Notice of Hearing on Proposed Permanent Quarantine

Pursuant to the provisions of K.S.A. 2-2117, a hearing will be conducted at 10 a.m. Thursday, February 9, 2017, in Room 124, Kansas Department of Agriculture, 1320 Research Park Drive, Manhattan, KS 66502, in the matter of the issuance of a permanent quarantine regarding Emerald Ash Borer (Agrilus planipennis [Coleoptera: Buprestidae]). The proposed quarantine would expand the current permanent Emerald Ash Borer quarantine to include Atchison County. The quarantine would prohibit movement of regulated items from the quarantined area, except under specific conditions.

Regulated items under quarantine would include the following:

- The emerald ash borer, (Agrilus planipennis [Coleoptera: Buprestidae]), in any living stage of development;
- Firewood of all hardwood (non-coniferous) species;
- Nursery stock of the genus Fraxinus (Ash);
- Green lumber of the genus Fraxinus (Ash);
- Other material living, dead, cut, or fallen, including logs, stumps, roots, branches, and composted and uncomposted chips of the genus Fraxinus (Ash);
- Any other article, product, or means of conveyance that an inspector determines presents a risk of spreading emerald ash borer and notifies the person in possession of the article, product, or means of conveyance that it is subject to the restrictions of the regulations.

In addition, the quarantine would require anyone who discovers Emerald Ash Borer in an area not currently under quarantine to report the discovery to the Kansas Department of Agriculture within 72 hours.

All interested persons may attend the hearing and will be given the opportunity to express comments either orally or in writing, or both. Interested parties may appear in person or by counsel.

Written comments and requests for information concerning the proposed quarantine should be directed to Jeff Vogel, Plant Protection & Weed Control Program Manager, Kansas Department of Agriculture, 1320 Research Park Drive, Manhattan, KS 66502, jeff.vogel@ks.gov, at or before the time of hearing. A copy of the proposed quarantine may be accessed on the department's website at https://agriculture.ks.gov/document-services/public-comment. Comments may also be made through our website under the proposed quarantine. For persons intending to present oral testimony at the hearing, prior notice to the department would be helpful in arranging the agenda. In order to give all parties an opportunity to present their views, it may be necessary to request each participant to limit oral presentation to five minutes.

Any individual with a disability may request accommodation in order to participate in the public hearing, and may request a copy of the quarantine in an accessi-

ble format. Requests for accommodation should be made at least five working days in advance of the hearing by contacting Ronda Hutton at 785-564-6715 or fax 785-564-6777. Notice of Hearing on Proposed Administrative Regulations

A public hearing will be conducted at 10 a.m. Thursday, February 2, 2017, in the 1st floor meeting room 124 of the Kansas Department of Agriculture, 1320 Research Park Drive, Manhattan, Kansas, to consider the adoption of proposed regulations.

This 60-day notice of the public hearing shall constitute a public comment period for the purpose of receiving written public comments on the proposed rules and regulations. All interested parties may submit written comments prior to the hearing to the Secretary of Agriculture, 1320 Research Park Drive, Manhattan, KS 66502, or by email at ronda.hutton@ks.gov. All interested parties will be given a reasonable opportunity to present their views orally on the adoption of the proposed regulations during the hearing. In order to give all parties an opportunity to present their views, it may be necessary to request that each participant limit any oral presentation to five minutes. These regulations are proposed for adoption on a permanent basis. A summary of the proposed regulations and their economic impact follows:

K.A.R. 9-3-9 relates to the importation of cervids (generally deer) into Kansas. The first proposed amendment to subsection (d) would require that certain domesticated cervids entering Kansas have tested negative for brucellosis up to a maximum of 45 days prior to entry, rather than 30 days prior to entry which is currently in effect. The second proposed amendment to subsection (d) would clarify and emphasize that the animal health commissioner has authority to order a quarantine of imported cervids for brucellosis testing or retesting, at the owner's expense.

K.A.R. 9-3-10 relates to brucellosis testing and remediation regarding certain cervids changing ownership within Kansas and regarding certain cervid herds in Kansas. The proposed removal of existing subsection (a) would eliminate the requirement that each sexually intact adult domesticated cervid originate from a certified brucellosis-free herd or test negative for brucellosis before changing ownership within Kansas. The new proposed subsection (a) would clarify and emphasize that the animal health commissioner has authority to order a quarantine of certain cervids for brucellosis testing or retesting.

Economic Impact Statement:

The first proposed amendment to K.A.R. 9-3-9(d) is intended to give certain domesticated cervid producers outside Kansas more time to draw blood from an animal, receive brucellosis test results, and then, if the results are negative, get the necessary certificate of veterinary inspection prior to moving the animal into Kansas. Producers have indicated that sometimes it is difficult to accomplish all of this within 30 days before movement into Kansas as currently required. The second proposed amendment to K.A.R. 9-3-9(d) is to make explicit the animal health commissioner's quarantine powers as to imported cervids and brucellosis.

The proposed removal of existing K.A.R. 9-3-10(a) is intended to make the change of ownership within Kansas of domesticated cervids easier by eliminating the requirement for brucellosis-free certification or brucellosis testing prior to such change of ownership. Brucellosis has yet to be found in domesticated cervids within Kansas and with no known reservoir for the disease in the state, continued brucellosis-free certification or testing appears to be an unnecessary burden on producers and others in the cervid industry. The proposed new subsection (a) is to make explicit the animal health commissioner's quarantine powers as to certain cervids.

The aforementioned proposed amendments are not mandated by federal law as requirements for participating in or implementing a federal subsidized or assisted program, and, therefore, the proposed regulatory amendments do not exceed the requirements of federal law.

The Kansas Department of Agriculture anticipates little to no adverse economic impact on other governmental agencies or on private businesses or individuals. The aforementioned proposed regulatory amendments mostly should have a positive economic impact on producers and others in the cervid industry, by providing more time for brucellosis testing before interstate movement into Kansas and by eliminating routine brucellosis testing—along with its associated veterinary and laboratory costs—as a precondition to change of ownership within Kansas. Although the second proposed amendment to K.A.R. 9-3-10(d) would allow the state to pass certain testing and retesting costs on to the cervid owners, the KDA does not often test or retest for brucellosis because brucellosis has never been found in domesticated cervids in the state.

No alternative methods were considered because the aforementioned proposed regulatory amendments amount to less costly methods than the existing regulations.

Any individual with a disability may request accommodations in order to participate in the public hearing and may request the proposed regulations and impact statement in an accessible format. Requests for accommodations should be made at least five working days in advance of the hearing by contacting Ronda Hutton at 785-564-6715 or fax 785-564-6777. Handicapped parking is located on the west side of the building located at 1320 Research Park Drive, Manhattan, and the west entrance to the building is accessible to individuals with disabilities.

Copies of the regulations and their economic impact statement may be obtained by contacting the Department of Agriculture, Ronda M. Hutton, 1320 Research Park Drive, Manhattan, KS 66502 or 785-564-6715 or by accessing the department's website at www.agriculture.ks.gov. Comments may also be made through our website under the proposed regulation.
