Notice of Prehearing Conferences

The Chief Engineer of the Kansas Department of Agriculture, Division of Water Resources will hold two prehearing conferences at 3:00 p.m. (Central Time) April 13, 2026, in the matters of the proposed Greater GMD4 and Sheridan 6 Local Enhanced Management Areas submitted by Northwest Kansas Groundwater Management District Number 4. The purpose of the prehearing conferences will be to select dates and locations for the public hearings regarding the proposed local enhanced management areas, to specify the procedures to be followed at the public hearings, to set any applicable deadlines, and to consider any other matters necessary for conducting the public hearings. The prehearing conferences will take place virtually via Zoom. The prehearing conference for the proposed Sheridan 6 Local Enhanced Management Area will begin at 3:00 p.m. (Central Time), and the prehearing conference for the proposed Greater GMD4 Local Enhanced Management Area will begin immediately following the conclusion of the prehearing conference for the proposed Sheridan 6 Local Enhanced Management Area. To obtain a link to participate in the prehearing conferences, contact Ronda Hutton at 785-564-6715 or ronda.hutton@ks.gov.

Department of Insurance

Notice of Hearing

The Kansas Department of Insurance will hold a public hearing on the Farmers Alliance Mutual Insurance Company Plan of Reorganization and Mutual Holding Company Conversion ("Plan") pursuant to K.S.A. 40-4004 and 77-501 *et seq.* The Assistant Commissioner of Insurance will act on behalf of the Commissioner of Insurance as agency head and is empowered to render a final order. K.S.A. 77-526(a) and K.S.A. 77-547. The hearing will be held from 9:00 a.m. to 12:00 p.m. (Central Time) Friday, April 10, 2026, at the Kansas Department of Insurance, 1300 SW Arrowhead Rd., Topeka, KS 66604, and online through Microsoft Teams, as described below.

Under K.S.A. 44-4004, the Commissioner shall approve the Plan if she finds that: (1) the plan of conversion is fair and equitable to policyholders, (2) the plan of conversion complies with the provisions of the conversion act; (3) the plan of conversion does not unjustly enrich any director, officer, agent or employee of the insurer; and (4) the new stock insurer would meet minimum requirements to be issued a certificate of authority by the Commissioner to transact business in this state and the continued operations of the new stock insurer would not be hazardous to existing or future policyholders or the public.

Subject to K.S.A. 77-523(c) any interested person who is not a party may make oral or written statements or comments upon the proposed conversion at the hearing to be included in the formal record of the proceedings. While all those who wish to testify may do so, the Commissioner may, in order to accommodate all interested persons, limit the time that any individual or group may speak.

To accommodate interested persons and maximize the opportunity for interested persons to participate, any person wishing to testify in-person or remotely over Teams should register with the Commissioner by emailing to kdoi.publiccomment@ks.gov. Written statements, under oath, may also be sent to the Commissioner if an interested person is unable to or does not wish to attend the public hearing. Persons interested in submitting a written statement should contact: Assistant General Counsel, Philip Michael at philip.michael@ks.gov. All written statements must be received before the close of the public hearing in order for the statement to be included in the public hearing record.

Any individual with a disability may request accommodation in order to participate in the public hearing in person or remotely. Requests for accommodation to participate in the hearing should be made at least five working days in advance of the hearing by contacting Assistant General Counsel, Philip Michael at philip.michael@ks.gov. The west entrance to the Department of Insurance is accessible. Accessible parking is located on the west side of the Department.

You may access information about the public hearing at <http://www.insurance.kansas.gov>.

Notice of Proposed Kansas Air Quality Class II Operating Permit

Notice is hereby given that the Kansas Department of Health and Environment (KDHE) is soliciting comments regarding a proposed initial air quality operating permit. Garden City Coop – Holcomb Terminal has applied for an initial Class II operating permit in accordance with the provisions of K.A.R. 28-19-540 et. seq. Emissions of particulate matter (PM), PM with less than or equal to 10 microns in aerodynamic diameter (PM₁₀), PM with less than or equal to 2.5 microns in aerodynamic diameter (PM_{2.5}), and hazardous air pollutants (HAPs) were evaluated during the permit review process. The purpose of a Class II operating permit is to limit the potential-to-emit for these pollutants to below major source thresholds.

Garden City Coop – Holcomb Terminal, 106 N. 6th St., Garden City, KS 67846, owns and operates a Terminal Grain Elevator located at 1509 N. IBP Rd., Holcomb, KS 67851.

A copy of the proposed initial Class II operating permit, permit application, all supporting documentation, and all information relied upon during the permit application review process are available for public review during normal business hours of 8:00 a.m. to 5:00 p.m. at the KDHE, Bureau of Air (BOA), 1000 SW Jackson, Suite 310, Topeka, KS 66612-1366, and at the KDHE Southwest District Office, 302 W. McArtor Rd., Dodge City, KS 67801. To obtain or review the proposed permit and supporting documentation, contact Emilee Agnew at the central office of KDHE at 785-296-1581, and to review the proposed permit only, contact Ethel Evans at the KDHE Southwest District Office at 620-356-1075. The standard departmental cost will be assessed for any copies requested. The proposed permit, accompanied with supporting information, is available, free of charge, at the KDHE BOA Public Notice website at <https://www.kdhe.ks.gov/413/Public-Notices>.

Please direct written comments or questions regarding the proposed permit to Emilee Agnew, KDHE, BOA, 1000 SW Jackson, Suite 310, Topeka, KS 66612-1366. In order to be considered in formulating a final permit decision, written comments must be received no later than 12:00 p.m. April 27, 2026.

A person may request a public hearing be held on the proposed permit. The request for a public hearing shall be in writing and set forth the basis for the request. The written request must be submitted to Emilee Agnew, KDHE, BOA, 1000 SW Jackson, Suite 310, Topeka, KS 66612-1366, no later than 12:00 p.m. April 27, 2026, in order for the Secretary of Health and Environment to consider the request.

The preceding notice refers to the air permit for Garden City Coop – Holcomb Terminal located at 1509 N. IBP Rd., Holcomb, KS 67851. If you want more information or you have other questions, please contact the KDHE Non-Discrimination coordinator and call 785-296-5156 or send an email to: KDHE.NonDiscrimination@ks.gov. [El aviso anterior se refiere al permiso de aire para Garden City Coop – Holcomb Terminal ubicado en 1509 N. IBP Rd., Holcomb, KS 67851. Si desea obtener más información en español o tiene otras preguntas, por favor, comuníquese con el Coordinador de No Discriminación de KDHE y llame al 785-296-5156 o envíe un correo electrónico a: KDHE.NonDiscrimination@ks.gov.]

