Notice of Commencement of Negotiations for Construction Manager At-Risk Services

Notice is hereby given for seeking the interest and qualifications for Construction Management At-Risk (CMAR) services for the new Kansas Veterinary Diagnostic Laboratory (KVDL) at Kansas State University.

Kansas State University is currently seeking the services of an architectural firm specializing in the design and construction of a new Veterinary Diagnostic Laboratory (VDL) to serve the State of Kansas and surrounding areas. The existing facilities are spread out over multiple buildings on the Kansas State University Manhattan campus resulting in inefficiency and poor biosecurity. The goal is to combine all the labs into one standalone VDL facility. This will help to provide safer and more efficient diagnostic facilities for individual and state entities and will improve internal and external testing, processing and reporting. The new facility, with a planned square footage of 142,000 GSF, will meet/maintain AAVLD and NAHLN Level 1 accreditation. See attached program statement for a full description of the desired facility. The intended delivery method will be a Construction Manager at Risk (CMaR), pending approval from the State Building Advisory Commission (SBAC).

The qualifications requested are:

- Prior national experience with the design and construction of accredited VDLs is a key requirement.
- Knowledge and experience with the design of BSL3 labs, including necropsy BSL3.
- Experience with biological sample/carcass disposal (incineration/digestion) and sterilization systems.
- Strong knowledge of building systems required for a VDL facility, along with knowledge of connection to existing campus chilled water and steam systems.
- Strong experience of working with an integrated team of owner, A/E consultants and a CMaR.
- Experience with working in the State of Kansas, and familiarity with the Kansas Board of Regents (KBOR) and the Office of Facilities and Property Management (OFPM) policies will be extremely advantageous.

The project construction budget is \$100,000,000.

The construction manager at-risk will provide for each phase cost estimating, scheduling, constructability reviews, and value engineering studies; procure equipment, prequalify subcontractors, and take bids; review bids with the design team and owner to determine bids to accept; prepare cost estimate(s) for the un-bid portion(s); provide a guaranteed maximum price and a bond; and manage construction and track all costs for the design team and owner's review.

An architectural/engineering program is available at <http://admin.ks.gov/offices/ofpm/dcc/arch-eng-programs>. For more information contact Lisa Johnson at lisajohnson@ksu.edu or 785-532-0379.

To be considered, one (1) PDF file of the following should be provided: State of Kansas Professional Qualifications DCC Forms 051, 052, 053 and 054, inclusive, and information regarding similar projects. Forms may be found at <https://admin.ks.gov/offices/facilities-property-management/design-construction--compliance/forms-and-documents>. State of Kansas Professional Qualifications DCC Form 050 for each firm and consultant should be provided at the end of each SOQ (statement of qualification) submittal. Please include your firm name, agency abbreviation and an abbreviated project name in the title of the PDF document. Submittals of SOQ forms should be less than 5Mb and follow the current State Building Advisory Commission guidelines for Phase I of the Construction Management at Risk process, which can be found in Part B – Chapter 7 of the Building Design and Construction Manual at <https://admin.ks.gov/offices/facilities-property-management/design-construction--compliance/building-design-and-construction-manual-bdcm>.

Notice of Proposed Kansas/Federal Water Pollution Control Permits and Applications

In accordance with Kansas Administrative Regulations 28-16-57a through 63, 28-18-1 through 17, 28-18a-1 through 31 and 33, 28-16-150 through 154, 28-46-7, and the authority vested with the state by the administrator of the U.S. Environmental Protection Agency, various draft water pollution control documents (permits, notices to revoke and reissue, notices to terminate) have been prepared and/or permit applications have been received for discharges to waters of the United States and the state of Kansas for the class of discharges described below.

The proposed actions concerning the draft documents are based on staff review, applying the appropriate standards, regulations, and effluent limitations of the state of Kansas and the Environmental Protection Agency. The final action will result in a Federal National Pollutant Discharge Elimination System Authorization and/or a Kansas Water Pollution Control permit being issued, subject to certain conditions, revocation, and reissuance of the designated permit or termination of the designated permit.

Las acciones propuestas con respecto a los documentos preliminares se basan en la revisión del personal, aplicando los estándares, regulaciones y limitaciones de efluentes apropiados del estado de Kansas y de la Agencia de Protección Ambiental de Estados Unidos. La acción final resultará en la emisión de una Autorización Federal del Sistema Nacional de Eliminación de Descargas de Contaminantes y un permiso de Control de Contaminación del Agua de Kansas, sujeto a ciertas condiciones, revocación y reemisión del permiso designado o terminación del permiso designado. Kansas Permit No. A-UAHS-D001
Federal Permit No. KS0300013

The proposed action is to modify and reissue the existing State/NPDES permit for a facility for a proposed maximum capacity of 20,000 head (20,000 animal units) of cattle weighing more than 700 pounds, and 52,500 head (26,250 animal units) of cattle weighing less than 700 pounds, and 7,000 head (9,800 animal units) of mature dairy cows; for a total of 56,050 animal units. This represents an increase in the permitted animal units from the previous permit. This permit is also being modified to add a dairy milking facility including two (2) cross vent barns, 24 acres of open lot pens, six (6) settling basins, and two (2) earthen retention control structures. This facility has an approved Nutrient Management Plan on file with KDHE.

