled for letting in August 2021. The project early start date is anticipated in March 2022 with an open to traffic date of August 31, 2023, and an overall calendar completion date of December 15, 2023.

Scope of Services to be Performed

The project manager/inspectors must be capable of inspecting the whole project, which includes grading, sub-grade/base, concrete, HMA-Commercial grade, PCCP plant, PCCP roadway, traffic control, seeding, erosion control, CMS or AASHTOWare data entry, all project records, all project paperwork, and final paperwork, etc. Project records and paperwork including but not limited to: diary, pay quantities, certifications, sample identifications, change orders, pay estimates, monitoring subcontractor payments, and monitoring contractor’s payrolls, etc. Records and paperwork must be submitted accurately and timely. Anticipated staffing needs: provide project management and all inspectors as needed to ensure inspection and material testing for this project are done correctly. The number of required inspectors will fluctuate throughout the project depending on the contractor’s schedule and how they pursue the work. Submit the name and work history of the project manager. Provide all the equipment necessary to inspect and test materials.

Instructions for Proposal

No costs shall be contained in the proposal. The technical proposal must not exceed four (4) pages total (including any cover letter, index, etc.) and 2MB to address the pertinent topics. Submittals will consist of the technical proposal and a completed and signed Special Attachment No. 8 (“Tax Clearance Certificate”), and a signed Special Attachment No. 10 (“Policy Regarding Sexual Harassment”). Completed Special Attachments do not count against the four-page technical proposal submission. All these forms are attached to the original email announcement.

Proposals shall indicate the consultant’s ability to meet the project inspection needs described above. Proposals shall describe any processes or procedures, including best practices, that will be used to perform tasks and to produce the desired results described above under “Scope of Services to be Performed.” The proposal shall also include items such as:

- Project manager
- History of providing inspection services on similar projects
- Availability of staff
- Familiarity with KDOT standards and specifications
- Any subconsultant and their role in performing the services on the project
- Names, certifications, and experience of all inspectors that will be assigned to the project
- Anticipated time to close out project paperwork

Evaluation Factors

Proposals will be evaluated based on the factors listed below, evenly weighted, to rank the most qualified firm in order of preference as first, second, third, etc. Evaluation factors include:

(continued)

1. How the consultant plans to meet the fluctuating inspection needs of the project;
2. Employee names (project manager), certifications, and qualifications proposed for services;
3. Past performance history on similar projects (list project numbers) for KDOT;
4. Anticipated time to close out project paperwork;
5. Proximity of inspectors to project;
6. Types of direct expenses anticipated (lodging, mileage, etc.).

The highest ranked firm will be asked to enter into negotiations with KDOT for an agreement. In the event KDOT cannot reach agreement with the highest ranked firm, it will terminate negotiations with such firm and commence negotiations with the next highest ranked firm, and so on, until either agreement is reached for a satisfactory scope of services for a fair and reasonable price, or KDOT decides to pursue other alternatives.

Exhibits to this Technical Proposal Request

- Special Attachment No. 8 (“Tax Clearance Certificate”)
- Special Attachment No. 10 (“Policy Regarding Sexual Harassment”)

Contract Terms and Conditions

A standard KDOT project inspection agreement will be used for this project. Current rate factors will be used for compensation, and Special Attachments for the Kansas “Tax Clearance Certificate,” the “Certificate of Final Indirect Costs,” and the “Policy Regarding Sexual Harassment” will become attachments to the contract.

Questions about this request for proposals shall be sent via email to kdot.designcontracts@ks.gov.

State of Kansas

Board of Nursing

Notice of Hearing on Proposed
Administrative Regulations

A public hearing will be conducted from 10:30 a.m. to 12:30 p.m. October 25, 2021, in room 509 of the Landon State Office Building, 900 SW Jackson St., Topeka, KS 66612, to consider the adoption of proposed changes in ten existing regulations relating to undergraduate nursing education. If the building is not open to the public at the time of the hearing or if any member of the public would prefer to attend electronically, there is an option to join via a toll-free conference call, 1-877-278-8686 (access code: 633337).

This 60-day notice of the public hearing shall constitute a public comment period for the purpose of receiving written public comments on the proposed regulations. All interested parties may submit written comments prior to the hearing to Carol Moreland, Executive Administrator, Kansas State Board of Nursing, 900 SW Jackson St., Suite 1051, Topeka, KS 66612 or by email to carol.moreland@ks.gov. All interested parties will be given a reasonable opportunity to present their views orally regarding the adoption of the proposed regulations during the public hearing. Phone comments will be taken by calling 1-877-278-8686 (access code: 633337) at the time of the hearing. To provide all parties an opportunity to present their views, it may be necessary to request that each participant limit any oral presentation to five minutes.

Any individual with a disability may request an accommodation to participate in the public hearing and may request the proposed regulations and economic impact statement in an accessible format. Requests for accommodation to participate in the hearing should be made at least five working days in advance of the hearing by contacting Jill Simons at 785-296-5752. The north entrance to the Landon State Office Building is handicapped accessible. Handicapped parking is located at the north end of the Landon State Office Building, across the street from the north entrance to the building, and on Ninth Street, just around the corner from the north entrance to the building.