Aviso de propuesta de permiso de operación de Clase II de calidad del aire de Kansas

Por medio del presente aviso, se notifica que el Departamento de Salud y Medio Ambiente de Kansas (KDHE, por sus siglas en inglés) solicita comentarios con respecto a una propuesta inicial de un permiso de funcionamiento con potencial impacto en la calidad del aire. Garden City Coop – Holcomb Terminal ha solicitado un permiso de funcionamiento inicial Clase II conforme a las disposiciones de K.A.R. 28-19-540 y subsiguientes. Durante el proceso de revisión del permiso se evaluaron las emisiones de material particulado (PM), PM con un diámetro aerodinámico menor o igual a 10 micrones (PM_{10}), PM con un diámetro aerodinámico menor o igual a 2.5 micrones ($PM_{2.5}$), y contaminantes atmosféricos peligrosos (HAP). El propósito de un permiso Clase II es limitar el potencial de emisión de estos contaminantes por debajo de los umbrales de las fuentes principales.

Garden City Coop – Holcomb Terminal, 106 N. 6th St., Garden City, KS 67846, posee y opera elevador de grano terminal con domicilio en 1509 N. IBP Rd., Holcomb, KS 67851.

El público podrá consultar una copia del permiso de funcionamiento inicial Clase II, la solicitud del permiso, toda la documentación de respaldo y toda la información utilizada durante el proceso de revisión de la solicitud de permiso durante el horario de atención al público en el Departamento de Salud y Medio Ambiente de Kansas (KDHE), Oficina de Calidad del Aire (Bureau of Air, BOA) 1000 SW Jackson, Suite 310, Topeka, KS 66612-1366, y en la KDHE Oficina de Distrito Suroeste, 302 W. McArtor Rd., Dodge City, KS 67801. Para obtener o revisar el permiso propuesto y la documentación de respaldo, comuníquese con Emilee Agnew al 785-296-1581, en la oficina central del KDHE; y para revisar el permiso propuesto únicamente, comuníquese con Ethel Evans 620-356-1075, en la KDHE Oficina de Distrito Suroeste. Se aplicará el costo departamental estándar para cualquier copia solicitada. La propuesta de permiso, junto con la información de respaldo, está disponible de forma gratuita en el sitio web de notificaciones públicas de KDHE BOA et <https://www.kdhe.ks.gov/413/Public-Notices>.

Dirija sus comentarios o preguntas por escrito sobre el permiso propuesto a Emilee Agnew, KDHE, BOA, 1000 SW Jackson, Suite 310, Topeka, KS 66612-1366. A fin de que se tengan en cuenta para la formulación de una decisión final sobre el permiso, los comentarios se deben presentar por escrito a más tardar al mediodía del abril 27, 2026.

Una persona puede solicitar que se celebre una audiencia pública en relación con el permiso propuesto. La solicitud de audiencia pública deberá hacerse por escrito y expresar el fundamento de la solicitud. La solicitud por escrito debe presentarse a Emilee Agnew, KDHE, BOA, 1000 SW Jackson, Suite 310, Topeka, KS 66612-1366, a más tardar al mediodía del abril 27, 2026 para que la Secretaria de Salud y Medio Ambiente considere la solicitud.

El aviso anterior se refiere al permiso de aire para Garden City Coop – Holcomb Terminal ubicado en 1509 N. IBP Rd., Holcomb, KS 67851. Si desea obtener más información en español o tiene otras preguntas, por favor, comuníquese con el Coordinador de No Discriminación de KDHE y llame al 785-296-5156 o envíe un correo electrónico a: KDHE.NonDiscrimination@ks.gov.

Notice Concerning Proposed Kansas Air Quality Construction Permit

Notice is hereby given that the Kansas Department of Health and Environment (KDHE) is soliciting comments regarding a proposed air quality construction permit. Bettis Asphalt and Construction, Inc.–PP5 has applied for an air quality construction permit in accordance with the provisions of K.A.R. 28-19-300. Emissions of volatile organic compounds (VOC), particulate matter (PM), PM with less than or equal to 10 microns in aerodynamic diameter (PM₁₀), PM with less than or equal to 2.5 microns in aerodynamic diameter (PM_{2.5}), carbon monoxide (CO), oxides of nitrogen (NO_x), oxides of sulfur (SO_x), and hazardous air pollutants (HAPs) were evaluated during the permit review process.

Bettis Asphalt and Construction, Inc. – PP5, 1800 NW Brickyard Rd., Topeka KS 66618, owns and operates a new portable hot-mix asphalt plant initially located at 1800 NW Brickyard Rd., Topeka, KS 66618, at which one (1) portable “drum-type” hot-mix asphalt plant and baghouse are to be installed.

A copy of the proposed permit, permit application, all supporting documentation, and all information relied upon during the permit application review process are available for public review from the date of publication during normal business hours at the KDHE, Bureau of Air (BOA), 1000 SW Jackson, Suite 310, Topeka, KS 66612-1366 and at the Northeast District Office, 800 W. 24th St., Lawrence, KS 66046. To obtain or review the proposed permit and supporting documentation, contact Cassidy Goyette at the central office of KDHE at 785-296-8142, or Wendi Kessler at the Northeast District Office at 785-842-4600. The standard departmental cost will be assessed for any copies requested. The proposed permit, accompanied with supporting information, is available, free of charge, at the KDHE BOA Public Notice website at <https://www.kdhe.ks.gov/413/Public-Notices>.

Please direct written comments or questions regarding the proposed permit to Cassidy Goyette, KDHE, BOA, 1000 SW Jackson, Suite 310, Topeka, KS 66612-1366. In order to be considered in formulating a final permit decision, written comments must be received no later than 12:00 p.m. April 27, 2026.

A person may request a public hearing be held on the proposed permit. The request for a public hearing shall be in writing and set forth the basis for the request. The written request must be submitted to Cassidy Goyette, KDHE, BOA, 1000 SW Jackson, Suite 310, Topeka, KS 66612-1366, no later than 12:00 p.m. April 27, 2026, in order for the Secretary of Health and Environment to consider the request.

