DEPARTMENT OF REVENUE

NOTICE OF HEARING
ON PROPOSED
ADMINISTRATIVE REGULATIONS

A public hearing will be conducted at 10 a.m. Monday, August 14, in the office of the Kansas Department of Revenue, secretary's conference room, second floor, Robert B. Docking State Office Building, Topeka, to consider the adoption of proposed permanent regulations of the Department of Revenue.

All interested parties may submit written comments prior to or at the hearing. All interested parties will be given a reasonable opportunity to present their views orally on the adoption of the proposed regulation during the hearing. This 30-day notice constitutes a public comment period for the purpose of receiving written public comments on the proposed permanent regulations.

Department of Revenue proposed regulations 92-56-1 through 92-56-5 implement K.S.A. 1988 Supp. 8-1016, which directs the Department of Revenue to write rules and regulations concerning the certification, maintenance and repair of ignition interlock devices.

Proposed regulation 92-56-1 outlines the information required to be submitted by each manufacturer applying for certification of an ignition interlock device. The regulation also requires each manufacturer to notify the division of any failure of the device to function as designed.

Proposed regulation 92-56-2 requires each manufacturer of an ignition interlock device to obtain a product liability insurance policy for the minimum liability limits of \$1,000,000 per occurrence with an aggregate coverage of \$3,000,000.

Proposed regulation 92-56-3 sets forth specific criteria that each ignition interlock device must satisfy before the device can be installed in a vehicle. The regulation requires that the device be installed by the manufacturer or vendor of the device.

Proposed regulation 92-56-4 requires each manufacturer or agent of the manufacturer to calibrate each ignition interlock device bimonthly. Each manufacturer or agent must keep an inspection and calibration record containing specific information outlined in the regulation. A copy of this record must also be kept in the vehicle at all times and made available to the court upon request.

Proposed regulation 92-56-5 sets forth the conditions upon which the division will revoke a manufacturer's certification. The regulation also requires the manufacturer to reimburse the division for any cost incurred approving or disapproving the device.

Copies of the full text of the proposed regulations and economic impact statement may be obtained by contacting Melanie Caro, Legal Services Bureau, Kansas Department of Revenue, Robert B. Docking State Office Building, Topeka 66612-1588.

BOARD OF EDUCATION**NOTICE OF HEARING**

The State Board of Education will conduct a public hearing at 1:30 p.m. Tuesday, August 8, in Room 121 of the State Education Building, 120 E. 10th, Topeka, to consider the proposed Kansas State Plan for School Food Service State Administration Expense (SAE) funds for fiscal year 1990.

State Administration Expense (SAE) funds are federal funds made available to states for meeting expenses incurred when administering, supervising, and providing technical assistance for child nutrition programs. The annual state plan is part of a SAE management system, which monitors each state's accountability of the funds and the U.S. Department of Agriculture's control over the funds.

Part I of the plan describes the anticipated costs and budget needs. Part II describes the activities for the utilization of state and federal funds. Justification is provided for the following major responsibilities of administering the child nutrition programs: technical assistance; program monitoring; claims processing/federal reporting; policy development/implementation; professional development (training); program administration, planning, and supervision; and program audits. The plan does not include program objectives.

A copy of the plan may be obtained by contacting the secretary of the State Board of Education, State Education Building, 120 E. 10th, Topeka 66612, prior to the date of the hearing.

All interested persons will be given a reasonable opportunity at the hearing to present their views or arguments, either orally or in writing, in regard to the proposed plan. In addition, the period of public notice hereby provided constitutes a public comment period for the purpose of receiving written public comments on the proposed plan. Such written comments may be submitted to the secretary of the State Board of Education at the

address above. The hearing shall be conducted in compliance with the public hearing procedures of the board.

STATE FIRE MARSHAL**NOTICE OF HEARING
ON PROPOSED
ADMINISTRATIVE REGULATIONS**

A public hearing will be conducted at 9 a.m. Monday, August 21, in the State Fire Marshal's office, Suite 600, Jayhawk Tower, 700 S.W. Jackson, Topeka, to consider the adoption of a new administrative regulation dealing with explosive and blasting agent permits.

This 30-day notice of the public hearing shall constitute a public comment period for the purpose of receiving written public comments on the proposed rule and regulation. All interested parties may submit written comments prior to the hearing to the State Fire Marshal. All interested parties will be given a reasonable opportunity to present their views orally on the adoption of the proposed regulation during the hearing.

The regulation is proposed for adoption on a permanent basis. A summary of proposed regulation and its economic impact follows:

K.A.R. 22-4-2. Explosive and blasting agent permits. This new regulation requires all contractors moving, storing or using any explosives within the state of Kansas to first obtain a permit from the local authority having jurisdiction in the area of the contractor's activity. Rules governing storage of magazines also are established.

The potential economic impact on the state of Kansas will be approximately \$74,459, which will pay the salaries and related expenses for two additional inspectors assigned to the office of the State Fire Marshal to monitor and enforce the regulation. The economic impact upon the blasting contractors and other related building and excavating industries cannot be quantified.

A copy of the proposed regulation and a more detailed version of the economic impact statement may be obtained from the State Fire Marshal's office, 700 S. W. Jackson, Suite 600, Topeka 66603-3714, (913) 296-3401.

NOTICE CONCERNING KANSAS WATER POLLUTION CONTROL PERMIT

In accordance with state regulations 28-16-57 through 28-16-63 and the authority vested with the state by the administrator of the U.S. Environmental Protection Agency, a tentative permit has been prepared for discharges to the waters of the United States and the state of Kansas for the applicant described below. The tentative determinations for permit content are based on preliminary limitations of the state of Kansas and the EPA, and when issued will result in a state water pollution control permit and national pollutant discharge elimination system authorization to discharge subject to certain effluent limitations and special conditions.

