Governmental Ethics Commission

Opinion No. 2011-02

Written April 11, 2011, to Carmen Alldritt, Topeka.

This opinion is in response to your letter received by email on March 31, 2011, requesting an opinion from the Kansas Governmental Ethics Commission concerning state level conflict of interest laws, K.S.A. 46-215 et seq. We note at the outset that the Commission’s jurisdiction concerning your question is limited to the application of K.S.A. 46-215 et seq., and whether some other statutory system, common law theory or agency rule or regulation applies to your inquiry is not covered by this opinion.

Factual Statement:

You request this opinion in your capacity as former Director of Vehicles with the Kansas Department of Revenue (KDOR), a position you were appointed to in December of 2003. We understand that you left KDOR in March of 2011, and you are anticipating accepting employment with L 1 Identity Solutions.

You inform us that in 1994, the State of Kansas entered into a sole source contract with NBS to provide drivers license services. Eventually, NBS became the property of Polaroid who retained the sole source contract with the state. Polaroid was then acquired by Digimarc, and ultimately there was a merger with L 1 Identity Solutions.

During this merger, the contract remained in place. The contract was then renewed with the state in July of 2009. The most recent contract was negotiated with the Kansas Department of Revenue Budget Purchasing Department and the Department of Administration. It was signed by the Director of the Budget Purchasing Department and the Kansas Department of Revenue’s General Counsel. You state that you were not involved in any manner in negotiations concerning this contract.

Question:

As a former employee of KDOR, can you accept employment with L 1 Identity Solutions without violating the state conflict of interest laws?

Opinion:

K.S.A. 46-233 places restrictions on a state employee’s ability to accept employment after terminating their employment with the State. That statute states in pertinent part as follows:

(a) . . . (2) Except as otherwise provided in this subsection, whenever any individual has participated as a state officer or employee in the making of any contract with any person or business, such individual shall not accept employment with such person or business as an employee, independent contractor or subcontractor until two years after performance of the contract is completed or until two years after the individual terminates employment as a state officer or employee, whichever is sooner. . . .

(e) . . . (2) “Substantially involved in the preparation or participate in the making of a contract” means having approved or disapproved a contract or having provided significant factual or specific information or advice or recommendations in relation to the negotiated terms of the contract.

Finally K.S.A. 46-241 states:

No state officer or employee shall disclose or use confidential information acquired in the course of his or her official duties in order to further his or her own economic interest or those of any other person.

This section is self-explanatory. Confidential information obtained during your official duties with the State may not be used for your financial gain or the financial gain of another.

From the information you have provided, it appears that you did not participate in the making of a contract between KDOR and the company now doing business as L1 Identity Solutions. If that is the case, you may accept employment with L 1 Identity Solutions without violating the state level conflict of interest laws. And finally, pursuant to K.S.A. 46-241, confidential information obtained during your official duties with the State may not be used for your financial gain or the financial gain of another.

Request for Proposals

The Department of Social and Rehabilitation Services, Children and Family Services, announces the release of a request for proposals to provide targeted services to children and families to prevent maltreatment, prevent out-of-home placement, and/or prevent the need for SRS Children and Family Services' involvement. Request for Proposals (Revised)

(Editor's Note: This announcement was originally published in the April 14, 2011 Kansas Register. It is being republished due to omission of Mitchell County from Region 3 in the original publication. In addition, funding for Region 1 and Region 4 have been updated due to incorrect funding amounts listed in the original publication.)

The Kansas Department of Social and Rehabilitation Services, Division of Disability and Behavioral Health Services (DBHS), Addiction and Prevention Services (AAPS), announces the release of a request for proposals to provide substance abuse prevention services within 10 regions (see below) serving all 105 counties in the state of Kansas. Successful applicants will demonstrate the capacity to provide training and technical assistance to communities and support them in implementing effective prevention processes (e.g., assessment, planning, implementation of effective prevention strategies and evaluation) to address priority local risk and protective factors associated with underage drinking, as well as address statewide prevention outcomes of reducing binge drinking and 30-day use of alcohol and tobacco among youth.

