Notice of Water Quality Certification

The Kansas Department of Health and Environment (KDHE) has drafted a water quality certification per Section 401 of the Clean Water Act (CWA) requested by Ireymika Faith Alabi for the Kansas Department of Transportation (KDOT). The United State Army Corps of Engineers (USACE) CWA Section 404 Public Notice No. NWK-2024-00663 can be found at <https://rrs.usace.army.mil/rrs/public-notices>. The purpose of this project is to construct the north project portion of the South Lawrence Trafficway Project (KDOT Project No. 10-23 KA-3634-02). The scope of the project is to add two lanes to the existing two-lane roadway and will involve reconstruction of the existing interchange at I-70 and includes work on bridges and drainage structures which would result in the discharge of fill into a tributary of Baldwin Creek. The proposed structures will improve drainage and stabilize the existing roadway. Total impacts to aquatic resources would be approximately 800 linear feet, or 0.27 acres, of stream channel. A stream channel located on the east side of K-10 will also be affected by the project; however, this stream is not jurisdictional under the Clean Water Act. This project is programmed for a September 2026 letting.

The draft certification and additional information containing the link to the USACE Public Notice will be posted on the KDHE website at <https://www.kdhe.ks.gov/1095/Section-401-Water-Quality-Certification>. Persons wishing to comment on the referenced draft document must submit their comments in writing by email to the Kansas Department of Health and Environment at KDHE.NPS@ks.gov by May 16, 2026, if they wish to have their comments considered in the formulation of final determinations for 401 regarding this public notice.

OxyChem continuously makes ongoing efforts to investigate and evaluate methods to minimize or eliminate wastes, wastewater is currently generated at the plant and have generally been disposed via permitted Underground Injection Control (UIC) Class I hazardous waste disposal wells. Including Well #10, there are currently 5 active permitted Class I hazardous injection wells in the facility and 2 permitted well locations which are undrilled. Disposal of this wastewater is currently the most environmentally sound disposal method for the plant as the waste is isolated in the subsurface, has no potential for future contact with the surface environment, and does not require additional waste handling.

Persons wishing to comment on or object to the draft documents and/or permit applications must submit their comments in writing to the Kansas Department of Health and Environment (KDHE) if they wish to have the comments or objections considered in the decision-making process. Development of KDOT District Road Safety Plans Introduction

Kansas' recent development of the Drive To Zero (DTZ) Plan includes strategies and initiatives to reduce fatal and serious injury crashes in Kansas. One strategy within this plan is to develop District Road Safety Plans (DRSPs) for state system roads and highways in each of the six KDOT districts. The DRSPs are intended to support data-driven identification of safety priorities and roadway improvements on the KDOT system that offer the greatest potential safety benefit. The Drive To Zero Plan can be found at <https://www.ksdot.gov/about/publications-and-reports/strategic-highway-safety-plan>.

Background

Kansas is guided by a framework of roadway safety plans that serve different, but complementary, purposes. At the statewide level, the Strategic Highway Safety Plan (SHSP) and DTZ Plan, sets the vision, goals, and emphasis areas for roadway safety. Through adoption of the Safe System Approach (SSA), the Kansas DTZ Plan establishes a comprehensive framework to reduce fatal and serious injury crashes by embedding system-wide redundancies and addressing the interconnected elements of behavior, design, speed, vehicle safety, and post-crash care. District Road Safety Plans (DRSPs) are intended to function as an extension of the DTZ Plan, moving strategies from vision and planning to programs, projects, and implementation. The District Road Safety Plans strategy is described in the DTZ Plan Safer Roads Strategy 5.

The DRSPs may be informed by previously identified safety priorities and projects from traffic engineering studies, corridor plans or studies, safety performance analysis, safety systemic analysis, and various local road safety plans (where local roads connect to the KDOT system).

Project Approach

KDOT seeks proposals from qualified consultants outlining their proposed approach to accomplishing the outcomes and outputs defined in the project scope and addressing the questions and considerations detailed

within.

Anticipated Project and Consultant Scope

The scope included herein may not be all-inclusive. A scoping meeting will take place after consultant selection is made. KDOT anticipates the following to be included in the project and consultant's scope.

Project Scope

This project will include two phases of work. Phase A will involve the development of a work plan and replicable plan template that standardize and document the methodology to develop a DRSP. Phase B will produce an actual DRSP, using the methodology and template developed in Phase A. Lessons learned in Phase B will also be used to update the methodology developed in Phase A.

Phase A

The purpose of Phase A is to develop a work plan that establishes a uniform, data-driven process and clear requirements for DRSPs. In addition, a replicable plan template will be created to ensure consistency among plans.

The consultant will work with the project management team and KDOT's SAFE-T steering committee to weigh options and make decisions leading to the deliverables of Phase A. First, the consultant should compile examples from other states to provide recommendations and options to be considered. The consultant may also refer to existing KDOT plans, including but not limited to Local Road Safety Plans and Corridor Plans. The consultant should establish innovative methodologies and tools to streamline data compilation and analysis, compile previous study recommendations, and data use in project scoring. KDOT will provide the consultant with access to the AASHTOWare Safety application to support work under this project.

