Kansas Development Finance Authority

Notice of Hearing

A public hearing will be conducted at 9:00 a.m. Friday, April 10, 2020, in the offices of the Kansas Development Finance Authority (KDFA), 534 S. Kansas Ave., Suite 800, Topeka, on the proposal for the KDFA to issue its Agricultural Development Revenue Bond for the project numbered below in the respective maximum principal amount. The bond will be issued to assist the borrower named below (who will be the owner and operator of the project) to finance the cost in the amount of the bond, which is then typically purchased by a lender bank who then, through the KDFA, loans the bond proceeds to the borrower for the purposes of acquiring the project. The project shall be located as shown:

Project No. 001055 Maximum Principal Amount:

\$136,212.50. Owner/Operator: Cody L. and Macy K. Trimble; Description: Acquisition of 56.38 acres of agricultural land and related improvements and equipment to be used by the owner/operator for farming purposes (the "Project"). The Project is being financed by the Lender for Cody L. and Macy K. Trimble (the "Beginning Farmer") and is located in the South Half of Section 29, Waterville Township, Marshall County, Kansas, approximately 1.25 miles west of Waterville, Kansas on K-9, then 1 mile south on 2nd Terrace County Road.

The bond, when issued, will be a limited obligation of the KDFA and will not constitute a general obligation or indebtedness of the state of Kansas or any political subdivision thereof, including the KDFA, nor will it be an indebtedness for which the faith and credit and taxing powers of the state of Kansas are pledged. The bond will be payable solely from amounts received from the respective borrower, the obligation of which will be sufficient to pay the principal of, interest and redemption premium, if any, on the bond when it becomes due.

(continued)

All individuals who appear at the hearing will be given an opportunity to express their views concerning the proposal to issue the bond to finance the project, and all written comments previously filed with the KDFEA at its offices at 534 S. Kansas Ave., Suite 800, Topeka, 66603, will be considered. Additional information regarding the project may be obtained by contacting the KDFEA.

Bureau of Investigation

Notice of Hearing on Proposed Administrative Regulations

A public hearing will be conducted at 9:00 a.m. Tuesday, May 26, 2020, in the Headquarters Main Conference Room at the Kansas Bureau of Investigation (KBI), 1620 SW Tyler, Topeka, Kansas, to consider the adoption of proposed rules and regulations of the Kansas Bureau of Investigation (KBI), on a permanent basis.

This 60-day notice of the public hearing shall constitute a public comment period for the purpose of receiving written public comments on the proposed rules and regulations. All interested parties may submit written comments prior to the hearing to the Kansas Bureau of Investigation, 1620 SW Tyler, Topeka, KS 66612, or by email to Kelly.McPherron@kbi.state.ks.us. All interested parties will be given a reasonable opportunity to present their views orally regarding the adoption of the proposed regulations during the public hearing. In order to provide all parties an opportunity to present their views, it may be necessary to request that each participant limit any oral presentation to five minutes.

Any individual with a disability may request an accommodation in order to participate in the public hearing and may request the proposed regulations and economic impact statements in an accessible format. Requests for accommodation to participate in the hearing should be made at least five working days in advance of the hearing by contacting Kelly McPherron at 785-296-8200, (or TYY 1-800-766-3777). Handicapped parking is located on the south end of the KBI building, off of Tyler Street.

Summaries of the proposed regulations and their economic impact follow. (Note: Statements indicating that a regulation is “not anticipated to have any economic impact” are intended to indicate that no economic impact on the KBI, other state agencies, state employees, or the general public has been identified.)

Copies of the proposed regulations and the Economic Impact Statement for the proposed regulations can be requested from: Kelly.McPherron@kbi.state.ks.us, or by

writing to Kansas Bureau of Investigation, 1620 SW Tyler, Topeka, KS 66612 (attn: Kelly McPherron).

K.A.R. 10-24-1 – Definitions. This is a new regulation that defines the following terms: “KBI”; “Repository”; “Seller”; and “Transaction.” These definitions serve to assist in understanding the terms as they are used in K.A.R. 10-24-2 and 10-24-3. This regulation will have no economic impact.

