Public Notice

Public notice is hereby given that the Kansas Department of Transportation (KDOT), in cooperation with the Federal Highway Administration (FHWA), has prepared a final Environmental Assessment (EA) for the modernization and expansion of the US-69 corridor located in Johnson County, Kansas. Additionally, FHWA has issued a Finding of No Significant Impact (FONSI) for the project. The City of Overland Park, Kansas and the Kansas Turnpike Authority are serving as partners on the study.

The overall environmental study limits begin just south of W. 179th Street and extend to just north of 103rd Street. The overall length is approximately 10 miles. Major roads at interchanges are included within the environmental study area, including W. 103rd Street, College Boulevard, W. 119th Street, Blue Valley Parkway, W. 135th Street, W. 151st Street, W. 167th Street and W. 179th

Street. Additionally, I-435 at the interchange with US-69 is included.

A copy of the signed FONSI and final EA along with supporting documentation can be found on the project website at <http://www.69express.org>.

For further information contact Kansas Department of Transportation, Steve Rockers, US-69 Express Project Director, 700 SW Harrison St., Topeka, KS 66603-3745; phone 785-296-1004; email Steve.Rockers@ks.gov.

Notice to Contractors

Electronic copies of the letting proposals and plans are available on the Kansas Department of Transportation (KDOT) website at <https://kdotapp.ksdot.org/Proposal/Proposal.aspx>. The website will allow the contractor to request approval from KDOT to bid as a prime contractor and be included on the “Bid Holders List,” or to be included on the “Non-Bid Holders List” as a subcontractor/supplier. KDOT’s approval is required to bid as a prime contractor. To bid as a prime contractor, KDOT needs to be notified of the intent to bid no later than the close of business on the Monday preceding the scheduled letting date. Failure to obtain prior approval to bid as a prime contractor on any projects listed below will be reason to reject your bid. The Secretary reserves the right to reject bids that do not comply with all requirements for preparing a bidding proposal as specified in the 2015 edition of the Kansas Department of Transportation *Standard Specifications for State Road and Bridge Construction*.

KDOT will only accept electronic internet proposals using the Bid Express website at <http://www.bidx.com> until 1:00 p.m. (CST) March 16, 2022. The KDOT bid letting will be conducted remotely by audio broadcast ONLY at 3:00 p.m. (CST) Wednesday, March 16, 2022. To join the conference call, dial 866-620-7326 and enter conference code 5895748207. KDOT has tested the process, but in the event of an unforeseen issue, KDOT will provide updates.

Each bidder shall certify that such person, firm, association, or corporation has not, either directly or indirectly, entered into any agreement, participated in any collusion, or otherwise taken any action in restraint of free competitive bidding in connection with the submitted bid. This certification shall be in the form of a required contract provision provided by the state to each prospective bidder. Failure to complete the required contract provision and certify the completeness of the preceding statement when electronically signing the proposal will make the bid non-responsive and not eligible for award consideration.

Notice of Hearing

The Kansas Department of Health and Environment (KDHE) announces a public hearing on the 2022 Kansas 303(d) List of Impaired Waters. Section 303(d) of the Clean Water Act requires states to biennially prepare a list of waters failing to meet state water quality standards. Such waters are required to have Total Maximum Daily Loads (TMDLs) prepared by the state to restore their water quality. A TMDL is the maximum amount of the impairing pollutant that can enter the water without causing a violation of its water quality standards.

Since 1999, Kansas has developed TMDLs for impaired surface waters in each of the state’s 12 river basins. KDHE develops and revises TMDLs for selected impairments identified in the current Section 303(d) list by prioritizing watersheds or waters for restoration and protection. In accordance with the Kansas TMDL development cycle, TMDLs will be developed for total phosphorus during this listing cycle. The draft 2022 Kansas 303(d) List will emphasize nutrient reductions, including an initial designation of TMDLs to be developed over the next two years. The list and its methodology will be made available prior to the hearing at <https://www.kdhe.ks.gov/1219/303d-Methodology-List-of-Impaired-Waters>.

