Notice of Water Quality Certification

The Kansas Department of Health and Environment (KDHE) has drafted a water quality certification per Section 401 of the Clean Water Act (CWA) requested by Ms. Kari Bigham, Meander Engineers LLC for Danny Bruna. The US Army Corps of Engineers(USACE) CWA Section 404 Public Notice No. NWK-2025-00482 can be found at <https://www.nwk.usace.army.mil/Media/Public-Notices>. The applicant proposes reducing streambank erosion by placing of 2,680 feet of fill materials both stone and rootwads, along the right, descending bank of the Little Blue River, in Washington County, to reduce sedimentation in Tuttle Creek Reservoir. Installation will include: 625 feet of 3-foot tall longitudinal peak stone tow protection (LPSTP) made from limestone rock, 1,735 feet of rootwad toe protection (containing wood and fill such as soil and sand, 3-foot tall) and 14 bendway weirs (limestone rock, 2-4 feet tall). Following installation of the rock structures, 1,735 feet of the bank will be regraded to form a floodplain bench. (See public notice for details). The Watershed Forester of the Kansas Forest Service will oversee the riparian grass and tree plantings.

The draft certification and additional information containing the link to the USACE Public Notice will be posted on the KDHE website at <https://www.kdhe.ks.gov/1095/Section-401-Water-Quality-Certification> on or before August 21, 2025. Persons wishing to comment on the referenced draft document must submit their comments in writing by email to the Kansas Department of Health and Environment at KDHE.NPS@ks.gov by September 21, 2025, if they wish to have their comments considered in the formulation of final determinations for 401 regarding this public notice.

For more information, contact Scott Satterthwaite, Watershed Management Section, Bureau of Environmental Field Services, KDHE at Scott.Satterthwaite@ks.gov.

Notice of Water Quality Certification

The Kansas Department of Health and Environment (KDHE) has drafted a water quality certification per Section 401 of the Clean Water Act (CWA) requested by Ms. Kari Bigham, Meander Engineers LLC for Danny Bruna. The US Army Corps of Engineers (USACE) CWA Section 404 Public Notice No. NWK-2025-00483 can be found at <https://www.nwk.usace.army.mil/Media/Public-Notices>. The applicant proposes reducing streambank erosion by placing of 1,480 feet of fill materials both stone and rootwads, along the right, descending bank of the Little Blue River, in Washington County, to reduce sedimentation in Tuttle Creek Reservoir. Installation will include: 210 feet of 3-foot tall LPSTP made from limestone rock, 1,150 feet of rootwad toe protection (containing wood and fill such as soil and sand, 3 foot tall) and 9 bendway weirs (limestone rock, 2-4 feet tall). Following installation of the rock structures, 1,150 feet of the bank will be regraded to form a floodplain bench. The Watershed Forester of the Kansas Forest Service will oversee the riparian grass and tree plantings.

The draft certification and additional information containing the link to the USACE Public Notice will be posted on the KDHE website at <https://www.kdhe.ks.gov/1095/Section-401-Water-Quality-Certification> on or before August 21, 2025. Persons wishing to comment on the referenced draft document must submit their comments in writing by email to the Kansas Department of Health and Environment at KDHE.NPS@ks.gov by September 21, 2025, if they wish to have their comments considered in the formulation of final determinations for 401 regarding this public notice.

For more information, contact Scott Satterthwaite, Watershed Management Section, Bureau of Environmental Field Services, KDHE at Scott.Satterthwaite@ks.gov.

Department of Health and Environment

Notice of Water Quality Certification

The Kansas Department of Health and Environment (KDHE) has drafted a water quality certification per Section 401 of the Clean Water Act (CWA) requested by Ms. Kari Bigham, Meander Engineers LLC for Stephen and Teresa Hammett. US Army Corps of Engineers (USACE) CWA Section 404 Public Notice No. NWK-2025-00480 found at <https://www.nwk.usace.army.mil/Media/Public-Notices>. The purpose of the project is to reduce streambank erosion along 2,600 feet of the left, descending bank of the Big Blue River to reduce downstream sedimentation in Tuttle Creek Reservoir. The applicant proposes the removal of 18,500 cubic yards of previously installed concrete hard points to reduce an unnatural pinch point. Installation will include 1,500 feet of 6-foot tall Longitudinal Peaked Stone-Toe Protection (LPSTP) made from limestone rock, 700 feet of 3-foot tall LPSTP, 150 feet of 2-foot tall LPSTP, and 16 bendway weirs (limestone rock, 2-7 foot tall). Following installation of the rock structures, 1,975 feet of the bank will be regraded to form a floodplain bench (approximately 4-6 feet high) over the 6-foot tall LPSTP and a 3H:1V slope above the bench to existing top of bank elevation (additional 12 feet). In addition, 700 ft of the bank will be shaped to a 3H:1V slope (approximately 16 feet high) above the LPSTP. The floodplain bench, graded bank, and disturbed riparian area (approximately 4 acres) will be planted with a mixture of native grass, trees, and shrubs all in Marshall County.

The draft certification and additional information containing the link to the USACE Public Notice will be posted on the KDHE website at <https://www.kdhe.ks.gov/1095/Section-401-Water-Quality-Certification> on or before August 21, 2025. Persons wishing to comment on the referenced draft document must submit their comments in writing by email to the Kansas Department of Health and Environment at KDHE.NPS@ks.gov by September 21, 2025, if they wish to have their comments considered in the formulation of final determinations for 401 regarding this public notice.