K.A.R. 10-24-2 – Information to be submitted. This is a new regulation that sets forth what information scrap metal dealers shall submit to the KBI for entry into the repository. An economic impact on scrap metal dealers is possible and potentially could result from staff time spent inputting or submitting the required information. Any possible economic impact would depend on the manner of submission utilized (as set forth in K.A.R. 10-24-3).

K.A.R. 10-24-3 – Manner of submission. This is a new regulation that identifies how information needs to be submitted to the Kansas scrap metal data repository maintained at the KBI. The regulation identifies two manners of submission: an electronic form online or a standard software interface that electronically transfers the information from the scrap metal dealer’s transaction storage system to the repository. This regulation may have an economic impact on scrap metal dealers, as one of the manners of submission includes using a standard software interface. If scrap metal dealers opt to utilize an interface, there would be costs associated with building and implementing such an interface.

Individuals with hearing and/or speech disabilities may contact the Kansas Relay Center at 800-766-3777 for communication accommodations.

Copies of the proposed regulation and the economic impact statement may be found at <http://www.kansasregents.org/about/rules-regulations> or by contacting Renee Burlingham.

A summary of the proposed regulations and the economic impact statement of the regulation follows:

This is a proposal to establish rules and regulations required to implement K.S.A. 2019 Supp. 74-32,267. The statute established Accelerating Opportunity: Kansas (AO-K) to Work, a Kansas pathway to career program providing an alternative path to a high school equivalency credential for Kansas adults.

K.S.A. 2019 Supp. 74-32,267 requires that qualified students successfully complete an approved AO-K career pathway and receive an industry-recognized credential. It also requires that the Kansas Board of Regents (Board) approve the career pathways and industry-recognized credentials.

K.A.R. 88-25-1 – Program Title. This is a new regulation that establishes the AO-K to work program is also called the Kansas pathway to career.

K.A.R. 88-25-2 – AO-K career pathways; industry recognized credentials. This new regulation identifies which career pathways and industry-recognized credentials will qualify.

K.A.R. 88-25-3 – Career Readiness Certificate. K.S.A. 2019 Supp. 74-32,267 requires that students take a career readiness assessment and earn a career readiness certificate. This new regulation identifies two certificates that will satisfy this requirement.

K.A.R. 88-25-4 – High school equivalency requirements. K.S.A. 2019 Supp. 74-32,267 also permits the Board of Regents to establish additional criteria required to obtain the credential. K.A.R. 88-25-4 requires that each applicant also demonstrate high school equivalency in math, English Language Arts, and civics. The regulation identifies the tests or coursework that demonstrates that equivalency.

K.A.R. 88-25-5 – Fee. K.S.A. 2019 Supp. 74-32,267 permits the Board of Regents to charge a fee of no more than \$25 for issuance or duplication of a Kansas high school equivalency credential. K.A.R. 88-25-5 sets a \$25 fee.

Economic Impact: The regulation is not anticipated to have any direct economic impact on business, economic development, or local government within the State of
(continued)

Kansas. The regulation establishes a \$25 credentialing fee for all individuals that complete the requirements and can obtain a high school equivalency credential through the AO-K to Work program. Since this is a new program, the Board estimated the potential impact by taking a 5-year average of the number of students participating in a related program, AO-K. The average number of students participating in AO-K in the last 5 years was 509 students. If each of those students earned a credential the \$25 fee would cost \$12,730.

State of Kansas

Office of the Governor

**Executive Order No. 20-08
Temporarily expanding telemedicine and
addressing certain licensing requirements to
combat the effects of COVID-19**

WHEREAS, securing the health, safety, and economic well-being of residents of the State of Kansas is this Administration's top priority;

WHEREAS, Kansas is facing a crisis—the pandemic and public health emergency of COVID-19—resulting in illness, quarantines, school closures, and temporary closure of businesses resulting in lost wages and financial hardship to Kansas citizens;

WHEREAS, the United States Departments of Health and Human Services declared a public health emergency for COVID-19 beginning January 27, 2020, with more than 10,000 cases of the illness and more than 150 deaths as a result of the illness across the United States;