The public hearing will open with a brief summary of the list and its methodology as it pertains to the waters of the state. Public testimony will then be taken after the presentation. Please provide a written copy of any testimony at the hearing. Written testimony will be accepted by KDHE any time prior to the close of business on March

26, 2022. KDHE will prepare a response to all public comments and revise the draft list as necessary. KDHE will submit the list, the methodology, and any public comments with KDHE’s response to Region 7 of the U.S. Environmental Protection Agency on March 30, 2022.

The public hearing will take place from 11:00 a.m. to 12:00 p.m. Tuesday, March 22, 2022 via Zoom. Register at https://us02web.zoom.us/webinar/register/WN_jVmPvYOQSu6ZgqfyF8w57g.

Any individual with a disability may request accommodation in order to participate in the public hearing process. Requests for accommodation to participate in the hearing process should be made at least five working days in advance of the hearing by calling 785-296-5508. Other inquiries regarding this notice should be directed to Dane Boring at dane.boring@ks.gov or 785-296-5508.

Public Notice

The Kansas Department of Health and Environment (KDHE) has prepared a draft combined Kansas/NPDES Water Pollution Control general permit for the discharge of hydrostatic test water from new pipelines and storage tanks, and/or existing pipelines and storage tanks exposed to crude oil and refined petroleum products or natural/liquified petroleum gases or other chemicals.

A general wastewater permit is provided for those entities engaged in similar activities and discharging the same types of wastewater. The wastewater from these types of activities has a low public health and environmental risk. A general permit is placed on public notice once during the life of the permit and then is made available, without further public notice, to entities for activities which meet the requirements of the permit. The permittees are also required to meet all other federal, state, and local requirements. To be covered under the draft permit, the permittee is required to submit the notice of intent and receive a signed and dated permit from KDHE.

The draft permit contains limits for oil and grease, pH and total suspended solids and monitoring for flow and total residual chlorine (if present in the source water) for all discharges plus chemical oxygen demand, naphthalene, and benzene limits for pipelines and storage vessels exposed to petroleum products. In addition, this permit covers hydrotest of pipes/tanks used to transport/store other chemicals. Parameter limits for these other chemicals are based on the Kansas Water Quality Criteria and Federal Regulations.

Copies of the notice of intent application, instructions, draft permit, and other supporting documents may be viewed at the KDHE website at <https://www.kdhe.ks.gov/1056/Technical-Services> or requested in hard copy by writing Kansas Department of Health and Environment, Bureau of Water–Technical Services Section, 1000 SW Jackson St., Suite 420, Topeka, KS 66612-1367.

Persons wishing to comment on the draft permit must submit written comments to the above address by March 26, 2022.

Department of Health and Environment

Public Notice

The Kansas Department of Health and Environment (KDHE) has reviewed an application from the City of Lawrence, Kansas, to add source-separated organic waste composting to their existing yard waste composting facility. Approved source-separated items requested for composting are food waste and small amounts of food-soiled cardboard. No new composting area will be added to the existing compost pad; however, the east end of the pad will be reserved for food waste composting. The facility is presently involved in a small-scale food waste composting trial period involving several local organizations. In the future, additional source-separated materials may be composted if specifically approved by KDHE.

The composting facility is located at 1420 E. 11th St., Lawrence, Kansas, in the S ½ of the NW ¼ of Section 32, Township 12S, Range 20E, in Douglas County, Kansas. Traffic control at the facility is provided by the Solid Waste Division's on-site operator and by a locked access gate. All vehicles entering the facility access through the south gate, drive to the unloading area, dump materials, and exit through the same gate. Access will be controlled to prevent illegal dumping at the compost site. Public access will be restricted. Compost will be sold or given to farmers, businesses, homeowners, and community gardens.