The preceding notice refers to the air permit for Bettis Asphalt and Construction, Inc. – PP5 located at 1800 NW Brickyard Rd., Topeka, KS 66618. If you want more information or you have other questions, please contact the KDHE Non-Discrimination coordinator and call 785-296-5156 or send an email to: KDHE.NonDiscrimination@ks.gov. Notice of Proposed Kansas/Federal Water Pollution Control Permits and Applications

In accordance with Kansas Administrative Regulations 28-16-57a through 63, 28-18-1 through 17, 28-18a-1 through 31 and 33, 28-16-150 through 154, 28-46-7, and the authority vested with the State by the administrator of the U.S. Environmental Protection Agency, various draft water pollution control documents (permits, notices to revoke and reissue, notices to terminate) have been prepared and/or permit applications have been received for discharges to waters of the United States and the state of Kansas for the class of discharges described below.

The proposed actions concerning the draft documents are based on staff review, applying the appropriate standards, regulations, and effluent limitations of the state of Kansas and the Environmental Protection Agency. The final action will result in a Federal National Pollutant Discharge Elimination System Authorization and/or a Kansas Water Pollution Control permit being issued, subject to certain conditions, revocation, and reissuance of the designated permit or termination of the designated permit.

Las acciones propuestas con respecto a los documentos preliminares se basan en la revisión del personal, aplicando los estándares, regulaciones y limitaciones de efluentes apropiados del estado de Kansas y de la Agencia de Protección Ambiental de Estados Unidos. La acción final resultará en la emisión de una Autorización Federal del Sistema Nacional de Eliminación de Descargas de Contaminantes y un permiso de Control de Contaminación del Agua de Kansas, sujeto a ciertas condiciones, revocación y reemisión del permiso designado o terminación del permiso designado. Si desea obtener más información en español o tiene otras preguntas, por favor, comuníquese con el Coordinador de No Discriminación al 785-296-5156 o en: KDHE.NonDiscrimination@ks.gov.

Public Notice No. KS-AG-26-115/124

Pending Permits for Confined Feeding Facilities

Name and Address of Applicant	Legal Description	Receiving Water
ENAM, Inc. Jason McKenna 5496 Road J Norcatur, KS 67653	NW/4 of Section 24 T02S, R25W Norton County	Upper Republican River Basin

Kansas Permit No. A-URNT-S008

The proposed action is to reissue an existing state permit for an existing facility for 350 head (140 animal units) of swine more than 55 pounds. There will be no change in the operation or permitted number of animal units from the previous permit. This facility has an approved Waste Management Plan on file with KDHE.

Name and Address of Applicant	Legal Description	Receiving Water
JLB Farms, Inc. 2738 R Rd. Bern, KS 66408	NW/4 of Section 23 T01S, R13E Nemaha County	Missouri River Basin

Kansas Permit No. A-MONM-B019

Kansas Register

Volume 45 - Issue 13 - March 26, 2026

[Table of Contents](#)

The proposed action is to modify and reissue the existing state permit for a facility for a proposed maximum capacity of 150 head (150 animal units) of cattle weighing more than 700 pounds and 220 head (110 animal units) of cattle weighing less than 700 pounds for a total of 260 animal units. This represents a decrease in the permitted animal units from the previous permit. All swine operations including swine buildings and earthen retention control structure are decommissioned. This permit is also being modified to increase the open lot and grass buffer areas. This facility has an approved Waste Management Plan on file with KDHE.

Name and Address of Applicant	Receiving Stream	Type of Discharge
Meriden, City of PO Box 262 Meriden, KS 66512	Muddy Creek via Unnamed Tributary	Treated Domestic

Permit No. M-KS43-0001
Federal Permit No. KS0046434

Legal Description: NE $\frac{1}{4}$ SW $\frac{1}{4}$ SE $\frac{1}{4}$, Section 12, Township 10S, Range 16E, Jefferson County

Location: [39.19033, -95.57627](#)

The proposed action consists of reissuance of a Kansas/NPDES Water Pollution Control permit for an existing facility. The existing facility is a four-cell wastewater stabilization lagoon system with a minimum of 120 days detention time. The facility receives domestic wastewater from residential and commercial areas and industrial wastewater from local manufacturers. The total detention time at design flow is 171 days. This permit contains limits for Biochemical Oxygen Demand, Total Suspended Solids, and Ammonia. The permit contains monitoring for pH, and E. coli. This NPDES discharging lagoon wastewater treatment facility has been reviewed for eligibility for the MDV for ammonia and has been determined to be eligible. Eligibility was determined through analysis of the facility's highest attainable criteria (HAC) for ammonia. The ammonia effluent limit was determined on December 29, 2025 by calculating the 99th percentile ammonia value from the facility's discharge monitoring reports resulting in an ammonia limit of 6.5 mg/L for this facility. However, due to anti-backsliding, the previous permit ammonia limit of 4.2 will be applied.

Name and Address of Applicant	Receiving Stream	Type of Discharge
Altoona, City of PO Box 147 Altoona, KS 66710	Verdigris River via Big Cedar Creek	Treated Domestic

Permit No. M-VE01-0001
Federal Permit No. KS0027511

Legal Description: NW $\frac{1}{4}$, SE $\frac{1}{4}$, NW $\frac{1}{4}$, Section 21, Township 29S, Range 16E, Wilson County

Location: [37.51074, -95.66346](#)

The proposed action consists of reissuance of a Kansas/NPDES Water Pollution Control permit for an existing facility. The existing facility is a two-cell wastewater stabilization lagoon system with a minimum of 150 days detention time. The facility receives domestic wastewater from residential and commercial areas. The detention time at permitted flow is 151.7 days. This permit contains limits for Biochemical Oxygen Demand, Total Suspended Solids, and Ammonia. The permit contains monitoring for pH, and E. coli. This NPDES discharging lagoon wastewater treatment facility has been reviewed for eligibility for the MDV for ammonia and has been determined to be eligible. Eligibility was determined through analysis of the facility's highest attainable criteria (HAC) for ammonia and an Economic Eligibility Determination (EED) that assessed the impact of the cost of a new mechanical facility to the community's rate payers. The ammonia effluent limit was determined on October 29, 2025 by calculating the 99th percentile ammonia value from the facility's discharge monitoring reports resulting in an ammonia limit of 6.4 mg/L for this facility.

