Notice to Consulting Engineers

The Kansas Department of Transportation is seeking qualified consulting engineering firms for the project listed below. A response may be submitted by e-mail to neil@ksdot.org, or seven signed copies of the response can be mailed to Neil Rusch, P.E., Assistant to the Director, Division of Engineering and Design, KDOT, Eisenhower State Office Building, Topeka, 66603-3754. Responses shall be limited to four pages. Responses must be received by 5 p.m. December 2 for the consulting engineering firm to be considered.

From the firms expressing interest, the Consultant Selection Committee will select a list of the most highly qualified (not less than three, not more than five) and invite them to attend an individual interview conference. At this time, the consulting firms can more thoroughly discuss their experience related to the type of project at hand and will be expected to discuss, in some detail, their approach to this project and the personnel to be assigned to the project. Firms not selected to be short-listed will be notified by letter.

The Consultant Negotiating Committee, appointed by the Secretary of Transportation, will conduct the discussions with the firms invited to the individual interview conferences. The committee will select the firm to perform

the professional services required for completing the advertised project. After the selection of this firm, the remaining firms will be notified by letter of the outcome.

Ellis County

KDOT is currently designing the replacement of the Saline River Bridge (052) as a welded girder bridge. The design is in metric units. The spans are 43-57-57-43m and the roadway is 13.4 meters. The hydraulic and hydrologic studies have been completed and the construction layout has been developed by KDOT. KDOT is seeking a consultant to design and detail a prestressed/post-tensioned, spliced girder alternative using readily available prestressed sections. The project is scheduled for letting in August 2007.

It is KDOT's policy to use the following criteria as the basis for selection of the consulting engineering firms:

1. Size and professional qualifications;
2. experience of staff;
3. location of firm with respect to proposed project;
4. work load of firm; and
5. firm's performance record.

**Summary Notice of Bond Sale
City of Andover, Kansas
\$1,581,227**

**General Obligation Internal Improvement Bonds
Series C, 2004**

**(General obligation bonds payable from
unlimited ad valorem taxes)**

Details of the Sale

Subject to the terms and conditions of the complete official notice of bond sale dated October 26, 2004, of the city of Andover, Kansas, in connection with the city's General Obligation Internal Improvement Bonds, Series C, 2004, hereinafter described, written bids shall be received at the office of the city administrator at City Hall, 909 N. Andover Road, Andover, KS 67007, or by telefacsimile at (316) 733-4634, at or prior to 4 p.m. Tuesday, November 30, 2004, for the purchase of the bonds. All bids shall be publicly opened, read aloud and tabulated by city staff on said date and at said time, and shall thereafter be considered and acted upon by the governing body of the city at its regular meeting at 7 p.m. on said date.

No oral or auction bids for the bonds shall be considered, and no bids for less than the entire amount of the bonds shall be considered.

Bids shall be accepted only on the official bid form that has been prepared for the public bidding on these bonds, which may be obtained from the city or the city's financial advisor. Bids may be submitted by mail or delivered in person at the address stated above, or may be submitted by telefacsimile at (316) 733-4634, and must be received at the place and not later than the date and time hereinbefore specified. Each bid shall be accompanied by a good faith deposit in the form of a certified or cashier's check drawn on a bank located within the United States and made payable to the order of the city, or in the form of a financial surety bond payable to the order of the city and meeting requirements therefor as set forth in the official notice of bond sale, and shall be in an amount equal to 2 percent of the principal amount of the bonds.

Details of the Bonds

The bonds will be in an aggregate principal amount of \$1,581,227. The bonds shall be issued as fully registered bonds in the denomination of \$5,000, except one bond in the amount of \$1,227, or any integral multiple thereof not exceeding the principal amount of bonds maturing on the respective principal payment dates. The bonds shall bear a dated date of December 15, 2004. The bonds shall bear interest, payable as hereinafter set forth, at the rates specified by the successful bidder for the bonds. Certain of the bonds are subject to redemption prior to their respective maturities as set forth in the official notice of bond sale.

Interest on the bonds shall be payable semiannually on March 1 and September 1 in each year, commencing March 1, 2006, and the bonds shall mature serially on September 1 in each of the years and principal amounts as follows:

Redemption of Bonds

Certain of the bonds are subject to optional redemption prior to their maturities as set forth in the official notice of bond sale. Additionally, a bidder may elect to have all or a portion of the bonds shown in the above maturity schedule issued as one or more term bonds, which would be subject to mandatory redemption requirements. (Reference is made to the official notice of bond sale for complete details regarding redemption of the bonds.)

Payment of Principal and Interest

The Kansas State Treasurer, Topeka, Kansas, has been designated as paying agent and bond registrar for the bonds, and the principal of the bonds shall be payable upon surrender at the paying agent's principal offices in the city of Topeka, Kansas. Interest shall be paid by the mailing of a check or draft of the paying agent to the registered owners of the bonds.