KDHE has reviewed the application from the City of Lawrence, Kansas to widen the scope of their existing permit number 0855, through the Bureau of Waste Management, and has found the application to be in conformance with state solid waste statutes and regulations. KDHE is providing public notice of its intent to add source-separated composting to the existing composting permit of the City of Lawrence, Kansas, at the existing yard waste composting facility described herein. A copy of the administrative record, which includes the draft permit page and all information regarding this permit action, is available for public review until March 25, 2022, during normal business hours, Monday through Friday, at the following location:

Additionally, the application form with primary permit information is available for public viewing on the

KDHE Bureau of Waste Management website at <https://www.kdhe.ks.gov/676/Solid-Waste-Public-Notices>.

Anyone wishing to comment on the draft permit information should submit written statements postmarked no later than March 25, 2022, to Emery Wiens, at the following address:

Kansas Department of Health and Environment
Bureau of Waste Management
1000 SW Jackson, Suite 320
Topeka, KS 66612

State of Kansas

Department of Health and Environment

Public Notice

The Kansas Department of Health and Environment (KDHE) has received a permit modification request to expand the disposal area at the Deffenbaugh Industries Johnson County, Kansas landfill operating under KDHE Permit 263. The Johnson County, Kansas landfill is located at 17955 Holliday Dr., Shawnee, Kansas, in parts of Section 1 and the North ½ of Section 12, Township 12 South, Range 23 East plus parts of the West ½ of Section 6 and the Northwest ¼ of Section 7, Township 12 South, Range 24 East. The application presents that Deffenbaugh Industries proposes to add 28.2 acres of disposal area to the Phase 6 disposal area permitted in 2007. This additional area is within the site's Barker Road berm adjacent to Phase 6, west and north of the Phase 6 currently permitted disposal area limits. This will result in the approximately 850-acre landfill site containing approximately 478 acres permitted for solid waste disposal. The proposed Phase 6 expansion will provide approximately 5.65 million additional cubic yards, a 6.7 percent disposal capacity increase, extending the site's life by about 3.2 years, which with currently permitted disposal areas will provide Johnson County, Kansas with a municipal solid waste disposal facility for about 19 years.

The expanded Phase 6 disposal area will be built to the Subtitle D standards used for new municipal solid waste disposal areas at the Johnson County, Kansas landfill since the standards' adoption by KDHE in 1994. These standards require disposal areas be constructed with a bottom liner consisting of an impervious geomembrane liner atop a two-foot-thick layer of compacted clay. The liner is sloped with a drainage layer atop it so that liquids that may percolate through the waste drain to a sump and are removed from the landfill for treatment or disposal.

(continued)

The Johnson County Commission has certified that the expansion is consistent with the county's solid waste management plan and the City of Shawnee, Kansas has certified that the expansion is consistent with local zoning requirements. KDHE has reviewed the application and found it to be in conformance with the state solid waste statutes and regulations.

KDHE is today providing public notice of their intent to approve the proposed Johnson County, Kansas landfill expansion. However, a final decision to approve the expansion has not been made, and KDHE will consider information gathered during a public comment period before making a final decision. A copy of the administrative record which includes the permit application, engineering drawings, draft permit, and other information with respect to this permit action will be available for public review from February 24, 2022 through March 28, 2022 during normal business hours at the following locations:

Additionally, the application form is available for public viewing at <https://www.kdhe.ks.gov/676/Solid-Waste-Public-Notices>. Anyone wishing to comment on the proposed facility should submit written statements by 5:00 p.m. March 28, 2022 to Charles Bowers, at KDHE's Southeast District Office, 308 W. 14th, Chanute, KS 66720, by facsimile to 620-431-1211, or by email to charles.bowers@ks.gov. Comments postmarked by March 28, 2022 received within one week thereafter will also be considered. If the department determines there is sufficient and pertinent local interest in the proposed permit action, a public hearing may be scheduled, and a public notice will be published announcing the time, date, and location of the public hearing.

After consideration of all the comments received during the public notice period and public hearing if one is held, KDHE will make a final decision on whether to issue the permit modification. Notice of the decision will be given to the applicant, anyone who submitted written comments during the comment period, and those who requested notice of the final permit decision.