Doc. No. 053410

State of Kansas

Department of Health and Environment

Notice of Proposed Kansas/Federal Water Pollution Control Permits and Applications

In accordance with Kansas Administrative Regulations 28-16-57a through 63, 28-18-1 through 17, 28-18a-1 through 31 and 33, 28-16-150 through 154, 28-46-7, and the authority vested with the state by the administrator of the U.S. Environmental Protection Agency, various draft water pollution control documents (permits, notices to revoke and reissue, notices to terminate) have been prepared and/or permit applications have been received for discharges to waters of the United States and the state of Kansas for the class of discharges described below.

The proposed actions concerning the draft documents are based on staff review, applying the appropriate standards, regulations, and effluent limitations of the state of Kansas and the Environmental Protection Agency. The final action will result in a Federal National Pollutant Discharge Elimination System Authorization and/or a Kansas Water Pollution Control permit being issued, subject to certain conditions, revocation, and reissuance of the designated permit or termination of the designated permit.

Las acciones propuestas con respecto a los documentos preliminares se basan en la revisión del personal, aplicando los estándares, regulaciones y limitaciones de efluentes apropiados del estado de Kansas y de la Agencia de Protección Ambiental de Estados Unidos. La acción final resultará en la emisión de una Autorización Federal del Sistema Nacional de Eliminación de Descargas de Contaminantes y un permiso de Control de Contaminación del Agua de Kansas, sujeto a ciertas condiciones, revocación y reemisión del permiso designado o terminación del permiso designado. Si desea obtener más información en español o tiene otras preguntas, por favor, comuníquese con el Coordinador de No Discriminación al 785-296-5156 o en: [KDHE. NonDiscrimination@ks.gov](mailto:NonDiscrimination@ks.gov).

Public Notice No. KS-AG-25-225/232

Pending Permits for Confined Feeding Facilities

Name and Address of Applicant	Legal Description	Receiving Water
Charlene Koster 532 K-106 Hwy. Minneapolis, KS 67467	SW/4 of Section 01 T12S, R04W Ottawa County	Solomon River Basin
Kansas Permit No. A-SOOT-B004		
The proposed action is to reissue an existing state permit for an existing facility for 100 head (100 animal units) of cattle weighing more than 700 pounds and 400 head (200 animal units) of cattle weighing less than 700 pounds and 4 head (8 animal units) of horses; for a total of 308 animal units. There will be no change in the operation or permitted number of animal units from the previous permit. This facility has an approved Waste Management Plan on file with KDHE.		
Name and Address of Applicant	Legal Description	Receiving Water
Haug Cattle & Grain John Haug 163 132nd Rd. Baileyville, KS 66404	NE/4 of Section 07 T03S, R11E Nemaha County	Big Blue River Basin
Kansas Permit No. A-BBNM-B005		

Kansas Register

Volume 44 - Issue 34 - August 21, 2025

[Table of Contents](#)

The proposed action is to modify and reissue an existing state permit for a facility for 500 head (500 animal units) of cattle weighing greater than 700 pounds and 499 head (249.5 animal units) of cattle weighing less than 700 pounds for a total of 749.5 animal units. This permit is being modified to convert some pen area along the road into grass buffer as well as a new trench silo at the west facility. There is no change in the permitted number of animal units from the previous permit. This facility has an approved Waste Management Plan on file with KDHE.

Name and Address of Applicant	Legal Description	Receiving Water
Joseph Allen 1253 W. 40th Ave. N Argonia, KS 67004	NW/4 of Section 31 T31S, R03W Sumner County	Lower Arkansas River Basin

Kansas Permit No. A-ARSU-S011

The proposed action is to modify and reissue an existing state permit for an existing facility for 400 head (160 animal units) of swine weighing greater than 55 pounds and 200 head (20 animal units) of swine weighing 55 pounds or less for a total of 180 animal units. This is a decrease in animal units from the previous permit. This facility has an approved Waste Management Plan on file with KDHE.

Name and Address of Applicant	Legal Description	Receiving Water
Kansas Dairy Development, LLC Jason Shamburg 2476 Road 180 Deerfield, KS 67836	All of Section 01 & N/2 of Section 12 T24S, R35W Kearny County & S/2 of Section 06 & W/2 of Section 07 T24S, R34W Finney County	Upper Arkansas River Basin

Kansas Permit No. A-UAKE-C001
Federal Permit No. KS0037532

The proposed action is to modify and reissue the existing State/NPDES permit for a facility for a proposed maximum capacity of 48,000 head (48,000 animal units) of cattle weighing more than 700 pounds, and 73,000 head (36,500 animal units) of cattle weighing less than 700 pounds; for a total of 84,500 animal units. This represents an increase in the permitted animal units from the previous permit. This permit is also being modified to add 36 acres of calf hutches and 9 acres of feed storage area with three additional retention control structures. This facility has an approved Nutrient Management Plan on file with KDHE.

Name and Address of Applicant	Legal Description	Receiving Water
Marcus Carlson 2881 290th Rd. Lincolnvile, KS 66858	NE/4 of Section 15 T18S, R05E Marion County	Neosho River Basin

Kansas Permit No. A-NEMN-B029

The proposed action is to reissue an existing state permit for an existing facility for 600 head (300 animal units) of beef cattle weighing 700 pounds or less. There will be no change in the operation or permitted number of animal units from the previous permit. This facility has an approved Waste Management Plan on file with KDHE.

Kansas Register

Volume 44 - Issue 34 - August 21, 2025

[Table of Contents](#)

Name and Address of Applicant	Legal Description	Receiving Water
Overmiller Farms, Inc. 6041 S Rd. Smith Center, KS 66967	SE/4 of Section 36 T01S, R13W Smith County	Solomon River Basin
Kansas Permit No. A-SOSM-S008		
The proposed action is to reissue an existing state permit for an existing facility for 710 head (284 animal units) of swine greater than 55 pounds and 500 head (50 animal units) of swine less than or equal to 55 pounds. There will be no change in the operation or permitted number of animal units from the previous permit. This facility has an approved Waste Management Plan on file with KDHE.		