The proposed action consists of reissuance of a Kansas/NPDES Water Pollution Control permit for an existing facility. The existing facility is a four cell wastewater stabilization lagoon system with a minimum of 120 days detention time. The facility receives domestic wastewater from residential and commercial areas. This permit contains limits for Biochemical Oxygen Demand, Total Suspended Solids, Ammonia, and E. coli. The permit contains monitoring for pH, and Total Phosphorus. This NPDES discharging lagoon wastewater treatment facility has been reviewed for eligibility for the MDV for ammonia and has been determined to be eligible. Eligibility was determined through analysis of the facility's highest attainable criteria (HAC) for ammonia and an Economic Eligibility Determination (EED) that assessed the impact of the cost of a new mechanical facility to the community's rate payers. The ammonia effluent limit was determined on May 20, 2025 by calculating the 99th percentile ammonia value from the facility's discharge monitoring reports resulting in an ammonia limit of 6.3 mg/L for this facility.

Department of Transportation

Request for Applications

The Kansas Department of Transportation (KDOT) Office of Public Transportation is now accepting applications for the Federal Transit Administration (FTA) programs:

- U.S.C. 49-5310 – Specialized Transportation for the Elderly and Disabled
- U.S.C. 49-5311 – General Public Transportation in Non-urbanized Areas
- U.S.C. 49-5311(f)- Intercity Bus

This application is to fund agency needs for State Fiscal Year 2027 (July 01, 2026, through June 30, 2027). The application is required annually from ALL KDOT funded 5310, 5311 transit provider agencies including those not requesting capital and/or operating expenses.

The purpose of the U.S.C. 49-5310 program is to provide funds to support private non-profit corporations and authorized governments to provide transportation services to meet the special needs of the elderly and persons with disabilities. Federal funding under this program is available for capital expenditures only. State funding is available for operating expenses with the maximum award set by KDOT. Operating reimbursements will be made at a 70% state and 30% local share. Capital awards are supported at 80% federal and 20% local.

The purpose of the U.S.C. 49-5311 program is to provide funds to support rural and non-urbanized (cities less than 50,000 population) public transportation projects. The goal of the U.S.C. 49-5311 program is to provide services to the general public on an equal opportunity basis. Funds can be used for either operating or capital expenses. Operating costs are supported 50% federal, 20% state, and 30% local. Capital awards are supported at 80% federal and 20% local.

The purpose of the U.S.C. 49-5311(f) program is to provide funds to support the intercity bus system and its purpose as a vital link between isolated rural communities and the rest of the nation. The goal of the U.S.C. 49-5311(f) program is to support the connection between nonurbanized areas and the larger regional or national system, meet the intercity travel needs of residents in nonurbanized areas, and support the infrastructure of the intercity bus network.

Application Process

All applications are to be submitted via KDOT's online grant management portal at <https://secure.blackcatgrants.com/Login.aspx?site=ksdot>. New applicants will need to request access by contacting Taylor Zortman at Taylor.L.Zortman@ks.gov.

KDOT has developed selection criteria to be used by the Kansas Coordinated Transit District Council (KCTDC) in evaluating the capital request applications. The applications will be ranked by the KCTDC in January 2026. After the application ranking by the KCTDC, KDOT staff will use the selection criteria in their evaluation of the applications. It should be noted that all items on the application must be completed. Points will be deducted in the ranking process for missing or incomplete information.

Questions can be directed to KDOTtransit@ks.gov.

All application materials must be submitted to KDOT online by 3:00 p.m. Thursday, November 20, 2025.

KA-6886-01- Clear Zone Improvement Project on K-9

Notice to Consulting Firms

The Kansas Department of Transportation (KDOT) is seeking a qualified consulting firm or team of firms to perform professional services for the project(s) described in Table 1 below. Interested consultants must submit a proposal as laid out herein by 12:00 p.m. (Central Time) October 22, 2025, to be considered for selection.

Consultant Prequalification

Interested consulting firms must be prequalified by KDOT or otherwise demonstrate qualification in the following category(s):

- 201 – Location and Design Concept Studies/Corridor Studies
- 212 – Highway Design – Minor Facility
- 222 – Standard Span Bridge Design
- 231 – Traffic Control Analysis and Design
- 325 – Hydraulic and Hydrologic Studies
- 401 – Landscape, Seeding, and Erosion Control

If a firm is not currently prequalified by KDOT in any of the required categories, a proposal may still be submitted. Firms not prequalified must also provide documentation that demonstrates the firm is qualified for each specified category listed in this solicitation for the project. Firms must use the KDOT prequalification form to provide this documentation. KDOT 1050 Prequalification Category Definitions (Blue Book) can be found at <https://www.ksdot.gov/doing-business/design-consultants/design-consultant-prequalification>. Consultants may create a team to meet the prequalification requirements. All firms doing business with KDOT must be registered and in good standing under the laws of the State of Kansas at the time of contracting and must comply with applicable state and federal laws, rules, and regulations.

Anticipated Consultant Scope

A discovery phase summary report detailing the analysis, alternatives, costs, and recommendations is expected. Other expectations for consultant scope are shown below. A scoping meeting will take place after consultant selection is made. The scope included herein may not be all-inclusive and is subject to change. A scoping meeting will take place after consultant selection is made.

