**State of Kansas
Department of Wildlife and Parks
Request for Applications for Landowner
Incentive Program**

Kansas Department of Wildlife and Parks (KDWP) officials are announcing that applications for participation in the Landowner Incentive Program (LIP)—to provide technical assistance and financial incentives to enhance wildlife habitat on private land in central and western Kansas—will be accepted until January 31.

KDWP has \$90,653 of unexpended funding for the LIP from the U.S. Fish and Wildlife Service (FWS), Department of Interior, to aid in the protection and management of priority habitats, including streams and associated riparian areas, playa lakes and grasslands. This voluntary program enables private landowners to receive technical guidance and financial incentives to benefit at-risk species identified in the Kansas Wildlife Action Plan. Priority species include Lesser Prairie-Chicken, Black-tailed Prairie Dog, Ferruginous Hawk, Northern Pintail, American Avocet, Black Tern, Cassin's Sparrow, Whooping Crane, Green Toad, Flathead Chub, Arkansas Darter and Topeka Shiner. Some examples of potential projects to enhance habitat include restoring native vegetation, brush and invasive weed management, and restoring playa hydrology.

To effectively utilize available funding, KDWP will limit participation to privately owned (nongovernmental) land within the mixed-grass and short-grass prairie regions that are west of the Flint Hills. Within this area, special consideration will be given to projects in the Red Hills, Cimarron River Sandstone, Arkansas River Sandstone, Smoky Hills and Playa Lakes areas. Proposed projects must contribute to the enhancement of at least one priority species or its habitat to be eligible. Landowners also must agree to allow authorized personnel access to project lands, and the FWS requires landowners contribute a minimum of 25 percent of the total project cost. This match can either be a cash contribution from a nonfederal source or in-kind contributions of labor, materials and equipment use. A committee of professionals will review completed applications based on established rating criteria to ensure all applicants are considered fairly and that the best projects are chosen.

Landowners interested in participating should contact the LIP Program Coordinator at the Kansas Department of Wildlife and Parks, 512 S.E. 25th Ave, Pratt, 67124, (620) 672-5911. Persons with special communication needs may utilize the Kansas Relay Center at (800) 766-3777.

More information about the grant program can be found online at federalaid.fws.gov/lip/lip.html. The Catalog of Federal Domestic Assistance reference number is 15.633.

Economic impact: There would be no economic impact to any entities except for a positive impact to any appli-

cant that this amendment would now allow to become licensed.