Book-Entry Bonds

The bonds will be registered under a book-entry-only system administered through the Depository Trust Company, New York, New York (DTC).

Security for the Bonds

The bonds and the interest thereon shall constitute general obligations of the city, and the full faith, credit and resources of the city shall be pledged to the payment thereof. The city is obligated to levy ad valorem taxes without limitation as to rate or amount upon all of the taxable tangible property within the territorial limits of the city for the purpose of paying the bonds and the interest thereon. (Reference is made to the official notice of bond sale and the preliminary official statement for a further discussion of security for the bonds.)

Delivery of the Bonds

The bonds, duly printed, executed and registered, shall be furnished and delivered at the expense of the city to the successful bidder, or at its direction, on or before Wednesday, December 15, 2004, to DTC for the account of the successful bidder or at such bank or trust company or other qualified depository in the state of Kansas or Kansas City, Missouri, as may be specified by the successful bidder. Delivery elsewhere shall be made at the expense of the successful bidder.

Legal Opinion

The bonds will be sold subject to the legal opinion of Hinkle Elkouri Law Firm, L.L.C., Wichita, Kansas, bond counsel, whose fees will be paid by the city. Bond counsel's approving legal opinion as to the validity of the bonds will be printed on the bonds and delivered to the successful bidder upon delivery of the bonds. (Reference is made to the official notice of bond sale for a discussion of tax exemption and other legal matters.)

Financial Matters

The city's equalized assessed tangible valuation for computation of bonded debt limitations is \$77,817,605. The total outstanding general obligation bonded indebtedness of the city at December 15, 2004, will be \$9,816,619 (12.61 percent). This amount includes the within described bonds.

Official Statement

The city has prepared a preliminary official statement relating to the bonds, copies of which may be obtained from the city or the city's financial advisor. The preliminary official statement is in a form "deemed final" by the city for the purpose of Securities and Exchange Commission Rule 15c2-12(b)(1), but is subject to revision, amendment and completion in the final official statement. Upon the sale of the bonds, the city shall furnish the successful bidder with a reasonable number of copies of the final official statement, without additional cost, upon request. Copies of the final official statement in excess of a reasonable number may be ordered by the successful bidder at its expense.

Continuing Disclosure

The city has adopted an ordinance establishing a master undertaking to provide ongoing disclosure concerning the city in connection with its general obligation bonds for the benefit of owners of such bonds and notes, including the bonds described herein, as required under Section (b)(5)(i) of Securities and Exchange Commission Rule 15c2-12. The ordinance is included as an appendix to the preliminary official statement.

Additional Information

For additional information regarding the city, the bonds and the sale, interested parties are invited to request copies of the complete official notice of bond sale and official bid form and the city's preliminary official statement for the bonds, all of which may be obtained from the undersigned or from the city's financial advisor, Jerry D. Attorney General

Notice of Hearing on Proposed
Administrative Regulations

A public hearing will be conducted at 1 p.m. Thursday, January 13, in the auditorium of the Kansas Bureau of Investigation, 1620 S.W. Tyler, Topeka, to consider adoption of new regulations and amendments to existing regulations of the Kansas Attorney General.

This 60-day notice of the public hearing shall constitute a public comment period for the purpose of receiving written public comments on the proposed rules and regulations. All interested parties may submit written comments prior to the hearing to the Kansas Attorney General, c/o Assistant Attorney General Mary Feighny, 120 S.W. 10th Ave., Topeka, 66612. All interested parties will be given a reasonable opportunity to present their views orally on the adoption of the proposed regulations during the hearing. In order to give all parties an opportunity to present their views, it may be necessary to request that each participant limit any oral presentation to five minutes.

Any individual with a disability may request accommodation in order to participate in the public hearing and may request the proposed regulations and economic impact statements in an accessible format. Requests for accommodation should be made at least five working days in advance of the hearing by contacting Corrina Clements at (785) 296-4436. Handicapped parking is located on the south end of the parking area in front of the Kansas Bureau of Investigation building and also on the upper parking area south of the building. The entrance near the upper parking area south of the building is accessible to individuals with disabilities.

These regulations are proposed for adoption on a permanent basis. A summary of the proposed regulations and their economic impact follows:

New regulations: K.A.R. 16-4-2, 16-4-3 and 16-4-4: These three regulations implement the new eight-hour continuing education requirement for private detective licensees imposed by the 2004 Kansas Legislature. (K.S.A. 2003 Supp. 75-7b07, as amended by L. 2004, Ch. 139, § 2)

Economic impact: Private detective licensees will have to bear the cost of continuing education classes. There is no anticipated direct cost to the general public or governmental agencies.