WHEREAS, the World Health Organization declared a pandemic on March 11, 2020;

WHEREAS, a State of Disaster Emergency was proclaimed for the State of Kansas on March 12, 2020;

WHEREAS, on March 13, 2020, the President of the United States declared the ongoing COVID-19 a pandemic of sufficient severity and magnitude to warrant an emergency declaration for all states, tribes, territories, and the District of Columbia pursuant to Section 501 (b) of the Robert T. Stafford Disaster Relief and Emergency Assistance Act, 42 U.S.C. § 5121-5207 (the "Stafford Act");

(continued)

WHEREAS, on March 13, 2020, the President of the United States pursuant to Sections 201 and 301 of the National Emergencies Act, 50 U.S.C. § 1601, et seq. and consistent with Section 1135 of the Social Security Act, as amended (42 U.S.C. § 1320b-5), declared that the COVID-19 outbreak in the United States constitutes a national emergency beginning March 1, 2020;

WHEREAS, the Kansas Telemedicine Act states that payment or reimbursement of covered health care services delivered through telemedicine shall be the same payment or reimbursement delivered through personal contact;

WHEREAS, The Office of Civil Rights has eased its HIPAA telemedicine/telehealth enforcement during the COVID-19 emergency and will waive potential penalties for HIPAA violations against health care providers who serve patients through everyday communication technologies;

WHEREAS, I have consulted with staff at the Kansas State Board of Healing Arts regarding methods for increasing access to health care in response to COVID-19 pandemic;

WHEREAS, many patients in the State of Kansas are required to travel long distances, both in-state and out-of-state, to see their healthcare providers;

WHEREAS, face-to-face visits with health care professionals may increase the risk of COVID-19 transmission;

WHEREAS, the potential for increased need for health care resources, including physical space, the time of medical professionals, and medical supplies as a result of COVID-19 increases the already existing difficulties accessing health care;

WHEREAS, when the COVID-19 pandemic is stressing health care, local and state support systems, and our economy, any impediment to receiving health care through telemedicine impedes our ability to promote and secure the safety and protection of the civilian population;

WHEREAS, when the COVID-19 pandemic is stressing health care, local and state support systems, and our economy, strict compliance with certain regulations or laws—especially those limiting access to health care—may prevent, hinder, or delay necessary action in coping with the pandemic; and

WHEREAS, this Administration will do whatever it can to assist Kansans in these challenging times, especially vulnerable Kansans and those requiring routine health care.

NOW, THEREFORE, pursuant to the authority vested in me as Governor of the State of Kansas, including the authority granted me by K.S.A. 48-924 and K.S.A. 48-925, in order to mitigate the effects of the spread of COVID-19, cope with the healthcare effects of the pandemic, and to promote and secure the safety and protection of the civilian population, I hereby direct and order the following:

1. The Kansas State Board of Healing Arts (“the Board”) shall not enforce any statute, rule, or regulation that would require physicians to conduct an in-person examination of a patient prior to the issuance of a prescription or order the administration

of medication, including controlled substances, as long as the physician otherwise complies with the provisions of this order.

2. All physicians are encouraged to utilize telemedicine services, when appropriate for their patients, to avoid unnecessary patient travel both in-state and out of state.
3. Out-of-state physicians may utilize telemedicine when treating patients in Kansas without the necessity of securing a license to practice medicine in the state, provided the out of state physician advises the Board of the physician’s practice in this state via telemedicine in writing in a manner to be determined by the Board and holds an unrestricted license to practice medicine in the state in which the physician practices and is not the subject of an investigation or disciplinary proceeding. State of Kansas

Office of the Governor

Executive Order No. 20-09 Conditional and temporary relief from certain motor carrier rules and regulations in response to the COVID-19 pandemic

WHEREAS, securing the health, safety, and economic well-being of residents of the State of Kansas is this Administration's top priority;

WHEREAS, Kansas is facing a crisis—the pandemic and public health emergency of COVID-19—resulting in illness, quarantines, school closures, and temporary closure of businesses resulting in lost wages and financial hardship to Kansas citizens;