Name and Address of Applicant	Waterway	Type of Discharge
Killough, Inc. Lawrence Quarry P.O. Box 623 Ottawa, KS 66067 Douglas County, Kansas Kansas Permit No. I-KS31-PO08	Kansas River via Wakarusa River via Unnamed Tributary	Stormwater Runoff
Description of Facility: Seasonal quarry operation with pit dewatering. This is an existing facility and the previous limitations are continued. Proposed effluent limitations are pursuant to Kansas Surface Water Quality Standards, K.A.R. 28-16-28(b-f).		Fed. Permit No. KS-0116114

Written comments on the proposed determinations may be submitted to Bethel Spotts, Permit Clerk, Kansas Department of Health and Environment, Division of Environment, Bureau of Water Protection, Forbes Field, Topeka 66620. All comments received prior to August 11 will be considered in the formulation of final determinations regarding this public notice. Please refer to the appropriate application number (KS-89-35) and the name of applicant as listed when preparing comments.

If no objections are received, the Secretary of Health and Environment will issue the final determinations. If response to this notice indicates significant public interest, a public hearing may be held in conformance with state regulation 28-16-61.

The application, proposed permit, including proposed effluent limitations and special conditions, fact sheets as appropriate, comments received, and other information are on file and may be inspected at the Division of Environment offices from 8 a.m. to 4:30 p.m. Monday through Friday. The documents are available upon request at the copying cost assessed by KDHE. Additional copies of this public notice also may be obtained at the Division of Environment.

Banks and Banking—Banking Code; Supervision; Board—Definition of Bankers' Bank. Joan Finney, State Treasurer, Topeka, June 29, 1989.

To secure the deposit of public funds, a depository bank may deposit pledged securities in a facility of a bankers' bank if the depository bank does not own or control the bankers' bank. The degree to which the depository bank may have an interest in the banker's bank without constituting ownership or control may be determined by the pooled money investment board. Public Health—Professional Counselors—Diagnosis and Treatment of Mental Illness or Disease. Mary Ann Gabriel, Executive Director, Behavioral Sciences Regulatory Board, Topeka, June 29, 1989.

While registration acts generally do not restrict the practice of a regulated profession, the legislature may by statute place limitations on the scope of practice. The legislative history of K.S.A. 1988 Supp. 65-5812(e) reflects the plain meaning and intent of the words used in this provision. Thus, registered professional counselors may not diagnose or treat mental illness or disease. Cited herein: K.S.A. 1988 Supp. 65-5001; 65-5801; 65-5802; 65-5803; 65-5812; 74-7507. RLN

State Institutions and Agencies; Historical Property—State Educational Institutions; Management and Operation—Kansas College of Technology; Faculty Covered by Tort Claims Act. Ted D. Ayres, General Counsel, Kansas Board of Regents, Topeka, June 29, 1989.

Faculty members of the Kansas College of Technology (KCT) who instruct maintenance and flight courses in the

aeronautical training programs at KCT are employees of a governmental entity for purposes of the tort claims act. Instructors who maintain or pilot planes for other state agencies may be deemed employees of such other state agencies if acting in their service in an official capacity. Public Health—Examination, Registration and Regulation of Barbers; Practice of Barbering Regulated by Act; Barber Advertisement by Cosmetologist. Louis Armstrong, Administrative Officer, State Board of Barber Examiners, Topeka, July 5, 1989.

A licensed cosmetologist cannot advertise his services as those provided by a barber shop unless he is licensed as a barber, even though the services performed by barbers and cosmetologists have a common field of practice. The costs incurred by the court as a result of auditing the alcohol and drug safety action fund may be characterized as an expense of administering the fund. Therefore, such costs may be paid from the portion of the fund authorized to be used for administrative expense. Cited herein: K.S.A. 1988 Supp. 8-1008. JLM

Waters and Watercourses—Groundwater Exploration and Protection—Administration and Enforcement of Act; Licensee. Leroy A. Hayden, State Senator, 39th District, Satanta, July 5, 1989.

Installation, maintenance and design of water well pumps is not "construction of water wells" within the meaning of the Kansas groundwater exploration and protection act. Therefore, a water well contractor's license is not required to install, maintain or design a water well pump.

Additional legislation is required for the Department of Health and Environment to impose continuing education on licensed water well contractors. THE KANSAS LOTTERY

TEMPORARY ADMINISTRATIVE
REGULATIONS

Article 2.—LOTTERY RETAILERS

111-2-5. (Authorized by K.S.A. 1987 Supp. 74-8710 as amended by L. 1988, Ch. 366, § 23; implementing K.S.A. 1987 Supp. 74-8710 as amended by L. 1988, Ch. 366, § 23; and 74-8708 as amended by L. 1988, Ch. 314, § 3; effective T-111-12-19-88, Dec. 16, 1988; revoked June 30, 1989.)

Article 3.—INSTANT GAME RULES

111-3-9. Televised Draw Show. The Kansas lottery may conduct a televised draw show to award prizes. Players for the draw show shall be selected at the weekly drawing for the "Grand Prize Drawing" and "Televised Draw Show." The final weekly drawing for the "Televised Draw Show" shall be Thursday, July 13, 1989. All entries must be received by 5:00 p.m., Tuesday, July 11, 1989. (Authorized by and implementing K.S.A. 1988 Supp. 74-8710(a), effective T-88-39, Oct. 15, 1987; amended T-89-4, Jan. 22, 1988; amended T-89-25, May 24, 1988; amended T-111-6-30-89, June 28, 1989.)

111-3-14a. Direct Entry Prize; Claim Procedure. The procedure for claiming the instant prize of direct entry onto the televised draw show shall be as follows:

(a) Bring the ticket to any office of the Kansas lottery during the hours that such office is open to the public for business. Upon verification and receipt of the claim form and ticket by lottery headquarters in Topeka, Kansas, the claimant shall be scheduled onto the soonest available draw show.

(b) Mail the ticket with a completed claim form in any envelope other than a "Grand Prize Draw" envelope to any office of the Kansas lottery. Claim forms may be obtained from any Kansas lottery instant game retailer, or any office of the Kansas lottery. Upon verification of the claim and receipt of the claim form and ticket by lottery headquarters in Topeka, Kansas, the claimant shall be scheduled onto the soonest available draw show.

(c) The ticket must be received by the Kansas lottery no later than 5:00 p.m., Wednesday, July 12, 1989. Any ticket received after that date will be entered in the "1989 Year-end Grand Prize Drawing." (Authorized by K.S.A. 1988 Supp. 74-8710(c); implementing K.S.A. 1988 Supp. 74-8710(c) and 74-8720(c); effective T-111-4-13-89, April 7, 1989; amended T-111-6-30-89, June 30, 1989.)