Name and Address of Applicant	Legal Description	Receiving Water
Pratt Livestock 30274 E. US-54 Hwy. Pratt, KS 67124	SE/4 of Section 31 T27S, R12W Pratt County	Lower Arkansas River Basin
Kansas Permit No. A-ARPR-B008		
The proposed action is to reissue an existing state permit for an existing livestock market that conducts weekly sales of cattle of all ages. The average daily capacity of the market is approximately 433 head (433 animal units) of cattle. There has been no change in animal numbers from the previous permit. This facility has an approved Waste Management Plan on file with KDHE.		

Name and Address of Applicant	Legal Description	Receiving Water
Bethell Hog Farm 32700 Stanley Rd. Melvern, KS 66510	NE/4 of Section 28 T18S, R17E Osage County	Marais des Cygnes River Basin
Kansas Permit No. A-MCOS-H001 Federal Permit No. KS0093734		

The proposed action is to approve an update to the Nutrient Management Plan (NMP) received for this existing facility currently permitted for 4,800 head (1,920 animal units) of swine more than 55 pounds. The facility's NMP was updated to include a change in the application rate limitation for two field. The fields' application rate limitation had become less restrictive than the previous NMP. There are no changes to the permit or in the permitted number of animal units. Only the updated portion of the Nutrient Management Plan is subject to comment. This facility has an approved Nutrient Management Plan on file with KDHE.

Public Notice No. KS-Q-25-142/144

The requirements of the draft permit public noticed below are pursuant to the Kansas Surface Water Quality Standards, K.A.R. 28-16-28-(b-g), and Federal Surface Water Criteria.

Name and Address of Applicant	Receiving Stream	Type of Discharge
Linn Valley, City of 22412 E. 2400 Rd. Linn Valley, KS 66040		Treated Domestic

Kansas Register

Volume 44 - Issue 34 - August 21, 2025

[Table of Contents](#)

Permit No. M-MC67-NO01
Federal Permit No. KSJ001030

Legal Description: SW¼, Section 19, Township 19S, Range 25E, Linn County

Location: [38.378987](#), [-94.690015](#)

The proposed action consists of issuing of a new Kansas Water Pollution Control permit for an existing non discharging facility.

Name and Address of Applicant	Receiving Stream	Type of Discharge
Elbing, City of PO Box 99 Elbing, KS 67041	Whitewater River via Henry Creek	Treated Domestic

Permit No. M-WA08-OO01
Federal Permit No. KS0116645

Legal Description: NE¼, SE¼, SW¼, Section 8, Township 23S, Range 3E, Butler County

Location: [38.06125](#), [-97.12657](#)

The proposed action consists of reissuance of a Kansas/NPDES Water Pollution Control permit for an existing facility. The existing facility is a three-cell wastewater stabilization lagoon system with a minimum of 120 days detention time. The facility receives domestic wastewater from residential and commercial areas. This permit contains limits for Biochemical Oxygen Demand, Total Suspended Solids, Ammonia, and E. coli. The permit contains monitoring for pH, and Total Phosphorus.

Name and Address of Applicant	Receiving Stream	Type of Discharge
N.R. Hamm Quarry-Dedonder Quarry #73 PO Box 17 Perry, KS 66073	Kansas River via Doyle Creek via Deep Creek via Riley Creek	Process Wastewater

Permit No. I-KS67-PO04
Federal Permit No. KS0087394

Legal Description: NW¼, SW¼, SE¼ of Section 21, Township 9S, Range 12E, Pottawatomie County

Location: [39.25313](#), [-96.08728](#)

The proposed action consists of reissuing the above referenced NPDES permit. The primary change was the addition of two outfalls that had always existed but discovered during a KDHE inspection. This facility is a limestone quarrying and crushing operation, with no washing. Outfalls 001A, 002A, 003A, 004A and 005A consists of stormwater runoff and quarry pit water. This permit contains generic language to protect water quality.

Persons wishing to comment on or object to the draft documents and/or permit applications must submit their comments in writing to the Kansas Department of Health and Environment (KDHE) if they wish to have the comments or objections considered in the decision-making process. All written comments regarding the draft documents, application or registration notices received on or before September 20, 2025, will be considered in

Kansas Register

Volume 44 - Issue 34 - August 21, 2025

[Table of Contents](#)

the formulation of the final determination regarding this public notice. Please refer to the appropriate Kansas document number (KS-AG-25-225/232, KS-Q-25-142/144) and name of the applicant/permittee when preparing comments.

All comments received will be responded to at the time the Secretary of Health and Environment issues a determination regarding final agency action on each draft document/application. If response to any draft document/application indicates significant public interest, a public hearing may be held in conformance with K.A.R. 28-16-61 (28-46-21 for UIC). A request for public hearing must be submitted in writing and shall state the nature of the issues proposed to be raised during the hearing.

Comments or objections for agricultural related draft documents, permit applications, registrations or actions should be submitted to the attention of Casey Guccione, Livestock Waste Management Section at the KDHE, Bureau of Environmental Field Services (BEFS), 1000 SW Jackson, Suite 430, Topeka, KS 66612. Comments or objections for all other proposed permits or actions should be sent to Andrew Bowman at the KDHE, Bureau of Water, 1000 SW Jackson St., Suite 420, Topeka, KS 66612.