Notice Concerning Proposed Kansas Air Quality Class I Operating Permit Renewal

Notice is hereby given that the Kansas Department of Health and Environment (KDHE) is soliciting comments regarding a proposed air quality operating permit. Koch Fertilizer Dodge City, LLC has applied for a Class I operating permit renewal in accordance with the provisions of K.A.R. 28-19-510 et al. The purpose of a Class I permit is to identify the sources and types of regulated air pollutants emitted from the facility; the emission limitations, standards, and requirements applicable to each source; and the monitoring, record keeping, and reporting requirements applicable to each source as of the effective date of permit issuance.

Koch Fertilizer Dodge City, LLC, PO Box 1337, Dodge City, KS 67801, owns and operates a fertilizer manufacturing facility located at 11559 US-50 Hwy., Dodge City, Ford County, KS 67801.

A copy of the proposed permit, permit application, all supporting documentation, and all information relied upon during the permit application review process are available for public review during normal business hours of 8:00 a.m. to 5:00 p.m. at the KDHE, Bureau of Air (BOA), 1000 SW Jackson, Suite 310, Topeka, KS 66612-1366 and at the Southwest District Office, 302 W. McArtor Rd., Dodge City, KS 67801. To obtain or review the proposed permit and supporting documentation, contact Rumela Bhadra, 785-291-3271, at the central office of the KDHE or Ethel Evans, 620-682-7940; 620-356-1075 (Ulysses Location), at the Southwest District Office. The standard departmental cost will be assessed for any copies requested. The proposed permit, accompanied with supporting information, is available, free of charge, at the KDHE BOA Public Notice website at <https://www.kdhe.ks.gov/413/Public-Notices>.

Please direct written comments or questions regarding the proposed permit to Rumela Bhadra, KDHE, BOA, 1000 SW Jackson, Suite 310, Topeka, KS 66612-1366. In order to be considered in formulating a final permit decision, written comments must be received no later than 12:00 p.m. Monday, March 28, 2022.

A person may request a public hearing be held on the proposed permit. The request for a public hearing shall be in writing and set forth the basis for the request. The written request must be submitted to Rumela Bhadra, KDHE BOA, 1000 SW Jackson, Suite 310, Topeka, KS 66612-1366, no later than 12:00 p.m. Monday, March 28, 2022 in order for the Secretary of Health and Environment to consider the request.

The U.S. Environmental Protection Agency (EPA) has a 45-day review period, which will start concurrently with the public comment period, within which to object to the proposed permit. If the EPA has not objected in writing to the issuance of the permit within the 45-day review period, any person may petition the administrator of the EPA to review the permit. The 60-day public petition period will directly follow the EPA's 45-day review period. Interested parties may contact KDHE to determine if the EPA's 45-day review period has been waived.

Any such petition shall be based only on objections to the permit that were raised with reasonable specificity during the public comment period provided for in this notice, unless the petitioner demonstrates that it was impracticable to raise such objections within such period, or unless the grounds for such objection arose after such period. Contact Keith Johnson, U.S. EPA, Region 7, Air Permitting and Compliance Branch, 11201 Renner Blvd., Lenexa, KS 66219, 913-551-7960, to determine when the 45-day EPA review period ends and the 60-day petition period commences.

Office of the Governor

Executive Directive No. 22-550

Affirming State Law in Agency CMS Compliance

WHEREAS, Kansas is committed to the continued well-being of its citizens and families;

WHEREAS, ensuring the effective delivery of public human services is a necessary component of healthy communities;

WHEREAS, certain Kansas state health facilities are certified and receive funding through federal Medicare and Medicaid programs;

WHEREAS, the federal Centers for Medicare and Medicaid Services (CMS) has published an interim final rule establishing requirements regarding COVID-19 vaccine immunization of staff among Medicare- and Medicaid-certified providers and suppliers;

WHEREAS, attempts to prevent enforcement of the CMS rule failed to receive temporary relief from the United States Supreme Court, creating an active requirement to comply in order to receive needed funds for medical care; and

WHEREAS, the loss of CMS funding would result in the loss of services for Kansas veterans, elderly, and disabled;

NOW, THEREFORE, pursuant to the authority vested in me as Governor of the State of Kansas as head of the Executive Branch, I hereby direct the Kansas Department for Aging and Disability Services, the Kansas Commission on Veterans Affairs Office, and any other state agency impacted by the CMS Interim Final Rule to comply with all provisions of state law related to COVID-19 vaccine immunization when developing policies in accordance with federal guidelines issued under QSO-22-09-ALL.