A summary of the proposed regulations and the economic impact follows. A copy of the proposed regulations and associated economic impact statement may be obtained by accessing the Kansas State Board of Nursing website at <https://ksbn.kansas.gov> or by contacting Carol Moreland, Executive Administrator of the Kansas State Board of Nursing, Landon State Office Building, 900 SW Jackson, St., Room 1051, Topeka, KS 66612, phone 785-296-5752, or carol.moreland@ks.gov prior to the date of the hearing.

K.A.R. 60-1-102 – Approval procedure. Language has been added stating any institution wanting to establish a nursing program shall provide any information that the board requires to establish satisfactory proof that the institution will maintain the standards and curriculum of an approved nursing program and provide courses required for admission to the nursing program. This regulation shall be effective on and after January 1, 2022.

K.A.R. 60-1-104 – Definitions. Language has been added for definitions of bilevel program, conditional approval, debriefing, nursing program administrator, one-plus-one program, online or distance learning, PN exit option, program evaluation plan, survey or site visit, and student learning outcomes. The following definitions was stricken: converted nursing education program, distance learning, and work study. This regulation shall be effective on and after January 1, 2022.

K.A.R. 60-2-101 – Requirements for initial approval. Language has been added that states a nursing program administrator shall have oversight of the nursing program. Any applicant with an existing nursing program must submit the following: the nursing program outcomes and any nursing program outcomes not meeting the stated benchmark. If there are any outcomes not meeting the stated benchmark, a new nursing program shall not be approved. During an initial survey, a nursing program evaluation plan that addresses compliance with the nurse practice act and board regulations must be available. This regulation shall be effective on and after January 1, 2022.

K.A.R. 60-2-102 – Reapproval requirements. Language has been changed to state the annual first-time licensure exam pass rates should be at 80%. If the nursing program has an annual pass rate of less than 80 percent for one year, the nursing program shall receive a written notice of concern from the board. If the nursing program has an annual pass rate of less than 80 percent for two consecutive years, the program may receive a survey for evaluation and recommendation and be placed on conditional approval. If the nursing program has an annual pass rate of less than 80 percent for three consecutive years for first-time candidates, the nursing program may be directed by the board to cease admissions. If the nursing program fails to meet the requirements for approval within the designated period of time, the nursing program shall be provided notice stating the deficiencies and the opportunity for a hearing if requested within 60 days from the date of service of the notice. If no hearing is requested timely, the nursing program shall be removed from the list of approved schools. This regulation shall be effective on and after January 1, 2022.

K.A.R. 60-2-103 – Nursing program faculty and preceptor qualifications. Language was stricken from this regulation relating to the nursing program administrator and added to K.A.R. 60-1-104. This regulation shall be effective on and after January 1, 2022.

K.A.R. 60-2-104 – Curriculum requirements. The language was added that each practical nursing program shall provide instruction and clinical learning experience in intravenous fluid therapy, including, at a minimum, didactic, supervised laboratory or supervised clinical practice as specified in K.A.R. 60-16-104. The language for the requirement of a program evaluation plan was stricken as that language was added to K.A.R. 60-1-104. This regulation shall be effective on and after January 1, 2022.

K.A.R. 60-2-105 – Clinical resources. Language was changed to reflect that clinical observational experience
(continued)

must have a maximum of a 1:10 faculty-to-student ratio during the clinical learning experience. Language was added that simulation experiences shall constitute no more than 50 percent of the total hours for the clinical course. This regulation shall be effective on and after January 1, 2022.

K.A.R. 60-2-106 – Educational facilities. Language was added to provide the same services to online or distance learning students as available to in-person students. This regulation shall be effective on and after January 1, 2022.

K.A.R. 60-2-107 – Student policies. Language was added to clarify the nursing program shall have a clearly defined written student policy for the difference between the student role and the employee role. Language was changed to state the nursing program shall have a written policy providing information to all students regarding licensure disqualifications pursuant to K.S.A. 65-1120 and amendments thereto. This information shall be provided to each student before admission to the nursing program. This regulation shall be effective on and after January 1, 2022.

K.A.R. 60-2-108 – Reports. Language was added for the annual report to include hiring, retention and separation faculty statistics. Language was added to include in the annual report any plans for the future, including proposed changes to the nursing program, the total number of library holdings and number of holdings regarding nursing. Language was added to include in the annual report a list of the theory courses and the clinical courses

in the curriculum. Statistics for each clinical course shall be reported that include the following: total number of hours, total number of clinical observation experience hours, total number of precepted hours, and total number of simulation experience hours. Language was added that if a nursing program fails to meet the requirements of the board or to submit required reports within a designated period of time, the nursing program shall be notified and given the opportunity for a hearing regarding the board’s intent to remove the nursing program from the list of approved nursing programs. This regulation shall be effective on and after January 1, 2022.

Economic Impact Overview. These regulations may strengthen a nursing program’s growth as the student outcomes and ability to pass the licensure exams should increase. An economic effect might be compliance costs to the nursing program to strengthen their curriculum and prepare their faculty better which would result in better student outcomes and the pass rate of their graduates on the licensure exam is 80% or above (an increase from 75% presently). There will be a positive economic impact for businesses and the general public when more graduates pass the licensure exam and enter the workforce. The positive economic impact for the graduates will be that they are better prepared to pass the licensure exam and enter the workforce.
