Request for Comments

The Kansas Department of Health and Environment is proposing to revise a five-year permit to the Riverton Generating Station pursuant to Title IV (Acid Deposition Control) of the Federal Clean Air Act and implementing regulations found in 40 CFR Parts 72 through 78. The effective date of the permit is from January 1, 2005 through December 31, 2009.

As a result of this permit action, one (1) combustion turbine, identified as Unit 12, and two (2) electric steam generating units, identified as Unit 39 and Unit 40, located at 7240 S.E. Highway 66, Riverton, Kansas, and operated by Empire District Electric Company, Joplin, Missouri, would receive 0, 1039 and 1764 allowances, respectively, for each year from 2005 through 2009. Each allowance authorizes a unit to emit up to one ton of sulfur dioxide during or after each of the years specified above. Riverton Generating Station proposes to comply with the Acid Rain Program emission requirements by holding enough allowances to cover all sulfur dioxide emissions. Issuance of this permit would not affect the responsibility of Riverton Generating Station to meet all other existing local, state and federal sulfur dioxide emission requirements.

The designated representative for Riverton Generating Station is Harold R. Colgin II.

A copy of the proposed permit, permit application, all supporting documentation and all information relied upon during the permit application review process is available for public review during normal business hours at the KDHE, Bureau of Air and Radiation, 1000 S.W. Jackson, Suite 310, Topeka; and a copy of the proposed permit can be reviewed at the KDHE Southeast District Office, 1500 W. 7th, Chanute. The standard departmental cost will be assessed for any copies requested.

Direct written comments or questions regarding the proposed permit to Jason Heitman, KDHE, Bureau of Air and Radiation, 1000 S.W. Jackson, Suite 310, Topeka, 66612-1366. Administrative Regulations

A public hearing will be conducted at 10 a.m. Thursday, July 17, at the office of the State Corporation Commission, 130 S. Market, Room 2078, Wichita, to consider the adoption of proposed permanent regulations for the conservation of crude oil and natural gas.

This 60-day notice period from the date of this publication to the date of the public hearing constitutes a public comment period for the purpose of receiving written public comments on the proposed rules and regulations. Written comments may be submitted by mail to John McCannon, Litigation Counsel, State Corporation Commission, Room 2078, Finney State Office Building, 130 S. Market, Wichita, 67202, or by e-mail to oilandgasregcomments@kcc.ks.gov.

Any person requiring special accommodations under the Americans with Disabilities Act needs to give notice to the commission at least 10 days prior to the scheduled hearing date.

Copies of the proposed regulations and the economic impact statements may be obtained from the commission's office or the commission's Web site at <http://kcc.ks.gov>. Persons requesting a copy of the proposed regulations and economic impact statements, in accordance with K.S.A. 45-129, will be required to compensate the commission for the cost of reproduction.

All interested parties will be given a reasonable opportunity at the hearing to present their views orally or in writing in regard to the adoption of the proposed regulations. All written or oral comments submitted by interested parties on or before July 17 will be considered by the commission as a basis for making changes to these proposed permanent regulations.

The following is a brief summary of the proposed regulations and economic impact statements:

K.A.R. 82-3-107. This regulation is being amended to require the filing of electronic well logs, if available, after a well is spud or recompleted. The amendments also include minor wording and sentence structure changes for clarification.

Economic Impact Statement: These amendments are anticipated to have a beneficial economic impact on the agency, the industry, other governmental agencies and the general public. As the well logs will be transferable in an electronic format, costs for copying and mailing paper logs, as well as personnel time, will be minimized, and fewer natural resources will be consumed to reproduce the logs.

K.A.R. 82-3-108. This regulation is being amended to clarify that notice of a well location exception application must be published as required by commission regulation as well as mailed to certain parties specified by commission regulation. The amendments also include minor wording and sentence structure changes for clarification.

Economic Impact Statement: These amendments will have no economic impact on the agency, the industry, other governmental agencies and the general public, be-

cause no additional requirements are being imposed with which the industry is not currently complying.

K.A.R. 82-3-111. This regulation is being amended to formalize a Conservation Division policy that wells should not be granted temporary abandonment authority beyond a 10-year period. The amendments also include minor wording and sentence structure changes for clarification.

Economic Impact Statement: This amendment is anticipated to have a long-term economic impact. Because wells will not be approved for temporary abandonment beyond a 10-year timeframe, the amendment will ensure that the party legally responsible for the well bears the cost of plugging the well.

K.A.R. 82-3-135a. This regulation is being amended to extend the protest period for underground injection control applications to 30 days, as required by federal law, specifically 40 C.F.R. § 124.10(b). The amendments also include minor wording and sentence structure changes for clarification.

Economic Impact Statement: These amendments are anticipated to have no economic impact on the industry, the commission, other governmental agencies or the general public.

K.A.R. 82-3-135b. This regulation sets forth the requirements for protests to Conservation Division applications. It is being amended to extend the protest period for underground injection control applications to 30 days, as required by 40 C.F.R. § 124.10(b). State of Kansas

Office of the Governor

Message to the Senate of the State of Kansas

Pursuant to Article 2, Section 14 of the Constitution of the State of Kansas, I hereby return Senate Bill No. 534 with my signature approving the bill, except for the items enumerated below.

Department of Administration Expanded Lottery Act Revenues Fund

Sections 85(t), 85(u), 85(v), and 85(w) have been line-item vetoed in their entirety.

This portion of the bill unnecessarily creates three new funds to receive monies from the Expanded Lottery Act Revenues Fund. Current law already defines how new receipts from gaming activity will be administered and how they can be spent. Creating additional funds and further stipulations would limit the flexibility of future Legislatures to target gaming receipts toward the most important and pressing needs of the state. For this reason, I find it necessary to veto this portion of the bill.

Dated April 21, 2008.

Governor
