Counties and County Officers—Miscellaneous Provisions—Resignations by County Officers; Acceptance and Withdrawal of Resignations. Delton M. Gilliland, Osage County Counselor, Lyndon, January 3, 1990.

A resignation pursuant to K.S.A. 19-2606, to be effective, must be accepted by the governor. A resignation may be prospective, becoming effective, upon acceptance, at a future specified date. Once accepted, a resignation cannot be withdrawn. Based on the facts presented to us, a vacancy in the office of Osage county attorney will occur on January 9, 1990. A quo warranto action is the proper remedy to determine the right or title to a public office and to oust an incumbent who is holding the office unlawfully. Counties and County Officers—General Provisions—Home Rule Powers; Home Rule Alteration of Powers of Civil Service Board. Walter A. Hefner, Chairman, Shawnee County Civil Service Board, Topeka, January 5, 1990.

While generally a county civil service board organized pursuant to K.S.A. 19-4303 *et seq.* has jurisdiction to hear and investigate a grievance or complaint involving an employee of the sheriff's department, jurisdiction may be altered or affected by an agreement entered into by that employee or by a county home rule resolution. Whether jurisdiction over a particular employee or matter has been altered by a contract or a home rule resolution remains a question of fact that should be determined on a case by case basis. State Departments; Public Officers and Employees—Public Officers and Employees; Conflict of Interest—Definitions; Public Officers and Employees Prohibited From Making Certain Contracts; Director of County Community Corrections Program. Representative Sheila Hochhauser, 67th District, Manhattan, January 9, 1990.

A conflict of interest will occur when an individual, acting in his capacity as a public employee, participates in the making of a contract with a business in which the individual has a substantial interest (K.S.A. 75-4304). The director of the Riley County Community Corrections Program is a public employee of Riley County, and must be aware that a conflict of interest could occur if the director acts as a public employee in matters regarding the director's electronic surveillance business. However, because the director is not a public employee of the city of Manhattan, Clay County, Geary County or Marshall County, a conflict of interest will not occur in forming contracts between these entities and the director's electronic surveillance business. Opinion No. 90-5

Elections—Primary Elections—Ballot Access by Nominating Petitions; Signatures Required; Change of Precinct Boundaries. Bill Graves, Secretary of State, Topeka, January 9, 1990.

By statute, a candidate in Kansas can have her or his name placed on the ballot by either filing a nominating petition, or filing a declaration of intention and paying a filing fee. Due to the change in district and precinct boundaries, however, the number of signatures required on nominating petitions cannot be determined. Until the statutory method of calculating the number is changed, the only means of becoming placed on the ballot is by filing fee.

The United States Supreme Court has ruled that, based on the Equal Protection Clause of the Constitution, an indigent candidate cannot be required to pay a filing fee, and that a reasonable alternative means of ballot access must be available. Until current law is amended, the filing fee requirement must be waived for persons unable to pay. Economic Impact Summary: No economic impact on the department, the public, business or other state agencies will occur.

K.A.R. 115-17-1. Commercial harvest of fish, mussels, or amphibians and reptiles; permit requirements, application, authority, reports, general provisions and permit revocation. This proposed permanent regulation incorporates portions of K.A.R. 23-3-16, 23-3-17 and 23-20-1, which are proposed for revocation, and K.A.R. 23-3-18. Changes include reporting frequency, sales records, and a requirement that mussels and amphibians and reptiles can only be sold to licensed dealers. Persons realizing less than \$5 gross income from wildlife sales are not required to have a permit.

Economic Impact Summary: The proposed regulation will require additional record keeping by permittees and more frequent reporting. No significant economic impact is anticipated on the department, the public, business or other state agencies.

K.A.R. 115-17-2. Commercial mussel or amphibian and reptile dealer permit; permit requirements, application, authority, reports, general provisions and permit revocation. This proposed permanent regulation establishes a dealer permit and provides conditions under which a dealer may operate.

Economic Impact Summary: It is estimated that 220 dealer permits will be issued. Those dealers will incur record keeping and report submittal costs. Increased costs may be passed on to those persons purchasing wildlife from dealers. The department will incur some expense for administration and enforcement. No impact is anticipated on other state agencies.

K.A.R. 115-17-3. Commercial harvest of fish, mussels

or amphibians and reptiles; open areas. This proposed permanent regulation includes portions of K.A.R. 23-3-16 and 23-3-17, which are proposed for revocation, and K.A.R. 23-3-18. The areas that have been open are continued in this proposed regulation.

Economic Impact Summary: No economic impact is anticipated on the department, the public, business or other state agencies.

K.A.R. 115-17-4. Commercial harvest of fish, mussels, amphibians and reptiles; legal equipment, taking methods, identification tags, tag fee and general provisions. This proposed permanent regulation includes portions of K.A.R. 23-3-16 and 23-3-17, which are proposed for revocation, and K.A.R. 23-3-18. Changes include minor adjustments in equipment specifications, trap attendance and tagging of equipment. A fee of \$5 is established for each tag issued by the department.