Successful applicants also will have expertise in community mobilization and coalition development and have the skills and abilities necessary to support the implementation of evidence-based prevention strategies and environmental approaches through direct service delivery. The ability to provide indirect services and build capacity for the implementation of evidence-based strategies also is essential (i.e., provision of trainings of trainers, trainings of facilitators, and technical assistance in the utilization of research-based prevention planning frameworks) for supporting communities in respective regions. The period for the grant will run from July 1, 2011 through June 30, 2012, with three optional one-year renewal periods possible at the discretion of the state of Kansas, SRS/AAPS.

Agencies interested in receiving a request for proposals can download the PDF copy at <http://www.srs.ks.gov/agency/as/Pages/default.aspx> or may contact Daniel Klucas, 8th Floor, Docking State Office Building, 915 S.W. Harrison, Topeka, 66612-1570, (785) 296-4295. Complete proposals must be received by 5 p.m. May 13.

Request for Comments

The state of Kansas is proposing to use federal funds under the U.S. Department of Housing and Urban Development's Lead-Based Paint Hazard Control Grant Program (HUD Grant #KSLHD0481-10), within a FEMA-designated 100-year floodplain, for the 36-month grant period of March 2011 to February 2014. The proposed program would involve lead hazard control/reduction activities and minor rehabilitation on residential properties within Sedgwick County. The target area contains floodplains and project sites located within Flood Zones A, AO, AH, A1-A30 and A99, as designated by the Flood Insurance Rate Maps.

The Sedgwick County Lead Hazard Control Program will focus on the following activities during the grant period: community awareness and education programs on lead hazard control and lead poisoning prevention; completion of 300 risk assessments to identify lead-based paint risks; blood testing of children prior to lead hazard control work; 280 homes will have lead hazard control work; interim controls and hazard abatement completed; temporary relocation of families during hazard control activities; training for workers and supervisors; and training on lead-safe maintenance practices for residents and others working in low-income housing.

All affected and interested agencies, groups and persons are encouraged to participate in the decision-making process for the proposed action in the floodplain. Written comments for consideration by the Kansas Department of Health and Environment may be sent to Michael Persley, KDHE, Kansas Healthy Homes and Lead Hazard Prevention Program, 1000 S.W. **Notice of Hearing on Proposed
Administrative Regulations**

A public hearing will be conducted at 10 a.m. Wednesday, June 29, in the fourth floor training room of the Kansas Department of Agriculture, 109 S.W. 9th, Topeka, to consider the adoption of amendments to existing rules and regulations on a permanent basis. Individuals wishing to participate by teleconference may go to the office of the Equus Beds Groundwater Management District (GMD 2), 313 Spruce, Halstead, at the time of the public hearing. A summary of the regulations and the economic impact follows:

- **K.A.R. 5-22-4a** requires the installation of a water flowmeter on all nondomestic, nontemporary groundwater rights (wells) located within the boundaries of the Equus Beds Groundwater Management District No. 2 (GMD 2), which were not previously metered through orders of the chief engineer or action of the GMD board.
- **K.A.R. 5-22-4d** adds that a person designated by the board can grant an extension in time to install a water flowmeter.

Economic Impact: The requirement for all wells located within the boundaries of GMD 2 will be completed as part of the department's core mission and be spread out over four years, therefore the department does not anticipate a large economic impact to the agency. A water flowmeter pre-mounted in a measurement tube typically costs approximately \$1000. Installation costs vary greatly based on plumbing. A rough estimate of installation is \$500 per well. The GMD 2 anticipates 800 unmetered wells are located in its district. The regulation sets out a schedule of meter installation over four years; 200 meters per year \times \$1500 (meter and installation) = \$300,000 per year for four years for a total of \$1.2 million.

This 60-day notice of the public hearing shall constitute a public comment period for the purpose of receiving written public comments on the proposed amendments to the rules and regulations. All interested parties may submit written comments prior to the hearing to the chief engineer, Division of Water Resources, Department of Agriculture, 109 S.W. 9th., 2nd Floor, Topeka, 66612, or by e-mail at leslie.garner@kda.ks.gov. All interested parties will be given a reasonable opportunity to present their views orally on the adoption of the proposed amendment during the hearing. Comments also may be made through the department's Website, <http://www.ksda.gov>, under the proposed regulation. In order to give all parties an opportunity to present their views, it may be necessary to request that each participant limit any oral presentation to five minutes.