WHEREAS, the United States Departments of Health and Human Services declared a public health emergency for COVID-19 beginning January 27, 2020, with more than 10,000 cases of the illness and more than 150 deaths as a result of the illness across the United States;

WHEREAS, the World Health Organization declared a pandemic on March 11, 2020;

WHEREAS, a State of Disaster Emergency was proclaimed for the State of Kansas on March 12, 2020;

WHEREAS, on March 13, 2020, the President of the United States declared COVID-19 a pandemic of sufficient severity and magnitude to warrant an emergency declaration for all states, tribes, territories, and the District of Columbia pursuant to Section 501 (b) of the Robert T. Stafford Disaster Relief and Emergency Assistance Act, 42 U.S.C. § 5121-5207 (the "Stafford Act");

WHEREAS, on March 13, 2020, the President of the United States pursuant to Sections 201 and 301 of the National Emergencies Act, 50 U.S.C. § 1601, et seq. and consistent with Section 1135 of the Social Security Act, as amended (42 U.S.C. § 1320b-5), declared that the COVID-19 outbreak in the United States constitutes a national emergency beginning March 1, 2020;

WHEREAS, the President of the United States has declared an emergency under 42 U.S.C. 5121, et seq., and pursuant to 49 CFR 390.23 (a)(1)(i), an emergen-

cy exists that warrants an exemption from Parts 390 through 399 of the Federal Motor Carrier Safety Regulations (FMCSRs). The Acting Director of the Federal Motor Carrier Safety Administration ("FMCSA") issued an Emergency Declaration for these exemptions. Such emergency is in response to the Coronavirus 2019 (COVID-19) outbreaks and their effects on people and the immediate risk they present to the public health, safety and welfare in the fifty States and the District of Columbia. This declaration addresses National emergency conditions that create a need for immediate transportation of essential supplies, equipment and persons; and provides necessary relief from FMCSRs for motor carriers and drivers engaged in the transport of essential supplies, equipment and persons;

WHEREAS, by execution of this Emergency Declaration, motor carriers and drivers providing direct assistance in support of relief efforts related to COVID-19 outbreaks are granted emergency relief from Parts 390 through 399 of Title 49 Code of Federal Regulations, except as restricted herein. Direct assistance means the transportation and other relief services provided by a motor carrier or its driver(s) incident to the immediate restoration of essential services, such as medical care, or essential supplies of food, related to COVID-19 outbreaks during emergency;

WHEREAS, these conditions require the operation of motor carriers and drivers of commercial motor vehicles for the purposes of providing direct assistance to supplement local, state and federal efforts in relief and restoration effort throughout the Nation;

WHEREAS, Section 127 of title 23, U.S.C., establishes weight limitations for vehicles operating on the Interstate System. Those maximum weight limitations are as follows: single axle—20,000 lbs.; tandem axle—34,000 lbs.; and gross weight—80,000 lbs. (or the maximum allowed by Federal Bridge Formula). Section 127 states that the overall gross weight may not exceed 80,000 lbs., including all enforcement tolerances, except for those vehicles and loads which cannot be easily dismantled or divided and which have been issued Special Permits in accordance with applicable State laws. This language establishes the States' authority to issue Special Permits to "non-divisible" loads. Examples of non-divisible loads include: bulldozers, large generators, scrapers, and modular homes. Section 1511 of MAP-21 extends the States' authority to issue Special Permits to vehicles with divisible loads that are delivering relief supplies during a Presidentially declared emergency or major disaster under the Robert T. Stafford Disaster Relief and Emergency Assistance Act ("Stafford Act") (42 U.S.C. 5121 et seq.);

WHEREAS, when the COVID-19 pandemic is stressing health care, local and state support systems, and our economy, any impediment to efficient and timely transportation of supplies and goods also impedes our ability to promote and secure the safety and protection of the civilian population;

WHEREAS, when the COVID-19 pandemic is stressing health care, local and state support systems, and our economy, strict compliance with certain regulations or

(continued)

laws may prevent, hinder, or delay necessary action in coping with the pandemic; and

WHEREAS, this Administration will do whatever it can to assist Kansans in these challenging times, including ensuring that essential goods and supplies can be delivered as efficiently as possible while still maintaining adequate safety standards.