Economic Impact Summary: The tag fee will be a new expense for harvesters and the amount will depend on how much equipment is used by the harvester. The additional cost may be passed on to the persons purchasing wildlife. No impact is anticipated on the department as the \$5 will cover cost of preparation and issuance. No impact on other state agencies is anticipated.

K.A.R. 115-25-17. Commercial harvest of fish, mussels, amphibians and reptiles; legal species, seasons, size restrictions, daily take and possession limits. This proposed exempt regulation includes portions of K.A.R. 23-3-16 and 23-3-17, which are proposed for revocation, and K.A.R. 23-3-18. Changes include prohibiting the take of channel catfish, flatheads, shovel-nosed sturgeon, paddlefish, all salamanders except tiger salamanders, and all turtles except snapping and softshell turtles. Frogs and toads are limited to nine common species. A minimum shell size restriction on mussels and turtles is set. Daily and possession limits are established for all species.

Economic Impact Summary: Removal of catfish as a legal species for commercial fishing will impact three commercial fishermen. It is estimated that each would experience a loss of \$1,380 in potential sales per year. Removal of the box turtle as a legal species will impact five permittees in a combined amount of \$15,000 per year. Other changes are not anticipated to have a significant economic impact on the department, the public, business or other state agencies. Primary department costs will be administration and enforcement, which already occur.

The following regulations are proposed for revocation:

K.A.R. 23-1-12. Turkey; spring open season; bag limit, and permits. This is an exempt regulation that is proposed for revocation. Spring seasons will be established at a later date under a different regulation.

Economic Impact Summary: No economic impact would occur as a result of revocation.

K.A.R. 23-2-7. Deer; firearms management units. Provisions of this permanent regulation are contained in proposed regulation K.A.R. 115-4-6.

Economic Impact Summary: No economic impact would occur as a result of revocation.

K.A.R. 23-2-14. Antelope and deer; season restrictions. Provisions of this permanent regulation are contained in K.A.R. 115-4-3 and 115-4-5. Changes are discussed under the summary statement for those proposed new regulations.

Economic Impact Summary: No economic impact would occur as a result of revocation.

K.A.R. 23-2-15. Elk; season restrictions. Provisions of this permanent regulation are contained in K.A.R. 115-4-7. Changes are discussed under the summary statement for that proposed new regulation.

Economic Impact Summary: No economic impact would occur as a result of revocation.

K.A.R. 23-2-16. Coyotes; season. The provisions of this exempt regulation will be contained in an exempt regulation to be scheduled for a hearing date later this year.

Economic Impact Summary: No economic impact will occur as a result of revocation as the season would be continued under another regulation.

K.A.R. 23-3-16. Commercial fishing. Provisions of this regulation are contained in the proposed new regulations K.A.R. 115-7-1 through 4 and K.A.R. 115-25-17. Changes are discussed under the summary statements for those proposed new regulations.

Economic Impact Summary: No economic impacts are anticipated as a result of revocation.

Economic Impact Summary: No economic impacts are anticipated as a result of revocation.

K.A.R. 23-5-1 through 8. Special surety bonds. The provisions of these regulations are contained in proposed new regulations K.A.R. 115-10-1 through 8.

Economic Impact Summary: No economic impact would occur as a result of revocation.

K.A.R. 23-20-1. Amphibians and reptiles; permit to commercially harvest. Provisions of this regulation are contained in proposed new regulations K.A.R. 115-17-1 and K.A.R. 115-17-2. Changes are discussed under the summary statements for those two regulations.

Economic Impact Summary: No economic impact is anticipated due to revocation.

K.A.R. 33-3-2. Nonpayment of fees and charges. The provisions of this regulation are no longer needed. Penalties for failure to pay are now established by statute.

Economic Impact Summary: No economic impact would occur as a result of revocation.

K.A.R. 33-3-4. Definitions. The term defined by this regulation is now included in K.A.R. 115-1-1, thus the regulation is no longer necessary.

Proposals will be issued upon request to all prospective bidders who have been prequalified by the Kansas Department of Transportation on the basis of financial condition, available construction equipment, and experience. Also, a statement of unearned contracts (Form No. 284) must be filed. There will be no discrimination against anyone because of race, age, religion, color, sex, handicap, or national origin in the award of contracts.

Each bidder shall file a sworn statement executed by or on behalf of the person, firm, association or corporation submitting the bid, certifying that such person, firm, association or corporation has not, either directly or indirectly, entered into any agreement, participated in any collusion, or otherwise taken any action in restraint of free competitive bidding in connection with the submitted bid. This sworn statement shall be in the form of an affidavit executed and sworn to by the bidder before a person who is authorized by the laws of the state to administer oaths. The required form of the affidavit will be provided by the state to each prospective bidder. Failure to submit the sworn statement as part of the bid-approval package will make the bid nonresponsive and not eligible for award consideration.