Policies must include clear and specific reference to provisions of 2021 Special Session House Bill 2001, including but not limited to:

- **Medical exemptions.** Facilities shall grant an exemption to the federal COVID-19 vaccine requirement if the employee submits a written waiver request stating that complying with the requirement would endanger the life or health of the employee or an individual who resides with the employee, as evidenced by an accompanying written statement signed by a physician or another person who performs acts pursuant to practice agreements, protocols or at the order, direction or delegation of a physician.
- **Religious exemptions.** Facilities shall grant an exemption to the federal COVID-19 vaccine requirement if the employee submits a written waiver request stating that complying with the requirement would violate sincerely held religious beliefs of the employee. Religious beliefs include, but is not limited to, theistic and non-theistic moral and ethical beliefs as to what is right and wrong that are sincerely held with the strength of traditional religious views. Facilities shall not inquire into the sincerity of the request.

Policies must also comply with the "COVID-19 vaccination passport" proviso in 2021 Senate Bill 159, which prevents state agencies from issuing to any individual without consent or requiring an individual to use for any purpose a "COVID-19 vaccination passport," defined as any written or electronic documentation of an individual's COVID-19 vaccination status.

- **Documentation.** Facilities shall not require an individual to provide documentation of their COVID-19 vaccination status. Facilities may request such documentation, but must make it clear that providing documentation is not a condition of employment and that no adverse action will be taken if the employee does not provide it.
- **Self-Attestation.** Facilities may require and record a verbal self-attestation of COVID-19 vaccination status from any individual who does not provide documentation **and** does not request an exemption from the vaccination requirement as allowed by

2021 Special Session House Bill 2001 and the facility policy as previously directed. The facility, not the individual, will be responsible for documenting the individual's self-attested vaccination status.

This directive shall apply to all facilities under the direction of the Executive Branch of the State of Kansas, including but not limited to:

- Kansas Veterans Home
- Kansas Soldiers Home
- Kansas Neurological Institute
- Parsons State Hospital
- Larned State Hospital (CMS-funded portions)
- Osawatimie State Hospital (CMS-funded portions)

State of Kansas

Kansas Development Finance Authority

Notice of Hearing

A public hearing will be conducted at 9:00 a.m. Tuesday, March 15, 2022, in the offices of the Kansas Development Finance Authority (K DFA), 534 S. Kansas Ave.,

Suite 800, Topeka, on the proposal for the K DFA to issue its Agricultural Development Revenue Bond for the project numbered below in the respective maximum principal amount. The bond will be issued to assist the borrower named below (who will be the owner and operator of the project) to finance the cost in the amount of the bond, which is then typically purchased by a lender bank who then, through the K DFA, loans the bond proceeds to the borrower for the purposes of acquiring the project. The project shall be located as shown:

Project No. 001097 Maximum Principal Amount: \$472,500. Owner/Operator: Dustin P. and Taylor J. Talley; Description: Acquisition of 160 acres of agricultural land and related improvements and equipment to be used by the owner/operator for farming purposes (the "Project"). The Project is being financed by the Lender for Dustin P. and Taylor J. Talley (the "Beginning Farmer") and is located at Section 26, Red Vermillion Township, Nemaha County Kansas, approximately 4¼ miles south of Corning, Kansas on US-63 Highway.

The bond, when issued, will be a limited obligation of the K DFA and will not constitute a general obligation or indebtedness of the state of Kansas or any political subdivision thereof, including the K DFA, nor will it be an indebtedness for which the faith and credit and taxing powers of the state of Kansas are pledged. The bond will be payable solely from amounts received from the respective borrower, the obligation of which will be sufficient to pay the principal of, interest and redemption premium, if any, on the bond when it becomes due.