KDOT anticipates the following to be included in the consultant's scope:

- Project Discovery:
 - Travel demand forecasting, traffic analysis, and engineering:
 - KDOT to complete the forecast, consultant to gather counts.
 - Analysis of shoulder widths and types, geometric improvements, and intersection improvements.
 - Identify priority segments and improvements for a phased approach to construction projects along the study corridor.
 - Produce a report summarizing alternatives/improvement options, including cost estimates, along with a recommended action.
- Road Design:
 - Discovery Phase including NEPA desktop screening.
 - Visit the project site location.
 - Subsequent phases may include:
 - Develop plans to Materials and Research.
 - Develop Preliminary Plans to Field Check.
 - Develop Office Check Plans.
 - Design, and roadside safety analysis.
 - Develop Final Plans for Construction.
 - Perform roadway geometric design, drainage design, and roadside safety.
- Bridge Design:
 - Discovery Phase:
 - Determine structural improvement needs, if any.
 - Subsequent phases may include:
 - Develop Preliminary Plans to Field Check.
 - Perform hydraulic analysis and determine type, size and location of proposed replacement structures.
 - Final Design.
- Traffic Engineering:
 - Discovery Phase.
 - Subsequent phases may include:
 - Develop permanent signing and pavement marking plans.
 - Develop Traffic Control Plans.
- Transportation Planning:
 - Data collection of present traffic (counts) as needed or deemed necessary. Data collection of present traffic (counts) as needed or deemed necessary.

- Coordinate information with the Transportation Planning Forecasting Group.
- 3D Electronic Deliverables Preparation.

KDOT, at the Secretary’s discretion, reserves the right to retain for subsequent phases of design and consulting services the consultant selected to provide services associated with this Request for Proposals. Scope in subsequent phases will likely include, but is not limited to, plan development through preliminary and final design as well as traffic engineering.

Activities performed by KDOT include:

- Topographic and Land Survey
- Development of Existing Right of Way
- Traffic Forecasting

Anticipated Schedule and Key Dates

1. Proposals are due by or before 12:00 p.m. (Central Time) October 22, 2025.
2. Ranking of proposals is expected to occur on or around November 5, 2025. Negotiations with the most highly ranked firm are expected to begin on or around November 19, 2025. An executed agreement is anticipated around December 31, 2025.
3. Discovery phase shall be completed by August 15, 2026.
4. The program fiscal year for this project is FY2032 (July 2031 – June 2032).

Instructions for Proposal

1. No cost or pricing information shall be submitted with the proposal. Proposals including cost or pricing information will be considered non-responsive and withdrawn from further consideration.
2. The consultant’s proposal must not exceed 5 pages total (including any cover letter, index, etc.). All pages shall be standard letter size (8.5” x 11”). Any page larger than standard letter size will be counted as two or more pages depending on size.
3. A single PDF (10 MB maximum size) of the proposal must be uploaded to the appropriate bid form on Bid Express by the proposal due date and time.
4. The proposal PDF file name must read:
 - a. “KA-6886-01_Clear Zone Improvement Project FIRM NAME”
5. The proposal must be accompanied by Special Attachments No. 8 (“Tax Clearance Certificate”), No. 10 (“Policy Regarding Sexual Harassment”), and No. 12 (“Certification of Company Not Currently Engaged in the Procurement or Obtainment of Certain Equipment, Services, or Systems”). If you need a Tax Clearance Certificate, you can request one at <https://www.ksrevenue.gov/taxclearance.html>. Allow 2-3 business days for processing. Both attachments are required for every firm involved in a multi-consultant team. Upload these files as instructed in Bid Express.
6. The outline in Table 3 below describes the expected proposal organization and content sections.
7. Depending on the number and quality of responses received, KDOT anticipates shortlisting (based on proposals) and holding interviews prior to final selection (which may be based on both proposal and interview content). If KDOT deems interviews to be necessary, interview details and requirements and evaluation criteria for the interview will be distributed to shortlisted consultant teams in advance.
8. Table 4 lists the evaluation criteria and associated weights which will be used to shortlist respondents and may be considered in final selection.

Request for Proposals

KA-7182-01 – I-135 Canal Route

Notice to Consulting Firms

The Kansas Department of Transportation (KDOT) is seeking a qualified consulting firm or team of firms to perform professional services for the project(s) described in Table 1 below. Interested consultants must submit a proposal as laid out herein by 12:00 p.m. (Central Time) October 22, 2025, to be considered for selection.

Consultant Prequalification

Interested consulting firms must be prequalified by KDOT or otherwise demonstrate qualification in the following category(s):

- 161 – Corridor/Project Feasibility Studies
- 163 – Congestion Management/ITS
- 171 – Environmental Documentation
- 201 – Location and Design Concept
- 231 – Traffic Control Analysis and Design
- 321 – Bridge Structural Analysis
- 322 – Bridge Inspection
- 325 – Hydraulic and Hydrologic Studies

If a firm is not currently prequalified by KDOT in any of the required categories, a proposal may still be submitted. Firms not prequalified must also provide documentation that demonstrates the firm is qualified for each specified category listed in this solicitation for the project. Firms must use the KDOT prequalification form to provide this documentation. KDOT 1050 Prequalification Category Definitions (Blue Book) can be found at <https://www.ksdot.gov/doing-business/design-consultants/design-consultant-prequalification>. Consultants may create a team to meet the prequalification requirements. All firms doing business with KDOT must be registered and in good standing under the laws of the State of Kansas at the time of contracting and must comply with applicable state and federal laws, rules, and regulations.