All draft documents/applications and the supporting information including any comments received are on file and may be inspected at the offices of the KDHE. For agricultural related draft documents or applications an appointment can be scheduled, or copies requested by contacting Jada Martin at 1000 SW Jackson St., Suite 430, Topeka, KS 66612, telephone 785-296-0076 or email at kdhe.feedlots@ks.gov. Las preguntas o comentarios por escrito deben dirigirse a Erich Glave, Director, Bureau of Environmental Field Services en KDHE: 1000 SW Jackson St., Suite 430, Topeka, KS 66612-1367; por correo electrónico: kdhe.feedlots@ks.gov; por teléfono: 785-296-6432. For all other proposed permits or actions an appointment can be scheduled, or copies requested by contacting Jamie Packard, Bureau of Water, 1000 SW Jackson St., Suite 420, Topeka, KS 66612, telephone 785-296-4148 or email at Jamie.Packard@ks.gov. These documents are available upon request at the copying cost assessed by KDHE. Application information and components of plans and specifications for all new and expanding swine facilities are available at <http://www.kdhe.ks.gov/livestock>. The Division of Environment offices are open from 8:00 a.m. to 5:00 p.m., Monday through Friday, excluding holidays.

Notice to Bidders

Notice is hereby given for the receipt of subcontractor bids for the A-014813 University of Kansas Medical Center (KUMC) Cancer Center – Research Tower – Bid Package 05–Interior Fit-out Package. This project is being delivered using procedures established under the Kansas alternate project delivery building construction procurement act (K.S.A 75-37,141 et seq.) for KUMC. JE Dunn Construction is the Construction Manager. Contact person is Daniel Rezin at daniel.rezin@jedunn.com, phone 816-426-8997.

Subcontractor bids will be received for the following scopes of work:

- Asphalt
- Auto openers
- Blinds and shades
- Carpentry
- Cleanrooms
- Interior demolition
- Doors/frames/hardware supply
- Drywall and ACT
- Electrical (CUP and Research Tower)
- Environmental rooms
- Epoxy flooring
- Fire suppression
- Fire rated coiling and folding doors
- Firestopping and joint sealants
- Flooring
- Interior storefront/glazing
- Lab casework
- Lab equipment
- Landscaping/irrigation
- Building integration/low voltage
- Mechanical and plumbing (CUP and Research Tower)
- Painting
- RF shielding
- Terrazzo flooring
- Floor and wall tile

Bids will be received until 2:00 p.m. (Central Time) September 16, 2025, and are to be received by Building Connect or email at daniel.rezin@jedunn.com. Note: Bids for interior demolition, carpentry, and building integration/low voltage scopes of work are to be submitted to professional.qualifications@ks.gov.

All bidders must prequalify in JE Dunn's Subcontractor Management System (SMS). Create or update company information by following directions at <https://sms.jedunn.com>.

All bidders should advise of their intent to bid. Email daniel.rezin@jedunn.com or confirm via Building Connect with intent to bid. An in-person pre-bid conference and walk will be held at 10:00 a.m. August 27, 2025, in Room G032 of the Lied Building at the KUMC Campus. Please reach out to daniel.rezin@jedunn.com with questions. Notification with parking instructions and location of the Lied Building will be sent out via Building Connect

Kansas Register

Volume 44 - Issue 34 - August 21, 2025

Notice to Contractors

Electronic copies of the letting proposals and plans are available on the Kansas Department of Transportation (KDOT) website at <https://kdotapp.ksdot.org/Proposal/Proposal.aspx>. The website will allow the contractor to request approval from KDOT to bid as a prime contractor and be included on the "Bid Holders List," or to be included on the "Non-Bid Holders List" as a subcontractor/supplier. KDOT's approval is required to bid as a prime contractor. To bid as a prime contractor, KDOT needs to be notified of the intent to bid no later than the close of business on the Monday preceding the scheduled letting date. Failure to obtain prior approval to bid as a prime contractor on any projects listed below will be reason to reject your bid. The Secretary reserves the right to reject bids that do not comply with all requirements for preparing a bidding proposal as specified in the 2015 edition of the Kansas Department of Transportation Standard Specifications for State Road and Bridge Construction.

KDOT will only accept electronic internet proposals using the Bid Express website at <https://bidx.com/ks/main> until 1:00 p.m. (Central Time) on letting day. The KDOT bid letting will be conducted remotely by audio broadcast only at 3:00 p.m. (Central Time) on letting day. For the conference call information see <https://www.ksdot.org/bureaus/burconsmain/lettinginfo.asp>. KDOT has tested the process, but in the event of an unforeseen issue, KDOT will provide updates.

Each bidder shall certify that such person, firm, association, or corporation has not, either directly or indirectly, entered into any agreement, participated in any collusion, or otherwise taken any action in restraint of free competitive bidding in connection with the submitted bid. This certification shall be in the form of a required contract provision provided by the state to each prospective bidder. Failure to complete the required contract provision and certify the completeness of the preceding statement when electronically signing the proposal will make the bid nonresponsive and not eligible for award consideration.

Projects for the September 17, 2025 Letting

District One – Northeast

Atchison: 159-3 KA-7854-01 – US-159, from the north city limits of Nortonville north to the south city limits of Horton, crack repair, 26.7 miles. (State Funds)

Request for Comments

The Kansas Department of Transportation (KDOT) requests comments on the amendment of the Statewide Transportation Improvement Program (STIP) FY 25-28. The comprehensive list of project(s) being amended to the STIP may be viewed online at <https://www.ksdot.gov/about/publications-and-reports/state-transportation-improvement-program-stip>. The project list includes projects for counties, cities, and projects on the state highway system. In addition to the project list is Administrative Modification #5 for narrative updates in the STIP.

The amendment of the STIP requires a public comment period of 14 days. To make comment on this STIP amendment, contact KDOT's Division of Program and Project Management, 2nd Floor Tower, 700 SW Harrison, Topeka, KS 66603-3754; phone 785-296-2252.