Plans and specifications for the projects may be examined at the office of the respective county clerk or at the K.D.O.T. district office responsible for the work.

(1) The comprehensive plan shall be amended any time funded programs or administrative activities are being added to or deleted from a comprehensive plan or whenever community corrections grant funds in excess of \$5,000 are being reallocated within or between funded program items in the comprehensive plan.

(2) Each amendment to the comprehensive plan shall be adopted by the corrections advisory board and the board of county commissioners and submitted to the secretary for approval.

(b) Transfers.

(1) A transfer of funds shall be required whenever community corrections grant funds less than \$5,000 are being reallocated within or between funded items in the comprehensive plan. The total amount transferred within or between fund items shall not exceed \$5,000 within that grant year.

(2) Transfers shall be approved by the community corrections administrator, where appointed, or by the corrections advisory board and shall be reported and explained to the secretary on the monthly financial report for the period in which the transfer was made. The county shall be notified by the secretary of approval or disapproval of the application within 60 days after receipt of the request. (Authorized by and implementing K.S.A.

(continued)

1988 Supp. 75-52,103, as amended by L. 1989, ch. 92; effective Feb. 6, 1989; amended March 5, 1990.)

44-11-130. Use of grant funds for real estate acquisition and capital construction. (a) Grant funds may be used to purchase real estate, land, buildings, or for capital construction with the approval of the secretary of corrections. Such approval may be granted only upon receipt and concurrence by the secretary of an amortization schedule covering the costs of purchase or construction, or both. The amortization schedule shall be such that the annual payments shall not exceed the cost of rent or lease payments for comparable space in the same market. If the property should cease to be used for community corrections purposes during the period of amortization, the secretary shall have the option of:

(1) Requiring the county to refund the total amount of community corrections funds expended for purchase or construction, or both, to date including previous years, or;

(2) assuming any remaining indebtedness and acquiring title to the property.

(b) Once the amortization period is completed, if the secretary has not exercised either option described above, title shall rest with the county and the secretary shall relinquish any claim to the property. At no time shall the department of corrections or the state of Kansas be responsible for indebtedness for such transactions except as provided under option (2). (Authorized by K.S.A. 75-5294, 75-5296, as amended by L. 1989, ch. 92; implementing K.S.A. 75-5295, as amended by L. 1989, ch. 92; effective March 5, 1990.)

44-11-131. Use of grant funds for remodeling or renovation. Grant funds may, with the approval of the secretary of corrections, be used to remodel or renovate space for community corrections use. Such space may be rented, leased or owned by the county. Plans detailing the nature and cost of the renovation or remodeling shall be provided to the secretary at the time funds are requested for that purpose. Notification of completion of the renovation or remodeling shall be filed by the program in writing with the secretary. Within 30 days the secretary shall verify completion of the work. If the renovated or remodeled property ceases to be used for community corrections purposes for reasons other than fire, flood or other such occurrences which render the property unusable or continued use financially impractical, within five years of the date the secretary verified completion of the work, the county or counties shall refund the amount expended for remodeling or renovation, or both. Leases that include renovation or remodeling costs must clearly delineate those costs from basic space costs. A copy of the lease shall be provided to the secretary upon execution. (Authorized by and implementing K.S.A. 75-5294, 75-5296, as amended by L. 1989, Ch. 92; effective March 5, 1990.)

44-11-132. Use of grant funds to contract for services. Grant funds may be used to contract for services or to provide services directly. All non-contract employees other than the program director shall be supervised by community corrections personnel. (Authorized by K.S.A. 75-5294, 75-5296, as amended by L. 1989, ch. 92; im-

plementing K.S.A. 75-5295, as amended by L. 1989, ch. 92; effective March 5, 1990.)

Article 5.—EXEMPTIONS

81-5-6. Uniform limited offering exemption. (a) Any transaction involving the offer or sale of securities made in compliance with the federal securities act of 1933, regulation D, rules 230.505 or 230.506 except paragraph (b)(2)(ii), or both, including any offer or sale made exempt by application of Rule 508(a), as made effective in federal securities act of 1933 release nos. 33-6389, 33-6663, 33-6758, and 33-6825, and which satisfies the conditions, limitations, and requirements of this regulation, shall be exempt from the registration provisions of the Kansas securities act.

(1) No commission, finders fee, or other remuneration shall be paid or given, directly or indirectly, for soliciting any prospective purchaser, or in connection with the sale of securities in reliance on this exemption, unless the recipient is appropriately registered in this state as a broker-dealer, agent or investment adviser.

(2) Any exemption under this regulation shall not be available if the issuer, any of its directors, officers, general partners, beneficial owners of 10% or more of any class of its equity securities, any of its promoters currently connected with it in any capacity, or any person, other than a broker-dealer currently registered under K.S.A.