Work Plan Development

Following the document review and discussion, work can begin on establishing the methodology, standard practices, and guidance that will inform the work plan and support DRSP development. Considerations for the work plan include, but are not limited to:

1. Alignment with other plans/studies:
 - a. What are the existing plans and studies that should be utilized in the DRSP development process (e.g., SHSP, SS4A, LRSP, TEAP, etc.)?
2. Eligible State system roads and highways:
 - a. What State system roads and highways are to be included in the DRSPs (e.g., City Connecting Links, MPO areas, etc.)?
3. Data sources and analysis:
 - a. What types of safety data should be used and analyzed (e.g., crash, volume and roadway data) and how should it be depicted (e.g., visualizations) in each DRSP?
 - i. The consultant will utilize KDOT's safety performance analysis as well as the vulnerable road user systemic analysis to determine crash patterns by location, crash type, roadway/intersection type, and any circumstances of the crash which would lead to potential countermeasure identification.
4. Countermeasure recommendations – nominal and substantive safety:
 - a. How will potential infrastructure countermeasures be identified and applied? (e.g. Through existing plans and studies? Through systemic or systematic application?)
 - b. Will the DRSP provide low, medium and high-cost countermeasure recommendations?
 - c. Will non-engineering countermeasures be included in the DRSPs (e.g., education, enforcement, emergency response) and how will they be identified?
 - d. Will policy, practice or standards recommendations be included?
5. Project identification/list:
 - a. How will projects be selected and prioritized for inclusion in the plan?
 - i. How will KDOT's existing analysis be used (i.e., level of service of safety (LOSS) and vulnerable road

- user safety assessment)?
- ii. Will cost-benefit analysis be conducted?
- iii. What will be the prioritization factors and weights?
- b. What will be included in project cut sheets? (e.g., location description, location maps, priority ranking summary, estimated cost summary, project purpose and need, etc.)
- 6. Stakeholder engagement:
 - a. Beyond the SAFE-T Steering Committee, should additional stakeholders be engaged in the process or informed of the plan's recommendations? When, how and how frequently will KDOT and the consultant engage these stakeholders?
- 7. Timeframe:
 - a. How much time and what resources will be needed to complete a DRSP? (e.g., preparation of a scope of work for future DRSPs)

Template Structure for DRSP

The consultant shall develop a standardized, replicable template for KDOT DRSPs. This template will serve as the framework for all subsequent district-level road safety plans including the document layout and required contents of a DRSP.

The template shall:

- Be informed by and directly aligned with the approved Work Plan, including the processes, procedures, analytical methods, and steering committee and/or stakeholder engagement approach.
- Reflect the vision of the Kansas DTZ Plan, including alignment with the Safe System Approach including the objectives of Safer People, Safer Roads, Safer Speeds, Safer Vehicles and Post- Crash Care.
- Provide a clear outline structure (headings, required sections, and recommended content) to ensure consistency across districts. Provide templates for all documents and graphics including, but not limited to, Microsoft Word, Excel, PowerPoint, and ArcGIS.
- Identify and document required data inputs, analysis steps, prioritization methodology, and performance measures.
- Include guidance prompts and instructions to support consistent application by KDOT staff or future consultants.
- Be scalable and adaptable to districts of varying size and data availability.

The intent is to institutionalize the planning process developed under this contract so that future DRSPs can be prepared efficiently, consistently, and in accordance with established procedures.

Phase A Deliverables

Recommendations or options from other states, specifically states that are geographically similar to Kansas.

- Draft DRSP Work Plan.
- Final DRSP Work Plan.
- Draft DRSP Templates.
- Final DRSP Templates.

Phase B

Execution of Work Plan for a KDOT District

Phase B is dependent on completion and acceptance of Phase A by the project management team and steering committee. In Phase B, the consultant will execute the work plan established in Phase A to complete one DRSP following the completed template structure. KDOT's District 2 will serve as the pilot District.

Completion of the plan should incorporate input from District staff and other stakeholder types identified in Phase A and will accurately follow the methodologies, standard practices and guidance outlined in the Work Plan. If a practice or process outlined in the work plan is not functioning as intended, the consultant should communicate with the project management team and steering committee prior to making modifications to the Work Plan or Template. Any adjustments should be documented for future consideration.

Data Analysis for District 2 DRSP

In the development of KDOT's District 2 DRSP, the consultant is expected to, at a minimum, conduct analysis of crash data and other supporting data to inform decisions to be made by KDOT staff. The consultant will produce supporting graphics, figures or tables to summarize data analysis.

KDOT will provide crash data, current safety performance analysis, and roadway data. Current and already planned project information will be provided by KDOT through existing plans and/or studies.

Modifications to DRSP Work Plan

After completing the District 2 DRSP, the consultant will document lessons learned and provide the project management team and steering committee with recommendations for modifying the DRSP Work Plan and Template. After approval by the project team and steering committee, the consultant will update and finalize any relevant Phase A deliverables.

Note, the remaining five DRSPs will utilize the work plan and template developed in this contract; however, additional DRSPs will be solicited in a separate RFP.

Phase B Deliverables

- Data analysis for the District 2 Work Plan
- Draft District 2 DRSP
- Final District 2 DRSP
- Lessons Learned
- Recommended Modifications to DRSP Work Plan and Template(s)
- Draft Revised DRSP Work Plan
- Final DRSP Work Plan

Anticipated Consultant Scope (not mentioned above)

- Project Management:
 - Consultant will develop a timeline including milestones and deliverables.
 - Consultant will track milestone progress and schedule.
 - Consultant will host project management meetings with appropriate KDOT staff and other stakeholders as needed and directed by KDOT.
 - Consultant's operation of this contract will include timely submissions of contract documents (i.e., monthly progress reports, budget management, invoices, etc.)
 - Consultant will create a SharePoint or other document sharing electronic website to manage materials, agendas, minutes and other project documents.