Interested individuals may participate in the public hearing via conference call. Please call toll free number 866-620-7326 and use conference identification number 159 722 1260 followed by # to join the conference.

All individuals who appear at the hearing will be given an opportunity to express their views concerning the proposal to issue the bond to finance the project, and all written comments previously filed with the K DFA at its offices at 534 S. Kansas Ave., Suite 800, Topeka, 66603, will be considered. Additional information regarding the project may be obtained by contacting the K DFA.

(continued)

Clerk of the City of Leavenworth, Kansas, (the “City” or the “Issuer”) on behalf of the governing body of the City in the case of sealed bids, at City Hall, 100 N. Fifth, Leavenworth, KS 66048, via facsimile at 913-651-7143 and in the case of electronic bids, via BIDCOMP/PARITY electronic bid submission system, until 10:00 a.m. (CST) Tuesday, March 8, 2022, for the purchase of \$1,450,000* principal amount of General Obligation Bonds, Series 2022-A (the “Bonds”). No bid of less than the entire par value of the Bonds and accrued interest thereon to the date of delivery will be considered.

Bond Details

The Bonds will consist of fully registered bonds in the denomination of \$5,000 or any integral multiple thereof. The Bonds will initially be registered in the name of Cede & Co., as nominee of the Depository Trust Company, New York, New York, to which payments of principal of and interest on the Bonds will be made. Individual purchases of bonds will be made in book-entry form only. Purchasers will not receive certificates representing their interest in bonds purchased. The Bonds will be dated March 30, 2022, and will become due serially on September 1, in the years as follows:

Year	Principal Amount*	Year	Principal Amount*
2023	\$125,000	2028	\$145,000
2024	140,000	2029	150,000
2025	140,000	2030	150,000
2026	140,000	2031	155,000
2027	145,000	2032	160,000

The Bonds will be subject to mandatory and optional redemption prior to maturity as provided in the Official Notice of Bond Sale.

The Bonds will bear interest from the date thereof at rates to be determined when the Bonds are sold as hereinafter provided, which interest will be payable semiannually on March 1 and September 1 in each year, beginning on March 1, 2023.

Paying Agent and Bond Registrar

The Kansas State Treasurer, Topeka, Kansas will be the Paying Agent and Bond Registrar.

Good Faith Deposit

Each bid shall be accompanied by a cashier’s or certified check drawn on a bank located in the United States of America, a wire transfer or a qualified financial surety

bond in the amount of \$29,000 (2 percent of the principal amount of the Bonds).

Delivery

The Issuer will pay for printing the Bonds and will deliver the same properly prepared, executed, and registered to the facilities of the Depository Trust Company, Jersey City, New Jersey, without cost to the successful bidder within 45 days after the date of sale.

Assessed Valuation and Indebtedness

The total assessed valuation of the taxable tangible property within the City for the year 2021 is \$274,469,387. The total general obligation indebtedness of the City following the issuance of the Bonds and the City’s Temporary Notes, Series A2022, in the principal amount of \$2,125,000, is \$33,150,000 which excludes the City’s Temporary Notes, Series A2021, in the aggregate principal amount of \$1,400,000, which will be redeemed and paid with proceeds of the Bonds herein offered for sale. In accordance with the Municipal Advisor’s agreement with the City, the Municipal Advisor will not submit a bid or participate in a group submitting a bid for the purchase of the Bonds.

Approval of Bonds

The Bonds will be sold subject to the legal opinion of Nichols and Wolfe Chartered, Topeka, Kansas, bond counsel, whose approving legal opinion as to the validity of the Bonds, will be furnished and paid for by the Issuer and delivered to the successful bidder as and when the Bonds are delivered.

Additional Information

Additional information regarding the Bonds may be obtained from the City Clerk; phone 913-684-0335, or from the City’s Financial Advisor, Raymond James & Associates, Inc., Attn: Greg Vahrenberg, 11551 Ash Street, Suite 250, Leawood, KS 66211; phone 816-509-5451; email greg.vahrenberg@raymondjames.com.
