Notice of Proposed Kansas/Federal Water Pollution Control Permits and Applications

In accordance with Kansas Administrative Regulations 28-16-57a through 63, 28-18-1 through 17, 28-18a-1 through 31 and 33, 28-16-150 through 154, 28-46-7, and *(continued)*

the authority vested with the state by the administrator of the U.S. Environmental Protection Agency, various draft water pollution control documents (permits, notices to revoke and reissue, notices to terminate) have been prepared and/or permit applications have been received for discharges to waters of the United States and the state of Kansas for the class of discharges described below.

The proposed actions concerning the draft documents are based on staff review, applying the appropriate standards, regulations, and effluent limitations of the state of Kansas and the Environmental Protection Agency. The final action will result in a Federal National Pollutant Discharge Elimination System Authorization and/or a Kansas Water Pollution Control permit being issued, subject to certain conditions, revocation, and reissuance of the designated permit or termination of the designated permit.

Las acciones propuestas con respecto a los documentos preliminares se basan en la revisión del personal, aplicando los estándares, regulaciones y limitaciones de efluentes apropiados del estado de Kansas y de la Agencia de Protección Ambiental de Estados Unidos. La acción final resultará en la emisión de una Autorización Federal del Sistema Nacional de Eliminación de Descargas de Contaminantes y un permiso de Control de Contaminación del Agua de Kansas, sujeto a ciertas condiciones, revocación y reemisión del permiso designado o terminación del permiso designado. Legal Description: Johnson County

The proposed action is to reissue an existing State/NPDES permit for an existing facility. The proposed action is to issue a new individual NPDES Municipal Separate Storm Sewer System (MS4) permit from an existing MS4 general permit. The proposed MS4 permit requires the permittee to develop, implement, and enforce a stormwater management program designed to reduce the discharge of pollutants from the MS4 to the maximum extent practicable, to protect water quality, and to satisfy the appropriate water quality requirements of the Clean Water Act and Kansas surface water quality statutes and regulations. The proposed permit requires the permittee to update the Stormwater Management Program document, implement six minimum control measures and implement best management practices to reduce any identified total maximum daily load (TMDL) regulated pollutants if listed in the permit (TMDL Table). If there is an identified TMDL regulated pollutant, surface water monitoring may be required on the impaired water body to evaluate performance of the best management practices. Monitoring of industrial stormwater discharges and over-site of construction activities within the MS4 may be required if it is applicable. The proposed permit requires the submittal of an annual report that addresses all compliance requirements for the previous year. This permit contains generic language to protect water quality.

Permit No. M-KS34-SU01
Federal Permit No. KSR410016

Legal Description: Johnson County

The proposed action is to reissue an existing State/NPDES permit for an existing facility. The proposed action is to issue a new individual NPDES Municipal Separate Storm Sewer System (MS4) permit from an existing MS4 general permit. The proposed MS4 permit requires the permittee to develop, implement, and enforce a stormwater management program designed to reduce the discharge of pollutants from the MS4 to the maximum extent practicable, to protect water quality, and to satisfy the appropriate water quality requirements of the Clean Water Act and Kansas surface water quality statutes and regulations. The proposed permit requires the permittee to update the Stormwater Management Program document, implement six minimum control measures and implement best management practices to reduce any identified total maximum daily load (TMDL) regulated pollutants if listed in the permit (TMDL Table). If there is an identified TMDL regulated pollutant, surface water monitoring may be required on the impaired water body to evaluate performance of the best management practices. Monitoring of industrial stormwater discharges and oversight of construction activities within the MS4 may be required if it is applicable. The proposed permit requires the submittal of an annual report that addresses all compliance requirements for the previous year. This permit contains generic language to protect water quality.

Legal Description: NW¼ of Section 24, Township 14S, Range 24E, Johnson County, Kansas

Location: 38.82311, -94.69966

The proposed action consists of reissuing the above referenced NPDES permit. No significant changes were made to the permit. This facility is engaged in intermittent limestone quarry operation, concrete recycling and a clean rubble fill for mine reclamation. A portable crusher is moved in and used to crush rock and concrete on an intermittent basis. The facility is set up to wash rock, if needed. This permit contains generic language to protect water quality.