Table 1: Background and Scope of Project

| Project Number | Background and Scope of Project |
|----------------|---|
| KA-7182-01 | This project will complete a Planning and Environmental Linkages (PEL) Study to develop options for replacing infrastructure along an approximate 5.5-mile segment of I-135 in Wichita. The study area is comprised of the two largest bridge structures in Kansas, two interchanges, 53 roadway bridges, and four pedestrian bridges. Services associated with this Request for Proposals are for the Planning and Environmental Linkages (PEL) only, with an option to supplement the contract through Preliminary Design, Final Design, and Construction Phase Services. |

Table 2: Project Summary

| Project Number | Route and Scope | Length (mi) | Project Termini |
|----------------|---|-------------|--|
| KA-7182-01 | 135-87 Planning and Environmental Linkages (PEL) Study | 5.5 | I-135 from east Harry Street, north to the K-96 Interchange |
| Project Number | Structure BR#, Structure Scope, Structure Size and Type | | |
| KA-7182-01 | This corridor has 53 roadway bridges and 4 pedestrian bridges in its existing condition. The PEL Study will evaluate necessary bridges to be replaced, bridges to remain, and bridges to be removed. Size, bridge types, and phasing also to be evaluated on a preliminary level. | | |

Anticipated Consultant Scope

KDOT anticipates the following to be included in the selected consultant’s scope: PEL Study Services including preliminary concepts alternatives, travel demand forecasting, traffic analysis and traffic engineering, preparation for NEPA, public outreach and stakeholder engagement.

Current expectations for consultant scope are more defined below. The scope included may not be all-inclusive. Some items may be added later due to in-house resources becoming unavailable. A scoping meeting will take place after consultant selection is made to further define tasks for inclusion.

- Project Discovery:
 - Travel demand forecasting, traffic analysis, and traffic engineering.
 - Development of several alternative concepts.
 - Assessment of cultural and environmental constraints.
 - Evaluation of existing conditions, operations, and interchange spacing.
 - Evaluation and screening of concept alternatives, including interchanges:
 - Adjacent Interchanges on US-54/400 to also be included.
 - Cost estimates.
- Road Design:
 - PEL Study to prepare for NEPA.
 - Visit the project site location.
 - Subsequent phases may include:
 - Develop plans to Materials and Research.
 - Develop Preliminary Plans to Field Check.
 - Develop Office Check Plans.
 - Design, and roadside safety analysis.
 - Develop Final Plans for Construction.
 - Perform roadway geometric design, drainage design, and roadside safety.
- Bridge Design:
 - Evaluate existing bridge conditions and structural improvement needs.
 - Evaluate phasing structures.
 - Subsequent phases may include:
 - The consultant will propose and evaluate different framing layouts for review and acceptance by the KDOT Bridge Office.
 - Develop Preliminary Plans to Field Check.
 - Perform hydraulic analysis and determine type, size and location of proposed replacement structures.
 - Final Design.
- Traffic Engineering:
 - Evaluate methods to handle traffic during construction.

- Subsequent phases may include:
 - Develop permanent signing and pavement marking plans.
 - Develop Traffic Control Plans.
 - Evaluation of existing ITS operations and potential future design.
- Grant Application Support:
 - Subsequent Phases may include:
 - Data collection and review.
 - Identify strategies for maximum points.
 - Prepare cost estimates as needed.
 - Coordinate with KDOT for required information.
 - Draft support letters for public, elected and appointed officials, stakeholders and other relevant entities as identified by KDOT and advance the application.
 - Establish application schedule.
 - Coordinate and lead meetings.
 - Consultant shall prepare the grant application based on NOFO requirements.
 - Provide tables and graphics as necessary.
 - Provide final draft grant documents for review that will be coordinated with the Grant Lead, project team and others that are relevant in the process.
- Transportation Planning:
 - Determine present and future traffic projections for adjacent interchanges using the current WAMPO travel demand model.
 - Estimate truck traffic using the WAMPO travel demand model and KDOT's traffic flow maps.
 - Work with the City/County on land-use developments that may not be reflected in the model.
 - Develop both daily and AM/PM peak hour traffic for base/future year traffic for the study area.
 - Level-of-Service analysis using either Synchro/SimTraffic, HCS, or VISSIM.
 - Data collection of present traffic (daily counts and AM/PM turning movements) as needed or deemed necessary.
 - Coordinate information with the KDOT Transportation Planning Forecasting Group as needed.
- Public Outreach and Stakeholder Engagement:
 - A Level 1 Project classification is for the most highly visible and highly budgeted projects KDOT delivers and needs full public involvement scoping from a consultant. Projects may be considered Level 1 because they are a Design/Build project, have significant NEPA requirements, disproportionately impact marginalized communities, partner with many other organizations, or include a tolling component. These projects need many public involvement activities and/or products (open houses, advisory group meetings, and/or community presentations) planned together with project milestones.

The standards for a Level 1 Project include:

- Consultant leads the community engagement strategy and execution with oversight and approval from the KDOT PI Specialist (in collaboration with District Communications).
- Community Engagement Plan (CE Plan).
- A project identity is created using the IKE-at-Work logo and templates.
- A project webpage is hosted on the IKE website at <https://ike.ksdot.gov/projects/project-pages>.
- KDOT District existing social media accounts are used to distribute project information.

Activities Performed by KDOT include:

- Geotechnical Services:
 - Soil investigations
 - Bridge foundation geology
 - Pavement field investigation and design

- Surfacing recommendations
- Environmental Services:
 - Lead paint testing
 - Permit application

KDOT, at the Secretary’s discretion, reserves the right to retain for subsequent phases of design and consulting services the consultant selected to provide services associated with this Request for Proposals. Scope in subsequent phases will likely include, but is not limited to, plan development through preliminary and final design as well as construction phase services.

Anticipated Schedule and Key Dates

1. Proposals are due by or before 12:00 p.m. (Central Time) October 22, 2025.
2. Ranking of proposals is expected to occur on or around November 7, 2025. It is anticipated that interviews will be held as a part of the selection process. Negotiations with the most highly ranked firm are expected to begin on or around December 5, 2025. An executed agreement is anticipated around December 31, 2025.
3. The program fiscal year for this project is FY2027 (July 2026–June 2027).
4. PEL Study is anticipated to last 12-18 months.