111-3-20. Method of Entry. Entry into the "Grand Prize Drawing," and other drawings is accomplished by the following steps except where a player receives direct entry onto the televised draw show pursuant to individual game rules:

(a) Obtain a valid Kansas instant game lottery ticket;

(b) Determine if the ticket is a winning ticket in accordance with any instant game rules. If the ticket is a winning ticket, it is not eligible for the "Grand Prize Drawing" or other drawings and shall be redeemed in accordance with the appropriate game rules;

(c) If the ticket is a non-winning ticket, the ticket is eligible for winning the drawing, and the holder of the ticket may enter the "Grand Prize Drawing" or other drawings once the holder accumulates five (5) non-winning tickets;

(d) The holder of the five (5) non-winning tickets must complete the information form on the back of at least one (1) ticket in a legible manner and sign all five (5) tickets. Unsigned tickets shall not be considered valid entries in any drawing conducted by the lottery;

(e) The holder of the tickets must obtain an official entry envelope entitled "Grand Prize Draw" or "Kansas Lottery Entry Label" from any Kansas lottery retailer; and

(f) Place the five (5) tickets into the envelope or a 3⁵/₈ by 6¹/₂ inch envelope with an official Kansas Lottery Entry Label affixed and mail them to the address printed on the envelope or label.

(g) There is no limit on the number of entries a person may make.

(h) All non-winning valid instant game lottery tickets must be received at lottery headquarters by 5:00 p.m., December 4, 1989 to be eligible for entry into the "1989 Year-end Grand Prize Drawing." (Authorized by and implementing K.S.A. 1988 Supp. 74-8710; effective T-89-4, Jan. 21, 1988; amended T-111-7-7-88; amended T-111-8-3-88, Aug. 3, 1988; amended T-111-4-13-89, April 7, 1989; amended T-111-6-30-89, June 30, 1989.)

111-3-22. Weekly Selection of Participants. The following process shall be used for the selection of participants in the weekly "Grand Prize Draw" and other draws:

(a) Kansas Lottery mail room personnel shall pick up all mail trays containing "Grand Prize Draw" envelopes at the Topeka United States Post Office on a daily basis.

(b) The mail room and security personnel shall transport the mail trays to a secure area where they will be held until the time designated by the executive director for the selection of participants in the "Grand Prize Draw" and other draws.

(c) The selection process shall be held weekly. All draws shall be held in a place accessible to the public and be open for public attendance and with lottery security personnel present. All draws shall be video taped.

(d) An individual designated by the executive director shall pick at random two (2) sealed envelopes from each tray using the bare-arm technique. Should the designated individual draw an envelope with tickets belonging to that designated individual, the envelope shall be disqualified.

(e) The designated individual shall place the envelopes in a drum.

(f) Once the individual has selected two (2) envelopes from each tray, the drum shall be sealed and the contents mixed by shaking or rotating.

(g) The designated individual shall then unseal the drum, and using the bare-arm technique, remove one (1) "Grand Prize Draw" envelope from the drum.

(h) The designated Kansas Lottery security official shall unseal the "Grand Prize Draw" envelope removed from the drum and review the tickets inside to determine if they are eligible for the "Grand Prize Draw" and other draws in accordance with this regulation.

(continued)

(i) If the tickets contained in the envelope are determined to be ineligible, the envelope removed shall be discarded, the drum resealed, and another envelope removed. This procedure will be repeated until all valid selections are obtained from the drum.

(j) Each valid entry, as it is obtained, shall be clearly marked in a permanent manner with a number. The number one (1) shall be placed on the first valid entry, the number two on the second valid entry, and so on until all valid entries are marked.

(k) As long as there is a "Grand Prize Draw" the first entry drawn shall be entered into the "Grand Prize Draw." The next six entries drawn shall be entered into the televised draw show unless direct entries pursuant to individual game rules have been validated and received by the Kansas lottery headquarters by 5:00 p.m. Wednesday, July 12, 1989, the day preceding the July 13, 1989, final weekly selection of participants, in which case a minimum of four entries will be drawn and entered onto the televised draw show. Direct entrants shall be scheduled on the soonest available remaining draw show in the order that direct entry claim forms are received by the Kansas lottery headquarters. The final televised draw show will be broadcast on Saturday, July 22, 1989. Thereafter, the next six entries drawn shall be partners for televised draw show participants. The identities of the last six participants drawn will be disclosed on the appropriate draw show. This procedure will remain in effect through July 13, 1989. Starting July 18, 1989, only one valid entry will be selected during the weekly "Grand Prize Draw." The individual whose envelope is selected shall receive one thousand dollars (\$1,000) upon receipt of the necessary claim form by the Lottery. The individual will also be entered in the "1989 Year-end Grand Prize Drawing" at a date to be determined following the end of Game 12. The winner, drawn from entries into the "1989 Year-end Grand Prize Drawing," will receive five thousand dollars (\$5,000).

(l) All "Grand Prize Draw" envelopes remaining in the drum and the mail trays after valid entries have been selected shall be destroyed.

(m) The valid entry envelopes shall be certified and secured in accordance with K.A.R. 111-3-21.

(n) Participants in the draw show need not claim prizes awarded on the draw show within the 180-day period during which their winning tickets are valid. (Authorized by and implementing K.S.A. 1988 Supp. 74-8710(b); effective T-89-4, Jan. 21, 1988; amended T-89-25, May 24, 1988; amended T-111-7-7-88, July 5, 1988; amended T-111-4-13-89, April 7, 1989; amended T-111-6-30-89, June 30, 1989.)

Article 4.—INDIVIDUAL GAME RULES

111-4-66. Televised Draw Show. (a) The Kansas Lottery shall conduct a televised draw show commencing January 23, 1988, and continuing until July 22, 1989. The time and place of the draw show shall be determined by the executive director.

(b) In the event that televised broadcast of the draw show is impossible due to unforeseen difficulties, the show itself will be conducted at the time and location scheduled for the show if possible, or at a time and location deter-

mined by the executive director, but it will not be televised. (Authorized by and implementing K.S.A. 1987 Supp. 74-8710(a) as amended by L. 1988, Ch. 366, § 23; effective T-89-4, January 21, 1988; amended T-111-1-12-89, Jan. 11, 1989; amended T-111-4-13-89, April 7, 1989; amended T-111-6-30-89, June 30, 1989.)