17-1254, who has been or will be paid or given, directly or indirectly, any commission or similar remuneration for solicitation of any prospective purchaser or in connection with sales of securities in reliance on this regulation:

(A) Has filed a registration statement which is subject to a currently effective stop order entered pursuant to any state law within five years prior to the commencement of the offering;

(B) has been convicted, within five years prior to commencement of the offering, of any felony or misdemeanor in connection with the purchase or sale of any security or any felony involving fraud or deceit including, but not limited to, forgery, embezzlement, obtaining money under false pretenses, larceny or conspiracy to defraud;

(C) is currently subject to any state administrative order or judgment entered by a state securities administrator within five years prior to the commencement of the offering or is subject to any state administrative order or judgment in which fraud or deceit was found and the order of judgment was entered within five years prior to the commencement of the offering;

(D) is currently subject to any state administrative order or judgment which prohibits the use of any exemption from registration in connection with the purchase or sale of securities;

(E) is subject to any order, judgment or decree of any court of competent jurisdiction temporarily or preliminarily restraining or enjoining, or is subject to any order, judgment or decree of any court of competent jurisdiction entered within five years prior to the commencement of the offering permanently restraining or enjoining, that person from engaging in or continuing any conduct or practice in connection with the purchase or sale of any security or involving the making of any false filing with any state.

(3) An issuer shall not be disqualified from use of this exemption if the issuer did not know and in the exercise of reasonable care could not have known that a disqualification under paragraph (2) existed.

(4) Paragraphs (2)(A) through (2)(C) above shall not apply if the party or interest subject to the disqualifying order is duly licensed to conduct securities-related business in the state in which the administrative order or judgment was entered against that party or interest.

(5) Any disqualification caused by paragraph (2) shall be automatically waived if the state which created the basis for disqualification determines, upon a showing of good cause, that it is not necessary under the circumstances to deny the exemption.

(6) The issuer shall file with the commissioner a notice on federal SEC Form D 17 CFR 239.500, as made effective by Release No. 33-6663, October 2, 1986, which may be obtained from the commissioner. The notice shall be filed not later than 15 days after the first sale of securities in an offering under this exemption.

(7) Every notice on form D shall be manually signed by a person duly authorized by the issuer.

(8) The notice shall contain an undertaking by the issuer to furnish the commissioner, upon written request, the information furnished by the issuer to offerees.

(9) The availability of this exemption shall not be denied an issuer offering and selling securities in reliance

(continued)

on this regulation and section 3(a)(11) of the federal securities act of 1933, if:

(A) The issuer does not file with the securities and exchange commission a notice pursuant to rule 230.503 of regulation D; and

(B) the issuer files a notice with the commissioner in compliance with paragraph (a)(6) of this rule.

(10) In any sale to a nonaccredited investor the investment shall be suitable or, the issuer and any person acting on its behalf shall have reasonable grounds to believe, and after making reasonable inquiry shall believe, that the investment is suitable for the investor. Suitability shall be based upon the facts disclosed by the investor as to the investor's other security holdings, financial situation and needs. For the limited purpose of this condition only, it may be presumed that if the investment does not exceed 20% of the investor's net worth, excluding a principal residence, its furnishings and personal automobiles, it is suitable.

(11) A failure to comply with a term, condition or requirement of section (a)(1), (6), and (10) of this regulation will not result in loss of the exemption for any offer or sale to a particular individual or entity if the person relying on the exemption shows:

(A) The failure to comply did not pertain to a term, condition or requirement directly intended to protect that particular individual or entity;

(B) the failure to comply was insignificant with respect to the offering as a whole; and

(C) a good faith and reasonable attempt was made to comply with all applicable terms, conditions and requirements of section (a)(1), (6), and (10).

(12) Where an exemption is established only through reliance on section (a)(11) of this regulation the failure to comply shall nonetheless be actionable by the commissioner under K.S.A. 17-1266.

(b) Offers and sales which are exempt under this regulation shall not be combined with offers and sales exempt under any provision of the Kansas securities act or any regulations promulgated thereunder.

(c) In any proceedings involving this regulation, the burden of proving the exemption or an exception from a definition or condition shall be upon the person claiming it.

(d) In view of the objective of this rule and the purposes and policies underlying the Kansas securities act, this exemption shall not be available to any issuer with respect to any transaction which, although in technical compliance with this regulation, is part of a plan or scheme to evade registration or the conditions or limitations explicitly stated in this regulation.

(e) Upon showing of good cause, any of the conditions of paragraph (a)(2) of this exemption may be waived by order of the commissioner.

(f) The issuer shall be required to maintain, for a period of five years, a written record of all information furnished by it to all offerees. (Authorized by K.S.A. 17-1270(f); implementing K.S.A. 17-1262; effective, T-83-40, Nov. 23, 1982; effective May 1, 1983; amended May 1, 1984; amended, T-87-28, Oct. 1, 1986; amended May 1, 1987;

If the University elects to redeem and pay any of the bonds prior to maturity, the University, or the bond registrar acting on behalf of the University, shall give written notice of the intention to redeem and pay the bonds on a specified date, such bonds being described by number, principal amount and maturity, which notice shall be given at least 30 days prior to the redemption date by: (a) United States certified mail addressed to the paying agent and to the registered owner of each bond called, and (b) publication of the notice once in the official newspaper of the state of Kansas. Whenever a bond is called for redemption and payment as aforesaid, interest on that bond shall cease from and after the date for which call is made, providing funds are available for its payment.