Legal Description: Jackson County

Location: 39.46024, -95.72556

The proposed action consists of renewal of an existing National Pollutant Discharge Elimination System (NPDES)/Kansas Water Pollution Control (KWPC) Permit. This facility is engaged in a hog slaughtering operation which processes the carcasses into various prepared meat products. The wastewater generated from slaughtering, deboning, grinding, packaging, and clean-up operations is pre-treated with a rotary drum screen and a grease basin. The pre-treated wastewater commingles with the flow from the grit chamber serving the holding pens washing, the wastewater from the engine room and rest rooms, and stormwater run-off prior to flowing into the wastewater treatment system (WWTS). This permit contains limits for BOD, TSS, Oil & Grease, Escherichia Coil, Ammonia, Total Nitrogen, TMDL Nitrogen, and TMDL Phosphorus. The permit contains monitoring Nitrate, Nitrite, Kjeldahl Nitrogen, and Total Phosphours.

Persons wishing to comment on or object to the draft documents and/or permit applications must submit their comments in writing to the Kansas Department of Health and Environment (KDHE) if they wish to have the comments or objections considered in the decision-making process. All written comments regarding the draft documents, application or registration notices received on or before September 21, 2024, will be considered in the formulation of the final determination regarding this public notice. Please refer to the appropriate Kansas document number (KS-AG-24-240/250, KS-Q-24-164/170) and name of the applicant/permittee when preparing comments.

All comments received will be responded to at the time the Secretary of Health and Environment issues a determination regarding final agency action on each draft document/application. If response to any draft document/application indicates significant public interest, a public hearing may be held in conformance with K.A.R. 28-16-61 (28-46-21 for UIC). A request for public hearing must be submitted in writing and shall state the nature of the issues proposed to be raised during the hearing.

Comments or objections for agricultural related draft documents, permit applications, registrations or actions should be submitted to the attention of Casey Guccione, Livestock Waste Management Section at the KDHE, Bureau of Environmental Field Services (BEFS), 1000 SW Jackson, Suite 430, Topeka, KS 66612. Comments or objections for all other proposed permits or actions should be sent to Andrew Bowman at the KDHE, Bureau of Water, 1000 SW Jackson St., Suite 420, Topeka, KS 66612.

All draft documents/applications and the supporting information including any comments received are on file and may be inspected at the offices of the KDHE. For agricultural related draft documents or applications an appointment can be scheduled, or copies requested by contacting Jada Martin at 1000 SW Jackson St., Suite 430, Topeka, KS 66612, telephone 785-296-0076 or email at kdhe.feedlots@ks.gov. Las preguntas o comentarios por escrito deben dirigirse a Erich Glave, Director, Bureau of Environmental Field Services en KDHE: 1000 SW Jackson St., Suite 430, Topeka, Kansas 66612-1367; por

correo electrónico: kdhe.feedlots@ks.gov; por teléfono: 785-296-6432. Notice of Water Quality Certification

The Kansas Department of Health and Environment (KDHE) has drafted a water quality certification per Section 401 of the Clean Water Act (CWA) as requested by 3500 Iowa Development/Holdings, LLC. Per Public Notice No. NWK-2024-00189 for project found at <https://usace.contentdm.oclc.org/utils/getfile/collection/p16021coll15/id/5512>. Specific activities covered under this mix used residential and commercial development project include impacts to a total of 763 linear feet (lf) of stream, and 5.576 acres (ac) of wetland: Stream impacts are proposed to include a 125lf culvert structure under a road crossing, and grading, stabilization, and realignment of 638lf near the east boundary (including a reduction of overall stream length by approximately 74lf). Waters identified within the project area include 3,063lf of the Wakarusa River along the south border of the site, 2,716lf of a stream channel that flows east into the neighboring Baker University Wetlands, and 12 wetlands totaling 12.604ac.

The draft conditional 401 certification and additional information containing the link to the USACE Public Notice will be posted on the KDHE website at <https://www.kdhe.ks.gov/1095/Section-401-Water-Quality-Certification> on or before August 22, 2024. Persons wishing to comment on the referenced draft document must submit their comments in writing by email to the Kansas Department of Health and Environment at KDHE.NPS@ks.gov by September 22, 2024, if they wish to have their comments considered in the formulation of final determinations for 401 regarding this public notice.

For more information, contact Scott Satterthwaite, Watershed Management Section, Bureau of Environmental Field Services, KDHE at Scott.Satterthwaite@ks.gov or KDHE.NPS@ks.gov.