Legal Description: NW¼, SE¼, NW¼, Section 21, Township 18S, Range 40W, Greeley County

Location: [38.47662, -101.74653](#)

The proposed action consists of reissuance of a Kansas/NPDES Water Pollution Control permit for an existing facility. The existing facility is a three-cell wastewater stabilization lagoon system with a minimum of 120 days detention time. The facility receives domestic wastewater from residential and commercial areas. This permit contains limits for Biochemical Oxygen Demand, and Total Suspended Solids. The permit contains monitoring for pH, Ammonia, and E. coli.

Great Plains Manufacturing Abilene 1525 E. North St. Saina, KS 67402		Process Wastewater

Permit No. P-SH01-OO01
Federal Permit No. KSP000029

Legal Description: Dickinson County

Location: [38.92383 -97.22990](#)

The proposed action consists of reissuing the above-mentioned Pretreatment permit. No significant changes were made to the permit. This facility manufactures various types of landscape equipment including mowers, tillers, cutters and seeders. Steel parts are welded, phosphated and painted to produce the final product. The conversion coating (phosphating) operation consists of an automatic eight-stage washing system. This permit contains limits for pH, Total Toxic Organics, Cadmium, Chromium, Copper, Lead, Nickel, Silver, Zinc, and Cyanide. The permit contains monitoring for Flow-MGD.

Persons wishing to comment on or object to the draft documents and/or permit applications must submit their comments in writing to the Kansas Department of Health and Environment (KDHE) if they wish to have the comments or objections considered in the decision-making process. All written comments regarding the draft documents, application or registration notices received on or before April 25, 2026, will be considered in the formulation of the final determination regarding this public notice. Please refer to the appropriate Kansas document number (KS-AG-26-115/124, KS-AG-R-26-012, KS-Q-26-041/045) and name of the applicant/permittee when preparing comments.

All comments received will be responded to at the time the Secretary of Health and Environment issues a determination regarding final agency action on each draft document/application. If response to any draft document/application indicates significant public interest, a public hearing may be held in conformance with K.A.R. 28-16-61 (28-46-21 for UIC). A request for public hearing must be submitted in writing and shall state the nature of the issues proposed to be raised during the hearing.

State of Kansas

Department of Transportation

Notice to Contractors

Electronic copies of the letting proposals and plans are available on the Kansas Department of Transportation (KDOT) website at <https://kdotapp.ksdot.org/Proposal/Proposal.aspx>. The website will allow the contractor to request approval from KDOT to bid as a prime contractor and be included on the “Bid Holders List,” or to be included on the “Non-Bid Holders List” as a subcontractor/supplier. KDOT’s approval is required to bid as a prime contractor. To bid as a prime contractor, KDOT needs to be notified of the intent to bid no later than the close of business on the Monday preceding the scheduled letting date. Failure to obtain prior approval to bid as a prime contractor on any projects listed below will be reason to reject your bid. The Secretary reserves the right to reject bids that do not comply with all requirements for preparing a bidding proposal as specified in the 2015 edition of the Kansas Department of Transportation Standard Specifications for State Road and Bridge Construction.

KDOT will only accept electronic internet proposals using the Bid Express website at <https://bidx.com/ks/main> until 1:00 p.m. (Central Time) on letting day. The KDOT bid letting will be conducted remotely by audio broadcast only at 3:00 p.m. (Central Time) on letting day. For the conference call information see <https://www.ksdot.org/bureaus/burconsmain/lettinginfo.asp>. KDOT has tested the process, but in the event of an unforeseen issue, KDOT will provide updates.

Each bidder shall certify that such person, firm, association, or corporation has not, either directly or indirectly, entered into any agreement, participated in any collusion, or otherwise taken any action in restraint of free competitive bidding in connection with the submitted bid. This certification shall be in the form of a required contract provision provided by the state to each prospective bidder. Failure to complete the required contract provision and certify the completeness of the preceding statement when electronically signing the proposal will make the bid nonresponsive and not eligible for award consideration.

Projects for the April 17, 2026 Letting

Statewide: 106 KA-7674-01–Various locations statewide, intelligent transportation system (State Funds)

District One – Northeast

Statewide: 169-106 KA-7263-01 – US-169, pavement restoration in Westwood on US-169 at West 47th Avenue intersection, intersection improvement, 0.2 miles. (Federal Funds)

Statewide: 106 KA-7639-01 – K-9, K-99, K-233, US-36 and US-77 in Marshall, Nemaha, Pottawatomie, Riley, and Washington, signing. (State Funds)

Statewide: 106 KA-7643-01 – K-5, K-32, US-69 and U.S.169 in Wyandotte, Johnson, and Leavenworth counties, signing. (State Funds)

District Two – North Central

Ellsworth: 111-27 KA-7222-01 – K-111, one location at Avenue H, guard fence, 0.2 miles. (State Funds)

McPherson: 153-59 KA-7223-01 – K-153, one location 0.08 miles south of McKinley Street in the city of McPherson, guard fence, 0.2 miles. (State Funds)

Republic: 79 C-5358-01 – Bridge over Salt Creek located 2.0 miles east of Belleville, bridge replacement, 0.1 miles. (Federal Funds)

Statewide: 106 KA-7637-01 – K-9, K-28, US-24 and US-81 in Cloud, Republic, Washington, Clay, Ottawa, Mitchell, and Jewell, signing. (State Funds)

District Six – Southwest

Hodgeman: 42 C-5351-01–Bridge over Pawnee River located 5.0 miles north and 14.6 miles west of Jetmore, bridge replacement, 0.1 miles. (Federal Funds)

Calvin Reed
Secretary
Kansas Department of Transportation

State of Kansas

Department of Agriculture Division of Conservation

Notice to Contractors

Sealed bids, in single copy, will be received until 10:00 a.m. (Central Time) April 21, 2026, at the Pottawatomie County Conservation District, 501 State St., Westmoreland, KS 66549, and at that time publicly opened. Bids are for the construction of improvements, including primary spillway replacement, to Site 68 as outlined in the project plans. Site 68 is located in Sec 15, Township 8 South, Range 8 East, Pottawatomie County, Kansas.

The proposed work includes, but is not limited to the following main bid items; Excavation 5,690 cubic yards; Earthfill, 4,700 cubic yards; 18" PVC, 160 linear feet; Concrete Riser; Rip Rap, 1250 tons; Seeding.

All bids must be accompanied by bid bond, certified check, cashier's check, money order, or cash in an amount not less than five percent (5%) of the amount bid.

