(Published in the Kansas Register March 4, 2021.)

**South Kansas & Oklahoma Railroad**

**Request for Proposals**

Interested parties are invited to submit a proposal to remove and install 5,280 track feet of CWR Relay for the proposed South Kansas & Oklahoma (SKOL) Railroad project.

**Scope of Work**

CWR Relay consisting of 5,280 track feet (MP 213.3 – 214.3) between Grenola, Kansas and Cambridge, Kansas. Provide all necessary labor, equipment, and logistical services to supply all materials called for to complete this project.

- Provide and install 136# rail (no sticks of rail are to be less than 80-feet long.)
- All rail replaced during this project, shall be discussed in depth at the pre-proposal meeting.
- Provide and install all Welds & OTM – spikes, spike plugs, anchors and plates.
- The use of a Cribber/Adzer will be required.
- All OTM that is removed shall be stacked in an organized manner at the nearest crossing, unless otherwise instructed by the railroad representative. Any material deemed non-salvageable shall be disposed of according to all local and state laws and regulations.
- New rail installation will need to be adjusted/heat-treated with a rail heater to obtain the proper rail neutral temperature of or at the minimum of 105°F in compliance with SKOL Rail CWR Policy where not otherwise stated, the minimum AREMA Standards. Refer to Watco’s CWR Policy and Procedures for any additional information.
- Additional details concerning the scope of work needing to be done with each portion of the project, will be addressed in the pre-proposal meeting.

**Minimum Requirements**

MSA and Roadway Worker Protection

Contractors must complete, and have on file, a current Master Services Agreement with SKOL Railroad. Prior to submitting a proposal:

- Contractors shall comply with all parts of 49 CFR Part 214 and 219 regarding FRA Roadway Worker Safety at all times. Men and equipment shall remain clear of the track unless they have gained Roadway Worker Protection from a qualified person.
- Contractor, contractor employees, agents and/or subcontractors must be enrolled and comply with the FRA 219 approved drug testing program.
- Any subcontracted work will need to be approved by the SKOL Railroad prior to any work starting.
- As of January 1, 2021, all contractors will be required to complete Watco Contractor Orientation at <https://watcocontractor.com/>. Any contractor who was previously enrolled in e-SHORTLINE with Watco in the past, will be required to complete the Watco Contractor Orientation.

Work Windows

Impact to current railroad operations must be kept to a minimum. When work must take place that causes an active track to be taken out of service for the purposes of performing work that pertains to the project, the contractor must pre-arrange a defined work window with the railroad. Contractor can anticipate a minimum work window of eight hours with no more than one schedule of interruption in that time frame, between the hours of 07:00 and 17:00. For work windows extending more than eight hours, a minimum of 72-hours of notification is required to the railroad to arrange this window. Work windows may be arranged seven days a week, if desired. Current railroad operations consist of at least one train per day through the work area. This train operates in the evening hours; however, this schedule is subject to change at any time. This topic will be further discussed during the pre-proposal meeting.

Standards

All standards referenced by the project plans and specifications, as well as all applicable AREMA standards must be upheld during all phases of the project work, unless certain standards are excluded from the project with written approval by the SKOL Railroad. All rail shall be replaced at standard gauge of 56-1/2.”

Submittals

The following documents shall be submitted by the contractor as part of the project at the times listed:

- Schedule of Work – submitted with proposal
- Certificate of Insurance – submitted prior to construction
- Safety Plan – submitted prior to construction
- Proof of Roadway Worker Training – submitted prior to construction

Other Responsibilities

- Permits – contractor is responsible for all federal, state, and local permits required for the work.
- Utilities – contractor is responsible to locate and protect site utilities.
- Site Clean-up – contractor is responsible for proper site restoration and proper disposal of materials removed in accordance with all local, state and federal laws.

(continued)

Insurance

Contractor shall purchase required coverage and submit for verification a Certificate of Insurance.

Materials

All materials shall meet the requirements found in the project plans and/or specifications as well as applicable AREMA requirements. Material storage is granted on railroad right of way to the contractor. However, no materials shall be stored closer than 15' from the centerline of any active track at any time. Material and equipment laydown areas and reclaimed materials stockpiling locations shall be discussed and further clarified at the pre-proposal meeting. All removed materials remain property of the SKOL Railroad to be stockpiled as directed by a railroad representative.

**Non-Project Areas**

The SKOL Railroad has secured access to the project through the railroad right of way. Other access may be obtained by the contractor if he so chooses. All areas (public, private, and railroad right of way) that are used for access to the project, including parts of the railroad right of way which have no proposed work, shall be maintained and/or remediated, incidental to the project, by the contractor to the satisfaction of the property owner if any damage to these areas occurs.

**Pre-Proposal Meeting**

The SKOL Railroad shall hold a pre-proposal meeting at the project site at 9:00 a.m. (CST) Thursday, March 25, 2021, and shall meet at the Cherryvale Depot in Cherryvale, Kansas. Contractors are required to be present at this meeting to submit a proposal or their proposal can be rejected.

**Project Completion**

It is expected the contractor must start construction no later than 30-days after being awarded the bid and complete the project within 90-days of being awarded the bid. Prior to the completion of the project, there will be a final inspection. If there are any issues with the quality of work, the contractor will be responsible for fixing any issues found. Upon project completion, if any failed welds are found during the SKOL's next scheduled rail test, the contractor shall be responsible to fix those welds in the appropriate manner.

**Submission of a Proposal**

All proposals must be submitted no later than April 15, 2021. All submitted proposals shall be reviewed by the SKOL Railroad. Please ensure your proposal includes all required information. All incomplete proposals shall be rejected. The structure of your proposal must be able to be clearly understood, all proposals shall provide the following line items and provide costs as required below:

- Provide a total sum of all line items on the proposal
- Mobilization and demobilization – lump sum
- Labor and removal/installation of 136# rail
- Labor, welds and OTM installation

**Work Reporting**

Daily work reports must be filled out and submitted to Brandon Craddock, SKOL Roadmaster, phone 316-

215-4089, email [bcraddock@watco.com](mailto:bcraddock@watco.com); Mike Mulnix, SKOL Assistant Roadmaster, phone 620-330-7415, email [mmulnix@watco.com](mailto:mmulnix@watco.com); Neal Jacobs, Division Engineer, phone 316-215-4087, email [njacobs@watco.com](mailto:njacobs@watco.com); and Cameron Ginther, Project Manager, 785-513-6049, email [cameron.ginther@watco.com](mailto:cameron.ginther@watco.com). Weekly reports should include updates to project schedules, any delays or changes in the scope of work. A detailed summary report must be submitted upon the completion of the project.