NOW, THEREFORE, pursuant to the authority vested in me as Governor of the State of Kansas, including the authority granted me by K.S.A. 48-924 and K.S.A. 48-925, in order to mitigate the effects of the spread of COVID-19, cope with the effects of the pandemic, and to promote and secure the safety and protection of the civilian population, I hereby acknowledge a state of emergency exists in the United States and direct and order the following:

1. In accordance with the FMCSA's declaration under Title 49 C.F.R. § 390.23(a)(1)(i), Title 49 C.F.R §§ 390-399 are hereby suspended for motor carriers and persons operating commercial vehicles actively participating in COVID-19 relief or restoration efforts.
2. Motor carriers and persons operating commercial vehicles actively participating in COVID-19 relief and restoration efforts may haul up to 10% more than their licensed weight on Kansas highways, not to exceed 90,000 pounds.
3. All other applicable state and federal regulations shall continue to apply, including but not limited to: Title 49 C.F.R. Part 382, Controlled Substances and Alcohol Use and Testing; the Kansas Motor Vehicle Driver's License Act, K.S.A. 8-234 *et. seq.*, and Title 49 C.F.R. Part 383 Commercial Driver's License Standards as adopted by the Kansas Uniform Commercial Drivers' License Act, K.S.A. 8-2,125 *et. seq.*, the federal Minimum Levels of Financial Responsibility (insurance requirements) Title 49 C.F.R. Part 387 as adopted by K.A.R. 82-4-3n and state insurance requirements as provided in K.A.R. 82-4-23; and, adherence to the regulations governing the Transportation of Hazardous Materials as provided Title 49 C.F.R. 397 and adopted by K.A.R.82-4-3k and Parts: 107, 171-173, 177, 178 and 180 as adopted by K.A.R.82-4-20.
4. The licensing, certification, and permitting rules and regulations as required by the Kansas Corporation Commission are temporarily suspended for motor carriers and persons operating commercial vehicles actively participating in COVID-19 relief or restoration efforts.
5. The registration and fuel tax permits as enforced by the Kansas Department of Revenue are temporarily suspended for motor carriers and persons operating commercial vehicles actively participating in COVID-19 relief or restoration efforts.
6. Motor carriers and persons operating commercial vehicles actively participating in COVID-19 relief or restoration efforts must still obtain the requisite over-dimension/overweight permits as required by

the Kansas Department of Transportation prior to operating; however, the fees associated with these permits are temporarily waived.

7. Except as specifically stated in this order, all other state motor carrier laws or regulations remain in full force and effect.
8. This order supersedes any contrary order by any local health department regarding motor carriers and should be read in conjunction with previous executive orders responding to the COVID-19 pandemic. Any contrary provision in previous executive orders is superseded by this order.

This document shall be filed with the Secretary of State as Executive Order No. 20-09. It shall become effective immediately and remain in force until rescinded, until 11:59 p.m. on April 12, 2020, or until the statewide State of Disaster Emergency proclaimed on March 12, 2020, relating to COVID-19 expires, whichever is earlier.

WHEREAS, the World Health Organization declared a pandemic on March 11, 2020;

WHEREAS, a State of Disaster Emergency was proclaimed for the State of Kansas on March 12, 2020;

WHEREAS, on March 13, 2020, the President of the United States declared the ongoing COVID-19 a pandemic of sufficient severity and magnitude to warrant an emergency declaration for all states, tribes, territories, and the District of Columbia pursuant to Section 501 (b) of the Robert T. Stafford Disaster Relief and Emergency Assistance Act, 42 U.S.C. § 5121-5207 (the "Stafford Act");

WHEREAS, on March 13, 2020, the President of the United States pursuant to Sections 201 and 301 of the National Emergencies Act, 50 U.S.C. § 1601, *et seq.* and consistent with Section 1135 of the Social Security Act, as amended

(42 U.S.C. § 1320b-5), declared that the COVID-19 outbreak in the United States constitutes a national emergency beginning March 1, 2020;

WHEREAS, the COVID-19 pandemic threatens the stability of local, state, national, and global economies, with the potential to cause layoffs, furloughs, and significant decreases in pay;