The successful bidder will be required to execute a formal contract and furnish performance and payment bonds in amounts of 100% each of the total amount of the contract. Corporations executing the bonds as sureties must be among those appearing on the US Treasury Department's list of approved sureties.

All work shall be completed within 60 calendar days after the date of the Notice to Proceed. A penalty of \$500 per work day will be charged against the contractor for each work day required to complete this contract in excess of the 60 calendar days given to complete the contract. Notice to Proceed shall be issued at the contractor's request, however it shall be issued no later than October 1, 2026 (late start date).

Questions about the project can be addressed to the office of the Project Engineer, CES Group Inc., 605 Broadway, Marysville, KS 66508, 785-562-5148, email aholthaus@cesgroup.biz.

Copies of the plans and specifications will be available for inspection by prospective bidders at the Watershed District Office (Pottawatomie County Conservation District). Copies may be purchased from the project engineer at a charge of \$50 per set to cover postage and production costs, due and payable upon contractor's receipt of the plan documents. Bids will not be accepted if payment in full is not made by the time of bid opening. Electronic copies are available for no charge through the Project Engineers Office Plan Room at <http://www.cesgroup.biz/plan-room/>. Three (3) sets of plans and specifications for each site will be provided to the successful bidder upon execution of the construction contract at no additional charge.

Hesston Community Child Care Association

Request for Bids

Hesston Community Child Care Association, Hesston, Kansas, requests sealed bids from qualified vendors for installation of a security system at 441 Neufeld Dr., Hesston, Kansas.

Project includes approximately 24 indoor cameras, 10 outdoor cameras, one PTZ camera, access control for approximately ten doors, two panic alarm buttons, monitoring stations, and related hardware, software, and installation services.

Security improvements must integrate with the existing Schowalter Villa campus security infrastructure but are limited to the Hesston Community Child Care facility.

This project is funded through the Nonprofit Security Grant Program administered by the Federal Emergency Management Agency and the Kansas Highway Patrol.

You can request the full Invitation for Bids (IFB) from:

Kansas Public Employees Retirement System

Request for Proposals

The Kansas Public Employees Retirement System (KPERs) is soliciting competitive proposals from qualifying institutions to provide third-party administrator services for the KPERs long-term disability plan that is administered by KPERs. Candidates must also be able to provide death and disability medical evaluations and consulting services for the Kansas Police & Firemen's Retirement System.

Candidates should respond to this Request for Proposals (RFP) for the purpose of providing such services for KPERs and the Kansas Police & Firemen's Retirement System; this request does not include services for the Retirement System for Judges.

Details are available in the RFP document at the KPERs website at <http://www.kspers.gov>. Proposals must be received electronically by KPERs no later than 12:00 p.m. (Central Time) April 20, 2026. All related questions should be in writing and directed to Mary Beth Green, Deputy Executive Director for Modernization at mgreen@kspers.gov.

State of Kansas

Office of the Governor

State of Disaster Emergency Proclamation

By virtue of the authority vested in me by the Kansas Emergency Management Act, Chapter 48, Article 9, of the Kansas Statutes Annotated, to meet the inherent dangers of disasters to which the State and its citizens have been exposed, and upon advice of the State Adjutant General as the Director of the Division of Emergency Management, I hereby proclaim a State of Disaster Emergency as follows:

NATURE OF THE DISASTER

The combination of strong winds and dry air is creating elevated fire danger, particularly in western and northwest Kansas with Red Flag Warnings issued by the National Weather Service over most all regions of the state. Local jurisdictions may require support from the state for fire suppression.

DATE THAT DISASTER AFFECTED THE AREA

March 12-16, 2026

AREA AFFECTED BY DISASTER

Clay
Marshall
Republic
Rooks
Russell

I hereby proclaim, direct and order the Adjutant General of the State of Kansas to activate the disaster response and recovery portions of the Kansas Response Plan and to utilize all available resources of the state to cope with the disaster as necessary. The Adjutant General shall coordinate local and inter-jurisdictional disaster plans applicable to the political subdivisions of areas affected by this Proclamation.

Any or all of the powers conferred upon the Governor by the Kansas Emergency Management Act may be delegated to the Adjutant General as deemed appropriate during this period of proclaimed State of Disaster Emergency. This may be delegated by written orders, or oral orders subsequently reduced to writing with reference to this Proclamation.

I hereby suspend the provisions of any regulatory statute prescribing the procedures for conduct of state business, or the order or rules and regulations of any state agency which implements such statute, if strict compliance with the provisions of such statutes, order or rule and regulation would prevent, hinder, or delay in any way necessary action in coping with the disaster as set forth in KSA 48-925(c)(1).

This Proclamation shall be filed promptly with the Division of Emergency Management, the Office of the Secretary of State and each city clerk or county clerk, as appropriate, in the area to which this Proclamation applies. Further dissemination of this Proclamation shall occur by means calculated to bring its contents to the attention of the general public.

PROCLAIMED on the 12th day of March 2026, **AMENDED** on the 17th day of March, 2026, and **MEMORIALIZED** on the 17th day of March, 2026, under the Great Seal of the State.

Legislative Administrative Services

Legislative Bills and Resolutions Introduced

The following numbers and titles of bills and resolutions were introduced March 16 – March 20 during the 2026 session of the Kansas Legislature. Full text of bills, bill tracking, and other information may be accessed at <http://www.kslegislature.gov/li/>.

House Bills

HB 2799, AN ACT concerning the legislature; relating to giving testimony before all committees of the legislature; requiring all persons to take an oath prior to testifying before such committees, by Committee on Federal and State Affairs.

HB 2800, AN ACT concerning state moneys; relating to postsecondary educational institutions; prohibiting the use of state moneys and student fees from being expended or commingled with funds used for the purposes of compensating a collegiate student athlete for the use of the athlete's name, image, likeness rights or athletic reputation, by Committee on Appropriations.

House Resolutions

HR 6037, A RESOLUTION providing for the assignment of seats in the House of Representatives for the 2026 legislative session, by Representatives Hawkins, Croft and Woodard.

HR 6038, A RESOLUTION recognizing Real Men Real Leaders for its dedication and work in providing Kansas youth with leadership education and opportunities, by Representative Lewis.

HR 6039, A RESOLUTION recognizing and honoring SparkWheel for its outstanding service on Kansas youth and families, Representative Goetz.