6. Note, Federal Restrictions on Foreign Drones: Effective December 22, 2025, the American Security Drone Act of 2023 (ASDA) and OMB Memorandum M-26-02 strictly prohibit the use of federal funds for UAS manufactured by covered foreign entities. This includes any aircraft, flight controller, camera, or ground control station supplied by a manufacturer that is based in, or subject to the control of, a foreign adversary country, specifically the People's Republic of China.

This prohibition restricts the use of drones from these countries on any federal-aid project even if the drone related costs are billed separately or not at all. Any use of these covered drones including operation, maintenance or data processing on federal aid projects is prohibited. KDOT is evaluating adding a contract provision acknowledging this requirement on contracts moving forward. The prime consultant shall remain fully responsible for monitoring their team, (subconsultant and vendor) compliance with this requirement.

7. The outline in Table 1 below describes the expected proposal organization and content sections.
8. Depending on the number and quality of responses received, KDOT anticipates shortlisting (based on proposals) and if chooses to hold interviews prior to final selection (which may be based on both proposal

 6. Note, Federal Restrictions on Foreign Drones: Effective December 22, 2025, the American Security Drone Act of 2023 (ASDA) and OMB Memorandum M-26-02 strictly prohibit the use of federal funds for UAS manufactured by covered foreign entities. This includes any aircraft, flight controller, camera, or ground control station supplied by a manufacturer that is based in, or subject to the control of, a foreign adversary country, specifically the People's Republic of China. This prohibition restricts the use of drones from these countries on any federal-aid project even if the drone related costs are billed separately or not at all. Any use of these covered drones including operation, maintenance or data processing on federal aid projects is prohibited. KDOT is evaluating adding a contract provision acknowledging this requirement on contracts moving forward. The prime consultant shall remain fully responsible for monitoring their team, (subconsultant and vendor) compliance with this requirement.

- (6) As used in this subsection, “sexually motivated” means that one of the purposes for which the defendant committed the crime was for the purpose of the defendant’s sexual gratification.
- (e) If an inmate is sentenced to imprisonment for a crime committed while on parole or conditional release, the inmate shall be eligible for parole as provided by subsection (c), except that the prisoner review board may

postpone the inmate's parole eligibility date by assessing a penalty not exceeding the period of time which could have been assessed if the inmate's parole or conditional release had been violated for reasons other than conviction of a crime.

(f) If a person is sentenced to prison for a crime committed on or after July 1, 1993, while on probation, parole, conditional release or in a community corrections program, for a crime committed prior to July 1, 1993, and the person is not eligible for retroactive application of the sentencing guidelines and amendments thereto pursuant to K.S.A. 21-4724, prior to its repeal, the new sentence shall not be aggregated with the old sentence, but shall begin when the person is paroled or reaches the conditional release date on the old sentence. If the offender was past the offender's conditional release date at the time the new offense was committed, the new sentence shall not be aggregated with the old sentence but shall begin when the person is ordered released by the prisoner review board or reaches the maximum sentence expiration date on the old sentence, whichever is earlier. The new sentence shall then be served as otherwise provided by law. The period of postrelease supervision shall be based on the new sentence, except that those offenders whose old sentence is a term of imprisonment for life, imposed pursuant to K.S.A. 1993 Supp. 21-4628, prior to its repeal, or an indeterminate sentence with a maximum term of life imprisonment, for which there is no conditional release or maximum sentence expiration date, shall remain on postrelease supervision for life or until discharged from supervision by the prisoner review board.

(g) Subject to the provisions of this section, the prisoner review board may release on parole those persons confined in institutions who are eligible for parole when: (1) The board believes that the inmate should be released for hospitalization, deportation or to answer the warrant or other process of a court and is of the opinion that there is reasonable probability that the inmate can be released without detriment to the community or to the inmate; or (2) the secretary of corrections has reported to the board in writing that the inmate has satisfactorily completed the programs required by any agreement entered under K.S.A. 75-5210a, and amendments thereto, or any revision of such agreement, and the board believes that the inmate is able and willing to fulfill the obligations of a law abiding citizen and is of the opinion that there is reasonable probability that the inmate can be released without detriment to the community or to the inmate. Parole shall not be granted as an award of clemency and shall not be considered a reduction of sentence or a pardon.

(h) The prisoner review board shall hold a parole hearing at least the month prior to the month an inmate will be eligible for parole under subsections (a), (b) and (c). *The board shall give notice of such hearing to the attorney general.* At least one month preceding the parole hearing, the county or district attorney of the county where the inmate was convicted shall give written notice of the time and place of the public comment sessions for the inmate to any victim of the inmate's crime who is alive and whose address is known to the county or district attorney or, if the victim is deceased, to the victim's family if the family's address is known to the county or district attorney. ~~Except as otherwise provided, Failure to notify pursuant to this section shall not be a reason to postpone a parole hearing.~~ In the case of any inmate convicted of an off-grid felony or a class A felony, the secretary of corrections shall give written notice of the time and place of the public comment session for such inmate at least one month preceding the public comment session to any victim of such inmate's crime or the victim's family pursuant to K.S.A. 74-7338, and amendments thereto, *and such public comment session shall be held in person unless the victim or victim's family requests otherwise.* If notification is not given to such victim or such victim's family in the case of any inmate convicted of an off-grid felony or a class A felony, the board shall postpone a decision on parole of the *the public comment session for such inmate* to a time at least 30 days after notification is given as provided in this section. *The board shall not make a decision on parole of the inmate until after the public comment session for such inmate is held.* Nothing in this section shall create a cause of action against the state or an employee of the state acting within the scope of the employee's employment as a result of the failure to notify pursuant to this section. If granted parole, the inmate may be released on parole on the date specified by the board, but not earlier than the date the inmate is eligible for parole under subsections (a), (b) and (c). At each parole hearing and, if parole is not granted, at such intervals thereafter as it determines appropriate, the board shall consider: (1) Whether the inmate has satisfactorily