111-4-137. Direct Entry onto Televised Draw Show. (a) A player whose instant ticket reveals three matching T.V. symbols after the latex covering the play area has been removed, shall receive direct entry as a contestant on the televised draw show.

(b) Scheduling of direct entry contestants onto the televised draw show shall be done in accordance with K.A.R. 111-3-22 as amended and may or may not result in entry onto the scheduled draw show immediately following the validation of the winning ticket. (Authorized by K.S.A. 1988 Supp. 74-8710(b)&(c); implementing K.S.A. 1988 Supp. 74-8710(b)&(c) and 74-8720; effective T-111-4-13-89, April 7, 1989; amended T-111-6-30-89, June 30, 1989.)

RULES FOR INSTANT GAME NO. 13 "BLACK JACK"

111-4-177. Name of Game. The Kansas Lottery shall conduct an instant winner lottery game entitled "Black Jack" commencing on July 13, 1989. The specific rules for the "Black Jack" are contained in K.A.R. 111-3-1 *et seq.* and 111-4-177 through 111-4-180. (Authorized by and implementing K.S.A. 1988 Supp. 74-8710; effective T-111-6-28-89, June 28, 1989.)

111-4-178. Definitions. The following definitions shall apply to the "Black Jack" instant lottery game:

(a) "Play symbols" are the numbers, letters, symbols, or pictures printed in the play area of each instant game ticket and which determine if the ticket bearer is entitled to a prize. In this instant game, the play symbols are printed in black ink in 1 pt. Archer. A play symbol appears in each of six play spots within the play area. Each play symbol for this instant game is one of the following: 12 - 13 - 14 - 15 - 16 - 17 - 18 - 19 - 20 - 21.

(b) "Play symbol captions" are the words or portions of words printed beneath each play symbol in the play area and are used to repeat or explain the play symbol. The play symbol caption associated with each play symbol is as follows:

Play Symbol	Play Symbol Caption
FREE	TICKET
12	TWLVE
13	THRTN
14	FORTN
15	FIFTN
16	SIXTN
17	SVNTN
18	EIGTN
19	NINTN
20	TWNTY
21	TW-1
100	ONE-HUN
2100	21-HUN

(c) "Ticket validation number" means a unique number appearing on each ticket which is used to validate winning tickets. For this instant game, the ticket validation num-

ber is a 10-digit number which appears under the "Void If Removed" spot on the bottom right center portion of the front of each instant ticket.

(d) "Book-ticket number" means the unique number appearing on each ticket which includes the number of the book from which it was removed and the serially assigned number of the ticket within that book. For this instant game, the book-ticket number is an 8-digit book number followed by a dash and then a 3-digit ticket number. The ticket numbers in each book start with 000 and end with 299. The book-ticket number is printed in black ink on the bottom right portion of the front of each instant game ticket.

(e) "Retailer validation code" means the small letters found under removable covering in the play area of each instant game ticket. The retailer uses this code to verify and validate winners which are to be paid by the retailer. In this instant game, the retailer validation code is a two letter code printed and appearing in two of five varying locations among the play symbols. The codes and their meanings are as follows: AA = FREE TICKET; CC = \$1.00; EE = \$3.00; JJ = \$4.00; HH = \$6.00; MM = \$7.00; PP = \$9.00; SS = \$21.00. (Authorized by and implementing K.S.A. 1988 Supp. 74-8710; effective T-111-6-28-89, June 28, 1989.)

111-4-179. Determination of Instant Prize Winners. An instant prize winner is determined for this instant game when the player removes or "scratches off" the removable layer of material covering the play area to reveal the six play symbols and captions. Each ticket contains 3 separate color coded "games" marked "Game 1," "Game 2" and "Game 3." Each "game" has a separate prize box. Totals in one "game" relate to that "game" only and not to either of the other two "games." If the number in the play area under "Your Hand" is greater than the number in the play area under "Dealers Hand," for that specific game the player wins the prize shown in the appropriate prize box. (Authorized by K.S.A. 1988 Supp. 74-8710(b), (c) & (i); implementing K.S.A. 1988 Supp. 74-8710(b), (c) & (i) and 74-8720 (b) & (d); effective T-111-6-28-89, June 28, 1989.)

111-4-180. Number and Value of Instant Prizes. (a) There will be approximately 5,100,000 tickets ordered for this instant game. The expected number and value of the instant prizes are as follows:

Prizes	Expected Number of Prizes in Game	Expected Value in Game
\$ FREE	595,000	\$ 0
1.00	357,000	357,000
3.00	68,000	204,000
4.00 (1+3)	34,000	136,000
6.00	34,000	204,000
7.00 (1+6)	17,000	119,000
9.00	17,000	153,000

Fees for examining or testing crops not listed shall be charged at same rate as for similar species listed.

(b) Special services and tests. Mixtures shall be charged at 50% over normal rate of purity separations, plus an additional 50% of the normal germination charge for each additional crop specie germinated.

(1) "Purity ahead" on written report. A charge of \$5.00 shall be made for each purity report that is prepared and mailed prior to germination report.

(2) "Purity ahead" or any other information requested by telephone. A charge of \$1.00 shall be made for each long distance telephone call via the Kans-a-n system.*

(3) "Tetrazolium test." "Tetrazolium tests" (TZ tests) shall be handled as a rush service whenever possible. TZ testing shall be limited to small grains, corn, soybeans, sorghums, brome grass, fescues and switch-grass. The charge shall be \$10.00. All results of TZ tests will be reported by telephone free of charge.

(4) "Soybean stress test." The charge for AA-stress test will be \$5.00 if submitted separately, or \$9.00 for both an AA test and a standard germination performed on the same sample concurrently.

(5) "All states noxious weed examination." The charge for this test shall be \$5.00 extra per sample.

(6) "Any state noxious weed examination." The charge for this test shall be \$5.00 extra per sample.

(7) "Excessive time." No additional charge will be made for difficult samples when the seed appears to be fit for seeding purposes or when the seed can be processed to a salable quality.