HR 6040, A RESOLUTION commemorating the life and service of Representative John Resman, by Representatives Essex, Alcalá, Amyx, Anderson, Averkamp, Ballard, Barrett, Bergkamp, Bergquist, Blex, Bloom, Boatman, Bohi, Borjon, Brantley, Brownlee Paige, Brunk, Bryce, Buehler, Butler, Caiharr, Carlin, Carmichael, Carpenter, Carr, Chauncey, Collins, Corbet, Croft, Curtis, Delperdang, Droge, Ellis, Esau, Estes, Fairchild, Featherston, Francis, Gardner, Goddard, Goetz, Haskins, Hawkins, Helgerson, Helwig, Hoffman, Hoheisel, Howe, Howell, Howerton, Hoyer, Huebert, Humphries, James, Johnson, Kessler, King, Lewis, Long, Martinez, McDonald, McNorton, Melton, Meyer, Minnix, Moser, Mosley, Neelly, Neighbor, Ohaebosim, Oropeza, Osman, Ousley, Pickert, Pishny, Poetter Parshall, Poskin, Proctor, Rahjes, Reavis, Rhiley, Roeser, Roth, Ruiz, Sanders, Sappington, Sawyer, Sawyer Clayton, Schlingensiepen, Schmoie, Schreiber, Schwertfeger, Seiwert, Simmons, Smith, Steele, Stiens, Stogsdill, Sutton, Sweely, Tarwater, Turk, Turner, VanHouden, Vaughn, Waggoner, Ward, Wasinger, Waymaster, Weigel, White, Wickle, Wilborn, Willcott, Williams, Wilson, Winn, Wolf, Woodard and Xu.

HR 6041, A RESOLUTION recognizing and commemorating the 100th anniversary of the Jayhawk Theatre, by Representatives McNorton, Alcalá, Amyx, Anderson, Bloom, Bohi, Borjon, Brantley, Buehler, Carpenter, Chauncey, Corbet, Croft, Curtis, Esau, Essex, Francis, Haskins, Hoffman, Howe, Humphries, King, Lewis, Long, Moser, Neighbor, Pickert, Poskin, Rahjes, Reavis, Ruiz, Schlingensiepen, Schreiber, Simmons, Smith, Stiens, Stogsdill, Storm, Turner, Weigel, White and Williams.

Senate Bills

SB 536, AN ACT concerning income taxation; relating to the high performance tax credit program; providing for a rebate instead of a credit and capping the maximum rebate provided; amending K.S.A. 2025 Supp. 79-32,160a and repealing the existing section, by Committee on Assessment and Taxation.

Senate Resolutions

SR 1735, A RESOLUTION recognizing and commemorating the 100th anniversary of the Jayhawk Theatre, the official State Theater of Kansas, by Senators Dietrich, Kloos, Schmidt and Titus.

Doc. No. 054000

State of Kansas

Kansas Development Finance Authority

Notice of Hearing

A public hearing will be held at 9:00 a.m. April 10, 2026, in the conference room of the Kansas Development Finance Authority (the "Authority"), 534 S. Kansas Ave., Suite 800, Topeka, Kansas, on the proposal for the Authority to issue its tax-exempt Revenue Bonds (the "Bonds") in a principal amount not to exceed \$60,000,000, plus all amounts required for costs of issuance of the Bonds, costs of interest on the Bonds during the renovation of the Project and for a period of not more than one year following completion of the Project, credit enhancement costs, and any required reserves for the payment of principal and interest on the Bonds. The Bonds will be Qualified 501(c)(3) Bonds as defined in Section 145 of the Internal Revenue Code of 1986, as amended, and will be issued pursuant to K.S.A. 74-8901 *et seq.* (the "Act") to finance the renovation and equipping of the university stadium on the campus of Wichita State University (the "University") located at 1845 N. Fairmount Ave. in the City of Wichita, Kansas (the "Project"), the principal users of which will be the University and Wichita State University Intercollegiate Athletic Association, Inc., a Kansas not-for-profit corporation.

The Bonds, when issued, will be a limited obligation of the Authority and will not constitute a debt or liability of the State of Kansas or any political subdivision thereof within the meaning of any constitutional or statutory provision or limitation, and do not constitute a pledge of the full faith and credit of the State of Kansas or any political subdivision thereof. The Bonds will be payable solely from revenues pledged by the University in amounts sufficient to pay the principal of, interest and redemption premium, if any, on the Bonds when they become due.

Interested individuals may participate in the public hearing via conference call. Please call 844-621-3956 and use conference identification number 145 880 8929 followed by # to join the conference.

At the hearing, all individuals who appear will be given an opportunity to express their views for or against the proposal to issue Bonds to finance the Project, and all written comments previously filed with the Authority at its above-referenced offices will be considered. Additional information regarding the Project may be obtained by contacting the Authority at the address of its offices listed above.

Doc. No. 053988

(Published in the Kansas Register March 26, 2026.)

City of Edwardsville, Kansas

Summary Notice of Bond Sale

\$3,790,000*

General Obligation Bonds, Series 2026

(General Obligation Bonds Payable from Unlimited Ad Valorem Taxes)

Bids

Subject to the Notice of Bond Sale dated on or about March 31, 2026 (the "Notice of Sale"), bids will be received by the City Clerk of the City of Edwardsville, Kansas (the "City"), on behalf of the governing body at the address set forth below or, in the case of electronic proposals, via PARITY® Electronic Bid Submission System ("PARITY") until 10:00 a.m. (Central Time) April 13, 2026, for the purchase of \$3,790,000* principal amount of General Obligation Bonds, Series 2026 (the "Bonds"). No bid of less than 100% of the par value of the Bonds, plus accrued interest to the date of delivery, if any, will be considered. Bidders may be required to be qualified in a manner established by the City before submitting a bid.

Bond Details

The Bonds will consist of fully registered bonds in the denomination of \$5,000 or any integral multiple thereof. The Bonds will be dated May 7, 2026 (the "Dated Date"), and will become due on December 1 in the years as follows:

Maturity	Principal Amount*
2027	\$40,000
2028	135,000
2029	145,000
2030	145,000
2031	150,000
2032	155,000

Maturity

2046

Principal Amount*

290,000

*Subject to change.

The Bonds will bear interest from the Dated Date at rates to be determined when the Bonds are sold as provided in the Notice of Sale, which interest will be payable semiannually on June 1 and December 1 in each year, beginning on June 1, 2027. A bidder may elect to have all or a portion of the Bonds scheduled to mature in consecutive years issued as term bonds subject to the requirements set forth in the Notice of Sale.