This information is available in alternative accessible formats. To obtain an alternative format, contact the KDOT Office of Public Affairs at 785-296-3585 (Voice/Hearing Impaired-711).

The comment period regarding the STIP amendment for these projects will conclude September 4, 2025.

Request for Proposals

FC-1001-26 – Embedded Construction Inspector(s)/Administrator(s) for District 1, Area 4 - r1

Notice to Consulting Firms

The Kansas Department of Transportation (KDOT) is seeking a qualified consulting firm or team of firms to supply personnel to perform professional services as described below. Interested consultants must upload a proposal by 12:00 p.m. (Central Time) August 27, 2025, to the Bid Express page to be considered for selection.

Consultant Prequalification

Interested consulting firms must be prequalified by KDOT or otherwise demonstrate qualification in the following category(s):

- 241 – Construction Inspection and Testing

If a firm is not currently prequalified by KDOT, a proposal may still be submitted. Firms not prequalified must also provide documentation that demonstrates the firm is qualified for each specified category listed in this notice for the project. Firms must use the KDOT prequalification form to provide this documentation. KDOT 1050 Prequalification Category Definitions (Blue Book) can be found at <https://www.ksdot.gov/doing-business/design-consultants/design-consultant-prequalification>. Consultants may create a team to meet the prequalification requirements. All firms doing business with KDOT must be registered and in good standing under the laws of the State of Kansas at the time of contracting and must comply with applicable state and federal laws, rules and regulations.

Anticipated Consultant Scope

KDOT anticipates the following to be included in the consultant's scope: Construction Inspection/Testing in the form of full time, in-house, technical and construction contract administration assistance to KDOT's District 1, Area 4 Topeka Construction Office. Scope will include assistance with construction project supervision, inspection staffing, and contract administration. Consultant staff may serve as project supervisor of complex construction projects and/or multiple smaller projects. See Attachment below for additional details.

Consultant staff will be utilized 20/40 hours a week excluding holidays. Hours may be split between two employees of the firm. Contract period will be one year with an optional one-year extension.

Anticipated Schedule and Key Dates

1. Proposals are due by or before 12:00 p.m. (Central Time) August 27, 2025.
2. Ranking of proposals is expected to occur on or around August 29, 2025. Negotiations with the most highly ranked firm are expected to begin on or around September 12, 2025. An executed agreement is anticipated shortly thereafter.
3. Anticipated Start Date: As soon as under contract.

Instructions for Proposal

1. No cost or pricing information shall be submitted with the proposal. Proposals including cost or pricing information will be considered non-responsive and withdrawn from further consideration.
2. The consultant's proposal must not exceed 4 pages total (including any cover letter, index, etc.)
3. A single PDF (10MB maximum size) of the proposal including all attachments must be uploaded to the appropriate bid form on Bid Express by the proposal due date and time.
4. The subject line of the email and the PDF file name must read:
 - a. "FC-1001-26–EmbedConstInsp.Admin in D1A4 Topeka -r1 FIRM NAME"

5. The proposal must be accompanied by Special Attachments No. 8 ("Tax Clearance Certificate"), No. 10 ("Policy Regarding Sexual Harassment"), and No. 12 ("Certification of Company Not Currently Engaged in the Procurement or Obtainment of Certain Equipment, Services, or Systems"). If you need a Tax Clearance Certificate, you can request one at <https://www.ksrevenue.gov/taxclearance.html>. Allow 2-3 business days for processing. All attachments are required for every firm involved in a multi-consultant team. Upload these files as instructed in Bid Express.
6. The outline in Table 1 below describes the expected proposal organization and content sections.
7. Table 2 lists the evaluation criteria and associated weights which will be used to make a selection.

Table 1: Proposal Content

Section	Description of Intent
Cover Letter	(no more than 1 page)
Project Approach	Describe how your firm will meet the fluctuating needs of the project.
Approach to Quality Control	Describe methods or procedures your firm will use to provide all services with professional quality and technical accuracy.
Qualifications and Experience	For key personnel to be assigned to the project provide names, qualifications, education, training, and expertise. Identify their area(s) of responsibility and percent of their time dedicated to the project. List work for which you do not have in-house capability and name the firm you propose to subcontract with if any.
Past Performance	Describe team's past performance with respect to ability to meet project schedules; quality of work; and ability to control costs on similar transportation projects, especially those performed for KDOT. Include three references and contact information.
Familiarity with KDOT and Project Area	Describe team's familiarity with KDOT's processes and standards. Describe familiarity with the project area and any identified special site conditions.

Table 2: Evaluation Factors

Evaluation Factor	Weight
The quality and completeness of the response	10%
Availability to respond to the work	20%
Qualifications and experience of key project team members proposed for services	20%
Past performance history for similar projects/services for KDOT	20%
Understanding of the District and Area	10%
Understanding of KDOT contract administration and closeout procedures	20%

Contract Terms and Conditions

A standard KDOT agreement for engineering and technical services will be used for professional services projects. The following special attachments will need to be provided by the selected consultant and all subconsultants if any, with the signed work order following negotiations and will become attachments to the contract.

- Special Attachment No. 8 ("Tax Clearance Certificate")
- Special Attachment No. 10 ("Policy Regarding Sexual Harassment")

- Special Attachment No. 12 ("Certification of Company Not Currently Engaged in the Procurement or Obtainment of Certain Equipment, Services, or Systems")

Questions

All questions regarding this Request for Proposals shall be submitted via Q&A section of bid form in Bid Express.

Questions can be submitted until August 14, 2025; answers will be provided to all prequalified consultants on August 21, 2025.

Attachment: Additional Details

Embedded Consultant for KDOT's District 1 Area 4 Construction Office in Topeka, Kansas

The KDOT District 1, Area 4 construction office located in Topeka, Kansas, is requesting an embedded consultant to provide full time, in-house, technical and construction contract administration expertise.