**State of Kansas****Department of Health and Environment****Request for Comments**

The Kansas Department of Health and Environment (KDHE) is soliciting comments and recommendations from the public regarding the FFY 2021 Kansas Infant-Toddler Grant Application under Part C of the Individuals with Disabilities Education Act (IDEA), and the Final IDEA Part C Regulations published on September 28, 2011. Funds from this grant will enable the continuance of a statewide comprehensive, coordinated, multi-disciplinary system of services for infants and toddlers with disabilities and their families.

The grant application may be reviewed for 60-days from the publication of this notice at [www.ksits.org](http://www.ksits.org), or a hard copy may be requested by calling 785-296-6135 or 1-800-332-6262.

In order to be assured consideration in this grant process, comments will be accepted during this 60-day period. Recommendations or comments must be submitted on or before May 4, 2021 to the Kansas Department of Health and Environment, Kansas Infant Toddler Services, Bureau of Family Health, Suite 220, Curtis State Office Building, 1000 SW Jackson, Topeka, KS 66612-1274. Comments also may be sent by email to [heather.staab@ks.gov](mailto:heather.staab@ks.gov).

**State of Kansas****Department of Health and Environment****Notice Concerning Proposed Kansas Air Quality Class I Operating Permit Significant Modification and Modification of PSD Construction Permit**

Notice is hereby given that the Kansas Department of Health and Environment (KDHE) is soliciting comments regarding a proposed air quality operating permit. Evergy, Inc. – Osawatomie Generating Station has applied for a Class I operating permit significant modification in accordance with the provisions of K.A.R. 28-19-510 et al. The purpose of a Class I permit is to identify the sources and types of regulated air pollutants emitted from the facility; the emission limitations, standards, and requirements applicable to each source; and the monitoring, record

keeping, and reporting requirements applicable to each source as of the effective date of permit issuance. Notice is also given that the Prevention of Significant Deterioration (PSD) construction permit dated July 24, 2002 (C-3857) and amended on July 29, 2016 (C-13497) is being modified.

The PSD regulations require evaluation of emission reduction techniques to identify the best available control technology (BACT) for each regulated pollutant, including GHG, for which the emission rate exceeds the PSD significant level. The change in emissions from modifying the PSD construction permit will not exceed the PSD significant level, thus a new BACT analysis was not necessary. Since modifying the PSD construction permit will not exceed the PSD significance level, the project will have no significant impact on the ambient air quality.

No assessment of visibility impacts at a Class I area was performed by the facility because there are no Federal Class I areas located within 300 km of the proposed facility. The facility did not conduct a visibility impact analysis for a local Class II area because the proposed modification does not exceed the PSD significance level and is not expected to impact visibility.

Everygy, Inc., 818 S. Kansas Ave., Topeka, KS 66601, owns and operates an electricity generating facility located at 32808 Lone Star Rd., Paola, Miami County, KS 66071.

A copy of the proposed permits, permit application, all supporting documentation, and all information relied upon during the permit application review process are available for public review during normal business hours of 8:00 a.m. to 5:00 p.m. at the KDHE, Bureau of Air (BOA), 1000 SW Jackson, Suite 310, Topeka, KS 66612-1366 and at the Northeast District Office (NEDO), 800 W. 24th St., Lawrence, KS 66046. To obtain or review the proposed permit and supporting documentation, contact Stephen Bartels, 785-296-6024, at the central office of the KDHE or Pat Simpson, 785-330-8611, at the NEDO. The standard departmental cost will be assessed for any copies requested. The proposed permit, accompanied with supporting information, is available, free of charge, at the KDHE BOA Public Notice website, <http://www.kdheks.gov/bar/publicnotice.html>.

Please direct written comments or questions regarding the proposed permit to Stephen Bartels, KDHE, BOA, 1000 SW Jackson, Suite 310, Topeka, KS 66612-1366. In order to be considered in formulating a final permit decision, written comments must be received no later than 12:00 p.m. Monday, April 5, 2021.

A person may request a public hearing be held on the proposed permit. The request for a public hearing shall be in writing and set forth the basis for the request. The written request must be submitted to Stephen Bartels, KDHE BOA, 1000 SW Jackson, Suite 310, Topeka, KS 66612-1366, no later than 12:00 p.m. Monday, April 5, 2021 in order for the Secretary of Health and Environment to consider the request.

The U.S. Environmental Protection Agency (EPA) has a 45-day review period, which will start concurrently with the public comment period, within which to object to the proposed permit. If the EPA has not objected in writing to the issuance of the permit within the 45-day review period, any person may petition the administrator of the EPA to review the permit. The 60-day public petition pe-

riod will directly follow the EPA's 45-day review period. Interested parties may contact KDHE to determine if the EPA's 45-day review period has been waived.

Any such petition shall be based only on objections to the permit that were raised with reasonable specificity during the public comment period provided for in this notice, unless the petitioner demonstrates that it was impracticable to raise such objections within such period, or unless the grounds for such objection arose after such period. Contact Keith Johnson, U.S. EPA, Region 7, Air Permitting and Compliance Branch, 11201 Renner Blvd., Lenexa, KS 66219, 913-551-7960, to determine when the 45-day EPA review period ends and the 60-day petition period commences.

#### Notice Concerning Proposed Kansas Air Quality Construction Permit

Notice is hereby given that the Kansas Department of Health and Environment (KDHE) is soliciting comments regarding a proposed air quality construction permit. Equilon Enterprises, LLC has applied for an air quality construction permit in accordance with the provisions of K.A.R. 28-19-300. Emissions of volatile organic compounds (VOC), particulate matter (PM), particulate matter with less than or equal to 10 microns in aerodynamic diameter (PM<sub>10</sub>), particulate matter with less than or equal to 2.5 microns in aerodynamic diameter (PM<sub>2.5</sub>), carbon monoxide (CO), oxides of nitrogen (NO<sub>x</sub>), oxides of sulfur (SO<sub>x</sub>), and hazardous air pollutants (HAPs) were evaluated during the permit review process.

Equilon Enterprises, LLC, 150 N. Dairy Ashford Rd., Houston, TX 77079, proposes to construct, own, and operate a Shell Downstream Galloway Biogas Processing Facility at High Plains Ponderosa Dairy located at 2042 V Rd., Plains, Meade County, KS 67869, at which a biogas processing facility is to be constructed.