Wichita State University

Notice of Intent to Lease Real Property

Public notice is hereby given that Wichita State University (WSU), directly or through its affiliate corporation Wichita State Innovation Alliance, Inc., intends to lease, subject to all required state approvals, up to 1.22 acres of real property located on the northwest corner of the intersection of Fountain Avenue and 21st Street North, directly adjacent to the Wichita State University campus. This location would be designated for private development committed to supporting broadband infrastructure and Internet exchanges. The university is interested in leasing such ground to any individual, organization, or entity whose presence would advance WSU’s vision or its mission as an educational, cultural, and economic driver for Kansas and the greater public good. WSU intends to lease such space for a mutually agreeable period of time, but extended terms and renewal options would be considered. Interested tenants must be willing to be a good fit with WSU’s educational mission and identify anticipated benefits to the university, its students, and the surrounding community (i.e. applied learning, joint research, faculty start-up, WSU curriculum or program support, community benefit commitments, etc.), and must agree to the essential ground lease terms and restrictive covenants. Interested tenants will be evaluated on: proposal terms, demonstrated benefit to WSU and the surrounding community, design concepts, financial stability, and proposed use. Interested tenants will be responsible for all costs associated with the development and ongoing maintenance costs of any improvements. Rental rate shall be based on fair market value and negotiable based on term of lease, purpose/use of the improvement, and benefit to WSU. WSU will consider serious offers and inquiries from any financially qualified individual, group, organization. If interested, please contact Property Manager Crystal Stegeman at crystal.stegeman@wichita.edu. This publication is being published pursuant to K.S.A. 75-430a(d), to the extent applicable.

Notice to Contractors

Electronic copies of the letting proposals and plans are available on the Kansas Department of Transportation (KDOT) website at <https://kdotapp.ksdot.org/Proposal/Proposal.aspx>. The website will allow the contractor to request approval from KDOT to bid as a prime contractor and be included on the "Bid Holders List," or to be included on the "Non-Bid Holders List" as a subcontractor/supplier. KDOT's approval is required to bid as a prime contractor. To bid as a prime contractor, KDOT needs to be notified of the intent to bid no later than the close of business on the Monday preceding the scheduled letting date. Failure to obtain prior approval to bid as a prime contractor on any projects listed below will be reason to reject your bid. The Secretary reserves the right to reject bids that do not comply with all requirements for preparing a bidding proposal as specified in the 2015 edition of the Kansas Department of Transportation Standard Specifications for State Road and Bridge Construction.

KDOT will only accept electronic internet proposals using the Bid Express website at <https://bidx.com/ks/main> until 1:00 p.m. (Central Time) on letting day. The KDOT bid letting will be conducted remotely by audio broadcast only at 3:00 p.m. (Central Time) on letting day. For the conference call information see <https://www.ksdot.org/bureaus/burconsmain/lettinginfo.asp>. KDOT has tested the process, but in the event of an unforeseen issue, KDOT will provide updates.

Each bidder shall certify that such person, firm, association, or corporation has not, either directly or indirectly, entered into any agreement, participated in any collusion, or otherwise taken any action in restraint of free competitive bidding in connection with the submitted bid. This certification shall be in the form of a required contract provision provided by the state to each prospective bidder. Failure to complete the required contract provision and certify the completeness of the preceding statement when electronically signing the proposal will make the bid non-responsive and not eligible for award consideration.

- Furnish and install ballast, tamp and regulate.
- Reassemble track using existing rail.
- Furnish new ties, track spikes, bolts, lock washers and anchors.

- Plates and bars to be relay of matching size.
- Furnish all equipment and labor.

All pre-existing rail, ties, OTM or other materials that are removed must be disposed of according to all local, state, and federal regulations.

Minimum Requirements

1. Roadway Worker Protection.
2. Comply with all K&O Railroad requirements.
3. Contractors shall comply with all parts of 49 CFR Part 214 and 219 regarding FRA Roadway Worker Safety at all times. Workers and equipment shall remain clear of the track unless they have gained Roadway Worker Protection from a qualified person.
4. Contractor, contractor employees, agents, and/or subcontractors must be enrolled and comply with the FRA 219 approved drug testing program.
5. Subcontracted work will need to be approved prior to any work starting.

Work Windows

Impact to current railroad operations must be kept to a minimum. When work must take place that causes an active track to be taken out of service for the purposes of performing work that pertains to the project, the contractor must pre-arrange a defined work window with the K&O Railroad.

Standards

All Standards referenced by the project plans, scope of work, and specifications, as well as applicable AREMA standards must be upheld during all phases of the project. Use existing rail.

Submittals

The following documents shall be submitted at the time listed, by the contractor as part of the project:

1. Schedule of Work: Submitted with proposal.
2. Certificate of Insurance: Submitted prior to construction.
3. Safety Plan: Submitted prior to construction.
4. Proof of Roadway Worker Training: Submitted prior to construction.
5. Rail Testing (If AREMA #1 relay is used): submitted prior to construction.