completed the programs required by any agreement entered under K.S.A. 75-5210a, and amendments thereto, or any revision of such agreement; and (2) all pertinent information regarding such inmate, including, but not limited to, the circumstances of the offense of the inmate; the presentence report; the previous social history and criminal record of the inmate; the conduct, employment, and attitude of the inmate in prison; the reports of such physical and mental examinations as have been made, including, but not limited to, risk factors revealed by any risk assessment of the inmate; comments of the victim and the victim's family including in person comments, contemporaneous comments and prerecorded comments made by any technological means; comments of the public; official comments; any recommendation by the staff of the facility where the inmate is incarcerated; *and* proportionality of the time the inmate has served to the sentence a person would receive under the Kansas sentencing guidelines for the conduct that resulted in the inmate's incarceration; ~~and capacity of state correctional institutions.~~

(i) In those cases involving inmates sentenced for a crime committed after July 1, 1993, the prisoner review board will review the inmate's proposed release plan. The board may schedule a hearing if they desire. The board may impose any condition they deem necessary to insure public safety, aid in the reintegration of the inmate into the community, or items not completed under the agreement entered into under K.S.A. 75-5210a, and amendments thereto. The board may not advance or delay an inmate's release date. Every inmate while on postrelease supervision shall remain in the legal custody of the secretary of corrections and is subject to the orders of the secretary.

(j) (1) Before ordering the parole of any inmate, the prisoner review board shall have the inmate appear either in person or via a video conferencing format and shall interview the inmate unless impractical because of the inmate's physical or mental condition or absence from the institution. Every inmate while on parole shall remain in the legal custody of the secretary of corrections and is subject to the orders of the secretary. Whenever the board formally considers placing an inmate on parole and no agreement has been entered into with the inmate under K.S.A. 75-5210a, and amendments thereto, the board shall notify the inmate in writing of the reasons for not granting parole. If an agreement has been entered under K.S.A. 75-5210a, and amendments thereto, and the inmate has not satisfactorily completed the programs specified in the agreement, or any revision of such agreement, the board shall notify the inmate in writing of the specific programs the inmate must satisfactorily complete before parole will be granted. If parole is not granted only because of a failure to satisfactorily complete such programs, the board shall grant parole upon the secretary's certification that the inmate has successfully completed such programs. If an agreement has been entered under K.S.A. 75-5210a, and amendments thereto, and the secretary of corrections has reported to the board in writing that the inmate has satisfactorily completed the programs required by such agreement, or any revision thereof, the board shall not require further program participation. However, if the board determines that other pertinent information regarding the inmate warrants the inmate's not being released on parole, the board shall state in writing the reasons for not granting the parole. If parole is denied for an inmate sentenced for a crime other than a class A or class B felony or an off-grid felony, the board shall hold another parole hearing for the inmate not later than one year after the denial unless the board finds that it is not reasonable to expect that parole would be granted at a hearing if held in the next three years or during the interim period of a deferral. In such case, the board may defer subsequent parole hearings for up to three years but any such deferral by the board shall require the board to state the basis for its findings. If parole is denied for an inmate sentenced for a class A or class B felony or an off-grid felony, the board shall hold another parole hearing for the inmate not later than three years after the denial unless the board finds that it is not reasonable to expect that parole would be granted at a hearing if held in the next 10 years or during the interim period of a deferral. In such case, the board may defer subsequent parole hearings for up to 10 years, but any such deferral shall require the board to state the basis for its findings.

(2) Inmates sentenced for a class A or class B felony who have not had a board hearing in the five years prior to July 1, 2010, shall have such inmates' cases reviewed by the board on or before July 1, 2012. Such review shall begin with the inmates with the oldest deferral date and progress to the most recent. Such review shall

be done utilizing existing resources unless the board determines that such resources are insufficient. If the board determines that such resources are insufficient, then the provisions of this paragraph are subject to appropriations therefor.

(k) (1) Parolees and persons on postrelease supervision shall be assigned, upon release, to the appropriate level of supervision pursuant to the criteria established by the secretary of corrections.

(2) Parolees and persons on postrelease supervision are, and shall agree in writing to be, subject to searches of the person and the person's effects, vehicle, residence and property by a parole officer or a department of corrections enforcement, apprehension and investigation officer, at any time of the day or night, with or without a search warrant and with or without cause. Nothing in this subsection shall be construed to authorize such officers to conduct arbitrary or capricious searches or searches for the sole purpose of harassment.