A copy of the proposed permit, permit application, all supporting documentation, and all information relied upon during the permit application review process are available for public review from the date of publication during normal business hours at the KDHE, Bureau of Air (BOA), 1000 SW Jackson, Suite 310, Topeka, KS 66612-1366 and at the Southwest District Office, 302 W. McArthur Rd., Dodge City, KS 67801. To obtain or review the proposed permit and supporting documentation, contact Shelley Schupp, 785-368-7030, at the central office of the KDHE or Ethel Even, 620-356-1075, at the Southwest District Office. The standard departmental cost will be assessed for any copies requested. The proposed permit, accompanied with supporting information, is available, free of charge, at the KDHE BOA Public Notice website, <http://www.kdheks.gov/bar/publicnotice.html>.

Please direct written comments or questions regarding the proposed permit to Shelley Schupp, KDHE, BOA,  
*(continued)*

1000 SW Jackson, Suite 310, Topeka, KS 66612-1366. In order to be considered in formulating a final permit decision, written comments must be received no later than 12:00 p.m. Monday, April 5, 2021.

A person may request a public hearing be held on the proposed permit. The request for a public hearing shall be in writing and set forth the basis for the request. The written request must be submitted to Shelley Schupp, KDHE, BOA, 1000 SW Jackson, Suite 310, Topeka, KS 66612-1366, no later than 12:00 p.m. Monday, April 5, 2021 in order for the Secretary of Health and Environment to consider the request.

### Housing Resources Corporation

#### Notice of Hearing

Kansas Housing Resources Corporation (KHRC) will conduct a virtual public hearing to receive comments on the draft copy of the 2021 Weatherization State Plan. The draft plan can be found on KHRC's website at <https://kshousingcorp.org/forms/>. The 2021 State Plan is very similar to the 2020 plan, but revisions have been made to increase the administrative limit and health and safety budget percentages, and to change the reweatherization date. Instructions and requirements of the 2021 State Plan Application can be found at <https://www.energy.gov/eere/wap/downloads/wpn-21-1-program-year-2021-weatherization-grant-application>.

Due to safety precautions with the recent Covid-19 pandemic, the hearing will be held virtually. The virtual hearing will be held at 2:30 p.m. March 18, 2021. To join the virtual event, use the following link, <https://global.gotomeeting.com/join/487235821>. You may use your device's audio or call 1-872-240-3311 with access code: 487-235-821. Comments and suggestions received will become part of the public record. Additionally, written comments may be submitted on the plan. All written comments must be received by 12:00 p.m. March 19, 2021.

Please address comments to Scott Kuhn, Senior Weatherization Program Manager, at [skuhn@kshousingcorp.org](mailto:skuhn@kshousingcorp.org).

If you are in need of a sign language interpreter, large print, or other material for accommodations to participate in this meeting, you must notify KHRC at least one week prior to the meeting. Requests may be addressed to the Weatherization Program, KHRC, 611 S. Kansas Ave., Suite 300, Topeka, KS 66603-3803, by telephone at 1-800-752-4422, or via the Kansas relay service.

**Beginning Publication Date:** Vol. 41, No. 5, February 4, 2021  
**Ending Publication Date:** Vol. 41, No. 17, April 29, 2021

Public notice is hereby given that Wichita State University (WSU) intends to lease available land and building space located on WSU’s main campus, WSU’s Innovation Campus and on property owned by WSU adjacent to the main campus along both Hillside and 17th streets. The university will consider leasing such property and/or space to those whose presence on campus would advance the university’s applied learning vision or its mission as an educational, cultural, and economic driver for Kansas and the greater public good, or otherwise provide supporting services and amenities to the campus community. Such projects could include, but not be limited to: (1) development of a partnership building to provide office and/or laboratory space to support education and research, advance innovation, foster micro-enterprises, and/or lease to industry partnerships in any market that aligns with University programs; (2) child care facilities; (3) adult living and retirement facilities; (4) restaurants; (5) retail, grocery, or pharmacy establishments; (6) financial institutions; (7) event and/or performance center; and (8) parking garage. Because tenant development and/or use must be a good fit with the university’s educational mission and available space, please be prepared to provide the following information: (1) name; (2) square footage of space needs and desired lease term and location; (3) equipment, design, or other special needs; (4) description of anticipated use; and (5) the anticipated benefits to the university, its students, and the WSU community (e.g. applied learning, joint research, faculty start-up, etc.). Additional information such as renderings, architectural and design plans, project timeline, and subcontractor list is encouraged. The university will consider serious proposals and inquiries from any financially qualified individual, group, organi-

### Department of Transportation

#### Notice to Consulting Firms

#### Background and Purpose of Project

The Kansas Department of Transportation (KDOT) is seeking a consultant to provide construction inspection services for project 99-10 KA 5411-01. The project is grading and surfacing project on K-99 in Chautauqua County. Beginning at the north junction of K-99/US-166B then north to the Chautauqua/Elk County line.

#### Schedule/Deadlines

Request for Proposals (RFPs) are due on or before 12:00 p.m. (CST) March 12, 2021, to be delivered via email to [kdot.designcontracts@ks.gov](mailto:kdot.designcontracts@ks.gov). Evaluation and ranking of submissions will occur on or about March 19, 2021, after which time all firms that submitted will be notified of the ranking. Negotiations with the most highly ranked firm to commence on or about March 26, 2021. Project will be built in 2021 but may carry over to 2022. The contractor is expected to start the project no later than the end of May 2021.

#### Scope of Services to be Performed

KDOT will provide the project manager. Provide one (1) inspector and possibly a second inspector when workload increase that must be capable inspecting grading, subgrade, base, HMA roadway, HMA plant, pipes, traffic control, seeding, erosion control, CMS or AASHTOWare data entry, all project records, all project paperwork, and final paperwork, etc. Project records and paperwork including but not limited to: diary, pay quantities, certifications, sample identifications, change orders, pay estimates, monitoring subcontractor payments, and monitoring contractor's payrolls, etc. Records and paperwork must be submitted accurately and timely. Anticipated staffing needs: provide project management and all inspectors as needed to ensure inspection and material testing for this project are done correctly. The project maybe suspended over winter. Submit the name and information of the project inspector. Construction is anticipated to be completed in 185-working days and cleanup days. KDOT will supply all lab equipment for the QC/QA HMA plant operations, field lab, and concrete testing equipment. The consultant company will need to provide any computers necessary for their employees to operate the QC/QA spreadsheets, if assigned to the asphalt plant. The consultant will provide nuke meters, speedy moisture testers, and any equipment needed for subgrade density testing.