WHEREAS, during a pandemic emergency it becomes more important than ever for citizens to be safe and secure in their homes, and any interruption in housing threatens the public health and safety through increased burdens on social services, increased health risks, and increased spread of COVID-19;

WHEREAS, when the COVID-19 pandemic is stressing health care, local and state support systems, and our economy, any disruption in housing is likely to create additional and unnecessary burdens that will impede the response to the COVID-19 pandemic and potentially exacerbate it;

NOW, THEREFORE, pursuant to the authority vested in me as Governor of the State of Kansas, including the authority granted me by K.S.A. 48-924 and K.S.A. 48-925, in order to mitigate the effects of the spread of COVID-19 I hereby direct and order the following:

1. Executive Order 20-06 is hereby rescinded and superseded by this order.
2. As used in this order, a “financial hardship resulting from the COVID-19 pandemic” occurs when (1) an individual or family suffers a significant loss of income, significant increase in necessary expenses, or inability to work as a direct or indirect result of the COVID-19 pandemic, and (2) the individual’s or family’s financial resources are depleted to the extent that making mortgage or rent payments would leave them unable to purchase food, medicine, or other goods, supplies, or services necessary to their health and safety.
3. This order does not prohibit the continuation of any judicial foreclosure or judicial eviction proceedings filed before the effective date of this order.
4. No bank or financial lending entity operating in Kansas shall foreclose on a residential property in Kansas when all defaults or violations of the mortgage are substantially caused by a financial hardship resulting from the COVID-19 pandemic.
 - a. The provisions of paragraph 3 and paragraph 6 do not apply to foreclosures on multi-family residential properties in which residential tenants rent from a landlord, as long as the foreclosure will not result in the eviction of any tenants.

5. No landlords—whether individuals, companies, banks, financial lending entities, nursing homes, long-term care facilities, or other entities—shall evict a residential tenant when all defaults or violations of the rental agreement are substantially caused by a financial hardship resulting from the COVID-19 pandemic.
6. Any bank, financial lending entity, or landlord initiating judicial foreclosure or judicial eviction proceedings after the effective date of this order shall have the burden of pleading and proving that the foreclosure or eviction proceeding is not being initiated solely because of defaults or violations of mortgages or rental agreements substantially caused by a financial hardship resulting from the COVID-19 pandemic.
7. This order does not relieve mortgage borrowers or tenants who have not suffered a financial hardship resulting from the COVID-19 pandemic from the obligation to comply with mortgage or rental agreements or to continue making required mortgage or rent payments.
8. This order does not prevent foreclosures or evictions for mortgage or rental agreement defaults or violations not due to a financial hardship resulting from the COVID-19 pandemic.
9. After the statewide State of Disaster Emergency proclaimed on March 12, 2020, relating to COVID-19 expires and financial hardships resulting from the COVID-19 pandemic abate, borrowers, lenders, renters, and landlords are encouraged to negotiate payment plans or other agreements to allow borrowers or renters to address any defaults, missed payments, or late fees substantially caused by a financial hardship resulting from the COVID-19 pandemic.
10. This order does not apply to foreclosures initiated by the United States government.
11. All other laws or regulations relating to foreclosures and landlord-tenant rights remain in effect.

State of Kansas

Office of the Governor

Executive Order No. 20-15 Establishing the Kansas Essential Function Framework for COVID-19 response efforts

WHEREAS, securing the health, safety, and economic well-being of residents of the State of Kansas is this Administration’s top priority;

WHEREAS, Kansas is facing a crisis—the pandemic and public health emergency of COVID-19—resulting in illness, quarantines, school closures, and temporary closure of businesses resulting in lost wages and financial hardship to Kansas citizens;

WHEREAS, the United States Departments of Health and Human Services declared a public health emergency for COVID-19 beginning January 27, 2020, with now more than 40,000 cases of the illness and more than 500 deaths as a result of the illness across the United States;

WHEREAS, the World Health Organization declared a pandemic on March 11, 2020;

WHEREAS, a State of Disaster Emergency was proclaimed for the State of Kansas on March 12, 2020;