(3) Parolees and persons on postrelease supervision are, and shall agree in writing to be, subject to searches of the person and the person's effects, vehicle, residence and property by any law enforcement officer based on reasonable suspicion of the person violating conditions of parole or postrelease supervision or reasonable suspicion of criminal activity. Any law enforcement officer who conducts such a search shall submit a written report to the appropriate parole officer no later than the close of the next business day after such search. The written report shall include the facts leading to such search, the scope of such search and any findings resulting from such search.

(l) The prisoner review board shall promulgate rules and regulations in accordance with K.S.A. 77-415 et seq., and amendments thereto, not inconsistent with the law and as it may deem proper or necessary, with respect to the conduct of parole hearings, postrelease supervision reviews, revocation hearings, orders of restitution, reimbursement of expenditures by the state board of indigents' defense services and other conditions to be imposed upon parolees or releasees. Whenever an order for parole or postrelease supervision is issued it shall recite the conditions thereof.

(m) Whenever the prisoner review board orders the parole of an inmate or establishes conditions for an inmate placed on postrelease supervision, the board shall require that the inmate:

- (1) Obey all laws and ordinances and report any law enforcement contact to the inmate's supervision officer within 24 hours after such contact;
- (2) not engage in physical violence or threats of violence of any kind and, if the inmate is being supervised for conviction of a felony, not purchase or possess a dangerous weapon, including a firearm, while on supervision;
- (3) report to the inmate's supervision officer as directed and be truthful in all matters;
- (4) remain within the state of Kansas or other specified areas as defined by the defendant's supervision officer;
- (5) reside at the inmate's approved residence unless the defendant receives permission from the inmate's supervision officer to relocate and notify the inmate's supervision officer within 24 hours after any emergency changes in residence or contact information;
- (6) not possess, use or distribute any controlled substances except those prescribed by a licensed medical professional;
- (7) not possess or consume any form of alcohol or intoxicating substance or enter any establishment where alcohol is sold or consumed as the primary business;
- (8) submit to any form of alcohol or substance use testing directed by the inmate's supervision officer and not alter or tamper with the specimen or test;

- (9) participate in assessment, treatment, programming and other directives of the court or the inmate's supervision officer;
- (10) submit to searches of the person and the person's effects, vehicle, residence and property by a parole officer or a department of corrections enforcement, apprehension and investigation officer, at any time of the day or night, with or without a search warrant and with or without cause, except that nothing in this paragraph shall be construed to authorize such officers to conduct arbitrary or capricious searches or searches for the sole purpose of harassment;
- (11) submit to searches of the person and the person's effects, vehicle, residence and property by any law enforcement officer based on reasonable suspicion of the person violating conditions of parole or postrelease supervision or reasonable suspicion of criminal activity;
- (12) refrain from contacting victims unless authorized by the board to contact a victim as part of rehabilitative or therapeutic purposes;
- (13) pay the administrative fee imposed pursuant to K.S.A. 22-4529, and amendments thereto, unless the board finds compelling circumstances that would render payment unworkable; and
- (14) unless the board finds compelling circumstances that would render a plan of payment unworkable, reimburse the state for all or part of the expenditures by the state board of indigents' defense services to provide counsel and other defense services to the person. In determining the amount and method of payment of such sum, the prisoner review board shall take account of the financial resources of the person and the nature of the burden that the payment of such sum will impose. Such amount shall not exceed the amount claimed by appointed counsel on the payment voucher for indigents' defense services or the amount prescribed by the board of indigents' defense services reimbursement tables as provided in K.S.A. 22-4522, and amendments thereto, whichever is less, minus any previous payments for such services.
- (n) Any law enforcement officer who conducts a search pursuant to subsection (m)(11) shall submit a written report to the inmate's parole officer not later than the close of business the next day after such search is conducted. The written report shall include the facts leading to such search, the scope of such search and any findings resulting from such search.
- (o) If the court that sentenced an inmate specified at the time of sentencing the amount and the recipient of any restitution ordered as a condition of parole or postrelease supervision, the prisoner review board shall order as a condition of parole or postrelease supervision that the inmate pay restitution in the amount and manner provided in the journal entry unless the board finds compelling circumstances that would render a plan of restitution unworkable.
- (p) Whenever the prisoner review board grants the parole of an inmate, the board, within 14 days of the date of the decision to grant parole, shall give written notice of the decision to the county or district attorney of the county where the inmate was sentenced.
- (q) When an inmate is to be released on postrelease supervision, the secretary, within 30 days prior to release, shall provide the county or district attorney of the county where the inmate was sentenced written notice of the release date.
- (r) Inmates shall be released on postrelease supervision upon the termination of the prison portion of their sentence. Time served while on postrelease supervision will vest.
- (s) An inmate who is allocated regular good time credits as provided in K.S.A. 22-3725, and amendments thereto, may receive meritorious good time credits in increments of not more than 90 days per meritorious act. These credits may be awarded by the secretary of corrections when an inmate has acted in a heroic or

outstanding manner in coming to the assistance of another person in a life-threatening situation, preventing injury or death to a person, preventing the destruction of property or taking actions that result in a financial savings to the state.

(t) The provisions of subsections (d)(1)(A), (d)(1)(B), (d)(1)(C) and (d)(1)(E) shall be applied retroactively as provided in subsection (u).