(8) "Caryopsis count Buffalo grass." The charge for this test shall be \$10.00 extra per sample.

(9) "Filled seed count." The charge for this test shall be \$5.00 extra per sample.

(10) "Rush charge." The charge for this service shall be \$5.00 extra per sample. This charge shall apply to all tests for which expedited service is requested.

(c) This regulation shall be in force and effect on and after July 1, 1989. (Authorized and implementing K.S.A. 2-1425 as amended by 1989 HB 2133; effective T-4-7-5-89, July 5, 1989.)

BOARD OF AGRICULTURE
DIVISION OF WATER RESOURCES

PERMANENT ADMINISTRATIVE
REGULATIONS

Article 23.—SOUTHWEST KANSAS
GROUNDWATER MANAGEMENT
DISTRICT NO. 3

5-23-3. Well spacing requirements. (a) All well locations described in applications for a permit to appropriate water for beneficial use, other than domestic, which propose the diversion or withdrawal of water from the unconsolidated aquifer, commonly described as the Ogallala aquifer, or an alluvial aquifer, or both, shall be placed so that spacing between that well and all other non-domestic wells meets the following well spacing requirements:

Acre feet requested annually	Spacing Requirement
6-200	1300 feet
201-300	1600 feet
301-400	1900 feet
401-500	2100 feet
501-or more	2300 feet

Wells for which an annual diversion of five acre feet or less is requested shall be spaced a sufficient distance to prevent direct impairment.

(b) All well locations described in applications for a permit to appropriate water for beneficial use, other than domestic, which propose the diversion or withdrawal of water from a consolidated bedrock aquifer shall be located in an area in which there is a distinct impermeable separation between the consolidated aquifer and the overlying unconsolidated aquifer, and shall meet the following well spacing requirements from all other nondomestic wells:

(1) The minimum spacing between consolidated wells approved for more than 100 acre feet per year shall be two miles. For wells approved for 25 through 100 acre feet per year, the spacing shall be one mile, and for wells approved for less than 25 acre feet per year, the spacing shall be 2,300 feet.

(2) The minimum spacing between a well tapping a consolidated aquifer and a well tapping an unconsolidated aquifer shall be 300 feet.

(3) The minimum spacing between a consolidated aquifer well approved for more than 100 acre feet per year and the nearest known point of hydraulic contact with an unconsolidated aquifer shall be five miles. For wells approved for 25 through 100 acre feet per year, the spacing shall be two miles and for wells approved for less than 25 acre feet per year, there shall be no spacing requirement.

In addition to the spacing requirements, all consolidated aquifer wells that also penetrate an unconsolidated aquifer shall be sealed off between the consolidated and the unconsolidated aquifer in such a manner as to prevent migration of water between the aquifers.

(c) The location of a well or wells on an application for approval to change the point of diversion under an existing

water right shall be no more than 1,320 feet from the originally authorized point of diversion and shall:

(1) Not decrease the distance to other wells or authorized well locations by more than 300 feet; or

(2) Meet the minimum well spacing requirements as adopted by the board. However, any application for approval to change the point of diversion under an approved application for which the original well has not been drilled shall not be approved if the location of the proposed point of diversion decreases the distance from the approved location to any other existing wells to less than the spacing requirement for new applications. Exceptions to this regulation may be granted on an individual basis by recommendation of the board in conjunction with the chief engineer. The board may require the applicant to submit information as it deems necessary to make the determination. (Authorized by K.S.A. 82a-1028(o); implementing K.S.A. 82a-1028(n); effective May 1, 1981; amended May 1, 1985; amended Aug. 28, 1989.)

5-23-4. Aquifer depletion. (a) The approval of all applications for a permit to appropriate water for beneficial use from the unconsolidated aquifer, commonly described as the Ogallala aquifer, except those for domestic use and those requesting less than five acre-feet per calendar year, and the approval of all applications for a change in the point of diversion if the diversion works have not been completed under the original approved application, shall be subject to the following criteria.

(1) The proposed appropriation, when added to the vested rights, prior appropriation rights and earlier priority applications shall not exceed a calculated rate of depletion of more than 40 percent in 25 years of the saturated thickness underlying the area included within a two mile radius (approximately 8,042 acres) of the proposed well.

(2) For the purpose of analysis, all vested rights, certificates, permits, and prior unapproved applications shall be considered to be fully exercised and all limitation clauses listed on permits to appropriate water and certificates shall be considered to be in force.

(3) In the case of an application for change in the point of diversion, referred to above, all applications with a priority earlier than the priority established by the filing of the application for change shall be included in the analysis.

(4) The allowable annual appropriation shall be calculated using the following formula:

$$Q = \frac{0.40 (AMS)}{25} + \frac{AR}{12}$$

Q = allowable annual appropriation, acre-feet per year

A = area of consideration, acres

M = average saturated thickness, feet

S = storage coefficient (specific yield)

R = average annual recharge and return flow from irrigation inches per year

(5) The average saturated thickness of the 8,042 acre area shall be determined from maps developed by the United States geological survey, the Kansas geological survey, or other reliable information.

(6) (A) The average saturated thickness of the two mile radius circle for a well proposed to be located in the west 1/2 of townships 33, 34 and 35 south, range 28 west; the east 1/2 of township 33 south, range 29 west; all of town-

ships 34 and 35 south, ranges 29 and 30 west in Meade County, Kansas; and all of townships 34 and 35 south, range 31 and 32 west and the east 1/2 of townships 34 and 35 south, range 33 west in Seward County, Kansas, shall be limited to that portion of the saturated thickness containing less than 250 milligrams per liter of chlorides.

(B) Each application within this area shall include a driller's log, an electric log, and an analysis of a water sample taken from the bottom 20 feet of saturated thickness of the Ogallala aquifer. If such sample contains concentrations of chlorides of more than 250 milligrams per liter, additional samples of water shall be taken from selected depths which shall be sufficient to determine the location of water containing more than 250 milligrams per liter chlorides. Wells drilled in this area shall be constructed so they do not penetrate into that portion of the aquifer containing concentrations of chlorides of more than 250 milligrams per liter.