Construction Project Supervision and Contract Administration

Under the direction of the Metro Engineer (ME, Field Engineering Administrator (FEA) or Construction Engineer (CE), assist with construction project supervision, inspection staffing, and contract administration. The consultant may serve as project supervisor of complex construction projects and/or multiple smaller projects.

Duties include, but are not limited to:

- Provide recommendations to the ME, FEA and CE regarding project actions, staffing and any other project related matters.
- Responsible for the review or compilation of project documentation for all phases of work performed to substantiate the contract payments. This documentation includes daily diaries, weekly recaps, test reports, final papers, and data entered into AASHTOWare.
- Make determination on the charges of working days.
- Represent the Kansas Department of Transportation in all project-related meetings and conferences.
- Provide guidance to the construction staff in the review of construction plans such as verifying steel quantities, grade computations and earthwork quantities.
- Maintain contact with the contractor's project manager on the project.
- Represent the Kansas Department of Transportation on construction project related decisions.

Mentoring Resource

The consultant will serve as a mentor and provide effective leadership to less experienced Technicians and Engineering Associates. The consultant will identify and recommend areas of additional training needed within the construction office. This information will be used to assist the ME, FEA or CE to organize effective training programs for the construction office.

Provides other project related construction assistance to the ME, FEA and CE as directed.

Construction Plan Development

Reviews or prepares documents for field-designed projects such as 1R projects, bridge set-aside projects, culvert set-aside projects and 3R major modifications. This includes field measuring, quantity computations, drafting of plan sheets and field surveys. This also includes participation in field checks and plan reviews as necessary.

Qualifications

- A minimum of 5 years of experience managing large or complex KDOT construction projects.
- Current CIT certifications in Basic Inspection, Asphalt Paving Inspection, Concrete Paving Inspection, Structures Inspection, ACI Concrete Field-Testing Technician, Aggregate Field Technician.

- Expert proficiency with KDOT’s construction management software AASHTOWare.

This is expected to be a full-time (20/40 hours/week excluding holidays) assignment based at the District 1, Area 4 Office in Topeka. The hours will be through one main person with two delegates. The delegates are intended to be used when the main person is on leave, unavailable or the workload has created a need for additional staff for a short period of time. The contract period will be one calendar year with an option for KDOT to add a one-year extension.

City of Hays, Kansas

Notice of Intent to Seek Private Placement Taxable General Obligation Bonds, Series 2025-B

Notice is hereby given that the City of Hays, Kansas (the "Issuer") proposes to seek a private placement of the above-referenced bonds (the "Bonds"). The maximum aggregate principal amount of the Bonds shall not exceed \$860,000. The proposed sale of the Bonds is in all respects subject to approval of a bond purchase agreement between the Issuer and the purchaser of the Bonds and the passage of an ordinance and adoption of a resolution by the governing body authorizing the issuance of the Bonds and the execution of various documents necessary to deliver the Bonds.

Dated July 10, 2025.

Kim Rupp
Director of Finance
City of Hays, Kansas

Doc. No. 053417

(Published in the Kansas Register August 21, 2025.)

City of Hays, Kansas

Summary Notice of Bond Sale

\$14,375,000*

General Obligation Bonds, Series 2025-A

(General Obligation Bonds Payable from Unlimited Ad Valorem Taxes)

Bids

Subject to the Notice of Bond Sale dated July 10, 2025 (the “Notice”), email and electronic bids will be received on behalf of the Director of Finance of the City of Hays, Kansas (the “Issuer”) in the case of email bids, at the address set forth below, and in the case of electronic bids, through PARITY® until 10:30 a.m. (Central Time) August 28, 2025, for the purchase of the above-referenced bonds (the “Bonds”). No bid of less than 100% of the principal amount of the Bonds and accrued interest thereon to the date of delivery will be considered.

Bond Details

The Bonds will consist of fully registered bonds in the denomination of \$5,000 or any integral multiple thereof. The Bonds will be dated September 25, 2025, and will become due on September 1 in the years as follows:

Year	Principal Amount*
2026	\$370,000
2027	355,000
2028	380,000
2029	395,000
2030	415,000
2031	440,000
2032	455,000
2033	480,000
2034	495,000
2035	510,000
2036	725,000
2037	755,000
2038	785,000
2039	820,000
2040	855,000
2041	885,000
2042	925,000
2043	970,000
2044	1,010,000
2045	1,055,000
2046	305,000

Year	Principal Amount*
2047	315,000
2048	330,000
2049	345,000

* Subject to change, see the Notice

The Bonds will bear interest from the date thereof at rates to be determined when the Bonds are sold as hereinafter provided, which interest will be payable semiannually on March 1 and September 1 in each year, beginning on March 1, 2026.

Book-Entry-Only System

The Bonds shall be registered under a book-entry-only system administered through DTC.

Paying Agent and Bond Registrar

Treasurer of the State of Kansas, Topeka, Kansas.

Good Faith Deposit

Each bid shall be accompanied (in the manner set forth in the Notice) by a good faith deposit in the form of a cashier's or certified check drawn on a bank located in the United States of America or a wire transfer in Federal Reserve funds immediately available for use by the Issuer in the amount of \$287,500.

Delivery

The Issuer will pay for preparation of the Bonds and will deliver the same properly prepared, executed, and registered without cost to the successful bidder on or about September 25, 2025, to DTC for the account of the successful bidder.

Assessed Valuation and Indebtedness

The Equalized Assessed Tangible Valuation for Computation of Bonded Debt Limitations for the year 2025 is \$348,796,658. The total general obligation indebtedness of the Issuer as of the Dated Date, including the Bonds being sold, but excluding temporary notes to be retired with proceeds of the Bonds, is \$29,854,000.