(u) For offenders sentenced prior to July 1, 2014, who are eligible for modification of their postrelease supervision obligation, the department of corrections shall modify the period of postrelease supervision as provided for by this section:

(1) On or before September 1, 2013, for offenders convicted of:

(A) Severity levels 9 and 10 crimes on the sentencing guidelines grid for nondrug crimes;

(B) severity level 4 crimes on the sentencing guidelines grid for drug crimes committed prior to July 1, 2012; and

(C) severity level 5 crimes on the sentencing guidelines grid for drug crimes committed on and after July 1, 2012;

(C) level 4 crimes on the sentencing guidelines grid for drug crimes committed on or after July 1, 2012; and

(3) on or before January 1, 2014, for offenders convicted of:

(A) Severity levels 1, 2, 3, 4 and 5 crimes on the sentencing guidelines grid for nondrug crimes;

(B) severity levels 1 and 2 crimes on the sentencing guidelines grid for drug crimes committed at any time; and

(C) severity level 3 crimes on the sentencing guidelines grid for drug crimes committed on or after July 1, 2012.

(v) An inmate sentenced to imprisonment pursuant to K.S.A. 21-4643, prior to its repeal, or K.S.A. 21-6627, and amendments thereto, for crimes committed on or after July 1, 2006, shall be placed on parole for life and shall not be discharged from supervision by the prisoner review board. When the board orders the parole of an inmate pursuant to this subsection, the board shall order as a condition of parole that the inmate be electronically monitored for the duration of the inmate's natural life.

(w) Whenever the prisoner review board orders a person to be electronically monitored pursuant to this section, or the court orders a person to be electronically monitored pursuant to K.S.A. 21-6604(r), and amendments thereto, the board shall order the person to reimburse the state for all or part of the cost of such monitoring. In determining the amount and method of payment of such sum, the board shall take account of the financial resources of the person and the nature of the burden that the payment of such sum will impose.

(x) (1) On and after July 1, 2012, for any inmate who is a sex offender, as defined in K.S.A. 22-4902, and amendments thereto, whenever the prisoner review board orders the parole of such inmate or establishes conditions for such inmate placed on postrelease supervision, such inmate shall agree in writing to not possess pornographic materials.

(A) As used in this subsection, “pornographic materials” means any obscene material or performance depicting sexual conduct, sexual contact or a sexual performance; and any visual depiction of sexually explicit conduct.

(B) As used in this subsection, all other terms have the meanings provided by K.S.A. 21-5510, and amendments thereto.

(2) The provisions of this subsection shall be applied retroactively to every sex offender, as defined in K.S.A. 22-4902, and amendments thereto, who is on parole or postrelease supervision on July 1, 2012. The prisoner review board shall obtain the written agreement required by this subsection from such offenders as soon as practicable.

Sec. 6. On and after July 1, 2026, K.S.A. 22-3728 is hereby amended to read as follows: 22-3728. (a) (1) Upon application of the secretary of corrections, the prisoner review board may grant release to any person deemed to be functionally incapacitated, upon such terms and conditions as prescribed in the order granting such release.

(2) ~~The secretary of corrections prisoner review board~~ shall adopt rules and regulations governing the ~~prisoner review~~ board’s procedure for initiating, processing, reviewing and establishing criteria for review of applications filed on behalf of persons deemed to be functionally incapacitated. Such rules and regulations shall include criteria and guidelines for determining whether the functional incapacitation precludes the person from posing a threat to the public.

(3) Subject to the provisions of subsections (a)(4) and (a)(5), a functional incapacitation release shall not be granted until at least 30 days after written notice of the application has been given to: (A) The prosecuting attorney and the judge of the court in which the person was convicted; and (B) any victim of the person’s crime or the victim’s family. Notice of such application shall be given by the secretary of corrections to the victim who is alive and whose address is known to the secretary, or if the victim is deceased, to the victim’s family if the family’s address is known to the secretary. Subject to the provisions of subsection (a)(4), if there is no known address for the victim, if alive, or the victim’s family, if deceased, the board shall not grant or deny such application until at least 30 days after notification is given by publication in the county of conviction. Publication costs shall be paid by the department of corrections.

(4) All applications for functional incapacitation release shall be referred to the board. The board shall examine each case and may approve such application and grant a release. An application for release shall not be approved unless the board determines that the person is functionally incapacitated and does not represent a future risk to public safety. The board shall determine whether a hearing is necessary on the application. The board may request additional information or evidence it deems necessary from a medical or mental health practitioner.

(5) The board shall establish any conditions related to the release of the person. The release shall be conditional, and be subject to revocation pursuant to K.S.A. 75-5217, and amendments thereto, if the person’s functional incapacity significantly diminishes, if the person fails to comply with any condition of release, or if the board otherwise concludes that the person presents a threat or risk to public safety. The person shall remain on release supervision until the release is revoked, expiration of the maximum sentence, or discharged by the board. Subject to the provisions of ~~subsection (f)~~ of K.S.A. 75-5217(f), and amendments thereto, the person shall receive credit for the time during which the person is on functional incapacitation release supervision towards service of the prison and postrelease supervision obligations of determinate sentences or indeterminate sentences.

(6) The secretary of corrections shall cause the person to be supervised upon release, and shall have the authority to initiate revocation of the person at any time for the reasons indicated in subsection (a)(5).

- (7) The decision of the board on the application or any revocation shall be final and not subject to review by any administrative agency or court.

- (c) Nothing in this section shall apply to the release of people with terminal medical conditions as described in K.S.A. 22-3729, and amendments thereto.
- (d) This section does not apply to any person sentenced to imprisonment for an off-grid offense.
- (e) This section does not apply to any person under sentence of death or life without the possibility of parole.