Paying Agent and Bond Registrar

Treasurer of the State of Kansas, Topeka, Kansas.

Good Faith Deposit

Each bid shall be accompanied by a good faith deposit in the form of a cashier's or certified check drawn on a bank located in the United States of America or a wire transfer of same-day funds in accordance with the requirements set forth in the Notice of Sale, in the amount of \$75,800 for the Bonds (2% of the principal amount of the Bonds).

Delivery

The City will pay for preparation of the Bonds and will deliver the same properly prepared, executed, and registered without cost to the successful bidder on or about May 7, 2026, at the offices of The Depository Trust Company, New York, New York.

Assessed Valuation and Indebtedness

The equalized assessed tangible valuation for computation of bonded debt limitations for the year 2025 is \$130,004,428. The total general obligation indebtedness of the City as of the date of the Bonds, including the Bonds being sold and excluding the temporary notes being redeemed with proceeds of the Bonds, is \$28,645,000*.

Approval of Bonds

The Bonds will be sold subject to the legal opinion of Kutak Rock LLP, Kansas City, Missouri, Bond Counsel, whose approving legal opinion as to the validity of the Bonds will be furnished and paid for by the City and delivered to the successful bidder when the Bonds are delivered.

Additional Information

Additional information regarding the Bonds may be obtained from the City Clerk, from the City's Municipal Advisor, Piper Sandler & Co., Attn: Clayton Kelley, 11635 Rosewood St., Leawood, KS 66211, phone 913-345-3377, or from Kutak Rock LLP, Bond Counsel, Attn: Bridget Morris, 2405 Grand Blvd., Suite 600, Kansas City, MO 64108, phone 816-960-0090.

Dated March 19, 2026.

Doc. No. 053995

State of Kansas

Department of Agriculture Division of Water Resources Permanent Administrative Regulations

Article 18.—WATER CONSERVATION AREAS

5-18-1. Water conservation area management plans. (a) As used in this regulation, “historical water use period” shall mean the years 2008 through 2017 or an alternate time period that has been approved by the chief engineer because one of the following circumstances is met:

(1) The water rights were subject to a limitation imposed by an order of the chief engineer that is more restrictive than their authorized annual quantity at any point during that time period; or

(2) a different historical water use period is justified based on extenuating circumstances documented by the landowner.

(b) Only certified water rights and vested water rights shall be eligible to participate in a water conservation area.

(c) Each water conservation area management plan submitted to the chief engineer shall include information required in a template provided by the chief engineer and may include additional information relevant to the proposed water conservation area.

(d) In order to address the conditions that must exist for a water conservation area to be designated as specified in K.S.A. 82a-745, and amendments thereto, the primary purpose of each water conservation area shall be to either reduce the total amount of water withdrawn by the participating water rights or to protect or improve water quality.

(e) Whether a proposed water conservation area will reduce the total amount of water withdrawn under the water rights that are proposed to participate in the water conservation area shall be determined based on the following:

(1) Water used under the water rights that are proposed to participate in the water conservation area during the historical water use period, which shall account for past voluntary water conservation measures as the chief engineer determines appropriate and may be compared to climatic demand during the historical water use period;

(2) the amount of water used by other water users within at least one mile of the proposed water conservation area; and

(3) any other criteria the chief engineer determines appropriate.

Non-use of water due to lack of access to a point of diversion or to a declining aquifer condition shall not be considered past voluntary water conservation.

(f) Criteria the chief engineer determines appropriate may be used as the basis for establishing a water conservation area for the primary purpose of protecting or improving water quality.

(g) A proposed management plan that requests that water be allowed to be diverted under any water right participating in the proposed water conservation area in excess of that water right’s authorized annual quantity shall include the location of, and the names and addresses of the owners of, all other water wells within one-

half mile of the well that is proposed to be allowed to exceed its authorized annual quantity and shall not be approved unless total diversions under the proposed water conservation area:

(1) Reduce the total amount of water withdrawn under the water rights that are proposed to participate in the water conservation area;

(2) will not increase diversions from a single source of supply; and

(3) will not impair any water right pursuant to K.S.A. 82a-745(g).

(h) A water conservation area management plan may allow any unused portion of a water quantity allocation under an approved water conservation area to be carried over into a subsequent water conservation area term or into a new water conservation area, provided that:

(1) The carryover will not cause the aggregate water used under the water conservation area management plan to exceed aggregate water use during the historical water use period; and

(2) each request to carry over any unused portion of an allocation from an existing water conservation area into a new water conservation area shall be submitted before the existing water conservation area expires.

(i) Each request for a water conservation area to allow a water right to exceed its authorized annual quantity or include a carryover provision and all other changes to a condition or limitation of any base water right that have been approved or that will be necessary in order for the proposed water conservation area to be approved shall be described in the proposed water conservation area management plan.

(j) A request contained in a proposed water conservation area management plan shall not be implemented or considered permissible until the proposed water conservation area management plan is approved by the chief engineer. (Authorized by K.S.A. 82a-745; implementing K.S.A. 82a-745; effective April 10, 2026.)

5-18-2. Amendment and termination of water conservation areas; notice. (a) A proposed or approved water conservation area management plan may be amended or terminated, subject to review and approval by the chief engineer.

(b) Each proposed amendment to an existing water conservation area management plan that adds additional water rights, authorizes additional diversion of water from a participating water right, changes the beneficial use of a participating water right, or expands the place of use of a participating water right shall be provided to the applicable groundwater management district for review, consistent with K.S.A. 82a-745(h), and notice of same shall be provided to all water right owners with a point of diversion within $\frac{1}{2}$ a mile of the boundaries of the water conservation area.

(c) Each proposed amendment to a water conservation area management plan that removes a participating water right, reduces authorized withdrawals, or reduces the geographic boundaries shall be posted on the division's website without further notice, provided that the amendment does not increase flexibility to the remaining water rights.

(d) Each proposed renewal or extension of a water conservation area on the same or amended terms shall be provided to the applicable groundwater management district for review, including any supporting information or reports based on the previous management plan term, and notice of same shall be posted on the division's website. The notice shall include any report, review or other information compiled by the division or participating water right owners regarding the effectiveness of the water conservation area management plan over its period of existence.

(e) A water conservation area may be terminated by written notification to the chief engineer signed by the

Kansas Register

Volume 45 - Issue 13 - March 26, 2026

[Table of Contents](#)

owners of all existing water rights in the designated area. Termination shall include a full evaluation of the water use to ensure compliance with the terms, conditions and limitations of the associated water rights.