Instructions for Proposal

1. No cost or pricing information shall be submitted with the proposal. Proposals including cost or pricing information will be considered non-responsive and withdrawn from further consideration.
2. The consultant’s proposal must not exceed 6 pages total (including any cover letter, index, etc.). All pages shall be standard letter size (8.5” x 11”). Any page larger than standard letter size will be counted as two or more pages depending on size.
3. A single PDF (10 MB maximum size) of the proposal must be uploaded to the appropriate bid form on Bid Express by the proposal due date and time.
4. The proposal PDF file name must read:
 - a. “KA-7182-01_I-135 Canal Route_FIRM NAME”
5. The proposal must be accompanied by Special Attachments No. 8 (“Tax Clearance Certificate”), No. 10 (“Policy Regarding Sexual Harassment”), and No. 12 (“Certification of Company Not Currently Engaged in the Procurement or Obtainment of Certain Equipment, Services, or Systems”). If you need a Tax Clearance Certificate, you can request one at <https://www.ksrevenue.gov/taxclearance.html>. Allow 2-3 business days for processing. Both attachments are required for every firm involved in a multi-consultant team. Upload these files as instructed in Bid Express.
6. The outline in Table 3 below describes the expected proposal organization and content sections.
7. Depending on the number and quality of responses received, KDOT anticipates shortlisting (based on proposals) and holding interviews prior to final selection (which may be based on both proposal and interview content). If KDOT deems interviews to be necessary, interview details and requirements and evaluation criteria for the interview will be distributed to shortlisted consultant teams in advance.
8. Table 4 lists the evaluation criteria and associated weights which will be used to shortlist respondents and may be considered in final selection.

Table 3: Proposal Content

| Section | Description of Intent | Page Limit |
|------------------|---|------------|
| Cover Letter | | 1 Page |
| Project Approach | Demonstrate a unique approach to accomplish the design efficiently and to a high standard. Include cost-effective and optimized solutions to address the anticipated improvements in the design. Include unique qualifications or experience related to the project approach. | |

| Section | Description of Intent | Page Limit |
|--|---|------------|
| Approach to Schedule | Describe the approach to accomplish the scope of services within the schedule requirements. Include anticipated key milestone dates and availability of staff. | |

Request for Proposals

Construction Inspection Services; Released October 2025

Notice to Consulting Firms

The Kansas Department of Transportation (KDOT) is seeking a qualified consulting firm, or team of firms, to perform construction inspection services on multiple projects in various counties. Summary information for each project is provided below in Table 1.

Interested consultants must upload a proposal by 12:00 p.m. (Central Time) October 22, 2025, to the Bid Express page to be considered for selection.

Consultant Prequalification

Consulting firms interested in providing service on any project listed below must be prequalified by KDOT in the following category(s):

- 241 – Construction Inspection and Testing

If a firm is not currently prequalified by KDOT, a proposal may still be submitted. Firms not prequalified must also provide documentation that demonstrates the firm is qualified for each specified category listed in this notice for the project. Firms must use the KDOT prequalification form to provide this documentation. KDOT 1050 Prequalification Category Definitions (Blue Book) can be found at <https://www.ksdot.gov/doing-business/design-consultants/design-consultant-prequalification>. Consultants may create a team to meet the prequalification requirements. All firms doing business with KDOT must be registered and in good standing under the laws of the State of Kansas at the time of contracting and must comply with applicable state and federal laws, rules, and regulations.

Background and Scope

With this single solicitation, KDOT is requesting consulting services for construction inspections on the projects listed in Table 1. This table provides summary information for each project. One consultant will be selected to perform services associated with the project listed.

Table 1: Summary of Project Information

| RT-CO | Project # | Anticipated Start | Working Days or CCD | Office | Consultant Scope |
|----------|------------|-------------------|---------------------|---------|---|
| U054-106 | KA-6535-04 | December 1, 2025 | December 1, 2029 | Wichita | Provide expert technical assistance to administer project special provision 15-PS0263-R1. The requested services include attendance at schedule update meetings and review of Contractor submittals such as baseline schedules, progress schedules, change order fragnets and time extension requests. The use of SmartPM scheduling analysis software is preferred for analysis and reporting. The consultant will be asked to provide regular reports of schedule performance and to work with the project team as changes occur. |

Additional project information including construction scope to be inspected, a detailed description of the project location, and resources and inspection scope specifically requested from consultants in this request can be viewed in an online table at <https://ike.ksdot.gov/about/construction-inspection-rfps>. Upon publication of this Request for Proposals, KDOT anticipates the inspection efforts will require full teams (project manager and inspectors, as opposed to single role staff augmentation as is occasionally request) for various types of construction inspection except as noted in the table. Watch the website linked above for updated information. Tabulated information (both in this Request for Proposals and on the website) shall not be relied upon during inspections. It is provided for the convenience of consultants, specifically to aid in making decisions about which projects they are interested in performing.

Specific project needs are subject to modification and/or cancellation at KDOT's discretion.

Anticipated Consultant Scope

The scope of construction inspection services and certifications required for this project are listed in the table available on the website noted above. Inspection efforts will be managed out of the offices listed above in Table 1.

Anticipated Schedule and Key Dates

1. Proposals are due by or before 12:00 p.m. (Central Time) October 22, 2025.
2. Ranking of proposals is expected to occur on or around October 24, 2025. Negotiations with the most highly ranked firm are expected to begin on or around November 7, 2025. An executed agreement is anticipated shortly thereafter.
3. Anticipated scope start date and working days or anticipated calendar completion dates are shown in the table. All dates are subject to change.