#### Instructions For Proposal

No costs shall be contained in the RFP. The RFP must not exceed four (4) pages total (including any cover letter, index, etc.) and 2MB to address the pertinent topics. RFPs submitted will consist of the technical proposal and a completed and signed Special Attachment No. 7 ("Certificate of Final Indirect Costs"), a completed and signed Special Attachment No. 8 ("Tax Clearance Certificate"), and a signed Special Attachment No. 10 ("Policy Regarding Sexual Harassment"). Completed Special Attachments do not count against the four-page technical proposal submission. All these forms are attached to the original email announcement.

RFPs shall indicate the consultant's ability to meet the project inspection needs described above. RFPs shall describe any processes or procedures, including best practices, that will be used to perform tasks and to produce the desired results described above under "Scope of Services to be Performed." The RFP shall also include items such as:

- Project manager
- History of providing inspection services on similar projects
- Availability of staff
- Familiarity with KDOT standards and specifications
- Any subconsultant and their role in performing the services on the project
- Names, certifications, and experience of all inspectors that will be assigned to the project
- Anticipated time to close out project paperwork

#### Evaluation Factors

RFPs will be evaluated based on the factors listed below, evenly weighted, to rank the most qualified firm in order of preference as first, second, third, etc. Evaluation factors include:

1. How the consultant plans to meet the fluctuating inspection needs of the project;
2. Employee names (project inspector), certifications, and qualifications proposed for services;
3. Past performance history on similar projects (list project numbers) for KDOT;
4. Anticipated time to close out project paperwork;
5. Proximity of inspectors to project;
6. Types of direct expenses anticipated (lodging, mileage, etc.).

The highest ranked firm will be asked to enter into negotiations with KDOT for an agreement. In the event KDOT cannot reach agreement with the highest ranked firm, it will terminate negotiations with such firm and commence negotiations with the next highest ranked firm, and so on, until either agreement is reached for a satisfactory scope of services for a fair and reasonable price, or KDOT decides to pursue other alternatives.

#### Exhibits to this Technical Proposal Request

- Special Attachment No. 7 ("Certificate of Final Indirect Costs")
- Special Attachment No. 8 ("Tax Clearance Certificate")
- Special Attachment No. 10 ("Policy Regarding Sexual Harassment")

### Contract Terms and Conditions

A standard KDOT project inspection agreement will be used for this project. Current rate factors will be used for compensation, and Special Attachments for the Kansas "Tax Clearance Certificate," the "Certificate of Final Indirect Costs," and the "Policy Regarding Sexual Harassment" will become attachments to the contract.

Questions about this request for proposals shall be sent via email to [kdot.designcontracts@ks.gov](mailto:kdot.designcontracts@ks.gov).

## Department of Transportation

### Notice to Consulting Firms

The Kansas Department of Transportation (KDOT) is seeking qualified consulting engineering firm(s) for the project listed below. Interested consulting firms must be prequalified by KDOT or otherwise demonstrate qualification in the following categories: Category 162–Long Range Planning and Category 231–Traffic Control Analysis and Design. Consultants may create a team to meet the prequalification requirements. A PDF must be emailed to David Lutgen, P.E., Contracts Engineer at [kdot.designcontracts@ks.gov](mailto:kdot.designcontracts@ks.gov). Responses are to be limited to eight (8.5x11) pages, the subject line of the reply email and the file name must read “Kansas Strategic Highway Safety Plan – Firm Name.” Request for Proposals (RFPs) must be received by 12:00 p.m. (CST) March 12, 2021 for the consulting firm to be considered.

If a firm is not currently prequalified by KDOT a response may still be submitted. Firms not prequalified must also provide documentation that demonstrates the firm is qualified for each specified category listed in this notice for the project. Firms may use the KDOT prequalification form to provide this documentation. KDOT 1050 Prequalification category definitions (Blue Book) can be found at <http://www.ksdot.org/descons.asp>. All firms

doing business with KDOT must be registered and in good standing under the laws of the State of Kansas at the time of contracting and must comply with applicable state and federal laws, rules, and regulations.

#### Background and Purpose of Project

A strategic highway safety plan (SHSP) is a coordinated and informed approach to reducing highway fatalities and serious injuries on all public roads. By coordinated, we mean that many agencies staffed by people with a variety of skills representing the 4E’s of highway safety take part—including engineering, education, law enforcement, and emergency medical services. Informed refers to a need for crash data. It also means using research results in the deployment of proven safety countermeasures to make travel safer. All public roads include the 10,000 miles of road within the Kansas state highway system and the 130,000 miles of roads owned by cities, counties, and townships.

Since 2009, Kansas has coordinated development and implementation of its SHSP under the direction of an Executive Safety Council (ESC). The role of the ESC is outlined in the current 2020-2024 SHSP:

The Executive Safety Council (ESC) will tap the skills of many agencies to champion transportation safety on all public roads in Kansas by developing and maintaining the Strategic Highway Safety Plan (SHSP). The ESC will:

- analyze data to identify statewide goals and emphasis areas.
- recruit stakeholders for emphasis area teams.
- direct the teams.
- support strategy implementation by the appropriate agencies.

Reporting to the ESC, are Emphasis Area Teams (EAT). The role of the EATs is also outlined in the current SHSP:

Reporting to the ESC, the emphasis area teams will develop action plans, including safety-related programs and projects, to implement the SHSP. The teams will:

- analyze data to select and prioritize strategies.
- develop performance measures.
- identify resources, including funding, legislation, staffing and lead agencies, to support programs and projects.

Moving forward, additional roles are being considered for the ESC. These include:

- Promote collaboration among member agencies.
- Annually promote a “big push” focused on a specific area of highway safety.
- Approve advisory opinions developed by the EATs.
- Establish SHSP policies and procedures.
- Provide advice and guidance, address challenges, and remove barriers for meeting the strategies and goals outlined in the SHSP.

We are also looking to create a Steering Committee made up of a KDOT and non-KDOT representative of each EAT. The Steering Committee will:

- Assume the function of directing the teams from the ESC.
- Serve as liaison between the ESC and EATs.
- Complete assignments given by the ESC.