Other Responsibilities

1. Permits – contractor is responsible for all federal, state, and local permits for the work.
2. Utilities – contractor is responsible for locating and protecting site utilities.
3. Site Clean-up – contractor is responsible for proper site disposal of materials in accordance with local, state and federal laws. Contractor is responsible for site restoration. Contractor is responsible for securing dumpster and hauling off used material. No old ties will be allowed to be stored on site in a pile.
4. Right-of-Way Access – Contractor is responsible for obtaining proper right of way entry prior to Farmers Coop property and entering K&O Railroad property.
5. KDOT Grant – all requirements applicable to the Contractor pursuant to the grant provided to Farm-

(continued)

ers Coop from the Kansas Department of Transportation in connection with this project.

Insurance

Contractor shall purchase required insurance coverage and submit verification of Certificate of Insurance prior to construction. Contractor shall address insurance requirements by K&O Railroad and submit proof to both Farmers Coop and K&O Railroad.

Materials

All materials shall meet the requirements found in the project plans and/or specifications as well as applicable AREMA requirements. Material storage is granted on Farmers Coop right of way to the contractor. However, no materials shall be stored closer than 15' from the centerline of any active track at any time. Material and equipment laydown areas and reclaimed materials stockpiling locations shall be discussed and further clarified at the pre-proposal meeting. Contractor is responsible for furnishing all required materials to complete the project.

Non-Project Areas

Farmers Coop has secured access to the project through the K&O Railroad. Other access may be obtained by the contractor if they so choose. All areas (public, private, and railroad right of way) that are used for access to the project, including parts of the railroad right of way which have no proposed work, shall be maintained and/or remediated, incidental to the project, by the contractor to the satisfaction of the property owner if any damage to these areas occurs.

Project Completion

All work pertaining to this project shall be completed by April 1, 2025. Failure to complete work by April 1, 2025, may result in the Contractors removal from the property or charges of \$2,500/day until completed to satisfaction.

Submission of a Proposal

All proposals must be submitted no later than September 22, 2024, via email to kzoglmann@cscoop.net. All submitted proposals shall be reviewed by Farmers Coop. Proposal must include all required information. Incomplete proposals shall be rejected. The structure of the proposal must be clearly understood, all proposals shall provide the following line items and provide costs as required below:

1. Provide a total sum of all line items on the proposal.
2. Mobilization and demobilization – lump sum, including freight/material delivery costs.
3. Material costs (by material, i.e., crossties, ballast, OTM, etc.)
4. Labor costs.
5. Other costs (freight, sales tax, etc.)
6. Tamp and regulate.
7. Clean up work site to completion.
8. Detailed map of construction as quoted.

Pre-Proposal Meeting

Farmers Coop shall hold a Pre-Proposal Meeting at the project site on Thursday, September 5, 2024. The meeting shall be held at Farmers Coop - Conway Springs, Kansas. Contractors are required to be present at this meeting to submit a proposal or their proposal can be rejected.

Work Reporting

Weekly work reports must be filled out and submitted to Kevin via email at kzoglmann@cscoop.net. Weekly reports should include updates to project schedules, materials used, materials received, any delays, or any change in the scope of work. A detailed summary report must be submitted at the completion of the project.

Notice of Hearing

A public hearing will be conducted at 9:00 a.m. Friday, September 6, 2024, in the offices of the Kansas Development Finance Authority (KDFA), 534 S. Kansas Ave., Suite 800, Topeka, Kansas, on the proposal for the KDFA to issue its Agricultural Development Revenue Bonds for the projects numbered below in the respective maximum principal amounts. The bonds will be issued to assist the borrowers named below (who will be the owners and operators of the projects) to finance the cost in the amount of the bonds, which are then typically purchased by a lender bank who then, through the KDFA, loans the bond proceeds to the borrower for the purposes of acquiring the project. The projects shall be located as shown:

Project No. 001141 Maximum Principal Amount: \$320,000. Owner/Operator: Latham and Tanya Schwarz; Description: Acquisition of 640 acres of agricultural land and related improvements and equipment to be used by the owner/operator for farming purposes (the "Project"). The Project is being financed by the Lender for Latham and Tanya Schwarz (the "Beginning Farmer") and is located at Graham County, Kansas at the Southeast Quarter of Section 34, Township 8 South, Range 25 West of the 6th P.M. and the Southwest Quarter, less the north 10 feet of said Southwest Quarter, of Section 34, Township 8 South, Range 25 West of the 6th P.M., and the North Half of Section 3, Township 9 South, Range 25 West of the 6th P.M., except and subject to: easements, restrictions, reservations, and oil and gas leases of record, if any, approximately 2.5 miles southwest of Morland, Kansas on the west side of 140th Avenue.