Conditions of Bids

Bids for the bonds that specify the rate or rates of interest at which the bidder will pay not less than par and accrued interest for the bonds will be received. The

(continued)

same rate will apply to all bonds of the same maturity. Each interest rate specified will be a multiple of $\frac{1}{8}$ or $\frac{1}{20}$ of 1 percent. The difference between the highest and lowest rates specified in any bid will not exceed $2\frac{1}{2}$ percent. No interest rate will exceed the maximum interest rate allowed by Kansas law, said rate being the index of treasury bonds published in the weekly *Credit Markets* in New York, New York, on May 1, 1989, plus 2 percent. Bids of less than par and accrued interest and bids for less than the entire issue of bonds will not be considered.

As further conditions of the bid: (a) the number and denominations of bonds and names of the registered owners to be shown on the bonds initially delivered must be submitted in writing by the successful bidder to the bond registrar not later than February 28, 1990; (b) at least one week prior to the delivery of the bonds, the successful bidder shall furnish to the University the reoffering prices to the public; and (c) a certificate stating that a substantial amount of the bonds has been sold to the public (excluding bondhouses, brokers or similar persons or organizations acting in the capacity of underwriters or wholesalers) at such reoffering prices must be executed by the successful bidder and furnished to the University at the time of closing.

Bid Form and Good Faith Deposit

Bids will be submitted on the official bid form furnished by the University, and will be addressed as stated above and will be marked "Bond Bid." Each bid will specify the total interest cost to the University and the average annual net interest rate on the basis of such bid. The net interest cost to the University will be determined by subtracting the amount of the premium, if any, from the total interest cost and will be stated as a dollar amount in the bid. The University will be entitled to rely on such dollar amount as stated in the bid as the basis for determining the lowest net interest cost bid. If there is any discrepancy between the net interest cost and the average annual interest rate specified, the specified net interest cost will govern and the rates specified in the bid will be adjusted accordingly.

Each bid must be accompanied by a certified or cashier's check in the amount of \$80,000, made payable to Washburn University of Topeka. In the event a bidder whose bid is accepted fails to carry out the contract to purchase the bonds, said deposit will be forfeited to the University. The checks of unsuccessful bidders will be returned promptly.

Award of Bid

The University reserves the right to reject any and all of the bids and to waive any irregularities. Unless all bids are rejected, the bonds will be awarded to the bidder whose proposal results in the lowest net interest cost to the University.

Delivery of the Bonds

Delivery of the bonds will be made to the successful bidder on or before March 13, 1990, at any bank in the state of Kansas or Kansas City, Missouri, at the expense of the University. Delivery elsewhere will be made at the expense of the purchaser. The purchase price, including accrued interest from the date of the bonds to the date of delivery, will be paid at delivery or the good faith deposit will be forfeited. Payment for the bonds will

be made in Federal Reserve funds or other immediately available funds not later than 11 a.m. local time on the day of delivery. The purchaser will be furnished with a complete transcript of proceedings evidencing the authorization and issuance of the bonds and the usual closing documents, which will include a certificate that there is no litigation pending or threatened at the time of delivery of the bonds affecting their validity.

Approval of Bonds/Tax Exemption

The bonds will be sold subject to the unqualified approving opinion of Cosgrove, Webb & Oman, bond counsel, of Topeka, Kansas, a copy of whose opinion will be printed on the reverse side of each bond. Manually signed originals of the opinion will be furnished without expense to the purchaser of the bonds at the delivery thereof. The cost of the opinion of bond counsel and the expense of printing the bonds will be paid by the University. Bond counsel's legal opinion will contain a statement to the effect that the bonds will constitute general obligations of the University, payable as to both principal and interest from ad valorem taxes that may be levied against all personal, mixed and real property within the city of Topeka, Kansas, that is taxable according to law, which tax shall not exceed in any one year seven mills on the dollar of assessed valuation of such property, to pay the cost of annual operation and the principal and interest of the bonds, and a further tax not to exceed three mills on the dollar of assessed valuation of such property to establish a sinking fund to pay the principal and the interest of the bonds, if necessary, or to construct, reconstruct or equip buildings and for other permanent improvements.