Sec. 7. On and after July 1, 2026, K.S.A. 22-3729 is hereby amended to read as follows: 22-3729. (a) (1) Upon application of the secretary of corrections, the chairperson of the prisoner review board may grant release to any person deemed by a doctor licensed to practice medicine and surgery in Kansas to have a terminal medical condition likely to cause death within 30 days upon such terms and conditions as prescribed in the order granting such release.

(2) ~~The secretary of corrections prisoner review board~~ shall adopt rules and regulations governing the ~~prisoner review board's~~ procedure for initiating, processing, reviewing and establishing criteria for review of applications filed on behalf of persons deemed to have a terminal medical condition likely to cause death within 30 days. (3) All applications for a terminal medical condition release shall be referred to the chairperson of the board. The chairperson of the board shall examine each case and may approve such application and grant a release. An application for release shall not be approved unless the chairperson of the board determines that the person has been deemed by a doctor licensed to practice medicine and surgery in Kansas to have a terminal medical condition likely to cause death within 30 days and does not represent a future risk to public safety. The chairperson of the board may request additional information or evidence the chairperson of the board deems necessary from a doctor licensed to practice medicine and surgery in Kansas.

(4) The chairperson of the board shall establish any conditions related to the release of the person. The release shall be conditional, and be subject to revocation pursuant to K.S.A. 75-5217, and amendments thereto,

The person shall remain on release supervision until the release is revoked, expiration of the maximum sentence or discharged by the board. Subject to the provisions of ~~subsection (f) of K.S.A. 75-5217(f)~~, and amendments thereto, the person shall receive credit for the time during which the person is on terminal medical condition release supervision towards service of the prison and postrelease supervision obligations of determinate sentences or indeterminate sentences.

- (5) The secretary of corrections shall cause the person to be supervised upon release, and shall have the authority to initiate revocation of the person at any time for the reasons indicated in subsection (a)(4).
- (6) The decision of the chairperson of the board on the application and the decision of the board regarding any revocation shall be final and not subject to review by any administrative agency or court.

(3) the public body or agency may require that a request to receive notice must be submitted again to the public body or agency prior to the commencement of any subsequent fiscal year of the public body or agency during which the person wishes to continue receiving notice, but, prior to discontinuing notice to any person, the public body or agency must notify the person that notice will be discontinued unless the person resubmits a request to receive notice.

(c) It shall be the duty of the presiding officer or other person calling the meeting, if the meeting is not called by the presiding officer, to furnish the notice required by subsection (b).

(d) Prior to any meeting mentioned by subsection (a), any agenda relating to the business to be transacted at such meeting shall be made available to any person requesting the agenda.

(e) The use of cameras, photographic lights and recording devices shall not be prohibited at any meeting mentioned by subsection (a), but such use shall be subject to reasonable rules designed to insure the orderly conduct of the proceedings at such meeting.

(f) Except as provided by section 22 of article 2 of the constitution of the state of Kansas, interactive communications in a series shall be open if they collectively involve a majority of the membership of the public body or agency, share a common topic of discussion concerning the business or affairs of the public body or agency, and are intended by any or all of the participants to reach agreement on a matter that would require binding action to be taken by the public body or agency.

(g) The provisions of the open meetings law shall not apply:

(1) To any administrative body that is authorized by law to exercise quasi-judicial functions when such body is deliberating matters relating to a decision involving such quasi-judicial functions;

(j) A public body or agency that voluntarily elects to live stream their meeting on television, the internet or any other medium shall ensure that all aspects of the open meeting are available through the selected medium for the public to observe. An unintentional technological failure or an action taken by the provider of the selected medium that disrupts or prevents such live stream shall not constitute a violation of this subsection.

Sec. 10. On and after July 1, 2026, K.S.A. 2025 Supp. 75-5217 is hereby amended to read as follows: 75-5217. (a) At any time during release on parole, conditional release or postrelease supervision, the secretary of corrections may issue a warrant for the arrest of a released inmate for violation of any of the conditions of release, or a

notice to appear to answer to a charge of violation. Such notice shall be served personally upon the released inmate. The warrant shall authorize any law enforcement officer to arrest and deliver the released inmate to a place as provided by subsection (g). Any parole officer may arrest such released inmate without a warrant, or may deputize any other officer with power of arrest to do so by giving such officer a written or verbal arrest and detain order setting forth that the released inmate, in the judgment of the parole officer, has violated the conditions of the inmate's release. A written arrest and detain order delivered to the official in charge of the institution or place to which the released inmate is brought for detention shall be sufficient warrant for detaining the inmate. After making an arrest the parole officer shall present to the detaining authorities a similar arrest and detain order and statement of the circumstances of violation. Pending a hearing, as provided in this section, upon any charge of violation the released inmate shall remain incarcerated in the institution or place to which the inmate is taken for detention.