There are currently nine EATs:

- Roadway Departure
- Occupant Protection
- Impaired Driving
- Older Drivers
- Intersections
- Local Roads
- Teen Drivers
- Pedestrians and Cyclists
- Data Support

Between these nine teams there are 51 strategies based on the 4Es of Highway Safety: Engineering, Education, Enforcement, and Emergency Medical Services. Each of these strategies are further detailed based on:

- Method of implementation
- Program
- Cost
- Lead agency
- Target date
- Output
- Outcome

The complete 2020-2024 Kansas Strategic Highway Safety Plan can be found at <http://www.ksdot.org/bureaus/burTrafficSaf/reports/kshs.asp>.

KDOT is initiating a project to contract with a consultant to coordinate implementation of the Strategic Highway Safety Plan and administer activities of the ESC, Steering Committee, and EATs. KDOT is asking proposers to describe their approach to delivering on this project scope.

The following sections of this RFP provide details on the project schedule, budget, scope, and instructions. Following review of the proposals, KDOT will invite a subset of proposers to participate in a virtual interview to further explain their approach and answer any questions KDOT has about the proposal.

**Schedule**

KDOT will look to proposers to provide a schedule for deliverables for a three-year contract beginning May 1, 2021.

**Budget**

KDOT has secured approximately \$350,000 per year in federal funding to be used toward this project. KDOT considers this an upper limit on the funds that will be allocated toward this project.

**Scope of Services to Be Performed**

The consultant will maintain the overall SHSP safety partners’ involvement process working with the ESC, Steering Committee, and EATs to facilitate effective implementation of the Strategic Highway Safety Plan (SHSP). These tasks are listed below with examples. The tasks and examples are not intended to be definitive or complete.

- Task 1: SHSP Oversight and Promotion:
  - Provide facilitation and guidance on implementation strategies.
  - Evaluate the effectiveness of current strategies and determine if strategies can be enhanced by restructuring or leveraging additional support.
  - Prepare for and host a quarterly management progress meeting with the Steering Committee.

- Host a website specific to the SHSP.
- Prepare and distribute a quarterly electronic newsletter.
- Prepare an annual report detailing status of implementation, including an executive summary.
- Prepare a plan for development of the 2025-2029 SHSP to be written in 2024.
- Task 2: EAT Facilitation:
  - Maintain the overall SHSP safety partners’ involvement process facilitating the EATs to effectively implement the strategies and actions within Kansas’ SHSP and the directives of the ESC.
  - Facilitate meetings and activities of the nine (9) EATs.
  - Provide engineering technical expertise to the EATs where applicable.
  - Facilitate development of legislative advisory opinions from each EAT.
  - Ensure performance measures (output and outcome measures) for each EAT and its corresponding strategies are in place and tracked.
  - Provide/update list of known and adapted strategies that were developed by each EAT applicable on Kansas roadways.
- Task 3: ESC Facilitation:
  - Ensure member agency plans are consistent with the SHSP.
  - Provide support to the ESC so the members can review relevant data and information and provide the direction for effective implementation of SHSP strategies.
  - Facilitate quarterly meetings and activities of the ESC.
  - Prepare a meeting binder and distribute to members one (1) week in advance of the meeting.
  - Consolidate legislative advisory opinions from EATs.
  - Identify and coordinate with legislative safety champions.

**Instructions for Proposal**

The main text of the consultant’s proposal must not exceed eight (8.5x11) pages to address the topics listed below. Proposals shall address the following items:

**1. Staffing Plan**

Include the following information to describe the proposed team and staffing plan:

- Name, address, and phone number for each proposed organization on the team.
- Provide the name and contact information for the project manager.
- Provide name, contact information, anticipated role, qualification, education, training, and expertise as well as prior relevant experience of all key staff intended to perform services.

**2. Project Approach**

Please describe your team’s proposed approach to deliver the scope of services listed above.

**3. Quality Control Process and Communication**

Please describe your team’s process for assuring information. *(continued)*

mation quality, timeliness, and communication among the various groups supporting development and implementation of the SHSP.

#### 4. Document Ownership, Storage, and Access

KDOT requires to retain ownership of the documents and amendable final deliverables. KDOT prefers the vendor to maintain these documents on their own servers, and to provide access to same through a web-based user interface.

#### 5. Past Performance

Provide descriptions of projects completed by the proposing team or individual team members that were similar in scope or that required similar capabilities. Describe how the project demonstrates experience relevant to the work described in the scope section of this RFP.

#### Proposal Evaluation

Proposals will be evaluated on the following criteria:

- Past successful experience of the team providing to transportation agencies a portion of the scope of this project. If none, at least experience of the team participating in activities related to a SHSP.
- Organizational plan for delivering the scope of this project.
- Creativity and new suggestions not otherwise detailed in the scope within KDOT's funding limit for this project.
- Proposed schedule for project completion.

#### Anticipated Schedule for Subsequent Events

RFPs are due by 12:00 p.m. (CST) March 12, 2021. Evaluation and ranking of technical proposals on or about March 19, 2021 after which time all firms that submitted will be notified of the ranking. KDOT may conduct interviews with the top ranked three to five firms. Interviews will be held the week of April 5, 2021. Negotiations with the most highly ranked firm to commence on or about April 19, 2021. Agreement in place and in effect May 1, 2021. RFPs are to be delivered via email to [kdot.designcontracts@ks.gov](mailto:kdot.designcontracts@ks.gov).

#### Contract Terms and Conditions

A standard KDOT agreement for engineering and technical services will be used for this project. Special Attachments for the Kansas "Tax Clearance Certificate," the "Certification of Final Indirect Costs," and the Special Attachment No. 10 ("Policy Regarding Sexual Harassment") will also eventually become attachments to the contract.

Questions about this RFP shall be sent by email to KDOT at [kdot.designcontracts@ks.gov](mailto:kdot.designcontracts@ks.gov).

## Department of Transportation

### Notice to Consulting Firms

The Kansas Department of Transportation (KDOT) is seeking qualified consulting engineering firm(s) for the project listed below. Interested consulting firms must: (a) be prequalified by KDOT or otherwise demonstrate qualification in the following category—Category 163 Conges-

tion Management/ITS. A PDF must be emailed to David Lutgen, P.E., Contracts Engineer at [kdot.designcontracts@ks.gov](mailto:kdot.designcontracts@ks.gov). Responses are to be limited to eight pages, the subject line of the reply email and the file name must read "KA-5608-01 RFP – Firm Name." Request for Proposals (RFPs) must be received by 12:00 p.m. March 19, 2021 for the consulting firm to be considered.