(7) The storage coefficient used shall be 15 percent. A value of one inch per year shall be used for recharge and return flow from irrigation.

(8) If part of the radial area is outside the district boundary, it shall be excluded from the depletion analysis. Only that portion lying within the boundary of the district shall be a part of the evaluation.

(9) If wells authorized under a vested right, a certified water right or a permit to appropriate water are divided by the circumference of the radial area, the authorized quantity of water shall be assigned to each well. If specific quantities are not authorized for each well, a proportional amount shall be assigned to each well.

(b) Exceptions to this regulation may be granted on an individual basis by recommendation by the board in conjunction with the approval of the chief engineer. The board may require the applicant to submit information necessary in order to make the determination. (Authorized by K.S.A. 82a-1028(o); implementing K.S.A. 82a-1028(n); effective May 1, 1981; amended May 1, 1986; amended Aug. 28, 1989.)

5-23-9. (Authorized by K.S.A. 1980 Supp. 82a-1028(o); implementing K.S.A. 1980 Supp. 82a-1028(n); effective May 1, 1981; revoked Aug. 28, 1989.)

State of Kansas

STATE FIRE MARSHAL

PERMANENT ADMINISTRATIVE
REGULATIONSArticle 1.—KANSAS FIRE
PREVENTION CODE

22-1-1. Kansas fire prevention code. (a) When a municipality adopts one of the nationally recognized fire codes or the fire protection segment of a nationally-recognized building code and modifies a section of that code, a summary of such modifications shall be submitted to the state fire marshal office. Such modifications shall be reviewed and approved or rejected by the state fire marshal. The municipality shall be notified of the action within 30 days from receipt of the summary.

(b) Any building code package adopted by a municipality shall reference the 1987 edition.

(c) Any alternate method of fire protection which has been approved by a local board of appeals as a substitute for strict compliance with code requirements shall be deemed to be in compliance with the Kansas fire prevention code.

(d) Any question arising as to whether another state statute or an enactment of a municipality is inconsistent with the provisions of the fire prevention code shall be resolved by the state fire marshal after a hearing with all interested parties. Any decisions of the state fire marshal made under authority of this subsection shall be appealable in accordance with the provisions of K.S.A. 31-142. (Authorized by and implementing K.S.A. 31-133; effective May 1, 1981; amended May 1, 1985; amended Aug. 28, 1989.)

22-1-2. Compliance with certain building codes. If a building conforms to one of the following updated editions of nationally recognized building codes, it shall be deemed to comply with the Kansas fire prevention code pursuant to K.S.A. 31-134a:

(a) the 1988 edition of the uniform building code;

(b) the 1987 edition of the Building Officials and Code Administrations (B.O.C.A.) basic building code; or

(c) the 1988 edition of the standard building code also known as the southern standard building code. (Authorized by and implementing K.S.A. 31-134a; effective May 1, 1985; amended Aug. 28, 1989.)

Article 3.—LIFE SAFETY CODE

22-3-1. Life safety code. (a) National fire protection association pamphlet no. 101, chapters 1 through 32, including all appendices, 1988 edition, is hereby adopted by reference, except chapter 22, sections 10-7.1.1.1 and 11-7.1.1.1 and the first sentences of section 11-8.1.1.1 and 11-9.1.1.1.

(b) Upon application by a person aggrieved by the requirements of this regulation, the state fire marshal may grant a variance from these requirements or allow additional time for the person to comply with the requirements. The requested variance shall be granted only if, after an opportunity to investigate, the state fire marshal finds that the condition, structure, or activity in noncom-

pliance does not pose an immediate life safety hazard. The finding by the state fire marshal shall be made in writing to the applicant. (Authorized by and implementing K.S.A. 1984 Supp. 31-133; effective May 1, 1980; amended May 1, 1982; amended May 1, 1985; amended May 1, 1986; amended Aug. 28, 1989.)

22-3-2. Mobile home installations, sites and communities. (a) National fire protection association pamphlet no. 501A, chapters 1 through 5, including appendices a, b, c and d, 1987 edition, is hereby adopted by reference.

(b) Each person who installs mobile homes shall comply with the requirements set forth in the pamphlet referred to in (a) of this regulation.

(c) Upon application by a person aggrieved by the requirements of this regulation, a variance from the requirements may be granted or additional time allowed for the person to comply with such requirements, if, after an opportunity to investigate, pursuant to K.S.A. 31-139, the state fire marshal finds that the condition, structure or activity in noncompliance poses no immediate life safety hazard. The finding shall be made in writing within seven days of said investigation to the applicant. (Authorized by and implementing K.S.A. 31-133; effective Aug. 28, 1989.)

Article 5.—FIRE REPORTING
REQUIREMENTS

22-5-6. Reporting of burn wounds. Hospitals which treat burn patients and doctors or other health care providers who treat burn patients at any location other than a hospital shall report all second- and third-degree burn wounds involving 20% or more of the victim's body and requiring hospitalization of the victim to the state fire marshal on forms provided by the state fire marshal. Each report shall be mailed no later than the Monday following the date of the first treatment of any wound. (Authorized by and implementing L. 1988, Ch. 127, Sec. 1(7); effective Aug. 28, 1989.)

Article 6.—FIREWORKS

22-6-17. Manufacture, transportation and storage of fireworks. (a) National fire protection association pamphlet no. 1124, chapters 1 through 6, including appendices a, b and c, 1988 edition, is hereby adopted by reference.

(b) Each person who manufactures, transports or stores fireworks shall comply with the requirements set forth in the pamphlet referred to in (a) of this regulation.

(c) Upon application by a person aggrieved by the requirements of this regulation, the state fire marshal may grant a variance from the requirements or allow additional time for the person to comply with such requirements, if, after an opportunity to investigate, pursuant to K.S.A. 31-139, the state fire marshal finds that the condition, structure or activity in noncompliance poses no immediate life safety hazard. The finding shall be made in writing within seven days to the applicant. (Authorized by and implementing K.S.A. 31-133; effective Aug. 28, 1989.)

Article 8.—LIQUEFIED PETROLEUM CASES

22-8-1. Liquefied petroleum gases. (a) National fire protection association pamphlet no. 58, chapter 1 through 7, including appendices a, b, c, d, e, f, g, and h, 1986 edition, is hereby adopted by reference.