(f) If a water conservation area is terminated, each water right that exceeded its authorized annual quantity as allowed by the water conservation area management plan during the calendar year in which termination is approved shall be subject to an order of the chief engineer reducing its authorized annual quantity for the following calendar year by an amount equal to the amount by which the water right's authorized annual quantity was exceeded. (Authorized by and implementing K.S.A. 82a-745; effective April 10, 2026.)

Kansas Department of Agriculture

Doc. No. 053998

State of Kansas

Department of Agriculture Division of Water Resources Permanent Administrative Regulations

Article 19.—LOCAL ENHANCED MANAGEMENT AREAS

5-19-1. Definitions. Each of the following terms, as used in this article of the division's regulations, shall have the meaning specified in this regulation:

- (a) "Fixed allocation" means the quantity of water allowed to be diverted by a water right or group of water rights over the multi-year term of a LEMA plan.
- (b) "GMD" means a groundwater management district established pursuant to K.S.A. 82a-1020 et seq., and amendments thereto.
- (c) "LEMA" means a local enhanced management area pursuant to K.S.A. 82a-1041, and amendments thereto.
- (d) "LEMA plan" means the document adopted by a groundwater management district that specifies the basis for the designation and operation of a local enhanced management area.
- (e) "Presiding officer" means either the chief engineer or a hearing officer appointed for the purpose of conducting public hearings regarding a local enhanced management area pursuant to K.S.A. 82a-1041, and amendments thereto.
- (f) "Group of water rights" means water rights for which the distribution systems are physically connected or that would be provided a single allocation under a proposed LEMA plan. (Authorized by K.S.A. 2025 Supp. 82a-1041; implementing K.S.A. 74-510a and K.S.A. 2025 Supp. 82a-1041; effective Dec. 27, 2021; amended April 10, 2026.)

5-19-2. Fixed allocations in a LEMA; LEMA plans. (a) Before a GMD's board of directors recommends formal approval of a LEMA plan and submission of the plan to the chief engineer for review, the GMD's board of directors or staff may request the division to assist in the development of the LEMA plan or to informally review the LEMA plan.

(b) A fixed allocation may allow water use in a given calendar year to exceed a water right's annual authorized quantity, but a fixed allocation assigned to a group of water rights shall not permit annual diversions by any water right in the group to exceed the water right's authorized annual quantity multiplied by the number of years in the proposed LEMA term.

(c) A fixed allocation proposed by a LEMA with an initial term beginning after the effective date of this regulation shall not be based on the historical water use of an individual water right or a group of water rights, unless it is demonstrated to the satisfaction of the chief engineer that a fixed allocation based on the historical water use of an individual water right or group of water rights gives due consideration to water management or conservation measures previously implemented by a water right holder in accordance with K.S.A. 82a-744, and amendments thereto, and does not constitute a waste of water as defined in K.A.R. 5-1-1, and amendments thereto. Each fixed allocation proposed by a LEMA with an initial term beginning after the effective date of this regulation shall be based on the overall goal of the LEMA and either:

(l) The authorized annual quantity of each water right or group of water rights;

(2) the authorized acres, or the base acreage as defined in K.A.R. 5-5-11, of each water right or group of water rights;

(3) a percentage of the current reasonable use of each water right or group of water rights; or

(4) another method that the chief engineer determines gives due consideration to water management or conservation measures previously implemented by a water right holder in accordance with K.S.A. 82a-744, and amendments thereto, and does not constitute a waste of water as defined in K.A.R. 5-1-1, and amendments thereto.

(d) For irrigation water rights that overlap in place of use with other water rights, each fixed allocation proposed by a LEMA with an initial term beginning after the effective date of this regulation shall be limited among the overlapping rights based on the authorized acres that are shared by the water rights or the base acreage as defined in K.A.R. 5-5-11 that is shared by the water rights.

(e) A fixed allocation may consider water right priority and impact to the shared water resource.

(f) In addition to the requirements for LEMA plans specified in K.S.A. 82a-1041 and amendments thereto, each GMD that recommends approval of a LEMA plan and formally submits the LEMA plan to the chief engineer shall ensure that the LEMA plan includes the following:

(1) Each condition specified in K.S.A. 82a-1036(a) through (d), and amendments thereto, that the LEMA plan is intended to address;

(2) a statement of each goal that the LEMA plan is intended to achieve;

(3) documentation that quantifies how any corrective controls that establish allocations, including multi-year allocations that allow use in excess of a water right's annual authorized quantity in a given calendar year, reductions, or limitations to water use would affect existing water rights;

(4) an appropriate appeals procedure for water right owners based on the corrective controls implemented;

(5) an executive summary of the proposed goals and corrective controls;

(6) documentation, evidence, or other information indicating that the proposed corrective controls will meet each stated goal of the proposed LEMA plan;

(7) a description of how the boundary of the proposed LEMA was determined;

(8) a description of how due consideration was given to water users who already have implemented reductions in water use resulting in voluntary conservation measures if the corrective controls result in any allocations, reductions, or limitations of water rights that are based on past use. If applicable, the description shall include the following:

(A) An explanation of the criteria or methods used to address voluntary water management or conservation that reduced water usage; and

(B) a requirement that any owner or holder of a water right provide documentation of any voluntary conservation that resulted in the use of less water;

(9) if applicable to the LEMA plan, specification of how past reductions in water use resulting in voluntary conservation will be considered in any appeal process provided; and

(10) if a stated goal of the LEMA plan is to address an impairment or there are known cases of impairment within the LEMA, an explanation of how each impairment is legally addressed.

Kansas Register

Volume 45 - Issue 13 - March 26, 2026

[Table of Contents](#)

(g) A separate memorandum containing a summary of the public outreach conducted by the GMD before recommending the LEMA plan for approval shall be submitted simultaneously with the LEMA plan and shall include a description of any changes made to the LEMA plan due to any public comments.

(h) If the stated goal of a LEMA plan is to improve water quality, the GMD's board of directors or staff may consult with the chief engineer before formal submission of the proposed LEMA plan to determine which requirements in subsections (b) and (c) are applicable and to determine any other information necessary in order for the chief engineer to perform a review of the LEMA plan. (Authorized by and implementing K.S.A. 2025 Supp. 82a-1041; effective Dec. 27, 2021; amended April 10, 2026.)