Approval of Bonds

The Bonds will be sold subject to the legal opinion of Gilmore & Bell, P.C., Wichita, Kansas, Bond Counsel to the Issuer, whose approving legal opinion as to the validity of the Bonds will be furnished and paid for by the Issuer, printed on the Bonds, and delivered to the successful bidder as and when the Bonds are delivered.

Additional Information

Additional information regarding the Bonds may be obtained from the undersigned, or from the Municipal Advisor at the addresses set forth below.

Summary Notice of Bond Sale

\$4,725,000*

General Obligation Bonds, Series 2025-A

(General Obligation Bonds Payable from Unlimited Ad Valorem Taxes)

Bids

Subject to the Notice of Bond Sale dated August 11, 2025 (the “Notice”), facsimile, email, and electronic bids will be received on behalf of the Clerk of the City of Haysville, Kansas (the “Issuer”) in the case of facsimile or email bids, at the address set forth below, and in the case of electronic bids, through PARITY® until 10:00 a.m. (Central Time) September 8, 2025, for the purchase of the above-referenced bonds (the “Bonds”). No bid of less than 100% of the principal amount of the Bonds and accrued interest thereon to the date of delivery will be considered.

Bond Details

The Bonds will consist of fully registered bonds in the denomination of \$5,000 or any integral multiple thereof. The Bonds will be dated September 30, 2025, and will become due on October 1 in the years as follows:

Year	Principal Amount*
2027	\$145,000
2028	155,000
2029	160,000
2030	170,000
2031	180,000
2032	185,000
2033	195,000
2034	200,000
2035	215,000
2036	225,000
2037	230,000
2038	245,000
2039	255,000
2040	265,000
2041	285,000
2042	295,000
2043	305,000
2044	325,000
2045	340,000
2046	350,000

* Subject to change, see the Notice

[Table of Contents](#)

The Bonds will bear interest from the date thereof at rates to be determined when the Bonds are sold as hereinafter provided, which interest will be payable semiannually on April 1 and October 1 in each year, beginning on April 1, 2026.

Book-Entry-Only System

The Bonds shall be registered under a book-entry-only system administered through DTC.

Paying Agent and Bond Registrar

Treasurer of the State of Kansas, Topeka, Kansas.

Good Faith Deposit

Each bid shall be accompanied (in the manner set forth in the Notice) by a good faith deposit in the form of a cashier's or certified check drawn on a bank located in the United States of America or a wire transfer in Federal Reserve funds immediately available for use by the Issuer in the amount of \$94,500.

Delivery

The Issuer will pay for preparation of the Bonds and will deliver the same properly prepared, executed, and registered without cost to the successful bidder on or about September 30, 2025, to DTC for the account of the successful bidder.

Assessed Valuation and Indebtedness

The Equalized Assessed Tangible Valuation for Computation of Bonded Debt Limitations for the year 2025 is \$113,313,505. The total general obligation indebtedness of the Issuer as of the Dated Date, including the Bonds being sold, is \$19,260,000.

Approval of Bonds

The Bonds will be sold subject to the legal opinion of Gilmore & Bell, P.C., Wichita, Kansas, Bond Counsel to the Issuer, whose approving legal opinion as to the validity of the Bonds will be furnished and paid for by the Issuer, printed on the Bonds, and delivered to the successful bidder as and when the Bonds are delivered.

State of Kansas

Department of Agriculture Division of Water Resources

Notice of Hearing on Proposed Administrative Regulations

A public hearing will be conducted at 10:00 a.m. October 27, 2025, in room 124 of the Kansas Department of Agriculture, 1320 Research Park Dr., Manhattan, Kansas, to consider the adoption of proposed regulations. The public hearing will be conducted in person and via video conferencing system. Members of the public who wish to attend the public hearing virtually must pre-register at: <https://kansasag.zoom.us/j/81598721238?pwd=iyDhQXsQctaqlCe6v81437wfJNcHEm.1&jst=1>.

This 60-day notice of the public hearing shall constitute a public comment period for the purpose of receiving written public comments on the proposed rules and regulations. All interested parties may submit written comments prior to the hearing to the Secretary of Agriculture, 1320 Research Park Dr., Manhattan, KS 66502, or by email to ronda.hutton@ks.gov. All interested parties will be given a reasonable opportunity to present their views orally on the adoption of the proposed regulations during the hearing. To give all parties an opportunity to present their views, it may be necessary to request each participant limit any oral presentation to five minutes. These regulations are proposed for adoption on a permanent basis.

A summary of K.A.R. 5-4-1, K.A.R. 5-4-1a and K.A.R. 5-4-1b follows:

The Kansas Department of Agriculture, Division of Water Resources (KDA-DWR) is proposing the revocation of two regulations and the adoption of one new regulation related to the implementation of the Kansas Water Appropriation Act, K.S.A. 82a-701, et seq. (KWAA). The regulations relate specifically to claims of water rights impairment. Water rights are real property rights pursuant to the KWAA.

K.A.R. 5-4-1 previously governed claims of impairment and is proposed for revocation. A streamlined version of its requirements is proposed to be adopted in new regulation K.A.R. 5-4-1b.

K.A.R. 5-4-1a currently applies to impairments caused by what the regulation refers to as a “regional lowering of the water table” and also is proposed for revocation because a regional lowering of the water table that does not include one single well interfering with the pumping of one other single well is not impairment. A regional lowering of the water table alone cannot cause impairment. The KWAA provides that the exercise of junior water rights is permitted to cause a reasonable raising or lowering of the water table so long as the exercise of a junior right does not interfere with the exercise of a senior right. All situations that constitute impairment can be adequately dealt with pursuant to K.A.R. 5-4-1b in conjunction with the KWAA’s impairment statutes.