(b) Upon such arrest and detention, the parole officer shall notify the secretary of corrections, or the secretary's designee, within five days and shall submit in writing a report showing in what manner the released inmate had violated the conditions of release. After such notification is given to the secretary of corrections, or upon an arrest by warrant as herein provided and the finding of probable cause pursuant to procedures established by the secretary of a violation of the released inmate's conditions of release, the secretary or the secretary's designee may cause the released inmate to be brought before the prisoner review board, its designee or designees, for a hearing on the violation charged, under such rules and regulations as the board may adopt, or may dismiss the charges that the released inmate has violated the conditions of release and order the released inmate to remain on parole, conditional release or post release supervision. A dismissal of charges may be conditioned on the released inmate agreeing to the withholding of credit for the period of time from the date of the issuance of the secretary's warrant and the offender's arrest or return to Kansas as provided by subsection (f). The board may determine whether such hearing requires the released inmate to appear personally before the board when such inmate's violation results from a conviction for a new felony or misdemeanor. An offender under determinative sentencing whose violation does not result from a conviction of a new felony or misdemeanor may waive the right to a final revocation hearing before the board under such conditions and terms as may be prescribed by rules and regulations promulgated by the ~~secretary of corrections~~ board. Relevant written statements made under oath shall be admitted and considered by the board, its designee or designees, along with other evidence presented at the hearing. If the violation is established to the satisfaction of the board, the board may continue or revoke the parole or conditional release, or enter such other order as the board may see fit. The revocation of release of inmates who are on a specified period of postrelease supervision shall be for a six-month period of confinement from the date of the revocation hearing before the board or the effective date of waiver of such hearing by the offender pursuant to rules and regulations promulgated by the board, if the violation does not result from a conviction for a new felony or misdemeanor. Such period of confinement may be reduced by not more than three months based on the inmate's conduct, work and program participation during the incarceration period. The reduction in the incarceration period shall be on an earned basis pursuant to rules and regulations adopted by the secretary of corrections.

(c) If the violation results from a conviction for a new felony, upon revocation, the inmate shall serve a period of confinement, to be determined by the prisoner review board, which shall not exceed the remaining balance of the period of postrelease supervision, even if the new conviction did not result in the imposition of a new term of imprisonment.

(d) If the violation results from a conviction for a new misdemeanor, upon revocation, the inmate shall serve a period of confinement, to be determined by the prisoner review board, which shall not exceed the remaining balance of the period of postrelease supervision.

(e) In the event the released inmate reaches conditional release date as provided by K.S.A. 22-3718, and amendments thereto, after a finding of probable cause, pursuant to procedures established by the secretary

of corrections of a violation of the released inmate's conditions of release, but prior to a hearing before the prisoner review board, the secretary of corrections shall be authorized to detain the inmate until the hearing by the board. The secretary shall then enforce the order issued by the board.

(f) (1) If the secretary of corrections issues a warrant for the arrest of a released inmate for violation of any of the conditions of release and the released inmate is subsequently arrested in the state of Kansas, either pursuant to the warrant issued by the secretary of corrections or for any other reason, the released inmate's sentence shall not be credited with the period of time from the date of the issuance of the secretary's warrant to the date of the released inmate's arrest, except as provided by subsection (i).

(2) If a released inmate for whom a warrant has been issued by the secretary of corrections for violation of the conditions of release is subsequently arrested in another state, and the released inmate has been authorized as a condition of such inmate's release to reside in or travel to the state in which the released inmate was arrested, and the released inmate has not absconded from supervision, the released inmate's sentence shall not be credited with the period of time from the date of the issuance of the warrant to the date of the released inmate's arrest, except as provided by subsection (i). If the released inmate for whom a warrant has been issued by the secretary of corrections for violation of the conditions of release is subsequently arrested in another state for reasons other than the secretary's warrant and the released inmate does not have authorization to be in the other state or if authorized to be in the other state has been charged by the secretary with having absconded from supervision, the released inmate's sentence shall not be credited with the period of time from the date of the issuance of the warrant by the secretary to the date the released inmate is first available to be returned to the state of Kansas, except as provided by subsection (i). If the released inmate for whom a warrant has been issued by the secretary of corrections for violation of a condition of release is subsequently arrested in another state pursuant only to the secretary's warrant, the released inmate's sentence shall not be credited with the period of time from the date of the issuance of the secretary's warrant to the date of the released inmate's arrest, regardless of whether the released inmate's presence in the other state was authorized or the released inmate had absconded from supervision, except as provided by subsection (i).

(3) The secretary may issue a warrant for the arrest of a released inmate for violation of any of the conditions of release and may direct that all reasonable means to serve the warrant and detain such released inmate be employed including, but not limited to, notifying the federal bureau of investigation of such violation and issuance of warrant and requesting from the federal bureau of investigation any pertinent information it may possess concerning the whereabouts of the released inmate.

(g) Law enforcement officers shall execute warrants issued by the secretary of corrections, and shall deliver the inmate named in the warrant to the jail used by the county where the inmate is arrested unless some other place is designated by the secretary, in the same manner as for the execution of any arrest warrant.

(h) For the purposes of this section, an inmate or released inmate is an individual under the supervision of the secretary of corrections, including, but not limited to, an individual on parole, conditional release, postrelease supervision, probation granted by another state or an individual supervised under any interstate compact in accordance with the provisions of the uniform act for out-of-state parolee supervision, K.S.A. 22-4101 et seq., and amendments thereto.

(i) Time not credited to the released inmate's sentence pursuant to subsection (f) shall be credited if the violation charges are dismissed without an agreement providing otherwise or the violations are not established to the satisfaction of the board.

(j) As used in this section, "absconded from supervision" means knowingly avoiding supervision or knowingly making the defendant's whereabouts unknown to the defendant's supervising parole officer, court services officer or community correctional services officer.