Instructions for Proposal

1. No cost or pricing information shall be submitted with the proposal. Proposals including cost or pricing information will be considered non-responsive and withdrawn from further consideration.
2. The consultant's proposal must not exceed the page limit laid out in Table 2 below (including any cover

- letter, index, etc.). All pages shall be standard letter size (8.5" x 11"). Any page larger than standard letter size will be counted as two or more pages depending on size.
3. A single PDF (10MB maximum size) of the proposal including all attachments must be uploaded to the appropriate bid form on Bid Express by the proposal due date and time.
 4. The proposal PDF file name must read:
 - a. "ConstInsp Project_2025.10 Release FIRM NAME"
 5. The proposal must be accompanied by Special Attachments No. 8 ("Tax Clearance Certificate"), No. 10 ("Policy Regarding Sexual Harassment"), and No. 12 ("Certification of Company Not Currently Engaged in the Procurement or Obtainment of Certain Equipment, Services, or Systems"). If you need a Tax Clearance Certificate, you can request one at <https://www.ksrevenue.gov/taxclearance.html>. Allow 2-3 business days for processing. All attachments are required for every firm involved in a multi-consultant team. Upload these files as instructed in Bid Express.
 6. The outline in Table 2 below describes the expected proposal organization, content sections, and limits on number of pages.
 - a. Each team is limited to a single, one-page cover letter.
 - b. Each team is limited to two pages per project in which they express interest. In these pages, consultants shall:
 - i. Describe the approach they plan to execute to deliver success on the project.
 - ii. Present the relevant qualifications and experience of the people they are proposing will provide the services.
 - iii. Provide the firm's familiarity with KDOT and the project area.
 - c. Finally, consultants are limited to a single, on-page descriptions of general qualifications ("Past Performance" selection plus "Approach to Quality Control" section) regardless of the number of projects in which they are expressing interest.
 7. Table 3 lists the evaluation criteria and associated weights which will be used to make a selection.
 8. Although not anticipated at this time, KDOT reserves the right to interview for the requested services associated with any of the listed projects prior to making final selections.

Table 2: Proposal Content

| Section | Description of Intent | Page Limit |
|--|--|------------|
| Cover Letter | | 1 Page |
| Project Approach | Describe how your firm will meet the fluctuating inspection needs of the project. | 2 Pages |

Kansas Development Finance Authority

Notice of Hearing

A public hearing will be held at 9:30 a.m. October 21, 2025, in the offices of Kansas Development Finance Authority, 534 S. Kansas Ave., Suite 800, Topeka, Kansas, on the proposal for the Kansas Development Finance Authority to issue its Agricultural Development Revenue Bonds for the Project(s) numbered below, in the respective maximum principal amounts. The Bond(s) will be issued to assist the respective Borrower (the "Beginning Farmer") named below (who will be the owner and operator of the respective Project) to finance the cost in the amount of the Bond, which is then typically purchased by a lender bank ("Lender") who then through Kansas Development Finance Authority, loans the bond proceeds to the Borrower for the purposes of acquiring the respective Project(s) as described below. Each Project shall be located as shown:

Project No. 001178 Maximum Principal Amount: \$350,000. Owner/Operator: Todd and Adrienne Neibling; Description: Acquisition of 60 +/- acres of agricultural land and related improvements and equipment to be used by the owner/operator for farming purposes (the "Project"). The Project is being financed by the Lender for Todd and Adrienne Neibling (the "Beginning Farmer") and is located at Section 9, Township 2, Range 19 East, Doniphan County, Kansas, approximately ½ mile west of Highland, Kansas on 240th, 1 mile north on Castleton, ½ mile west on 250th, 1 mile north to Buffalo, and ½ mile west on 255th.

Each Bond when issued, will be a limited obligation of the Kansas Development Finance Authority and will not constitute a general obligation or indebtedness of the State of Kansas or any political subdivision thereof, including the Authority, nor will it be an indebtedness for which the faith and credit and taxing powers of the State of Kansas are pledged, but each Bond will be payable solely and only from amounts received from the respective Borrower, the obligation of which will be sufficient to pay the principal of, interest and redemption premium, if any, on each Bond as and when it shall become due.

Interested individuals may participate in the public hearing in person or via conference call. Please call 844-621-3956 and use conference identification number 145 880 8929 followed by # to join the conference.

At the time and place fixed for the hearings, all individuals who appear will be given an opportunity to express their views for or against the proposal to issue any specific Bond for the purpose of financing the respective Project, and all written comments previously filed with the Authority at its offices at Suite 800, 534 S. Kansas Avenue, Topeka, Kansas, 66603, will be considered. Additional information regarding any of the projects described above may be obtained by contacting the Authority at the address of its offices shown above.

Notice of Hearing

A public hearing will be held at 9:00 a.m. October 21, 2025, in the conference room of Kansas Development Finance Authority (the "Authority"), 534 S. Kansas Ave., Suite 800, Topeka, Kansas, on the proposed issuance under a plan of finance by the Authority in one or more series of revenue bonds or other obligations (the "Bonds") in a principal amount not to exceed \$30,000,000. The Bonds will be issued pursuant to K.S.A. 74-8901 *et seq.* (the "Act") to finance a portion of the costs of the acquisition, construction and equipping of an approximately 176-unit qualified residential rental project under Section 142 of the Internal Revenue Code, to be located at a currently vacant lot north of SE 31st Street, east of SE Fremont Street, south of existing, unrelated structures adjoining SE 29th Street, and west of SE Adams Street in the City of Topeka, Kansas, to be known as Johnson-Betts Meadows, (the "Project"), which will be owned and operated by Johnson-Betts Meadows, LP, a Kansas limited partnership (the "Borrower").