K.A.R. 5-4-1b will remove the requirement that a senior water right holder submit a “request to secure water” to KDA-DWR after the agency has already determined that the senior right is being impaired and remove the requirement that KDA-DWR solicit recommendations from the area groundwater management district regarding the resolution of the impairment. This proposed amendment is intended to closely align the agency’s regulations with the clear intent of the KWAA that it is the Chief Engineer of KDA-DWR who is vested with the authority and responsibility to take action to remedy an impairment and to determine the way that should be done. K.A.R. 5-4-1b would also provide that a water right owner who complains of impairment only must provide certain additional information to the chief engineer upon request and would remove notice requirements that are redundant to those already contained in K.S.A. 82a-717a.

A summary of K.A.R. 5-19-1 and K.A.R. 5-19-2 follows:

The Kansas Department of Agriculture, Division of Water Resources (KDA-DWR) is proposing amendments to two existing regulations related to the implementation of the Kansas Water Appropriation Act, K.S.A. 82a-

701, et seq. (KWAA). The regulations relate specifically to water quantity allocations within a Local Enhanced Management area or “LEMA.” LEMAs are an existing statutorily authorized local-level conservation tool that allows a groundwater management district to bring forward a plan to the Chief Engineer of KDA-DWR that is intended to reduce water use within the LEMA, thereby extending the useful life of the groundwater resources in those areas.

These regulations are intended to reflect recent updates to the LEMA statute that will authorize LEMA plans to provide for multi-year quantity allocations that allow a water right to divert water more than its authorized annual quantity in a given year so long as the diversions do not exceed the total assigned quantity allocation over the LEMA term. The regulations refer to these multi-year allocations as “fixed allocations” and establish requirements pertaining to them. This change will allow water right owners within a LEMA to use more water in years when doing so may be necessary due to weather or other factors while using less water when it is not needed and still retaining the unused quantity for future use. This will provide greater water use flexibility for irrigation water right owners within a LEMA while promoting water conservation.

K.A.R. 5-19-1 is the regulation that sets out definitions for the implementation of the LEMA statute. The proposed amendment to this regulation will add a definition of “fixed allocation.”

K.A.R. 5-19-2 sets out the substantive regulatory requirements governing LEMA plans. The proposed amendment to the regulation adds requirements pertaining to LEMA plans that provide fixed allocations. It provides that the fixed allocation requirements set out in the regulation apply only to LEMAs with initial terms beginning after the effective date of the regulation. It also provides that historical water use under an individual water right shall not be used to establish fixed allocations and that fixed allocations shall instead be based on the overall goal of the LEMA in conjunction with one of several other factors listed in the regulation.

Economic Impact Statement

The proposed regulations are not mandated by federal law as a requirement for participating in or implementing a federally subsidized or assisted program and do not exceed any requirements of federal law.

The proposed regulations will not enhance or restrict business activities and growth or impose any costs on business and economic development, local government, or individuals. In addition, they will not cause any changes in aggregate state revenues and expenditures for the current or next fiscal year. LEMAs are voluntarily requested by the boards of directors of groundwater management districts, and the use of fixed allocations are within a LEMA plan.

There are no implementation and compliance costs associated with K.A.R. 5-4-1, 5-4-1a, and 5-4-1b. The proposed regulations remove many onerous requirements previously imposed on the owners of impaired or allegedly impaired senior water rights and place more of that responsibility solely on the agency. The proposed regulations will substantially improve the ability to protect real property rights. Existing law already provides that impairing junior water rights are to be regulated in accordance with the determination of the Chief Engineer.

K.A.R. 5-19-1 and 5-19-2 do not impose implementation and compliance costs, as LEMAs are never required and the use of fixed allocations within a LEMA is also not required.

Businesses that own water rights within an area where a new LEMA that allows for fixed allocations is established would be directly affected, but the regulations themselves do not impose any mandatory costs on such businesses and will not automatically benefit them absent voluntary action by local groundwater management districts.

The main benefit of the proposed regulations is increased flexibility provided to groundwater management districts in crafting LEMA plans and to agricultural producers in managing their water use within a LEMA. The regulations have no true costs, as they simply provide voluntary water management tools.

Kansas Register

Volume 44 - Issue 34 - August 21, 2025

[Table of Contents](#)

The proposed regulations will not impose any immediate or long-range economic impact on individuals, small employers, or the general public.

Although there will be no direct impact on cities, counties or school districts, the Kansas Association of Counties, Kansas Association of School Boards, and League of Kansas Municipalities were each provided a copy of the regulations and asked to assess the economic impact of the proposed regulations on those entities. All of these entities either did not respond or stated that they would incur no impact.

In developing the proposed regulations, the agency consulted with the Kansas Livestock Association, Kansas Farm Bureau, the Kansas Agribusiness Retailers Association, Kansas Corn Growers, the Kansas Rural Water Association, Kansas Municipal Utilities, the Kansas Water Office, and the five Kansas groundwater management districts.

Any individual with a disability may request accommodations to participate in the public hearing and may request the proposed regulations and economic impact statements in an accessible format. Requests for accommodations should be made at least five working days in advance of the hearing by contacting Ronda Hutton at 785-564-6715 or fax at 785-564-6777.

Copies of the proposed regulations and economic impact statements may be obtained by contacting the Department of Agriculture, Ronda M. Hutton, 1320 Research Park Dr., Manhattan, KS 66502 or 785-564-6715 or by accessing the department's website at <https://www.agriculture.ks.gov>. Comments may also be made through our website at the following link: <https://www.agriculture.ks.gov/public-resources/public-comments>.