The opinion will state that, assuming continuing compliance by the University with the provisions contained in the bond resolution, the interest on the bonds is, under existing law: (a) excludable from gross income for federal income tax purposes, and (b) not an item of tax preference for purposes of the federal alternative minimum tax imposed on individuals and corporations, provided that for the purpose of computing alternative minimum taxes imposed on corporations, bond interest is taken into account in determining adjusted current earnings. The opinion set forth in clause (a) above is subject to the compliance by the University with all requirements of the Internal Revenue Code of 1986, as amended, which must be satisfied subsequent to the issuance of the bonds in order that interest thereon be excluded from gross income for federal income tax purposes; failure to comply with those requirements could cause the interest on the bonds to be included in federal gross income retroactive to the date of issuance of the bonds. The University has covenanted or will covenant to comply with all such requirements. The opinion will state that the bonds are exempt from intangible personal property taxes levied by Kansas counties, cities and townships, and the interest on the bonds is excluded from the computation of Kansas adjusted gross income. No opinion concerning tax consequences other than stated above will be given.

Related Federal Tax Matters

Prospective bond purchasers are advised that: (a) except as stated above, Section 265 of the code denies a deduction for interest on indebtedness incurred or continued to purchase or hold the bonds; (b) with respect to insur-

ance companies subject to the tax imposed by Section 831 of the code; Section 832 of the code reduces the deduction for loss reserves by a percentage of the sum of certain items, which include interest on the bonds; (c) for taxable years beginning before January 1, 1992, interest on the bonds earned by some corporations might be subject to the environmental tax imposed by Section 59A of the code; (d) interest on the bonds earned by certain foreign corporations doing business in the United States could be subject to the tax imposed by Section 884 of the code; (3) passive investment income, including interest on the bonds, may be subject to federal income taxation under Section 1375 of the code for Subchapter S corporations that have Subchapter C earnings and profits if greater than 25 percent of the gross receipts of the Subchapter S corporation is passive investment income; and (f) Section 86 of the Code requires recipients of certain Social Security and Railroad Retirement benefits to take receipts or accruals of interest on the bonds into account in determining gross income. Bondholders should consult their tax advisors with respect to the above.

The University will designate the bonds as "qualified tax-exempt obligations" within the meaning of Section 265(b)(3) of the code.

Assessed Valuation and Bonded Indebtedness

The assessed valuation of taxable tangible property within the taxing district of the University for the year 1989 is as follows:

Assessed Valuation of Taxable Tangible Property	\$587,304,408
Taxable Value of Motor Vehicles	\$ 84,262,165
Equalized Assessed Tangible Valuation for	
Computation of Bonded Debt Limitations	\$671,566,573

The total outstanding general obligation bonded indebtedness of the University upon the issuance of and including the bonds described herein will be \$5,070,000.

CUSIP Identification Numbers

CUSIP identification numbers will be printed on the bonds. All expenses in relation to printing of CUSIP numbers on the bonds and the expenses charged by the CUSIP Service Bureau for the assignment of said numbers shall be the responsibility of and shall be paid for by the University.

Preliminary Official Statement and Official Statement

The University has prepared a preliminary official statement, copies of which may be obtained from the University's financial advisor. Upon the sale of the bonds, the University will furnish the successful bidder with a reasonable number of copies of the final official statement without additional cost, upon request.

Legal Opinion

Hinkle, Eberhart & Elkouri, Wichita, Kansas. (Reference is made to the official notice of bond sale and the city's official statement for the bonds.)

Security

The bonds and the interest thereon constitute general obligations of the city, and the full faith, credit and resources of the city will be pledged to the payment thereof. The city will be obligated to levy special assessment taxes in certain authorized amounts upon certain properties and ad valorem taxes without limitation as to rate or amount upon all of the taxable tangible property within the territorial limits of the city for the purpose of paying the bonds and the interest thereon.

Ratings

The city's outstanding general obligation bonds issued since 1975 have been rated "Aa" by Moody's Investors Service, Inc. and "AA" by Standard & Poor's Corporation. The city has applied to both of said rating services for ratings on the bonds described herein.

Financial Matters

The city's assessed valuation for the year 1989 is as follows:

Assessed Valuation of Taxable	
Tangible Property	\$1,424,612,690
Taxable Value of Motor Vehicles	227,980,375
Equalized Assessed Tangible Valuation for	
Computation of Bonded Debt	
Limitations	\$1,652,593,065

The total outstanding general obligation bonded indebtedness of the city, upon the issuance of and including the bonds described herein and the pending issue of the city's temporary notes hereinafter mentioned, will be \$288,550,025. This amount does not include the city's currently outstanding temporary notes, which will be redeemed and paid upon the issuance of the bonds either from the proceeds thereof together with special assessments that have been collected in cash and other available funds, or that will be renewed and refunded from a portion of the proceeds of the hereinafter mentioned pending issue of temporary notes.

The city expects to sell on or about the same date as the bonds described herein \$10,000,000 principal amount of its temporary notes for the purpose of temporarily financing new internal improvements and for renewing and refunding outstanding temporary indebtedness.

Doniphan County, Kansas

Doniphan County, Kansas, will receive sealed bids at Doniphan County Courthouse, Troy, until 10 a.m. C.D.T. No oral or auction bids will be considered by the governing body.