The Bonds will be limited obligations of the Authority, payable solely from revenues pledged by the Borrower, and will not constitute a general obligation or indebtedness of the State of Kansas or any political subdivision thereof, nor will the Bonds constitute an indebtedness for which the faith and credit and taxing powers of the State of Kansas are pledged, but the Bonds will be payable solely from revenues pledged by the Borrower in amounts sufficient to pay the principal of, interest and redemption premium, if any, on the Bonds.

Interested individuals may participate in the public hearing in person or via conference call. Please call toll-free 844-621-3956 and use access code 145 880 8929 followed by # to join the hearing.

At the time and place fixed for the hearing, all individuals who appear will be given an opportunity to express their views for or against the proposal to issue the Bonds for the Project, and all written comments previously filed with the Authority at its above-referenced offices will be considered. Additional information regarding the Project may be obtained by contacting the Authority at the address of its offices shown above.

Board of Pharmacy

Notice of Hearing on Proposed Administrative Regulations

A public hearing will be conducted at 8:30 a.m. Thursday, December 4, 2025, at the Board of Healing Arts Conference Room, Lower Level, SW Jackson, Topeka, Kansas, to review and consider the adoption of the proposed permanent regulations of the Kansas State Board of Pharmacy.

This 60-day notice of the public hearing shall constitute a public comment period for the purpose of receiving written public comments on the proposed regulations. All interested parties may submit written comments prior to the public hearing by mail to Alexandra Blasi, Executive Secretary, 800 SW Jackson, Suite 1414, Topeka, KS 66612-1244, or by email to pharmacy@ks.gov. All interested parties will be given a reasonable opportunity to present their views orally regarding the adoption of the proposed regulations during the public hearing. In order to provide all parties an opportunity to present their views, it may be necessary to request that each participant limit any oral presentation to five minutes.

Any individual with a disability may request an accommodation in order to participate in the public hearing and may request the regulations and economic impact statements in an accessible format. Requests for accommodation to participate in the public hearing should be made at least 10 business days in advance of the hearing by contacting Alexandra Blasi, Executive Secretary, 800 SW Jackson, Suite 1414, Topeka, KS 66612-1244 or by phone at 785-296-4056. Handicapped parking is located at the north entrance to the building. Curbs at the north entrance are accessible to individuals with disabilities.

Summaries of the proposed regulations and their economic impacts follow. Copies of the regulations and economic impact statements may be viewed at <http://www.pharmacy.ks.gov/legal/proposed-state-reg-changes>.

K.A.R. 68-1-1a. Revoking. The Kansas Board of Pharmacy proposes revoking 68-1-1a and simultaneously adopting 68-7-26. Currently, 68-1-1a only applies to pharmacists; 68-7-26 will apply to both pharmacists and technicians. Regulation allows applicants to withdraw their application through inaction instead of incurring a disciplinary action on their record, which may prevent them from doing business in other states or incurring needless penalties.

The Board anticipates that the proposed revocation will have no identifiable economic impact.

K.A.R. 68-7-26. Application for licenses, registrations, or permits; withdrawal of application. The proposed new regulation was previously found in Article 1, 68-1-1a, which is set to be revoked. The proposed new regulation will now allow pharmacists and technicians to withdraw their application through inaction instead of incurring a disciplinary action on their record, which may prevent them from doing business in other states or incurring needless penalties.

The Board anticipates that the proposed regulation will have no identifiable economic impact, and any costs associated with complying with the regulation should be absorbed within the normal course of business for pharmacies and facilities.

K.A.R. 68-5-17. Pharmacy technicians; certification examination; request for extension. The proposed amendments clarify when a pharmacy technician must request an extension to pass the approved certification examination. The amendments clarify that a pharmacy technician must request an extension prior to their registration's expiration date. Previously, the regulation required pharmacy technicians to both submit the request 30 days prior to their registration's expiration and provide a reason for the request. The Board has determined that this language is not necessary and overly burdensome.

The Board anticipates that the proposed amendments will have no identifiable economic impact, and any costs associated with complying with the regulation should be absorbed within the normal course of business for pharmacies and facilities.

Article 1.—REGIONAL SYSTEMS OF COOPERATING LIBRARIES

54-1-23. Allocation of the grant-in-aid fund among the regional systems of cooperating libraries. (a) In any year that the annual authorization for state grant-in-aid exceeds one and a half million dollars, three-fourths of the authorization for systems is allocated to the base grant, which is divided equally among the systems.

(b) In any year that the annual authorization for state grant-in-aid is less than or equal to one and a half million dollars, all of the authorization for systems except ten thousand dollars is allocated to the base grant, which is divided equally among the systems.

(c) The remainder of the annual authorization for systems is distributed as follows:

(1) one-tenth of the remainder is split between the systems based on the percentage of territory each system occupies compared to all systems; and

(2) nine-tenths of the remainder is split between the systems based on the percentage of population a system has compared to all systems. (Authorized by K.S.A. 75-2560; implementing K.S.A. 75-2555; effective Jan. 25, 1993; amended Oct. 17, 2025.)