Amended regulation: K.A.R. 16-6-1. This regulation implements 2004 legislation exempting former law enforcement officers who have received certain law enforcement training within a prescribed period from having to take initial firearms training in order to apply for a concealed firearm permit. (K.S.A. 2003 Supp. 75-7b17(a)(2), as amended by L. 2004, Ch. 139, § 4)

Economic impact: There is no anticipated financial cost to the general public, private detective licensees or governmental agencies.

Amended regulation: K.A.R. 16-1-7. This regulation establishes various licensing fees. As a result of 2004 legislation changing the expiration date of certain licenses from December 31 to two years from the date the license was issued, the fee schedule had to be amended to delete references to December 31 and prorating the fee. The fee amounts are unchanged. (L. 2004, Ch. 139)

Economic impact: There is no anticipated cost to the general public, private detective licensees or governmental agencies.

Copies of the regulations and their economic impact statements may be obtained by contacting Corrina Clements, Private Detective Licensing, Kansas Bureau of Investigation, 1620 S.W. Tyler, Topeka, 66612, (785) 296-4436.

Request for Comments

The Kansas Department of Health and Environment and the Unified Government of Wyandotte County/Kansas City, Kansas Department of Air Quality are soliciting comments regarding a proposed air quality operating permit. Magellan Pipeline Company, LLC has applied for a Class I operating permit in accordance with the provisions of K.A.R. 28-19-510 et seq. The purpose of a Class I permit is to identify the sources and types of regulated air pollutants emitted from the facility; the emission limitations, standards and requirements applicable to each source; and the monitoring, record keeping and reporting requirements applicable to each source as of the effective date of permit issuance.

Magellan Pipeline Company, LLC, owns and operates an automobile and light-duty truck assembly facility located at 401 E. Donovan Road, Kansas City, Kansas.

A copy of the proposed permit, permit application, all supporting documentation and all information relied upon during the permit application review process is available for a 30-day public review during normal business hours at the KDHE, Bureau of Air and Radiation, 1000 S.W. Jackson, Topeka, and at the Department of Air Quality, 619 Ann Ave., Kansas City, Kansas. To obtain or review the proposed permit and supporting documentation, contact Brie Wilkins, (785) 296-6422, at the KDHE central office, or Moses Coss, (913) 573-6700, at the De-

(continued)

partment of Air Quality. The standard departmental cost will be assessed for any copies requested.

Direct written comments or questions regarding the proposed permit to Moses Coss, Department of Air Quality, 619 Ann Ave., Kansas City, KS 66101. In order to be considered in formulating a final permit decision, written comments must be received before the close of business December 13.

A person may request a public hearing be held on the proposed permit. The request for a public hearing shall be in writing and set forth the basis for the request. The written request must be submitted to Brie Wilkins, Bureau of Air and Radiation, KDHE, 1000 S.W. Jackson, Suite 310, Topeka, 66612-1366, not later than the close of business December 13 in order for the Secretary of Health and Environment to consider the request.

The U.S. Environmental Protection Agency has a 45-day review period, which will start concurrently with the 30-day public comment period, within which to object to the proposed permit. If the EPA has not objected in writing to the issuance of the permit within the 45-day review period, any person may petition the administrator of the EPA to review the permit. The 60-day public petition period will directly follow the EPA's 45-day review period. If the EPA waives its 45-day review period, the 60-day public petition period will start directly after the 30-day public comment period. Interested parties may contact KDHE to determine if the EPA's 45-day review period has been waived.

Any such petition shall be based only on objections to the permit that were raised with reasonable specificity during the public comment period provided for in this notice, unless the petitioner demonstrates that it was impracticable to raise such objections within such period, or unless the grounds for such objection arose after such period. Contact Gary Schlicht, U.S. EPA, Region VII, Air Permitting and Compliance Branch, 901 N. 5th St., Kansas City, KS 66101, (913) 551-7097, to determine when the 45-day EPA review period ends and the 60-day petition period commences.

Kansas Permit No. I-MO32-PO01 Federal Permit No. KS0080047
 Legal: NW¼, S29, T14S, R25E, Johnson County
 Facility Location: 17745 S. Metcalf, Stilwell, KS 66085-9104

Facility Description: The proposed action is to reissue an existing permit for operation of an existing wastewater treatment facility. This facility operates biochemical and toxicological laboratories and test plots to research new agricultural chemicals. City water is the major water source. About 6,000 gallons per day is used from a spring and an irrigation lake for fish toxicity testing. Wastewater consists of boiler blowdown, cooling tower blowdown, laboratory wastewater, domestic sewage and cafeteria drains. The wastewater treatment system consists of a bar screen, a biological (aerated) reactor, a clarifier, dechlorination, a dual media rapid sand filter, four carbon filter units and ultraviolet light disinfection units. Wastewater sludge is transported to the Bayer facility in Kansas City, Missouri, for processing and final disposal. The proposed permit includes limits for biochemical oxygen demand, total suspended solids, fecal coliform, total residual chlorine, pH and an annual chronic whole effluent toxicity test. Monitoring of flow also will be required. The permit requirements are pursuant to the Kansas Surface Water Quality Standards, K.A.R. 28-16-28(b-f), and Federal Surface Water Criteria, and are water-quality based.

 Facility Name: Shale Quarry - Marquette Plant
 Facility Location: 626 Wheatridge Road, Marquette, KS 67464

Facility Description: The proposed action is to reissue an existing permit for the discharge of wastewater from a mining and manufacturing operation. This facility mines shale from a strip pit. The shale is then heated and expanded using rotary kilns to produce a light weight aggregate. This aggregate is used to manufacture concrete blocks. Discharges include strip pit dewatering from the North Pond (Outfall 001) and stormwater runoff from the strip pit and processing plant areas (Outfalls 002 and 003). The proposed permit includes generic water-quality language to protect waters of the state. The permit requirements are pursuant to the Kansas Surface Water Quality Standards, K.A.R. 28-16-28(b-f), and Federal Surface Water Criteria, and are water-quality based.

Kansas Permit No. I-SO27-CO02 Federal Permit No. KS0080217
 Legal: SE¼, S1, T11S, R4W, Ottawa County
 Facility Name: Minneapolis Municipal Power Plant

Facility Description: The proposed action is to reissue an existing permit for operation of an existing power plant. This facility is an electric power generating station used for peaking and emergency power. De-chlorinated city water is used for once through, noncontact cooling purposes and discharges to four separate outfalls. Outfalls 001, 002 and 003 discharge to the Solomon River and Outfall 004 discharges to Pipe Creek. The facility typically operates from mid-June through mid-September. The proposed permit includes limits for pH and total residual chlorine. Requirements for monitoring for the effluent for temperature, dissolved oxygen, sulfate and effluent flow and in-stream temperature monitoring also are included. Contained in the permit is a schedule of compliance requiring the permittee to submit documentation of KDHE laboratory accreditation (either the permittee's, a commercial laboratory or a combination of both) for all testing parameters required under this permit. The permit requirements are pursuant to the Kansas Surface Water Quality Standards, K.A.R. 28-16-28(b-f), and Federal Surface Water Criteria, and are water-quality based.

Facility Description: The proposed action is to issue a new permit for operation of a new wastewater treatment facility treating primarily domestic wastewater. This new facility will replace the existing plant and is designed to treat an average daily flow of 0.75MGD. The new facility consists of an Aeromod activated sludge plant with UV disinfection and sludge digestion. The proposed permit includes limits for biochemical oxygen demand, total suspended solids, ammonia, fecal coliform and pH. Monitoring of dissolved oxygen, total phosphorus, nitrate, nitrite, total Kjeldahl nitrogen, total nitrogen, and effluent flow also will be required. Contained in the permit is a schedule of compliance to complete construction of this new facility by April 1, 2006. The permit requirements are pursuant to the Kansas Surface Water Quality Standards, K.A.R. 28-16-28(b-f), and Federal Surface Water Criteria, and are water-quality based.

Southwest Ethanol, LLC P.O. Box 355 Pratt, KS 67124	NE¼, S23, T27S, R13W, Pratt County	Nonoverflowing

Kansas Permit No. I-AR73-NP02
 Facility Name: Southwest Ethanol Plant
 Facility Location: 1320 E. First St., Pratt, KS 67124

Facility Description: The proposed action is to issue a new permit for operation of a new wastewater treatment facility. This facility dry mills corn and milo, mixes the dry powder with recycled process wastewater to form slurry, cooks and ferments the slurry into beer and carbon dioxide, distills beer to 190 proof ethanol, and passes through molecular sieve to produce 200 proof ethanol. Ethanol is mixed with gasoline to produce denatured alcohol. About 138,000 gallons per day of cooling towers blowdown, reverse osmosis concentrate and water softener regenerate are directed to a two-cell irrigation holding and is land applied. The residual mash (stillage) is centrifuged and either dried to produce different grades of high-

quality feed or sent to a methanator to produce fuel gas that supplements the natural gas for heating the dryers. Carbon dioxide gas is passed through wet scrubbers and sold separately. Scrubber water, methanator water and distillation column side stripper water are recycled into the slurry. Domestic waste is directed to septic tank lateral field system. The permittee shall be required to annually, in March, test final cell wastewater and soil land application samples and to submit the analytical results to KDHE. Discharge of wastewater from this treatment facility to surface waters of the state of Kansas is prohibited by this permit.

Persons wishing to comment on or object to the draft permits and/or permit applications must submit their comments in writing to the Kansas Department of Health and Environment if they wish to have the comments or objections considered in the decision making process. Comments or objections should be submitted to the attention of April Romero for agricultural permits or applications, or to the permit clerk for all other permits, at the Kansas Department of Health and Environment, Division of Environment, Bureau of Water, 1000 S.W. Jackson, Suite 420, Topeka, 66612-1367.

All comments regarding the draft permit or application notice postmarked or received on or before December 11 will be considered in the formulation of final determinations regarding this public notice. Please refer to the appropriate Kansas permit number (KS-AG-04-311/320, KS-04-225/229, KS-ND-04-019) and name of applicant/application as listed when preparing comments.

If no objections are received during the public notice period regarding any proposed permit, the Secretary of Health and Environment will issue the final determination regarding issuance or denial of the proposed permit. If response to this notice indicates significant public interest, a public hearing may be held in conformance with K.A.R. 28-16-61 (28-46-21 for UIC). Media coordination for publication and/or announcement of the public notice or public hearing is handled by the Kansas Department of Health and Environment.

For agricultural permits and applications, a copy of the permit application, supporting documentation and a KDHE-developed fact sheet, if appropriate, is available for review at the appropriate district office:

Request for Comments

The Kansas Department of Health and Environment is soliciting comments regarding a proposed air quality construction permit. Coffeyville Resources Nitrogen Fertilizers, LLC has applied for an air quality construction permit in accordance with the provisions of K.A.R. 28-19-300 to install an oxygen line to the nitric acid unit. Emissions of oxides of nitrogen (NO_x), particulate matter (PM) and particulate matter equal to less than ten microns in diameter (PM₁₀) were evaluated during the permit review process.

Coffeyville Resources Nitrogen Fertilizers, LLC, Coffeyville, owns and operates the stationary source located at 701 E. Martin St., Coffeyville, at which the oxygen line to the nitric acid is to be installed.

A copy of the proposed permit, permit application, all supporting documentation and all information relied upon during the permit application review process is available for public review for a period of 30 days from the date of publication during normal business hours at the KDHE, Bureau of Air and Radiation, 1000 S.W. Jackson, Suite 310, Topeka; and a copy of the proposed permit can be reviewed at the KDHE Southeast District Office, 1500 W. 7th, Chanute. To obtain or review the proposed permit and supporting documentation, contact Rasha Allen, (785) 296-1693, at the KDHE central office; and to review the proposed permit only, contact Doug Cole, (620) 431-2390, at the KDHE Southeast District Office. The standard departmental cost will be assessed for any copies requested.

Direct written comments or questions regarding the proposed permit to Rasha Allen, KDHE, Bureau of Air and Radiation, 1000 S.W. Jackson, Suite 310, Topeka, 66612-1366. In order to be considered in formulating a final permit decision, written comments must be received before the close of business December 13.

A person may request a public hearing be held on the proposed permit. The request for a public hearing shall be in writing and set forth the basis for the request. The written request must be submitted to Brie Wilkins, Bureau of Air and Radiation, not later than the close of busi-

(continued)

ness December 13 in order for the Secretary of Health and Environment to consider the request.

Kansas Water Authority

Notice of Meetings

The Kansas Water Authority will meet Wednesday, November 17, and Thursday, November 18, in the commissioners' room of the El Dorado City Offices Building, 220 E. First St., El Dorado (located north and east of the intersection of Highways 254, 54 and 77 in downtown El Dorado). Both meetings will begin at 9 a.m.

Final drafts of policy proposals on the Kansas Water Marketing Program, use of alternative dispute resolution to resolve water resource conflicts, and reservoir restoration demonstration projects and research will be considered.

The Committee of the Whole will meet November 17 to make recommendations on the above issues and the addition of two water bodies (Marion Reservoir and Olpe City Lake) to the Kansas Water Plan's Neosho River Basin High Priority TMDL list.

Two issues for future study are being proposed and will be considered by the Committee of the Whole November 17. They involve (1) exploration of ways to enhance public input on planning and implementation of water-related issues and (2) economic development opportunities at federal reservoirs and lakes in Kansas. The Committee of the Whole also will consider the draft 2005 Kansas Water Authority's "Report to the Governor and Legislature."

Business related to the basin advisory committee membership and an update on a proposal being developed to enhance groundwater availability for public water suppliers also will be considered.

The full Authority will consider and take action on the Committee of the Whole's recommendations when it meets at 9 a.m. November 18. Late morning activities include a presentation on the proposed Irrigation Transition Assistance Program. In addition, updates will be presented on the Circle K Ranch, the High Plains aquifer bedrock maps, the Water Plan Projects Initiative, legislative action, and FY 2006 budget and interim committee actions.

Both days' agendas may be found at the Kansas Water Office's Web site, www.kwo.org, linked to the Kansas Water Authority meeting dates listed on the Calendar page. For additional information or special accommodations at the meeting site, contact the Kansas Water Office at (888) KAN-WATER or (888) 526-9283.

Article 3.—APPROPRIATION RIGHTS

5-3-4e. Groundwater source formation codes. The Kansas department of agriculture, division of water resources' document titled "groundwater source formation codes," dated June 24, 2004, is hereby adopted by reference. The groundwater source formation codes used by the chief engineer in administering the Kansas water appropriation act shall be the codes specified in this document. (Authorized by K.S.A. 82a-706a; implementing K.S.A. 82a-709; effective Sept. 22, 2000; amended, T-5-8-23-04, Aug. 23, 2004; amended Nov. 29, 2004.)

5-3-29. Ozark and Springfield plateau aquifers. (a) Except as specified in subsections (b) and (c), the Ozark aquifer and the Springfield plateau aquifer in the following townships in Cherokee, Crawford, Allen, Bourbon, Neosho, and Labette counties in Kansas shall be closed to new appropriations of water: ranges 20 east through 25 east and townships 26 south through 35 south.

(b) The closure of townships listed in subsection (a) to new appropriations of water shall not apply to the following types of wells:

- (1) Wells for domestic use;
- (2) wells authorized by temporary permits;
- (3) wells meeting the requirements of K.A.R. 5-3-16a; and
- (4) wells meeting both of the following conditions:

(A) Are authorized by a term permit of five or fewer years, which can be extended by the chief engineer not beyond December 31, 2010, and over which the chief engineer retains jurisdiction to dismiss or amend if necessary to prevent impairment of the water quantity, rate, or quality or to otherwise protect the public interest; and

(B) are used as an alternate source of water supply that is actively being planned, financed, and constructed and that will be available no later than December 31, 2010.

(c) Notwithstanding the provisions of paragraph (b)(4)(A), the term permits may be extended by the chief engineer beyond December 31, 2010 or may be converted by the chief engineer to regular permits to appropriate water, if both of the following conditions are met:

(1) A study has been completed before December 31, 2010, determining the safe yield of the Ozark aquifer and the Springfield plateau aquifer.

(2) Extending the term of the term permit or converting the term permit to a regular permit to appropriate water will not result in any of the following:

- (A) Causing the safe yield to be exceeded;
- (B) impairing prior permits or water rights; or
- (C) prejudicially and unreasonably affecting the public interest. (Authorized by K.S.A. 82a-706a; implementing K.S.A. 82a-706a and K.S.A. 2003 Supp. 82a-711; effective, T-5-8-23-04, Aug. 23, 2004; effective Nov. 29, 2004.)

(b) This regulation shall be effective on and after January 1, 2005. (Authorized by and implementing K.S.A. 32-807 and K.S.A. 2003 Supp. 32-988, as amended by L. 2004, Ch. 99, Sec. 8; effective Jan. 1, 2005.)

Article 4.—BIG GAME

115-4-14. Landowner deer management program; implementation, application, selection, property requirements, deer permitting, property posting, evaluation, renewal, and other provisions. (a) Project implementation.

(1) A three-year pilot project of the landowner deer management program shall be initiated with deer permits authorized beginning in the 2005 deer season.

(2) One pilot location may be selected from each of the five administrative regions of the department. If sufficient candidate applications do not exist in each administrative region, more than one pilot location per region may be selected.

(3) Not more than three percent of the total acreage of a deer management unit, as specified in K.A.R. 115-4-6, shall be enrolled in the landowner deer management program.

(b) Applications.

(1) Each application for entry into the landowner deer management program shall be submitted to the secretary on a form provided by the department. Cooperative agreements among landowners shall be considered as a single application if the landowner applicant has obtained a power of attorney from each landowner co-applicant relative to the landowner deer management program for each co-applicant's property.

(2) Each applicant shall provide the following information:

- (A) The name of the landowner applicant;
- (B) the names of landowner co-applicants, if any;
- (C) the address of the landowner applicant;
- (D) the addresses of landowner co-applicants, if any;
- (E) the legal description of all property to be included in the program;

(F) a copy of each agricultural lease extending five years from the date of application if property to be included in the program is not owned in fee simple;

(G) the landowner applicant's selection of permit allocation proportions for both either-sex type permits and antlerless-only permits between private hunting clients and randomly selected public applicants, including the number of days allocated during each season for private and public hunters as well as the selection of areas where private and public hunters may be restricted;

(H) data on deer population trends, deer status, and hunter harvest success if the deer density is different from the deer density in the surrounding deer management unit;

(I) a description of conservation activities currently implemented on the intended enrolled property;

(J) a description of planned conservation programs to be initiated during the term of the contract on the property planned for enrollment, including the following:

(i) Habitat protection and enhancement for threatened and endangered species or species in need of conservation within the department's respective administrative region;

(ii) mentoring programs that enhance the recruitment and retention of hunters and anglers; and

(iii) public access programs other than deer hunting; and

(K) a nonrefundable application fee of \$100.

(c) Property.

(1) All property enrolled in the landowner deer management program shall meet the following conditions:

(A) Be contiguous;

(B) exceed a minimum of 10,000 acres if the property is within deer management unit 1, 2, 3, 4, 5, 7, 16, 17, or 18, as described in K.A.R. 115-4-6;

(C) exceed a minimum of 3,000 acres if the property is within deer management unit 6, 8, 9, 10, 11, 12, 13, 14, 15, or 19, as described in K.A.R. 115-4-6; and

(D) be posted at intervals of not more than one-half mile and at all vehicle access points with eight-inch by 10-inch signs indicating that landowner deer management program permits are required for individuals hunting on the property.

(d) Application selection.

(1) Each application shall be reviewed and ranked by a regional committee based on the proposal for public access to private property, fee simple ownership of real property to be enrolled in the program, conservation programs, and cost-effectiveness to the department.

(2) A statewide review committee shall determine final selection of the pilot location selection based on regional committee recommendations, selection of representative project types, and distribution within the state.

(3) If two pilot project applications rank identically within the same departmental administrative region, a random selection shall be made to determine the final ranking.

(e) Deer permits.

(1) Landowner deer management program permits shall be valid only on the property enrolled in the pilot program. No other types of deer permits issued by the department shall be valid on property enrolled in the landowner deer management program.

(2) Landowner deer management program permits issued for a pilot program within deer management unit 1, 2, 3, 4, 5, 7, 16, 17, or 18, as described in K.A.R. 115-4-6, shall be designated any-deer permits or antlerless-only, any-deer permits. These permits shall be valid during any season with the equipment authorized for that season.

(3) Landowner deer management program permits issued for a pilot program within deer management unit 6, 8, 9, 10, 11, 12, 13, 14, 15, or 19, as described in K.A.R. 115-4-6, shall be designated white-tailed deer, either-sex permits or white-tailed deer, antlerless-only permits. These permits shall be valid during any season with the equipment authorized during that season.

(continued)

(4) Each landowner enrolled in the landowner deer management program shall provide each private hunter with a certificate specific to the property enrolled before the private hunter may submit an application for a landowner deer management program permit. Each private hunter shall submit the certificate to the department's licensing section, accompanied by payment for the value of the permit based on general nonresident pricing for antlered or antlerless permits. No hunter shall apply for and obtain more than one deer permit that allows the taking of antlered deer in any calendar year.

(5) Any resident public hunter may submit an application to hunt on landowner deer management program property. Applications shall be included on the resident deer application form. Preference points obtained in previous applications for resident deer permits pursuant to K.A.R. 115-4-11 may be used when applying for resident public hunter landowner deer management program permits. No hunter shall apply for and obtain more than one deer permit that allows the taking of antlered deer in any calendar year. Those resident public hunter permits not issued in the draw, if any, shall be available to the landowner enrolled in the program for the property enrolled to be used by any private hunter, pursuant to the provisions of paragraph (e)(4).

(6) Landowner deer management program permits shall be issued only through the department's licensing section located in Pratt.

(f) Evaluation and renewal.

(1) Each landowner enrolled in the landowner deer management program shall annually submit a report on or before February 1 on a form provided by the department. The report shall include the number of public and private hunters on the property during the previous hunting season, the type of permit for each hunter, the harvest success for each hunter, and any other relevant information if requested by the secretary.

(2) Each hunter shall annually submit a survey on a form provided by the department regarding the quality of deer hunting, the habitat on the property, harvest information, the quality of access to hunting locations on the property, assistance received by the landowner or representative, overall satisfaction with the program, and any other relevant information if requested by the secretary.

(3) Each landowner enrolled in the landowner deer management program shall meet annually with the district wildlife biologist assigned to the pilot program area and jointly conduct a habitat and population evaluation describing the status of the property relative to the long-term habitat management plan. The report shall document the status of each aspect of habitat protection and enhancement described in the application for the property.

(4) Each evaluation factor shall be scored in increasing value from one to 10 points, based on conservation enhancement and the benefit to the state of Kansas.

(5) An average score greater than five points throughout the contracted pilot program period shall be required to renew the contract for additional contractual periods. An average score of five or fewer points shall require the landowner to submit a new application and enter into the

competitive bidding process for available openings in the landowner deer management program.

(g) Effective dates. This regulation shall have no force and effect on and after April 30, 2008. (Authorized by and implementing K.S.A. 32-807 and K.S.A. 2003 Supp. 32-968, as amended by L. 2004, Ch. 76, Sec. 1; effective Nov. 29, 2004.)

Article 7.—FISH AND FROGS

115-7-1. Fishing; legal equipment, methods of taking, and other provisions. (a) Legal equipment and methods for taking sport fish shall be the following:

(1) Fishing lines with not more than two baited hooks or artificial lures per line;

(2) trotlines;

(3) setlines;

(4) tip-ups; and

(5) snagging for paddlefish in waters posted by the department as open to snagging of paddlefish, subject to the following requirements:

(A) Each paddlefish caught and landed shall be included in the creel and possession limit, unless a minimum length limit has been established and posted for that area, in which case each paddlefish not meeting the minimum length limit shall be released immediately into the waters from which it came.

(B) Each individual fishing for paddlefish shall place all paddlefish legally caught on a stringer, cord, cable, or chain, or in a basket, sack, cage, or other holding device, which shall be marked with the individual's name and address.

(C) Each individual with a filled creel limit shall cease all snagging activity in the paddlefish snagging area until the next calendar day.

(D) Each individual taking paddlefish during the snagging season shall transport each paddlefish taken to a check station established by the department, and each paddlefish shall be taken to the check station immediately upon the filling of the daily creel limit or upon cessation of the day's fishing activity.

(E) Each paddlefish checked shall have a numbered tag attached to its lower jaw at the check station.

(F) Each individual shall provide that person's name, address, and fishing license number to the check station attendant.

(G) Each individual fishing for paddlefish shall use barbless hooks while fishing on the Noesho river. "Barbless hook" shall mean a hook without barbs or upon which the barbs have been bent completely closed.

(b) Legal equipment and methods for taking non-sport fish shall be the following:

(1) Fishing lines with not more than two baited hooks or artificial lures per line;

(2) trotlines;

(3) setlines;

(4) tip-ups;

(5) bow and arrow with a barbed head and a line attached from bow to arrow;

(6) crossbow and arrow with a barbed head and a line attached from arrow to crossbow;

(7) spear gun, without explosive charge, while skin or scuba diving. The spear, without explosive charge, shall be attached to the speargun or person by a line; and

(8) snagging and gigging in waters posted by the department as open to snagging or gigging.

(c) Dip nets and gaffs may be used to land any legally caught or hooked fish.

(d) Fish may be taken by any method designated by the secretary when a fish salvage order has been issued by the secretary through public notice or posting the area open to fish salvage.

(e) Fish may be taken with the aid of boats, depth finders, artificial lights, sound attracters, and scents.

(f) Fish may be taken by legal means from vehicles.

(g) The following additional requirements shall apply in the flowing portions and backwaters of the Missouri river and in any oxbow lake through which the Kansas-Missouri boundary passes:

(1) Each individual shall place all legally caught fish on a stringer, cord, cable, or chain, or in a basket, sack, cage, or other holding device, separate from those fish caught by any other individual.

(2) The equipment and methods specified in paragraphs (b)(5) and (b)(6) shall be legal only from sunrise to midnight.

(3) The equipment and methods specified in paragraph (b)(8) shall be legal only from sunrise to sunset. (Authorized by K.S.A. 32-807; implementing K.S.A. 32-807 and K.S.A. 32-1002; effective Dec. 26, 1989; amended Feb. 10, 1992; amended Oct. 1, 1999; amended Dec. 8, 2000; amended Sept. 27, 2002; amended Nov. 29, 2004.)

Article 18.—SPECIAL PERMITS

115-18-14. Nontoxic shot; statewide. (a) Each individual hunting with a shotgun for waterfowl, coot, rail, snipe, or sandhill crane shall possess and use only nontoxic shot.

(b) The following nontoxic shot materials shall be approved for the hunting of waterfowl, coot, rail, snipe, and sandhill crane:

- (1) Steel shot;
- (2) steel shot coated with any of the following materials:
 - (A) Copper;
 - (B) nickel;
 - (C) zinc chromate; or
 - (D) zinc chloride;
- (3) bismuth-tin shot;
- (4) tungsten-iron shot;
- (5) tungsten-polymer shot;
- (6) tungsten-matrix shot;
- (7) tungsten-nickel-iron shot;
- (8) tungsten-iron-nickel-tin shot;
- (9) tungsten-bronze shot;
- (10) tungsten-iron shot; and
- (11) tungsten-tin-bismuth shot. (Authorized by K.S.A. 32-807; implementing K.S.A. 32-807 and K.S.A. 32-1002; effective Dec. 27, 1994; amended Sept. 22, 1995; amended Dec. 29, 1997; amended Oct. 1, 1999; amended Oct. 5, 2001; amended Sept. 27, 2002; amended Nov. 29, 2004.)