If a firm is not currently prequalified by KDOT a response may still be submitted. Firms not prequalified must also provide documentation that demonstrates the firm is qualified for each specified category listed in this notice for the project. Firms may use the KDOT prequalification form to provide this documentation. KDOT 1050 Prequalification category definitions (Blue Book) can be found at <http://www.ksdot.org/descons.asp>. All firms doing business with KDOT must be registered and in good standing under the laws of the State of Kansas at the time of contracting and must comply with applicable state and federal laws, rules and regulations.

#### Scope of Services to be Performed

Develop a comprehensive plan to guide sharing of fiber optic infrastructure and promote coordination when planning new fiber optic installations to support the KDOT WICHway Traffic Management system and local governments. The plan will include regional fiber sharing plans between local jurisdictions—present and future. A map of existing and planned fiber installations of all governmental systems would be compiled and shared with local jurisdictions and a report prepared that will include information compiled from all stakeholders in order to facilitate efficient sharing of fiber resources and mutually benefit all jurisdictions.

#### Anticipated Schedule for Subsequent Events

RFPs are due by 12:00 p.m. (CST) March 19, 2021. Evaluation and ranking of technical proposals on or about April 7, 2021 after which time all firms that submitted will be notified of the ranking. RFPs are to be delivered via email to [kdot.designcontracts@ks.gov](mailto:kdot.designcontracts@ks.gov).

#### Instructions for Proposal

No costs shall be contained in the RFP. The RFP must not exceed eight (8) pages (8.5 x 11) total to address the pertinent topics. Please use the following naming convention for submittal... KA-6102-01 RFP – Firm Name. RFPs submitted will consist of the proposal and a completed and signed Special Attachment No. 7 ("Certificate of Final Indirect Costs"), a completed and signed Special Attachment No. 8 ("Tax Clearance Certificate"), and a completed and signed Special Attachment No. 10 ("Policy Regarding Sexual Harassment"). Subconsultants will need to complete these attachments as well. All these forms are attached to the original email announcement.

RFPs shall describe any processes or procedures, including best practices, that will be used to perform tasks and to produce deliverables described above under "Scope of Services to be Performed." Also, include items such as:

- Project manager/engineer in charge.
- History of projects with similar tasks.
- Availability of staff to meet schedule without overtime.

- Familiarity with KDOT standards and content.
- Any subconsultant and their role (if any) that will be performing services on the project.

**Evaluation Factors**

RFPs will be evaluated based on the factors listed below, evenly weighted, to rank the most qualified firm in order of preference as first, second, third, etc. Evaluation factors: 1) the quality and completeness of the response; 2) qualifications and experience of consultant design personnel/manager proposed for services; 3) proposed project approach; 4) availability to respond to the work; and 5) past performance history for similar projects/services for KDOT. The highest ranked firm will be asked to enter into negotiations with KDOT for an agreement. In the event KDOT cannot reach agreement with the ranked firm, it will terminate negotiations with such firm and commence negotiations with the next highest ranked firm, and so on, until either agreement is reached for a satisfactory scope of services for a fair and reasonable price, or KDOT decides to pursue other alternatives.

**Notice of Hearing**

A public hearing will be conducted at 9:00 a.m. Monday, March 22, 2021, in the offices of the Kansas Development Finance Authority (KDFA), 534 S. Kansas Ave., Suite 800, Topeka, Kansas, on the proposal for the KDFA to issue its Agricultural Development Revenue Bond for the project numbered below in the respective maximum principal amount. The bond will be issued to assist the borrower named below (who will be the owner and operator of the project) to finance the cost in the amount of the bond, which is then typically purchased by a lender bank who then, through the KDFA, loans the bond proceeds to the borrower for the purposes of acquiring the project. The project shall be located as shown:

**Project No. 001078 Maximum Principal Amount: \$137,055.84.** Owner/Operator: Levi Stiner; Description: Acquisition of 80 acres of agricultural land and related improvements and equipment to be

used by the owner/operator for farming purposes (the “Project”). The Project is being financed by the Lender for Levi Stiner (the “Beginning Farmer”) and is located at the South Half of the Southeast Quarter of Section 9, Township 4 South, Range 10 East of the 6th P.M., Marshall County, Kansas, approximately ½ mile south of Vermillion, Kansas to Tumbleweed Road then 1½ miles west on the north side of the road.

The bond, when issued, will be a limited obligation of the KDFA and will not constitute a general obligation or indebtedness of the state of Kansas or any political subdivision thereof, including the KDFA, nor will it be an indebtedness for which the faith and credit and taxing powers of the state of Kansas are pledged. The bond will be payable solely from amounts received from the respective borrower, the obligation of which will be sufficient to pay the principal of, interest and redemption premium, if any, on the bond when it becomes due.

As part of ongoing efforts to limit the spread of novel coronavirus in Kansas, interested individuals may participate in the public hearing via conference call. Please call toll free number 866-620-7326 and use conference identification number 159 722 1260 followed by # to join the conference.

All individuals who appear at the hearing will be given an opportunity to express their views concerning the proposal to issue the bond to finance the project, and all written comments previously filed with the KDFA at its offices at 534 S. Kansas Ave., Suite 800, Topeka, KS 66603, will be considered. Additional information regarding the project may be obtained by contacting the KDFA.

**Notice of Hearing**

A public hearing will be held at 10:00 a.m. Monday, March 22, 2021, in the conference room of Kansas Development Finance Authority (the “Authority”), 534 S. Kansas Ave., Suite 800, Topeka, Kansas, on the proposed issuance by the Authority in one or more series of revenue bonds (the “Bonds”) in a principal amount not to exceed \$16,000,000. The Bonds will be issued pursuant to K.S.A. 74-8901 *et seq.* (the “Act”) to finance the construction and equipping of a 115-unit qualified residential rental project under Section 142 of the Internal Revenue Code known as Davidson’s Landing Apartment Homes, to be located at or about 651 N. 65th St., Kansas City, Kansas (the “Project”), to be owned and operated by Davidson’s Landing WHP, LP, a Kansas limited partnership (the “Borrower”).

The Bonds will be limited obligations of the Authority, payable solely from revenues pledged by the Borrower, and will not constitute a general obligation or indebtedness of the State of Kansas or any political subdivision thereof, nor will the Bonds constitute an indebtedness for

*(continued)*

which the faith and credit and taxing powers of the State of Kansas are pledged, but the Bonds will be payable solely and only from revenues pledged by the Borrower in amounts sufficient to pay the principal of, interest and redemption premium, if any, on the Bonds.

As part of ongoing efforts to limit the spread of novel coronavirus in Kansas and in compliance with local orders and IRS Revenue Procedures 2020-21 and 2020-49, interested individuals are encouraged to participate in the public hearing via conference call. Please call toll free number 866-620-7326 and use conference identification number 1597221260 followed by # to join the conference.