Terms of the Bonds

The bonds will be dated January 1, 1990, and will mature serially on September 1 in the years and in the amounts set forth below. The bonds will consist of fully registered certificated bonds, each in the denomination of \$5,000 or integral multiples thereof not exceeding the principal amount of bonds maturing in the same year, except one bond that shall be in the denomination of \$4,000. Interest will be payable March 1, 1991, and thereafter semiannually on March 1 and September 1 of each year until their respective maturities.

The principal of the bonds will be payable at the office of the Kansas State Treasurer (the paying agent and bond registrar) to the registered owners thereof upon presentation of the bonds for payment and cancellation. Interest on the bonds will be payable by check or draft of the paying agent to the registered owners appearing on the books maintained by the bond registrar as of the 15th day of the month preceding each interest payment date (the record dates). The fees of the bond registrar for registration and transfer of the bonds will be paid by the county.

The bonds will not be subject to redemption prior to their maturity and will mature serially as follows:

Conditions of Bids

Bids will be received for the bonds bearing such rate or rates of interest as may be specified by the bidder. The same rate will apply to all bonds of the same maturity. Each interest rate specified will be in an even multiple of $\frac{1}{8}$ or $\frac{1}{20}$ of 1 percent. The difference between the highest and lowest rates specified in any bid will not exceed $2\frac{1}{2}$ percent. No interest rate will exceed the maximum interest rate allowed by Kansas law; said rate being the index of treasury bonds published in the weekly *Credit Markets* in New York, New York, on the Monday next preceding the day on which the bonds are sold, plus 2 percent. No bid of less than par and accrued interest

will be considered. Bids for less than the entire issue of bonds will not be considered.

Bid Form and Good Faith Deposit

Bids will be submitted on the official bid form furnished by the county and will be addressed to the county at the Doniphan County Courthouse, Troy, KS 66087, Attention: County Clerk, Wilma Williams, and will be plainly marked "Bond Bid." No changes to said form are authorized; changes or erasures thereon may cause rejection of any bid. Each bid will specify the total interest cost to the county on the basis of such bid and the average annual net interest rate on the basis of such bid. The net interest cost to the county will be determined by subtracting the amount of the premium, if any, from the total interest cost upon all the bonds from their date until their respective maturities and will be stated as a dollar amount in the bid. The county will be entitled to rely on such dollar amount as stated in the bid as the basis of determining the lowest net interest cost. If there is any discrepancy between the said net interest cost and the average annual interest rate specified, the specified net interest cost will govern and the rates specified in the bid will be adjusted accordingly.

All bids must state: (1) the total interest cost of the bid; (2) the premium, if any; (3) the net interest cost of the bid; and (4) the average annual interest rate. All of said information shall be certified by the bidder to be correct, and the county will be entitled to rely on the certification of correctness by the bidder. Each bid must be accompanied by a certified or cashier's check equal to 2 percent of the total amount of the bid and shall be payable to "Treasurer, Doniphan County, Kansas." In the event a bidder whose bid is accepted shall fail to perform under the contract for the purchase of the bonds from the county, said deposit shall be retained by the county as liquidated damages. All checks of unsuccessful bids will be returned promptly.

Award of Bids

The sealed bids for the bonds will be opened publicly and only at the time and place specified in this notice. The county reserves the right to reject any and all of the bids and to waive any irregularities. Unless all bids are rejected, the bonds will be awarded to the bidder whose proposal results in the lowest net interest cost to the county.

Delivery of the Bonds

The bonds, duly printed, executed and registered, will be furnished and paid for by the county. The bonds will be sold subject to the unqualified approving opinion of Jonathan P. Small, Chartered, bond counsel, of Topeka, Kansas, a copy of whose opinion will be printed on the reverse side of each bond. Manually signed originals of the opinion will be furnished without expense to the purchaser of the bonds at the delivery thereof. The cost of this legal opinion and the expense of printing the bonds will be paid by the county. Said legal opinion will contain a statement to the effect that the bonds constitute a general obligation of the county payable as to both principal and interest from ad valorem taxes that may be levied without limitation as to rate or amount upon all of the taxable tangible property within the territorial limits of

the county. The opinion will also address the exclusion from federal income taxation of the interest on the bonds.

The denomination of the bonds and the names, addresses and Social Security or taxpayer identification numbers of the registered owners to be shown on the bonds initially delivered shall be submitted in writing by the successful bidder to the county and bond registrar not later than 5 p.m. C.D.T. on February 6, 1990. In the absence of such information, the county will deliver the bonds in the denomination of each maturity registered in the name of the successful bidder.

The successful bidder shall furnish the county by 5 p.m. C.D.T. on February 6, 1990, a certificate acceptable to the county's bond counsel to the effect that: (1) the successful bidder has made a bona fide public offering of the bonds at the initial reoffering prices, and (2) a substantial amount of the bonds was sold to the public (excluding brokers and other intermediaries) at such initial reoffering prices. Such certificate shall state that: (a) it is made on the best knowledge, information and belief of the successful bidder, and (b) 10 percent or more in par amount of the bonds of each maturity was sold to the public at or below the initial reoffering prices (such amount being sufficient to establish the sale of a "substantial amount" of the bonds).