WHEREAS, on March 13, 2020, the President of the United States declared the ongoing COVID-19 a pandemic of sufficient severity and magnitude to warrant an emergency declaration for all states, tribes, territories, and the District of Columbia pursuant to Section 501 (b) of the Robert T. Stafford Disaster Relief and Emergency Assistance Act, 42 U.S.C. § 5121-5207 (the “Stafford Act”);

WHEREAS, on March 13, 2020, the President of the United States pursuant to Sections 201 and 301 of the National Emergencies Act, 50 U.S.C. § 1601, et seq. and consistent with Section 1135 of the Social Security Act, as amended (42 U.S.C. § 1320b-5), declared a national emergency that the COVID-19 outbreak in the United States constitutes a national emergency beginning March 1, 2020;

WHEREAS, in order to mitigate the spread of COVID-19, health officials in several Kansas counties have issued “stay home” orders directing citizens to remain in their homes except to conduct essential activities;

WHEREAS, consistent exemptions for certain essential functions is critical to the ability of government entities and private enterprises to work together to slow the spread of COVID-19 and mitigate its effects;

WHEREAS, where it becomes necessary for local health officials to limit citizens’ ability to leave their homes, it remains critical to the COVID-19 pandemic response that a uniform framework for essential functions exists to secure the safety and protection of the civilian population; and

WHEREAS, in these challenging times this Administration will do whatever it can to avoid immediate dangers to the health, safety, and welfare of Kansans, including providing guidance and support for local authorities who are making difficult and important decisions to protect the health and safety of their populations, as well as certainty to the broader population that essential functions will not be interrupted.

NOW, THEREFORE, pursuant to the authority vested in me as Governor of the State of Kansas, including the authority granted me by K.S.A 48-924 and K.S.A 48-925, in order to slow the spread of COVID-19 I hereby direct and order the following:

1. This order supersedes and overrides the provisions of any local “stay home” or similar order that fails to exempt the Kansas Essential Functions Framework (“KEFF”) essential functions listed in paragraph 11.
2. This order should be read in conjunction with previous executive orders responding to the COVID-19 pandemic. Any contrary provision in previous executive orders is superseded by this order.
3. All local “stay home” or similar orders prohibiting citizens from leaving their homes in order to slow the spread of COVID-19 must follow the KEFF established in this order and explained below. No such order may require enforcement by state authorities.
4. KEFF is a framework for identifying and continuing essential functions that must remain operational during a local “stay home” or similar order to maintain critical services and infrastructure during the COVID-19 pandemic. The goal of KEFF is to provide for the continuation of essential functions while allowing local authorities to limit sustained personal interactions as necessary to protect the public health and safety.
5. KEFF was developed with reference to national critical function guidelines established for pandemic and other disaster response efforts.
6. KEFF focuses on four functional areas: *Connect, Distribute, Manage, and Supply*. KEFF organizes each area into a taxonomy so that each function can be easily referenced but also expanded when more detail is desired by the implementing governing body.
 - a. This order does not prevent a local issuing authority from adding essential functions or specific subcategories appropriate for its jurisdiction to the KEFF essential functions listed in paragraph 11.
7. Local authorities issuing “stay home” or similar orders should distribute the KEFF framework to companies and other organizations in their jurisdiction.
8. A company or other organization in a jurisdiction subject to a “stay home” or similar order that may qualify under one of the essential functions listed in paragraph 11 should contact the local issuing authority and request an exemption from the restrictions of the local order for its personnel. Exemptions for essential functions listed in paragraph 11 must be granted as directed under paragraph 11. If the exemption is granted, the company or other organization may continue the essential functions so exempted.
9. In its request, the company or other organization should identify by number the categories of essential functions it performs and provide any brief

necessary explanation to establish that it performs those functions.

10. The local issuing authority should quickly determine which, if any, functions of the requesting company or other organization are exempt from the local order and inform the requesting company or other organization of the determination.
11. Local issuing authorities must grant—and do not have the discretion to deny—exemptions from the restrictions of any local “stay home” or similar order to requesting companies or other organizations for the performance of the following essential functions:
