**Kansas Insurance Department****Notice of Hearing on Proposed  
Administrative Regulations**

A public hearing will be conducted at 10 a.m. Monday, January 24, in the third floor conference room of the Kansas Insurance Department, 420 S.W. 9th, Topeka, to consider the adoption of proposed permanent regulations of the Insurance Department.

Copies of the full text of the regulations and the economic impact statements may be obtained by writing to the Commissioner of Insurance, 420 S.W. 9th, Topeka 66612. The following is a summary of the regulations and the economic impact statements:

**K.A.R. 40-1-22.** This regulation applies to assumption of risk endorsements and the proposed amendments are intended to: (1) clarify that the regulation applies to such endorsements when they become necessary as the result of an assumption of risk agreement; and (2) incorporate the findings of the United States District Court for the District of Kansas in *Security Benefit Life Insurance Company v. Federal Deposit Insurance Corporation*, 804, F. Supp. 217 (D. Kan. 1992).

The amendments to this regulation will, in themselves, have no economic impact on this department,

insurers or the insuring public. However, the emphasis the federal district court decision places on Kansas law relating to novations will have an indeterminable economic impact on insurers and insureds affected by transactions wherein the obligations of one insurer are ceded to another. Generally, any such impact would be unfavorable to the ceding insurer but would not adversely impact the economic interests of insureds.

**K.A.R. 40-3-47.** The proposed amendment to this regulation provides for July 1, 1994, implementation of a loss cost rate filing procedure with respect to rates, rules and forms filed by the National Council on Compensation Insurance.

Prospective loss cost filing requirements prohibit a rating organization from filing rates for member and subscriber insurers that include expense and profit components. Thus, this portion of the rates must be filed individually by insurers based on their own administrative costs and profit and contingency needs. Therefore, theoretically, the extension of this concept to other insurance coverages would have a favorable economic impact on consumers by enhancing pricing competition. The extent to which this will occur with respect to workers compensation is not currently known and probably won't be determinable until the full impact of 1993 Senate Bill No. 307 has been allowed to mature. At that point, it will be difficult to measure the impact of the loss cost rate filing procedure as differentiated from the changes in the workers compensation law itself. In no event, however, should the ultimate economic impact be adverse to consumers.

Insurers will incur additional administrative expenses as a result of having to independently file the expense, profit and contingency portion of the final rate. It is not possible to quantify this additional expense with any degree of precision. However, it is assumed that management techniques have historically provided the kind of information necessary to develop this portion of the rate, so the actual economic impact will be minimal.

The most apparent economic impact will be on the Insurance Department. Instead of reviewing and processing one rate filing applicable to all members and subscribers of a rating organization, a filing will now be submitted by each insurer in addition to the rating organization. However, by phasing in the loss cost filing concept and by the use of data processing to capture and calculate individual company information, this impact will be minimized.

All interested parties may submit written comments prior to the hearing to the Commissioner of Insurance. The period of time between the date of publication of this notice and the public hearing shall constitute a public comment period for the purpose of receiving written public comments on the proposed regulations. All interested parties will be given a reasonable opportunity to present their views orally on the adoption of the proposed regulations during the hearing.

Ron Todd  
Commissioner of Insurance

## Department of Transportation

### Notice to Consulting Engineers

The Kansas Department of Transportation is seeking qualified consultant engineering firms for the following two projects. Responses must be received by January 6 from the consultant engineering firms wishing to be considered. Seven signed copies of responses must be mailed to Al Cathcart, P.E., Project Control Engineer, Office of Engineering Support, Kansas Department of Transportation, 7th Floor, Docking State Office Building, Topeka 66612.

Complete packages of information on the projects and activities will be furnished to consulting engineering firms who are short listed by the KDOT Consultant Selection Committee prior to being interviewed by the KDOT Negotiating Committee.

#### Project No. 1 106 C-3279-01

##### Statewide Bridge Hinge Inspection

Project description: 42 bridge locations statewide. On-site ultrasonic testing of bridge pins in pin and hanger bridge hinges. Ultrasonic inspection equipment must have recording and hard copy print-out capability. Some sites have limited access and most sites require a snopper truck. Inspection teams must be led by a licensed professional engineer with five years experience in bridge inspection. Reports are required for each bridge site and a summary report is necessary for the state. Reports must include inspection form, print-out of ultrasonic inspection screens and recommendations for maintenance and inspection frequency. Inspections will be performed in the summer/fall of 1994.

#### Project No. 2 106 C-3280

##### Statewide Underwater Bridge Inspection

Project description: Approximately 31 bridge locations statewide. Site inspections include surveying of stream cross section at bridge waterway opening, diving inspections of submerged portions of bridges (blackwater conditions), underwater photographs of damage/deterioration (may require clear water box) and individual bridge reports. Inspection teams must be led by a licensed professional engineer with five years of bridge inspection experience. Bridge reports including contour/profile beneath bridge, inspection form, photos above and below water, maintenance/repair recommendations and discussion of findings. Inspections must be performed in the summer of 1994.

From firms expressing interest, the KDOT Consultant Selection Committee will select a list of the most qualified (not less than three, nor more than five) and invite them to attend a preproposal conference. Firms not selected will be notified by letter. The KDOT Negotiating Committee, appointed by the Secretary of Transportation, will conduct discussions with selected firms invited to the preproposal conference and select a firm with which to negotiate a contract. After a final contract has been executed the remaining firms will be notified by letter.

It is the policy of KDOT to use the following criteria as the basis for selection of consultant engineering firms:

1. Size and professional qualifications.
2. Experience of staff.
3. Location of firm with respect to proposed project.
4. Work load of firm.
5. Firm's performance record.

It is not necessary to respond to this request of interest to ensure being considered for future projects.

### Notice of Commencement of Negotiations for Architectural and Engineering Services

Notice is hereby given of the commencement of negotiations for "on-call" architectural and engineering services for the Department of Social and Rehabilitation Services.

There will be three architectural and three engineering firms selected. Each firm will provide services for different SRS institutions as follows:

#### Group I

Larned State Hospital  
Winfield State Hospital and Training Center  
Youth Center at Beloit  
Kansas Vocational Rehabilitation Center/Salina

#### Group II

Topeka State Hospital  
Kansas Neurological Institute/Topeka  
Youth Center at Topeka  
Youth Center at Atchison  
Rehabilitation Center for the Blind/Topeka

#### Group III

Rainbow Mental Health Facility/Kansas City  
Osawatomie State Hospital  
Parsons State Hospital and Training Center  
Chanute Office Building

Interested firms should indicate which group of institutions they are interested in. A firm may indicate interest in any or all of the groups. Interested firms should be capable of assisting agency personnel on miscellaneous small architectural and engineering projects for up to three years.

Any questions or expressions of interest should be directed to Kelly Conway, Division of Architectural Services, 625 Polk, Topeka 66603, (913) 233-9367, on or before January 7.

Public Notice

Changes in payment methods and standards for setting Medicaid nursing facilities (NFs) and NFs-Mental Health (NFs-MH) payment rates for services beginning January 1, 1994, include the following: Each provider will receive 50 percent of the rate they were receiving on December 31, 1993, and 50 percent of the rate under the case mix methodology. Under the case mix methodology, all features of the payment system shall remain with the exception of the health care cost center. The limit in the health care cost center shall be adjusted by the average case mix index for each facility based on the resident assessment and classification. Resident assessments that cannot be classified shall be assigned the lowest case mix index. There shall be a "hold-harmless" provision for each provider who experiences a rate reduction based on the case mix adjustment from January 1 through June 30, 1994. The rate from the previous methodology shall continue if the combination adjusted rate is less.

Limits shall be adjusted quarterly by the average case mix index for each facility. Each provider shall be given a detailed listing of the computation of the rate determined for the provider's facility.

The case mix payment system is in accordance with Kansas Administrative Regulations 30-10-1a, NF program definitions; 30-10-2, standards for participation-NFs and NFs-MH; 30-10-18, rates of reimbursement; and 30-10-19, rate effective dates.

The expected estimated annual aggregate increase in expenditures for state fiscal year 1994 is \$148,000.

Kansas has been involved in the Multi-State Nursing Facility Case Mix and Quality Demonstration Project funded by the United States Department of Health and Human Services. The agency is changing its methods and standards to implement the case mix payment system. The system is designed to determine payment rates for NFs and NFs-MH based on the resident characteristics in the facilities.

Copies of the proposed changes will be made available in the local and area SRS offices. Comments may be sent and reviewed by the public at the offices of Income Support/Medical Programs Commission, Nursing Facility Program, 6th Floor, Docking State Office Building, 915 S.W. Kansas Arts Commission

Notice of Advisory Panel Meetings

Advisory panels of the Kansas Arts Commission will meet in January to evaluate applications submitted by literary artists for the 1994 Kansas Artist Fellowships in Literature.

The panel meetings will be in the conference room in the Kansas Arts Commission offices, Suite 1004, Jayhawk Tower, 700 S.W. Jackson, Topeka. Meetings of the Kansas Arts Commission, a state agency, and of its advisory panels are open to public observation.

The panel for the Fellowship in Play writing will meet from 1 to 4 p.m. Wednesday, January 5.

The panel for the Fellowship in Fiction will meet from 9 a.m. to noon Thursday, January 6.

The panel for the Fellowship in Poetry will meet from 1 to 4 p.m. Thursday, January 6.

Each panel is chaired by a commissioner. Based upon the recommendations of the panels, the commission may decide during its next quarterly business meeting in February to award one fellowship of \$5,000 in each of the three categories.

The application deadline was October 15. Applicants must have been Kansas residents since July 1, 1992, or before, with the intention of remaining in the state through June 30, 1994. The fellowships are intended to recognize sustained achievement and excellence. The 1995 Fellowships will be awarded in the performance arts.

For more information, contact the Kansas Arts Commission, Jayhawk Tower, 700 S.W. Jackson, Suite 1004, Topeka 66603-3758, (913) 296-3335. Persons with special communication needs may use the Kansas Relay Service, 1-800-766-3777.

Funding for the Kansas Artist Fellowships is provided through an appropriation by the 1993 Kansas Legislature of Economic Development Initiative Funds, generated by the Kansas Lottery and other gaming revenues.

## Board of Agriculture

Notice of Hearing on  
Permanent Quarantines

A hearing will be conducted pursuant to the provisions of K.S.A. 2-2117 to determine whether permanent quarantines (internal and external) should be issued prohibiting the importation or movement of and the distribution or spread of the Japanese beetle, *Popillia japonica* Newman, within the state of Kansas. The public hearing will begin at 1:30 p.m. Tuesday, January 25, in the conference room, Plant Health Division, seventh floor, State Board of Agriculture, 901 S. Kansas Ave., Topeka, at which time all interested persons will have an opportunity to be heard regarding the adoption of proposed permanent quarantines (internal and external) concerning the importation or movement of and the distribution or spread of the Japanese beetle, *Popillia japonica* Newman within the state of Kansas. The proposed permanent quarantine will become effective upon issuance.

All interested persons may attend the hearing and will be given the opportunity to express comments either orally or in writing, or both. Interested parties may appear in person or by counsel.

The proposed quarantine would affect the entire state of Kansas and prohibit the importation or movement of and the distribution or spread of the Japanese beetle, *Popillia japonica* Newman, in any living stage of development including but not limited to eggs, larvae, pupae and/or adults.

Written comments and requests for information concerning the proposed quarantine should be directed to Forrest E. St. Aubin, Director, Division of Plant Health, Kansas State Board of Agriculture, 901 S. Kansas Ave., Topeka 66612, at or before the time of hearing. For persons intending to present oral testimony at the hearing, prior notice to the Plant Protection Section, Plant Health Division, (913) 296-2263, fax (913) 296-0673, would be helpful in arranging the agenda. In order to give all parties an opportunity to present their views, it may be necessary to request each participant to limit their oral presentation.

The proposed permanent quarantines regarding Japanese beetle, *Popillia japonica* Newman are set out in full below:

## INTERIOR QUARANTINE

JAPANESE BEETLE, *Popillia japonica* Newman

WHEREAS, it has been determined that the Japanese beetle, *Popillia japonica* Newman, is a plant pest as defined in K.S.A. 2-2113,

WHEREAS, it has been determined that the Japanese beetle has been introduced, detected, and established in Kansas and if not contained will contribute serious loss and damage to the general welfare, environment,

and economy of the state and will inhibit the movement of certain commodities,

**WHEREAS**, a Japanese beetle harmonization plan between the United States and Canada is being developed to harmonize quarantine requirements to assure that pest risks are acceptably managed and to facilitate the orderly movement of nursery stock;

**NOW THEREFORE**, the Secretary of the Kansas State Board of Agriculture, pursuant to authority provided by K.S.A. 2-2117, hereby determines that quarantine action is necessary to prevent the further spread of this plant pest in the State of Kansas. The Secretary does hereby immediately establish a quarantine to prevent the establishment or spread of the Japanese beetle in the state of Kansas. The purpose of this action is to contain the pest while control methods can be developed and implemented to protect the horticulture and agriculture industries, public and private landscapes, and the environment of the State of Kansas. Any movement of the Japanese beetle in any living stage of development contrary to the provisions of this quarantine is hereby prohibited.

#### Definitions:

All terms used within this quarantine shall have the meanings ascribed to them in K.S.A. 2-2113 as amended and supplemented.

#### Regulated Areas:

Properties in Shawnee County, Soldier Township, Section 23, Township 11 South, Range 15 East where reproducing populations of the Japanese beetle are known to exist.

Any other area in the state of Kansas when it is determined that reproducing populations of the Japanese beetle are known to exist.

#### Regulated Articles:

Articles and products, the movement of which shall be controlled and regulated by this quarantine include but are not limited to the following:

1. The Japanese beetle, *Popillia japonica* Newman, in any living stage of development including but not limited to eggs, larvae, pupae and/or adults.
2. Soil, humus, compost, mulch, and manure, separately or with other things which contain the Japanese beetle in any stage, except when commercially processed. Packing material other than soil, added to bare-root plants after harvesting would not normally pose a pest risk. Packing material may be included in item 6 described below. For the purposes of this quarantine, soil is defined as mineral-based growing media.
3. All plants with roots originating in the regulated areas identified by the Kansas exterior Japanese beetle quarantine, except bareroot plants free from soil. For the purposes of this quarantine, free from soil is defined as soil in amounts that could not contain concealed Japanese beetle larvae or pupae.

Containerized plants produced in regulated areas identified by the Kansas exterior Japanese beetle quarantine that are grown in predominantly non-mineral media and kept free of weeds are exempt from this require-

ment provided the state of origin assures the Kansas State Board of Agriculture that Japanese beetle does not exist in the growing media. For the purposes of this quarantine, container grown shall mean that the plants have never been grown in the field. Field grown plants with their roots in a field soil ball and transferred to containers are not exempt unless the state of origin assures the Kansas State Board of Agriculture that the growing practices described in the United States-Canada Japanese Beetle Harmonization Plan are strictly adhered to by the producer to minimize the risk of spread of the Japanese beetle.

4. Grass sod.

5. Bulbs, corms, tubers, and rhizomes except when free of soil.

6. Any other plant, plant product, article, product or thing capable of being a means of conveyance of the Japanese beetle in any living stage when it is determined by a Kansas State Board of Agriculture Plant Protection Officer to present a hazard, either actual or potential, of spreading live Japanese beetle due to infestation or exposure to infestation by Japanese beetle and when the person or persons in possession thereof has been so notified.

#### Conditions of Movement of Regulated Articles:

Regulated articles shall not be moved from the regulated area until all appropriate certificates of treatment and/or origin have been provided by the state of origin and/or property owner.

Pest eradication practices identified by the State Board of Agriculture shall be implemented and continued in the regulated area as long as this quarantine is in effect. These include, but are not limited to, mass trapping and regular timely adult and larval treatments. Larval specimens of *Popillia japonica* Newman shall not be moved from the regulated areas without the written permission of the State Board of Agriculture.

#### Penalty:

Any person who resists or impedes or otherwise hampers the Secretary of the State Board of Agriculture or the Secretary's authorized representative in carrying out the provisions of this quarantine or enforcing this quarantine shall be subject to criminal penalties as provided in the Kansas Plant Pest Act (K.S.A. 2-2112 et seq. as amended and supplemented). Any duly authorized inspector or agent of the Secretary may enlist the aid of any law enforcement official to enforce and carry out the provisions of this quarantine and the provisions of the Kansas Plant Pest Act in relation thereto.

#### Effective Date of Quarantine:

This Order of Quarantine shall become effective upon the date signed by the Secretary of the State Board of Agriculture set forth below and shall remain in effect until rescinded or modified by further order of the secretary. The temporary Internal Quarantine dated November 1, 1993, is rescinded from and after the effective date of this order.

EXTERIOR QUARANTINE

JAPANESE BEETLE, *Popillia japonica* Newman

**WHEREAS**, it has been determined that the Japanese beetle, *Popillia japonica* Newman is a plant pest as defined in K.S.A. 2-2113,

**WHEREAS**, it has been determined that the Japanese beetle has been introduced, detected, and become established in certain states,

**WHEREAS**, if the Japanese beetle becomes established in Kansas, it will threaten the state's agriculture and horticulture industries as well as public and private landscapes. Movement of certain commodities will be restricted and control of the pest with insecticides would likely be necessary thereby adversely affecting the environment, future general welfare, and economy of the state and its citizens,

**WHEREAS**, a Japanese beetle harmonization plan between the United States and Canada is being developed to harmonize quarantine requirements to assure that pest risks are acceptably managed and to facilitate the orderly movement of nursery stock;

**NOW THEREFORE**, the Secretary of the Kansas State Board of Agriculture, pursuant to authority provided by K.S.A. 2-2117, hereby determines that quarantine action is necessary to prevent the introduction and spread of this plant pest into the State of Kansas. The Secretary does hereby establish a quarantine to prevent the introduction and spread of the Japanese beetle into or across the State of Kansas. Any movement of the Japanese beetle into or across the State of Kansas contrary to the provisions of this quarantine is hereby prohibited.

**Definitions:**

All terms used within this quarantine shall have the meanings ascribed to them in K.S.A. 2-2113 as amended and supplemented.

**Regulated Areas:**

1. The counties in the state listed below are hereby considered regulated areas due to the confirmed presence of the Japanese beetle, *Popillia japonica* Newman.

The entire states of Connecticut, Delaware, Georgia, Indiana, Kentucky, Maryland, Massachusetts, New Hampshire, New Jersey, New York, North Carolina, Ohio, Pennsylvania, Rhode Island, South Carolina, Vermont, Virginia, West Virginia, and the District of Columbia.

In the state of Alabama, counties of: Calhoun, Cherokee, Clay, Cleburne, De Kalb, Jackson, Lee, Mad-

ison, Marion, Marshall, Randolph, Tuscaloosa, and Winston.

In the state of Maine, counties of: Androscoggin, Cumberland, Franklin, Hancock, Kennebec, Knox, Lincoln, Oxford, Penobscot, Piscataquis, Sagadahoc, Somerset, Waldo, and York.

In the state of Michigan, counties of: Allegan, Barry, Berrien, Branch, Calhoun, Cass, Hillsdale, Ingham, Jackson, Kalamazoo, Lenawee, Livingston, Macomb, Monroe, Oakland, Ottawa, St. Clair, St. Joseph, Van Buren, Washtenaw, and Wayne.

In the state of Minnesota, counties of: Dakota, Hennepin, and Scott.

In the state of Missouri, counties of: Crawford, Franklin, Gasconade, Jefferson, St. Charles, St. Louis, Warren, and Washington.

In the state of Tennessee, counties of: Anderson, Bledsoe, Blount, Bradley, Campbell, Carter, Claiborne, Clay, Cocke, Cumberland, De Kalb, Fentress, Franklin, Grainger, Greene, Grundy, Hamblen, Hamilton, Hancock, Hawkins, Houston, Jackson, Jefferson, Johnson, Knox, Loudon, McMinn, Macon, Marion, Meigs, Monroe, Morgan, Overton, Pickett, Polk, Putnam, Rhea, Roane, Scott, Sequatchie, Sevier, Smith, Stewart, Sullivan, Unicoi, Union, Van Buren, Warren, Washington, and White.

In the state of Wisconsin, counties of: Dane, Milwaukee, and Sheboygan.

In Canada: In the Province of Ontario: Lincoln, Welland, and Wentworth.

In the Province of Quebec: Missisquoi and St. Jean.

2. Any other county in the United States where the presence of the Japanese beetle, *Popillia japonica* Newman, is confirmed.

**Regulated Articles:**

Articles and products, the movement of which shall be controlled and regulated by this quarantine include but are not limited to the following:

1. The Japanese beetle, *Popillia japonica* Newman, in any living stage of development including but not limited to eggs, larvae, pupae and/or adults.

2. Soil, humus, compost, mulch, and manure, separately or with other things which contain the Japanese

beetle in any living stage, except when commercially processed. Packing material other than soil, added to bareroot plants after harvesting would not normally pose a pest risk. Packing material may be included in item 6 described below. For the purposes of this quarantine, soil is defined as mineral-based growing media.

3. All plants with roots, except bareroot plants free from soil. For the purposes of this quarantine, free from soil is defined as soil in amounts that could not contain concealed Japanese beetle larvae or pupae.

Containerized plants grown in predominantly non-mineral media and kept free of weeds are exempt from this requirement provided the state of origin can assure the Kansas State Board of Agriculture that Japanese beetle does not exist in the growing media. For the purposes of this quarantine, container grown shall mean that the plants have never been grown in the field. Field grown plants with their roots in a field soil ball and transferred to containers are not exempt unless the state of origin can assure the Kansas State Board of Agriculture that the growing practices described in the United States-Canada Japanese Beetle Harmonization Plan are strictly adhered to by the producer to minimize the risk of spread of the Japanese beetle.

4. Grass sod.

5. Bulbs, corms, tubers, and rhizomes except when free of soil.

6. Any other plant, plant product, or thing capable of being a means of conveyance of the Japanese beetle in any living stage when it is determined by a Kansas State Board of Agriculture Plant Protection Officer to present a hazard, either actual or potential, of spreading live Japanese beetle due to infestation or exposure to infestation by Japanese beetle and when the person or persons in possession thereof has been so notified.

#### Conditions of Movement of Regulated Articles:

Regulated articles shall not be allowed into Kansas from any regulated area, except:

1. Certificate of Treatment and/or Growing Practices. All regulated articles may be approved for entry into Kansas when accompanied by a certificate issued by an authorized state agricultural official at origin stating that the article or shipment was treated for Japanese beetle or grown in accordance with methods and procedures outlined in the United States-Canada Japanese Beetle Harmonization Plan. A certificate of treatment shall specify the treatment, treatment date and/or growing practices that minimize the risk of spread of the Japanese beetle. Treatments shall be performed not more than fifteen days prior to shipment. State Plant Regulatory Officials in the quarantined areas shall request approval for treatments not included in the United States-Canada Japanese Beetle Harmonization Plan. These requests will be evaluated on an individual basis.

2. Certificate of Origin. Commercial plant shipments with soil may be shipped from an area under quarantine into Kansas provided such shipments are ac-

companied by a certificate issued by an authorized state agricultural official at origin. Such certificates shall be issued only if the shipment fully conforms with either a, b, or c below.

a. The greenhouse in which the plants were produced was tightly constructed so that regulated articles were protected from subsequent infestation while being grown, stored, packed, and shipped.

b. The plants were not produced in the regulated area, were transported into the regulated area in a closed conveyance or containers, and at all times thereafter were protected from becoming infested with Japanese beetle.

c. States or portions of states listed in the area under quarantine may have counties that are not infested with Japanese beetle. Shipments of regulated articles will be accepted if annual surveys are made in such counties according to the methods described in the United States-Canada Japanese Beetle Harmonization Plan and the survey results are negative for Japanese beetle.

3. Live specimens of *Popillia japonica* Newman may be moved into Kansas only if accompanied by a valid permit allowing such movement.

#### Penalty:

Any person who resists or impedes or otherwise hampers the Secretary of the State Board of Agriculture or the Secretary's authorized representative in carrying out the provisions of this quarantine or enforcing this quarantine shall be subject to criminal penalties as provided in the Kansas Plant Pest Act (K.S.A. 2-2112 et seq. as amended and supplemented). Any duly authorized inspector or agent of the Secretary may enlist the aid of any law enforcement official to enforce and carry out the provisions of this quarantine and the provisions of the Kansas Plant Pest Act in relation thereto.

#### Effective Date of Quarantine:

This Order of Quarantine shall become effective upon the date signed by the Secretary of the State Board of Agriculture set forth below and shall remain in effect until rescinded or modified by further order of the secretary. The temporary External Quarantine dated November 1, 1993, is rescinded from and after the effective date of this order.

Dated and signed this \_\_\_\_\_ day of January, 1994.

## State of Kansas

## Kansas Commission on Governmental Standards and Conduct

## Advisory Opinion No. 93-41

Written December 10, 1993, to Maxey Irwin, Chairman for Joan Wagon, Topeka.

This opinion is in response to your letter of September 8, 1993, in which you request an opinion from the Kansas Commission on Governmental Standards and Conduct concerning the Campaign Finance Act (K.S.A. 25-4119 *et seq.*).

## Factual Statement

We understand you request this opinion in your capacity as chairman for Joan Wagon's campaign for governor. You advise us that the campaign was contacted by an organization named EMILY's List, which is an out-of-state organization that supports selected women's campaigns for public office. This support manifests itself in two primary ways. First, the organization in its newsletter to members will contain biographical data concerning a candidate and endorsements. Second, EMILY's List will solicit contributions from its membership, which it collects and then transfers to the candidate.

We understand EMILY's List contacted the campaign seeking information before making a determination if it would support Joan Wagon. EMILY's List requested detailed information which was provided to it and later conducted an interview in Washington, D.C. As a result, EMILY's List will issue an endorsement in its mailing to membership and has decided to solicit contributions on behalf of the campaign.

## Questions

1. Does the organization known as EMILY's List constitute a political action committee under Kansas law?
2. Does EMILY's List need to file a Statement of Organization in Kansas?
3. Since EMILY's List recommends that its individual members contribute to the Wagon campaign and then acts as a conduit for the collection of contributions from individual contributors, do Kansas contribution limitations apply to the organization or to its individual members?
4. Do costs associated with the organization's communications with its members, which include Wagon endorsements, constitute in-kind contributions to the Wagon campaign?
5. Do costs associated with processing the contributions received from its membership and referring them to the Wagon campaign constitute in-kind contributions?

## Opinion

The answer to your first two questions is that out-of-state organizations such as EMILY's List fall under different requirements than Kansas political committees. K.S.A. 25-4172 sets forth the requirements for out-of-state organizations. Based on those requirements, EMILY's List is not required to file a statement of organization.

Your third question raises the issue of "bundling." When a group collects contributions and transfers them to a candidate in a bundle, do the contribution limitations apply to both the individual's and the committee's contribution limits? We note that the state of Minnesota has recently enacted a "bundling" statute which made the contribution limitations apply to both the donor and the committee in the bundled contribution setting. We have reviewed K.S.A. 25-4153, which does not address the "bundling" issue. Rather, it is our opinion, so long as the individual contributors use their own funds and make their own decision on who to support, the contribution limitation applies to each individual contributor. On the other hand, when the individual gives money to a committee without restriction and the committee decides who a donation shall be given to, the contribution limitation applies to the committee.

K.A.R. 19-24-3 relates to your fourth question. There it is ruled that an endorsement by an association in mailings to its members does not constitute in-kind contributions to the candidate endorsed.

Finally, we cover the issue of costs of processing the solicited contributions. We believe the Wagon campaign has cooperated sufficiently with EMILY's List for these costs to constitute in-kind contributions as opposed to independent expenditures. Thus, these costs trigger reporting pursuant to K.S.A. 25-4172 and are subject to the \$2,000 limitation of K.S.A. 25-4153.

In closing, we note that all contributions in excess of \$50 must be itemized listing the contributors name and complete address. Also, occupations must be provided for individuals contributing more than \$150.

## Advisory Opinion No. 93-42

Written December 10, 1993, to Larry E. Harris, O.D., Secretary-Treasurer, State Board of Examiners in Optometry, Topeka.

This opinion is in response to your letter of September 21, 1993, in which you request an opinion from the Kansas Commission on Governmental Standards and Conduct concerning the state conflict of interests law (K.S.A. 46-215 *et seq.*).

## Factual Statement

We understand you request this opinion in your capacity as secretary-treasurer of the Kansas State Board of Examiners in Optometry. You advise us that the board does not have a permanent office in which to maintain its equipment, supplies, files and records, which currently occupy an entire room in your business office. Historically, the secretary-treasurer has, at his or her own expense, taken possession of and stored the equipment and maintained such at his or her own business. For fiscal year 1994 the legislature appropriated sufficient funds to lease storage space for the equipment. In action taken by the board on July 9, 1993, the board authorized the making of a lease agreement with you to pay for space in your office in which the equipment is stored. At this meeting you participated in the board's discussion of the proposed lease agreement, but did not vote on the question of

whether or not the lease agreement should be entered into by the board.

You have since been advised by the Department of Administration, Legal Section, that your participation in the proposed lease agreement at this time, if approved, may constitute a violation of K.S.A. 1992 Supp. 46-233; you were not aware of this before being so advised. For this reason, the board took action at its August 20, 1993, meeting to rescind its prior action authorizing the making of the lease agreement. At this same meeting the board, without your participation in either the discussion or vote, again took action to approve a lease agreement between the board and you for lease of space at your place of business here in Topeka.

#### Question

Would a violation of the State Governmental Ethics Act, in particular K.S.A. 1992 Supp. 46-233, occur if the proposed lease agreement is executed by you and the board?

#### Opinion

K.S.A. 46-233 states:

(a) No state officer or employee shall in the capacity as such officer or employee be substantially involved in the preparation of or participate in the making of a contract with any person or business by which such officer or employee is employed or in whose business such officer or employee or any member of such officer's or employee's immediate family has a substantial interest and no such person or business shall enter into any contract where any state officer or employee, acting in such capacity, is a signatory to, has been substantially involved in the preparation of or is a participant in the making of such contract and is employed by such person or business or such officer or employee or any member of such officer's or employee's immediate family has a substantial interest in such person or business . . .

Pursuant to K.S.A. 46-277, no violation of this Act is actionable before this commission or by criminal complaint unless the conduct is an intentional violation of that section of the law. As we understand the factual situation, the initial contract was approved inadvertently in violation of the laws. Under that circumstance, especially when the consideration is minimal, we hold that the second properly conducted transaction is permissible.

#### Advisory Opinion No. 93-43

Written December 10, 1993, to all interested persons:

Pursuant to K.S.A. 25-4159, the Kansas Commission on Governmental Standards and Conduct takes this opportunity to issue its opinion on the following questions:

#### Questions

(1) When a state or local candidate terminates his or her campaign and makes the decision to give all re-

sidual funds to his or her party committee, is the amount limited to \$15,000 in a calendar year?

(2) When may a candidate terminate a campaign fund?

#### Opinion

K.S.A. 25-4157a (c) states:

At the time of the termination of any campaign and prior to the filing of a termination report in accordance with K.S.A. 25-4157 and amendments thereto all residual funds not otherwise obligated for the payment of expenses incurred in such campaign or the holding of office shall be contributed to a charitable organization, as defined by the laws of the state, contributed to a party committee or returned as a refund in whole or in part to any contributor or contributors from whom received or paid into the general fund of the state.

K.S.A. 25-4153(d) states:

The aggregate amount contributed to a state party committee by a person other than a national party committee or a political committee shall not exceed \$15,000 in each calendar year; and the aggregate amount contributed to any other party committee by a person other than a national party committee or a political committee shall not exceed \$5,000 in each calendar year.

The aggregate amount contributed by a national party committee to a state party committee shall not exceed \$25,000 in any calendar year, and the aggregate amount contributed to any other party committee by a national party committee shall not exceed \$10,000 in any calendar year.

The aggregate amount contributed to a party committee by a political committee shall not exceed \$5,000 in any calendar year.

"Persons" is defined in K.S.A. 25-4143(h) to mean:

Any individual, committee, corporation, partnership, trust, organization or association.

Recognizing that a terminating candidate committee does meet the definition of "person" and that it is not a national party committee or political committee, it can be argued that the donation by the entity to the state party is limited to \$15,000 in a calendar year pursuant to K.S.A. 25-4143(d).

To the contrary, K.S.A. 25-4157a(c) can be read to say that ". . . all residual funds . . . shall be contributed to . . ." among other groups or persons, ". . . a party committee. . . ." Under this section, there is no dollar limitation, only associational limits. It is our opinion that the specific permission granted by this section overrides the general limitations contained in another section. Thus, when a candidate terminates, all residual funds may be given to a party committee without dollar limitation. However, the donor may not dedicate the funds to another candidate.

The second question is covered by K.S.A. 25-4157 and K.S.A. 25-4146.

*continued*

K.S.A. 25-4157 states:

Before any candidate committee, party committee or political committee may be dissolved or the position of the candidate's treasurer terminated the treasurer of the candidate or such committee shall file a termination report which shall include full information as to the disposition of residual funds. Any report required by K.S.A. 25-4148 and amendments thereto may be a termination report. Reports of the dissolution of candidate committees of candidates for state office, the termination of the treasurer of a candidate for state office, the dissolution of a political committee the major purpose of which is to support or oppose any candidate for state office and the dissolution of party committees shall be filed in the office of the secretary of state. Reports of the dissolution of candidate committees of candidates for local office, the termination of the treasurer or a candidate for local office and the dissolution of a political committee the major purpose of which is to support or oppose any candidate for local office shall be filed in the office of the county election officer of the county.

K.S.A. 25-4146(b)(1) and (2) states:

(b) No contribution or other receipt shall be received or expenditure made, by or on behalf of a candidate, pair of candidates or candidate committee, except receipt of payment of a filing fee:

(1) Until such candidate appoints a treasurer and makes the report required by K.S.A. 25-4144 and amendments thereto; and

(2) unless by or through such treasurer.

From a review of these sections, it is clear that terminating a candidate's campaign terminates the treasurer's obligations for future action. Further, the campaign cannot receive contributions or make expenditures unless by or through the treasurer. Thus, it is our opinion that a candidate cannot terminate a campaign fund until all contributions have been received and all expenditures made, and then within a reasonable time the campaign may dispose of the residual funds.

#### Advisory Opinion No. 93-44

Written December 10, 1993, to John F. Thompson, Davis, Beall, McGuire and Thompson Chartered, Leavenworth.

This opinion is in response to your letter of October 18, 1993, to the Attorney General in which you ask several questions, some of which have been referred to this office for response.

#### Factual Statement

We understand you request this opinion in your capacity as the city attorney for the city of Basehor, Kansas. You advise us that during a recent city council meeting for the city of Basehor, a motion was duly made which in essence called for the city to adopt a moratorium concerning the approval of any future subdivision development and a moratorium on any future

annexations. The basis for the motion was that the expenditures of the city have been outpacing its revenues primarily due to the fact that the city is incurring tremendous expenses concerning the upkeep and improvement of city streets. The city council had recently voted to issue general obligation bonds in the approximate amount of \$100,000 in order to repair and improve the existing streets and roads of the city. The concern was that as additional subdivisions are developed, the city will ultimately have to take over the cost of the maintenance and repair of those streets. In addition, if the city were to annex additional property, similar obligations and responsibilities would be incurred.

You also state that one city council member who voted against the enactment owns real estate which he intends to develop and his financial interest would be adversely affected by the moratorium.

In addition, every local elected official is required to file Statements of Substantial Interests pursuant to K.S.A. 75-4302a and failure to do so is a class B misdemeanor.

#### Questions

Based on this factual situation you ask the following questions:

(1) Does K.S.A. 75-4301 prevent a city council person from voting on an issue in which he or she has an apparent conflict of interest?

(2) Assuming a city council person files the appropriate disclosures, may he or she then vote on an issue in which he or she has an apparent conflict of interest?

#### Opinion

We first note that under K.S.A. 75-4301a(b), "business" is defined to include ownership of land for income. Also, K.S.A. 75-4301(a) defines "substantial interest" to include holding 5 percent of any business. Thus, the full ownership of land for subdevelopment means the owner has a "substantial interest" in the land as defined for the purpose of applying the local conflicts law.

There are two prohibitions contained in the local conflicts law.

K.S.A. 75-4304 states:

(a) No local governmental officer or employee shall, in the capacity of such officer or employee, make or participate in the making of a contract with any person or business by which the officer or employee is employed or in whose business the officer or employee has a substantial interest.

(b) No person or business shall enter into any contract where any local governmental officer or employee, acting in that capacity, is a signatory to or a participant in the making of the contract and is employed by or has a substantial interest in the person or business.

(c) A local governmental officer or employee does not make or participate in the making of a contract if the officer or employee abstains from any action in regard to the contract.

(d) This section shall not apply to the following:  
 (1) Contracts let after competitive bidding has been advertised for by published notice; and  
 (2) contracts for property or services for which the price or rate is fixed by law.  
 (e) Any local governmental officer or employee who is convicted of violating this section shall forfeit the office or employment.

K.S.A. 75-4305 states:

(a) Any local governmental officer or employee who has not filed a disclosure of substantial interests shall, before acting upon any matter which will affect any business in which the officer or employee has a substantial interest, file a written report of the nature of the interest with the county election officer of the county in which is located all or the largest geographical part of the officer's or employee's governmental subdivision.  
 (b) A local governmental officer or employee does not pass or act upon any matter if the officer

or employee abstains from any action in regard to the matter.

From a review of these sections, it is clear that a city council person may not participate, in his or her capacity as a public official, in the making of a contract between the city and his or her business unless the contract is let after competitive bidding or the price or rate is fixed by law. Thus, in the contractual setting, filing of the disclosure statement does not always alleviate the non-participation requirement. Please note this section relates only to contracts and not to legislative decisions such as zoning.

Legislative decisions and contracts where there is a competitive bid or for which the price or rate is fixed by law are covered by K.S.A. 75-4305. Under that section, so long as the disclosure statement is filed, a city council person may legally act regardless of his or her own substantial interests.