The purchaser will be furnished with a complete transcript of proceedings evidencing the authorization and issuance of the bonds and the usual closing proofs, which will include a certificate that there is no litigation pending or threatened at the time of delivery of the bonds affecting their validity. Payment for the bonds will be made in immediately available funds. Delivery of the bonds will be made to the successful bidder on or before 30 days from the date of sale at any bank in the state of Kansas or Kansas City, Missouri, at the expense of the county. Delivery elsewhere will be made at the expense of the purchaser. The purchase price, together with any premium and accrued interest from the date of the bonds to the date of delivery, will be paid at delivery or the good faith deposit will be forfeited.

Tax Exemption and Qualified Tax-Exempt Obligations

It is the opinion of bond counsel that provided the county complies at all times with the bond resolution and applicable existing law, the interest on the bonds is: (1) excludable from gross income for federal income tax purposes and (2) is not an item of tax preference for purposes of the federal alternative minimum tax imposed on individuals and corporations. However, such interest with respect to corporations as defined for federal income tax purposes is taken into account in determining adjusted net book income (adjusted current earnings for taxable years ending after December 31, 1989) for the purpose of computing the alternative minimum tax imposed on such corporations. The exclusion identified in the preceding clause (1) is subject to compliance by the county with all requirements of the Internal Revenue Code of 1986, as amended, which must be satisfied subsequent to issuance of the bonds in order for the interest on the bonds to qualify for such exclusion. Failure to comply with certain of such requirements could cause the interest on the bonds to be so included in federal gross income

(continued)

retroactive to the date of issuance of the bonds. The county will covenant to comply with all such requirements. Bond counsel expresses no opinion regarding other federal tax consequences arising with respect to the bonds.

Prospective bidders for the purchase of the bonds should be aware that: (1) Section 265 of the code denies a deduction for interest on indebtedness incurred or continued to purchase or carry the bonds, or, in the case of a financial institution within the meaning of Section 265(b)(5) of the code, that portion of a bondholder's interest expense allocable to the interest on the bonds; (2) with respect to insurance companies subject to the tax imposed by Section 831 of the code, for taxable years beginning after December 31, 1986, Section 832(b)-(5)(B)(i) of the code reduces the deduction for loss reserves by 15 percent of the sum of certain items, including interest on the bonds; (3) for taxable years beginning after December 31, 1986, and prior to January 1, 1992, interest earned on the bonds by some corporations could be subject to the environmental tax imposed by Section 59A of the code; (4) for taxable years beginning after December 31, 1986, the interest earned on the bonds by certain foreign corporations doing business in the United States could be subject to a branch profits tax imposed by Section 884 of the code; (5) passive investment income, including interest on the bonds, may be subject to federal income taxation under Section 1375 of the code for Subchapter S corporations that have Subchapter C earnings and profits at the close of the taxable year if more than 25 percent of the gross receipts of such Subchapter S corporation is passive investment income; and (6) Section 86 of the code requires recipients of certain Social Security and Railroad Retirement benefits to take into account in determining gross income, receipts or accruals of interest on the bonds. These categories of prospective bondowners should consult their own tax advisers as to the applicability of any of these consequences.

The bonds are exempt from intangible personal property taxes levied by Kansas counties, cities and townships. Interest on the bonds is excludable from the computation of Kansas adjusted gross income whether or not included in federal adjusted gross income.

The county will covenant to take such actions as are necessary to designate the bonds as "qualified tax-exempt obligations" within the meaning of Section 265(b)(3) of the code, and, in the case of certain financial institutions within the meaning of Section 265(b)(5) of the code, a deduction is allowed for 80 percent of that portion of such financial institution's interest expense allocable to interest on the bonds.

Purpose

These bonds are being issued pursuant to K.S.A. 1989 Supp. 68-1103 and K.S.A. 1989 Supp. 68-1106 *et seq.*, K.S.A. 68-581 and K.S.A. 68-584, and amendments thereto, for the purpose of financing a portion of the cost of improvements to certain county bridges and primary arterial highways serving the county at large.

The bonds and the interest thereon will constitute general obligations of the county, payable as to both principal and interest from ad valorem taxes that may be levied without limitation as to rate or amount upon all of the taxable tangible property within the territorial limits of the county.

Assessed Valuation and Bonded Indebtedness

The total assessed valuation of the taxable tangible property within the county for the year 1989 for the computation of limits upon bonded indebtedness is \$34,738,476. The total general obligation bonded indebtedness of the county as of this date, including this \$109,000 proposed issue of bonds, is \$388,000. Temporary notes in the principal amount of \$109,000 will be retired out of the proceeds of the bonds and other available funds.