Article 24.—MORTGAGE BUSINESS

17-24-4. Record retention. (a) In any mortgage transaction in which the licensee does not close the mortgage loan in the licensee's name, the licensee shall retain the following documents, as applicable, for at least 36 months following the loan closing date, or if the loan is not closed, the loan application date:

- (1) The application;
- (2) all written agreements with the consumer that describe rates, fees, broker compensation, and any other similar fees;
- (3) an appraisal performed by a Kansas-licensed or Kansas-certified appraiser completed within 12 months before the loan closing date, the total appraised value of the real estate as reflected in the most recent records of the tax assessor of the county in which the real estate is located, or, for a nonpurchase money real estate transaction, the estimated market value as determined through an acceptable automated valuation model acceptable to the commissioner;
- (4) the notice as required by K.S.A. 2024 Supp. 9-2208(b), and amendments thereto, and K.A.R. 17-24-1;
- (5) all records and disclosures evidencing compliance with applicable federal lending laws and regulations;
- (6) records of all consumer correspondence, including all written communications, electronic mail, instant messages and phone logs, any notes detailing contact with each consumer, and any phone conversation recordings or transcripts;
- (7) any documentation that aided the licensee in making a credit decision, including a credit report, title work, verification of employment, verification of income, bank statements, payroll records, and tax returns;
- (8) evidence of all compensation paid to loan originators and the compensation agreement that governs those payments; and
- (9) all paid invoices for appraisal, title work, credit report, and any other closing costs.

(b) In any mortgage transaction in which the licensee provides any money to fund the loan or closes the mortgage loan in the licensee's name, the licensee shall retain the documents required in subsection (a) and the following documents, as applicable, for at least 36 months from the mortgage loan closing date:

- (1) The high loan-to-value notice required by K.S.A. 2024 Supp. 9-2232, and amendments thereto;
- (2) any credit insurance requests and insurance certificates;
- (3) the note(s) and any applicable contract addendum or rider;
- (4) a copy of the filed mortgage(s) or deed(s);
- (5) a copy of the title policy or search; and
- (6) the assignment of the mortgage and note.

(c) In any mortgage transaction in which the licensee engages in mortgage servicing or owns the mortgage

servicing rights, the licensee shall retain the following documents, as applicable, for at least 36 months from the final entry to each account:

- (1) All records and disclosures evidencing compliance with applicable federal lending laws and regulations;
- (2) the note(s) and any other applicable contract addendum or rider;
- (3) a copy of the filed mortgage(s) or deed(s);
- (4) servicing history;
- (5) any statements, disclosures, invoices, or information for each account, including, but not limited to, the following:
 - (A) Documentation supporting any amounts added to a consumer's account or evidence that a service was actually performed in connection with these amounts, or both, including costs of collection, attorney's fees, property inspections, property preservations, and broker price opinions;
 - (B) loan modification agreements;
 - (C) forbearance or any loan modification agreements;
 - (D) subordination agreements;
 - (E) foreclosure notices;
 - (F) evidence of sale of foreclosed homes;
 - (G) surplus or deficiency balance statements;
 - (H) default-related correspondence or documents;
 - (I) the notice of the consumer's right to cure;
 - (J) any property insurance advance disclosure;
 - (K) force-placed property insurance policies;
 - (L) notice and evidence of credit insurance premium refunds;
 - (M) records of consumer correspondence, including all written communications, electronic mail, instant messages and phone logs, any notes detailing contact with each consumer, and any phone conversation recordings or transcripts; and
 - (N) any other product or service agreements; and
- (6) documents related to the general servicing activities of the licensee, including, but not limited to, the following:
 - (A) Historical records for all adjustable rate mortgage indices used;
 - (B) a log of all accounts sold, transferred, or assigned that details to whom the accounts were sold, transferred, or assigned;
 - (C) a log of all accounts in which foreclosure activity has been initiated;
 - (D) a log of all credit insurance claims and accounts paid by credit insurance; and

(E) a schedule of servicing fees and charges imposed by the licensee or a third party.

(d) In addition to meeting the requirements specified in subsections (a), (b), and (c), each licensee shall retain for at least the previous 36 months the documents related to the general business activities of the licensee, which shall include the following:

(1) Advertising records, including copies of advertisements or solicitations made by print or electronic means, including through the internet;

(2) the business account check ledger or register;

(3) all financial statements, balance sheets, or statements of condition;

(4) all escrow account ledgers and related deposit statements;

(5) all lease agreements for Kansas principal place of business and branch offices; and

(6) a schedule of the licensee's fees and charges. (Authorized by K.S.A. 2024 Supp. 9-2209; implementing K.S.A. 2024 Supp. 9-2208, K.S.A. 9-2213, and K.S.A. 2024 Supp. 9-2216; effective Oct. 31, 2003; amended Oct. 2, 2009; amended, T-17-6-24-25, June 24, 2025; amended Oct. 17, 2025.)

Permanent Administrative Regulation

Article 6.—UNIFORM CONSUMER CREDIT CODE

75-6-35. Net worth requirements. (a) Each applicant for a supervised loan license and each licensee shall maintain a positive net worth. Positive net worth shall show that the aggregate assets, excluding all intangible assets and receivables from related entities, exceeds liabilities, as determined in accordance with United States generally accepted accounting principles. The administrator may issue an exception to this positive net worth requirement.

(b) As evidence that the applicant is in compliance with subsection (a), each applicant and licensee shall submit annually to the administrator, on or before January 1, a current and complete financial statement, accompanied by a written statement signed by an independent certified public accountant attesting that the statement has been reviewed and is in compliance with generally accepted accounting principles. For the purposes of this regulation, a current financial statement shall be one that was prepared within the preceding 12 months. (Authorized by and implementing K.S.A. 2024 Supp. 16a-2-302; effective Jan. 6, 2006; amended, T-75-6-24-25, June 24, 2025; amended Oct. 17, 2025.)