(b) Each person who manufactures, transports or stores liquefied petroleum gases shall comply with the requirements set forth in the pamphlet referred to in (a) of this regulation.

(c) The requirements of pamphlet no. 58 may be modified for a specific facility; if the fire marshal finds that a specific facility would not prevent an immediate life safety hazard, the requirements of pamphlet no. 58 may be modified for that facility, the facility may be completely exempted from the requirements of pamphlet no. 58 or extensions of time for corrections may be allowed by the fire marshal. (Authorized by and implementing K.S.A. 31-133; effective May 1, 1979; amended E-82-28, Dec. 22, 1981; amended May 1, 1984; amended Aug. 28, 1989.)

Article 10.—INSTALLATION AND CERTIFICATION STANDARDS FOR EXTINGUISHING DEVICES

22-10-3. Registration certificate. (a) Each business that services, recharges, installs or inspects portable fire extinguishers or fixed extinguishing systems or hydrostatically tests these cylinders or any combination of them shall obtain a registration certificate issued by the state fire marshal unless otherwise exempted by these regulations. The registration certificate shall indicate the class or classes of acts that are authorized. A certified business is prohibited from providing services under the registration number of another certified business. A certified business shall be allowed to take orders for a class or classes of acts that are not authorized by the registration certificate if these orders are consigned to another business that is certified to perform the necessary class or classes of acts indicated by the order.

(b) The registration certificate shall indicate one or more of the following class or classes:

(1) class RA, which permits servicing, charging, recharging, installing or inspecting fixed extinguishing systems;

(2) class RB, which permits servicing, charging, recharging, installing or inspecting portable fire extinguishers; or

(3) class RC, which permits hydrostatic testing of non-DOT cylinders, including wet chemical or dry chemical containers. Only those acts covered by the class or classes of the certificate can be undertaken by the business holding the certificate.

(c) Each business that desires to obtain a registration certificate shall make a verified, written application to the state fire marshal. The application shall be signed by the sole proprietor, or each partner, or by an officer of the corporation, firm or business. Application forms shall be available on request from the state fire marshal.

(d) For a class RA registration certificate, the following items shall accompany the application:

(1) Proof of insurance providing a minimum of \$300,000

coverage for comprehensive general liability for bodily injury and property damage;

(2) written authorization from each fixed extinguishing system manufacturer whose products are used by the business. This authorization shall include the type or types of systems the business is authorized to install or service. This authorization shall remain valid until the termination of the training certificate issued to the employee upon whose training the certification of the business is based unless cancelled for misconduct; and

(3) an application fee in the amount of \$50. No fee shall be charged for any person who is an officer or employee of the state or any political or taxing subdivision of the state when that person is acting on behalf of the state or political or taxing subdivision.

(e) For a class RB or RC registration certificate, proof of insurance which provides a minimum of \$50,000 coverage for comprehensive general liability for bodily injury and property damage and an application fee in the amount of \$25 shall accompany the application. No fee shall be charged for any person who is an officer or employee of the state or any political or taxing subdivision of the state when that person is acting on behalf of the state or political or taxing subdivisions.

(f) If the state fire marshal finds, after reviewing a business' application, insurance information, record of services, servicing and shop facilities and methods and procedures of operations, that the granting or renewing of a registration certificate would not be contrary to public safety and welfare, a certificate for the appropriate class or classes of registration requested by the business shall be issued or renewed by the state fire marshal. An identifying number shall be assigned by the state fire marshal to each registration certificate.

(g) Each registration certificate issued by the state fire marshal shall be valid for one calendar year. Renewal applications shall be submitted to the state fire marshal by November 30. Each renewal application shall include the same items required in subsections (d) and (e) of this regulation.

(h) Evidence of alteration of a registration certificate shall render the certificate invalid and the altered certificate shall be surrendered to the state fire marshal.

(i) A location or ownership change by a certified business shall be reported to the state fire marshal in writing at least 14 days before the change. Failure to notify the state fire marshal of the change may render the registration certificate invalid. Each location or ownership change shall be verified by the state fire marshal or an authorized deputy.

(j) Each registration certificate issued by the state fire marshal shall be posted on the premises of the certified location and shall be available for inspection during normal business hours by the general public or the state fire marshal or a duly authorized deputy.

(k) A duplicate registration certificate may be issued by the state fire marshal to replace a previously issued registration certificate which has been lost or destroyed. A certified business requesting a duplicate certificate shall submit a written statement attesting to the fact that the registration certificate has been destroyed.

(continued)

(l) A registration certificate shall not constitute authorization for a certified business or any of its employees to enter any property or building. A registration certificate shall not constitute authorization for a holder of a registration certificate or any of the certificate holder's employees to enforce any provisions of these regulations.

(m) Each business performing hydrostatic testing of cylinders manufactured in accordance with the specifications and procedures of the United States department of transportation shall do so in accordance with the procedures specified by that department for compressed gas cylinders and shall have a valid hydrostatic testing certificate issued by the department of transportation. All hydrostatic testing of DOT cylinders after the expiration date of the hydrostatic testing certificate issued by the United States department of transportation shall be prohibited.

(n) Each certified business shall perform the servicing, charging, recharging, installing or inspecting of portable fire extinguishers or fixed extinguishing systems or hydrostatic testing on non-DOT cylinders in accordance with these regulations and the applicable adopted standards pertaining to those acts.

(o) Each certified business installing fixed extinguishing systems shall provide the state fire marshal with written notification of each new installation of a fixed extinguishing system in this state. This notification shall contain:

(1) the name of the business and the location of the installation;

(2) references to the manufacturer's appropriate installation manual and to the section by which the system was installed;

(3) the date of installation;

(4) the name, address and certificate number of the businesses making the installation;

(5) the make and model of the system; and

(6) a rough draft of the piping layout and nozzle placement.

(p) Each new installation of fixed extinguishing systems shall be designed and installed in compliance with the following:

(1) National fire protection association pamphlet no. 17, standards for dry chemical extinguishing systems, 1985 edition, as adopted by reference in K.A.R. 22-10-14;

(2) national fire protection association pamphlet no. 96, standards for the removal of smoke and grease laden vapors from commercial cooking equipment, 1987 edition, as adopted by reference in K.A.R. 22-10-13; and

(3) the appropriate manufacturer's design specifications.