Project No. 001142 Maximum Principal Amount: \$283,500. Owner/Operator: Nicholas and Stephanie Avey; Description: Acquisition of 15 acres of agricultural land and related improvements and equipment to be used by the owner/operator for farming purposes (the "Project"). The Project is being financed by the Lender for Nicholas and Stephanie Avey (the "Beginning Farmer") and is located at Section 32, Township 09, Range 020, Lot 1 in Jefferson County, Kansas, approximately 2 miles north on Highway K-92 from the intersection of Highways K-16 and K-92 in McLouth, Kansas.

The bonds, when issued, will be a limited obligation of the KDFA and will not constitute a general obligation or

indebtedness of the state of Kansas or any political subdivision thereof, including the KDFA, nor will they be an indebtedness for which the faith and credit and taxing powers of the state of Kansas are pledged. The bonds will be payable solely from amounts received from the respective borrower, the obligation of which will be sufficient to pay the principal of, interest and redemption premium, if any, on the bonds when they become due.

Interested individuals may participate in the public hearing in person or via conference call. Please call 844-621-3956 and use conference identification number 145 880 8929 followed by # to join the conference.

All individuals who appear at the hearing will be given an opportunity to express their views concerning the proposal to issue the bonds to finance the projects, and all written comments previously filed with the KDFA at its offices at 534 S. Kansas Ave., Suite 800, Topeka, KS 66603, will be considered. Additional information regarding the projects may be obtained by contacting the KDFA.

Article 15. – TATTOOING, BODY PIERCING, AND PERMANENT COSMETICS

69-15-6. Application completion and deadlines. (a) Each application for examination shall be received at least 30 calendar days before the next scheduled examination.

(b) Each application submitted during the 30-day period immediately before the examination shall be reviewed, and if the applicant meets the requirements, that person shall be scheduled for the next examination.

(c) Each applicant who fails to submit the required fees, completed documentation, and verification of training or experience, or both, shall be considered to have an incomplete application, and the application shall be closed. Examination fees may be carried forward one time to the next scheduled examination.

(d) Each candidate for examination who fails to complete the examination process within the time limits specified in this subsection shall submit a new application, documentation, and fees, as follows:

- (1) One year from receipt of application, if the applicant does not meet the qualifications for examinations; or
- (2) one year from the date that the last section of the examination was attempted.

(e) Any candidate who meets the requirements for the examination, is scheduled for the next examination, and holds a temporary permit may work in a licensed facili-

ty under the direct supervision of a licensed permanent cosmetic technician, tattoo artist, or body piercing technician until the candidate passes the examination. If the applicant fails any examination, that temporary permit shall no longer be valid and shall not be renewed. (Authorized by and implementing K.S.A. 65-1943; effective Aug. 22, 1997; amended Sept. 6, 2024.)

69-15-7. Examinations for cosmetic tattoo artists, tattoo artists, or body piercers. (a) The examinations for tattoo, cosmetic tattoo, and body piercing shall consist of both a theory examination and a practical examination on safety, infection control, and standards of practice. The theory examination shall be a written examination. The practical examination may be provided in written format.

(b) The examinations shall test the applicant's knowledge of the following areas:

- (1) Basic principles of safety, infection control, and sterilization;
- (2) Kansas laws and regulations;
- (3) chemical use;
- (4) diseases and disorders including skin disease, HIV, hepatitis B, and infectious or contagious diseases;
- (5) equipment, supplies, and instruments;
- (6) practice standards;
- (7) establishment standards; and
- (8) definitions.

(c) Each written examination shall consist of no more than 150 multiple-choice questions. A written examination shall not exceed two hours in duration. Each examination shall be closed-book and shall be presented and conducted in English. The theory examination shall consist of two sections, with one section composed entirely of questions related to Kansas law.

(d) To test the applicant's knowledge of infection-control practices and practice standards, the practical examination shall evaluate the following:

- (1) A setup for a service;
- (2) the steps of a service; and
- (3) cleanup after a service.

(e) To be eligible for licensure, each applicant shall attain a score of at least 75 percent on each section of the theory examination and a score of at least 75 percent on the practical examination. (Authorized by K.S.A. 65-1943, 65-1948, and 74-2702a; implementing K.S.A. 65-1943 and 65-1948; effective Aug. 22, 1997; amended Feb. 14, 2014; amended Sept. 6, 2024.)

69-15-9. Renewal of practitioner licenses. Each renewal payment received or postmarked after the expiration of the license shall be assessed a late fee in addition to the renewal fee. (Authorized by and implementing K.S.A. 65-1945 and 65-1950; effective Aug. 22, 1997; amended Sept. 6, 2024.)