All individuals who participate in the hearing, including those physically present and those joining the hearing via conference call, will be given an opportunity to express their views for or against the proposal to issue the Bonds, and all written comments previously filed with the Authority at its above referenced offices will be considered. Additional information regarding the Project may be obtained by contacting the Authority at the address of its offices shown above.

2028	2,630,000		

The Series 2021-B Bonds will become due August 15 in the years as follows:

Year	Principal Amount*
2022	\$410,000
2023	415,000
2024	415,000
2025	415,000
2026	415,000
2027	420,000
2028	425,000

The Bonds will bear interest from the date thereof at rates to be determined when the Bonds are sold as hereinafter provided, which interest will be payable semiannually on February 15 and August 15 in each year, beginning on August 15, 2021.

**\*Adjustment of Issue Size**

The Issuer reserves the right to increase or decrease the total principal amount of the Bonds, depending on the purchase price and interest rates bid and the offering prices specified by the Successful Bidder and savings generated in connection with the refunding of certain general obligation bonds of the Issuer (the "Refunded Bonds"). The principal amount of any maturity may be adjusted by the Issuer in order to properly size the Bond, structure certain funds and accounts and substantially obtain debt service parameters determined by the Issuer. In formulating bids, bidders should consider that bids generating significant premium may lead to post-bid revisions by the Issuer as described above, resulting in greater principal amortization in later years, and bids generating significant discount may lead to post-bid revisions by the Issuer as described above, resulting in greater principal amortization in earlier years. The Successful Bidder may not withdraw its bid or change the interest rates bid as a result of any changes made to the principal amount of the Bonds or principal of any maturity as described herein. If there is an increase or decrease in the final aggregate principal amount of the Bonds or the schedule of principal payments as described above, the Issuer will notify the Successful Bidder by means of telephone or facsimile transmission, subsequently confirmed in writing, no later than 12:00 p.m. (CST) on the Sale Date. The actual purchase price for each series of Bonds shall be calculated by applying the percentage of par value bid by

the Successful Bidder against the final aggregate principal amount of such series of Bonds, as adjusted. If the principal amounts are modified, the Issuer will seek to modify the maturity schedule, or make other mutually agreeable changes, in a way that will neither increase nor reduce the Successful Bidder's spread as a percentage of the principal amount of the Bonds issued, after taking into account such adjustments.

**Book-Entry-Only System**

The Bonds shall be registered under a book-entry-only system administered through DTC.

**Paying Agent and Bond Registrar**

Treasurer of the State of Kansas, Topeka, Kansas.

**Good Faith Deposit**

Each bid shall be accompanied by a good faith deposit in the form of a cashier's or certified check drawn on a bank located in the United States of America or a wire transfer in Federal Reserve funds immediately available for use by the Issuer in the amount of \$707,700 for the Series 2021-A Bonds and \$58,300 for the Series 2021-B Bonds.

**Delivery**

The Issuer will pay for preparation of the Bonds and will deliver the same properly prepared, executed, and registered without cost to the successful bidder on or about April 13, 2021, to DTC for the account of the successful bidder.

**Assessed Valuation and Indebtedness**

The total assessed valuation of the taxable tangible property within the Issuer as of August 25, 2020, including 2019 motor vehicle valuation, is \$1,298,037,124. The total general obligation indebtedness of the Issuer as of the Dated Date, including the Bonds being sold, but excluding the Refunded Bonds to be retired with a portion of the proceeds of the Bonds being sold on the Sale Date, is \$183,640,000.

**Approval of Bonds**

The Bonds will be sold subject to the legal opinion of Gilmore & Bell, P.C., Wichita, Kansas, Bond Counsel to the Issuer, whose approving legal opinion as to the validity of the Bonds will be furnished and paid for by the Issuer, printed on the Bonds, and delivered to the successful bidder as and when the Bonds are delivered.

## Executive Order No. 21-05

## Extending Time for Kansas Rural Water Districts to Hold Annual Meetings During the COVID-19 Pandemic

**WHEREAS**, securing the health, safety and economic well-being of residents of the State of Kansas is this Administration's top priority;

**WHEREAS**, Kansas is facing a crisis – the pandemic and public health emergency of COVID-19 – resulting in illness, quarantines, school closures and temporary closure of businesses resulting in lost wages and financial hardship to Kansas citizens;

**WHEREAS**, the United States Departments of Health and Human Services declared a public health emergency for COVID-19 beginning January 27, 2020, with now more than 28,200,000 cases of the illness and more than 501,000 deaths as a result of the illness across the United States;

**WHEREAS**, a State of Disaster Emergency was proclaimed for the State of Kansas on March 12, 2020, and that State of Disaster Emergency continues as a result of extensions approved by the Legislature and the State Finance Council;

**WHEREAS**, as of this date, there have been over 291,715 positive cases of COVID-19 in Kansas, spread among all 105 counties and 4,643 deaths as a result of the illness;

**WHEREAS**, Kansas rural water districts organized and operating pursuant to K.S.A. § 82a-612, *et seq.*, provide an important service to rural communities throughout the state in providing water to homes, farms, and businesses within the district's territory;

**WHEREAS**, state statutes and rural water district by-laws require that an annual meeting take place for the membership of the district on or before April 1st of each year for, among other things, the election of directors for the coming year; all members of the rural water district may attend and vote at these meetings, which can involve hundreds of individuals at a single meeting location;

**WHEREAS**, K.S.A. § 82a-648 provides for certain mail ballot elections for rural districts, however, this may require an amendment to the by-laws of the district, which in turn requires a special meeting of the entire membership of the district which cannot be easily and safely performed; and

**WHEREAS**, to protect Kansans, especially those who may be members of a vulnerable population, and to avoid a substantial gathering of people during the pandemic, it is necessary to extend annual meeting deadlines for rural water districts in order to allow districts the opportunity meet either through virtual or remote means or at a time when it may be safer to gather in person.