(q) A new installation of a fixed extinguishing system may be permitted in an existing range hood for vapor removal not strictly in compliance with national fire protection association pamphlet no. 96 if the state fire marshal determines that no distinct life safety hazard would result.

(r) The installation of fixed extinguishing systems in self-contained cooking equipment need not comply with national fire protection association pamphlets no. 17 and 96 if designed and installed according to the manufacturer's specifications. (Authorized by and implementing K.S.A. 31-133, 31-133a; effective, E-82-3, Jan. 21, 1981, effective May 1, 1981; amended May 1, 1982; amended, T-83-31, Oct. 25, 1982; amended May 1, 1983; amended Aug. 28, 1989.)

22-10-12. Portable fire extinguishers. National fire protection association pamphlet no. 10, chapters 1 through 6, including appendices a, b, c, d, e, f and g, as amended, 1988 edition is hereby adopted by reference. (Authorized by and implementing K.S.A. 1984 Supp. 31-133, 31-133a; effective, E-82-3, Jan. 21, 1981, effective May 1, 1981; amended May 1, 1982; amended, T-83-31, October 25, 1982; amended May 1, 1983; amended May 1, 1986; amended Aug. 28, 1989.)

22-10-17. Wet chemical extinguishing systems. (a) National fire protection association pamphlet no. 17A, chapters 1 through 4, including appendices a and b 1986 edition, is hereby adopted by reference.

(b) Each person who manufactures, transports or stores wet chemical extinguishing systems shall comply with the requirements set forth in the pamphlet referred to in (a) of this regulation.

(c) Upon application by a person aggrieved by the requirements of this regulation, the state fire marshal may grant a variance from the requirements or allow additional time for the person to comply with such requirements, if, after an opportunity to investigate, pursuant to K.S.A. 31-139, the state fire marshal finds that the condition, structure or activity in noncompliance poses no immediate life safety hazard. The finding shall be made in writing within seven days of said investigation to the applicant. (Authorized by and implementing K.S.A. 31-133; effective Aug. 28, 1989.)

SOCIAL AND REHABILITATION SERVICES

NOTICE OF PROPOSED MEDICAID CHANGE

The State Department of Social and Rehabilitation Services as the state Medicaid agency for Kansas is proposing to adopt a nurse aide training per diem pass through for Medicaid adult care home payment rates.

This subsection explains the methodology for disbursing the \$2,000,000 appropriation in fiscal year 1990 for nurse aide training in intermediate care facilities (ICF), intermediate care facilities for mental health (ICF-MH), intermediate care facilities for the mentally retarded (ICF-MR), and skilled nursing facilities (SNF).

Currently, the Kansas Department of Health and Environment requires 12 hours of in-service nurse aide training annually. The Federal Nursing Home Reform Act, adopted as part of the Omnibus Budget Reconciliation Act of 1987, requires 24 hours of in-service nurse aide training annually. A \$2,000,000 appropriation, approved for fiscal year 1990 (July 1, 1989 to June 30, 1990), was to meet the increased training requirements and to encourage quality training programs.

The per diem pass through methodology was selected for the following reasons:

1. Providers will receive funding as they incur the training expense. The prospective reimbursement system recognizes costs after they have been included in the annual cost report. By using a nurse aide training pass through, not subject to the cost center limits, for services beginning July 1, 1989, the training expenses will be funded as they occur.

2. The funds will be distributed equally on a per patient day basis. The per diem factor of \$.43 was derived by dividing the appropriation by the estimated total billable Medicaid days for a year (\$2,000,000 divided by 4,627,105 Medicaid days = \$.43 per day). Therefore, each provider will receive an additional \$.43 per day for training costs beginning with July 1, 1989, service days. This includes all levels of care, i.e. SNF, ICF, ICF-MH, or ICF-MR.

3. The providers will receive funds in proportion to their Medicaid population. The number of Medicaid residents in each facility will determine the additional reimbursement the provider receives. The facilities with high Medicaid occupancies will have more resident days billed. The agency will be expected to assume a majority of the training expenses in facilities with a higher number of Medicaid residents. Likewise, a facility with a smaller number of Medicaid residents will have a smaller number of billable days and will receive less total reimbursement for training expenses. In these instances, the income from other residents will cover the majority of the expense.

4. There will be a final accounting and retroactive settlement. Each provider will submit a detailed statement of costs incurred for nurse aide training and the total resident days of service from July 1, 1989, through June 30, 1990. Costs may include but are not limited to the aides' wages and benefits while they are in training and the instructors' expenses, contracts with outside institutions, educational materials and supplies and travel expenses. Each cost of \$100 or more shown on the statement

must be supported by originals or copies of invoices, cancelled checks, agreements, or other documents that clearly describe the goods or services purchased and their costs. The total allowable training costs will be divided by the total actual days of service to determine the actual per diem cost. There will be no minimum occupancy requirement in determining the actual cost per day. The variance between actual cost per day and the \$.43 reimbursed to the provider will be multiplied by the total Medicaid days to determine any over/under payment. A settlement will then be recovered from the provider.

The OBRA Nurse Aide Training/Funding form is to be used for provider reporting. These completed statements will be subject to an audit review. The extent of the review will depend on the total amount of the pass through that the home had received. The auditors shall have access to any documentation requested that is needed to verify the accuracy of the information reported. The providers will fill out the in service preparation sheet to document the training sessions, the nurse aides attendance and the expense involved.

The two reporting forms shall be submitted to the agency before September 30, 1990. Filing extensions may be approved for good cause. Failure to submit the forms or accurate information may result in the pass through reimbursement being recouped. A new provider is responsible for obtaining nurse aide training information from the prior provider so that costs and resident days can be documented.

5. The pass through system is time limited. The providers will receive the additional \$.43 for service days from July 1, 1989, through June 30, 1990. The per diem factor will be dropped from the rates effective July 1, 1990.

Copies of these proposed changes with the reporting forms are available for public review in the SRS offices in each county.

Written comments may be sent to the Adult Services Commission, 300 S.W. Oakley, West Hall, Topeka 66606, and will be available for public review at that office.