**NOW, THEREFORE**, pursuant to the authority vested in me as Governor of the State of Kansas, including the authority granted me by K.S.A. § 48-924 and K.S.A. § 48-925(b), (c)(1), and (c)(11), in order to address the effects of the spread of COVID-19, I hereby direct and order the following:

1. The provisions of K.S.A. § 82a-626 are suspended so as to allow all rural water districts in the State of Kansas until October 1, 2021, to hold their annual meetings.
2. In order to comply with any applicable social distancing or mass gathering requirements set by law, the Board of a rural water district may limit in-person attendance at its meetings. However, any rural water district so limiting in-person attendance must provide for the use of remote meeting software, phone conferencing, or other online or virtual technology to provide a method of remote participation for those members who do not attend in person.
3. Rural water districts may meet through the use of remote meeting software, phone conferencing, or other online or virtual technology, regardless of any statutory, regulatory, or rural water district by-law provision that may be construed to prohibit holding or participating in a meeting remotely or virtually. If a rural water district holds a meeting with the assistance of remote meeting software, phone conferencing, or other online or virtual technology, the district is encouraged to review K.A.R. 16-20-1 regarding compliance with the Kansas Open Meetings Act during an emergency declaration.

This document shall be filed with the Secretary of State as Executive Order No. 21-05. It shall become effective immediately and remain in force until rescinded or until the expiration of the statewide State of Disaster Emergency extended by Section 3 of Senate Bill 14 enacted during the 2021 Legislative Session and as extended by any subsequent enactment or resolution.

Dated February 23, 2021.

## Temporary Authorization for Additional Vaccinators During State of Disaster Emergency

**WHEREAS**, securing the health, safety, and economic well-being of residents of the State of Kansas is this Administration's top priority;

**WHEREAS**, Kansas is facing a crisis—the pandemic and public health emergency of COVID-19—with effects of illness, quarantines, school closures, and temporary closure of businesses resulting in lost wages and financial hardship to Kansas citizens;

**WHEREAS**, the United States Departments of Health and Human Services declared a public health emergency for COVID-19 beginning January 27, 2020, with now more than 28,200,000 cases of the illness and more than 501,000 deaths as a result of the illness across the United States;

**WHEREAS**, a State of Disaster Emergency was proclaimed for the State of Kansas on March 12, 2020, and

that State of Disaster Emergency continues as a result of extensions approved by the Legislature and the State Finance Council;

**WHEREAS**, there have been over 291,715 positive cases of COVID-19 in Kansas, spread among all 105 counties and 4,643 deaths as a result of the illness;

**WHEREAS**, although current supply of COVID-19 vaccines has not exceeded the ability of licensed vaccinators in Kansas to administer the vaccines expeditiously, as vaccine supply increases and as the state moves into Phase 3—in which more Kansans will be eligible to receive the vaccine—there is likely to be a need to allow additional medical and other professionals with knowledge, education, and experience in injections and inoculations to perform vaccinations;

**WHEREAS**, this Administration will do whatever it can to assist Kansans in these challenging times, including providing relief that will help avoid immediate danger to the health, safety, and welfare of Kansans by providing greater access to state unemployment benefits.

**NOW, THEREFORE**, pursuant to the authority vested in me as Governor of the State of Kansas, including the authority granted me by K.S.A. 48-924 and K.S.A. 48-925(b) and (c)(11), in order to mitigate the effects of COVID-19, I hereby direct and order the following:

1. The temporary grant of authority in paragraphs 2 and 3 applies to any Kansas pharmacist, pharmacy student or intern, podiatrist, dentist, dental hygienist, physician's assistant, advanced practice registered nurse, nurse, advanced emergency medical technician, emergency medical technician, and paramedic or any of the above professionals who are allowed to practice in the State during the public health emergency involving COVID-19 who may administer injections or inoculations within their scope of practice.

### Board of Healing Arts

#### Notice of Hearing on Proposed Administrative Regulations

A public hearing will be conducted at 9:30 a.m. Thursday, May 6, 2021, in the board room at the Kansas State Board of Healing Arts, 800 SW Jackson, Lower Level – Suite A, Topeka, Kansas, to consider proposed amended regulations related to physician assistant continuing education.

This 60-day notice of the public hearing shall constitute a public comment period for the purpose of receiving written public comments on the regulations. All interested parties may submit comments prior to the hearing to Courtney Cyzman, General Counsel, at the Board of Healing Arts at the address above, or via email to [KSBHA\\_HealingArts@ks.gov](mailto:KSBHA_HealingArts@ks.gov). All interested parties will be given a reasonable opportunity to present their views, orally or in writing, concerning the proposed amended regulations during the public hearing. In order to provide all parties with an opportunity to present their views, it may be necessary to request each participant limit any oral presentations to five minutes.

Copies of the proposed amended regulations and the Economic Impact Statement for the proposed amended regulations may be obtained from the Kansas State Board of Healing Arts, 800 SW Jackson, Lower Level – Suite A, Topeka, KS 66612, on the agency website at <http://www.ksbha.org/publicinformation/publicinformation.shtml>, by contacting LeeAnn Hunter-Roach at 785-296-4502, or by emailing the agency at [KSBHA\\_HealingArts@ks.gov](mailto:KSBHA_HealingArts@ks.gov).

Any individual with a disability may request accommodation in order to participate in the public hearing and may request the proposed amended regulations being considered and the economic impact statement in an accessible format. Requests for accommodation to participate in the hearing should be made at least five working days in advance of the hearing by contacting Sheila Rice at 785-296-8558 or at [Sheila.Rice@ks.gov](mailto:Sheila.Rice@ks.gov). Individuals with hearing and/or speech disabilities may contact the Kansas Relay Center at 800-766-3777 for communication accommodations. Handicapped parking is located on 8th Street and in the building's parking garage. From the street, both the west entrance to the building on Jackson Street and the north entrance on 8th Street are accessible.

A summary of the proposed amended regulations and the economic impact follows:

#### K.A.R. 100-28a-5, K.A.R. 100-28a-16 (Continuing Education for Renewal, Reinstatement, Lapsed, and Revoked Licenses)

The purpose of these regulation amendments is to add a third required category of physician assistant continu-

(continued)

ing education activity addressing pain management, prescribing opioids, and the use of prescription drug monitoring programs under K.S.A. 65-28a04. The regulations add a third category of continuing education but do not increase the total number of continuing education hours required or change the process for renewal of a license.

These regulations were developed during publicly noticed open meetings of the Board, and the Board is following all notice and open meeting hearing requirements associated with promulgating these regulations, which will entail at least 3 more open meetings related to these regulations.

In the lay opinion of agency staff, the regulations enhance business activities because the regulations create a new category of continuing education activity and should enhance business activities that produce and deliver the new continuing education programs. There are no expected independent costs caused by implementation of the regulations apart from the routine agency and state staff resource costs associated with promulgating these regulations.

(See economic impact statement approved by the Department of Budget.)
